 - (f) specify the term of the order (being a period not exceeding 5 years).
- (3) A plant that is the subject of a weed control order is a **noxious weed** for the purposes of this Act.
- (4) An order takes effect from the date of its publication in the Gazette or on a later date specified in the order.
- (5) The Minister may not make an order declaring any plant that is native to the State to be a noxious weed, except with the consent of the Minister administering the [National Parks and Wildlife Act 1974](#).

8 Weed control classes

- (1) The following weed control classes may be applied to a plant by a weed control order:
 - (a) Class 1, State Prohibited Weeds,
 - (b) Class 2, Regionally Prohibited Weeds,

Part 3 Noxious weed control on land

Division 1 Action to control noxious weeds

12 Private occupiers of land must control noxious weeds on land

An occupier (other than a public authority or a local control authority) of land to which a weed control order applies must control noxious weeds on the land as required under the order.

Maximum penalty: 40 penalty units.

Note—

If an occupier fails to comply with obligations under a weed control order, those obligations may be enforced against the owner of the land as well as the occupier by a weed control notice issued under section 18.

13 Public authorities' obligations to control noxious weeds on own land

- (1) A public authority that is an occupier of land to which a weed control order applies must control noxious weeds on the land as required under the order, to the extent necessary to prevent the weeds from spreading to adjoining land.
- (2) A public authority must provide information as to the name and contact details of an occupier of land owned by the public authority to the relevant local control authority, if the land is subject to a weed control order.

14 Local control authorities' obligations to control noxious weeds on own land

- (1) A local control authority that is an occupier of land subject to a weed control order must control noxious weeds on the land as required under the order.
- (2) A local control authority must control noxious weeds on any road (other than a freeway, tollway or State work within the meaning of the [Roads Act 1993](#)) in the local area of the authority that is subject to a weed control order as required under the

order.

- (3) The obligation to control noxious weeds on a road is a joint obligation with any occupier required to control the weeds under section 17 or 17B.

15 Occupiers of land must notify local control authority of notifiable weeds

An occupier of land (other than a local control authority) on which there is a notifiable weed must notify the local control authority for the land of that fact within 3 days after becoming aware that the notifiable weed is on the land.

Maximum penalty (for an occupier other than a public authority): 20 penalty units.

16 Evidence of knowledge of notifiable weeds

For the purpose of proving in any prosecution under section 15 (1) that an occupier of land was aware that a notifiable weed was located on the land, if it is proved that the occupier or an employee of the occupier or other person using the land ought reasonably to have known that a notifiable weed was located on the land, that is evidence that the occupier was aware that it was on the land.

17 Obligations to control noxious weeds on roads

- (1) An obligation imposed under this Act on an occupier of land to control noxious weeds on that land also extends to noxious weeds on:
- (a) any part of a road that intersects the land, not being part of the road that is fenced on both sides, and
 - (b) the half of the width of any part of a road that forms part of the boundary of the land, not being a part of the road that is fenced on both sides, and
 - (c) any part of a road that forms part of the boundary of the land, being a part of the road that is not fenced on the side forming part of the boundary but is fenced on the other side.
- (2) An occupier may enter a road at all reasonable times for the purpose of complying with this section.

between those sides.

- (2) If a watercourse, river or inland water (tidal or non-tidal) is situated between land occupied by different occupiers, an obligation under this Act for each occupier to control noxious weeds extends to weeds located on the land between the boundary of the land and any “give and take” fence erected to define the boundary of the land or, if there is no such fence, to the middle line of the watercourse, river or inland water.
- (3) An occupier may enter a watercourse, river or inland water for the purpose of complying with this section.
- (4) A local control authority may exempt the whole or part of a watercourse, river or inland water in its local area from the operation of subsection (1) or (2), or both, if, in its opinion, the depth or width of the watercourse, river or inland water is such that, in the circumstances, it would be unreasonable to apply the provisions concerned.
- (5) The Director-General may, by order published in the Gazette, exempt an occupier, a noxious weed or the whole or part of a watercourse, river or inland water, from the operation of subsection (1) or (2), or both.

- (7) A local control authority is to be responsible for the control of noxious weeds located on a watercourse, river or inland water in its local area if, because of an exemption under this section, subsection (1) or (2), or both, do not apply to the control of those weeds.

Note—

Under section 69, a local control authority may enter into agreements with another person or body to exercise functions of the authority under this Act.

- (8) This section does not apply to land referred to in section 17B.

 - (b) any part of a watercourse, river or inland water (tidal or non-tidal) situated on the land.
- (2) If a public road, a public reserve or public channel land less than 40 metres wide is

situated between land within an irrigation area occupied by different occupiers, the requirement for each occupier to control noxious weeds extends to noxious weeds located on that part of the road, reserve or channel land that is located between the boundary of the occupier's land and the middle line of the road, reserve or channel land.

- (3) An occupier may enter a public road, a public reserve or public channel land at all reasonable times for the purpose of complying with this section.
- (4) In this section, **road** does not include a State highway, freeway, tollway or State work within the meaning of the [Roads Act 1993](#).
