Building and Construction Industry Security of Payment Act 1999 No 46

New South Wales

An Act with respect to payments for construction work carried out, and related goods and services supplied, under construction contracts; and for other purposes.

Part 1 Preliminary

1 Name of Act

This Act is the *Building and Construction Industry Security of Payment Act 1999*.

2 Commencement

This Act commences on a day or days to be appointed by proclamation.

3 Object

- (1) The object of this Act is to ensure that any person who carries out construction work (or who supplies related goods and services) under a construction contract is entitled to receive, and is able to recover, specified progress payments in relation to the carrying out of such work and the supplying of such goods and services.
- (2) The means by which this Act ensures that a person is entitled to receive a progress payment is by granting a statutory entitlement to such a payment in circumstances where the relevant construction contract fails to do so.
- (3) The means by which this Act ensures that a person is able to recover a progress payment is by establishing a procedure that involves:
 - (a) the making of a payment claim by the person claiming payment, and
 - (b) the provision of a payment schedule by the person by whom the payment is payable, and
 - (c) the referral of any disputed claim to an adjudicator for determination, and
 - (d) the setting aside of money as security for payment of the progress payment so determined.

(4) It is intended:

- (a) that this Act does not limit any other entitlement that a person may have under a construction contract, or any other remedy that a person may have for recovering any such other entitlement, and
- (b) in particular, that the setting aside of money as security does not prejudice any claim, counter-claim or defence that may be raised in civil proceedings concerning the work to which a payment claim relates, but merely ensures that money will be available to satisfy those entitlements when they are finally determined.
