Insert after section 61:	9
61A Revocation of a common	10
(1) The revocation of the setting aside of land as a common is to be effected by the Minister by notice published in the Gazette.	11 12
(2) Any such revocation may relate to the whole or part of the land concerned.	13 14
(3) If the revocation relates to part of the land only, the Minister may deal with that part as if it were Crown land subject to the Crown Lands Acts and not otherwise.	15 16 17
Note. Section 24 provides that on the revocation of the whole of a common, the trust established for the common is dissolved and that the Minister may deal with any real property of the trust as if it were Crown land subject to the Crown Lands Acts and not otherwise.	18 19 20 21
Explanatory note	22
A <i>common</i> is defined in section 3 of the <i>Commons Management Act 1989</i> to include land set aside by the Governor or the Minister as a common or for pasturage for the use of the inhabitants of a specified locality. Item [1] of the proposed amendments provides for the setting aside of the land to occur by notice published in the Gazette. This reflects existing administrative practice.	23 24 25 26 27
Item [2] of the proposed amendments is a consequential amendment clarifying the status of notes.	28 29
Item [3] of the proposed amendments provides for the revocation of the setting aside of land as a common to be effected by notice of the Minister published in the Gazette, which also reflects existing administrative practice.	30 31 32
In addition, item [3] provides that, in the case of a partial revocation, the land concerned is to be dealt with as if it were Crown land subject to Crown lands legislation. This is consistent with the position currently applying where a revocation relates to the whole of a common.	33 34 35 36

1.6 Crown Lands Act 1989 No 6	1
[1] Section 45 Licences	2
Omit “34B” from section 45 (1). Insert instead “34A”.	3
[2] Section 92 Reserve trusts	4
Insert “the Minister (to the extent that the Minister is responsible for managing the affairs of a reserve trust), or” after “is a reference to” in section 92 (6A).	5 6
[3] Section 92 (6B)	7
Omit section 92 (6B) and (6C). Insert instead:	8
(6B) There can be more than one reserve trust manager for a reserve trust with the function of managing the affairs of the reserve trust allocated between them by the Minister in accordance with the following provisions:	9 10 11 12
(a) The Minister can allocate the exercise of functions in respect of different aspects of the affairs of the reserve trust or different parts of the reserve to different reserve trust managers, as specified in the allocation or as determined by the Minister, with those functions to be exercised in accordance with such arrangements (if any) as may be determined by the Minister.	13 14 15 16 17 18 19
(b) The Minister is the reserve trust manager for any aspect of the affairs of a reserve trust or any part of the reserve not allocated to another reserve trust manager and is accordingly allocated the function of managing the affairs of the reserve trust in respect of any such unallocated aspects of those affairs or unallocated parts of the reserve.	20 21 22 23 24 25
(c) A reserve trust manager has the function of managing the affairs of the reserve trust only to the extent of the allocated functions and is, for the purposes of this or any other Act or law, the reserve trust manager to that extent only.	26 27 28 29 30
Explanatory note	31
Item [1] of the proposed amendments corrects an incorrect cross-reference.	32
Currently, section 92 of the <i>Crown Lands Act 1989</i> enables the affairs of a reserve trust to be managed by the Minister for Lands or reserve trust managers appointed by the Minister (appointed reserve trust managers). Item [3] of the proposed amendments makes provision for the affairs of a reserve trust to be managed by more than one reserve trust manager, including the Minister. This provision represents an extension of the existing section 92 (6B) and (6C), which make provision for the affairs of a reserve trust to be managed by more than one appointed reserve trust manager, but not in conjunction with the Minister.	33 34 35 36 37 38 39 40

The amendment made by item [2] is consequential on the amendment made by item [3].

	Insert after section 137:	14
137A	Recovery of fees and charges	15
	Any charge, fee or money due to the Food Authority under this Act is recoverable by the Food Authority in a court of competent jurisdiction as a debt due to the Crown.	16 17 18
137B	Authorised officers may perform functions under Commonwealth legislation	19
	The Minister may, on behalf of the State, enter into arrangements with a Commonwealth Minister or officer of the Commonwealth government in relation to the exercise under Commonwealth legislation, by authorised officers authorised under this Act, of functions relating to food inspection.	20 21 22 23 24 25
	Explanatory note	26
	Item [1] of the proposed amendments omits a section of the <i>Food Act 2003 (the Act)</i> that requires a council or the Commissioner of Police to provide certain information to the NSW Food Authority about the taking of proceedings under the Act. The provision is considered unnecessary as the NSW Food Authority is required to be notified by enforcement agencies (which do not include the Commissioner of Police) after the finalisation of proceedings taken by them under the Act (see section 113 (2) of the Act).	27 28 29 30 31 32
	Section 137 of the Act enables the NSW Food Authority to publish a notification about certain persons convicted of offences under the Act. Currently, the notification may only be published within 21 days of the conviction concerned unless an appeal against the conviction has been made, in which case the Authority must wait until the outcome of the appeal. However, the time within which an appeal may be made could exceed the 21-day period within which the notification is to be published in the absence of an appeal. Item [2] of the proposed amendments amends section 137 to provide that the	33 34 35 36 37 38 39

21-day period for publishing a notification in the absence of an appeal is to run from the expiry of the time within which an appeal may be made and not from the time of the conviction.	1 2 3
Item [3] of the proposed amendments inserts sections 137A and 137B into the Act. Proposed section 137A states that fees, charges and other money due to the NSW Food Authority may be recovered as a debt due to the Crown. Proposed section 137B enables the Minister for Primary Industries to enter into arrangements with the Commonwealth for the exercise by authorised officers under the Act of functions under Commonwealth legislation relating to the inspection of food. Similar provisions were contained in the <i>Food Production (Safety) Act 1998</i> (now repealed) which established Safe Food Production NSW but were not reproduced in the Act. The NSW Food Authority is a continuation of Safe Food Production NSW.	4 5 6 7 8 9 10 11 12

Any expenditure by the commission that exceeds that limit is subject to the approval of the Minister.	19 20 21 22 23
Explanatory note	24
Item [1] of the proposed amendments updates a reference to the trading name of the Forestry Commission, which the commission may use in the exercise of its functions under any Act.	25 26 27
Item [2] of the proposed amendments allows the Minister for Primary Industries to set a limit on the amount of money that the Forestry Commission may expend on any work without the approval of the Minister and provides that any expenditure by the commission that exceeds that limit is subject to the approval of the Minister. At present, all expenditure above \$500,000 must be approved by the Minister (see section 13 (5) of the <i>Forestry Act 1916</i>).	28 29 30 31 32 33

Section 45 Surrender of authority	35
Omit the section.	36
Explanatory note	37
The proposed amendment omits a section of the <i>Home Building Act 1989</i> that provides for a matter (being the means by which authorities under that Act may be surrendered) that is adequately dealt with by section 21 (7) of the <i>Licensing and Registration (Uniform Procedures) Act 2002</i> .	38 39 40 41

delegation).	13

<i>Department</i> has the same meaning as in the <i>Public Sector</i>	17
<i>Employment and Management Act 2002</i> .	18
<i>Department Head</i> has the same meaning as in the <i>Public Sector</i>	19
<i>Employment and Management Act 2002</i> .	20
[4] Section 70 Confidentiality	21
Insert “or Inspector” after “Commissioner” wherever occurring in section 70	22
(1A) and (1C).	23
Explanatory note	24
Under section 57E of the <i>Independent Commission Against Corruption Act 1988 (the</i>	25
<i>Act)</i> , staff of the Inspector of the Independent Commission Against Corruption (<i>the</i>	26
<i>ICAC)</i> may include persons who are employed by a Department of the Public Service.	27
Item [2] of the proposed amendments allows the Department Head of a Department in	28
which staff of the Inspector are employed to delegate to the Inspector or a member of	29
staff of the Inspector any of the Department Head’s functions under the <i>Public Sector</i>	30
<i>Employment and Management Act 2002</i> with respect to those staff.	31
Items [1] and [3] are consequential amendments.	32
The Act empowers the Committee on the Independent Commission Against Corruption	33
(<i>the Committee</i>) to veto a proposal to appoint a person as Commissioner for the ICAC	34
or Inspector of the ICAC. Section 70 (1A) of the Act requires the Committee to take in	35
private, evidence proposed to be given to the Committee that relates to the proposed	36
appointment of a person as Commissioner for the ICAC or to direct that any documents	37
produced or proposed to be produced to the Committee relating to such a proposed	38
appointment be treated as confidential. Item [4] of the proposed amendments extends	39

that provision to cover evidence or documents relating to the proposed appointment of a person as Inspector of the ICAC.	1 2
Item [4] also extends section 70 (1C) of the Act (which requires the Committee not to disclose (except to the Minister) whether or not it has vetoed or proposes to veto the proposed appointment of a person as Commissioner for the ICAC) to the proposed appointment of a person as Inspector of the ICAC. (These amendments bring the confidentiality provisions in the Act in line with those in the <i>Ombudsman Act 1974</i> in their application to the proposed appointment of a person as Inspector of the Police Integrity Commission.)	3 4 5 6 7 8 9

[2] Schedule 3 Amendment of other Acts	20
Omit Schedule 3.2.	21
Explanatory note	22
Item [1] of the proposed amendments confirms the current practice of police and other authorised officers of conducting a preliminary assessment to determine whether alcohol is present in the breath of a person who is or was operating a vessel. The purpose of conducting the preliminary assessment is to determine whether to proceed to assess the concentration of alcohol present in a person’s blood by means of a breath test. The preliminary assessment is conducted by requiring a person to talk into a device that indicates the presence of alcohol.	23 24 25 26 27 28 29

| (6) | The regulations may: | 14 |

Explanatory note

The proposed amendment allows penalty notices (on-the-spot fines) to be issued in respect of offences against the *Non-Indigenous Animals Act 1987* or the regulations made under that Act, but only if those offences are prescribed by regulations under that Act as penalty notice offences.

Explanatory note	20
IASB standards	21
The Australian Accounting Standards Board (<i>AASB</i>) is implementing the Financial Reporting Council's policy of adopting accounting standards of the International Accounting Standards Board (<i>IASB</i>). The Financial Reporting Council is a statutory body under the <i>Australian Securities and Investments Commission Act 2001</i> of the Commonwealth. The AASB has issued Australian Accounting Standards that are equivalent to IASB standards.	22
Items [1], [3]–[11], [13]–[21] and [24]–[58] of the proposed amendments make certain terms used in the <i>Public Finance and Audit Act 1983 (the Act)</i> consistent with Australian Accounting Standards that are equivalent to standards of the IASB.	23
These amendments are explained below in further detail.	24

IASB standards—omission of entire provisions

In the case of items [30], [33], [34], [35], [37], [40], [41], [44], [45], [46], [47] and [51] multiple changes have been made to the one provision by way of the omission and re-insertion of the provision. See the reference or references to the relevant item in the notes below as to the particular change or changes effected by the item.

IASB standards—definition of Australian Accounting Standards

Item [1] of the proposed amendments inserts a definition of **Australian Accounting Standards** in section 4 (1) of the Act. The defined term is currently used in the Act and is also inserted in other provisions by items [14], [22] and [41] of the proposed amendments.

The object of this definition is to make it clear that references in the Act to Australian Accounting Standards are references to Australian Accounting Standards as in force for the time being. Accordingly it is made clear that the references include the standards currently in force that are equivalent to IASB standards and such standards issued in the future.

IASB standards—definition of financial report

The object of the insertion by item [1] of the proposed amendments of a definition of **financial report** is to make it clear, when referring to a financial report in respect of the relevant accounting entity, to which form of financial report the reference refers.

IASB standards—control

Item [14] of the proposed amendments replaces references to control “within the meaning of Australian Accounting Standard AAS 24: *Consolidated Financial Reports* and Accounting Standard AASB 1024: *Consolidated Accounts*” in sections 39 (1A) and 45A (1A) with references to control “as defined in Australian Accounting Standards”. The standards to which reference is omitted are no longer in force.

Instead, reference is made to Australian Accounting Standards, a term defined by a definition inserted by item [1]. As explained in relation to item [1], the references in sections 39 (1A) and 45A (1A) to Australian Accounting Standards accordingly include the standards currently in force that are equivalent to IASB standards and such standards issued in the future.

IASB standards—financial reports of statutory bodies

The object of the amendment made by item [24] of the proposed amendments is to provide that financial reports that, under section 41B (1) (a) (as amended by item [22]), are to be prepared in accordance with Australian Accounting Standards, may include matters other than the matters currently set out in section 41B (1) (c), for example matters required under Australian Accounting Standards.

The object of the amendment made by item [25] of the proposed amendments is to ensure that the matters that are required to be included under section 41B (1) (c) are not inconsistent with the requirement to prepare a financial report in accordance with Australian Accounting Standards. This is done by omitting redundant requirements. Item [27] of the proposed amendments (to the extent that it omits section 41B (3), (3A) and (4) of the Act) is an amendment consequential on the amendment made by item [25].

IASB standards—references to “financial statements”

Items [3], [4], [5], [7], [18], [19], [20], [21], [28], [29], [32], [33], [34], [35], [37], [41], [42], [43], [46], [47] and [58] of the proposed amendments omit references to “financial statements” or “statements”. The object of these amendments is to make the language of the Act in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards. Accordingly, those items insert instead references to “financial report”, “financial reports” or “report” as the context requires.

Items [6], [33], [34], [38], [39] and [41] of the proposed amendments make consequential changes, for example, substituting “is” for “are” if, in the same provision, “financial report” is substituted for “financial statements”.	1 2 3
IASB statements—references to “transactions”	4
Items [26], [33], [40] and [41] of the proposed amendments replace references in the Act to “transactions” with references to “financial performance”. The object of such amendments is to make the language of the Act in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards.	5 6 7 8
IASB standards—references to “accounts”	9
Items [8], [9], [10], [11], [13], [15], [16], [17], [30], [31], [36], [38], [40], [44], [45], [48], [49], [50], [51] (where “account” occurs secondly in the current section 49 (1)), [52], [53], [54], [55], [56] and [57] of the proposed amendments omit references to “accounts”. The object of these amendments is to make the language of the Act in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards. Accordingly, those items insert instead references to other terms as the context requires.	10 11 12 13 14 15 16
Item [56] does not replace the term omitted.	17
Items [8], [10], [13], [30], [38], [44], [45], [53], [54] and [55] insert instead references to “financial report”.	18 19
Items [9], [11], [16], [17] and [51] insert instead references to “records”, “books” or “books and records”.	20 21
Items [15], [36], [40], [48], [49] and [50] insert instead references to “financial report and books and records”.	22 23
Item [57] omits a reference to “books of account” and inserts instead a reference to “books, records”.	24 25
Item [51] of the proposed amendments omits “accounts” where firstly occurring in section 49 (1) and inserts instead “Total State Sector Accounts” to make it clear that the terms are referring to the same financial report. A corresponding amendment is made by item [52] of the proposed amendments in respect of section 52.	26 27 28 29
Statutory authority’s financial year	30
The object of item [2] of the proposed amendments is to provide (if no other provision applies to the statutory authority in respect of this matter) for a statutory authority’s financial year, within the meaning of the Act, to run from 1 July to the following 30 June instead of from 1 April to the following 31 March.	31 32 33 34
Accrual accounting	35
Items [23], [27] (to the extent that it omits section 41B (2) of the Act) and [41] (in part) of the proposed amendments remove redundant references in the Act to accrual accounting.	36 37 38
Item [41] of the proposed amendments replaces a redundant reference to preparing a financial statement of a Department on an accrual accounting basis with a reference to preparing a financial report of a Department in accordance with Australian Accounting Standards.	39 40 41 42
The use in item [41] of the defined term Australian Accounting Standards , the relevant definition being inserted by item [1] of the proposed amendments, has the effect that this provision also incorporates reference to existing and future Australian Accounting Standards that are equivalent to IASB standards.	43 44 45 46
Inclusion of reference to papers	47
Item [12] of the proposed amendments inserts a reference to “papers” in the kinds of documents the Auditor-General is entitled to require the production of under section 36 (3) of the Act.	48 49 50

This amendment makes section 36 (3) consistent with section 36 (1) (as amended by item [11]) and section 36 (5) (a) (as amended by item [11]) in their reference to such documents.	1 2 3
Preparation of financial reports of statutory bodies	4
Item [22] of the proposed amendments changes the requirements in respect of the preparation of financial reports of statutory bodies under section 41B of the Act. Section 41B (1) (a) of the Act currently provides that the financial statements shall be prepared "having regard to current accounting standards and industry practices relating to the statutory body". Proposed section 41B (1) (a), as amended by item [22], provides for the financial report of the body to be prepared "in accordance with Australian Accounting Standards". The effect of the amendment is to require compliance with Australian Accounting Standards rather than providing for their preparation "with regard to" certain matters and also to remove the ability of a statutory body to prepare financial reports with regard to industry practices relevant to the statutory body.	5 6 7 8 9 10 11 12 13 14

Explanatory note	8
IASB standards	9
The Australian Accounting Standards Board (AASB) is implementing the Financial Reporting Council's policy of adopting accounting standards of the International Accounting Standards Board (IASB). The Financial Reporting Council is a statutory body under the <i>Australian Securities and Investments Commission Act 2001</i> of the Commonwealth. The AASB has issued Australian Accounting Standards that are equivalent to IASB standards.	10 11 12 13 14 15
The proposed amendments make certain terms used in the <i>Public Finance and Audit Regulation 2005 (the Regulation)</i> consistent with the <i>Public Finance and Audit Act 1983 (the Act)</i> which is, in turn, amended by this Schedule to be consistent with Australian Accounting Standards that are equivalent to standards of the IASB.	16 17 18 19
These amendments are explained below in further detail.	20
IASB standards—omission of entire provisions	21
In the case of items [7], [8], [10] and [13] of the proposed amendments, multiple changes have been made to the one provision by way of the omission and re-insertion of the provision. See the reference or references to the relevant item in the notes below as to the particular change or changes effected by the item.	22 23 24 25
IASB standards—omission of definitions	26
Item [1] of the proposed amendments omits definitions of Australian Accounting Standards and financial statements from clause 3 (1) of the Regulation.	27 28
The definition of Australian Accounting Standards is unnecessary because an amendment to the Act by this Schedule inserts a definition of Australian Accounting Standards in the Act.	29 30 31
The definition of financial statements is omitted as a consequence of the removal of the term from the Act by amendments made by this Schedule.	32 33
IASB standards—references to “financial statements”	34
Items [2], [3], [4], [5], [7], [8], [10], [11], [12], [13], [14], [15] and [18] of the proposed amendments omit references to “financial statements” or “statements”. The object of these amendments is to make the language of the Regulation in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards. Accordingly, those items insert instead references to “financial report”, “financial reports” or “report” as the context requires.	35 36 37 38 39 40
IASB standards—references to notes “to” financial statements	41
Items [6] and [16] of the proposed amendments omit references to notes “to” financial statements and insert instead a reference to notes “within” a financial report. The object of these amendments is to make the language of the Regulation in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards.	42 43 44 45

IASB standards—financial reports of statutory bodies	1
Items [7] and [8] of the proposed amendments omit words that are redundant because of amendments made to section 41B of the Act by this Schedule with respect to the requirement that a financial report of a statutory body be prepared in accordance with Australian Accounting Standards.	2 3 4 5
IASB standards—references to “transactions”	6
Item [9] of the proposed amendments replaces references in the Regulation to “transactions” with references to “financial performance”. The object of such amendments is to make the language of the Regulation in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards.	7 8 9 10
Law revision	11
Item [17] of the proposed amendments is consequential on the change of name of an organisation.	12 13

Explanatory note	24
The proposed amendment confirms the current practice of police officers of conducting a preliminary assessment to determine whether alcohol is present in a driver’s breath. The purpose of conducting the preliminary assessment is to determine whether to proceed to assess the concentration of alcohol present in a driver’s blood by means of a breath test. The preliminary assessment is conducted by requiring a driver to talk into a device that indicates the presence of alcohol.	25 26 27 28 29 30

Explanatory note	30
Item [2] of the proposed amendments provides that the grant of a licence under the <i>Security Industry Act 1997</i> is subject to the condition that the applicant must collect the licence from a place nominated by the Commissioner of Police (usually a Roads and Traffic Authority motor registry) within 60 days of the applicant being notified of the grant of the licence.	31 32 33 34 35

Item [3] of the proposed amendments provides that a licence comes into force when it is collected from the place nominated by the Commissioner.	1 2
Item [5] of the proposed amendments provides that if the applicant fails to collect the licence from the place nominated by the Commissioner of Police within 60 days of being notified of the grant of the licence, the licence does not come into force and is taken not to have been granted. Currently, uncommenced amendments to the <i>Security Industry Act 1997</i> contained in the <i>Security Industry Amendment Act 2005</i> provide for a licence to be revoked in such circumstances.	3 4 5 6 7 8

Explanatory note	22
The <i>Security Industry Amendment Act 2005</i> (which is not yet in force) substitutes section 12 (1) of the <i>Security Industry Act 1997</i> (the principal Act). Items [1] and [2] of the proposed amendments amend that provision (as substituted) to clarify that the holder of a class 2C licence under the principal Act is authorised to sell security equipment, the holder of a class 2E licence under that Act to sell barrier equipment and the holder of a class 2F licence under that Act to sell electronic security equipment (in addition to the other activities that that Act currently expressly authorises under those licences).	23 24 25 26 27 28 29 30

Clause 17 Pending application for subsequent licence	34
Omit clause 17 (1). Insert instead:	35
(1) If a person applies for a subsequent licence before the term of the person’s current licence expires (referred to in this clause as the old licence) and the application has not been dealt with by the time the old licence expires, the authority conferred by the old licence continues:	36 37 38 39 40

(a) until the person is notified of the refusal of the subsequent licence, or	1 2
(b) until the person collects the subsequent licence in accordance with the condition set out in section 21 (4) of the Act, or	3 4 5
(c) until 60 days after the person is notified of the grant of the subsequent licence,	6 7
whichever occurs first.	8
Explanatory note	9
The proposed amendment is consequential on the amendments proposed to be made to the <i>Security Industry Act 1997 (the Act)</i> contained elsewhere in this Schedule. The amendment provides for the authority of an existing licence under the Act to continue when a subsequent licence is granted until such time as the subsequent licence is collected from a place nominated by the Commissioner of Police or until 60 days after the notification of the grant of the subsequent licence (whichever occurs first). Proposed section 21 (4) of the Act provides that the grant of a licence is subject to the condition that the applicant must collect the licence from a place nominated by the Commissioner of Police (usually a Roads and Traffic Authority motor registry) within 60 days of the applicant being notified of the grant of the licence. If the applicant fails to collect the licence in accordance with this condition the licence does not come into force and is taken not to have been granted.	10 11 12 13 14 15 16 17 18 19 20 21

IASB standards	8
The Australian Accounting Standards Board (AASB) is implementing the Financial Reporting Council’s policy of adopting accounting standards of the International Accounting Standards Board (IASB). The Financial Reporting Council is a statutory body under the <i>Australian Securities and Investments Commission Act 2001</i> of the Commonwealth. The AASB has issued Australian Accounting Standards that are equivalent to IASB standards.	9 10 11 12 13 14
The proposed amendments make certain terms used in the <i>State Owned Corporations Act 1989 (the Act)</i> consistent with Australian Accounting Standards that are equivalent to standards of the IASB.	15 16 17
These amendments are explained below in further detail.	18
Omission of entire provision	19
In the case of item [4] of the proposed amendments, multiple changes have been made to the one provision by way of the omission and re-insertion of the provision. See the references to item [4] in the notes below as to the particular change or changes effected by the item.	20 21 22 23
References to “financial statements”	24
Items [4], [5], [8]–[10], [12], [14] and [15] of the proposed amendments omit references to “financial statements” or “statements”. The object of these amendments is to make the language of the Act in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards. Accordingly, those items insert instead references to “financial report”, “financial reports” or “report” as the context requires.	25 26 27 28 29
Items [4] and [5] make amendments consequential on the amendments omitting references to “financial statements”, making it clear that the relevant provisions refer to the financial report of the relevant State owned corporation.	30 31 32
Items [6] and [7] make amendments consequential on the amendments omitting references to “financial statements”, making it clear that section 24 (2) and (3) of the Act refer to an annual report and an Auditor-General’s report, respectively, rather than to a financial report.	33 34 35 36
References to “accounts”	37
Items [1]–[3], [11] and [16] of the proposed amendments omit references to “accounts”. The object of these amendments is to make the language of the Act in this respect consistent with Australian Accounting Standards that are equivalent to IASB standards. Accordingly, those items insert instead references to “financial report”.	38 39 40 41
Item [16] also makes an amendment to make it clear that both financial reports and Auditor-General’s reports are referred to in section 28 (2) of the Act.	42 43

Schedule 3 Amendments consequential on the enactment of the Legal Profession Act 2004 No 112

(Section 3)

Explanatory note

The *Legal Profession Act 2004* introduced new terms to distinguish between different types of lawyers. In particular, the Act introduced the concept of an **Australian lawyer** (a person who is admitted to the legal profession under the Act or a corresponding law) and an **Australian legal practitioner** (an Australian lawyer who holds a current local practising certificate or a current interstate practising certificate). The proposed amendments in Schedule 3 replace references in various Acts to a legal practitioner, solicitor, barrister, lawyer, counsel or attorney with the appropriate term for these positions following the enactment of the *Legal Profession Act 2004*. The proposed amendments also replace references to the *Legal Profession Act 1987* (now repealed) with references to the *Legal Profession Act 2004*. Currently, the meaning of **Australian legal practitioner** is contained in the *Interpretation Act 1987* for ease of reference in other Acts. The proposed amendments also contain a similar amendment to the *Interpretation Act 1987* in connection with the term **Australian lawyer**.

Key		1
1 indicates repeal of a whole Act that contains only amendments, or amendments and repeals, that have commenced and provisions that are redundant		2 3
2 indicates repeal of a whole Act that contains amendments that are redundant		4
Explanatory note		5
The repeals are explained in detail in the Explanatory note relating to this Act. In relation to the repeal of amending Acts, it should be noted that the Acts are repealed simply to rationalise the legislation in force and that the repeals have no substantive effect on the amendments made by the Acts or any associated provisions. The Acts that were amended by the Acts being repealed are up-to-date on the Legislation Database maintained by the Parliamentary Counsel's Office and are available electronically.		6 7 8 9 10 11 12
Section 30 (2) of the <i>Interpretation Act 1987</i> ensures that, when an Act is amended or repealed, no amendment made by the Act is affected. Section 30 (2) also ensures that the following matters are not affected:		13 14 15
(a) the proof of any past act or thing,		16
(b) any right, privilege, obligation or liability saved by the operation of the Act,		17
(c) any amendment or validation made by the Act,		18
(d) the operation of any savings or transitional provision contained in the Act.		19

Schedule 5	General savings, transitional and other provisions	1
		2
	(Section 5)	3
1	Effect of amendment of amending provisions	4
(1)	An amendment made by Schedule 1 or 2 to an amending provision contained in an Act is, if the amending provision has commenced before the date of assent to this Act, taken to have effect as from the commencement of the amending provision.	5 6 7 8
(2)	In this clause: amending provision means a provision of an Act that makes a direct amendment to an Act by:	9 10 11
(a)	the repeal or omission of matter contained in the amended Act without the insertion of any matter instead of the repealed or omitted matter, or	12 13 14
(b)	the omission of matter contained in the amended Act and the insertion of matter instead of the omitted matter, or	15 16
(c)	the insertion into the amended Act of matter, not being matter inserted instead of matter omitted from the Act,	17 18
	whether the provision was enacted before or after the commencement of the <i>Reprints Act 1972</i> .	19 20
	Explanatory note	21
	This clause ensures that certain amendments, including amendments correcting errors in technical provisions (for example, headings indicating the section to be amended or directions as to where a new section is to be inserted) and rectifying minor drafting errors (for example, corrections in numbering of provisions, correction or insertion of cross-references, omission of unnecessary matter or insertion of omitted matter), will be taken to have commenced on the date the amendments to which they relate commenced.	22 23 24 25 26 27 28
2	Effect of amendment or repeal on acts done or decisions made	29
	Except where it is expressly provided to the contrary, if this Act:	30
(a)	amends a provision of an Act or an instrument, or	31
(b)	repeals and re-enacts (with or without modification) a provision of an Act or an instrument,	32 33
	any act done or decision made under the provision amended or repealed has effect after the amendment or repeal as if it had been done or made under the provision as so amended or repealed.	34 35 36
	Explanatory note	37
	This clause ensures that the amendment or repeal of a provision will not, unless expressly provided, vitiate any act done or decision made under the provision as in force before the amendment or repeal.	38 39 40

3	Application of Interpretation Act 1987 to amendments to statutory rules	1
	Sections 39, 40 and 41 of the <i>Interpretation Act 1987</i> do not apply to any amendments to statutory rules made by this Act.	2 3
	Explanatory note	4
	This clause makes it clear that certain provisions concerning the making, tabling and disallowance of statutory rules do not apply to amendments to statutory rules made by the proposed Act.	5 6 7
4	Effect of amendment on regulations	8
	Except where expressly provided to the contrary, any regulation made under an Act amended by this Act, that is in force immediately before the commencement of the amendment, is taken to have been made under the Act as amended.	9 10 11 12
	Explanatory note	13
	This clause ensures that, unless expressly provided, any regulation made under an Act amended by the proposed Act, and in force immediately before the commencement of the amendment, will be taken to have been made under the amended Act.	14 15 16
5	Effect of amendment on environmental planning instruments	17
	The amendment of an environmental planning instrument by this Act does not prevent its later amendment or repeal by another environmental planning instrument.	18 19 20
	Explanatory note	21
	This clause ensures that the amendment of a local environmental plan or other environmental planning instrument does not prevent its amendment or repeal by an environmental planning instrument.	22 23 24
6	Effect of amendment on water sharing plan	25
	The amendment by this Act of a water sharing plan made under section 50 of the <i>Water Management Act 2000</i> does not prevent its later amendment or repeal by another such water sharing plan or other instrument.	26 27 28 29
	Explanatory note	30
	This clause ensures that the amendment of a water sharing plan does not prevent its amendment or repeal by another water sharing plan or other instrument.	31 32
7	Regulations	33
	(1) The Governor may make regulations containing provisions of a savings or transitional nature consequent on the enactment of this Act.	34 35
	(2) Any such provision may, if the regulations so provide, take effect from the date of assent to this Act or a later date.	36 37

Schedule 5 General savings, transitional and other provisions

- (3) To the extent to which any such provision takes effect from a date that is earlier than the date of its publication in the Gazette, the provision does not operate so as:

 - (b) to impose liabilities on any person (other than the State or an authority of the State) in respect of anything done or omitted to be done before the date of its publication.
- Explanatory note**
