A non-council manager of dedicated or reserved Crown land may, with the Minister's written consent, purchase, lease or acquire an easement over any other land if it is required for use in connection with the dedicated or reserved Crown land.

- (2) A non-council manager may also, with the Minister's written consent, purchase any land so as to make it available for one or more proposed future uses as dedicated or reserved Crown land.

**Note.** Section 4.4 enables the Minister to declare land to be Crown land if it is land acquired by a Crown land manager in the capacity of the Crown land manager of dedicated or reserved Crown land.

- (3) The Minister is to specify the proposed uses for land in a written consent given under subsection (2).
- (4) Land that is purchased or leased (or over which an easement is acquired) under this section does not have to be dedicated or reserved Crown land.

(5) **How acquired land to be managed**

Subject to the regulations, the non-council manager must manage any land it purchases or leases (or over which an easement is acquired) under this section as if it were:

- (a) for land purchased or leased (or over which an easement is acquired) under subsection (1)—Crown land reserved or dedicated for the same purposes as the dedicated or reserved Crown land, and
- (b) for land purchased under subsection (2)—Crown land reserved for the purposes of the proposed uses specified in the Minister’s written consent for the purchase.

(7) **Minister may direct sale of land or interests that are no longer needed**

The Minister may, by written notice given to the non-council manager, direct the manager to sell any land (or interest in land) acquired under this section if the Minister is satisfied that the land is no longer needed for the purposes for which it was acquired.

- (b) for the purpose of acquiring other land.

(9) The non-council manager must comply with the direction.

(10) **Effect of section on non-management functions**

Nothing in this section limits any power that a non-council manager has apart from this section to acquire land (or interests in land) when it is not exercising the functions of a non-council manager.

**Note.** For example, a non-council manager may be a corporation that has other functions apart from being a non-council manager. In that case, this section does not limit the corporation’s power to acquire land in exercise of its other functions.

**[19] Section 4.4 Certain land may be declared to be Crown land**

**Note.** Subject to certain exceptions, section 11.8 makes the responsible person for the vehicle liable for an offence of this kind unless the person nominates the actual offender.

- (5) The amount payable under a penalty notice issued under this section is the amount prescribed for the alleged offence by the regulations (not exceeding the maximum amount of penalty that could be imposed for the offence by a court).
- (6) This section does not limit the operation of any other provision of, or made under, this or any other Act relating to proceedings that may be taken in respect of offences.

  - (ii) any land to which clause 7A applies,

**[42] Schedule 7, clause 7A**

Insert after clause 7:

**7A Land acquired for purpose of becoming Crown land once conditions met**

**(1) Land to which clause applies**

The Minister may, by notice published in the Gazette (whether before, on or after the repeal day), declare that this clause applies to specified land (**conditional Crown land**) if the Minister is satisfied that:

- (a) the land was acquired by a reserve trust, and
- (b) the land was not Crown land under the *Crown Lands Act 1989*, and
- (c) the land was acquired for the purpose of it becoming Crown land once certain conditions (the **Crown vesting conditions**) were met (including,

for example, conditions relating to obtaining appropriate planning consents or approvals), and

(d) the Crown vesting conditions have not yet been met.

(2) **Special provisions for conditional Crown land**

The following provisions apply to conditional Crown land:

(a) for land declared to be conditional Crown land on or before the repeal day—the land does not become Crown land under this Act on the repeal day,

(b) for land declared to be conditional Crown land after the repeal day—the land is taken not to have become Crown land under this Act on the repeal day,

(c) the land is taken to have been vested in the successor of the reserve trust on the repeal day,

(d) subject to the regulations, the land is to be managed under this Act by the successor of the reserve trust while it remains conditional Crown land as if it were reserved Crown land under this Act.

(3) Land remains conditional Crown land until it becomes Crown land, or is sold, under this clause.

(4) **When conditional Crown land can become Crown land**

If the Minister is satisfied that the Crown vesting conditions for conditional Crown land have been met, the Minister may publish a notice (a *vesting notice*) to that effect in the Gazette.

(5) Conditional Crown land to which a vesting notice applies becomes Crown land when the notice takes effect.

**Note.** See section 1.10 (When land becomes Crown land because of this Act).

(6) Without limiting section 12.34 (Ministerial notices published in the Gazette may be combined), the Minister may dedicate or reserve conditional Crown land in a vesting notice on it becoming Crown land. For this purpose, Part 2 of this Act applies to the land as if it were already Crown land.

(7) The appointment of the successor of the reserve trust as the Crown land manager of the land concerned is not affected by a vesting notice. However, if land is not dedicated or reserved under this Act when it becomes Crown land, the appointment in relation to that land is taken to have been revoked when the vesting notice takes effect.

(8) **When conditional Crown land can be sold**

The Minister may, by written notice given to the successor of the reserve trust, direct the successor to sell conditional Crown land that is taken to be vested in the successor by this clause if the Minister is satisfied that the Crown vesting conditions for the land are unlikely to be met.

(9) The direction may authorise the successor of the reserve trust to apply the proceeds of the sale of any conditional Crown land:

(a) for the purposes of the management and care of any Crown land that is managed by the successor of the reserve trust as its Crown land manager, or

(b) for the purpose of acquiring other land.

(10) The successor of the reserve trust must comply with the direction.

(11) **Regulations**

The regulations may make provision for or with respect to the modification of the provisions of this Act in their application to conditional Crown land.

(12) **Definition**

In this clause:

*successor* of a reserve trust means a person that is taken by clause 11 to have been appointed as the Crown land manager of the former trust land (as defined in that clause).

**[43] Schedule 7, clause 9A**

Insert after clause 9:

**9A Completion of certain uncompleted functions under repealed Act or statutory rule**

(1) **Meaning of “uncompleted function”**

This clause applies to the exercise of a function under a repealed Act or repealed statutory rule (an *uncompleted function*) if it:

- (a) was begun (but not completed) before the repeal day, and
- (b) cannot be completed under this Act because:
  - (i) there is no corresponding function under this Act, or
  - (ii) the corresponding function under this Act does not allow it to be completed in the same way as it was under the repealed Act or repealed statutory rule.

(2) **If authorisation to complete was not required**

The following provisions apply if the completion of the uncompleted function would not have required the granting of authorisation by the Minister under the repealed Act or repealed statutory rule:

- (a) the person who began to exercise the function (or the person’s successor if abolished) may complete the uncompleted function in accordance with the repealed Act or repealed statutory rule,
- (b) anything that results from the completed function is taken to have the same effect that it would have had if the repealed Act or repealed statutory rule had not been repealed.

**Note.** For example, this subclause would cover situations where an expression of interest or tender for a lease under a repealed Act was issued by a reserve trust managed by a local council before the repeal day for a term that exceeds the maximum term for a lease that a local council can grant as a Crown land manager under this Act. Division 3.4 generally requires local councils that are Crown land managers of dedicated or reserved Crown land to manage their land as community land under the *Local Government Act 1993*, including in relation to the granting of leases. Section 46 of the *Local Government Act 1993* provides that a lease over community land cannot exceed 30 years.

(3) **If authorisation to complete would have been required**

The following provisions apply if the completion of the uncompleted function would have required the granting of authorisation by the Minister under the repealed Act or repealed statutory rule:

- (a) the Minister may grant the authorisation in the same way as the Minister could under the repealed Act or repealed statutory rule if satisfied that it will enable an agreement, undertaking, commitment or other arrangement entered into or given in good faith before the repeal day

- (whether by the Minister or another person or body authorised to exercise the function) to be completed,
- (b) the person who began to exercise the function (or the person's successor if abolished) may complete the uncompleted function in accordance with the authorisation and the repealed Act or repealed statutory rule,
  - (c) anything that results from the completed function is taken to have the same effect that it would have had if the repealed Act or repealed statutory rule had not been repealed.
- (4) **Effect of previous authorisation**

- (a) the road is not reasonably required as a road for public use (whether for present or future needs), and
- (b) the road is not required to provide continuity for an existing road network, and
- (c) if the road provides a means of vehicular access to particular land, another public road provides lawful and reasonably practicable vehicular access to that land.

**38B Notification of proposal to close council public road**

- (1) A council that is proposing to close a council public road must cause notice of the proposal:
- (a) to be published in a local newspaper, and
  - (b) to be given to:
    - (i) all owners of land adjoining the road, and
    - (ii) all notifiable authorities, and
    - (iii) any other person (or class of person) prescribed by the regulations.
- (2) The notice:
- (a) must identify the road that is proposed to be closed, and
  - (b) must state that any person is entitled to make submissions to the council with respect to the closing of the road, and
  - (c) must indicate the manner in which, and the period (being at least 28 days) within which, any such submission should be made.

**38C Public submissions and formal objections**

- (1) Any person may make submissions to the council with respect to the closing of the road in the manner and within the period specified in the notice published under section 38B.
- (2) Without limiting subsection (1), a notifiable authority in relation to the road may include a statement in the authority's submission to the effect that the authority formally objects to the closing of the road. The authority may withdraw the objection any time by written notice given to the council.  
**Note.** If a formal objection is made, section 38D (2) provides that the road may not be closed until the objection is withdrawn by the authority or set aside by the Land and Environment Court under this section.
- (3) The council may appeal to the Land and Environment Court against a formal objection made by a notifiable authority against the closing of the road.
- (4) On any such appeal, the Land and Environment Court may:

- (b) set aside the closure.
