1 Name of Act

This Act may be cited as the *Subordinate Legislation Act 1989*.

2 Commencement

This Act commences on a day or days to be appointed by proclamation.

3 Definitions

(1) In this Act:

Legislation Review Committee means the committee for the time being constituted under the *Legislation Review Act 1987*.

principal statutory rule means a statutory rule that contains provisions apart from:

- (a) direct amendments or repeals, and
- (b) provisions that deal with its citation and commencement.

responsible Minister, in connection with a statutory rule, means the Minister administering the Act under which the statutory rule is or is proposed to be made.

statutory rule means a regulation, by-law, rule or ordinance:

- (a) that is made by the Governor, or
- (b) that is made by a person or body other than the Governor, but is required by law to be approved or confirmed by the Governor,

but does not include any instruments specified or described in Schedule 4.

(2) In this Act, a reference to a direct amendment is a reference to an amendment that inserts, adds, amends or substitutes matter.

Part 2 Requirements regarding the making of statutory rules

4 Guidelines

Before a statutory rule is made, the responsible Minister is required to ensure that, as far as is reasonably practicable, the guidelines set out in Schedule 1 are complied with.

5 Regulatory impact statements

- (1) Before a principal statutory rule is made, the responsible Minister is required to ensure that, as far as is reasonably practicable, a regulatory impact statement complying with Schedule 2 is prepared in connection with the substantive matters to be dealt with by the statutory rule.
- (2) Before a principal statutory rule is made, the responsible Minister is required to ensure that, as far as is reasonably practicable, the following provisions are complied with:
 - (a) A notice is to be published in the Gazette and in a daily newspaper circulating throughout New South Wales and, where appropriate, in any relevant trade, professional, business or public interest journal or publication:
 - (i) stating the objects of the proposed statutory rule, and
 - (ii) advising where a copy of the regulatory impact statement may be obtained or inspected, and
 - (iii) advising whether, and (if so) where, a copy of the proposed statutory rule may be obtained or inspected, and
 - (iv) inviting comments and submissions within a specified time, but not less than 21 days from publication of the notice.
 - (b) Consultation is to take place with appropriate representatives of consumers, the public, relevant interest groups, and any sector of industry or commerce, likely to be affected by the proposed statutory rule.
 - (c) All the comments and submissions received are to be appropriately considered.
- (3) The nature and extent of the publicity for the proposal, and of the consultation regarding the proposal, are to be commensurate with the impact likely to arise for consumers, the public, relevant interest groups, and any sectors of industry or commerce from the making of the statutory rule.
- (4) In the event that the statutory rule is made, a copy of the regulatory impact statement and all written comments and submissions received are to be forwarded to the Legislation Review Committee within 14 days after it is published in the Gazette.

- (5) Comments and submissions received within one week before the statutory rule is submitted to the Governor (or at any time afterwards) need not be considered or forwarded to the Legislation Review Committee.
- (6) Section 75 of the *Interpretation Act 1987* does not apply to notices required to be published under this Act.

6 Regulatory impact statements not necessary in certain cases

- (1) It is not necessary to comply with section 5 to the extent that:
 - (a) the responsible Minister certifies in writing that, on the advice of the Attorney General or the Parliamentary Counsel, the proposed statutory rule comprises or relates to matters set out in Schedule 3, or
 - (b) the Minister administering this Act (or a Minister for the time being nominated by the Minister administering this Act for the purpose) certifies in writing that, in his or her opinion in the special circumstances of the case, the public interest requires that the proposed statutory rule should be made without complying with section 5, or
 - (c) the responsible Minister certifies in writing that:
 - (i) the proposed statutory rule has been or is to be made by a person or body (other than the Governor) who or which is not expressly subject to the control or direction of the responsible Minister, and
 - (ii) it was not practicable, in the circumstances of the case, for the responsible Minister to comply with section 5.
- (2) If a statutory rule is made in the circumstances mentioned in subsection (1) (b), the responsible Minister is required to ensure that the relevant requirements of section 5 (with any necessary adaptations) are complied with within 4 months after the statutory rule is made.
- (3) A certificate under this section may relate to either or both of the following:
 - (a) all or any specified requirements of section 5,
 - (b) all or any specified aspects of the statutory rule concerned.

7 Requirements before making statutory rules

A proposed statutory rule must not be submitted for making by the Governor, or for the approval or confirmation of the Governor, unless the following are submitted together with the proposed statutory rule:

- (a) a copy of a certificate of the responsible Minister stating whether or not, in his or her opinion, the provisions of this Act relating to the proposed statutory rule have been

complied with,

- (b) a copy of any relevant certificate under section 6,
- (c) a copy of the opinion of the Attorney General or the Parliamentary Counsel as to whether the proposed statutory rule may legally be made.

8 Remaking of disallowed statutory rule

- (1) This section applies where a House of Parliament has disallowed a statutory rule under section 41 of the *Interpretation Act 1987*.
- (2) No statutory rule, being the same in substance as the statutory rule so disallowed, may be published in the Gazette within 4 months after the date of the disallowance, unless the resolution has been rescinded by the House of Parliament by which it was passed.
- (3) If a statutory rule is published in the Gazette in contravention of this section, the statutory rule is void.

9 Compliance with Part

- (1) Except as provided by section 8, failure to comply with any provisions of this Part does not affect the validity of a statutory rule.
- (2) The provisions of this Part regarding the requirements to be complied with before a statutory rule is made, approved or confirmed are in addition to, and do not affect, the provisions of any other Act.

Part 3 Staged repeal of statutory rules

- (2) Such an order is effective to postpone the repeal of the statutory rule, provided the order is published before the repeal would otherwise take effect.
- (3) The repeal of a particular statutory rule may not be postponed on more than 5 occasions.
- (4) The repeal of a statutory rule may not be postponed on a third, fourth or fifth occasion unless the responsible Minister has given the Legislation Review Committee at least one month's written notice of the proposed postponement.
- (5) The Legislation Review Committee may make such reports to the responsible Minister and to each House of Parliament as it thinks desirable in connection with the third, fourth or fifth postponement of the repeal of a statutory rule.

- 2** Before a statutory rule is proposed to be made:
 - (a) The objectives sought to be achieved and the reasons for them must be clearly formulated.
 - (b) Those objectives are to be checked to ensure that they:
 - are reasonable and appropriate, and

- accord with the objectives, principles, spirit and intent of the enabling Act, and
 - are not inconsistent with the objectives of other Acts, statutory rules and stated government policies.
- (c) Alternative options for achieving those objectives (whether wholly or substantially), and the option of not proceeding with any action, must be considered.
- (d) An evaluation must be made of the costs and benefits expected to arise from each such option as compared with the costs and benefits (direct and indirect, and tangible and intangible) expected to arise from proceeding with the statutory rule.
- (e) If the statutory rule would impinge on or may affect the area of responsibility of another authority, consultation must take place with a view to ensuring in advance that (as far as is reasonably practicable in the circumstances):
- any differences are reconciled, and
 - there will be no overlapping of or duplication of or conflict with Acts, statutory rules or stated government policies administered by the other authority.
- 3** In determining whether and how the objectives should be achieved, the responsible Minister is to have regard to the following principles:
- (a) Administrative decisions should be based on adequate information and consultation concerning the need for and consequences of the proposed action.
- (b) Implementation by means of a statutory rule should not normally be undertaken unless the anticipated benefits to the community from the proposed statutory rule outweigh the anticipated costs to the community, bearing in mind the impact of the proposal on the economy and on consumers, members of the public, relevant interest groups, and any sector of industry and commerce, that may be affected.
- (c) The alternative option that involves the greatest net benefit or the least net cost to the community should normally be chosen from the range of alternative options available to achieve the objectives.
- 4** A statutory rule must be expressed plainly and unambiguously, and consistently with the language of the enabling Act.

Schedule 2 Provisions applying to regulatory impact statements

(Section 5)

- 1** A regulatory impact statement must include the following matters:
- (a) A statement of the objectives sought to be achieved and the reasons for them.
- (b) An identification of the alternative options by which those objectives can be achieved (whether wholly or substantially).
- (c) An assessment of the costs and benefits of the proposed statutory rule, including the costs and benefits relating to resource allocation, administration and compliance.

- (d) An assessment of the costs and benefits of each alternative option to the making of the statutory rule (including the option of not proceeding with any action), including the costs and benefits relating to resource allocation, administration and compliance.
- (e) An assessment as to which of the alternative options involves the greatest net benefit or the least net cost to the community.
- (f) A statement of the consultation program to be undertaken.

2

- (1) Wherever costs and benefits are referred to in this Schedule, economic and social costs and benefits, both direct and indirect, are to be taken into account and given due consideration.
- (2) Costs and benefits should be quantified, wherever possible. If this is not possible, the anticipated impacts of the proposed action and of each alternative should be stated and presented in a way that permits a comparison of the costs and benefits.

- 3** A regulatory impact statement for a committee's foundation regulation (within the meaning of the *Agricultural Industry Services Act 1998*) must contain an assessment of the regulation carried out in accordance with the principles set out in Clauses 1 (3), 5 (1) and 5 (9) of the *Competition Principles Agreement*, being the agreement between the Commonwealth, the States and the Territories that was entered into, for and on behalf of New South Wales, on 11 April 1995.
