be carried out, medical examinations of such of those workers as it thinks fit.

- (3) The board shall, from time to time, make a determination as to the class or classes of employment (in this section hereinafter referred to as **determined class or classes of employment**) in any industry or process, which employment is of such a nature as to expose the worker to the risk of contracting a dust disease and shall from time to time notify the WorkCover Authority of their determination.

- (6) The amount of such estimate (less the moneys referred to in subsection (5) (a)) shall be paid to the board by way of contributions by insurers in accordance with the provisions of this section. - (ii) in respect of the estimate made for any succeeding year as soon as practicable after the estimate made for such year has been forwarded to the WorkCover Authority.

- (c) In determining the contributions payable by a self-insurer the WorkCover Authority may have regard to the number of workers employed by such self-insurer and to the wages paid to workers so employed and to the premium which such self-insurer would have paid had the self-insurer's liability been insured under the Principal Act or the 1998 Act respecting workers so employed with an insurer licensed under the Principal Act or the 1998 Act.

(7B) An insurer may, subject to the provisions of the Principal Act and the 1998 Act, adjust the premium payable in respect of a policy of insurance or indemnity required by that Act to be obtained by an employer so as to include an amount equivalent to such part of the contributions payable by the insurer under this section as relates to that employer and that policy.

(7C) (Repealed)

(7D) The WorkCover Authority may determine additional amounts of contributions to be paid by insurers from their premium income to the board if it considers that it is necessary having regard to relevant prevailing circumstances and the financial stability of the Fund.

Proceedings in respect of the recovery of any such contribution or the enforcement of any such penalty may be instituted by the board.

(7F) A certificate by the WorkCover Authority setting forth the fact that any determination has been made under and in accordance with subsection (7) or (7D) and the amount of contribution payable by any insurer shall in any proceedings for the recovery of any contribution payable under this section or in proceedings for a penalty under subsection (7E) be conclusive evidence of the matters stated in such certificate.

(8) Every insurer shall in each year at such time as the WorkCover Authority may notify, furnish to the Authority such particulars as it may require for the purpose of enabling it to make any determination under this section.

(9) No contribution shall be payable under this section by the owner of a mine to which the *Coal Mines Regulation Act 1912* applies, or by an insurer of any such owner, in so far as the business of the insurer relates to insurance of liability under the Principal Act or the 1998 Act of any such owner.

(10) The board shall from time to time furnish to the WorkCover Authority such information as the WorkCover Authority may require in regard to employment in any industry or process which is of such a nature as to expose the worker to the risk of contracting a dust disease, compensation paid and payable to workers in such employment, the financial position of the Fund, and any other matter arising out of the board's duties under this Act which the WorkCover Authority considers will assist it in carrying out its duties under this section.

(11), (12) (Repealed)

- (3) The medical authority shall undertake such duties and make such examinations and furnish reports thereon as the board or the Minister may require.
- (4) If a medical practitioner has given evidence or agreed to give evidence as a medical practitioner in connection with any legal proceedings taken by or on behalf of a worker or by any employer of the worker, the medical practitioner must not act as a member of a medical authority in connection with any case involving those proceedings.
- (5) The certificate of a medical authority shall, subject to section 8I, be conclusive evidence as to the matters certified.
- (6) No action or suit shall be brought or maintained against any person who is, or at any time has been, a member of the medical authority for anything done or omitted by the member pursuant to the duties imposed upon the member by or under this Act, nor shall any action, suit or other proceeding lie against the member, nor any costs be payable by the member, in respect of any proceeding before the medical authority.

- (ii) a surviving spouse and a child or children of the worker.
- (iii) (Repealed)

(b) Where the dependent person referred to in paragraph (a) (i) was wholly dependent for support on the worker and an award to which this subsection applies is made by the board under subsection (1) (b), the prescribed rates of compensation payable shall be:

- (i) the sum of \$141,250,
- (ii) in the case of a surviving spouse—a weekly payment of \$137.30 per week, to continue until the marriage or death, whichever event first occurs, of that person, and
- (iii) in the case of a surviving spouse and subject to paragraph (ba)—a weekly payment of \$69.40 per week in respect of each child who was wholly or partly dependent on the worker for support, to continue until the death of that child.

Editorial note—

For notices pursuant to sec 8 (2B) (b), see the Historical notes at the end of this Act.

(ba) The payment referred to in paragraph (b) (iii) shall not be made in respect of a child who has attained, or attains, the age of 16 years unless the child is under the age of 21 years and is receiving full-time education at a school, college or university.

(bb) The payment referred to in paragraph (b) (ii) is not to be made to a person during any period when the person lives with another person on a permanent and bona fide domestic basis, although not legally married to that other person.

- (c) Where the dependent person referred to in paragraph (a) (i) was wholly dependent for support on the worker and an award to which this subsection applies is made pursuant to subsection (1) (c), the prescribed rates of compensation payable shall be:
 - (i) where the disablement for work from the disease was total, the compensation payments prescribed by paragraph (b), or
 - (ii) where the disablement for work from the disease was partial, a percentage of the compensation payments prescribed by paragraph (b), such percentage being calculated in accordance with the provisions, mutatis mutandis, of subsection (2) (c) (ii).
- (d) Where the dependent person referred to in paragraph (a) (i) was partially dependent on the worker for support the prescribed rate of compensation payable shall be such payments, not exceeding in any case the amount that would have been payable as compensation under the award had that person been wholly dependent on the worker for support, as may be determined by the board to be reasonable and proportionate to the injury to that person.
- (e) In subsections (2B), (2C) and (2D), a reference to a child of a worker includes a reference to a stepchild of the worker and a child to whom the worker stood in loco parentis.

(2C)

- (a) The board may, of its own motion, and shall, on the application of a person who is, or at any time was, entitled under any award made pursuant to this Act before the commencement of Part 2 of the *Workers' Compensation (Dust Diseases) Amendment Act 1967*, or pursuant to any scheme made under the *Workers' Compensation (Silicosis) Act 1920*, to compensation in respect of the death of another person, order that compensation in respect of such death shall be payable under that award in accordance with the provisions of this subsection.
- (b) Where the board makes an order under paragraph (a) in respect of an award referred to in that paragraph, there shall be payable under that award in addition to any other amounts paid or payable thereunder, such compensation as would have been payable by virtue of subsection (2B) if:
 - (i) the award had been made after the commencement of Part 2 of the *Workers' Compensation (Dust Diseases) Amendment Act 1967*, and
 - (ii) that subsection had been amended by the omission therefrom of subparagraphs (i) and (iii) of paragraph (b) and the word "and" in subparagraph (ii) of that paragraph.
- (c) Compensation payable under an award pursuant to paragraph (b) shall be payable

as from such date, not earlier than the commencement of Part 2 of the *Workers' Compensation (Dust Diseases) Amendment Act 1967*, as the board, in its discretion, may specify in its order made under this subsection or subsequently determine.

(2D)

- (a) The provisions of section 85 of the Principal Act shall not apply to or in respect of compensation payable under subsection (2B) or (2C).
- (b) All weekly compensation prescribed by subsection (2B) or (2C) as payable in respect of a child of a worker shall:
 - (i) where the worker left a surviving spouse, be paid to such surviving spouse unless the board otherwise orders,
 - (ii) where the worker did not leave a surviving spouse or where the board otherwise orders under subparagraph (i), be paid to such person or institution as the board may direct.

Where the board makes an order under this paragraph the compensation shall be paid in accordance with the terms of such order.

- (c) All weekly compensation payable under subsection (2B) or (2C), other than compensation referred to in paragraph (b), shall be paid to the person entitled (otherwise than as a child of the worker) to compensation under the award.
- (d) All compensation payable under subsection (2B) or (2C), other than weekly compensation, shall:
 - (i) where the board, being of opinion that by reason of the age or health of the person entitled to such compensation or any disability to which that person may be subject or for any other reason it would be in that person's best interests that the compensation be paid in accordance with this subparagraph, so orders, be invested, applied or otherwise dealt with by the board in such manner as the board thinks fit for the benefit of that person,
 - (ii) where the board does not make an order under subparagraph (i), be paid to the person entitled to such compensation, in one or more lump sums determined by the board.

(2E)

- (a) At the request of a dependent person referred to in subsection (2B) (a) (i), the board may, if it considers it to be in the best interests of that person so to do, redeem a liability to make weekly payments of compensation to that person by an award of a lump sum as compensation.

(b) The board shall not, under paragraph (a), redeem a liability by awarding a lump sum of an amount that, when added to the total amount payable to the dependent person in pursuance of this Act by way of:

(i) weekly payments in respect of the period commencing on the date of death of the worker upon whom that person was dependent and ending on the date of the redemption, or

(ii) any other lump sum,

or both, would exceed the amount of the lump sum that would have been payable to a surviving spouse of the worker under Division 1 of Part 3 of the Principal Act at the time of the death of the worker.

(c) Subsection (2D) (d) applies to and in respect of a lump sum awarded under this subsection in the same way as it applies to and in respect of compensation referred to in that paragraph.

(2F) The amendments made to this section by Schedule 10 to the *Workers Compensation (Benefits) Amendment Act 1989* apply:

(a) in the case of the amendments made to subsections (2B) (b) (i) and (3) (d), only in respect of the death of a person occurring on or after 1 July 1989, or

(b) in any other case, in respect of compensation that becomes payable on or after 1 July 1989 (whether the claim concerned arose before or after that date).

(2G) The amendments made to this section by the *Workers Compensation Legislation (Amendment) Act 1992* apply:

(a) in the case of amendments made to subsections (2B) (b) (i) and (3) (d)—only in respect of the death of a person occurring on or after 1 July 1992, or

(b) in any other case—in respect of compensation that becomes payable on or after 1 July 1992 (whether the claim concerned arose before or after that date).

On and from 1 July 1992 (and until the next adjustment of the amounts under subsection (3) (d)), the amount specified in subsections (2B) (b) (i) and (3) (d) is taken to be \$145,500, the amount specified in subsection (2B) (b) (ii) is taken to be \$141.40 and the amount specified in subsection (2B) (b) (iii) is taken to be \$71.50.

(3) Except as otherwise provided under this Act, the following provisions of the Principal Act (with such modifications as may be necessary or as may be prescribed by the regulations) apply to awards referred to in subsection (2) or (2B):

(a) Division 1 of Part 3, as applied under Schedule 6 to that Act in the case of deaths occurring before the commencement of that Division,

- (b) Division 2 of Part 3 (except sections 51, 52, 52A and 52B), as applied under Schedule 6 to that Act in the case of weekly payments to coal miners (in the application of section 55 the review of weekly payments shall be made by the board and may be made on its own motion in addition to being made on request, but despite clause 4 of Part 4 of Schedule 6, sections 35 and 37 apply without modification),
- (c) Division 3 of Part 3,
- (d) Division 6 of Part 3 (in the application of that Division the amounts referred to in subsection (2B) (b) shall be adjustable amounts and the amount of \$141,250 shall be deemed to be included in section 81 (1)),

Editorial note—

For notices pursuant to sec 8 (3) (d), see the Historical notes at the end of this Act.

- (e) any other provision prescribed by the regulations.

(3AA), (3AB) (Repealed)

- (3A) In the application to any award of the provisions of the Principal Act and the 1998 Act, the injury to the person who is or whose dependants are entitled to the award shall be deemed to have happened at the time when that person was last employed as a worker in an occupation to the nature of which the disease contracted by him was due:

Provided that if the board, on the report of the medical authority, is satisfied that such person's employment in such occupation did not materially contribute to the person's disablement or death it may, for the purposes of this subsection, disregard that employment and have regard to the last previous employment of such person which the board, on the report of the medical authority, is satisfied did materially contribute to such person's disablement or death.

- (3B) Where the board is satisfied that a person who pursuant to this Act is receiving or entitled to receive weekly payments of compensation under an award in respect of the person's partial disablement for work from a dust disease has taken all reasonable steps to obtain, and has failed to obtain employment of a kind suited to a person so partially disabled, and that the person's failure to obtain such employment is a consequence, wholly or mainly, of such disablement the board may order that the person's disablement shall be treated as total disablement and the board may at any time rescind any such order.

While such an order remains in force the compensation payable under the award shall be that which would have been payable thereunder had the disablement from the disease been total.

- (4) The requirements of the Principal Act and the 1998 Act as to the giving of notice of or

relating to injury and as to the making of claims for compensation apply (subject to the regulations) to the giving of any such notice and the making of any such claims under this Act, except that notices are to be given to, and claims made on, the board instead of to or on the employer.

(5) (Repealed)

(5A) The regulations under the Principal Act or the 1998 Act may require a policy of insurance under that Act to contain provisions in respect of the employer's liability independently of that Act for an injury (being a dust disease) to a worker under this Act.

(6)

(a) Any person claiming or receiving, in respect of the person's disablement for work from a dust disease, or the death from a dust disease of any other person, compensation under this Act shall not be entitled to claim or receive, in respect of that part of the person's disablement for work from the disease in respect of which the person is claiming or receiving compensation under this Act, or in respect of the death from the disease of such other person, as the case may be, compensation under the Principal Act or under any other Act (in this subsection referred to as **compensation Act**) in force in New South Wales for the time being relating to compensation to workmen or workers in respect of injuries received, disablement or industrial diseases.

(b) Where, but for this paragraph, compensation would be payable under this Act as well as under the Principal Act or any compensation Act in respect of the death of any person and the compensation payable under the Principal Act or under the said compensation Act, as the case may be, in respect of such death:

(i) would be of the same or of a lesser amount than the compensation payable under this Act in respect of such death, no compensation shall be payable under the Principal Act or under the said compensation Act, as the case may be, in respect of such death, or

(ii) would exceed the compensation payable under this Act in respect of such death, the compensation payable under the Principal Act or under the said compensation Act, as the case may be, in respect of such death shall be reduced by the amount of compensation payable under this Act in respect of such death.

For the purposes of this paragraph the amount of any weekly payments prescribed by this Act as compensation payable in respect of the death of a person (not being payments in respect of a child or stepchild of such person or a child to whom the person stood in loco parentis) shall be deemed to be a capital sum the amount of which shall be assessed by the board as the equivalent of such weekly payments.

The board shall make such an assessment on the application of a person required to pay compensation under the Principal Act or a compensation Act in respect of that death and, for that purpose, may act upon or take into account such actuarial or other advice or information as it may think fit.

(c) Where the sum of:

- (i) the amount per week payable to any person under this Act in respect of the person's disablement for work from a dust disease, and
- (ii) the amount per week payable to such person under the Principal Act or under any compensation Act, in respect of injuries received by him, the person's disablement or industrial diseases contracted by him,

would, but for this paragraph, exceed:

- (iii) the amount of the weekly payments that would be payable to such person if the person were receiving weekly payments under this Act in respect of the person's total disablement for work from the disease, or
- (iv) the amount of the weekly payments that would be payable to such person if the person were receiving weekly payments under the Principal Act or under the said compensation Act, as the case may be in respect of the person's total incapacity for work from injury, disablement or industrial diseases,

whichever is the greater, then the weekly payments of compensation that would, but for this paragraph, be payable to such person under the Principal Act or under the said compensation Act shall be reduced by an amount equal to the difference between:

- (v) the sum of the amounts referred to in subparagraphs (i) and (ii), and
- (vi) the amount of the weekly payments referred to in subparagraph (iii) or (iv), whichever is the greater.

(6A) Where the board makes an award under this section in respect of the total or partial disablement for work of a person from a dust disease, or the death of a person from a dust disease, or the death of a person totally or partially disabled for work from a dust disease, and the board:

- (a) has found that such person was a worker during only part of the time the person was engaged in an occupation to the nature of which the disease was due, and
- (b) is of the opinion, on the report of the medical authority, that the disablement of that person from the disease (if the award was not made in respect of the person's death from the disease) or the person's death from the disease (if the award was so made) was to a substantial extent attributable to the person's having been exposed to the inhalation of dust during such time as the person was engaged in

that occupation otherwise than as a worker,

the board shall by the terms of that award fix the rate of compensation to be paid thereunder at such rate, being a lesser rate than would otherwise have been payable under the award in accordance with the terms of this section, as the board considers to be appropriate having regard to the extent or likely extent to which the person's disablement or death was attributable to the person's having been so exposed to the inhalation of dust, and the prescribed rate of compensation payable under the award shall in such case be the rate of compensation as so fixed by the board.

- (7) Weekly compensation payments under an award made pursuant to subsection (1) (a) shall be payable as from the date when the application for compensation is received by the board or, if the board, subject to subsection (8), determines that those payments should be payable as from an earlier date, as from that earlier date.
- (8) The board shall not, under subsection (7), determine a date earlier than 29th February 1968, or earlier than the date of disablement of the worker in respect of whom the application for compensation is made.
- (9) In this section:

prescribed relative of a person means:

- (a) where the person died before the commencement of Schedule 6 [12] to the *Workers Compensation Legislation Amendment (Dust Diseases and Other Matters) Act 1998*—a surviving spouse of the person, or
- (b) where the person dies after that commencement:
- (i) a surviving spouse of the person, or
- (ii) if there is no surviving spouse of the person—a father, mother, grandfather, grandmother, step-father, step-mother, grandson, granddaughter, brother, sister, half-brother or half-sister of the person.

8A Power to vary awards for certain purposes

Where a person and the person's spouse (if any) or a person or the person's spouse (if any) would, but for the weekly payments of compensation payable to such person under any award made before or after the commencement of the *Workers' Compensation (Silicosis) Amendment Act 1953* by the Silicosis Committee or the board under this Act or under any award made by a joint committee constituted under a scheme made under the *Workmen's Compensation (Silicosis) Act 1920*, be qualified to receive an age, invalid or widow's pension under the *Social Services Consolidation Act 1947*, of the Parliament of the Commonwealth of Australia, as amended by subsequent Acts of that Parliament, or any other pension, allowance or benefit under any Act or an Act of that Parliament, the board may, in order that such person and the person's spouse (if any) or such person or

the person's spouse (if any) may become so qualified, make an order directing that the weekly payments of compensation payable to such person under that award shall be such amount, less than that prescribed under this Act or any amendment thereof, as the board may specify in the order. While such order remains in force the compensation payable from the Fund to such person under the award shall, notwithstanding anything elsewhere contained in this Act or any amendment thereof, be the amount specified in the order.

8AA Compensation not payable in certain circumstances

- (1) In this section **prescribed engagement** means engagement (whether before or after the commencement of Part 2 of the *Workers' Compensation (Dust Diseases) Amendment Act 1967*) in an occupation:
 - (a) as an employee within the meaning of the *Commonwealth Employees Compensation Act 1930* of the Parliament of the Commonwealth of Australia, as amended by subsequent Acts of that Parliament, or
 - (b) under a contract of service or apprenticeship outside New South Wales.
- (2)
 - (a) This subsection applies to any person who has received or is receiving compensation under any Act or ordinance of the Commonwealth of Australia or any State (other than New South Wales) or Territory of the Commonwealth of Australia or under any law of any country outside the Commonwealth of Australia in respect of:
 - (i) the person's disablement for work from a dust disease contracted in the course of a prescribed engagement, or
 - (ii) the death of another person from a dust disease contracted in the course of a prescribed engagement.
 - (b) Subject to this section, but notwithstanding anything elsewhere contained in this Act, no person to whom this subsection applies shall, if the person or, as the case may be, the person in respect of whose death the person has received or is receiving compensation as aforesaid was not after the cessation of the person's prescribed engagement engaged as a worker in an occupation to the nature of which the disease was due, be entitled to compensation from the Fund for that part of the person's disablement in respect of which the person has so received or is so receiving compensation, or for the death from the disease of that other person, as the case may be.
- (3) Every person in receipt of or claiming compensation from the Fund in respect of his or her total or partial disablement for work from a dust disease or the death of another person from a dust disease shall, on receiving any compensation under an Act (other than this Act), ordinance or other law referred to in subsection (2) in respect of his or

her total or partial disablement for work from the disease or the death from the disease of that other person, as the case may be, or on being notified of his or her entitlement to any compensation in respect of such disablement or death by the person, authority or body who or which would be liable under such Act, ordinance or law to pay the same, inform the board of such receipt or notification within 7 days thereafter and if the person does not do so shall be guilty of an offence against this Act and be liable to a penalty not exceeding 1 penalty unit.

- (4) The board may, if it is of the opinion that any person (in this subsection called the claimant) claiming or receiving compensation from the Fund in respect of the person's total or partial disablement for work from a dust disease is or may be entitled to other compensation in respect of that disablement or death, as the case may be, require the claimant to take all appropriate and reasonable steps to claim and recover such other compensation and may, if it is satisfied that the claimant having been so required has not complied with such requirement, make an order reducing any compensation payable to the person from the Fund in respect of such disablement or death by such amount or weekly amounts as the board may in its discretion determine, not exceeding the amount or amounts the person's entitlement to which would in the opinion of the board be divested by subsection (2) if the person had received or were receiving that other compensation, and may at any time rescind any such order. While any such order remains in force the compensation payable to the claimant in respect of such disablement or death, as the case may be, shall, subject to this section but notwithstanding anything elsewhere contained in this Act, be reduced by the amount or amounts specified in the order.

In this subsection ***other compensation*** means, in relation to any claimant, compensation the receipt of which would under subsection (2) divest in whole or in part the claimant's entitlement to compensation from the Fund.

- (5) No person shall be liable by virtue of any provisions of this section to repay any money paid from the Fund.

8B Interim award

- (1) The board may, where it is satisfied that compensation is payable under this Act to any person, and pending its final determination as to the amount of such compensation, make an interim award for the payment of such amount of compensation to that person as does not exceed the least compensation to which the person is, in the opinion of the board, entitled.
- (2) Upon the making of an award in favour of such person pursuant to section 8 (1), the interim award in such person's favour shall terminate and the amounts which have been paid under the interim award shall be deducted from the amount payable under the award made under that subsection.
- (3) An interim award made in favour of any person may be terminated by the board at

any time before the making of an award in favour of that person pursuant to section 8 (1).

8C Power to terminate or vary awards

Where the board is satisfied that by reason of any mistake of law or of fact an award was wrongly made or any amount of compensation specified in an award was wrongly calculated, it may terminate or vary such award, and the compensation payable thereunder, accordingly.

8D Power to resume weekly payments ended under Principal Act

Where either before or after the commencement of the *Workers' Compensation (Silicosis) Amendment Act 1957*, any weekly payments to any person made under this Act have been ended pursuant to section 60 of the *Workers' Compensation Act 1926* or section 55 of the *Workers Compensation Act 1987*, as applied by this Act, and the board, upon an application for resumption of such weekly payments made by such person, is satisfied that such weekly payments would, if they were in force, not be ended pursuant to such powers, the board may resume making weekly payments to such person of such amount not exceeding the maximum provided by this Act as the board may determine.

8E Reimbursement of compensation from negligent third parties

(1) **Purpose of section** The purpose of this section is to provide the board with rights to be reimbursed for compensation paid or payable by it where damages are recovered or recoverable, being rights that correspond in certain respects to those available to an employer (or an employer's insurer) under section 151Z of the *Workers Compensation Act 1987*.

(2) **Application of section** This section applies where a worker suffers disablement or death from a dust disease.

(3) **Reimbursement where damages recovered** If:

(a) a person (the **first person**) recovers damages from some other person (the **second person**) in respect of the disablement or death pursuant to the final determination of the relevant proceedings, and

(b) there is deducted from the damages the amount of any compensation already paid to the first person under this Act, or the present value of future benefits payable to the first person under this Act, or both,

the following provisions have effect:

(c) the second person is liable to pay to the board an amount equal to the amount or amounts so deducted,

(d) the amount that the second person is liable to pay under this subsection is

payable within 42 days after recovery of the damages or within such other period as is provided by Schedule 1A or prescribed by the regulations or as is (subject to the regulations) allowed by the board,

- (e) the amount that the second person is liable to pay under this subsection, or any unpaid portion of it, together with interest as provided by Schedule 1A, is recoverable by the board in a court of competent jurisdiction as a debt owing to the board.

(4) Reimbursement where damages not sought to be recovered If:

- (a) the dust disease for which compensation is payable under this Act to a person (the **first person**) was caused under circumstances creating a liability in some other person (the **second person**) to pay damages for loss in respect of the disablement or death, and
- (b) the first person has not recovered any such damages, and proceedings are not pending for their recovery, and
- (c) the first person has received compensation under this Act,

the following provisions have effect:

- (d) the board may but is not required to take action to be indemnified, by the second person, for the amount of any compensation already paid to the first person under this Act, being an indemnity limited to the amount of those damages to the extent that they are damages for economic loss,
- (e) a certificate executed by the board and certifying that a specified amount is the amount of compensation paid as referred to in paragraph (d) is (without proof of its execution) admissible in any proceedings and is evidence of the matters certified in the certificate,
- (f) if two or more persons are so liable to pay those damages, they are jointly and severally liable under the indemnity,
- (g) all questions relating to matters arising under this subsection are, in default of agreement, to be settled by proceedings in the Dust Diseases Tribunal or by arbitration if the Tribunal so orders.

(5) Persons affected by section For the purposes of this section:

- (a) a "first person" can be the worker or another person, and
- (b) a "second person" cannot be the worker's employer.

(6) Joint liability—employer If:

- (a) the first person takes or is entitled to take proceedings to recover damages from

the worker's employer as joint tortfeasor or otherwise, in addition to taking or being entitled to take proceedings to recover damages from the second person, and

- (b) the second person is entitled to recover from the worker's employer any contribution towards the damages recovered or would be entitled to do so if proceedings to recover those damages were taken,

the following provisions have effect:

- (c) the amount that the second person is liable to pay to the board under subsection (3) or the amount for which the second person can be required to indemnify the board under subsection (4) is to be reduced by the same proportion as that contribution bears to the amount of those damages,
- (d) the second person is not entitled to recover from the worker's employer any contribution towards the amount paid or payable to the board by the second person.

(7) Joint liability—non-employer If:

- (a) the first person takes or is entitled to take proceedings to recover damages from another person as joint tortfeasor or otherwise (not being the worker's employer), in addition to taking proceedings to recover damages from the second person, and
- (b) the second person is entitled to recover from that other person any contribution towards the damages recovered,

the following provisions have effect:

- (c) the second person is entitled to recover from that other person a contribution towards the amount that the second person is liable to pay under subsection (3), being a contribution that bears the same proportion to that amount as the contribution towards the damages recovered bears to the amount of those damages,
- (d) the second person is entitled to recover from that other person that contribution towards the amount paid or payable to the board by the second person,
- (e) the second person is entitled to recover that contribution whether or not that other person is or was a party to the proceedings taken by the first person to recover the damages from the second person.

- (8) In a case in which the deduction from damages referred to in subsection (3) (b) is not apparent or readily ascertainable from the terms of any judgment or award in respect of the damages, the amount of the deduction is as determined in accordance with Schedule 1A.

(9) The regulations may make provision for or with respect to:

- (a) the determination of the amount of any deduction from damages referred to in subsection (3) (b), being provisions not inconsistent with the provisions of Schedule 1A, and
- (b) requiring (in addition to the requirements of Schedule 1A) the provision to the board of information or documents by a person from whom or by whom damages in respect of disablement or death from a dust disease are recovered or recoverable, being information or documents relevant to the determination of any matter in connection with the operation of this section or Schedule 1A, and
- (c) exempting classes of persons or cases from the operation of all or specified provisions of this section or Schedule 1A.

(9A) Schedule 1A has effect for the purposes of this section.

(10) **Definitions** In this section and Schedule 1A:

damages means damages whether or not payable under an award or judgment, and includes damages payable under a settlement, but does not include damages of a class excluded by the regulations from this definition.

damages for economic loss means damages other than damages for non-economic loss as defined in section 12D of the *Dust Diseases Tribunal Act 1989*.

employer, in relation to a worker, means a person who was the worker's employer at any relevant time, and includes:

In a prosecution for any such offence, an authority to prosecute, purporting to have been signed by the Minister, shall be prima facie proof of such authority without proof of the Minister's signature.

- (2) All proceedings for offences against this Act or the regulations may be disposed of summarily before a Local Court constituted by a Magistrate sitting alone.

8H Inspectors

- (1) The Governor may appoint inspectors under this Act.

- (3) The duties of inspectors shall be to obtain and furnish to the Chairperson of the board information in relation to:
 - (a) the payment of the contributions referred to in section 6 (6), and matters affecting the liability of any insurer to pay such contributions,

In the exercise of such duties inspectors shall be subject to direction by the Chairperson of the board.

- (a) Subject to the following paragraphs, the amount of compensation (the **deducted compensation**) taken to have been deducted from the damages payable by the second person to the first person is the total of the following amounts as assessed by the board:
- (i) the amount of compensation paid by the board to, or on behalf of, the first person up to the date of final determination,

 - (b) in any other case:
 - (i) if the second person has not lodged a reconsideration request before the expiry of the 28 day period referred to in clause 4 (d) (ii)—the date of expiry of the 42 day period referred to in clause 6 (a) (being 42 days after the service of an assessment notice referred to in clause 4 (b)), or

- (3) If the board has issued an amended assessment notice in accordance with clause 4 (f) (ii), the amount of interest is to be calculated on the amount of deducted compensation set out in that amended notice.
