Lismore Local Environmental Plan 2000

New South Wales

Part 1 Preliminary

1 Name of plan

This plan is *Lismore Local Environmental Plan 2000*.

2 Aims, objectives etc of plan

- (1) The general aim of this plan is to provide a flexible planning framework that allows for the maintenance and development of a prosperous, attractive and well-served living environment that reflects the values, needs and aspirations of the Lismore community.
- (2) The objectives of this plan are:
 - (a) **with respect to the economy:**
 - (i) to stimulate and strengthen the role of Lismore as a regional centre, and
 - (ii) to provide a range of opportunities which will improve employment opportunities in Lismore, and
 - (iii) to create opportunities to stimulate tourism and attract visitors to Lismore, and
 - (b) **with respect to transport:**

to provide for the efficient movement of goods and people by encouraging adequate road, rail and air transport systems, and
 - (c) **with respect to community development:**

to provide opportunities for the establishment of community, health and welfare facilities in accessible locations for residents, and
 - (d) **with respect to heritage:**
 - (i) to conserve the environmental heritage of the City of Lismore, and
 - (ii) to integrate heritage conservation into the planning and development control

processes, and

(iii) to provide for public involvement in the matters relating to the conservation of the City of Lismore's environmental heritage, and

(iv) to ensure that new development is undertaken in a manner that is sympathetic to, and does not detract from, the heritage significance of heritage items and their settings, as well as streetscapes and landscapes of Lismore and the distinctive character that they impart to the City of Lismore, and

(e) **with respect to housing:**

to provide a choice in residential living styles and an equitable and appropriate provision of utility services, and

(f) **with respect to leisure and learning:**

to reinforce the function of Lismore as a regional centre for education, sport, culture and recreation, and

(g) **with respect to health:**

to promote and maintain the health and well-being of the residents of the City, and

(h) **with respect to the natural environment:**

to sustain and enhance the City's natural systems, features and processes, including native fauna and flora, and

(i) **with respect to landscape:**

to improve the existing landscape of urban and rural Lismore to enhance the image of the City, the characteristics of each location, the built environment and the quality of life for the community, and

(j) **with respect to natural hazards:**

to minimise the adverse effects of natural hazards, particularly flood, fire and the instability of land.

3 Land to which plan applies

This plan applies to all land within the City of Lismore as shown on the map, with boundaries as indicated on that map.

4 Relationship to other environmental planning instruments

(1) *Lismore Local Environmental Plan 1992* is repealed.

- (2) *State Environmental Planning Policy No 4—Development Without Consent* is amended by inserting the following words in alphabetical order of local government area in Schedule 2 (Land excepted from clauses 6-10):

Lismore City local government area

5 Adoption of Model Provisions

The *Environmental Planning and Assessment Model Provisions 1980* are adopted for the purposes of this plan, with the exception of clauses 4, 8, 14, 15, 16, 17, 23, 29, 32, 33, 34, and 35 (c) of, and clause 11 of Schedule 1 to, those Provisions.

6 Definitions

- (1) In this plan, terms defined in Schedule 7 have the same meaning as set out in that Schedule.
- (2) In this plan:
- (a) a reference to a map is a reference to a map deposited in the office of the Council, and
 - (b) a reference to a building or place used for a purpose includes a reference to a building or place intended to be used for the purpose, and
 - (c) matter that appears under the heading “Note” is an explanatory note only and does not form part of this plan. It is provided to assist understanding.

7 Consent authority

The Council is the consent authority for the purposes of this plan, except as provided otherwise by the Act.

8 Zone identification

Land to which this plan applies is within a zone specified below if it is shown on the map as indicated below:

Zone No 1 (a)—(General Rural Zone)—with black edging and lettered “1 (a)”.

Zone No 1 (b)—(Agricultural Zone)—with black edging and lettered “1 (b)”.

Zone No 1 (c)—(Rural Residential Zone)—with black edging and lettered “1 (c)”.

Zone No 1 (d)—(Investigation Zone)—with black edging and lettered “1 (d)”.

Zone No 1 (f)—(Forestry Zone)—with black edging and lettered “1 (f)”.

Zone No 1 (r)—(Riverlands Zone)—with black edging and lettered “1 (r)”.

Zone No 2 (a)—(Residential Zone)—with black edging and lettered “2 (a)”.

Zone No 2 (f)—(Residential (Flood Liable) Zone)—with black edging and lettered “2 (f)”.

Zone No 2 (v)—(Village Zone)—with black edging and lettered “2 (v)”.

Zone No 3 (a)—(Business Zone)—with black edging and lettered “3 (a)”.

Zone No 3 (b)—(Neighbourhood Business Zone)—with black edging and lettered “3 (b)”.

Zone No 3 (f)—(Services Business (Flood Liable) Zone)—with black edging and lettered “3 (f)”.

Zone No 4 (a)—(Industrial Zone)—with black edging and lettered “4 (a)”.

Zone No 5—(Special Uses Zone)—with black edging and lettered “5” (with black lettering indicating the particular use for the land).

Zone No 5 (b)—(Special Uses (Technology Park) Zone)—with black edging and lettered “5 (b)”.

Zone No 6 (a)—(Recreation Zone)—with black edging and lettered “6 (a)”.

Zone No 6 (b)—(Private Recreation Zone)—with black edging and lettered “6 (b)”.

Zone No 7 (a)—(Environment Protection (Natural Vegetation and Wetlands) Zone)—with black edging and lettered “7 (a)”.

Zone No 7 (b)—(Environment Protection (Habitat) Zone)—with black edging and lettered “7 (b)”.

Zone No 8—(National Parks and Nature Reserves Zone)—with black edging and lettered “8”.

9 Exempt and complying development

- (1) Development of minimal impact listed in *Lismore Development Control Plan No 39*, as adopted by the Council on 29 June 1999, is **exempt development**, despite any other provision of this plan.
- (2) Development listed in *Lismore Development Control Plan No 40*, as adopted by the Council on 29 June 1999, is **complying development** if:
 - (a) it is local development of a kind that can be carried out with consent on the land on which it is proposed, and
 - (b) it is not an existing use, as defined in section 106 of the Act.

- (3) Development is exempt or complying development only if it complies with the development standards and other requirements applied to the development by *Lismore Development Control Plan No 39* or 40, as so adopted.
- (4) A complying development certificate issued for any complying development is to be subject to the conditions for the development specified in *Lismore Development Control Plan No 40* adopted by the Council, as in force when the certificate is issued.
- (5) Exempt and complying development may be carried out within an environmentally sensitive area described in the Table to this clause only if the development is listed in that Table as development that can be carried out in such an area.

Table

Exempt and complying development allowed within environmentally sensitive areas

Environmentally sensitive areas	Exempt or complying development (as identified in DCP No 39 or 40) that may be carried out:	
	Exempt	Complying
Flood affected land	All	Additions and alterations to existing dwellings; Swimming pools; Industrial and warehouse building additions; Commercial buildings—alterations and fitouts
Heritage conservation areas	Aerials and antennae (domestic use); Aviaries; Builders' sheds; Clotheslines; Cubbyhouses; Fish ponds; Flagpoles; Gas tanks; Gazebos; Greenhouses; Letterboxes; Restumping; Water heaters	Nil
Catchment areas	All	Nil
Environment Protection (Natural Vegetation and Wetlands) Zone	All (except farm sheds)	Nil

Environment Protection (Habitat) Zone	All (except farm sheds)	Nil
National Parks and Nature Reserves Zone	All (except farm sheds)	Nil
Agricultural Zone	All	Swimming pools; Commercial buildings—internal alterations
Areas identified by the Council as bush fire prone areas	All	Dwelling additions, alterations and ancillary development; Swimming pools; Industrial and warehouse buildings additions and alterations; Commercial buildings—minor internal alterations; Existing commercial buildings to be used for certain food premises; Strata subdivisions

Part 2 General provisions

10 Advertised development

The consent authority must not consent to advertised development unless the consent authority has had regard to the matters relating to environmental impact specified in Schedule 5.

11 Subdivision of land generally

Except as otherwise provided in this plan, a person may not subdivide land to which this plan applies except with development consent.

12 Heritage items

- (1) In respect of any heritage item listed in Schedule 1, a person shall not, without development consent:
 - (a) damage or alter the item, or
 - (b) demolish or move the item, or
 - (c) erect another building on or subdivide the land on which the item is situated, or
 - (d) damage any mature and significant tree on the land on which the item is situated.
- (2) Consent shall not be granted to a development application required by subclause (1) unless the consent authority has taken into consideration the extent to which the carrying out of the proposed development would affect the heritage significance of the

item or horticultural features of its setting.

13 Development in the vicinity of heritage items

Consent shall not be granted to an application to carry out development on land in the vicinity of a heritage item unless the consent authority has made an assessment of the effect the carrying out of that development will have on the heritage significance of the item and its setting.

14 Heritage conservation areas

- (1) In respect of each of the heritage conservation areas listed in Schedule 2, a person shall not:
 - (a) demolish or alter a building or work within the area, or
 - (b) damage or move a relic within the area, or
 - (c) excavate for the purpose of exposing a relic within the area, or
 - (c1) damage or remove a tree within the area, or
 - (d) damage or despoil a place within the area, or
 - (e) erect a building on or subdivide land within the area,except with development consent.
- (2) Prior to granting consent required by this clause, the consent authority must make an assessment of the following design aspects of the proposed development:
 - (a) the pitch and form of the roof, if any,
 - (b) the style, size, proportion and position of the openings for windows and doors, if any,
 - (c) the colour, texture, style, size and type of finish of the materials, if any, to be used on the exterior of the building.

15 Heritage advertisements and notifications

- (1) Except as provided by subclause (2):
 - (a) the following are identified as advertised development for the purposes of the definition of **advertised development** in section 4 (1) of the Act:
 - (i) the demolition of a building or work that is a heritage item, and
 - (ii) a use of a building or land referred to in clause 17 which, but for that clause, would be prohibited under this plan, and

(b) where a person makes a development application for consent to the demolition of a building or work that is a heritage item, consent must not be granted to that application until 28 days after the consent authority has notified the Secretary of the Heritage Council of its intention to do so.

(2) Subclause (1) does not apply to the partial demolition of a heritage item if, in the opinion of the prospective consent authority, the demolition will not adversely affect the heritage significance of the item.

16 Provisions relating to heritage items covered by a conservation instrument

Clauses 13, 14 and 15 do shall not apply where the building that is a heritage item or is within a heritage conservation area is the subject of a heritage order or interim heritage order within the meaning of, and made pursuant to, the [Heritage Act 1977](#).

17 Conservation incentives

(1) Nothing in this plan prevents the granting of consent to:

(a) the use, for any purpose, of a building that is a heritage item or of the land on which the building is erected, or

(b) the use, for any purpose, of a building within a heritage conservation area or of the land on which the building is erected,

if the consent authority is satisfied that the conservation of the building is facilitated by the granting of the consent.

(2) When considering an application for consent to erect a building on land on which there is situated a building that is a heritage item, the consent authority may:

(a) for the purpose of determining the floor space ratio, and

(b) for the purpose of determining the number of parking spaces to be provided on the site,

exclude from its calculation of the floor space of the buildings erected on the land, the floor space of the heritage item, but only if the consent authority is satisfied that the conservation of the building that is a heritage item depends on excluding the floor space of the heritage item.

18 Preservation of trees

(1) The objective of this clause is to provide that the Council may regulate the removal or lopping of trees for the purpose of securing or preserving the amenity of premises, a streetscape or a neighbourhood and securing or preserving koala habitat by introducing a development control plan.

(2) Despite any other provision of this plan, a person must not, without development

consent, ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree identified in a development control plan approved for the purposes of this clause by the Council on land specified or described in that plan.

19 Development of land near adjoining zones

- (1) This clause applies to land within 50 metres of a boundary between any two zones under this plan, or between land zoned under this plan and land to which this plan applies that is not zoned under this plan. However, this clause does not allow development within Zone No 7 (a) or 7 (b).
- (2) Subject to subclause (3), development may, with consent, be carried out on land to which this clause applies for any purpose for which development may be carried out in any adjoining zone.
- (3) Consent must not be granted to the carrying out of development referred to in subclause (2) unless, in the opinion of the consent authority, the carrying out of the development is desirable due to design, ownership, servicing or similar requirements.

20 Buffer zones to avoid potential land use conflicts

- (1) This clause applies to all land to which this plan applies.
- (2) Despite any other provision of this plan, consent must not be granted to residential, rural residential or tourism development (including subdivision for those purposes), unless it has been demonstrated, to the satisfaction of the consent authority, that the proposed development will be compatible with any existing specified land uses in the locality and with surrounding established development.
- (3) In subclause (2), **specified land uses** means use of land for the purposes of cattle dips, dairies, cattle feedlots, chicken farms, intensive horticulture, piggeries, refuse disposal areas, sewage treatment works, quarries and other similar land uses.

21 Investigation areas referred to on zoning map

- (1) This clause applies to land identified on the map as land to which this clause applies.
- (2) Consent must not be granted to the carrying out of development on land to which this clause applies unless the consent authority has considered any likely conflict between the proposed use and longer term future uses of the land.

22 Development on flood affected land

- (1) The consent authority, when considering a development application involving the subdivision of, or the erection or alteration of buildings on, land shown as floodway, high flood risk area, flood fringe area or CBD flood liable on Map 1 (Lismore Flood Hazard Categories) of the *Lismore Floodplain Management Plan*, must consider the following:

- (a) the need for the floor level of the development to be at or above the flood planning level,
 - (b) the degree of flood-proofing and the need for flood-free storage,
 - (c) the need for access to the development when the land is flooded,
 - (d) the cumulative effect of carrying out the development on the functioning of the floodway,
 - (e) whether the development will increase the risk to life and property and the need for an evacuation plan.
- (2) Despite the provisions of Part 3, the consent authority must not grant consent to the erection of a building on land shown as floodway on Map 1 of the *Lismore Floodplain Management Plan* unless:
- (a) the building is for the purpose of providing utility installations or community facilities, or
 - (b) the building is located within 10 metres of the boundary of the floodway and a hydraulic study has been carried out for the site which shows, to the consent authority's satisfaction, that the flood impact of the development (including any associated works) will not adversely affect the flood behaviour of, or increase the flooding impacts on, any other land, or
 - (c) the building is located within the general aviation area of Lismore Regional Airport, as indicated on the map marked "*Lismore Regional Airport*" in the *Lismore Regional Airport Business Strategy Plan* dated June 2002, and the development is consistent with that Plan and maintains the cross sectional integrity of the floodway, or
 - (d) the building is located on an allotment forming part of the concept plan for the airport industrial estate, as indicated on Map 2 (Concept for Development of Airport Land) of the *Lismore Floodplain Management Plan*.
- (3) Despite the provisions of Part 3, the consent authority must not grant consent to development for the purpose of a dwelling or a caravan park on land shown as high flood risk area on Map 1 of the *Lismore Floodplain Management Plan* unless the consent authority:
- (a) has considered a flood report prepared by a suitably qualified consultant which provides site specific detail relating to the predicted depths and velocities of the 1 in 100 year average recurrent interval (ARI) flood, and
 - (b) is satisfied that the flooding characteristics of the site indicated by the flood report are less hazardous than the criteria for flood depth and velocity adopted for the

high flood risk area in the *Lismore Floodplain Management Plan*.

(4) Despite the provisions of Part 3, a person must not carry out filling on land shown as floodway, high flood risk area, flood fringe area or CBD flood liable on Map 1 (Lismore Flood Hazard Categories) of the *Lismore Floodplain Management Plan* except with development consent.

(5) In this clause:

flood planning level means the level equivalent to the 1 in 100 year ARI flood level plus freeboard of 300 millimetres. (The 1 in 100 year ARI flood levels for the Lismore urban area are shown on Map 2 of *Development Control Plan No 7—Flood Prone Lands* dated November 2003. The freeboard adopted by that Plan is 300 millimetres. So the flood planning level may be calculated by adding 300 millimetres to the 1 in 100 year ARI flood level for the relevant area shown on Map 2 of that Plan.)

Lismore Floodplain Management Plan means the *Lismore Floodplain Management Plan* dated October 2002, deposited in the office of the Council.

23 Irrigation, forestry and flood mitigation works

Nothing in this plan is to be construed as restricting or prohibiting (or enabling the consent authority to restrict or prohibit) the carrying out, or causing to be carried out, by a public authority, of any work for the purpose of:

- (a) soil conservation, or
- (b) irrigation, or
- (c) afforestation, or
- (d) reforestation, or
- (e) flood mitigation, or
- (f) water conservation, or
- (g) river improvements,

in pursuance of the provisions of the [Water Act 1912](#), the [Irrigation Act 1912](#), the [Farm Water Supplies Act 1946](#), the [Rivers and Foreshores Improvement Act 1948](#) or the [Local Government Act 1993](#).

24 Development for the purpose of advertisements

(1) **Erection or display of advertisements** Development for the purpose of the erection or display of an advertisement in a zone is development that:

- (a) may be carried out without development consent if it is listed under the heading

“Without development consent” for that zone, or

(b) may be carried out only with development consent if it is listed under the heading “Only with development consent” for that zone, or

(c) is prohibited if it is listed under the heading “Prohibited” for that zone,

in the Table to clause 6 of *Lismore Development Control Plan No 36* as adopted by the Council on 14 August 2001.

(2) (Repealed)

(3) **Advertisements on trailers on public land prohibited** The development of public land (within the meaning of clause 74) to display an advertisement for a commercial purpose on a trailer is prohibited. This subclause does not apply to a trailer attached to a motor vehicle while the vehicle and trailer are otherwise lawfully on the carriageway of a public street.

(4) **Directional signs** Nothing in this clause requires development consent for the erection or display of a directional sign by the Council or another public authority.

(5) **Matters for assessment relating to outdoor advertising** When assessing a development application for consent to development for the purpose of the erection or display of an advertisement, the consent authority shall take into consideration the following:

(a) the size and number of advertising signs both proposed and existing,

(b) the relationship of the advertising sign to the scale, character and architecture of the premises where the sign is to be sited,

(c) the impact of the sign on the streetscape and heritage value (if any) of the area,

(d) the colour, graphics and standard of presentation of the advertising sign,

(e) the impact of the advertising sign on traffic safety in the area, and on residential amenity, where relevant,

(f) any Council policy in relation to the control of outdoor advertising.

25 Development along main roads

(1) Consent must not be granted to the carrying out of development on land that has frontage to a main road, unless:

(a) vehicular access to that land is provided by a road other than the main road, wherever possible, and

(b) in the opinion of the consent authority, the safety and efficiency of the main road will not be adversely affected by:

- (i) the design of the vehicular access to the proposed development, or
 - (ii) the emission of smoke or dust from the proposed development, or
 - (iii) the nature, volume or frequency of vehicles using the main road to gain access to the proposed development.
- (2) Notwithstanding the provisions of subclause (1), consent must not be granted to the carrying out of development listed in Schedule 3 on land within Zone No 1 (a), 1 (b), 1 (c), 1 (d), 1 (r), 7 (a) or 7 (b) if the development will create direct vehicular access to:
- (a) a main road, or
 - (b) a road connecting with a main road, where the access to that road is within 90 metres (measured along the road alignment of the connecting road) of the alignment of the main road.

26 Suspension of certain laws etc

- (1) For the purpose of enabling development to be carried out in accordance with this plan (as in force at the time the development is carried out) or in accordance with a consent granted under the Act, any agreement, covenant or other like instrument imposing restrictions as to the erection of or use of buildings for certain purposes, or as to the use of land for certain purposes, to the extent necessary to serve that purpose, shall not apply to development carried out in accordance with this plan.
- (2) Pursuant to section 28 of the Act, before the making of this clause, the Governor approved of subclause (1).

27 Temporary use of public land

- (1) In this clause, **public land** means land vested in the Crown, a Minister of the Crown, a statutory body, the Council or an organisation established for a public purpose.
- (2) Despite any other provision of this plan, a person may, without development consent, use public land for any purpose (not being a regular or recurrent country market) for a maximum period of 6 days (whether consecutive or not) in a calendar year, unless the use of the land for the purpose:
- (a) would involve the carrying out of designated development, or
 - (b) would involve the erection of or alteration of any structure, being a structure or an alteration that is or is intended to be permanent.
- (3) Nothing in this clause permits a person to use land:
- (a) without the agreement of the owner or any trustees controlling the land, or
 - (b) without complying with other legislation in force in relation to the land or the

proposed use of the land.

28 Additional development on certain land

Despite any other provision of this plan, a person may, with development consent, carry out development on land specified in Column 1 of Schedule 4, if the development is specified in Column 2 of that Schedule opposite the land, subject to compliance with the development standards or other conditions (if any) specified in Column 3 of that Schedule opposite the land.

28A Development on land identified on Acid Sulfate Soil Planning Maps

- (1) **Objectives** The objectives of this clause are to require special assessment of certain developments on land identified as being subject to acid sulfate soils and to provide for a regime of self-regulation by organisations which have demonstrated to Council their ability to manage acid sulfate soil issues.
- (2) **Consent usually required** A person must not, without the consent of Council, carry out works described in the following table on land of the class specified for those works, except as provided by subclause (4).

Class of land as shown on Acid Sulfate Soil Planning Map

Works

1	Any Works.
2	Works below natural ground surface Works by which the watertable is likely to be lowered.
3	Works beyond 1 metre below the natural ground surface Works by which the watertable is likely to be lowered beyond 1 metre below natural ground surface.
4	Works beyond 2 metres below the natural ground surface Works by which the watertable is likely to be lowered beyond 2 metres below natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land which are likely to lower the watertable below 1 metre AHD on adjacent Class 1, 2, 3 or 4 land.

- (3) For the purpose of subclause (2) **works** includes:
 - (a) any disturbance of more than one tonne of soil (such as occurs in carrying out agriculture, agricultural-related works, the construction or maintenance of drains, engineering works, extractive industries, dredging, the construction of artificial waterbodies (including canals, dams and detention basins) or foundations, or flood

mitigation works), or

(b) any other works that are likely to lower the watertable.

(4) **Exception following preliminary assessment** This clause does not require consent for the carrying out of works if:

(a) a copy of a preliminary assessment of the proposed works undertaken in accordance with the *Acid Sulfate Soils Assessment Guidelines* has been given to Council, and

(b) the Council has provided written advice to the person proposing to carry out the works confirming that results of the preliminary assessment indicate the proposed works need not be carried out pursuant to an acid sulfate soils management plan prepared in accordance with the *Acid Sulfate Soils Assessment Guidelines*.

(5) **Application guidelines** Applicants should consult Lismore City Council *Development Control Plan No 38—Acid Sulfate Soils* prior to lodgement of applications and prepare their application in accordance with the requirements of that DCP.

(6) **Considerations for consent authority** Council must not grant consent, pursuant to this clause, unless it has first considered:

(a) the adequacy of an acid sulfate soils management plan prepared for the proposed development in accordance with the *Acid Sulfate Soils Assessment Guidelines*, and

(b) the likelihood of the proposed development resulting in the discharge of acid water, and

(c) any comments received from the Department of Land and Water Conservation within 21 days of the Council having sent that Department a copy of the development application and of the related acid sulfate soils management plan.

(7) **Public authorities not excepted** This clause requires consent for development to be carried out by Lismore City Council, other councils, county councils or drainage unions despite:

(a) Clause 23 of this plan, and

(b) Clause 35 and item 2 of Schedule 1 to the *Environmental Planning and Assessment Model Provisions 1980*, as adopted by this plan, and

(c) Clause 10 of *State Environmental Planning Policy No 4—Development Without Consent*.

(8) **Special provisions for Council and county councils** Notwithstanding the provisions of subclause (7), the following types of development may be carried out without consent by the Council or a county council:

(a) development consisting of emergency work,

(b) development consisting of routine maintenance, and

(c) development consisting of minor work,

and development ancillary to that development, such as the carrying out of excavation work, the construction of accessways and the provision of power supplies.

(9) Despite subclause (8), development consisting of routine maintenance or minor work may be carried out only with consent if the development is on a site listed as a heritage item in Schedule 1.

(10) Where the Council or a county council carries out development described in subclause (8) and encounters, or is likely to encounter, actual acid sulfate soils, the Council or county council shall properly deal with those soils in accordance with the *Acid Sulfate Soils Guidelines* so as to minimise the actual or potential impact to the environment arising from disturbance to the soils.

(11) In this clause:

council's work means such works as are owned or controlled by the Council.

county council has the same meaning as in the [Local Government Act 1993](#).

emergency work means the repair or replacement of any part of the Council's works or the works of a county council:

(a) because it has been (or is being) damaged by a natural disaster, an accident, an act of vandalism or a like occurrence, or

(b) because it has ceased to function or suddenly ceased to function adequately,

and includes work reasonably necessary to prevent or limit any further damage or malfunction.

minor work means new work effected by the Council or a county council, but not drainage work, which has a value not greater than \$20,000.

routine maintenance means the periodic inspection, cleaning, repair and replacement of the Council's works or the works of a county council, but does not include work that would result in an increase in the design capacity of any part of those works or necessitate the deepening of an existing works capacity, except where one tonne, or less, of soil is disturbed.

works of a county council means such works as are owned or controlled by a county council.

(12) **Special provisions for NSW Sugar Milling Cooperative Ltd** Subclauses (2) and (6) do not

apply to works carried out on land shown as class 1, 2, 3, 4 and 5 land on the series of maps marked "*Acid Sulfate Soil Planning Map*" for the purpose of agriculture (including drains, land levelling, dams, road works and the like) provided that:

- (a) a Production Area Entitlement with the NSW Sugar Milling Cooperative Ltd applies to the land at the time of carrying out the works, and
 - (b) the works are carried out in accordance with a drainage management plan lodged with and endorsed by the NSW Sugar Milling Cooperative, and
 - (c) the drainage management plan has been prepared in accordance with the *Sugar Industry Best Practice Guidelines*, a copy of which is available at the office of the Council, and
 - (d) the *Sugar Industry Best Practice Guidelines* have been approved by the Director-General of the Department of Urban Affairs and Planning in consultation with the NSW Acid Sulfate Soils Management Advisory Committee (ASSMAC) and the Department of Agriculture and have been adopted by the Council, and
 - (e) the works are not carried out in respect of any major drain listed in Schedule 8, or on land within Zone No 7 (a) or 7 (b), and
 - (f) Council has not served a notice on the person carrying out or using the works requiring that the carrying out or use of the works must cease or that development consent must be obtained prior to the carrying out or further use of the works.
- (13) An annual review of drainage management plans and works to which subclause 12 relates is to be carried out by, or on behalf of, the NSW Sugar Milling Co-operative Ltd to a standard satisfactory to the Council and the Co-operative is to provide the Council with a copy of the results of the review immediately after it has been carried out. The Council may issue a notice under subclause (12) (f) relating to any one or more of those works if either of those requirements is not complied with.

28B Demolition of a building or work

A person must not demolish any building or work except with development consent, unless:

- (a) the demolition is authorised by a condition of consent for a subdivision or other development, or
- (b) an order to demolish has been issued by the Council under Division 2A of Part 6 of the Act, or
- (c) the building or work is exempt development.

Part 3 Provisions applying to particular zones

29 Zone objectives and zoning control tables

- (1) The objectives of each zone are set out in the table in this Part that provides general zoning controls for that zone, under the heading “Objectives (or Objective) of zone”.
- (2) Except as otherwise provided for by this plan, for each zone, the development that:
 - (a) may be carried out without development consent, is indicated in the table that provides general zoning controls for that zone under the heading “Without development consent”, or
 - (b) may be carried out only with development consent, is indicated in that table under the heading “Only with development consent”, or
 - (c) is prohibited, is indicated in that table under the heading “Prohibited”.
- (3) The consent authority must not grant consent to the carrying out of development in a particular zone unless the consent authority is of the opinion that the proposed development is consistent with the objectives of the zone in which it is to be carried out.
- (4) Development is advertised development, for the purposes of the Act, if the development is listed under the heading “Only with development consent—advertised development” in the table that provides general zoning controls for a particular zone. However, such development is not advertised development if it involves only alterations or additions to existing buildings or works, being alterations or additions of a minor nature which, in the opinion of the consent authority, do not to any significant extent change the scale, impact, size or degree of the existing buildings or works.

Division 1 Rural zones

30 Zone No 1 (a) (General Rural Zone)

The following table provides general zoning controls for Zone No 1 (a):
Table

30.1 Objectives of zone

The objectives are:

- (a) to maintain and encourage sustainable agricultural activities within the zone, and
- (b) to enable a range of other uses to occur on rural land providing such uses do not conflict with existing or potential agriculture and do not detract from the scenic amenity and character of the rural environment, and
- (c) to discourage the fragmentation of rural land, and

- (d) to restrict the establishment of inappropriate traffic generating uses along main road frontages, and
- (e) to enable the provision of rural tourist accommodation and facilities only where such facilities are compatible with the form and density of the nature of the locality.

30.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

30.3 Only with development consent

Development not included in item 30.2, 30.4 or 30.5.

30.4 Only with development consent—advertised development

Development for the purpose of:

- abattoirs
- airfields
- caravan parks or mobile home parks for non-permanent occupation
- extractive industries
- generating works
- helipads
- heliports
- industries (other than home, light or rural industries)
- institutions
- liquid fuel depots
- mines
- motels

- offensive or hazardous industries
- service stations

30.5 Prohibited

Development for the purpose of:

- amusement parlours
- boarding houses
- brothels
- bulky goods showrooms
- car repair stations
- commercial premises
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- residential buildings
- restricted premises
- shops (other than convenience shops)
- warehouses

31 Zone No 1 (b) (Agricultural Zone)

The following table provides general zoning controls for Zone No 1 (b):
Table

31.1 Objectives of zone

The objectives are:

- (a) to preserve areas of higher quality agricultural land for agricultural production, and
- (b) to permit a range of activities that support the agricultural industries being conducted on the land and limit development that may, in the opinion of the Council, reduce the agricultural production potential of the land, and
- (c) to discourage the fragmentation of rural land, and
- (d) to control development that may restrict the function of, or create a traffic hazard

along, classified roads, and

- (e) to enable tourist facilities to be provided that promote an appreciation of the rural environment and associated agricultural and horticultural activities, while ensuring the continued economic viability of the land.

31.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

31.3 Only with development consent

Development not included in item 31.2, 31.4 or 31.5.

31.4 Only with development consent—advertised development

Development for the purpose of:

- industries (other than home, light or rural industries)
- recreation establishments
- service stations

31.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- amusement parlours
- boarding houses
- brothels
- bulky goods showrooms
- caravan parks

- car repair stations
- clubs
- commercial premises
- drive-in theatres
- generating works
- goods transport terminals
- helipads
- heliports
- hospitals
- institutions
- licensed premises
- liquid fuel depots
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- materials recycling yards
- medical centres
- motels
- motor showrooms
- offensive or hazardous industries
- passenger transport terminals
- recreation facilities
- recreation vehicle areas
- residential buildings
- restricted premises
- service stations
- shops (other than convenience shops)

- tourist facilities (other than rural tourist facilities)
- transport depots
- warehouses.

32 Zone No 1 (c) (Rural Residential Zone)

The following table provides general zoning controls for Zone No 1 (c):
Table

32.1 Objectives of zone

The objectives are:

- (a) to provide opportunities for rural residential living in areas in close proximity to existing villages and urban areas where services are readily and economically accessible, and
- (b) to minimise the cost of development to the general community by requiring persons benefiting from rural residential development to both pay for and provide their own on-site utility services, where appropriate, and
- (c) to preserve and enhance the amenity of the rural residential area requiring the preparation of an environmental impact report or development control plan where the Council deems necessary prior to the development of the land, and
- (d) to ensure a variety of lots sizes that are compatible with existing land use and reflect land capability.

32.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

32.3 Only with development consent

Development not included in item 32.2, 32.4 or 32.5.

32.4 Only with development consent—advertised development

Development for the purpose of:

- educational establishments
- institutions
- medical centres
- recreation establishments
- refreshment rooms
- rural tourist facilities
- veterinary hospitals

32.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- amusement parlours
- animal establishments
- boarding houses
- brothels
- bulky goods showrooms
- bulk stores
- caravan parks
- car repair stations
- cemeteries and crematoriums
- clubs
- commercial premises
- drive-in theatres
- extractive industries
- generating works
- goods transport terminals

- helipads
- heliports
- hospitals
- industries (other than home industries)
- licensed premises
- liquid fuel depots
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- materials recycling yards
- mines
- motels
- motor showrooms
- offensive or hazardous industries
- passenger transport terminals
- recreation facilities
- recreation vehicle areas
- residential buildings
- restricted premises
- sawmills
- service stations
- shops (other than convenience shops)
- stock and saleyards
- tourist facilities
- transport depots
- warehouses

33 Zone No 1 (d) (Investigation Zone)

The following table provides general zoning controls for Zone No 1 (d):
Table

33.1 Objectives of zone

The objectives are:

- (a) to identify land which is to be investigated in respect of its suitability for rezoning, and
- (b) to ensure that development within the zone is compatible with the anticipated future development of the land, and
- (c) to ensure that development maintains the existing character of the locality and minimises disturbance to the scenic value of the landscape through clearing, earthworks, access roads and construction of buildings, and
- (d) to ensure that development does not create unreasonable or uneconomic demands, or both, for the provision or extension of public amenities or services.

33.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments and plantings that will require the use of mechanised sprays)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

33.3 Only with development consent

Development for the purpose of:

- art and craft galleries
- bed and breakfast establishments
- communications facilities
- craft studios
- dwelling-houses

- home industries
- home offices
- public utility undertakings
- recreation areas
- recreation establishments
- recreation facilities
- roadside stalls
- rural industries ancillary to an existing use
- utility installations
- wholesale plant nurseries

33.4 Only with development consent—advertised development

Development for the purpose of:

- animal establishments
- caravan parks for non-permanent accommodation
- community facilities
- refreshment rooms
- retail plant nurseries
- service stations

33.5 Prohibited

Development not included in item 33.2, 33.3 or 33.4.

34 Zone No 1 (f) (Forestry Zone)

The following table provides general zoning controls for Zone No 1 (f):
Table

34.1 Objective of zone

The objective is to allow forestry activities carried out by or on behalf of the Forestry Commission.

34.2 Without development consent

Development for the purpose of:

- agriculture
- any building, work, place or land use authorised under the [Forestry Act 1916](#) (including any ordinarily ancillary or incidental development)
- bush fire hazard reduction
- home occupations

Exempt development

34.3 Only with development consent

Development for the purpose of:

- extractive industries
- mines
- utility installations

34.4 Only with development consent—advertised development

Nil.

34.5 Prohibited

Development not included in item 34.2, 34.3 or 34.4.

35 Zone No 1 (r) (Riverlands Zone)

The following table provides general zoning controls for Zone No 1 (r):
Table

35.1 Objectives of zone

The objectives are:

- (a) to encourage the use of the land for its optimum productive potential, and
- (b) to permit a range of activities that support the agricultural industries being conducted on the land and limit development that may, in the opinion of the Council, reduce the agricultural production potential of the land, and
- (c) to discourage the fragmentation of rural land, and
- (d) to control development that may restrict the function of, or create a traffic hazard

along, classified and other formed roads, and

- (e) to limit the development of non-agricultural uses, except those which will not be adversely affected by flooding.

35.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

35.3 Only with development consent

Development not included in item 35.2, 35.4 or 35.5.

35.4 Only with development consent—advertised development

Development for the purpose of:

- abattoirs
- airfields
- animal establishments
- extractive industries
- industries (other than home, light or rural industries)
- helipads
- heliports
- mines
- recreation establishments
- service stations

35.5 Prohibited

Development for the purpose of:

- amusement parlours

- boarding houses
- brothels
- bulky goods showrooms
- bulk stores
- caravan parks
- car repair stations
- cemeteries and crematoriums
- clubs
- commercial premises
- drive-in theatres
- generating works
- goods transport terminals
- hospitals
- institutions
- licensed premises
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- materials recycling yards
- medical centres
- motels
- motor showrooms
- offensive or hazardous industries
- passenger transport terminals
- recreation facilities
- recreation vehicle areas
- residential buildings

- restricted premises
- shops
- tourist facilities (except boatsheds and boat landing facilities, marinas, playgrounds, water sport facilities and houseboats)
- warehouses

36 Subdivision and development in rural zones

- (1) Consent must not be granted to the subdivision of land within a zone shown in Column 1 of the Table to this subclause, if the consent authority is satisfied that the land will be used for the purpose of agriculture, forestry or a dwelling-house, unless the area of each lot to be created is not less than the area shown opposite that zone in Column 2 of the table.

Table

Column 1	Column 2
Zone	Minimum area
No 1 (a) General Rural Zone	40 ha
No 1 (b) Agricultural Zone	20 ha (see Note 1 to this Table)
No 1 (c) Rural Residential Zone	0.2 ha (see Note 2 to this Table)
No 1 (d) Investigation Zone	40 ha
No 1 (r) Riverlands Zone	40 ha

Note 1—

See also subclause (2).

Note 2—

See also clause 40 (2) (e).

- (2) Notwithstanding subclause (1), consent may be granted to the subdivision of land within Zone No 1 (b), if the consent authority is satisfied the land will be used for the purpose of horticulture, where the area of each lot to be created is not less than 13 hectares and, before consent is granted, a plan of management and a financial feasibility report have been prepared that are to the satisfaction of the consent authority.
- (3) In determining an application to which subclause (2) applies, the consent authority shall consider the following matters:
- (a) any opinion from the Director-General of the Department of Agriculture regarding the area and quality of the land concerned and its potential horticultural

productivity,

- (b) the likely effects, both economic and otherwise, that the proposed subdivision will have on agricultural/horticultural industries in the area and the resources employed by or in connection with those industries,
 - (c) the likely effects, both economic and otherwise, that the proposed subdivision will have on the use and development of other land and resources in the area,
 - (d) whether there are any reasonable alternatives to the proposed subdivision in the circumstances,
 - (e) the effect of the existence of, or potential to erect, a dwelling on the land concerned,
 - (f) the cumulative effect of similar proposals,
 - (g) the likelihood of the proposed lots remaining available for horticultural use,
 - (h) the adequacy of the water supply to the proposed lots.
- (4) Notwithstanding subclause (1), consent may be granted to the subdivision of land within Zone No 1 (a), 1 (b), 1 (c), 1 (d) or 1 (r) to create a lot of any size if the consent authority is satisfied that the lot will be used for a permissible use within that zone (other than agriculture, forestry, a retail and wholesale plant nursery, rural tourist facility, a dwelling-house or a rural worker's dwelling), and, in the opinion of the consent authority:
- (a) the lot has a satisfactory shape and frontage for that use, and
 - (b) the lot will not cause a traffic hazard or create or tend to create further ribbon development along a road, and
 - (c) the use of the lot (for which development consent has been granted) has substantially commenced.
- (5) Notwithstanding subclause (1), consent may be granted to a subdivision of land to adjust common boundaries between rural lots so as to create allotments that will be smaller than allowed by that subclause where:
- (a) the consent authority is satisfied that a more efficient land use can be achieved that is not significantly inconsistent with the objectives of the rural zones,
 - (b) no additional lots or dwelling entitlements are created,
 - (c) the proposed use of the lots would not conflict with the surrounding agricultural or other uses, and
 - (d) consideration has been given by the consent authority to the minimum lot sizes

contained in the Table to subclause (1) and in subclause (2).

- (6) Nothing in this clause shall prohibit or restrict subdivision for any of the following purposes:
- (a) the opening or widening of a public road,
 - (b) adjustments to common property boundaries where the area of the existing lots is unaltered,
 - (c) rectifying an encroachment on an existing lot.

37 Rural dwellings and rural dual occupancy

- (1) This clause applies to land within Zone No 1 (a), 1 (b), 1 (c), 1 (d) or 1 (r).
- (2) Consent may be granted to the erection of a dwelling-house on a parcel of land to which this clause applies only if erection of the dwelling-house will result in no more than one dwelling-house on the same parcel, unless provided otherwise by this Part.
- (3) Consent may be granted to the erection of a dwelling-house on land to which this clause applies only if the land:
- (a) contains a site that is, in the opinion of the consent authority, suitable for a dwelling-house and that is easily accessed from a public road at a point of entry that will not cause a traffic hazard, and
 - (b) is of a suitable shape and size for the on-site disposal of septic waste, as verified by absorption tests or more detailed professional assessment to the satisfaction of the consent authority, and
 - (c) has a site for the dwelling-house and access that are not subject to adverse flood hazards, and
 - (d) when used for the dwelling-house, will minimise conflict with adjoining uses, and
 - (e) has a site for the dwelling-house that is not subject to erosion or landslip.
- (4) Consent may be granted to the erection of a dwelling-house on land to which this clause applies only if the land:
- (a) consists of an allotment having an area equal to or greater than the area specified in the Table to clause 36 (1) for the zone in which the land is situated, or
 - (b) consists of an allotment that was lawfully created in accordance with clause 36 (2), or
 - (c) consists of an allotment of any size that was lawfully created, or approved by the Council or consented to, before 27 March 1992 (the date of commencement of

Lismore Local Environmental Plan 1992) and on which the dwelling-house could have been lawfully erected immediately before that date, or

- (d) consists of an allotment consented to for use for residential purposes, in accordance with the provisions of *Lismore Local Environmental Plan 1992*, or
- (e) consists of an allotment created in accordance with paragraph (a), (b), (c) or (d), the boundaries of which have been subsequently altered:
 - (i) in accordance with clause 36 (5), or
 - (ii) through the opening or widening of a public road in accordance with the *Roads Act 1993*.
- (5) *State Environmental Planning Policy No 1—Development Standards* applies to subclause (4) (a) and (b) in the same way as it applies to a development standard.
- (6) A second dwelling-house may be erected on an allotment of land to which this clause applies, with consent, if on or before the completion of the second dwelling-house the first dwelling-house on the allotment is demolished or rendered uninhabitable so that it is not able to be separately occupied as a dwelling-house.
- (7) Where, in accordance with this clause, development for the purpose of a dwelling-house may be carried out on an allotment of land, a person may, with development consent:
 - (a) erect a dual occupancy building on the allotment, or
 - (b) alter or add to a dwelling-house erected on the allotment so as to create a dual occupancy building.

38 Caretaker's residence

Consent may be granted to the erection on an allotment of land of a caretaker's residence which is ancillary a use of land (other than for agriculture, forestry, a dwelling-house or a rural worker's dwelling) for which development consent has been granted, provided the consent authority is satisfied that:

- (a) the caretaker's residence is necessary for the security and/or supervision of the principal use of the land, and
- (b) the principal use of the land has been established or is being established, and
- (c) where the principal use of the land involves a building, the caretaker's residence is to be physically attached to or within the curtilage of such building.

39 Rural workers' dwellings

- (1) This clause applies to land within Zone No 1 (a), 1 (b), 1 (d) or 1 (r).

- (2) Rural workers' dwellings may, with consent, be erected on a parcel of land to which this clause applies provided:
 - (a) each dwelling is on the same parcel of land as the principal farm dwelling and the principal farm dwelling is occupied by the landowner or manager or someone engaged in the operation of the farm, and
 - (b) each dwelling is to be occupied by a worker directly engaged in agricultural employment on that land, and
 - (c) the applicant demonstrates that the nature, scale and output of the agricultural enterprise generates enough income to support an employee who is to be housed in the dwelling, and
 - (d) evidence is provided showing how the employee will assist in the operation of the farm and that no alternative local labour or housing is likely to be available, and
 - (e) any other dwellings on that land are used by persons substantially engaged in agricultural employment on that land, and
 - (f) the erection of each dwelling will not significantly reduce the suitability of the land for agriculture or create conflict with adjoining land uses, and
 - (g) each dwelling shares the same access road as the principal farm dwelling.
- (3) A rural worker's dwelling may, with consent, be erected on a lot of land to which this clause applies on which a rural worker's dwelling is already in existence only if the total number of rural workers' dwellings will not exceed one for each 40 hectares of land within Zone No 1 (a) or 1 (d) and one for each 20 hectares of land within Zone No 1 (b).

40 Rural residential development

- (1) This clause applies to land within Zone No 1 (c).
- (2) Consent must not be granted to a subdivision of land to which this clause applies if the consent authority is satisfied that the land will be used for rural residential development unless:
 - (a) the consent authority has had regard to the matters relating to environmental impact specified in Schedule 5, and
 - (b) the size and shape of each lot to be created and the range of proposed lot sizes are, in the opinion of the consent authority, satisfactory having regard to the land's capability and potential for conflicting uses, and
 - (c) arrangements satisfactory to the consent authority have been made for the provision of a water supply and the disposal of stormwater and sewage effluent,

and

(d) arrangements satisfactory to the consent authority have been made to protect the environment, and

(e) the average area of all allotments to be created by the subdivision is not less than 0.5 hectare.

(3) Consent must not be granted to a subdivision of land to which this clause applies if, as a result of the subdivision, the total number of allotments:

(a) that the consent authority is satisfied will be used for the purpose of dwellings, and

(b) that will have been created from land to which this clause applies in any of the successive 5-year periods following the commencement of this plan,

will exceed the number specified in writing by the Council in respect of that period for the purposes of this clause with the approval of the Director.

41 Development on ridgetops in rural areas

(1) This clause applies to land within Zone No 1 (a), 1 (b), 1 (c), 1 (d) or 1 (r).

(2) Consent may be granted to the carrying out of development on land to which this plan applies on or near any ridgeline visible from any public road only if, in the opinion of the consent authority, the development is not likely to detract from the visual amenity of the rural area and is in the community interest.

(3) In determining whether to grant such a consent, the consent authority shall consider the following:

(a) the height and location of any building that will result from carrying out the development,

(b) the reflectivity of materials to be used in carrying out the development,

(c) the likely effect of carrying out the development on the stability of the land,

(d) the bush fire hazard,

(e) whether landscaping proposals satisfactory to the consent authority have been made.

(f) (Repealed)

42 Rural landsharing community development

(1) This clause applies to land within Zone No 1 (a) or 1 (c) that has been identified in the *Lismore Rural Housing Strategy* as being within a potential closer rural settlement

locality.

- (2) Consent may be granted to development for the purpose of 3 or more dwellings (inclusive of any existing dwellings on the land) on land to which this clause applies if:
- (a) the land comprises a single allotment, and
 - (b) the land has an area of not less than 10 hectares, and
 - (c) the part of the land on which any dwelling or structure is to be situated does not have a slope in excess of 18 degrees, and
 - (d) not more than 25 per cent of the land consists of prime agricultural land, and
 - (e) the part of the land on which any structure or work is to be situated is not prime agricultural land, and
 - (f) the majority of the allotment is within an area identified as potentially suitable for rural landsharing community development in the *Lismore Rural Housing Strategy*, and
 - (g) the land is within 4 km by road of:
 - (i) a primary school, or
 - (ii) a shop, or
 - (iii) a community hall, or
 - (iv) an existing rural landsharing community development where the number of approved dwellings exceeds 25, or
 - (v) 2 or more existing rural landsharing community developments where the total number of approved dwellings exceeds 25, and
 - (h) the land is within 2 km by road of an arterial, sub-arterial or collector road as identified on map 3 of Part B of the *Lismore Rural Housing Strategy*.
- (3) Consent must not be granted to development pursuant to this clause unless the consent authority has taken into consideration the following matters:
- (a) the means proposed for establishing land ownership, dwelling occupancy rights and environmental and community management,
 - (b) the area or areas proposed for the erection of buildings, including any proposal for the clustering of buildings,
 - (c) the area or areas proposed for community use (other than areas for residential accommodation and home improvement areas),

- (d) the need for any proposed development for community use that is ancillary to the use of the land,
 - (e) the availability and standard of public road access to the land,
 - (f) the availability of a water supply to the land for domestic, agricultural and fire fighting purposes and, if required by the applicant, the availability of electricity and telephone services,
 - (g) the availability of community facilities and services to meet the needs of the occupants of the land,
 - (h) whether adequate provision has been made for waste disposal from the land,
 - (i) the impact of the development on the vegetation cover of the land and any measures proposed for environmental protection, site rehabilitation or reforestation,
 - (j) whether the land is subject to a risk of flooding, bush fires, landslip or erosion or whether there are areas with actual or potential acid sulfate soils and, if so, the adequacy of any measures proposed to protect occupants, buildings, internal access roads, service installations and land adjoining the development from any such hazard,
 - (k) the visual impact of the proposed development on the landscape,
 - (l) the effect of the proposed development on the present and potential use, including agricultural use, of the land and of lands in the vicinity, including the need for separation and buffers to avoid conflicts with existing land use,
 - (m) the effect of the proposed development on the quality of the water resources in the vicinity,
 - (n) the impact on any known Aboriginal relics or sites,
 - (o) the impact of the proposed development on any heritage item, relic or site.
- (4) Consent must not be granted to development pursuant to this clause unless the consent authority has considered an environmental management plan for the development that makes comprehensive proposals for the following:
- (a) water management,
 - (b) waste management,
 - (c) prevention, control and management of soil erosion,
 - (d) bush fire management,

- (e) management of flora and fauna, control of noxious weeds and noxious animals and environmental repair and enhancement measures,
 - (f) a communal plan for social organisation,
 - (g) provision and maintenance of internal roads, boundary fences, water reticulation, service corridors for telephone and electricity cables and similar matters.
- (5) Consent must not be granted to development pursuant to this clause of land with an area specified in Column 1 of the Table to this subclause unless the number of proposed dwellings on the land, together with any existing dwellings on the land, does not exceed the number calculated in accordance with the formula specified in Column 2 of the Table to this subclause for land with that area.

Table

Column 1	Column 2
Area of land	Number of dwellings where A represents the area of the land the subject of the application (measured in hectares)
Not less than 10 hectares but not more than 210 hectares	$4 + \frac{(A - 10)}{4}$
More than 210 hectares but not more than 360 hectares	$54 + \frac{(A - 210)}{6}$
More than 360 hectares	80

- (6) If the number of dwellings calculated in accordance with the formula in subclause (5) includes a fraction, the number is to be rounded up to the nearest whole number in the case of a fraction of one-half or more, or rounded down to the nearest whole number in the case of a fraction of less than one-half.
- (7) Even if the number of proposed dwellings on the land, together with any existing dwellings on the land, does not exceed the maximum number of dwellings permitted by subclause (5), the consent must not be granted if those dwellings are so designed that they could, in the consent authority's opinion, reasonably accommodate more people than the number calculated by multiplying that maximum number of dwellings by 4.
- (8) Where development is carried out on land pursuant to this clause, the subdivision of that land is prohibited except where otherwise permitted under clause 36.
- (9) In this clause:

Lismore Rural Housing Strategy means the *Lismore Rural Housing Strategy* dated

February 2002 and deposited in the office of the Council.

42A Restriction on number of dwellings that may be created under clause 42

Consent must not be granted to development for the purpose of dwellings pursuant to clause 42 if the total of the number of dwellings created during a 10 year period in accordance with such consents would exceed the maximum number specified by the Council and agreed to by the Director-General.

43 Investigation areas referred to on zoning map

- (1) This clause applies to land identified on the map as land to which this clause applies.
- (2) Consent must not be granted to the carrying out of development on land to which this clause applies unless the consent authority has considered any likely conflict between the proposed use and longer term future uses of the land.

44 Safety area

- (1) This clause applies to land situated on Rifle Range Road, Tuncester, shown horizontally hatched on the map.
- (2) Notwithstanding any other provision of this plan, consent must not be granted to the erection or use of any building for any purpose on land to which this clause applies.

45 Water catchment and inundation area for proposed dam near Dunoon

- (1) This clause applies to land near Dunoon shown edged with a heavy black broken line on the map (being the water catchment for the Dunoon dam).
- (2) Consent must not be granted to any development on land to which this clause applies without the concurrence of Rous Water.
- (3) Despite subclause (2), the concurrence of Rous Water is not required for development for the purpose of a dwelling-house unless the development is to be carried out on land shown hatched on the map (being the land to be inundated by the Dunoon dam).
- (4) In deciding whether to grant concurrence required by this clause, the Rous Water must take into consideration the following matters:
 - (a) any potential adverse impact on the water quality within the catchment that may result from the development,
 - (b) any potential incremental adverse impacts on water quality that may result from the development,
 - (c) whether adequate safeguards and other measures have been proposed to protect the water quality,

- (d) whether the proposed development would detrimentally affect the future construction of any dam,
 - (e) whether the proposed development would be more suitably undertaken on an alternative site.
- (5) The owner of land shown hatched on the map and located within the Dunoon dam catchment may, by notice in writing require Rous Water to acquire that land.
- (6) On receipt of such a notice, Rous Water must acquire the land to which the notice relates.

46 Bed and breakfast establishments in rural zones

- (1) This clause applies to land within Zone No 1 (a), 1 (b), 1 (c), 1 (d) or 1 (r).
- (2) A person must not carry out development for the purpose of a bed and breakfast establishment on land to which this clause applies if there is vehicular access to or egress from the land, directly to or from the Bruxner Highway or Bangalow Road and the speed limit at the point of direct vehicular access or egress is more than 80 km/h.
- (3) (Repealed)

47 (Repealed)

Division 2 Residential zones

48 Zone No 2 (a) (Residential Zone)

The following table provides general zoning controls for Zone No 2 (a):
Table

48.1 Objectives of zone

The objectives are:

- (a) to encourage a wide range of housing densities and types to ensure maximum utilisation of infrastructure and equitable distribution of housing densities, and
- (b) to ensure the development of all land within the zone adequately provides for the demand for physical services and community facilities created by the additional population, and
- (c) to allow development for other than residential purposes, except where the scale, type and traffic-generating aspects of the development will significantly alter the landscaping, character or amenity of the surrounding residential area, and
- (d) to ensure the design quality of new development is compatible with the character of each residential area.

48.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

48.3 Only with development consent

Development not included in item 48.2, 48.4 or 48.5.

48.4 Only with development consent—advertised development

Development for the purpose of:

- agriculture
- caravan parks
- cemeteries and crematoriums
- child care establishments
- clubs
- communications facilities
- community facilities
- educational establishments
- hospitals
- medical centres with not more than three practitioners
- mobile home parks for permanent occupation
- motels
- places of assembly
- places of public worship
- recreation establishments
- refreshment rooms
- residential buildings

- retail plant nurseries
- veterinary hospitals
- wholesale plant nurseries

48.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- airline terminals
- amusement parlours
- animal establishments
- art and craft galleries
- brothels
- bulky goods showrooms
- bulk stores
- bus depots
- bus stations
- car repair stations
- commercial premises
- convenience shops (except where located at a distance greater than 400 metres from an existing convenience shop, neighbourhood shopping centre or commercial centre)
- craft studios
- drive-in theatres
- extractive industries
- generating works
- goods transport terminals
- helipads

- heliports
- industries (other than home industries)
- institutions
- licensed premises
- liquid fuel depots
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- materials recycling yards
- medical centres with more than 3 practitioners
- mines
- motor showrooms
- offensive or hazardous industries
- passenger transport terminals
- public buildings
- recreation facilities
- recreation vehicle areas
- restricted premises
- roadside stalls
- rural tourist facilities
- sawmills
- service stations
- shops
- stock and saleyards
- tourist facilities (other than motels)
- transport depots
- warehouses

49 Zone No 2 (f) (Residential (Flood Liable) Zone)

The following table provides general zoning controls for Zone No 2 (f):
Table

49.1 Objectives of zone

The objectives are:

- (a) to allow existing residential use to continue and to permit the establishment of new residential dwellings, where the design and siting will minimise the risk of flooding, and
- (b) to minimise the adverse effects of flooding on existing development, and
- (c) to encourage the development of the river corridor and surrounds for recreational purposes compatible with flooding.

49.2 Without development consent

Development for the purpose of:

- agriculture (other than animal establishments)
- bush fire hazard reduction
- forestry
- home occupations

Exempt development

49.3 Only with development consent

Development not included in item 48.2, 48.4 or 48.5.

49.4 Only with development consent—advertised development

Development for the purpose of:

- bulky goods showrooms
- bulk stores
- clubs
- light industries
- motor showrooms
- places of assembly

- places of public worship
- recreation facilities
- refreshment rooms
- service stations
- warehouses

49.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- amusement parlours
- animal establishments
- boarding houses
- brothels
- caravan parks
- car repair stations
- cemeteries and crematoriums
- commercial premises
- drive-in theatres
- dual occupancies
- exhibition dwellings
- extractive industries
- generating works
- goods transport terminals
- helipads
- heliports
- hospitals

- industries (other than home industries)
- institutions
- licensed premises
- liquid fuel depots
- liquor outlets (other than those physically attached to and operated or to be operated as part of a convenience shop)
- markets
- materials recycling yards
- mines
- motels
- offensive or hazardous industries
- passenger transport terminals
- recreation establishments
- recreation vehicle areas
- residential buildings
- restricted premises
- roadside stalls
- rural industries
- rural tourist facilities
- sawmills
- shops (other than convenience shops)
- stock and saleyards
- tourist facilities
- transport depots
- veterinary hospitals

50 Zone No 2 (v) (Village Zone)

The following table provides general zoning controls for Zone No 2 (v):

Table

50.1 Objectives of zone

The objectives are:

- (a) to retain the character of the rural villages, and
- (b) to provide for the development of a full range of rural village facilities in locations that are compatible with the character and amenity of each village, and
- (c) to ensure that adequate provision is made for water supply, effluent disposal, refuse disposal and community facilities, and
- (d) to control the location, form, character and density of development.

50.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

50.3 Only with development consent

Development not included in item 50.2, 50.4 or 50.5.

50.4 Only with development consent—advertised development

Development for the purpose of:

- amusement parlours
- caravan parks
- educational establishments
- generating works
- hospitals
- industries (other than extractive, offensive or hazardous industries)
- licensed premises
- liquid fuel depots
- markets

- materials recycling yards
- recreation establishments
- recreation facilities

50.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- animal establishments
- brothels
- caravan parks (unless connected to a reticulated sewerage system or sewage package treatment plant)
- cemeteries and crematoriums
- drive-in theatres
- extractive industries
- helipads
- heliports
- institutions
- mines
- mobile home parks for permanent occupation
- offensive or hazardous industries
- recreation vehicle areas
- restricted premises
- sawmills
- stock and saleyards

51 Subdivision of land in Zones Nos 2 (a) and 2 (v)

- (1) This clause applies to land within Zone No 2 (a) or 2 (v).
- (2) Consent must not be granted to subdivision of land to which this clause applies unless

the consent authority has had regard to the matters relating to environmental impact specified in Schedule 5.

- (3) If the land is within Zone No 2 (a), consent must not be granted to the subdivision of land unless:
 - (a) each separate lot of land to be created by the subdivision has an area of not less than 400 square metres, and
 - (b) arrangements satisfactory to the consent authority have been made for the provision of a reticulated water supply, an electricity supply and disposal of stormwater and sewage effluent on each lot to be created, and
 - (c) the consent authority is satisfied that the number of lots to be created by the subdivision has been maximised, having regard to the matters listed in Schedule 5.
- (4) Notwithstanding subclause (3) (a), consent may be granted for a subdivision to create lots with an area of less than 400 square metres if the proposed plan of subdivision shows the proposed location on the proposed lots of any proposed dwellings and involves the concept of zero lot lines and reduced boundary setbacks.

52 Subdivision of land in Zone No 2 (f)

Consent must not be granted to the subdivision of land within Zone No 2 (f) to create an allotment where the consent authority is of the opinion that a dwelling-house is intended to be erected on the allotment to be created by the subdivision.

53 Dwellings and dual occupancies in urban areas

- (1) The clause applies to land within Zone No 2 (a) or 2 (v).
- (2) Consent may be granted for the erection of a dwelling-house on stable land only and not on land subject to erosion or landslip, unless the dwelling is suitably designed and the consent authority has considered a geotechnical report relating to the land, being a report considered adequate by the consent authority.
- (3) Development may be carried out on land to which this clause applies that results in 2 dwellings (whether or not attached) on the same allotment.

54 (Repealed)

55 Caravan parks for permanent occupation

- (1) This clause applies to all land within Zone No 2 (a) or 2 (v).
- (2) In determining an application for consent to the carrying out of development for the purpose of caravan parks for permanent occupation, the consent authority shall consider the following:

- (a) the capability and suitability of the land for the intended use,
- (b) the proximity of the land to a village or urban centre,
- (c) the availability of a water supply to meet the needs of the proposed development,
- (d) the availability of a sewerage system to meet the needs of the proposed development,
- (e) the provision for the disposal of stormwater,
- (f) the adequacy of the existing road system and the safety of the proposed access to the development,
- (g) the visual impact of the proposed development and the adequacy of any measures to reduce this impact.

56 Excavating and filling of land in urban areas

- (1) This clause applies to land within Zone No 2 (a), 2 (f) or 2 (v).
- (2) Despite any other provision of this plan, any excavation of land to which this clause applies to a depth exceeding one metre shall not be carried out without development consent.
- (3) Despite any other provision of this plan, any filling of land to which this clause applies shall not be carried out without development consent.

57 Bed and breakfast establishments in urban areas

- (1) This clause applies to land within Zone No 2 (a), 2 (f) or 2 (v).
- (2) A person must not carry out development for the purpose of a bed and breakfast establishment on land to which this clause applies if there is vehicular access to or egress from the land, directly to or from the Bruxner Highway or Bangalow Road and the speed limit at the point of direct vehicular access or egress is more than 80 km/h.
- (3) (Repealed)

Division 3 Commercial zones

58 Zone No 3 (a) (Business Zone)

The following table provides general zoning controls for Zone No 3 (a):
Table

58.1 Objectives of zone

The objectives are:

- (a) to encourage the development and expansion of retail, commercial and professional activities which strengthen the City's role as a regional centre, and
- (b) to ensure that adequate provision is made for car parking, and
- (c) to encourage facilities which minimise the adverse effects of flood.

58.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

58.3 Only with development consent

Development not included in item 58.2, 58.4 or 58.5.

58.4 Only with development consent—advertised development

Development for the purpose of:

- amusement parlours
- generating works
- markets
- residential buildings
- restricted premises

58.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- animal establishments
- brothels
- caravan parks
- cemeteries and crematoriums
- drive-in theatres

- dwellings (other than those physically attached to or used in conjunction with buildings or uses allowed with development consent)
- exhibition dwellings
- extractive industries
- helipads
- heliports
- industries (other than home and light industries)
- liquid fuel depots
- materials recycling yards
- mines
- offensive or hazardous industries
- recreation vehicle areas
- rural tourist facilities
- sawmills
- stock and saleyards

59 Zone No 3 (b) (Neighbourhood Business Zone)

The following table provides general zoning controls for Zone No 3 (b):
Table

59.1 Objectives of zone

The objectives are:

- (a) to accommodate, in convenient locations, a limited range of retail and commercial activities and community facilities where the scale and type of development is appropriate to the needs of the neighbourhood and is compatible with the amenity of the surrounding neighbourhood, and
- (b) to ensure that neighbourhood services do not detract from the service role of other commercial centres, and
- (c) to restrict office development to small scale development designed to meet the needs of the district.

59.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

59.3 Only with development consent

Development for the purpose of:

- art and craft galleries
- child care establishments
- commercial premises
- communications facilities
- community facilities
- convenience shops
- craft studios
- home industries
- home offices
- liquor outlets
- medical centres
- recreational facilities
- refreshment rooms (up to 150 square metres in floor area)
- retail plant nurseries
- shops
- utility installations

59.4 Only with development consent—advertised development

Development not included in item 59.2, 59.3 or 59.5.

59.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- amusement parlours
- animal establishments (other than pet shops)
- brothels
- caravan parks
- cemeteries and crematoriums
- drive-in theatres
- dwellings (other than physically attached to or used in conjunction with buildings or uses allowed with development consent)
- exhibition dwellings
- helipads
- heliports
- industries (other than home and light industries)
- liquid fuel depots
- materials recycling yards
- mines
- offensive or hazardous industries
- recreation vehicle areas
- restricted premises
- rural tourist facilities
- sawmills
- stock and saleyards

60 Zone No 3 (f) (Services Business (Flood Liable) Zone)

The following table provides general zoning controls for Zone No 3 (f):

Table

60.1 Objectives of zone

The objectives are:

- (a) to encourage the establishment and development of businesses that require direct vehicular access, and
- (b) to allow the development of services, businesses and light industries that support the business, industrial, rural and tourism activities of the City and the region, and
- (c) to encourage facilities (not being shops) which are not adversely affected by flooding.

60.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

60.3 Only with development consent

Development not included in item 60.2, 60.4 or 60.5.

60.4 Only with development consent—advertised development

Development for the purpose of:

- amusement parlours.
- markets

60.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- animal establishments
- brothels
- caravan parks
- cemeteries and crematoriums

- drive-in theatres
- dwellings (other than where physically attached to and used in conjunction with buildings or uses allowed with development consent)
- exhibition dwellings
- extractive industries
- forestry
- generating works
- helipads
- heliports
- hospitals
- industries (other than light industries)
- liquid fuel depots
- materials recycling yards
- mines
- offensive or hazardous industries
- recreation vehicle areas
- residential buildings
- restricted premises
- roadside stalls
- rural industries
- rural tourist facilities
- sawmills
- shops
- stock and saleyards
- tourist facilities

61 Excavating and filling of land in business areas

(1) This clause applies to land within Zone No 3 (a), 3 (b) or 3 (f).

- (2) Despite any other provision of this plan, any excavation of land to which this clause applies to a depth exceeding one metre shall not be carried out without development consent.
- (3) Despite any other provision of this plan, any filling of land to which this clause applies shall not be carried out without development consent.

62 (Repealed)

62A Neighbourhood shopping centre, Ballina Road and Holland Street, Goonellabah

- (1) This clause applies to Lot 21, DP 835735, at the southeastern corner of Ballina Road and Holland Street, Goonellabah, as shown edged heavy black and lettered "3 (b)" on the map marked "*Lismore Local Environmental Plan 2000 (Amendment No 3)*".
- (2) The Council must not consent to an application to carry out development for the purpose of a neighbourhood shopping centre on the land to which this clause applies unless:
 - (a) the centre contains no more than 1,500 square metres gross leasable floor space, and
 - (b) a landscaped buffer area is provided at the southern boundary of the site between the development and adjoining dwellings.

Division 4 Industrial zones

63 Zone No 4 (a) (Industrial Zone)

The following table provides general zoning controls for Zone No 4 (a):
Table

63.1 Objectives of zone

The objectives are:

- (a) to provide sufficient land in suitable locations for a broad range of industrial uses, and
- (b) to ensure the efficient use of industrial land, and
- (c) to allow non-industrial uses which are ancillary to industry (such as the retail sale of bulky goods) and other non-industrial uses that do not significantly affect the existing or potential viability of industry in the area, and
- (d) to ensure that development does not adversely affect the flooding characteristics of the area or increase the hazard of flooding on adjoining land.

63.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

63.3 Only with development consent

Development not included in item 63.2, 63.4 or 63.5.

63.4 Only with development consent—advertised development

Development for the purpose of:

- abattoirs
- amusement parlours
- brothels
- bulky goods showrooms
- clubs
- communications facilities
- educational establishments
- extractive industries
- licensed premises
- markets
- offensive or hazardous industries
- places of assembly
- places of public worship
- restricted premises

63.5 Prohibited

Development for the purpose of:

- airfields

- animal establishments
- boarding houses
- caravan parks
- crematoriums and cemeteries
- drive-in theatres
- dual occupancies
- dwelling-houses (other than those used in conjunction with an industrial use and situated on the same land as that industry)
- exhibition dwellings
- helipads
- heliports
- hospitals
- institutions
- mines
- motels
- residential buildings
- recreation vehicle areas
- roadside stalls
- rural tourist facilities
- shops (other than those necessary to service an industrial estate)
- stock and saleyards

64 Excavating and filling of land in industrial areas

- (1) This clause applies to land within Zone No 4 (a).
- (2) Despite any other provision of this plan, any excavation of land to which this clause applies to a depth exceeding one metre shall not be carried out without development consent.
- (3) Despite any other provision of this plan, any filling of land to which this clause applies shall not be carried out without development consent.

Division 5 Special Uses and Recreation zones

65 Zone No 5 (Special Uses Zone)

The following table provides general zoning controls for Zone No 5:

65.1 Objectives of zone

The objectives are:

- (a) to designate land which is now used or is intended to be used for particular public or community purposes, and
- (b) to ensure the land is used for a purpose appropriate to its location, community needs and economic utilisation.

65.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

65.3 Only with development consent

Development for any public purpose

Development for the purpose of:

- roads
- the particular use indicated by black lettering on the map

65.4 Only with development consent—advertised development

Development not included in item 65.2, 65.3 or 65.5.

65.5 Prohibited

Development for the purpose of:

- brothels.

66 Zone No 5 (b) (Special Uses (Technology Park) Zone)

The following table provides general zoning controls for Zone No 5 (b):

66.1 Objectives of zone

The objectives are:

- (a) to provide a high quality workplace that is related to the discovery, research and development of natural products, and
- (b) to encourage development of services and facilities that will transform research into commercial undertakings, and
- (c) to provide facilities and services that will foster research and responsive technology, and
- (d) to encourage facilities that will not adversely affect the natural environment, and
- (e) to provide for other community facilities that will complement the technology park.

66.2 Without development consent

Development for the purpose of:

- agriculture
- bush fire hazard reduction
- environmental facilities
- home occupations
- works for the purpose of landscaping

Exempt development

66.3 Only with development consent

Development not included in item 66.2, 66.4 or 66.5.

66.4 Only with development consent—advertised development

Development for the purpose of:

- amusement parlours
- boarding houses
- caravan parks
- child care establishments
- clubs
- extractive industry

- generating works
- helipads
- liquor outlets
- markets
- road transport terminals

66.5 Prohibited

Development for the purpose of:

- abattoirs
- airfields
- airline terminals
- animal establishments
- brothels
- car repair stations
- helipads
- heliports
- junk yards
- liquid fuel depots
- mines
- motor showrooms
- restricted premises
- sawmills
- service stations
- stock and saleyards

67 Zone No 6 (a) (Recreation Zone)

The following table provides general zoning controls for Zone No 6 (a):
Table

67.1 Objectives of zone

The objectives are:

- (a) to ensure access by the general public to adequate open space to meet the needs of all residents and provide opportunities to enhance the quality of the total environment of the City of Lismore, and
- (b) to allocate land which will adequately provide both active and passive open space to service the present and future recreational needs of residents and visitors, and
- (c) to manage flora and fauna on public open space.

67.2 Without development consent

Development for the purpose of:

- environmental facilities
- works for the purposes of gardening, landscaping or bush fire hazard reduction

Exempt development

67.3 Only with development consent

Development for the purpose of:

- agriculture
- child care establishments
- community facilities
- recreation areas
- utility installations

67.4 Only with development consent—advertised development

Development for the purpose of:

- art and craft galleries
- caravan parks
- clubs
- craft studios
- markets
- passenger transport terminals

- places of assembly
- refreshment rooms

67.5 Prohibited

Development not included in items 67.2, 67.3 or 67.4.

68 Zone No 6 (b) (Private Recreation Zone)

The following table provides general zoning controls for Zone No 6 (b):
Table

68.1 Objective of zone

The objective is to permit a range of recreational and tourist activities on land in private ownership.

68.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- environmental facilities

Exempt development

68.3 Only with development consent

Development for the purpose of:

- agriculture
- art and craft galleries
- child care establishments
- community facilities
- craft studios
- dwelling-houses used in conjunction with another use listed in this item
- recreation areas
- utility installations

68.4 Only with development consent—advertised development

Development for the purpose of:

- animal saleyards
- caravan parks
- clubs
- educational establishments
- licensed premises
- markets
- passenger transport terminals
- places of assembly
- places of public worship
- recreation establishments
- recreation facilities
- refreshment rooms

68.5 Prohibited

Development not included in item 68.2, 68.3 or 68.4.

69 “Cellulose Valley” Technology Park

- (1) This clause applies to Lot 1 DP 772604, Lot 1 DP 772605, Lot 1 DP 118533 and Lots 471, 472, 473 and 474 DP 775718, being land generally bounded by Crawford, Military and Skyline Roads, East Lismore.
- (2) Consent must not be granted to development of the land to which this clause applies for the purpose of a Technology Park unless the consent authority is satisfied that:
 - (a) all existing trees within the subject site that serve as koala habitat will be retained or, if there is no alternative to removal, each will be replaced on the site with suitable koala habitat species at a ratio of 50 replacement trees for every tree removed, and
 - (b) koala movement within and between that koala habitat will be facilitated, and
 - (c) existing koala habitat will be restored and enhanced, and
 - (d) measures will be taken to reduce the chances of native animal road kill on roads within the subject site and on those roads where additional traffic will be generated as a result of the development, and

- (e) measures will be taken to restrict access to the site by dogs, including signs to discourage the walking of dogs, and
 - (f) any additional requirements of a Koala Management Plan applying to the site that has been approved by the Council will be taken into account, and
 - (g) appropriate measures will be taken to ameliorate impacts of development on the Wallum Froglet, should it be found to occur on the site.
- (3) For the purposes of this clause, the trees to which this plan applies which serve as koala habitat include forest Red gum (*Eucalyptus tereticornis*), Grey Ironbark (*E. siderophloia*), White Mahogany (*E. acmenoides*), Tallowwood (*E. microcorys*), Brush Box (*L. confertus*) and Forest Oak (*A. torulosa*).

69A Lismore “Art in the Heart” Project

- (1) This clause applies to Lot 14, DP 867281, (150 Keen Street) and Lot 11, DP 859167, (126 Magellan Street), Lismore, as shown edged heavy black on the map marked “*Lismore Local Environmental Plan 2000 (Amendment No 9)*”, deposited in the office of the Lismore City Council.
- (2) The objectives of this clause are to identify a range of uses proposed for the “Art in the Heart” project and to facilitate their development on the land to which this clause applies.
- (3) The “Art in the Heart” project may comprise arts and cultural activities, development for the purposes of education, tourism, retail and information technology, commercial and economic development, and residential development, as well as the continued use of part of the land for public car parking.
- (4) The Council must not grant consent to development on land to which this clause applies unless it has first taken into consideration the master plan adopted by the Council and applying to the land.
- (5) The master plan is to co-ordinate and guide development on the land and is to include the following matters:
 - (a) distribution of land uses, including identification of areas for community, arts, commercial, residential and car parking uses,
 - (b) the conservation of the heritage significance of heritage items located on the land and in its vicinity,
 - (c) the location of new buildings,
 - (d) urban and building design guidelines to include measures to complement existing heritage buildings, public safety, solar access and energy efficiency, height, form, setbacks and scale of new buildings, colour and appearance,

- (e) pedestrian access to and through the site,
 - (f) internal road systems, parking and the retention (and possible expansion) of the public car park with a minimum of 313 spaces,
 - (g) provision of public open space, including retention of trees,
 - (h) potential view corridors to and through the site,
 - (i) acknowledgement of flood effects and identification of appropriate flood compatible uses in accordance with Council's Flood Plain Risk Management Plan,
 - (j) implementation or staging (or both),
 - (k) any other matter required by the Council.
- (6) A draft master plan must be publicly exhibited by the Council for not less than 28 days. At the end of that period, the Council must consider any submissions made about the draft master plan.
- (7) A draft master plan becomes a master plan if it is adopted by the Council with or without alterations made in response to submissions.
- (8) A master plan may be amended or revoked by a master plan prepared exhibited and adopted in accordance with this clause.
- (9) Despite any other provision of this plan, the Council may grant consent to development for additional commercial uses on the land if it has taken into consideration whether the uses are consistent with the master plan applying to the land and are complementary to development for the purposes of the arts, cultural activities, education and tourism and economic development carried out on the land.

70 Acquisition of land

- (1) This clause applies to land within Zone No 5 or 6 (a).
- (2) The owner of any land to which this clause applies zoned as specified in Column 1 of the Table to this subclause may, by notice in writing, require the body specified in Column 2 of the Table opposite that zoning to acquire that land.

Table

Column 1	Column 2
Special Uses (Main Road)	RTA
Special Uses (University)	Southern Cross University
Recreation Zone	Council

- (3) On receipt of such a notice, the Council or the Southern Cross University must acquire the land to which the notice relates.
- (4) The Council shall not be required to acquire land the subject of a notice referred to in subclause (2) where the land is required to be dedicated to the Council as a condition of development consent imposed in accordance with section 94 of the Act.
- (5) The RTA, on receipt of a notice referred to in subclause (2), must acquire land zoned Special Uses (Main Road) if:
 - (a) the land is vacant, or
 - (b) the land is not vacant, but:
 - (i) the land is included in the 5-year works program of the RTA current at the time of receipt of the notice, or
 - (ii) the RTA has decided not to give concurrence under clause 72 (2) to an application for consent to the carrying out of development on the land, or
 - (iii) the RTA is of the opinion that the owner of the land will suffer hardship if the land is not acquired within a reasonable time,but the RTA is not required to acquire the land if it might reasonably be required to be dedicated for a public road.
- (6) Land acquired under this clause may be developed, with development consent, for any purpose, until such time as it is required for the purpose for which it was acquired.
- (7) In this clause and clause 72:

RTA means the Roads and Traffic Authority constituted under the *Transport Administration Act 1988*.

vacant land means land on which, immediately before the day on which a notice under subclause (2) is given, there were no buildings, other than fences.

71 Acquisition of land within Zone No 6 (a)—effect of rezoning

- (1) The Council need not take any action under clause 70 with respect to acquiring land within Zone No 6 (a) for 90 days (or for such other period as may be agreed between the owner and the Council before that period expires) after receiving a notice under that clause, if the Council, within 14 days after receiving the notice, notifies the owner that it is reviewing the zoning of the land.
- (2) The Council need not acquire the land pursuant to the notice if the land is rezoned, or the Council decides or has decided to prepare a local environmental plan to rezone the land, before the period of 90 days (or the agreed period) expires.

72 Use of land pending acquisition

- (1) Land to which clause 70 applies, other than land zoned Special Uses (Main Road), may be developed for any purpose, with development consent granted with the concurrence of the body specified as being required to acquire the land, prior to its acquisition by the body concerned.
- (2) A person may, with development consent granted with the concurrence of the RTA, carry out development on land zoned Special Uses (Main Road):
 - (a) for a purpose for which development may be carried out on land in an adjoining zone, or
 - (b) for any other purpose that is compatible with development which may be carried out in an adjoining zone.
- (3) In deciding whether to grant concurrence to proposed development under this clause, the RTA or other body concerned must take the following into consideration:
 - (a) the need to carry out development on the land for the purpose for which the land is reserved,
 - (b) the imminence of acquisition,
 - (c) the likely additional cost to the RTA or other body resulting from the carrying out of the proposed development.

73 Community use of special use or recreation land

- (1) This clause applies to all land within Zone No 5, 6 (a) or 6 (b).
- (2) Notwithstanding any other provision of this plan, consent may be granted to the use of land to which this clause applies, or to the use of buildings situated on any such land, for community purposes which may include the commercial operation of that land or those buildings.

74 Classification and reclassification of public land as operational land

- (1) Land described in Part 1 of Schedule 6 is land that was classified, or reclassified, as operational land before the application of the amendments made by the [Local Government Amendment \(Community Land Management\) Act 1998](#) to section 30 of the [Local Government Act 1993](#).
- (2) Land described in Part 2 of Schedule 6:
 - (a) to the extent (if any) that the land is a public reserve, does not cease to be a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions,

restrictions or covenants by which it was affected before its classification, or reclassification, as the case requires, as operational land.

- (3) Land described in Columns 1 and 2 of Part 3 of Schedule 6, to the extent (if any) that it is a public reserve, ceases to be a public reserve on the commencement of the relevant amending plan and, by the operation of that plan, is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land except those specified opposite the land in Column 3 of Part 3 of Schedule 6.
- (4) In this clause, ***the relevant amending plan***, in relation to land described in Part 3 of Schedule 6, means the local environmental plan cited at the end of the description of the land.
- (5) Before the relevant amending plan inserted the description of land into Part 3 of Schedule 6, the Governor approved of subclause (3) applying to the land.

74A Classification and reclassification of public land as community land

The public land described in Schedule 6A is classified, or reclassified, as community land for the purposes of the [Local Government Act 1993](#).

75, 76 (Repealed)

Division 6 Environmental Protection zones

77 Zone No 7 (a) (Environment Protection (Natural Vegetation and Wetlands) Zone)

The following table provides general zoning controls for Zone No 7 (a):
Table

77.1 Objectives of zone

The objectives are:

- (a) to protect and preserve significant wetlands, and
- (b) to retain significant areas of unique natural vegetation, such as rainforest remnants, and
- (c) to prohibit development which could destroy or damage a wetlands ecosystem or rainforest.

77.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction

Exempt development

77.3 Only with development consent

Development for the purpose of:

- agriculture
- earthworks
- environmental facilities
- roads
- utility installations (other than gas holders or generating works)

77.4 Only with development consent—advertised development

Nil.

77.5 Prohibited

Development not included in item 77.2 or 77.3.

78 Zone No 7 (b) (Environment Protection (Habitat) Zone)

The following table provides general zoning controls for Zone No 7 (b):
Table

78.1 Objective of zone

The objective is to encourage the retention of wildlife habitats and associated vegetation and wildlife corridors.

78.2 Without development consent

Development for the purpose of:

- bush fire hazard reduction
- home occupations

Exempt development

78.3 Only with development consent

Development for the purpose of:

- agriculture
- dwelling-houses
- craft studios

- environmental facilities
- environmental protection works
- open space
- roads
- utility installations (other than gas holders or generating works)

78.4 Only with development consent—advertised development

Development for the purpose of:

- bed and breakfast establishments in dwellings lawfully erected and used before the commencement of *Lismore Local Environmental Plan 2000 (Amendment No 10)*.

78.5 Prohibited

Development not included in item 78.2, 78.3 or 78.4.

79 Zone No 8 (National Parks and Nature Reserves Zone)

The following table provides general zoning controls for Zone No 8:

Table

79.1 Objective of zone

The objective is to identify land included in national parks and nature reserves.

79.2 Without development consent

Development for any purpose authorised under the *National Parks and Wildlife Act 1974*

Development for the purpose of:

- bush fire hazard reduction

79.3 Only with development consent

Nil.

79.4 Only with development consent—advertised development

Nil.

79.5 Prohibited

Development not included in item 79.2.

Schedule 3 Development with restricted access to roads in rural and environment protection zones

(Clause 25 (2))

Development for the purpose of the following:

- art and craft galleries
- bulk stores
- caravan parks
- car repair stations
- clubs
- commercial premises
- educational establishments
- hospitals
- hotels
- industries (other than home or rural industries)
- institutions

- licensed premises
- liquid fuel depots
- material recycling yards
- mines
- motels
- passenger transport terminals
- places of assembly
- places of public worship
- recreation establishments
- refreshment rooms
- retail plant nurseries
- roadside stalls
- sawmills
- service stations
- stock and saleyards
- transport depots
- warehouses

Schedule 4 Additional development on certain land

(Clause 28)

Column 1	Column 2	Column 3
Land	Purpose	Development standards or conditions
Lot 1, DP 609846, as shown edged heavy black on the map marked " <i>Lismore Local Environmental Plan 2000</i> "	Development for the purpose of a motel	
Land at the south-eastern corner at the junction of Holland Street and the Bruxner Highway, as shown edged heavy black on the map marked " <i>Lismore Local Environmental Plan 2000</i> "	Development for the purpose of a service station	

<p>Lot 1, DP 373463 and Lot 392, DP 755718, being Nos 77 and 73 Uralba Street, Lismore, as shown edged heavy black on the map marked "<i>Lismore Local Environmental Plan 2000</i>"</p>	<p>Development for the purpose of a medical centre</p>	<p>Not less than 3 practitioners</p>
<p>Lot 3, DP 595145 and Lot 61, DP 262478, being Nos 162 and 166 Ballina Road, Goonellabah, as shown edged heavy black on the map marked "<i>Lismore Local Environmental Plan 2000 (Amendment No 11)</i>"</p>	<p>Development for the purpose of a medical centre</p>	<p>No more than 8 practitioners</p>
<p>Lot 2, DP 830354, being No 254 Keen Street, Lismore, as shown edged heavy black on the map marked "<i>Lismore Local Environmental Plan 2000</i>"</p>	<p>Development for the purpose of the storage and retail sale of second-hand building materials</p>	<p>No demolition or manufacturing is to be carried out on site and use of the land for the purposes listed in Column 2 is limited to 8 a.m. to 5 p.m. on Mondays to Fridays and to 9 a.m. to 12.30 p.m. on Saturdays</p>
<p>Lot 42, DP 827203, being No 6 Funnel Drive, Modanville, as shown edged heavy black on Sheet 2 of the map marked "<i>Lismore Local Environmental Plan 2000</i>"</p>	<p>Development for the purpose of shops</p>	
<p>Lot 6, DP 549575, Bruxner Highway, Goonellabah, as shown edged heavy black on the map marked "<i>Lismore Local Environmental Plan 2000</i>"</p>	<p>Development for the purpose of a service station</p>	

Schedule 5 Matters relating to environmental impact

(Clauses 10, 40 (2) (a) and 51 (2))

- 1 The objectives of the proposed development and how it relates to the objectives of this plan and the relevant zone.
- 2 The existing environment, including existing land use, slope, aspect, geology, soils, flood liability, vegetation, fauna and hydrology likely to be affected by the proposed development, if carried out.
- 3 The interaction between the proposed development and the natural and human made environment (for example, habitat, vegetation, open space, recreational system, drainage system, and road, bicycle and pedestrian movement systems).
- 4 The likely impact of the proposed development on the surrounding natural and human made environment, such as loss of agricultural land, impact on water resources and any land use conflicts and the means proposed to reduce any adverse impact (for example visual controls, stormwater controls, erosion controls, traffic controls and provision of community facilities).

- 5 Measures to be taken in conjunction with the proposed development to protect the environment and the assessment of the likely effectiveness of those measures.
- 6 Any likely increase in demand for facilities or services as a result of the development.
- 7 An assessment of the likely impact of the proposed development on people occupying the locality within which it will be carried out.

Schedule 6 Classification and reclassification of public land as operational land

(Clause 74)

Part 1 Land classified, or reclassified, before the application of amendments made to s 30 of LGA 1993

East Lismore

Industry Drive

Part Lot 11, DP 548837, as shown edged heavy black on Sheet 4 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 43)*".

Goonellabah

Windsor Court

Part Lot 24, DP 730478, as shown edged heavy black on Sheet 1 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 36)*".

Lismore

Brewster Street

Lots 5-10, DP 436538, Lots 13-15, DP 8588, Lot 1, DP 368623, Lot 1, DP 368622 and Lot 6, DP 376908, located in the vicinity of Lismore Shopping Square, as shown edged heavy black on the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 35)*".

Bruxner Highway

Lot 111, DP 804466, known as 215 Bruxner Highway, as shown edged heavy black on Sheet 6 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 25)*".

North Lismore

Tweed Street

Lots 2-5 and 22-24, DP 942, known as the Lismore Saleyards Carpark, as shown edged heavy black on Sheet 2 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 43)*".

South Lismore

Bruxner Highway

Part Lot 532, DP 825929 and Part Lot 2, DP 577321, as shown edged heavy black on Sheet 2 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 36)*".

Part 2 Interests not changed

Part 3 Interests changed

Column 1	Column 2	Column 3
Locality	Description	Trusts etc not discharged
Goonellabah		
22 Ballina Road	Lot 34, DP 219592, as shown edged heavy black on Sheet 2 of the map marked " <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> "— <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> .	Nil.
15 Westview Drive	Lot 23, DP 829442, as shown edged heavy black on Sheet 3 of the map marked " <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> "— <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> .	Easements noted on Certificate of Title Folio Identifier 23/829442.
Lismore		
50 Dawson Street	Lot 1, DP 636233, as shown edged heavy black on Sheet 1 of the map marked " <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> "— <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> .	Easements and lease noted on Certificate of Title Folio Identifier 1/636233.
Lismore Heights		
3 Barr Scott Drive	Lot 29, DP 262148, as shown edged heavy black on Sheet 4 of the map marked " <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> "— <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> .	Nil.
South Lismore		
45 Wilson Street	Lot 22, DP 701863, as shown edged heavy black on Sheet 5 of the map marked " <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> "— <i>Lismore Local Environmental Plan 2000 (Amendment No 4)</i> .	Nil.

Schedule 6A Classification and reclassification of public land as

community land

(Clause 74A)

Lismore

Wyrallah Road

Lot 2, DP 861927, known as King Park, as shown edged heavy black on Sheet 1 of the map marked "*Lismore Local Environmental Plan 1992 (Amendment No 43)*".

Schedule 7 Definitions

(Clause 6 (1))

In this plan:

abattoir means a building or place used for the slaughter of animals or birds, whether or not animal by-products are processed, manufactured or distributed there.

agriculture means horticulture, the cultivation of land including crop raising, stock raising and the use of land for any purpose of animal husbandry, including the keeping or breeding of livestock, poultry or bees, and the growing of fruit, vegetables or the like, but does not include animal establishments.

alter, in relation to a heritage item or to a building or work within a heritage conservation area, means:

- (a) make structural changes to the outside of the heritage item, building or work, or
- (b) make non-structural changes to the detail, fabric, finish or appearance of the outside of the heritage item, building or work, not including changes that maintain the existing detail, fabric, finish or appearance of the outside of the heritage item, building or work.

amusement parlour means any premises where more than four amusement devices, consisting of either pinball machines, pool tables, billiard tables, or coin operated amusement devices or the like, are provided for the entertainment of the public, with the exception of any premises the subject of a hotelier's licence under the [Liquor Act 1982](#).

animal establishment means an establishment in which animals are intensively housed, fed or slaughtered and includes an abattoir, a cattle feedlot, an intensive piggery, a chicken farm, and an intensive aquaculture farm.

art and craft gallery means a building or place used for the display and sale of items of art and craft.

bed and breakfast establishment means a dwelling-house used by its permanent residents (including the owner) to provide short term paid accommodation (which may include meals) and includes ancillary buildings within the curtilage of the dwelling-house.

boarding house includes a house let in lodgings or a hostel but does not include a motel.

brothel means a building or place habitually used for the purpose of prostitution.

bulk store means a building or place used for the bulk storage of goods, where the goods stored or to be stored are not required for use in a shop or commercial premises on the same parcel of land or on adjoining land in the same ownership.

bulky goods showroom means a building or place used for the sale by retail or auction, the hire or the display of items (whether goods or materials) which are of such a size, shape or weight as to require:

- (a) a large area for handling, storage or display, or
- (b) direct vehicular access to the site of the building or place by members of the public, for the purpose of loading items into their vehicles after purchase,

but does not include a building or place used for the sale of foodstuffs or clothing or a motor showroom.

bush fire hazard reduction means a reduction or modification (by controlled burning or mechanical or manual means) of material that constitutes a bush fire hazard.

caravan park means a site:

- (a) on which moveable dwellings (as defined in the [Local Government Act 1993](#)) are placed for the purpose of providing permanent accommodation or for the purpose of providing temporary accommodation for tourists, or
- (b) used for the purpose of the erection, assembly or placement of cabins for temporary accommodation by tourists.

car repair station means a building or place used for the purpose of carrying out repairs to motor vehicles or agricultural machinery, including panel beating and spray painting.

child care establishment means a building or place used for the purpose of caring for or supervising children which:

- (a) caters for more than five under school age children who are not related to the owner, and
- (b) may include an educational function, and
- (c) may operate for the purpose of gain,

but does not include a building or place providing residential care for those children.

club means a building used by persons associated, or by a body incorporated, for social, literary, political, sporting, athletic or other lawful purposes whether of the same or of a different kind and whether or not the whole or a part of such a building is the premises of a club registered under the [Registered Clubs Act 1976](#).

commercial premises means a building or place used as an office or for other business or commercial purposes, but does not include a building or place elsewhere specifically defined in this Schedule or a building or place used for a purpose elsewhere specifically defined in this Schedule.

communications facility means a facility used for communications, other than “low impact” facilities as described in the [Telecommunications Act 1997](#) of the Commonwealth.

community facility means a building owned by a public authority or a body of persons which may be used for the physical, social, cultural, or intellectual development or welfare of the local community, and includes a health centre, an information centre, a kiosk, a museum, a library, a youth centre, restroom, a neighbourhood centre, a welfare centre and a senior citizens centre or the like, but does not include a building or place elsewhere specifically defined in this Schedule.

complying development—see clause 9.

convenience shop means a shop selling or hiring out a variety of small consumer goods which may include a place used for the fuelling of motor vehicles and the retail sale of petrol, oil and petroleum products, a café, a take-away food service, postal services, and video hire services where the gross floor area does not exceed 100 square metres.

Council means the Council of the City of Lismore.

craft studio means a building or place used for the purpose of carrying out any 1 or more of the occupations referred to below by not more than 3 persons, being an occupation the carrying out of which does not involve interference with the amenity of the neighbourhood by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil or otherwise, and includes the display and sale only of items made on the premises:

- (a) art,
- (b) design,
- (c) handicrafts,
- (d) photography,
- (e) pottery,
- (f) sculpture,
- (g) weaving,
- (h) a like occupation involving craft or art work.

demolition, in relation to a heritage item or to a building, work, relic or place within a heritage conservation area, means the damaging, defacing, destruction, pulling down or removal of the heritage item, building, work, relic or place in whole or in part.

dual occupancy building means a building containing 2 dwellings only.

dwelling means a room or suite of rooms occupied or used or so constructed or adapted as to be capable of being occupied or used as a separate domicile.

dwelling-house means a building containing one but not more than one dwelling.

educational establishment means a building used as a school, college, technical college, academy, lecture hall, gallery or museum, but does not include a building used wholly or principally as an institution or child care establishment.

environmental facilities means:

- (a) a structure or work which provides for nature or scientific study or display facilities, such as walking tracks, board walks, observation decks, bird hides or the like, or
- (b) environmental management or restoration facilities, such as those for bush regeneration, swamp restoration, erosion and runoff prevention works or the like.

exempt development—see clause 9.

exhibition dwelling means a new dwelling-house not used as a dwelling, that is used for a pre-determined period for the exhibition of the dwelling-house or interior household appliances or products, whether or not the dwelling-house includes a sales office.

extractive industry means:

- (a) the winning of extractive material, or
- (b) an undertaking, not being a mine, which depends for its operations on the winning of extractive material from the land upon which it is carried on, and includes any washing, crushing, grinding, milling or separating into different sizes of that extractive material on that land.

extractive material means sand, gravel, clay, turf, soil, rock, stone or similar substances.

flood affected land means the land that would be inundated by the 1% AEP (Annual Exceedance Probability) flood, as shown on a map kept at the office of the Council.

flood standard means the flood level established by the 1% AEP (Annual Exceedance Probability) flood, as determined by the Council.

floodway means the area marked “FW” on the sheet of the map marked “*Map No 7, Development Control Plan No 7—Flood Prone Lands*”.

forestry includes arboriculture, silviculture, forest protection, the cutting, dressing and preparation, other than in a sawmill, of wood and other forest products and the establishment of roads required for the removal of wood and forest products and for forest protection.

generating works means a building or place used for the purpose of making or generating gas, electricity or other forms of energy.

goods transport terminal means a building or place used for the principal purpose of the bulk handling of goods for transport by road, rail, river or air, including facilities for the loading and unloading of vehicles or craft used to transport those goods and for the parking, servicing and repair of those vehicles or craft.

gross floor area means the sum of the areas of each floor of a building where the area of each floor is taken to be the area within the outer face of the external enclosing walls as measured at a height of 1,400 millimetres above each floor level, excluding:

- (a) columns, fin walls, sun control devices and any elements, projections or works outside the general line of the outer face of the external wall, and
- (b) lift towers, cooling towers, machinery and plant rooms and ancillary storage space and vertical air conditioning ducts, and

- (c) car-parking needed to meet any requirements of the Council and any internal access to that car parking, and
- (d) space for the loading and unloading of goods.

health care professional means a person who provides professional health services to members of the public, and includes:

- (a) a podiatrist registered under the *Podiatrists Act 1989*, and
- (b) a chiropractor or osteopath or chiropractor and osteopath registered under the *Chiropractors and Osteopaths Act 1991*, and
- (c) a physiotherapist registered under the *Physiotherapists Registration Act 1945*, and
- (d) an optometrist registered under the *Optometrists Act 1930*.

helipad means an area or place not open to public use which is authorised by the Department of Transport and which is set apart for the taking off and landing of helicopters.

heliport means an area or place open to public use which is licensed by the Department of Transport for use by helicopters and includes terminal buildings and facilities for the parking, servicing and repair of helicopters.

heritage conservation area means land described in Schedule 2 and shown edged heavy black on the map marked "*Lismore Local Environmental Plan 2000 (Amendment No 2)—Conservation Area*" specified in that Schedule in respect of that land.

heritage item means a building, work, relic, tree or place (which may or may not be situated on or within land that is a heritage conservation area) described in Schedule 1 and shown edged heavy black on the map marked "*Lismore Local Environmental Plan 2000 (Amendment No 2)—Heritage Items*".

home industry means an industry carried on in a building (other than a dwelling-house or a dwelling in a residential building) under the following circumstances:

- (a) the building does not occupy a floor space exceeding 50 square metres and is erected within the curtilage of the dwelling-house or residential flat building occupied by the person carrying on the industry or on adjoining land owned by that person, and
- (b) the industry does not:
 - (i) interfere with the amenity of the locality by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products or grit, oil or otherwise, or
 - (ii) involve exposure to view from any adjacent premises or from any public place of any unsightly matter, or
 - (iii) require the provision of any essential service main of a greater capacity than that available in the locality.

home occupation means an occupation carried on in a dwelling-house or in a dwelling in a residential

building by the permanent residents of the dwelling-house or dwelling that does not involve:

- (a) anything that would have required the registration of the building under the *Shops and Industries Act 1962* immediately before the repeal of section 11 of that Act, or
- (b) the employment of more than one person other than those residents, or
- (c) interference with the amenity of the neighbourhood by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products or grit, oil or otherwise, or
- (d) the display of goods, whether in a window or otherwise, or
- (e) the exhibition of any notice, advertisement or sign (other than a notice, advertisement or sign exhibited on that dwelling-house or dwelling to indicate the name and occupation of the resident), or
- (f) the sale of items (whether goods or materials), or the exposure or offer for sale of items, by retail from the premises.

home office means a building or place:

- (a) which is attached to, forms part of, or is in the vicinity of, a dwelling, and
- (b) which is used for the purpose of carrying on a business by the permanent residents of the dwelling, and
- (c) at which not more than one person other than those residents is employed, and
- (d) which is not used for the display of goods, whether in a window or otherwise, and
- (e) the use of which does not involve the exhibition of any notice, advertisement or sign, and
- (f) which is not used for the sale of any goods.

hospital means a building or place (other than an institution) used for the purpose of providing professional health care services (such as preventative or convalescent care, diagnosis, medical or surgical treatment, care for people with developmental disabilities, psychiatric care or counselling and services provided by health care professionals) to people admitted as in-patients (whether or not out-patients are also cared for or treated there), and includes:

- (a) ancillary facilities for the accommodation of nurses or other health care workers, ancillary shops or refreshment rooms and ancillary accommodation for persons receiving health care or for their visitors, and
- (b) facilities situated in the building or at the place and used for educational or research purposes, whether or not they are used only by hospital staff or health care workers, and whether or not any such use is a commercial use.

industry means the manufacturing, assembling, altering, repairing, renovating, ornamenting, finishing, cleaning, washing, dismantling, processing or adapting of any goods or any articles for a commercial purpose, but (in a table providing general zoning controls) does not include development elsewhere defined in this Schedule.

institution means a penal or reformatory establishment.

landscape means character or visual quality of the environment of a particular location or area and may include both natural and man-made elements.

licensed premises means a building or place which is licensed under the [Liquor Act 1982](#) to permit the sale of liquor for consumption both on and away from the building or place, and includes a hotel, tavern or registered club, but does not otherwise include a liquor outlet.

light industry means an industry, not being an offensive or hazardous industry, in which the processes carried on, the transportation involved or the machinery or materials used do not interfere with the amenity of the neighbourhood by reason of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit, oil, or otherwise

liquid fuel depot means a depot or place used for the bulk storage for wholesale distribution of petrol, oil, petroleum or other inflammable liquid.

liquor outlet means a building or place which is licensed under the [Liquor Act 1982](#) to permit the sale of liquor for consumption away from the licensed premises.

main road means a road that is declared to be a main road by an order in force under the [Roads Act 1993](#).

marina means a pontoon, jetty, pier or the like used, or intended to be used, to provide moorings for boats used for pleasure or recreation, whether or not operated for the purpose of gain, which may be used for the provision of:

- (a) slipways, and
- (b) facilities for the repair, maintenance and fuelling of boats, or the supply of accessories and parts for boats or boating enthusiasts, and
- (c) foodstuffs,

but does not include a shop.

market means a temporary outlet for the sale of local crafts and goods, a large proportion of which are not available through normal commercial outlets, and:

- (a) which operates on one day of the week only, and
- (b) which does not require the erection of permanent structures.

materials recycling yard means a building or place used for collecting, dismantling, storing, abandoning, recycling or sale of secondhand or scrap materials, but does not include recycling drop-off centres operated by, or on behalf of, the Council.

medical centre means a building or place used for the purpose of providing professional health services (such as preventative care, diagnosis, medical or surgical treatment or counselling) to out-patients only.

mine means any place, open cut, shaft, tunnel, pit, drive, level or other excavation, drift, gutter, lead,

vein, lode or reef on, in or by which any operation is carried on for or in connection with the purpose of obtaining any metal or mineral by any mode or method and any place on which any product of the mine is stacked, stored, crushed or otherwise treated, but does not include a quarry.

motel means a building or buildings (other than a hotel, boarding-house or residential flat building) substantially used for the overnight accommodation of travelers and the vehicles used by them whether or not the building or buildings are also used in the provision of meals to those travellers or the general public.

motor showroom means a building or place used for the display or sale of motor vehicles, caravans or boats, whether or not motor vehicle accessories, caravan accessories or boat accessories are sold or displayed in or on the building or place.

offensive or hazardous industry means an industry which, by reason of the processes involved or the method of manufacture or the nature of the materials used or produced, requires isolation from other buildings.

passenger transport terminal means any building or place used for the assembly, dispersal and convenience of passengers travelling by any form of passenger transport, and includes associated facilities for parking, manoeuvring, storing or routinely servicing any vehicle forming part of that undertaking.

place of assembly means a public hall, theatre, cinema, conference or reception centre, music hall, concert hall, dance hall, open-air theatre, drive-in theatre, music bowl or any other building of a like character used as such and whether used for the purposes of gain or not, but does not include a place of public worship, an institution or an educational establishment.

place of public worship means a church, chapel or other place of public worship or religious instruction or place used for the purpose of religious training.

public building means a building used as offices or for administrative or other like purposes by the Crown, a statutory body, a council or an organisation established for public purposes.

public utility undertaking means any of the following undertakings carried on or permitted or suffered to be carried on by or by authority of any Government department or under the authority of or in pursuance of any Commonwealth or State Act:

- (a) railway, road transport, water transport, air transport, wharf or river undertakings,
- (b) undertakings for the supply of water, hydraulic power, electricity or gas or the provision of sewerage or drainage services,

and a reference to a person carrying on a public utility undertaking is to be construed as including a reference to a council, county council, Government department, corporation, firm or authority carrying on the undertaking.

recreation area means an area used for outdoor sporting, leisure or recreation activities and may include clubhouse facilities, spectator facilities or shelters, but (in a table providing general zoning controls) does not include a building or place elsewhere specifically defined in this Schedule.

recreation establishment means a health farm, religious retreat house, rest home, youth camp and

the like but does not include a building or place elsewhere specifically defined in this Schedule.

recreation facility means a building or place used for indoor recreation, a billiard saloon, table tennis centre, squash court, swimming pool, gymnasium, health studio, bowling alley or any other building of a like character used for recreation and whether used for the purpose of gain or not, but does not include a place of assembly.

recreation vehicle area means an area designated as a recreation vehicle area by the Environment Protection Authority under the [Recreation Vehicles Act 1983](#).

refreshment room means a restaurant, café, tea room, eating house or the like.

relic means any deposit, object or material evidence (terrestrial or underwater) relating to the use or settlement of the City of Lismore which is 50 or more years old.

residential building means a building or group of buildings erected on one lot of land and containing three or more dwellings.

restricted premises means a building or place used or intended for use as a shop in which:

- (a) any classified publications (other than unrestricted publications) within the meaning of the [Classification \(Publications, Films and Computer Games\) Enforcement Act 1995](#) are available for sale or rental to the public, or
- (b) a business is conducted involving selling or disposing of products to which section 578E of the [Crimes Act 1900](#) applies, or
- (c) a business is conducted, an object of which is the display or exhibition of any article that is primarily concerned with sexual behaviour, but which is not printed matter.

retail plant nursery means a building or place used for both the growing and retail selling of plants, whether or not ancillary products are also sold in that building or place.

roadside stall means a building or place not exceeding 20 square metres in floor space or area respectively where only primary products produced on the property on which the building or place is situated are exposed or offered for sale or sold by retail.

rural industry means the handling, treating, processing or packing of primary products unless such activity is part of the agricultural activity of the property concerned and also includes the servicing in a workshop of plant or equipment used for rural purposes in the locality.

rural tourist facility means a small scale establishment providing basic holiday accommodation or basic recreational or educational facilities and includes a camping ground, guest house, hostel, 3 or more cabins, educational facility or the like, being facilities which are integrated with or designed to complement the rural activities or attractions on the site or in the surrounding locality, but does not include a bed and breakfast establishment.

rural workers' dwelling means a dwelling that is on land on which there is already erected a dwelling and that is occupied by persons engaged in rural occupation on that land.

sawmill means a mill handling, cutting and processing timber from logs or baulks.

service station means a building or place used for the fuelling of motor vehicles and the sale by retail of petrol, oil or other petroleum products, whether or not the building or place is also used for one or more of the following purposes:

- (a) the hiring of trailers, or
- (b) the retail selling or the installing of spare parts and accessories for motor vehicles, or
- (c) the washing and greasing of motor vehicles, or
- (d) the repairing and servicing of motor vehicles (but not the body building, panel beating, or spray painting of motor vehicles), or
- (e) the retail selling or hiring out of small convenience consumer goods, but only if the gross floor area used for such selling or hiring is not greater than 100 square metres.

shop means a building or place used for the purpose of selling, exposing or offering for sale by retail, goods, merchandise or materials, but does not include a building or place elsewhere specifically defined in this Schedule or a building or place used for a purpose elsewhere specifically defined in this Schedule.

stock and saleyard means a building or place used for the purpose of offering animals for sale and includes a public cattle market.

the Act means the [Environmental Planning and Assessment Act 1979](#).

the map means the map marked “Lismore Local Environmental Plan 2000” as amended by the maps (or, if any sheets of maps are specified, by the specified sheets of maps) marked as follows:

Lismore Local Environmental Plan 2000 (Amendment No 3)

Lismore Local Environmental Plan 2000 (Amendment No 4)—Sheet 5

Lismore Local Environmental Plan 2000 (Amendment No 6)—Sheets 1 and 2

Lismore Local Environmental Plan 2000 (Amendment No 10)

tourist facilities means an establishment providing for holiday accommodation or recreation and may include a boat shed, boat landing facilities, camping ground, caravan park, holiday cabins, hotel, house boat, marina, motel, playground, refreshment room, water sport facilities or a club used in conjunction with any such activities, but does not include a bed and breakfast establishment.

transport depot means a building or place used for the parking or storage of motor powered or motor drawn vehicles used in connection with a passenger or goods transport undertaking.

utility installation means a building or work used by a public utility undertaking, but does not include a building designed wholly or principally as administrative or business premises or as a showroom.

veterinary hospital means a building or place used for diagnosing or for surgically or medically treating animals, whether or not the animals are kept on the premises for the purposes of treatment.

warehouse means a building or place used for the storage of goods, merchandise or materials

pending their sale and distribution.

wholesale plant nursery means a building or place used for either the growing or storage of plants, pending their sale in large quantities for the purposes of resale or agriculture.

Schedule 8 Major drains
