Nothing in this Agreement shall be construed as limiting or restricting the amendment of the Memorandum and Articles of Association of the Company in accordance with their provisions and the *Corporations Law*.

4(2)

The Commonwealth will, itself and through trustees, subscribe to 500 ordinary and 500 B convertible shares in the Company and will, within 30 days of the date referred to in subclause 2(2), transfer to the States, at par value, out of these shares, the following number of shares:

PART V ESTABLISHMENT AND OPERATION OF THE COMPANY

—
5(1)

- (f) take over progressively from the rail authorities of the Commonwealth and the States, in whole or in part, functions of the type listed in Schedule 2 and the management of the associated assets pursuant to the provisions of this Agreement and the agreements entered into pursuant to subclauses 5(3), 5(4) and 5(5); and
- (g) give effect to this Agreement and to those obligations which by this Agreement are expressed to be obligations of the Company.

5(2)

The Commonwealth, the States and the other States will, and will cause their respective rail authorities to assist the Company, when requested by the Company, to undertake the matters set out in subclause 5(1), except, in the case of the other States, in relation to the matters set out in

paragraph 5(1)(f).

5(3) Contracts for Services

Prior to and during the Transition Period, at the request of the Company, the Commonwealth and the States shall, and shall cause their respective rail authorities to, enter into contracts with the Company for the provision of rail services to the Company, relating to interstate rail freight. Those contracts will make provision for the following during the Transition Period:

- (a) The price for services performed under the contracts shall be agreed on the basis that:
 - (i) the initial contract price, to apply for no longer than for the period of 12 months after the date of commencement of operations, will be set having regard to:
 - (A) the Company being able to meet its costs incurred in performing the functions assumed by it in whole or in part, during the period for which the initial contract price applies (being reasonable costs); and
 - (B) the revenue that the rail authority would have received under the Railways of Australia Agreement, had that agreement still applied.
 - and,
 - (ii) thereafter the contract price will, on the basis that the Company has achieved Best Practice Industrial Agreements and is implementing its approved capital investment program, reduce progressively to NRC Standard Costs.
- (b) liquidated damages, in an amount or by a formula to be agreed between the parties to the contract, to be paid to the Company by the respective rail authorities, or by the Company to the respective rail authorities, in respect of a failure by a party to meet such performance standards as are specified in the contract;
- (c) the Company and the relevant rail authority are to maintain and make available to each other externally audited accounts of the costs of carrying out their respective obligations under any contract. The accounts shall be in the form specified from time to time by the auditors of the Company in accordance with generally accepted accounting practices. Such accounts shall be retained by the parties to a contract for at least a period of 12 months after the expiration of the contract. These accounts will only be used for the purpose of determining payments pursuant to clause 5.

5(4) Transfer of Functions

- (a) Subject to this Agreement, the Commonwealth and the States shall and shall cause their respective rail authorities to permit the Company to assume performance of the functions relating to interstate rail freight of the type listed in Schedule 2, in whole or in part, in accordance with a detailed list of specific functions and the timetable set out in the Corporate Plan and being no later than the end of the Transition Period.
- (b) When a function is assumed pursuant to subclause 5(4)(a) by the Company, an assessment will be made at that time by the Company of the initial full cost to the Company of performing that function determined having regard to any accounts kept pursuant to subclause 5(3)(c) or in the absence of such accounts, such other accounts as may be relevant. Where that assessed cost

exceeds NRC Standard Costs for that function:

- (i) the transferring rail authority and the Company will agree as to the rate and the time, which is not to exceed three years from the date of transfer, or the end of the Establishment Period, whichever shall first occur, at which, and within which the Company will be able to reduce costs in relation to that function to NRC Standard Costs, while meeting the Company's performance standards;
 - (ii) the Company and the Commonwealth, or the State concerned, will agree a schedule of payments, to be made by the Commonwealth or the State to the Company, during the period agreed to in subclause (i) above while the Company is in the process of achieving NRC Standard Costs in respect of the function in the time agreed. The schedule will be based on the difference between NRC Standard Costs to carry out the function and the actual costs measured on a comparable basis determined having regard to any accounts kept pursuant to subclause 5(3)(c) (or in the absence of such accounts, such other accounts as may be relevant), to the Commonwealth, the States or their rail authorities, as the case may be, of carrying out the function in the twelve month period prior to the transfer.
- (c) In the case of the State of Western Australia, if it is established by an independent expert to be appointed by the Company and approved by the State of Western Australia, as soon as practicable after the date of commencement of operations, that transfer of its interstate rail freight business to the Company would have a detrimental effect on the financial position of the rail authority of Western Australia, because of a reduction in revenues not matched by a commensurate reduction in costs, including fixed costs and overheads, then assessments shall be made by that expert of the extent in dollar terms, of that effect for each year of the Establishment Period, and of the maximum practicable rate at which the Western Australian rail authority could reduce fixed costs and overheads as a consequence of the transfer of the functions and assets to the Company. The Company, the Commonwealth and the States must agree a schedule of annual payments to be made to the State of Western Australia by the Company within the Establishment Period, which provides compensation to the State of Western Australia based on these assessments.
- (d) Payments to be made by the rail authority of the State of Western Australia pursuant to subclause 5(4)(b), as well as payments received by the rail authority of the State of Western Australia pursuant to subclause 5(3), shall be taken into account in assessing the payments to be made to the State of Western Australia pursuant to subclause 5(4)(c), as well as any reductions in costs occasioned by the transfer of functions by the rail authority of the State of Western Australia, giving rise to payments by the State of Western Australia pursuant to subclause 5(4)(b).
- (e) Prior to any application of Part VII in relation to payments to be made to the State of Western Australia pursuant to subclause 5(4)(c), agreement as to payments to the State of Western Australia pursuant to that subclause shall, if necessary, be negotiated at Heads of Government level.

5(5) Access to and Transfer of Assets

The Commonwealth and the States shall, or shall cause their rail authorities to transfer ownership of, or for as long as the Company continues to conduct national interstate rail freight operations, give leases of, or grant access to the Company, in relation to any asset, owned or controlled by the

Commonwealth or the State or their rail authorities, and used by their rail authorities in connection with interstate rail freight. The Company, in its Corporate Plan, shall identify that a particular asset or class of assets is required by it. The Commonwealth and the States shall have a discretion whether to transfer ownership, give a lease or grant access to the Company in relation to any asset required by it. Transfer of ownership, lease or grant of access shall be given within a reasonable time following the request by the Company to make the asset available. The objective is that all transfers of ownership, leases or grants of access shall be completed before the end of the Transition Period. The following provisions shall apply:

- (a) In the case where the Company requires access to an asset the predominant use of which has not been for interstate rail freight, or of which the Company is not, and will not in the future, be the predominant user (eg metropolitan track) as projected in the Corporate Plan, the Company will be granted access to that asset pursuant to a contract, the terms and conditions of which will be agreed between the Company and the Commonwealth or a State or its respective rail authority, as the case may be. Such contract will provide for the Company to pay to the rail authority in respect of such access, an amount that reflects the cost to the rail authority of providing access in the most efficient manner and that allows the Company to meet its service standards specified in the contract;
- (b) In the case where the Commonwealth or a State, or its rail authority, does not agree to transfer ownership, or enter into a long term lease of an asset, the predominant use of which has been for interstate rail freight, or of which the Company is or is to be, the predominant user as projected in the Corporate Plan, the Company will be granted access to that asset pursuant to a contract, the terms and conditions of which will be agreed between the Company and the Commonwealth or a State, or its respective rail authority, as the case may be. Such contract will provide that the rail authority maintain the asset to NRC specified standards and for the Company to pay to the rail authority, in respect of such access, an amount no greater than the costs (based on NRC Standard Costs) that would be avoided by the rail authority if the Company were not to utilise the asset on the basis that the rail authority would for its own purposes maintain the asset to the standards specified in the contract.
- (c) In the case where the Company acquires ownership of, or a long term lease of, an asset to which a rail authority still requires access (eg for intrastate rail freight or passenger services), the rail authority will be granted access to that asset pursuant to a contract, the terms and conditions of which will be agreed between the Company and the Commonwealth or a State, or its rail authority, as the case may be. Such contract will provide for the rail authority to pay to the Company, in respect of such access, an amount that reflects the cost to the Company of providing access in the most efficient manner and that allows the rail authority to meet its service standards specified in the contract.
- (d) In the case where the Company does not nominate as an asset which it requires to be transferred to it, an asset the predominant use of which has been for interstate rail freight, but to which it requires access, access will be granted to the Company pursuant to a contract, the terms and conditions of which will be agreed between the Company and the Commonwealth or a State, or its rail authority, as the case may be. Such contract will provide for the Company to pay to the rail authority, in respect of such access, an amount that reflects the cost to the rail authority of providing access in the most efficient manner and that allows the Company to meet its service standards specified in the contract.

5(6) Other States—Access to and Transfer of Assets and Contracts of Service

- (a) The other States shall, or shall cause their rail authorities to transfer ownership of, or for as long as the Company continues to conduct national interstate rail freight operations, give leases of, or grant access to the Company, in relation to any asset, owned or controlled by the other States or their rail authorities, and used by their rail authorities in connection with interstate rail freight. The Company, in its Corporate Plan, shall identify that a particular asset or class of assets is required by it. The other State in question shall have a discretion whether to transfer ownership, give a lease or grant access to the Company in relation to any asset required by it. Transfer of ownership, lease or grant of access shall be given within a reasonable time following the request by the Company to make the asset available. The objective is that all transfers of ownership, leases or grants of access shall be completed before the end of the Transition Period. The transfers of ownership, leases and the grants of access shall be on such commercial terms and conditions as are agreed between the Company and the other State in question.
- (b) Until all the transfers of ownership, leases or grants of access pursuant to subclause 5(6)(a) are completed, the other States shall, and shall cause their respective rail authorities to, enter into contracts with the Company for the provision of rail services to the Company, relating to interstate rail freight. Those contracts will make provision for the following: The price for services performed under the contracts shall be agreed on the basis that:
- (i) the initial contract price, to apply for no longer than for the period of 12 months after the date of commencement of operations, will be set having regard to:
 - (A) the Company being able to meet its costs incurred in performing the functions, identified in Schedule 2, assumed by it in whole or in part during the period for which the initial contract price applies (being reasonable costs); and
 - (B) the revenue that the rail authority would have received under the Railways of Australia Agreement, had that agreement still applied.
- and,
- (ii) thereafter the contract price will be at commercial rates agreed between the Company and the other State in question or its rail authority.

PART VI FUNDING

—
6(1)

- (a) The Commonwealth and the States will contribute the following equity funds to the establishment, capital and operation of the Company:
- (i) the Commonwealth—\$295.8 million.
 - (ii) the State of New South Wales—\$75.6 million.
 - (iii) the State of Victoria —\$35.1 million.
 - (iv) the State of Western Australia —\$8.0 million.

- (b) The Commonwealth and the States shall, prior to the date of commencement of operations, make an application to the Company for the issue of A convertible shares equal to the amounts set out in subclause 6(1)(a).
- (c) the Company shall issue to the Commonwealth and the states respectively, the A convertible shares referred to in subclause 6(1)(b).
- (d) Payments by the Commonwealth and the States respectively of funds to be contributed pursuant to subclause 6(1)(a), and any calls on the A convertible shares, shall be made from time to time in accordance with Schedule 4.

6(2)

- (a) During the Establishment Period, the Commonwealth and the States will contribute any additional equity funding requirements of the Company provided for, both as to amounts and times of payment, in the Corporate Plan according to the following percentages:

Commonwealth	54.3%
New South Wales	27.7%
Victoria	13.1%
Western Australia	4.9%

- (b) The Commonwealth and the States shall, during the Establishment Period, make application to the Company for the issue of A convertible shares calculated in accordance with subclause 6(2)(a).
- (c) The Company shall issue to the Commonwealth and the States respectively, the A convertible shares referred to in subclause 6(2)(b).

6(3)

For the purposes only of determining the numbers of A convertible shares to be issued pursuant to subclause 6(7), the value of an interest in the assets transferred (by way of ownership or long term lease) will be agreed bilaterally by the Company and the Commonwealth or by the Company and the relevant State, on the following basis:

- (a) for an interest in track or terminal, and major associated assets, the valuation will be agreed prior to the end of the Establishment Period and will take into account the condition of the asset at the time of transfer and the net amount expected to be recovered from its continued use, assessed as at the end of the Establishment Period. The cost, adjusted in accordance with subclause 6(5), of any improvements to such assets funded by the Company prior to the valuation of such assets, whether by capital upgrade or maintenance, will be deducted from the value of the asset.
- (b) for an interest in any other asset:
 - (i) valuation at market value, assessed at the time of transfer, if an established market exists for that type of asset; or
 - (ii) if no such established market exists, then on an asset valuation methodology appropriate

to the type of asset involved, assessed at the time of transfer.

6(4)

In valuing interests in assets transferred (by way of ownership or long term lease), the valuation methodology adopted will be applied uniformly to value the interests in assets of the same type transferred by the Commonwealth, the States and their rail authorities to the Company.

6(5)

For the purpose of determining the number of A convertible shares for issue to the Commonwealth and the States, or the number of ordinary shares to issue as bonus shares, the monetary value of assets transferred assessed in accordance with subclauses 6(3) and 6(4), and moneys contributed in accordance with subclause 6(1), will be adjusted immediately prior to the end of the Establishment Period (or, in the case of assets finally valued after the Establishment Period, as soon as practicable after the assets are finally valued) to constant prices by indexing those monetary values by the All Groups Consumer Price Index Number published by the Australian Statistician. The period of indexation will commence from the latest published index number before the date of the transfer of assets or payment of moneys to the latest published index number before the end of the Establishment Period.

6(6)

The Commonwealth and the States shall, prior to the end of the Establishment Period, make an application to the Company for the issue of:

- (a) A convertible shares equal to the value, as assessed in accordance with subclauses 6(3), 6(4) and 6(5), of the assets transferred (by way of ownership or long term lease) respectively by the Commonwealth and the States and their rail authorities; and
- (b) A convertible or ordinary shares, in accordance with subclause 6(7), equal to the value of the difference between the moneys contributed by the Commonwealth and the States in accordance with subclause 6(1) and the adjusted value thereof assessed in accordance with subclause 6(5).

6(7)

The Company shall issue to the Commonwealth and the States respectively the A convertible or ordinary shares referred to in subclause 6(6), provided that the shares referred to in subclause 6(6)(b) shall only be issued as bonus shares when there are sufficient profits or reserves out of which the shares can be so issued and shall be issued as ordinary shares if, at the time of issue, all the A convertible shares have been converted into ordinary shares or A convertible cumulative preference shares. The Commonwealth and the States shall, before the end of the Establishment Period, pass the necessary special resolution for the A convertible or ordinary shares, referred to in subclause 6(6)(b), to be issued as bonus shares in priority to the rights of any other shareholder.

6(8)

If, during, the first three years of the Establishment Period, any of the other States notifies the Commonwealth, the States and the Company that it wishes to contribute a minimum of \$5 million in cash for shares in the Company, the Commonwealth and the States shall, as members, pass a unanimous resolution for the issue of the shares to the other State and for the issue of additional shares to the Commonwealth and the States in accordance with the relevant provisions of the Table

in Schedule 3 under the following conditions:

- (a) the Commonwealth, the States and the other State, upon making an application for shares, shall be each issued with the number of ordinary and B convertible shares at par value set out in Schedule 3. In addition to the B convertible shares, the other State shall, upon payment in full of the moneys contributed by it, be issued with A convertible shares at par value for the remainder of the moneys contributed by it; and
- (b) the other State shall be obliged to contribute such proportion of the additional equity funding requirements of the Company pursuant to subclause 6(2)(a), as is determined by the Company and agreed between the Commonwealth, the States and the other State prior to the date of the passing of the unanimous resolution to issue shares pursuant to this subclause. The percentages as then agreed shall, from the date the other State becomes a shareholder, be the percentages at which the Commonwealth, the States and the other State have to contribute to additional equity funding requirements and will replace the percentages set out in subclause 6(2)(a).

6(9)

If, during the last two years of the Establishment Period, any of the other States notifies the Commonwealth, the States and the Company that it wishes to purchase shares in the Company, the Commonwealth and the States, as members, may pass a unanimous resolution for the issue of such shares (if any) to the other State, subject to such terms and conditions, as they determine, and are agreed to by the other State.

6(10)

After the Establishment Period, if any of the other States notifies the Company and all the shareholders of the Company that it wishes to purchase shares in the Company, the other State shall have the right to purchase shares in the Company on the same terms and conditions as shares are offered for sale to third parties.

6(11)

The Commonwealth and the States shall, at the end of the Establishment Period, pass a special resolution to convert all the A convertible shares to ordinary or A convertible cumulative preference shares, or if at the time all the assets transferred (by way of ownership or long term lease) by the Commonwealth and the States and their rail authorities to the Company have not been finally valued, as soon as practicable after the final valuation is completed.

PART VII RESOLUTION OF DISPUTES

7.

Except for a dispute or difference as to any obligation imposed under Part III, any dispute or difference whatsoever arising in connection with this Agreement shall first be the subject of conciliation by a conciliator agreed between the parties to the dispute or difference, unless one of the parties to the dispute or difference objects to conciliation. In the event that the dispute or difference has not been resolved within twenty-eight (28) days (or such other period as is agreed to in writing between the parties to the dispute or difference) after the appointment of a conciliator by the parties to the dispute or difference, or the parties to the dispute or difference cannot agree to

referring the dispute or difference for conciliation, the dispute or difference shall be submitted to arbitration in accordance with and subject to the Arbitration Rules of the United Nations Commission on International Trade Law in force at the date of first notification of the dispute or difference. A dispute or difference will include, without limiting the generality thereof, a dispute or difference as to:

- (a) the identification of any asset within any class of assets identified in the Corporate Plan;

CAPITAL AND VARIATION OF RIGHTS

4. Share Capital

4(1)

The capital of the Company shall be divided into nine hundred (900) ordinary shares of \$1 each, nine hundred (900) B convertible shares and 4,999,998,200 A convertible shares of \$1 each (which may be converted in accordance with these Articles into A convertible cumulative preference shares).

4(2)

The A convertible shares shall confer on the holders the following rights, privileges and conditions:

- (a) a right to receive notices of and to attend General Meetings, but no right to vote;

- (b) a right on winding up and on a reduction of capital to have the capital paid up on A convertible shares repaid pari passu with the ordinary shares and the B convertible shares; and
- (c) no further right to participate in the assets or profits of the Company.

4(3)

The A convertible cumulative preference shares shall confer on the holders the following rights, privileges and conditions:

- (a) a right to receive notice of and to attend General Meetings, but no right to vote;
- (b) a right to receive a fixed cumulative preferential dividend of 10% per annum, or such other dividend as is determined by the Directors from time to time, in preference to all other issued shares in the capital of the Company;
- (c) a right on winding up and on a reduction of capital to have the capital paid up on the A convertible cumulative preference shares repaid in priority to all other issued shares in the Company; and

After the Establishment Period, any issue of shares shall be in accordance with the following conditions:

- (a) the shares will first be offered to the existing members in proportion to the shares held by them who may take up the shares to which they are entitled in whole or in part. If, within twenty-one (21) days of such offer being made, the shares, or some of them, are not taken up, those not taken up will be again offered to all the existing members, but without regard to their respective shareholdings.

8(3)

Shares held by a trustee may, with the consent of the Directors, be marked in the Register in such a way as to identify them as being held subject to the relevant trust, but nothing in this paragraph derogates from paragraph (1) of this Article.

10. Entitlement to Certificates

10(1)

Every person whose name is entered as a member in the Register of members shall be entitled free of charge to one certificate specifying the share or the shares registered in his or her name and the amount paid up thereon, or if he or she so desires, to several certificates in reasonable denominations.

10(2)

In respect of a share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

10(3)

Share certificates shall be dispatched by the Company within ten (10) business days of the date of allotment or the date of lodgement of a registerable transfer of the shares, as the case may be.

11. Replacement of Certificates

11(1)

If any certificate, letter of allotment, transfer, receipt or other document of title to shares is worn out or defaced then, upon production thereof to the Directors, they may order the same to be cancelled and shall issue a new certificate in lieu thereof upon the conditions prescribed by the Law.

11(2)

If any certificate, letter of allotment, transfer, receipt or other documents of title to shares is lost, then the Directors may issue a duplicate thereof upon the conditions prescribed by the Law.

11(3)

A fee of such amount, not exceeding the amount prescribed under the Law as the Directors determine, may be charged for a new certificate or duplicate certificate issued under this Article.

LIEN ON SHARES

12. Rights to Lien

12(1)

The Company shall have a first and paramount lien for calls and instalments which are due and unpaid and interest thereon and expenses incurred in relation thereto upon the specific shares registered in the name of each member (whether solely or jointly with others) and such lien shall extend to all dividends from time to time declared in respect of such shares.

12(2)

The Directors may at any time declare any share to be wholly or in part exempt from the provisions of Article 12(1).

12(3)

Unless otherwise agreed or the Company first gives notice of the claim to the transferee, the registration of a transfer of shares shall operate as a waiver of the Company's lien (if any) on such shares.

13. Imposition of a Liability

13(1)

Whenever any law for the time being of the Commonwealth or any State or Territory of Australia imposes any liability, or possible liability, upon the Company to make any payment or empowers the Commonwealth or any State or Territory government or taxing authority or government official to require the Company to make any payment in respect of any shares registered in the Register or any Branch Register, as held either jointly or solely by any member, or in respect of any dividends or other moneys due or payable or accruing due or which may become due or payable to such member by the Company on or in respect of any shares registered as aforesaid or for or on account or in respect of any member and whether in consequence of:

- (a) the death of such member;
- (b) the liability for income tax or other tax by such member;
- (c) the liability for any estate, probate, succession, death, stamp or other duty by the executor or administrator of such member or by or out of the member's estate; or
- (d) any other act or thing;

the Company in every such case:

- (i) shall be fully indemnified by such member or his or her executor or administrator from all liability;
- (ii) shall have a first and paramount lien upon all shares registered in the Register or any Branch Register as held either jointly or solely by such member and upon all dividends and other moneys payable in respect thereof for any liability arising under or in consequence of any such law and for any amount paid in complete or partial satisfaction of such liability and for interest on any amount so paid at the rate per centum per annum set by the Directors from the date of payment to the date of repayment and the Company may deduct from or set off against any such dividend or other money payable as aforesaid any moneys paid or payable by the Company as aforesaid together with interest as aforesaid;
- (iii) may recover as a debt due from such member or the member's executor or administrator wherever constituted any moneys paid by the Company under or in consequence of any such law and interest thereon at the rate and for the period aforesaid in excess of any dividend or other money as aforesaid then due or payable by the Company to such member;
- (iv) may, if any such money is paid or payable by the Company under any such law as aforesaid, refuse to register a transfer of any such shares by any such member or the member's executor or administrator until such money with interest as aforesaid is set off or deducted as aforesaid, or in case the same exceeds the amount of any such dividend or other money as aforesaid then due or payable by the Company to such member, until such excess is paid to the Company.

13(2)

Nothing herein contained shall prejudice or affect any right or remedy which any such law may confer or purport to confer on the Company and, as between the Company and every such member as aforesaid, the member's executors, administrators and estate wheresoever constituted or situate, any right or remedy which such law shall confer or purport to confer on the Company shall be enforceable by the Company.

14. Enforcement of Lien

14(1)

After the Establishment Period, subject to Article 14(2), the Company may sell in such manner as the Directors think fit, any shares on which the Company has a lien.

14(2)

A share on which the Company has a lien shall not be sold unless:

- (a) a sum in respect of which the lien exists is presently payable; and
- (b) the Company has not less than fourteen (14) days before the date of the sale given to the registered holder for the time being of the share, or the person entitled thereto by reason of the holder's death or bankruptcy, a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable.

15. Sale of Share Subject to Lien

Any share on which the Company has a lien may be disposed of in the same manner as a forfeited share.

16. Appropriation of Proceeds

The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable and in payment of any other moneys due and payable to the Company and the residue if any shall (subject to a like lien for sums not presently payable as existed upon the shares before the sale) be paid to the person registered or entitled to be registered as the holder of the shares immediately prior to the sale.

17. Liability for Calls, etc.

17(1)

For the purpose of these Articles, any member whose shares shall have been forfeited shall, notwithstanding such forfeiture, be liable to pay and shall forthwith pay to the Company all calls, instalments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of forfeiture until payment at the 90 day bank bill rate as charged by the Company's principal bankers at the time of forfeiture plus 5 percentage points and the Directors may enforce the payment of such moneys or any part thereof if they think fit, but they shall not be under any obligation so to do.

17(2)

The liability, if any, of a person whose shares have been forfeited shall cease if the Company receives payment in full of all the money (including calls, instalments, interest and expenses) so payable in respect of the shares.

CALLS ON SHARES

18. Power to Make Calls

18(1)

Subject to Article 21, the Directors may from time to time make such calls as they think fit upon the members in respect of all or any moneys unpaid on the shares (whether on account of the nominal

value of the shares or by way of premium) held by them respectively and which are not by the conditions of allotment thereof made payable at fixed times.

18(2)

A call may be made payable by instalments.

18(3)

A call may be revoked, postponed or extended as the Directors may determine.

19. Time of Calls

A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.

20. Notice of Calls

20(1)

Each member shall pay the amount of every call so made on the member according to the terms of the notice thereof.

20(2)

Twenty-one (21) days' notice of any call shall be given to the members specifying the following:

- (a) the name of the member;
- (b) the number of shares held by the member;
- (c) the amount of the call;
- (d) the due date for payment;
- (e) the place of payment; and
- (f) the consequences of non-payment.

20(3)

The non-receipt of a notice of a call by or the accidental omission to give notice of a call to any of the members shall not invalidate the call.

21. Fixed Calls

21(1)

If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by instalments at fixed times (whether on account of the nominal value of the share or by way of premium), every such amount or instalment shall be payable as if it were a call duly made by the Directors and of which due notice had been given.

21(2)

In case of non-payment the provisions of these Articles as to payment of interest and expenses forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

22. Interest on Outstanding Calls

If a sum called is not paid on or before the date for payment thereof, the person from whom the sum is due shall pay interest on the sum (or on so much as remains unpaid from time to time) at the 90 day bank bill rate as charged by the Company's principal bankers on the date the sum becomes due plus 5 percentage points, calculated from the day appointed for the payment thereof until the time of actual payment. The Directors may waive such interest in whole or in part.

23. Liability of Joint Shareholders

The joint holders of shares shall be severally as well as jointly liable for the payment of all amounts of instalments and calls in respect of such shares.

24. Differentiation between Shareholders

Subject to Article 21(1), during the Establishment Period the Directors shall not, but thereafter, the Directors may on the issue of shares differentiate between the holders as to the amount of calls to be paid and the times of payment.

25. Proceedings on Default

In the event of non-payment of any call, the Company may proceed to recover the same with interest and expenses (if any) as hereinafter provided by action, suit or otherwise, but such right of action, suit or otherwise shall be without prejudice to the right, after the end of the Establishment Period, to forfeit the share of any member so in arrears and either or both of such rights may be exercised by the Directors in their discretion.

26. Proof of Outstanding Calls

On the trial or hearing of any action for the recovery of any call or of any interest or expenses upon or in respect of any call it shall be sufficient to prove that:

- (a) the name of the member sued is entered in the Register as the holder or one of the holders of the shares in respect of which such debt accrued; and
- (b) the resolution making the call is duly recorded in the minute book; and
- (c) notice of such call was duly given to the registered holder of the shares in pursuance of these Articles; or
- (d) in the case of calls or instalments payable at fixed times by the terms of issue of any share or otherwise, to prove such terms and that such sum or call has not been paid,

and it shall not be necessary to prove the appointment of the Directors who made the allotment or call, nor the passing of the resolution nor any other matters whatsoever, but proof of the matters aforesaid, shall be conclusive evidence of the debt.

27. Payment of Calls in Advance

27(1)

The Directors may, if they think fit, receive from any member all or any part of the amount unpaid on a share although no part of that amount has been called up and may authorise the Company to pay interest upon the whole or any part of the moneys so paid in advance until the amount becomes payable, at the 90 day bank bill rate as charged by the Company's principal bankers at the date the advance is made, or such lesser rate as may be agreed between the Directors and the member.

27(2)

Any amount being paid in advance of calls shall not be included or taken into account in ascertaining the amount of dividend payable upon the shares in respect of which such advance has been made.

27(3)

The Directors may at any time repay the amount so advanced upon giving to such member one (1) month's notice in writing.

CONVERSION AND TRANSFER OF SHARES

28. Right to Transfer

28(1)

Except where required by law or elsewhere in these Articles, there shall be no restriction on the transfer of shares in the Company.

28(2)

The Directors may not register a transfer of shares in the Company unless the transfer is either:

- (a) to existing members; or
- (b) accompanied by a statutory declaration by the transferor or stating that the provisions of this Article have been complied with.

Nothing in this Article shall prohibit or restrict the transmission of shares pursuant to Articles 35, 36 and 37.

28(3)

During the Establishment Period, there will be no right for holders of shares to transfer any shares held by them.

28(4)

After the Establishment Period, any transfer of shares, or disposition by the Company of forfeited or surrendered shares, or transfer of shares pursuant to the Company's lien, shall be in accordance with the following conditions:

- (a) the shares will first be offered to the existing members at the value established by an independent valuer appointed by the Company at the time the offer of transfer is made, in proportion to the shares held by them and shares so offered may be taken up by each member in whole or in part. If within twenty-one (21) days of such offer being made, the shares, or some of them, are not taken up, those not taken up will be again offered to all the existing members, but without regard to their respective shareholdings, at the value established by the independent valuer.
- (b) the shares not taken up by any member within twenty-one (21) days of such offer, may be offered to third parties. If an offer to purchase the shares is made by a third party which is acceptable to the transferor, the shares will be offered again to the existing members, but at the value and on the terms at which the third party made the offer. If any does not take up the

offer within twenty one (21) days of the offer being made, the shares not taken up can be transferred to the third party on the basis of that offer.

- (c) if any transfer to a purchaser pursuant to this Article would result in that purchaser holding, including shares marked in the Register as being held in trust for the member, more than 49% of the issued ordinary shares in the Capital of the Company, the shares in excess of the 49% holding shall automatically convert into A convertible cumulative preference shares and shall be dealt with as provided in Article 28(6).

28(5)

- (a) Immediately on the conclusion of the Establishment Period, the B convertible shares shall automatically convert to A convertible shares.
- (b) On a day appointed by the members by a special resolution, such of the unissued A convertible shares and those A convertible shares held by a member as may be converted to ordinary shares without the member holding, including shares marked in the Register as being held in trust for the member, more than 49% of the issued ordinary shares in the Capital of the Company, shall automatically convert to ordinary shares. The remainder of the shares held by that member shall automatically convert into A convertible cumulative preference shares and shall be dealt with as provided in Article 28(6).

28(6)

After the conversion of ordinary shares and A convertible shares into A convertible cumulative preference shares, the latter will be dealt with in the following way:

- (a) within thirty (30) days of the conversion, they will be first offered to the existing members at a value established by an independent valuer appointed by the Company at the time offer is made in proportion to the shares held by them, who may take up the shares to which they are entitled in whole or in part. If within twenty-one (21) days of such offer being made, the shares, or some of them are not taken up, those not taken up will be offered again to all the existing members, but without regard to their respective shareholdings at the value established by the independent valuer.
- (b) the shares not taken up by any member within twelve (12) months of the offer, will be offered for sale to third parties. If an offer to purchase the shares is made by a third party which is acceptable to the seller, the shares will be offered again to the existing members, but at the value and on the terms at which the third party made the offer. If any member does not take up the offer within 21 days of the offer being made, the shares not taken up can be transferred to the third party on the basis of that offer.
- (c) if within a further six (6) months of the date referred to in the previous paragraph, any of the shares are not sold to existing share holders or third parties, the member can, within thirty (30) days of the expiration of the six (6) month period, elect to convert the shares into ordinary shares. In that case the member must, at the time of the election, offer to purchase all other members' holdings at a value established by an independent valuer appointed by the Company at the time the offer is made. If the offer is not wholly taken up, the shares shall automatically convert to ordinary shares.
- (d) if a member continues to hold the shares without converting them into ordinary shares, that

member may at any time, on giving to the other members three (3) months notice, elect to convert the shares to ordinary shares, but must, at the time of the election, offer to purchase all other members' holdings at a value established by an independent valuer appointed by the Company at the time the offer is made. If the offer is not wholly taken up, the shares shall automatically convert to ordinary shares.

- (e) if a member disposes of ordinary shares and, on disposal of such shares, holds, including shares marked in Register as being held in trust for the member, ordinary shares less than 49% of the issued ordinary shares in the Capital of the Company, any A convertible cumulative preference shares held by that member shall automatically convert to ordinary shares, but to the extent only that such would not result in that member holding in excess of 49% of the issued ordinary shares in the capital of the Company following such conversion.
- (f) on the transfer of A convertible cumulative preference shares, they shall automatically convert into ordinary shares if the transfer of the shares does not result in the purchaser holding, including shares marked in the Register as being held in trust for the member, in excess of 49% of the issued ordinary shares in the Capital of the Company following such conversion.

28(7)

Any offer of shares pursuant this Article to a body politic will permit the body politic such period to settle the purchase as is necessary to allow it a reasonable time to obtain any necessary Parliamentary approval, including appropriation of funds.

29. Instrument of Transfer

29(1)

The instrument of transfer of any share shall be in writing in any usual or common form or in any other form which the Directors may approve and may comprise more than one document.

29(2)

No fee shall be charged on a transfer of shares.

29(3)

The instrument of transfer of a share shall be executed by or on behalf of both the transferor and the transferee or, where permitted by the provisions of the Law, by the transferor only.

29(4)

The transferor shall be deemed to remain the holder of the share until the transfer is registered and the name of the transferee is entered in the Register in respect thereof.

30. Effect of Powers of Attorney

All powers of attorney granted by members for the purpose (inter alia) of transferring shares which may be lodged produced or exhibited to the Company shall, as between the Company and the grantor of such powers, be deemed to remain in full force and effect and the same may be acted upon until such time as express notice in writing of the revocation of the same or of death of the grantor has been lodged at the Office.

31. Power to Refuse Transfer

31(1)

The Directors may refuse to register any instrument of transfer of, or which includes, shares on which the Company has a lien and may refuse to register a transfer of partly paid up shares to a transferee who, after being requested by the Directors so to do, has not demonstrated on reasonable grounds that the transferee is financially able to meet any unpaid liability in respect of the shares the subject of the transfer.

31(2)

The Directors may also refuse to register any instrument of transfer of shares,

(a) if:

- (a) it is not accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer; or
- (b) in the case of a transfer to joint holders they exceed three (3) in number, except in the case of executors and trustees of a deceased shareholder; or
- (c) the registration of the instrument of transfer would result in a contravention or failure to observe the provisions of a law of the Commonwealth of Australia or of a State or Territory of Australia.

32. Notice of Refusal

Upon any refusal to register an instrument of transfer of shares, the Directors shall give written notice of the refusal to the transferor and the transferee and the reasons therefor within ten (10) business days after the date on which the instrument was lodged with the Company.

33. Retention of Instruments of Transfer

All instruments of transfer which are registered shall be retained by the Company, but any instrument of transfer which the Directors may decline to register shall, except on the grounds of fraud, upon a demand in writing be returned to the party presenting it.

34. Period of Suspension of Registration

The transfer books and the Register may be closed during such times as the Directors think fit not exceeding in the whole thirty (30) days in each year.

TRANSMISSION OF SHARES

35. Title to Shares Following Death of Members

In the case of the death of a member, the survivor or survivors, where the deceased was a joint holder, and the legal personal representative of the deceased where the deceased was a sole holder, shall, upon producing satisfactory proof of death, be the only persons recognised by the Company as having any title to the deceased's interest in the share, but nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share which has been jointly held by him or her with any other person.

36. Procedure of Transmission

36(1)

This Article is hereinafter referred to as "the transmission article".

36(2)

Any person becoming entitled to a share in consequence of the death or bankruptcy of a member, or to a share of a member of unsound mind, may, upon such information being produced as is properly required by the Directors, and subject as hereinafter provided, elect either to be registered himself or herself as the holder of the share or to have some person nominated by him or her registered as the transferee thereof.

36(3)

If the person so becoming entitled elects to be registered himself or herself, he or she shall deliver or send to the Company a notice in writing signed by him or her stating that he or she so elects. If he or she elects to have another person registered, he or she shall execute a transfer of the share to that person.

36(4)

All the provisions of these Articles relating to the right to transfer and the registration of transfers of shares shall apply to any such notice or transfer as if the death, bankruptcy or insanity of the member had not occurred and the notice or transfer were a transfer executed by that member.

37. Rights on Entitlement

37(1)

A person entitled to be registered as a member in respect of a share by transmission shall upon the production of such evidence as may from time to time be properly required by the Directors in that behalf, be entitled to the same dividends and other advantages, and to the same rights (whether in relation to meetings of the Company, or to voting, or otherwise), as the registered holder would have been.

37(2)

Where two (2) or more persons are jointly entitled to any share in consequence of the death of the registered holder, they shall, for the purposes of these Articles, be deemed to be joint holders of the share.

FORFEITURE AND SURRENDER OF SHARES

38. Notice Requiring Payment

If any member fails to pay the whole or any part of any call or instalment on or before the day appointed for payment thereof, the Directors may, at any time thereafter while the same remains unpaid, serve a notice on the member requiring the member to pay the same, together with any interest that may have accrued thereon and interest up to the date of payment and any expenses that may have been incurred by the Company by reason of such non-payment.

39. Contents of Notice

The notice referred to in Article 38 shall name a further day (not earlier than the expiration of fourteen (14) days from the date of service of the notice) on or before which the payment required by the notice is to be made, the place where payment is to be made and shall state that, in the event of non-payment on or before the day and at the place appointed the shares in respect of which such payment is due will be liable to be forfeited.

40. Effect of Non-Compliance with Notice

40(1)

If the requirements of any notice referred to in Article 38 are not complied with, any share in respect of which such notice has been given may, after the Establishment Period, at any time thereafter before payment required by the notice has been made, be forfeited by a resolution of the Directors to that effect.

40(2)

Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the forfeiture, but this right to forfeit the shares shall not affect the right of the Company to sue for any allotment moneys, calls, instalments, interest and expenses due in respect of such shares.

41. Annulment of Forfeiture

The Directors may, at any time before the forfeited shares have been sold or otherwise disposed of, annul the forfeiture thereof upon such conditions as they think fit.

42. Disposition of Forfeited Shares

Every share which is forfeited may be sold or otherwise disposed of upon such terms and in such manner as the Directors think fit.

43. Liability of Forfeited Shares

A person whose shares have been forfeited ceases to be a member in respect of the forfeited shares, but shall be liable to pay and shall forthwith pay to the Company, all money payable by the person in respect of such shares at the time of forfeiture, together with interest thereon from the time of forfeiture until payment, at the 90 day bank bill rate as charged by the Company's principal bankers at the time of forfeiture plus 5 percentage points, and the Directors may enforce the payment of such money or any part thereof as they shall think fit, but shall not be under any obligation to do so.

44. Evidence of Forfeiture

A statement in writing by a Director or the Secretary of the Company that a share in the Company has been duly forfeited on a date stated therein shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.

45. Rights Upon Transfer of Forfeited Shares

45(1)

The Company may receive the consideration (if any) given for a forfeited share on any sale or disposition thereof and may execute or appoint some person to execute a transfer of the share in favour of the person to whom the share is sold or disposed of.

45(2)

Upon the execution of the transfer, the transferee shall thereupon be registered as the holder of the share and shall not be bound to see to the application of the purchase money (if any).

45(3)

The title of the transferee to the share shall not be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

46. Surrender of Shares

After the Establishment Period the Directors may accept the surrender of a share which is liable for

forfeiture or any part thereof upon such terms as may be agreed between such member and the Directors and ratified by the Company by special resolution. Any share so surrendered may be disposed of in the same manner as a forfeited share.

47. Application of Forfeiture Provisions

The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a share becomes payable at a fixed time, whether on account of the amount of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

48. Power to Increase, Consolidate, Divide, Sub-Divide and Cancel Shares

The Company may by resolution:

- (a) increase the Capital by the creation of new shares of such amount as is specified in the resolution;
- (b) consolidate and divide all or any of its share capital into shares of a larger amount than its existing shares;
- (c) convert all or any of its paid up shares into stock and re-convert any stock into fully paid shares of any denomination;
- (d) subdivide its shares or any of them into shares of smaller amount than is fixed by the Memorandum of Association, but so that in the subdivision the proportion between the amount paid and the amount (if any) unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived. The resolution whereby any share is subdivided may determine that, between the holders of the shares resulting from such subdivision, one or more of such shares shall have some preference or special advantage as regards dividend, capital, voting or otherwise as compared with others; and
- (e) cancel shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person or which have been forfeited and reduce the amount of its Capital by the amount of the shares so cancelled.

49. Power to Reduce Capital

Subject to the Law and the provisions of any law of the Commonwealth of Australia or of a State or Territory of Australia, the Company may by special resolution reduce its share capital, any capital redemption reserve fund or any share premium account.

50. Transfer of Interests in Stock

50(1)

The holders of stock may transfer the same or any part thereof in the same manner and subject to the same provisions of the Articles as and subject to which fully paid shares may be transferred, or as near thereto as circumstances admit.

50(2)

The Directors may, from time to time, fix the minimum amount of stock transferable and restrict or forbid the transfer of fractions of that minimum, but the minimum shall not exceed the aggregate nominal amount of the shares from which the stock arose and shall be stated on the certificates for

such stock.

51. Rights of Stockholders

51(1)

The holders of stock shall, according to the amount of the stock held by them, have the same rights, privileges and advantages as regards participation in profits, participation in assets on a winding up, voting at meetings, and all other matters, as if they held the shares from which the stock arose.

51(2)

No such rights, privileges or advantages (except participation in dividends and profits and in the assets on a winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred such rights, privileges or advantages.

52. Applicability of Share Provisions to Stock

All the provisions of these Articles applicable to fully paid shares shall apply to stock.

GENERAL MEETINGS

53. Convening of General Meetings

53(1)

The Directors may, whenever they think fit, and shall where required by the Law convene a general meeting. If at any time there are not within Australia sufficient Directors capable of forming a quorum, any Director may convene a general meeting in the same manner as nearly as possible as that in which meetings may be convened by Directors.

53(2)

Any member or members, holding at least five (5) percent of the total voting rights in the Company, may requisition the Directors to convene a general meeting in which case the Directors shall convene a general meeting for the purpose of considering the business proposed by the member or members requisitioning the meeting.

54. Notice of General Meeting

Every notice of a general meeting shall be accompanied by a form of proxy and shall specify the place, day and hour of meeting and, in the case of special business, the general nature of such business and, in the case of an election of Directors, the names of the candidates for election and shall be given to the members by notice sent by post or otherwise served as hereinafter provided.

55. Accidental Omission to Give Notice

The accidental omission to give notice of any general meeting to, or the non-receipt of any such notice by, any of the members or the Auditors or the Secretary, or any person required to receive notice pursuant to the Law, or the accidental omission to advertise (if necessary) such meeting, shall not invalidate the proceedings at or any resolution passed at any such meeting.

56. Postponement of General Meetings

56(1)

The Directors shall have power to postpone the holding of any general meeting, provided that the postponed meeting shall be held within twenty-one (21) days of the date for which it was originally

called.

56(2)

Whenever any meeting is postponed for ten (10) days or more, then no less than two (2) days' notice shall be sent to the members of every such postponed meeting, as in the case of the original meeting, but it shall not be necessary to specify in such notice the nature of the business to be transacted at such postponed meeting.

PROCEEDINGS AT GENERAL MEETINGS

57. Quorum

57(1)

No business shall be transacted at any general meeting unless the members present constitute a quorum at the time when the meeting proceeds to business.

57(2)

Save as provided in Articles 5 or 58 and 118(3)(h), four (4) members present shall be a quorum.

58. Absence of Quorum

If within fifteen (15) minutes after the time appointed for the holding of a meeting a quorum is not present, the meeting:

- (a) if convened upon the requisition of members or for the purpose of winding up the Company voluntarily, shall be dissolved; or
- (b)
 - (i) in any other case it shall stand adjourned to the first Business Day thereafter at the same time and place or to such other day time and place as the Directors may by notice to the shareholders appoint;
 - (ii) if at such adjourned meeting a quorum is not present within fifteen (15) minutes after the time appointed for the meeting:
 - (A) the members present (being not less than three (3)) shall be a quorum; or
 - (B) where three (3) members are not present, the meeting shall be dissolved.

59. Ordinary and Special Business

59(1)

The business of an annual general meeting shall be:
