Hurstville Local Environmental Plan 1994

New South Wales

Part 1 Preliminary

1 Name of plan

This plan may be cited as *Hurstville Local Environmental Plan 1994*.

2 Aims, objectives etc

The aims of this plan are:

- (a) to consolidate and update existing planning controls in the City of Hurstville,
- (b) to modify planning controls having regard to growth and change in the City,
- (c) to simplify the general restrictions on development by reducing the number of zones into which land is divided,
- (d) to create a broad framework of planning controls within which the council may, from time to time, develop and adopt more detailed policies and guidelines relating only to matters of significance for local environmental planning,
- (e) to ensure that development is carried out in such a way as to allow the economic and efficient provision of public services and amenities, and
- (f) to ensure the conservation of the historic architecture and the aesthetic character of the City.

3 Land to which plan applies

This plan applies to all land situated in the City of Hurstville, as shown edged by a broken black line and black bars on the map.

4 Relationship to other environmental planning instruments

- (1) This plan repeals:
 - (a) the *Hurstville Planning Scheme Ordinance*, and
 - (b) all other local environmental plans and deemed environmental planning

instruments which, immediately before the appointed day, applied to land to which this plan applies, but to the extent only to which those plans so applied to that land.

- (2) *State Environmental Planning Policy No 25—Residential Allotment Sizes and Dual Occupancy Subdivision* does not apply to land to which this plan applies.
- (3) *Sydney Regional Environmental Plan No 12—Dual Occupancy* does not apply to land to which this plan applies.
- (4) *State Environmental Planning Policy No 25—Residential Allotment Sizes and Dual Occupancy Subdivision* and *Sydney Regional Environmental Plan No 12—Dual Occupancy* are amended in the manner set out in Schedule 1.

5 Interpretation

- (1) In this plan:

advertising means the use of a building or place for the display of symbols, messages or other devices for promotional purposes or for conveying information, instructions, directions or the like, whether or not the display involves the erection of a structure or the carrying out of a work.

alter, in relation to a heritage item, means:

- (a) make structural changes to the outside of the heritage item, or
- (b) make non-structural changes to the detail, fabric, finish or appearance of the outside of the heritage item, other than changes ensuing from the maintenance of the existing detail, fabric, finish or appearance of the outside of the item.

amusement centre means a building or place used, or adapted for use, for the operation, playing or viewing of:

- (a) billiards, pool or other like games (whether or not by use of coin operated tables or equipment), but only if tables or equipment for more than 3 such games is installed in the building or place, or
- (b) electrically or mechanically operated amusement devices, such as pinball machines and the like, but only if more than 3 such machines are installed in the building or place, or
- (c) electronic appliances which are controlled or partly computer controlled and associated with one or more electronic screens operated by one or more players for amusement or recreation, but only if more than 3 such appliances are installed in the building or place,

but does not include a building or place used for the primary purpose of providing

general computer office and associated internet services and facilities.

animal establishment means a building or place used for the breeding, boarding, training or keeping of, or for caring for, animals whether or not for commercial purposes, but does not include a veterinary establishment or a building or place used (in conjunction with a dwelling) for the keeping of pets.

appointed day means the day on which this plan takes effect.

8 Zone objectives and development control table

- (1) The objectives of each zone are set out in the Table to this Part. A copy of the objectives of each zone appears on the map.
- (2) Except as otherwise provided by this plan, in relation to land within a zone specified in the Table to this Part, the purposes (if any) for which:
 - (a) development may be carried out without development consent,
 - (b) development may be carried out only with development consent, and
 - (c) development is prohibited,are specified under the headings “Without development consent”, “Only with development consent” and “Prohibited”, respectively, appearing in the matter relating to that zone.
- (3) Except as otherwise provided by this plan, the council may grant consent to the carrying out of development on land to which this plan applies only if the council is of the opinion that the carrying out of the development is consistent with the objectives of the zone within which the development is proposed to be carried out and has considered the extent to which the proposed development is consistent with those objectives.

9 Council policies

The council may only grant consent to the development of land where it has taken into consideration any planning and design principles or policies adopted by the council from time to time which may be relevant to the particular development.

Table

Zone No 2 (Residential Zone)

Zone objectives

The objectives of this zone are:

- (a) to preserve and enhance the character and amenity of established residential areas,
- (b) to allow a variety of housing types within existing residential areas,
- (c) to encourage the conservation of residential areas which include individual buildings and streets of heritage significance,
- (d) to encourage greater visual amenity by requiring landscaping and permitting a greater

variety of building materials and flexibility of design,

- (e) to enable redevelopment for medium density housing forms, including townhouses, villas, cluster housing, semi-detached housing, residential flat buildings and the like, where such development does not interfere with the amenity of surrounding residential areas, and
- (f) to allow people to carry out a reasonable range of activities from their homes, where such activities are not likely to adversely affect the living environment of neighbours.

1 Without development consent

Exempt development; public utility undertakings other than gas holders or generating works.

2 Only with development consent

Animal establishments; bed and breakfast accommodation; carparks; child care centres; commercial signs; community facilities; dual occupancies; dwelling houses; educational establishments; group homes; health consulting rooms; home activities; hospitals; housing for aged or disabled persons; multiple dwellings; places of worship; recreation areas; recreation facilities; residential flat buildings; residential offices; roads.

3 Prohibited

Any purpose other than a purpose included in item 1 or 2.

Zone No 3 (a) (General Business Zone)

Zone objectives

The objectives of this zone are:

- (a) to provide opportunities for retail and other business development in business centres outside the Hurstville Town Centre, and
- (b) to provide opportunities for associated development such as parking, service industries and the like, and
- (c) to preserve the character of neighbourhood business centres by limiting the residential component of development.

1 Without development consent

Part 3 Special provisions

9A What is exempt and complying development

- (1) Development of minimal environmental impact listed as exempt development in *Hurstville Development Control Plan No 14—Exempt and Complying Development* (as adopted by the council on 17 December 2003) is **exempt development**, despite any other provisions of this plan.
- (2) Development listed as complying development in *Hurstville Development Control Plan No 14—Exempt and Complying Development* (as adopted by the council on 17 December 2003) is **complying development** if:
 - (a) it is local development of a kind that can be carried out with consent on the land on which it is proposed, and
 - (b) it is not an existing use, as defined in section 106 of the Act.
- (3) Development is exempt or complying development only if it complies with the development standards and other requirements applied to the development by *Hurstville Development Control Plan No 14—Exempt and Complying Development* (as adopted by the council on 17 December 2003).
- (4) A complying development certificate issued for any complying development is to be subject to the conditions for the development specified in *Hurstville Development Control Plan No 14—Exempt and Complying Development* adopted by the council (as in force when the certificate is issued).

10 Subdivision generally

A person may subdivide land to which this plan applies but only with the consent of the council.

11 Minimum lot sizes for dwelling houses on land within Zone No 2

- (1) The minimum allotment size for the erection of a dwelling house on land within Zone No 2 is 450 m² and the allotment must have a width of at least 15 metres.
- (2) Notwithstanding subclause (1), the minimum allotment size for the erection of a dwelling house on a battleaxe allotment on land within Zone No 2 is 550 m² and the allotment must have a width of at least 15 metres.
- (3) Notwithstanding subclauses (1) and (2), the minimum allotment size for the erection of a dwelling house on land within Zone No 2 that is located within a foreshore scenic protection area (as referred to in clause 19B) is 550m² for the allotment at the front and 650m² for the battleaxe allotment.
- (4) The width or area of any access corridor, accessway, right of carriageway or the like is

not to be included in the calculation of the width or area of an allotment.

- (5) This clause does not prohibit the erection of a dwelling house in Zone No 2 on an allotment of land that existed as a separate allotment on the appointed day.

11A Dual occupancies

- (1) Notwithstanding any other provisions of this plan, the objectives of this clause are to:
- (a) prohibit the creation of a second detached dwelling within the backyard of an existing property, except in respect of corner allotments or sites which have rear lane or dual street access, and
 - (b) encourage the development of a second dwelling in the form of:
 - (i) first floor additions to an existing detached dwelling, or
 - (ii) new attached dwellings, and
 - (c) allow minor extensions to an existing detached dwelling to provide additional floor space required to create a second dwelling.
- (2) Unless otherwise provided for in this plan, this clause applies to all land within the local government area of the City of Hurstville.
- (2A) The minimum allotment size for the creation of a dual occupancy on land within Zone No 2 is 630 m² and the allotment must have a width of at least 15 metres.
- (2B) Any development application relating to the creation of a dual occupancy on land within Zone No 2 that was lodged, but not finally determined, before the commencement of *Hurstville Local Environmental Plan 1994 (Amendment No 50)* is to be determined as if that plan had not been made.
- (3) The council must not consent to the erection of a second detached dwelling in the backyard of a dwelling house except in respect of corner allotments or sites which have rear lane or dual street access.
- (4) The council may consent to the creation of a second attached dwelling at the rear of an existing dwelling house if:
- (a) any additional floor space to be created does not constitute more than 20% of the total site area, and
 - (b) the length of any building extension does not exceed 25% of the shortest perpendicular distance measured from the rear alignment of the existing dwelling to the rear boundary of the allotment, and
 - (c) such an addition is of single storey construction.

- (5) For the purposes of this clause, an **attached dwelling** means a dwelling attached to another dwelling by a common wall, where the dwellings maintain the appearance of a single integrated building. Dwellings are not attached dwellings for the purposes of this clause where they are connected by breezeways, carports or the like.

12 (Repealed)

13 Floor space ratios

- (1) The maximum floor space ratio for a building or buildings not used for residential purposes within Zone No 2 is 0.5:1.
- (2) For buildings within Zone No 3 (a):
- (a) the maximum floor space ratio overall is 1.5:1, and
 - (b) the maximum floor space ratio for the exclusively non-residential component is 1:1, and
 - (c) the maximum floor space ratio for the exclusively residential component is 0.5:1.
- (2A) For buildings within Zone No 3 (c):
- (a) the maximum floor space ratio overall is 1.5:1, except for so much of the land within Zone No 3 (c) in the Beverly Hills and Riverwood town centres as is shown edged heavy black on Sheets 1 and 2, respectively, of the map marked "*Hurstville Local Environmental Plan 1994 (Amendment No 36)*" where the maximum floor space ratio overall is 2:1, and
 - (b) the maximum floor space ratio for the exclusively non-residential component is 1:1.
- (2B) Nothing in subclause (2) or (2A) shall be construed as removing the need for compliance with clause 15A (2).
- (3) The maximum floor space ratio for a building within Zone No 4 is 1:1.
- (4) The area of the access corridor for a battleaxe allotment is not to be included in the calculation of the floor space ratio of any building on the allotment.

14 Tree preservation orders

- (1) The council may, by resolution, make a tree preservation order.
- (2) A tree preservation order may prohibit the ringbarking, cutting down, topping, lopping, removal, injuring or destroying of trees without the consent of the council.
- (3) A tree preservation order comes into force on the day a notice stating that the order has been made is first published in a newspaper circulating at least once weekly in the

City of Hurstville.

- (4) A tree preservation order, and the notice referred to in subclause (3), must specify the types or sizes of trees, or identify the locations of the trees, that are covered by the order.
- (5) Where a tree preservation order is in force a person must not ringbark, cut down, top, lop, remove, injure or destroy any tree covered by the order without the consent of the council.
- (6) Subclause (5) does not apply where it can be demonstrated to the satisfaction of the council that the tree is dying, dead or has become dangerous.
- (7) When considering an application for a consent referred to in subclause (5) the council must make an assessment of the importance of the tree or trees in relation to:
 - (a) soil stability and prevention of land degradation,
 - (b) scenic or environmental amenity, and
 - (c) vegetation systems and natural wildlife habitats.
- (8) This clause does not apply to any trees that are required to be trimmed in accordance with clause 23 of the *Electricity (Overhead Line Safety) Regulation 1991*.

15 Services

Before granting consent to the carrying out of development on land for any purpose the council must be satisfied that:

- (a) facilities for the supply of water and for the removal or disposal of sewage and drainage are available to that land, or
- (b) arrangements satisfactory to the Water Board for the provision of these facilities have been made.

15A Height restrictions in certain Business Zones

- (1) This clause applies to:
 - (a) all land within Zone No 3 (a), and
 - (b) all land within Zone No 3 (c), except land within that zone at the town centres of Riverwood, Beverly Hills, Penshurst, Mortdale, Narwee and Kingsgrove,
as shown edged heavy black on the map marked "*Hurstville Local Environmental plan 1994 (Amendment No 38)*".
- (2) Despite any other provision of this plan, the Council must not consent to the erection of any building exceeding 2 storeys in height on land to which this clause applies.

16 Development in industrial zones

- (1) The council may grant consent to the carrying out of development on and within Zone No 4 for the purpose of shops (other than bulky goods salesrooms or showrooms) or for commercial purposes only where it is satisfied that:
 - (a) where the proposed development may otherwise have been carried out within a business centre in the locality, suitable land for the development is not available in that business centre, and
 - (b) the proposed development is of a type appropriate to an industrial zone, or to the general character of existing structures or uses within the industrial zone.
- (2) The council may grant consent to the carrying out of development on land within Zone No 4 for the purpose of a panel beating workshop only where it is satisfied that:
 - (a) the land in question does not adjoin land within a residential zone, and
 - (b) appropriate arrangements are made to store on the site of the proposed development and either within a building or within a suitably screened area all vehicles awaiting or undergoing repair, awaiting collection or otherwise involved with the proposed workshop.

17 Bulky goods retailing

The council may grant consent to the carrying out of development on land within Zone No 4 for the purposes of a bulky goods showroom or salesroom only if it is satisfied that:

- (a) suitable land for the development is not available in any nearby business centre, and
- (b) the carrying out of the development would not, by reason of the number of retail outlets which exist or are proposed on the land, conflict with the objectives of Zone No 4.

18 Development in open space zones

- (1) When determining an application for consent to carry out development on land within Zone No 6 (a) or 6 (b), the council must consider:
 - (a) the need for the proposed development on that land,
 - (b) the impact of the proposed development on the existing or likely future use of the land, and
 - (c) the need to retain the land for its existing or likely future use.
- (2) Where any land within Zone No 6 (a) is not under the ownership of the council, the owner of that land may, by notice in writing, require the council to acquire the land.
- (3) On receipt of a notice referred to in subclause (2), the council shall acquire the land,

unless the land might reasonably be required to be dedicated for public open space.

- (4) Any land within Zone No 6 (a) which is not under the ownership of the council (may with the consent of the council) be used for any purpose which is permissible (either with or without development consent) on land adjoining the land in question, prior to that land's being acquired by the council.
- (5) The council may grant consent as referred to in subclause (4) only after it has considered:
 - (a) the effects of the proposed development on the costs of acquisition,
 - (b) the imminence of acquisition, and
 - (c) the costs associated with the reinstatement of the land for the purpose for which it is zoned.

19 Foreshore building lines

- (1) The council may, by resolution, fix a foreshore building line in respect of any bay, river, creek or waterway.
- (2) A foreshore building line fixed in accordance with subclause (1) shall be shown on a map or series of maps and shall come into effect on the date a notice stating that the line has been fixed and specifying its location is first published in a newspaper circulating at least once weekly in the City of Hurstville.
- (3) Except as provided by subclauses (5) and (6), a building shall not be erected between a foreshore building line and the bay, river, creek or waterway in respect of which the line is fixed.
- (4) The council may, by resolution, alter or abolish any foreshore building line fixed in accordance with this clause where the levels, depth or other exceptional features of the site make it necessary or expedient to do so.
- (5) A person may, with the consent of the council granted after the council has considered the probable aesthetic appearance of the proposed structure in relation to the foreshore, erect:
 - (a) baths,
 - (b) boat sheds,
 - (c) dressing sheds,
 - (d) wharves,
 - (e) jetties,

(f) structures below the surface of the ground,

(g) swimming pools,

(h) pergolas, or

(i) boundary fences,

between a foreshore building line and the bay, river or creek in respect of which the line is fixed.

- (6) The council may grant consent to the erection of a building even though part of the building will be located between the foreshore building line and the bay, river or creek in respect of which the line is fixed, but only if the levels, depth or other exceptional features of the site make it necessary or expedient for the building to be so located, and the council has taken into consideration the probable aesthetic appearance of the proposed development in relation to the foreshore.

19A Development in foreshore areas

Before granting consent to the development of land within or adjoining land within Zone No 7, the council must be satisfied that:

- (a) it has appropriately considered the appearance of the development from both the waterway and adjacent foreshore areas,
- (b) the development will not cause any pollution or siltation of the waterway,
- (c) the development will not have any adverse effects on surrounding uses, marine habitats, wetland areas or flora and fauna habitats,
- (d) the development will not cause significant runoff, and will not result in inappropriate and excessive excavation or have an adverse effect on drainage patterns,
- (e) the development will not cause congestion of, or generate conflicts between, people using open space areas or the waterway (or both),
- (f) the development will not adversely affect the historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of any heritage item, or any other building, work, area or place relating to the environmental heritage on or forming part of the land, or on or forming part of surrounding land, and
- (g) the development will not adversely affect the natural topography, any natural rock formations or significant vegetation located on or adjoining the land.

19B Foreshore scenic protection area

- (1) This clause applies to land within a foreshore scenic protection area, which is land shown edged heavy black with diagonal hatching on the map marked "foreshore"

scenic protection area”.

- (2) A dwelling house must not be erected on land within a foreshore scenic protection area, except with the consent of the council.
- (3) The minimum density requirement for the erection of more than one dwelling on land that is within Zone No 2 and within a foreshore scenic protection area is 500 square metres per dwelling.
- (4) The council must not grant consent to the carrying out of any development on land to which this clause applies unless it has considered the following:
 - (a) the appearance of the proposed development from both the waterway and adjacent foreshore areas,
 - (b) the likely impact of the proposed development on views from adjoining properties and public places to the waterway and adjacent foreshore areas,
 - (c) the likely effect of the proposed development on the natural topography, natural rock formations, canopy vegetation, or any other significant vegetation,
 - (d) the design of the proposed development and selection of materials and their impact on the character of the locality and landscaped open space on the site.

20 Community use of school facilities or sites

- (1) Any educational establishment (including its site and facilities) may, with the consent of the council, be used for any community purpose (including meeting rooms, public halls, entertainment and recreation) whether for commercial purposes or not.
- (2) Nothing in this clause requires development consent to be granted for the carrying out of development on any land if that development could, but for this clause, be carried out on that land without development consent.

21 Roads

- (1) A person may, with the consent of the council, carry out development on any part of a public road, or any other land shown uncoloured on the map, for any purpose which is permissible on land adjoining that road.
- (2) Despite subclause (1), development of the land referred to in that subclause for the purposes of a public utility undertaking, or by the Roads and Traffic Authority for arterial road purposes, may be carried out without the consent of the council.
- (3) Where any land shown uncoloured on the map is not under the ownership of the council, the owner of that land may, by notice in writing, require the council to acquire the land.
- (4) On receipt of a notice referred to in subclause (3), the council shall acquire the land,

unless the land might reasonably be required to be dedicated for public roads.

- (5) The council may grant consent required by subclause (1), in respect of and which it does not own, only after it has considered:
 - (a) the effects of the proposed development on the costs of acquisition,
 - (b) the imminence of acquisition, and
 - (c) the costs associated with the reinstatement of the land for the purpose for which it is to be acquired.

22 Excavation, filling of land

- (1) A person may excavate or fill any land to which this plan applies only with the consent of the council.
- (2) When considering an application for consent required by subclause (1), the council shall have particular regard to:
 - (a) the likely disruption of, or detrimental effect on, existing drainage patterns and soil stability in the locality, and
 - (b) the effect of the proposed works on the likely future use or redevelopment of the land.
- (3) Subclause (1) does not apply to any excavation or filling of land associated with minor landscaping or similar works.

23 Acquisition and development of land reserved for arterial roads

- (1) The owner of any land within Zone No 9 may, by notice in writing, request the Roads and Traffic Authority to acquire that land.
- (2) On receipt of a notice referred to in subclause (1), the Roads and Traffic Authority shall acquire the land in accordance with its current policies on acquisition at the time) unless the land might reasonably be required to be dedicated for public roads.
- (3) A person may, with the consent of the council and the concurrence of the Roads and Traffic Authority, carry out development on land within Zone No 9 for any purpose which is permissible on land adjoining that land.
- (4) The Roads and Traffic Authority may grant concurrence required by subclause (3) only after it has made an assessment of:
 - (a) the effects of the proposed development on the costs of acquisition,
 - (b) the imminence of acquisition, and
 - (c) the costs associated with the reinstatement of the land or the purpose of which it

is to be acquired.

- (5) The council may grant consent required by subclause (3) only after it has made an assessment of:
- (a) the need for the proposed development on the land,
 - (b) the impact of the proposed development on the existing or likely future use of the land, and
 - (c) the need to retain the land for its existing or likely future use.

24 Suspension of certain laws etc

- (1) For the purpose of enabling development to be carried out in accordance with this plan or with a consent granted under the Act, the operation of any covenant, agreement or similar instrument imposing restrictions on development shall not apply to the development (to the extent necessary to serve that purpose).
- (2) Nothing in subclause (1) shall affect the rights or interests of any statutory authority under any registered instrument.
- (3) Pursuant to section 28 of the Act, before the making of this plan, the Governor approved of subclauses (1) and (2).

25 Temporary use of land

Notwithstanding any other provisions of this plan, the council may grant consent to development on land within any zone for any temporary purpose for a maximum period of 28 days, whether consecutive or not, in any one year provided the council is satisfied that:

- (a) the temporary purpose is necessary and reasonable for the economic use of the land pending its development in accordance with this plan,
- (b) the temporary purpose will not prejudice the carrying out of development on the land in accordance with this plan, and
- (c) appropriate arrangements are made for the removal of the use and any associated structures at the end of the period specified in the development consent.

25A Advertising and signage

- (1) The objectives of this clause are as follows:
 - (a) to provide for a variety of advertising that is compatible with the purpose for which the land is zoned and with the character of the area,
 - (b) to permit advertising that is complementary in scale, form and location with the surrounding natural or built environment,

- (c) to ensure that advertising does not detract from the safety, efficiency or appearance of any public thoroughfare.
- (2) Before granting consent for development that will result in the displaying of an advertisement, the council must consider the objectives of this clause.
- (3) The council must not grant consent for any such development unless it is satisfied that:
 - (a) the advertisement will not detract from the amenity of the local environment because of its appearance, size, design, illumination or location, or as a result of the number and location of other advertisements within the vicinity, and
 - (b) the size and likely impacts of the advertisement are compatible with the size and design of the premises on which the advertisement is to be placed or constructed and with the size and design of the surrounding buildings, and
 - (c) the advertisement will not detract from any item of scenic, historic, architectural, scientific or cultural interest, and
 - (d) appropriate setbacks, clearances and structural features are incorporated into the proposed advertisement to ensure safe pedestrian and vehicular traffic circulation.
- (4) Development that will result in the display of the following kinds of advertisements is prohibited:
 - (a) posters on poles or other structures in public places,
 - (b) temporary signs of a commercial nature on land whether zoned or unzoned,
 - (c) flag pole signs,
 - (d) advertisements that uses flashing lights,
 - (e) advertisements in a foreshore scenic protection area, within the meaning of clause 19B.

26 Development of land for certain additional purposes

Notwithstanding the provisions of this plan, a person may, with the consent of the council, carry out development on land referred to in Column 1 of Schedule 3 for a purpose specified in Column 2 of that Schedule subject to such conditions, if any, as are so specified.

26AA Development of No 1 Forest Road, Hurstville

Residential development of Lot 10 in DP 776811, known as No 1 Forest Road, Hurstville; shall be carried out in accordance with the following conditions:

- (a) the site shall be consolidated and developed with Lot 4 in DP 975238 known as No 126 Botany Street, Hurstville, and
- (b) these consolidated lands shall be restricted to a maximum residential density of 150m² per dwelling.

26A Classification and reclassification of public land as operational land

- (1) The public land described in Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*, subject to this clause.
- (2) The amendments made by the *Local Government Amendment (Community Land Management) Act 1998* to section 30 of the *Local Government Act 1993* do not apply to the land described in Part 1 of Schedule 4.
- (3) Land described in Part 2 of Schedule 4:
 - (a) to the extent (if any) that the land is a public reserve, does not cease to be a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants by which it was affected before its classification, or reclassification, as operational land.
- (4) Land described in Columns 1 and 2 of Part 3 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve on the commencement of the relevant amending plan and, by the operation of that plan, is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land except those (if any) specified opposite the land in Column 3 of Part 3 of Schedule 4.
- (5) In this clause, ***the relevant amending plan***, in relation to land described in Part 3 of Schedule 4, means the local environmental plan cited at the end of the description of the land.
- (6) Before the relevant amending plan inserted the description of land into Part 3 of Schedule 4, the Governor approved of subclause (4) applying to the land.

26B Savings and transitional provision

A development application made (but not finally determined) before the commencement of *Hurstville Local Environmental Plan 1994 (Amendment No 41)* may be determined and have effect as if that plan had not been made.

Part 4 Heritage provisions

27 Aims in relation to heritage

The aims of this Part in relation to heritage are:

- (a) to conserve the environmental heritage of the local government area of the City of Hurstville, and
- (b) to conserve the heritage significance of existing significant fabric, relics, settings and views associated with the heritage significance of heritage items, and
- (c) to ensure that archaeological sites and places of Aboriginal heritage significance are conserved, and
- (d) to allow for the protection of places which have the potential to have heritage significance but are not identified as heritage items.

28 Protection of heritage items

- (1) **When is consent required?** The following development may be carried out only with development consent:
 - (a) demolishing or moving a heritage item,
 - (b) altering a heritage item by making structural or non-structural changes to its exterior, such as to its detail, fabric, finish or appearance,
 - (c) altering a heritage item by making structural changes to its interior,
 - (d) disturbing or excavating a place of Aboriginal heritage significance or an archaeological site while knowing, or having a reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
 - (e) moving the whole or part of a heritage item,
 - (f) erecting a building on, or subdividing, land on which a heritage item is located.
- (2) **What exceptions are there?** Development consent is not required by this clause if:
 - (a) in the opinion of the consent authority:
 - (i) the proposed development is of a minor nature or consists of maintenance of the heritage item, and
 - (ii) the proposed development would not adversely affect the significance of the heritage item, and
 - (b) the proponent has notified the consent authority in writing of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development will

comply with this subclause and that development consent is not otherwise required by this plan.

- (3) Development consent is not required by this clause for the following development in a cemetery or burial ground if there will be no disturbance to human remains, to relics in the form of grave goods or to a place of Aboriginal heritage significance:
- (a) the creation of a new grave or monument,
 - (b) an excavation or disturbance of land for the purpose of carrying out conservation or repair of monuments or grave markers.
- (4) **What must be included in assessing a development application?** Before granting a consent required by this clause, the consent authority must assess the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item concerned.
- (5) **What extra documentation is needed?** The assessment must include consideration of a heritage impact statement that addresses at least the following issues (but is not to be limited to assessment of those issues, if the heritage significance concerned involves other issues). The consent authority may also decline to grant such a consent until it has considered a conservation management plan, if it considers the development proposed should be assessed with regard to such a plan.
- (6) The minimum number of issues that must be addressed by the heritage impact statement are:
- (a) the heritage significance of the heritage item as part of the environmental heritage of the local government area of the City of Hurstville, and
 - (b) the impact that the proposed development will have on the heritage significance of the item and its setting, including any landscape or horticultural features, and
 - (c) the measures proposed to conserve the heritage significance of the item and its setting, and
 - (d) whether any archaeological site or potential archaeological site would be adversely affected by the proposed development, and
 - (e) the extent to which the carrying out of the proposed development would affect the form of any historic subdivision.

29 Advertised development

The following development is identified as advertised development:

- (a) the demolition of a heritage item,
- (b) the carrying out of any development allowed by clause 34.

30 Notice of demolition to the Heritage Council

Before granting consent for the demolition of a heritage item listed on the State Heritage Register (under the *Heritage Act 1977*), the consent authority must notify the Heritage Council about the application and take into consideration any comments received in response within 28 days after the notice is sent.

31 Development affecting places or sites of known or potential Aboriginal heritage significance

Before granting consent for development that is likely to have an impact on a place of Aboriginal heritage significance or a potential place of Aboriginal heritage significance, or that will be carried out on an archaeological site of a relic that has Aboriginal heritage significance, the consent authority must:

- (a) consider a heritage impact statement explaining how the proposed development would affect the conservation of the place or site and any relic known or reasonably likely to be located at the place or site, and
- (b) except where the proposed development is integrated development, notify the local Aboriginal communities (in such way as it thinks appropriate) and the Director-General of National Parks and Wildlife of its intention to do so and take into consideration any comments received in response within 28 days after the relevant notice is sent.

32 Development affecting known or potential archaeological sites of relics of non-Aboriginal heritage significance

(1) Before granting consent for development that will be carried out on an archaeological site or a potential archaeological site of a relic that has non-Aboriginal heritage significance (whether or not it is, or has the potential to be, also the site of a relic of Aboriginal heritage significance), the consent authority must:

- (a) consider a heritage impact statement explaining how the proposed development will affect the conservation of the site and any relic known or reasonably likely to be located at the site, and
 - (b) notify the Heritage Council of its intention to do so and take into consideration any comments received in response within 28 days after the notice is sent.
- (2) This clause does not apply if the proposed development:
- (a) does not involve disturbance of below-ground deposits and the consent authority is of the opinion that the heritage significance of any above-ground relics would not be adversely affected by the proposed development, or
 - (b) is integrated development.

33 Development in the vicinity of a heritage item

- (1) Before granting consent to development in the vicinity of a heritage item, the consent authority must assess the impact of the proposed development on the heritage significance of the heritage item.
- (2) This clause extends to development:
 - (a) that may have an impact on the setting of a heritage item, for example, by affecting a significant view to or from the item or by overshadowing, or
 - (b) that may undermine or otherwise cause physical damage to a heritage item, or
 - (c) that will otherwise have any adverse impact on a heritage item or of any heritage significance of the item.
- (3) The consent authority may refuse to grant any such consent unless it has considered a heritage impact statement that will help it assess the impact of the proposed development on the heritage significance, visual curtilage and setting of the heritage item.
- (4) The heritage impact statement should include details of the size, shape and scale of, setbacks for, and the materials to be used in, any proposed buildings or works and details of any modification that would reduce the impact of the proposed development on the heritage significance of the heritage item.

34 Conservation incentives

- (1) The consent authority may grant consent to the use for any purpose of a building that is a heritage item, or of the land on which such a building is erected, even though the use would otherwise not be allowed by this plan, if:
 - (a) it is satisfied that the retention of the heritage item depends on the granting of the consent, and
 - (b) the proposed use is in accordance with a conservation management plan which has been endorsed by the consent authority, and
 - (c) the granting of consent to the proposed use would ensure that all necessary conservation work identified in the conservation management plan is carried out, and
 - (d) the proposed use would not adversely affect the heritage significance of the heritage item or its setting, and
 - (e) the proposed use would not adversely affect the amenity of the surrounding area otherwise than to an insignificant extent.
- (2) When considering an application for consent to erect a building on land on which

there is situated a building which is a heritage item, the consent authority may:

- (a) for the purpose of determining the floor space ratio, and
- (b) for the purpose of determining the number of parking spaces to be provided on the site,

exclude from its calculation of the floor space of the buildings erected on the land the floor space of the item, but only if the consent authority is satisfied that the retention of the building depends on the consent authority's granting the exclusion.

Schedule 1 Amendment of other environmental planning instruments

(Clause 4 (4))

- 1** *State Environmental Planning Policy No 25—Residential Allotment Sizes and Dual Occupancy Subdivision* is amended by inserting after item 5 of Schedule 1 (Land to which this policy does not apply) the following item:

5AA Hurstville

Land to which [Hurstville Local Environmental Plan 1994](#) applies.

- 2** *Sydney Regional Environmental Plan No 12—Dual Occupancy* is amended by inserting in appropriate order in Schedule 1 (Land to which plan does not apply) the following item:

2B Land to which [Hurstville Local Environmental Plan 1994](#) applies.
