(1) The Governor may, by proclamation, declare an area described in the proclamation to be a marine park.

(2) The area that can be so declared includes:

7 Name of marine park

- (1) The Governor may, by proclamation, assign a name to a marine park.
- (2) The Governor may from time to time, by proclamation, alter the name of a marine park.

Editorial note—

For proclamations relating to marine parks, see the Historical notes.

8 Revocation of marine park

A declaration of a marine park must not be revoked except by an Act of Parliament.

9 Variation of area of marine park

- (1) The Governor may from time to time, by proclamation, vary the area of a marine park, but may only vary a marine park to remove an area if the relevant Ministers certify in writing that the area is no longer required to be part of the marine park for the purpose of attaining the objects of this Act.
- (2) Sections 40 (Notice of statutory rules to be tabled) and 41 (Disallowance of statutory rules) of the [Interpretation Act 1987](#) apply to a proclamation under this section in the same way as those sections apply to a statutory rule.
- (3) The provisions of section 6 (2)–(5) apply to a variation of an area under this section that adds an area to a marine park in the same way as those provisions apply to the declaration of an area as a marine park.

10 Effect of declaration on aquatic reserves

- (1) The declaration of an area as a marine park (or part of a marine park) revokes any declaration of the area as an aquatic reserve under the [Fisheries Management Act 1994](#).

12 Effect of declaration on aquaculture

- (1) The declaration of an area as a marine park does not affect any aquaculture permit or aquaculture lease under the *Fisheries Management Act 1994* and in force at the time of the declaration.
- (2) However, such a lease applying to any area within a marine park must not be extended or renewed under that Act, unless the regulations provide that aquaculture is permissible in the relevant area.

Part 3 Regulation of activities in marine parks

Division 1 Regulations for the management, protection and

conservation of marine parks

15 Regulations relating to marine parks generally

The regulations may make provision for or with respect to the management, protection and conservation of marine parks.

16 Regulations relating to zoning plans for marine parks

- (1) Without affecting the generality of section 15, the regulations may make provision for or with respect to classifying areas within a marine park for different uses (for example, sanctuary areas, habitat areas and general use areas) by means of zoning plans set out in the regulations.
- (2) The relevant Ministers are to cause public notice to be given of proposed regulations under this section containing a zoning plan for a marine park.
- (3) The notice is:
 - (a) to specify the address of each place at which copies of the proposed regulations may be inspected, and
 - (b) to invite submissions to be made on the proposed regulations within the period specified in the notice (being a period of not less than 3 months after the date of the notice),
 - (c) to specify the address to which such submissions are to be forwarded.
- (4) Copies of the proposed regulations must be displayed at such places frequented by the public as the relevant Ministers consider will bring the proposed regulations to the attention of interested persons.

 - (a) the relevant Ministers are of the opinion that the amendment is of a minor nature,

and

- (b) the relevant Ministers have consulted with the advisory committee for the marine park about the proposed amendment.

- (3) This section does not apply to or in respect of any licence, permit, authorisation or lease in force under any of those Acts at the commencement of this section. However, no renewal or extension of such a licence, permit, authorisation or lease may be granted after that commencement except as expressly authorised by an Act of Parliament.

19 Development within marine park—application of EPA Act

- (1) Before determining a development application under Part 4 of the *Environmental Planning and Assessment Act 1979* for the carrying out of development within a marine park, a consent authority must:
 - (a) take into consideration:
 - (i) the objects of this Act specified in section 3, and
 - (ii) if a zoning plan for the marine park is contained in the regulations as referred to in section 16, the objects of the zone within which the area concerned is situated as specified in the zoning plan, and
 - (iii) the permissible uses of the area concerned under the regulations, and
 - (b) if the consent authority intends to grant consent to the carrying out of the development, obtain the concurrence of the relevant Ministers to the granting of the consent.
- (2) A Minister who is a determining authority must not carry out, or grant approval to carry out, an activity (within the meaning of Part 5 of the *Environmental Planning and Assessment Act 1979*) within a marine park unless the Minister has:
 - (a) taken into consideration:
 - (i) the objects of this Act specified in section 3, and
 - (ii) if a zoning plan for the marine park is contained in the regulations as referred to in section 16, the objects of the zone within which the area concerned is situated as specified in the zoning plan, and
 - (iii) the permissible uses of the area concerned under the regulations, and
 - (b) in the case of an activity for which an environmental impact statement is required to be prepared under Division 3 of that Part, consulted with the relevant Ministers on the carrying out of the activity or the granting of approval.
- (3) A determining authority (not being a Minister) must not carry out, or grant approval to

carry out, an activity (within the meaning of Part 5 of the *Environmental Planning and Assessment Act 1979*) unless the determining authority has:

(a) taken into consideration:

(i) the objects of this Act specified in section 3, and

(ii) if a zoning plan for the marine park is contained in the regulations as referred to in section 16, the objects of the zone within which the area concerned is situated as specified in the zoning plan, and

(iii) the permissible uses of the area concerned under the regulations, and

(b) in the case of an activity for which an environmental impact statement is required to be prepared under Division 3 of that Part, obtained the concurrence of the relevant Ministers to the carrying out of the activity or the granting of approval.

(4) In deciding whether or not concurrence should be granted under this section, the relevant Ministers must take into consideration:

(a) the objects of this Act specified in section 3, and

(b) if a zoning plan for the marine park is set out in the regulations as referred to in section 16, the objects of the area concerned specified in the zoning plan, and

(c) the permissible uses of the area concerned under the regulations.

(5) The provisions of section 79B (8)–(11) of the *Environmental Planning and Assessment Act 1979*, and the regulations under that Act, apply to and in respect of a requirement under this section to obtain the concurrence of the relevant Ministers in the same way as they apply to a requirement to obtain concurrence imposed on a consent authority by an environmental planning instrument under that Act.

(6) For the purposes of applying those provisions, a reference in those provisions to the matters stated pursuant to section 30 (3) of the *Environmental Planning and Assessment Act 1979* (however expressed) is to be read as a reference to the objects of this Act specified in section 3 and the permissible uses of the area concerned under the regulations.

20 Development affecting marine park—application of EPA Act

(1) In determining a development application under Part 4 of the *Environmental Planning and Assessment Act 1979* for the carrying out of development on land that is in the locality of a marine park, the consent authority must take into consideration the objects of this Act, the permissible uses of the area concerned under the regulations and any advice given to it by the Authority about the impact on the marine park of development in the locality.

- (2) If the consent authority is of the opinion that development proposed in the development application is likely to have an effect on the plants or animals within the marine park and their habitat, the consent authority must consult with the Authority before finally determining the application.
- (3) A determining authority must not carry out, or grant an approval to carry out, an activity on land that is in the locality of a marine park in purported compliance with Part 5 of the *Environmental Planning and Assessment Act 1979* unless:
 - (a) the determining authority has taken into consideration the objects of this Act, the regulations and any advice given to it by the Authority on the impact on the marine park of the carrying out of an activity in the locality, and
 - (b) if the determining authority is of the opinion that the proposed activity is likely to have an effect on the plants or animals within the marine park or their habitat, the determining authority has consulted with the Authority.

Division 3 Marine park closures

20A Prohibition of activities in marine parks

- (1) The relevant Ministers may from time to time, by notification, prohibit the carrying out of any specified activity (including the taking of fish) in a marine park or part of a marine park.
- (2) Any such prohibition is called a ***marine park closure***.
- (3) A marine park closure:
 - (a) may apply absolutely or subject to conditions, and
 - (b) must specify the activities that are prohibited and the area to which it applies, and
 - (c) may only apply to the marine park specified in the notification, and
 - (d) has effect despite any provision of the regulations.

20B Publication of notification of marine park closure

- (1) The notification of a marine park closure is to be published:
 - (a) in the Gazette, and
 - (b) in a newspaper circulating, or by radio or television broadcast, in the area adjacent to the marine park to which the closure applies, and
 - (c) by causing a copy of the notification to be exhibited in a prominent place or places adjacent to the marine park to which the closure applies.
- (2) However, if the relevant Ministers consider that the marine park closure is required

urgently, they may publish the notification in accordance with subsection (1) (b) or (c) so long as they publish the notification in the Gazette as soon as practicable.

20C General provisions relating to marine park closures

- (1) A marine park closure takes effect on the first publication of the notification or on a later date specified in the notification.
- (2) A marine park closure remains in force, subject to this Act, for the period (not exceeding 5 years) specified in the notification, but may be remade (with or without modification) by a further notification in accordance with this Division.

20D Amendment or revocation of closures

The relevant Ministers may from time to time amend or revoke a marine park closure by a further notification published in accordance with this Division.

20E General provisions relating to closures

Sections 42, 43 and 45 of the *Interpretation Act 1987* apply to notifications of marine park closures in the same way as they apply to statutory rules within the meaning of that Act.

Note—

The above provisions of the *Interpretation Act 1987* relate to standard provisions authorising the adoption of other publications by reference, the making of differential closures, the amendment or repeal of closures and judicial notice and presumptions as to validity for closures.

20F Regulations relating to closures

The regulations may make provision for or with respect to giving effect to marine park closures or to any other matter relating to marine park closures.

20G Offence provisions

- (1) A person who carries out any activity in contravention of a marine park closure is guilty of an offence.

Maximum penalty: In the case of a corporation, 1,000 penalty units or, in any other case, 200 penalty units or imprisonment for 6 months, or both.

- (2) A person who is in possession of any animal, plant, rock, sand or other thing that has been taken in contravention of a marine park closure is guilty of an offence.

Maximum penalty: In the case of a corporation, 500 penalty units or, in any other case, 100 penalty units or imprisonment for 3 months, or both.

- (3) It is a defence to a prosecution for an offence under subsection (2) if the person charged satisfies the court that the person did not know and could not reasonably have known that the animal, plant, rock, sand or other thing had been taken in contravention of a provision of or made under this Act.

Division 4 Miscellaneous

20H Removal of wrecked vessels and other property from marine parks

(1) In this section, **unused property** means:

- (a) any sunken or wrecked vessel, or
- (b) any abandoned property, or
- (c) anything unlawfully erected or placed.

(2) The Authority may, by notice in writing, direct the owner of or person responsible for any unused property in a marine park to remove the property within such time as is specified in the notice. Any such owner or person who fails, without reasonable excuse, to comply with the direction is guilty of an offence.

Maximum penalty: In the case of a corporation, 500 penalty units or, in any other case, 100 penalty units or imprisonment for 3 months, or both.

(3) The Authority may remove, or authorise the removal of, any unused property in such manner as the Authority thinks fit (whether or not the Authority has issued a direction for its removal under this section). The unused property may be removed by its destruction if it is reasonable to do so in the circumstances.

(4) The Authority may, subject to and in accordance with the regulations, dispose of anything removed under this section.

(5) The Authority may recover as a debt in a court of competent jurisdiction the reasonable costs and expenses incurred by the Authority in the exercise of the Authority's powers under this section from the owner of or person responsible for the unused property.

(6) Except in the case of an emergency, the Authority must not give a direction for the removal of any unused property, or remove or authorise the removal of any unused property, that the Authority is of the opinion is likely to have significant cultural or ecological value unless the Authority:

- (a) has made an assessment of that cultural or ecological value, and
- (b) has forwarded a copy of that assessment to the relevant advisory committee at least 4 weeks before giving the direction or removing or authorising the removal of the unused property.

21 Relationship with [Coastal Protection Act 1979](#)

The Minister administering Part 3 of the [Coastal Protection Act 1979](#) must notify the Authority of the Minister's intention to give any concurrence under that Part to the carrying out of development within any area in a marine park or the use or occupation of

any area in a marine park.

22 Relationship of Part with other legislation

- (1) The requirements made by or under this Part are in addition to any requirement in any other Act or statutory instrument.
- (2) In particular, the *Fisheries Management Act 1994* and the *National Parks and Wildlife Act 1974* apply to any relevant area of a marine park.

Part 4 Operational plans

23 Preparation of operational plan for marine park

The Authority is to cause an operational plan to be prepared for each marine park as soon as practicable after the declaration of the marine park.

24 Contents and objectives of operational plan for marine park

An operational plan for a marine park is to contain a scheme of the operations that the Authority proposes to undertake or permit in or in relation to the marine park to attain the objects of this Act.

25 Adoption of operational plan for marine park

- (1) On the preparation of an operational plan for a marine park, the Authority is to refer the plan to the Advisory Council and the advisory committee for the marine park for consideration and advice.
- (2) The Authority is to consider any comments that it receives, within such period as the Authority specifies when referring the plan, from the Advisory Council or any relevant advisory committee, and may amend the operational plan to take account of any such comments.
- (3) The Authority is to submit the operational plan to the relevant Ministers, together with any comments from the Advisory Council and the advisory committee for the marine park that the Authority did not include in the operational plan.
- (4) On the submission of the operational plan, the relevant Ministers are to cause public notice to be given of the proposed plan.
- (5) The notice is:
 - (a) to specify the address of each place at which copies of the proposed plan may be inspected, and
 - (b) to invite submissions to be made on the proposed plan within the period specified in the notice (being a period of not less than 3 months after the date of the notice), and

(c) to specify the address to which such submissions are to be forwarded.

(6) The relevant Ministers are to consider:

(a) any comments made within the period specified for that purpose in the notice referred to in subsection (4) or such further period as the relevant Ministers allow, and

(b) any comments from the Advisory Council and the advisory committee for the marine park, and

(c) any comments made by persons who are the holders of existing interests within the marine park within the period specified for that purpose in the notice referred to in subsection (4) or such further period as the relevant Ministers allow,

and may amend the plan to take account of any such comments.

(7) The relevant Ministers may:

(a) adopt the operational plan without alteration or with such alterations as the Ministers may think fit, or

(b) refer the operational plan back to the Authority for further consideration.

(8) The relevant Ministers are to ensure that an operational plan for a marine park is adopted as soon as practicable and, in any event, within 12 months after the making of the first regulation that sets out a zoning plan for the marine park (as referred to in section 16). However, the operational plan is not invalid merely because it was adopted after that 12-month period.

26 Alteration or revocation of operational plan for marine park

(1) The relevant Ministers may:

(a) alter an operational plan for a marine park, or

(b) revoke the plan and substitute a new operational plan.

(2) If the relevant Ministers propose to alter or to revoke and substitute an operational plan, the Ministers are to instruct the Authority to prepare the alteration or new plan as soon as practicable.

(3) Except as provided by subsection (4), section 25 applies to the alteration of an operational plan for a marine park in the same way as it applies to the preparation and adoption of a new operational plan for a marine park.

(4) If the relevant Ministers are of the opinion that a proposed alteration to an operational plan is minor in nature, the relevant Ministers may direct that section 25 does not apply to the alteration.

26A Annual review of operational plan for marine park

- (1) The advisory committee for a marine park may review the operational plan for the marine park every 12 months to determine whether or not the plan is effective and is being satisfactorily implemented.
- (2) The advisory committee must forward a report on the outcome of the review to the relevant Ministers, the Authority and the Advisory Council as soon as practicable after its completion.
