Marrickville Local Environmental Plan 2001

New South Wales

Part 1 Preliminary

1 Name of plan

This plan is *Marrickville Local Environmental Plan 2001*.

2 Area covered by this plan

This plan applies to all land within the Marrickville local government area.

3 Relationship to other environmental planning instruments

- (1) This plan repeals all local environmental plans and deemed environmental planning instruments which, immediately before the day on which this plan took effect, applied to the land to which this plan applies.
- (2) *State Environmental Planning Policy No 4—Development Without Consent* is amended by inserting at the end of Schedule 1 the following words:

Clause 57 of *Marrickville Local Environmental Plan 2001*

- (3) *State Environmental Planning Policy No 60—Exempt and Complying Development* is amended by omitting the word “Marrickville” from subclause (1) of Part 1 of Schedule 1.

4 Consent authority

Marrickville Council is the consent authority for the purposes of this plan, subject to the Act.

5 Definitions and interpretation

- (1) Definitions used in this plan are set out in Schedule 1.
- (2) In this plan:
 - (a) a reference to a building or place used for a purpose includes a reference to a building or place intended to be used for the purpose, and

- (b) a reference to a map is a reference to a map deposited in the office of the Council, and
- (c) a reference to land within a zone specified in clauses 10–24 is a reference to land shown on the map in the manner indicated in the respective clauses as a means of identifying land of the zone so specified.

(3) Notes to this plan and the list of its contents are not part of this plan.

Part 2 Planning principles

6 Aim

The aim of this plan is to establish the framework for future development within the Marrickville local government area.

7 Objectives

The objectives of this plan are:

- (a) to consolidate and update planning controls in the area, and
- (b) to create a land use framework which allows detailed provisions to be made in development control plans, and
- (c) to enhance the quality of life and promote the well-being of the local community, and
- (d) to encourage new development to apply the principles of ecologically sustainable development, in particular, energy, water and stormwater efficiency, waste reduction and biodiversity conservation, and
- (e) to identify and conserve those items and localities which contribute to the local, built form, environmental and cultural heritage of Marrickville, and
- (f) to ensure that there are adequate controls to minimise aircraft noise impact upon residential and community uses, and
- (g) to encourage housing affordability, diversity and choice, and
- (h) to promote an accessible and safe living environment, and
- (i) to maximise business and employment opportunities, particularly in Marrickville's existing commercial centres.

Part 3 Zoning provisions

8 Zones indicated on the map

- (1) Clauses 10–24 describe the objectives for each zone, what development is allowed without development consent (including exempt development) or only with

development consent and what development is prohibited in each zone.

(2) The following zones are created by this plan:

Residential 2 (A) zone

Residential 2 (B) zone

Residential 2 (C) zone

General Business 3 (A) zone

Neighbourhood Business 3 (B) zone

General Industrial 4 (A) zone

Light Industrial 4 (B) zone

Special Uses 5 (A) zone

Special Uses 5 (B) Railway zone

Open Space 6 (A) zone

Private Open Space 6 (B) zone

Local Open Space 9 (A) Reservation zone

Special Uses 9 (B) Reservation zone

Arterial Road and Arterial Road Widening 9 (C) Reservation zone

Local Road and Local Road Widening 9 (D) Reservation zone

9 Zone objectives and development control

The objectives of the zone are required to be taken into consideration by the consent authority in determining whether to grant development consent to a development application relating to land within that zone.

10 Residential 2 (A) zone

(1) **How is the zone shown on the map?** Coloured pink.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for predominantly single dwelling residential development, and
- (b) to provide opportunities for non-residential development which is of a type and scale that is compatible with the surrounding land, and

(c) to enable sites with an area greater than 1,500 square metres to be developed for multi unit housing.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- bed and breakfast accommodation
- boarding houses containing not more than ten residents
- child care centres
- community facilities
- dual occupancies
- dwelling houses
- educational establishments
- home industries
- home occupations which involve prostitution
- hospitals
- places of public worship
- public buildings
- recreation areas
- remediation

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

11 Residential 2 (B) zone

(1) **How is the zone shown on the map?** Coloured pink with red edging and lettered 2 (B).

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for multi unit housing and residential flat buildings to a maximum of two storeys in appearance, and
- (b) to provide opportunities for non-residential development which is of a type and scale that is compatible with the surrounding area.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- bed and breakfast accommodation
- boarding houses
- child care centres
- community facilities
- dual occupancies
- dwelling houses
- educational establishments
- home industries
- home occupations in dwelling houses which involve prostitution
- hospitals
- multi unit housing
- places of public worship
- public buildings
- recreation areas
- remediation
- residential flat buildings
- serviced apartments

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

12 Residential 2 (C) zone

(1) **How is the zone shown on the map?** Coloured pink with red edging and lettered 2 (C).

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for multi unit housing and residential flat buildings to a maximum of three storeys in appearance, and
- (b) to provide opportunities for non-residential development which is of a type and scale that is compatible with the surrounding area, and
- (c) to enable large sites to be developed for multi unit housing and residential flat buildings exceeding three storeys in appearance.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- bed and breakfast accommodation
- boarding houses
- child care centres
- community facilities
- dual occupancies
- dwelling houses
- educational establishments
- home industries
- home occupations in dwelling houses which involve prostitution
- hospitals
- multi unit housing
- places of public worship
- public buildings
- recreation areas
- remediation
- residential flat buildings
- serviced apartments

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

13 General Business 3 (A) zone

(1) **How is the zone shown on the map?** Coloured blue.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for business and commercial activities, and
- (b) to permit a variety of ancillary and complementary land uses, and
- (c) to facilitate residential development in conjunction with other permissible uses in the zone.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development not included in subclause (3) or (5).

(5) **What is prohibited?** Development for the purpose of:

- airline terminals
- amusement centres
- bulk stores
- caravan parks
- car repair stations
- dual occupancies
- dwellings, multi unit housing, residential flat buildings, serviced apartments that are not attached to a permissible use
- hazardous storage establishments
- helipads
- heliports
- industries
- institutions
- junk yards
- liquid fuel depots
- mines
- offensive storage establishments
- panel beating workshops
- timber yards
- transport terminals
- warehouses

14 Neighbourhood Business 3 (B) zone

(1) **How is the zone shown on the map?** Coloured dark blue.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas appropriate for low scale business and commercial activities, and
- (b) to permit a variety of ancillary and complementary land uses, and
- (c) to facilitate residential development only in conjunction with business and commercial development.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- advertisements
- advertising structures
- bed and breakfast accommodation
- boarding houses
- car parking
- child care centres
- clubs
- commercial premises
- community facilities
- dwellings attached to a permissible use
- educational establishments
- high technology industries
- home industries
- hospitals
- hotels
- motels
- multi unit housing attached to a permissible use
- places of assembly
- places of public worship
- professional consulting rooms
- public buildings
- refreshment rooms
- remediation
- retail plant nurseries
- service stations
- shops
- swimming pools and spas

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

15 General Industrial 4 (A) zone

(1) **How is the zone shown on the map?** Coloured purple.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for industrial and warehousing activities, and
- (b) to permit a range of support and ancillary uses.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development not included in subclause (3) or (5).

(5) **What is prohibited?** Development for the purpose of:

- airline terminals
- amusement centres
- bed and breakfast accommodation
- boarding houses
- bulky goods salesrooms or showrooms
- caravan parks
- commercial premises (other than banks and timber yards)
- dwellings and multi unit housing that are not used in conjunction with a permissible use
- dual occupancies
- dwelling houses
- hazardous industries
- hazardous storage establishments
- helipads
- heliports
- hospitals
- institutions
- mines
- offensive industries
- offensive storage establishments
- professional consulting rooms
- restricted premises
- residential flat buildings
- serviced apartments
- shops (other than chemists' shops, take-away food bars, fruit shops and newsagents' shops)

16 Light Industrial 4 (B) zone

(1) **How is the zone shown on the map?** Coloured purple with red edging and lettered 4 (B).

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify areas suitable for light industrial and warehousing activities, and
- (b) to permit a range of support and ancillary uses.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development not included in subclause (3) or (5).

(5) **What is prohibited?** Development for the purpose of:

- hospitals
- industries (other than high technology industries or light industries)
- institutions
- junk yards
- laundries
- liquid fuel depots
- mines
- offensive storage establishments
- panel beating workshops
- professional consulting rooms
- residential flat buildings
- restricted premises
- road transport terminals
- serviced apartments
- shops (other than chemists' shops, take-away food bars, fruit shops and newsagents' shops)
- airline terminals
- amusement centres
- bed and breakfast accommodation
- boarding houses
- bulky goods salesrooms or showrooms
- car repair stations
- commercial premises (other than banks)
- dual occupancies
- dwelling houses
- dwellings and multi unit housing that are not used in conjunction with a permissible use
- hazardous storage establishments
- helipads
- heliports

17 Special Uses 5 (A) zone

- (1) **How is the zone shown on the map?** Coloured yellow.
- (2) **What are the objectives of the zone?** The objective of this zone is to identify areas appropriate for the provision of community facilities.
- (3) **What does not require development consent?** Development for the purpose of:
 - public utility undertakingsExempt development
- (4) **What requires development consent?** Development for the purpose of:

- car parking
- child care centres
- community facilities
- educational establishments
- hospitals
- places of public worship
- public buildings
- public purposes

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

18 Special Uses 5 (B) Railway zone

(1) **How is the zone shown on the map?** Coloured dark grey.

(2) **What are the objectives of the zone?** The objective of this zone is to identify areas appropriate for railway development.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

(4) **What requires development consent?** Development not included in subclause (3) or (5).

(5) **What is prohibited?** Nil.

19 Open Space 6 (A) zone

(1) **How is the zone shown on the map?** Coloured dark green.

(2) **What are the objectives of the zone?** The objective of this zone is to identify land appropriate for use as open space and for public recreational purposes.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings
- works (but not buildings) involved in landscaping, gardening or bushfire hazard reduction authorised by a plan of management in respect of the land adopted by the Council under section 40 of the [Local Government Act 1993](#)

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- car parking
- child care centres
- open space maintenance facilities
- recreation areas
- show grounds
- tourist facilities

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

20 Private Open Space 6 (B) zone

(1) **How is the zone shown on the map?** Coloured dark green with yellow edging.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify land appropriate for use as open space and for recreational purposes, and
- (b) to facilitate the use of privately owned land for sporting activities and associated uses.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings
- works (but not buildings) involved in landscaping

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- car parking
- child care centres
- clubs
- open space maintenance facilities
- recreation areas
- recreation facilities
- show grounds

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

21 Local Open Space 9 (A) Reservation zone

(1) **How is the zone shown on the map?** Coloured light green with black edging.

(2) **What are the objectives of the zone?** The objective of this zone is to identify land intended to be acquired by the Council for open space and public recreational purposes.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings
- works (but not buildings) involved in landscaping, gardening or bushfire hazard reduction

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- car parking
- child care centres
- open space maintenance facilities
- recreation areas
- show grounds

Demolition

(5) **What is prohibited?** Development not included in subclause (3) or (4).

22 Special Uses 9 (B) Reservation zone

(1) **How is the zone shown on the map?** Coloured yellow with dark green edging.

(2) **What are the objectives of the zone?** The objectives of this zone are:

- (a) to identify land reserved for future acquisition by the Council for the provision of community facilities, and
- (b) to identify land reserved at the request of a public authority for future acquisition for development for a public purpose for which the authority is responsible.

(3) **What does not require development consent?** Development for the purpose of:

- public utility undertakings

Exempt development

(4) **What requires development consent?** Development for the purpose of:

- car parking
- child care centres
- community facilities
- educational establishments
- hospitals
- places of public worship
- public buildings
- public purposes
- recreation facilities

Demolition

Development for the purpose of the particular use indicated for the land on the map (including development ordinarily incidental or ancillary to that use)

(5) **What is prohibited?** Development not included in subclause (3) or (4).

23 Arterial Road and Arterial Road Widening 9 (C) Reservation zone

- (1) **How is the zone shown on the map?** Broken red band between firm black lines.
- (2) **What are the objectives of the zone?** The objective of this zone is to identify land required by the RTA for new arterial roads, and the widening of existing arterial roads.
- (3) **What does not require development consent?** Development for the purpose of:
 - arterial roads, including widening of existing arterial roads
 - public utility undertakingsExempt development
- (4) **What requires development consent?** Development for the purpose of:
 - car parkingDemolition
- (5) **What is prohibited?** Development not included in subclause (3) or (4).

24 Local Road and Local Road Widening 9 (D) Reservation zone

- (1) **How is the zone shown on the map?** Coloured grey between firm black lines.
- (2) **What are the objectives of the zone?** The objective of this zone is to identify land reserved for acquisition by the Council for new local roads and local road widening.
- (3) **What does not require development consent?** Development for the purpose of:
 - public utility undertakings
 - works (but not buildings) involved in roads and road wideningExempt development
- (4) **What requires development consent?** Development for the purpose of:
 - car parkingDemolition
- (5) **What is prohibited?** Development not included in subclause (3) or (4).

25 Complying and exempt development

- (1) Development of minimal environmental impact listed as exempt development in *Marrickville Development Control Plan 36—Complying and Exempt Development* as adopted by the Council on 18 April 2000 is exempt development, subject to this clause.

- (2) Development listed as complying development in *Development Control Plan 36—Complying and Exempt Development* as adopted by the Council on 18 April 2000 is complying development if it is local development of a kind that can be carried out with consent on the land on which it is proposed.
- (3) Building work that is ordinarily incidental or ancillary to any building lawfully in existence immediately before the commencement of this plan may be carried out with consent on the site of the building if the building work is listed as referred to in subclause (2) as complying development.
- (4) Subclause (3) does not apply to allow any building work on land that is zoned Local Open Space 9 (A) Reservation, Special Uses 9 (B) Reservation, Arterial Road and Arterial Road Widening 9 (C) Reservation or Local Road and Local Road Widening 9 (D) Reservation.
- (5) Development is complying or exempt development only if it complies with the development standards and other requirements applied to the development by *Development Control Plan 36—Complying and Exempt Development*, as adopted by the Council on 18 April 2000.
- (6) A complying development certificate issued for any complying development is to be subject to the conditions for the development specified in *Development Control Plan 36—Complying and Exempt Development* adopted by the Council, as in force when the certificate is issued.

Part 4 General restrictions on development

26 Subdivision controls

A person must not subdivide land to which this plan applies without development consent.

27 Temporary uses

Despite any other provision of this plan, consent may be granted to any use of land or a building, including the erection of temporary structures or the carrying out of temporary works in connection with the use, on any land to which this plan applies, if the consent authority is satisfied that:

- (a) the use is genuinely temporary and will cease within the time fixed or agreed to by the consent authority, and
- (b) suitable arrangements have been made for the removal of any temporary structures or works, and for the reinstatement of the land or building, after the cessation of the temporary use, and
- (c) the granting of consent to the use is reasonable having regard to the nature of the use and the economic use of the land or the building pending its development in

accordance with other provisions of this plan, and

- (d) the use will not unreasonably affect the viability of any commercial centre in the locality.

28 Development within areas affected by aircraft related noise

- (1) This clause applies to all land within the area bounded by the 20 Australian Noise Exposure Forecast (ANEF) contour as advised from time to time by the airport owner, and endorsed by Airservices Australia.
- (2) The consent authority, in determining whether to grant consent to development, on land to which this clause applies, for:
 - (a) residential purposes where the ANEF exceeds 20, or
 - (b) the purpose of educational establishments, hospitals or nursing homes, where the ANEF exceeds 20, or
 - (c) the purpose of hotels, motels, hostels or other tourist accommodation or public buildings, where the ANEF exceeds 25, or
 - (d) the purpose of shops or commercial premises, where the ANEF exceeds 25, or
 - (e) the purpose of light industry, where the ANEF exceeds 30,

must take into consideration the guidelines provided in Australian Standard AS 2021-2000—*Acoustics—Aircraft noise intrusion—Building siting and construction* regarding noise reduction relevant to the particular type of development the subject of the application.

29 Flood prone land

- (1) A person shall not carry out development on land shown on the map as flood prone land without development consent.
- (2) The consent authority may, as a condition of its consent, require the floor of the building or work to be erected at a height sufficient, in the opinion of the consent authority, to prevent or reduce the incidence of flooding of that building or work or of adjoining land.

30 Development on public roads

- (1) A person shall not erect a structure or carry out a work on a public road shown uncoloured on the map, or part of a public road that has been lawfully closed, without development consent.
- (2) Subclause (1) does not apply:

- (a) to Council development for the purpose of bus shelters, landscaping or street furniture, or
- (b) where approval has been granted for the development under Part 1 of Chapter 7 of the *Local Government Act 1993*, or
- (c) to development for the purpose of public utility undertakings.

31 Nuclear activities

Nothing in this plan prevents development, with development consent, for the purpose of the storage or disposal of any radioactive waste material resulting from an activity authorised under the *Radiation Control Act 1990*.

32 Conversion of industrial buildings to residential flat buildings

- (1) This clause applies to a building in existence on land zoned Residential 2 (A), 2 (B) or 2 (C) on the appointed day, being a building that was designed and constructed for an industrial or warehouse purpose and in respect of which the existing use provisions of the Act have ceased to apply.
- (2) Despite any other provision of this plan, consent may be granted for the conversion of a building to which this clause applies to a residential flat building.
- (3) The following provisions do not apply to development allowed to be carried out by this clause:
 - (a) clause 33 (which relates to floor space ratios in respect of residential buildings),
 - (b) clause 34 (which relates to the height of multi unit housing and residential flat buildings in the Residential 2 (B) and 2 (C) zones),
 - (c) clause 36 (which relates to the height and floor space ratio of multi unit housing in the Residential 2 (A) zone).
- (4) Before granting consent for development referred to in subclause (2), the consent authority must take into consideration such of the following matters as are of relevance to the proposed development:
 - (a) the impact of the proposal on the scale and streetscape of the surrounding locality,
 - (b) the impact on surrounding properties, particularly in respect to overshadowing, loss of privacy, and visual intrusion,
 - (c) the impact on the future residents of the building by surrounding properties, particularly in respect to dust, odour and noise,
 - (d) the appropriateness of requiring, as a condition of any such consent, provision of

- landscaping or a private recreation area in the form of balconies and terraces,
- (e) the heritage aspects of the existing building,
 - (f) the guidelines provided in Australian Standard AS 2021-2000—*Acoustics—Aircraft noise intrusion—Building siting and construction*, as amended from time to time, regarding noise reduction,
 - (g) any guidelines, protocols or standards known to the consent authority to have been published by the EPA and which are relevant to remediation procedures, the type of contamination on the land or the type of use for which the land was, is or is proposed to be, developed,
 - (h) other sources of potential contamination,
 - (i) the building's suitability for conversion,
 - (j) the proximity and accessibility of the building to public transport,
 - (k) the degree of modification of the footprint, façade and height of the building,
 - (l) the impact on employment opportunities in the area,
 - (m) the size and mix of units or apartments,
 - (n) the impact on traffic and parking and the nature of the surrounding streets.
- (5) When granting such a consent, the consent authority may impose conditions that:
- (a) require the investigation, sampling and testing of the land referred to in the application, and
 - (b) require preparation of a remedial action plan for the land referred to in the application, and
 - (c) require remediation of the land referred to in the application to an appropriate standard, and
 - (d) prohibit the construction or erection of a building or the carrying out of a work on any part of the land referred to in the application until the responsible authority accepts in writing an independent review verifying the remediation of the land to an appropriate standard.

Part 5 Specific restrictions on development

33 Floor space ratios

- (1) The floor space ratios of buildings are not to exceed those indicated in the Table below:

Floor space ratio table

Zone	Maximum floor space ratio
Residential 2 (A)	0.7:1
Residential 2 (B)	0.7:1
Residential 2 (C)	1:1
General Business 3 (A)	2:1
Neighbourhood Business 3 (B)	1:1
General Industrial 4 (A)	1:1
Light Industrial 4 (B)	1:1

- (2) Subclause (1) does not apply to single dwelling houses or dual occupancies on land within the Residential 2 (A), 2 (B) or 2 (C) zone.
- (3) Despite subclause (1), the maximum floor space ratio of a boarding house is 0.7:1.

34 Height of certain buildings in Residential 2 (B) and 2 (C) zones

- (1) A person shall not construct multi unit housing or a residential flat building within the Residential 2 (B) zone which exceeds 7.2 metres in height.
- (2) A person shall not construct multi unit housing or a residential flat building within the Residential 2 (C) zone which exceeds 10 metres in height, unless the site:
- (a) is not less than 2,500 square metres in area, and
 - (b) is not less than 30 metres wide at the front alignment of the building.

35 Dual occupancy development standards

- (1) A person shall not carry out dual occupancy development unless the following standards are met:
- (a) the allotment is to have an area of:
 - (i) 400 square metres or more where the two dwellings are attached, or
 - (ii) 600 square metres or more where the two dwellings are detached,
 - (b) the building or buildings on the allotment after the development is carried out are to have a floor space ratio:
 - (i) of 0.6:1 or less, or
 - (ii) equal to or less than the floor space ratio of any dwelling that was on the allotment before the development was carried out, if that ratio exceeds 0.6:1,

- (c) a detached second dwelling house shall not have a height greater than 3.6 metres.

36 Multi unit housing development on land zoned Residential 2 (A)

Despite clause 10, multi unit housing development may, with development consent, be carried out on land zoned Residential 2 (A) if:

- (a) the site area is not less than 1,500 square metres, and
- (b) the floor space ratio does not exceed the requirements of clause 33, and
- (c) the building or buildings do not exceed 7.2 metres in height.

37 Landform modification

- (1) A person shall not, without development consent, carry out development on land which has the effect of materially altering the shape or natural form of the land, through either filling or excavation.
- (2) Subclause (1) does not apply to development for the purpose of public utility undertakings.

38 Use of existing commercial buildings in residential zones

- (1) This clause applies to a building (other than a heritage item) in existence on land zoned Residential 2 (A), 2 (B) or 2 (C) on the appointed day, being a building that was designed and constructed for a non-residential purpose and in respect of which the existing use provisions of the Act have ceased to apply.
- (2) Despite any other provision of this plan, consent may be granted to the use of a building to which this clause applies for business or retail purposes provided the consent authority is satisfied that the gross floor area that will be used for those purposes does not exceed 100 square metres.

39 Light industrial use of land in business zones

Despite clauses 13 and 14, development for the purpose of a light industry may, with development consent, be carried out on land zoned General Business 3 (A) or Neighbourhood Business 3 (B) if:

- (a) the gross floor area of the building, part of the building or the total area of the land proposed to be used exceeds 500 square metres, or
- (b) the site area of the land upon which the proposed development is to be carried out exceeds 1,000 square metres.

40 Offices, showrooms and shops in industrial zones

Despite clauses 15 and 16, development for the purpose of offices, showrooms or shops

may, with development consent, be carried out on land zoned General Industrial 4 (A) or Light Industrial 4 (B) if:

- (a) in relation to development for the purpose of offices or showrooms, or both, the consent authority is satisfied that:
 - (i) use of the office or showroom is ancillary or incidental to a use permissible within the General Industrial 4 (A) or Light Industrial 4 (B) zone that is being carried out on the land, and
 - (ii) the area devoted to the office or showroom, or both, does not comprise more than 25 per cent of the gross floor area devoted to that use, and
 - (iii) adequate on-site parking is available to accommodate the parking demands of the office or showroom, or
- (b) in relation to development for the purpose of shops:
 - (i) use of the shop is ancillary or incidental to an industrial or warehouse use permissible within the zone that is being carried out on the land, and
 - (ii) the gross floor area of the shop is not greater than 100 square metres.

41 Advertisements and advertising structures

- (1) An advertisement or advertising structure shall not be displayed or erected on any land without development consent.
- (2) Before granting consent to the display or erection of an advertisement or advertising structure, the consent authority must take into consideration:
 - (a) whether the advertisement or advertising structure complements and is compatible with the building or work on which it is to be displayed or erected and the physical character of the surrounding locality, and
 - (b) the effect of the advertisement or advertising structure on the amenity of the locality within which it is to be erected or displayed, including the visual impact, size, illumination, overshadowing or any other effect, and
 - (c) the effect of the advertisement or advertising structure on traffic safety on the streets from which it is visible.

42 Child care centres

Before granting consent for the use of premises for a child care centre, the consent authority must take into consideration such of the following matters as are of relevance to the application:

- (a) access to and within the site, incorporating principles of safety and provision for

people with disabilities, in the design of driveways, car parking, and pedestrian and drop off and pick up areas,

- (b) whether there is provision for adequate off-street car parking,
- (c) the impact of aircraft noise,
- (d) the protection for adjoining and surrounding owners from excessive noise,
- (e) contamination,
- (f) landscaping and fencing.

43 Professional consulting rooms in residential zones

Despite clauses 10, 11 and 12, development for the purpose of professional consulting rooms may, with development consent, be carried out on land in residential zones if:

- (a) the development is not carried out in close proximity to an existing commercial centre, and
- (b) sufficient off-street parking can be provided, and
- (c) the development will not unreasonably affect the amenity of surrounding properties.

44 Premises used for prostitution

- (1) The use of land to which this plan applies (except land zoned General Business 3 (A), General Industrial 4 (A) or Light Industrial 4 (B)) for the purpose of a brothel is prohibited.
- (2) Development for the purpose of a brothel may be carried out on land zoned General Business 3 (A), General Industrial 4 (A) or Light Industrial 4 (B), but only with development consent.
- (3) If development for the purpose of a dwelling house may be carried out on land to which this plan applies, the dwelling house may, but only with development consent, be used for the purpose of a home occupation consisting of prostitution carried on by not more than one prostitute.
- (4) Before granting consent for the use of premises for prostitution, the consent authority must take into consideration such of the following matters as are of relevance to the application:
 - (a) the location of the brothel or dwelling house and its proximity to any child care centre, community facility, educational establishment, hospital, place of public worship, recreation area or residential building, or any place regularly frequented by children,

- (b) whether the operation of the brothel or dwelling house would cause a disturbance in the neighbourhood because of its size or operating hours, or the number of people working in it,
 - (c) the number of brothels operating in the near vicinity of the premises the subject of the application,
 - (d) whether the operation of the brothel or dwelling house would interfere with the amenity of the neighbourhood,
 - (e) whether suitable access is available, or proposed to be provided, to the brothel or dwelling house,
 - (f) whether a suitable waiting area is provided in the brothel or dwelling house so as to prevent clients loitering outside the premises,
 - (g) whether sufficient off-street parking is available or proposed to be provided, if appropriate in the circumstances,
 - (h) the design and external appearance of the building and any associated structures and their impact on the character of the surrounding built environment,
 - (i) the content, illumination, size and shape of any advertisement and distinctive external lighting, and
 - (j) whether the operation of the brothel or dwelling house would cause a disturbance in the neighbourhood when taking into account any other brothels operating in the neighbourhood.
- (5) Consent must not be granted to the carrying out of development for the purpose of a brothel on land zoned General Business 3 (A) where any part of the brothel (excluding access) is located at street level.
- (6) *State Environmental Planning Policy No 1—Development Standards* does not apply to development to which this clause applies.

45 Additional uses development and site specific development controls

- (1) Nothing in this plan prevents consent from being granted for the carrying out of development on land identified on the additional uses development and site specific development controls map and referred to in Column 1 of Schedule 2 where:
- (a) in the case of additional uses development:
 - (i) the development is specified in Column 2 of that Schedule in relation to that land, and
 - (ii) the development complies with such conditions or requirements (if any) as may be specified in Column 2 of that Schedule in relation to that land, or

(b) in the case of a site specific development control—the development complies with such conditions or requirements as are specified in Column 2 of that Schedule in relation to that land.

(2) In the event of an inconsistency between such requirements and other provisions of this plan, such requirements shall prevail, but only to the extent of the inconsistency.

46 Restriction of development by proposed road realignment

Despite any other provision of this plan, consent must be obtained for development on land between the existing road alignment and the broken black line identified on the map with the words “PNA”.

Part 6 Heritage conservation controls

47 Objectives

The objectives of this plan in relation to heritage are to:

- (a) conserve the environmental heritage of the Marrickville local government area which includes natural, historic and Aboriginal components of environmental heritage, and
- (b) retain the cultural significance of that area, and
- (c) conserve existing significant fabric, settings, uses, views and relics associated with the heritage significance of heritage items and heritage conservation areas which provide evidence of significant aspects of the history of Marrickville, especially the residential, retail and industrial heritage, and
- (d) ensure that archaeological sites and places of Aboriginal significance are conserved, and
- (e) maintain the heritage significance of areas of remnant vegetation, significant trees, parks and the features of the Cooks River, and
- (f) recognise and strengthen the contribution of the environmental and cultural heritage to the character and amenity of many localities in Marrickville, and
- (g) ensure that the heritage conservation areas throughout Marrickville local government area retain their heritage significance, and
- (h) ensure that any development does not adversely affect the heritage significance of heritage items and heritage conservation areas and their settings.

48 Protection of heritage items, heritage conservation areas and relics

(1) The following development may be carried out only with development consent:

- (a) demolishing or moving a heritage item or a building, work, relic, tree or place

within a heritage conservation area,

- (b) altering a heritage item or a building, work, relic or place within a heritage conservation area by making structural or non-structural changes to its exterior, including changes to its detail, fabric, finish or appearance,
 - (c) altering a heritage item by making structural changes to its interior,
 - (d) moving a relic, or excavating land for the purpose of discovering, exposing or moving a relic,
 - (e) demolishing, dismantling, moving or altering a heritage item or relic,
 - (f) erecting a building on, or subdividing, land upon which a heritage item is located or which is within a heritage conservation area.
- (2) When determining a development application required by this clause, the consent authority must take into consideration the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area. This is to include but not to be limited to an assessment of the following:
- (a) for heritage items:
 - (i) the heritage significance of the item as part of the environmental heritage of the Marrickville local government area,
 - (ii) the impact that the proposed development will have on the heritage significance of the item and its setting, including any landscape or horticultural features,
 - (iii) the measures proposed to conserve the heritage significance of the item and its setting,
 - (iv) whether any archaeological site or potential archaeological site would be adversely affected,
 - (v) the extent to which the carrying out of the proposed development would affect the form of any historic subdivision,
 - (b) for heritage conservation areas:
 - (i) the heritage significance of the heritage conservation area and the contribution which any affected building, work, relic, tree or place makes to this heritage significance,
 - (ii) the impact that the proposed development would have on the heritage significance of the heritage conservation area,

- (iii) the compatibility of the proposed development with nearby original buildings and the character of the heritage conservation area, including consideration of the size, form, scale, orientation, setbacks, materials and detailing of the proposed development,
 - (iv) the measures proposed to conserve the significance of the heritage conservation area and its setting,
 - (v) whether any identified landscape or horticultural features would be affected,
 - (vi) whether any archaeological site or potential archaeological site would be affected,
 - (vii) the extent to which the carrying out of the development in accordance with the consent would affect an historic subdivision pattern.
- (3) When determining whether or not to grant development consent required by this clause, the consent authority:
- (a) must not grant such consent until it has considered:
 - (i) a heritage impact statement for heritage items, or
 - (ii) a heritage assessment for conservation areas,which includes an assessment of matters specified in subclause (2) (a) or (b) (as appropriate), and
 - (b) may refuse to grant consent until it has considered a conservation management plan.

49 Development consent not required for certain minor works

Development consent is not required under clause 48, or for the carrying out of development on land identified as a heritage conservation area on the map marked "*Marrickville Local Environmental Plan No 111*", if:

- (a) in the opinion of the consent authority, the proposed development:
 - (i) is of a minor nature or consists of maintenance of the item or building, work, archaeological site, tree or place within a heritage conservation area, and
 - (ii) will not adversely affect the significance of the heritage item or heritage conservation area, and
- (b) the proponent has notified the consent authority in writing of the proposed work, and
- (c) the consent authority has advised the proponent in writing before any work is carried out that:

- (i) it is satisfied that the proposed development will comply with this clause, and
- (ii) development consent is not required by any other clause of this plan.

50 Notice of applications to local Aboriginal communities and the National Parks and Wildlife Service

Before granting development consent to development which is likely to have an impact on an Aboriginal site, Aboriginal place or place of Aboriginal cultural significance, the consent authority must notify the relevant local Aboriginal community and the Director-General of National Parks and Wildlife of its intention to do so and take into consideration any comments received from the community or that Director-General within 28 days after the notice is sent.

51 Notification of demolition to the Heritage Council

Any application for consent to demolition of a heritage item of State significance must be notified to the Heritage Council and any comments received within 28 days of its being so notified must be taken into account in the determination of the application.

52 Development in the vicinity of a heritage item

- (1) Consent must not be granted for development affecting land in the vicinity of a heritage item until the consent authority has considered an assessment of the impact that the development would have on the heritage significance and setting of the item, as well as the impact of the development on any significant views to or from the heritage item.
- (2) This clause extends to development that may, in the opinion of the consent authority:
 - (a) have an impact on the setting of the heritage item (such as affecting a significant view to or from the item or by overshadowing), or
 - (b) undermine or otherwise cause physical damage to a heritage item, or
 - (c) otherwise have any adverse impact on the heritage significance of a heritage conservation area or a heritage item within such an area.
- (3) The consent authority may refuse to grant any such consent unless it has considered a heritage assessment that will help it assess the impact of the proposed development on the heritage significance, visual curtilage and setting of the heritage item.
- (4) The heritage assessment should include details of the size, shape and scale of, setbacks for, and materials to be used in, any proposed buildings or works and details of any modification that would reduce the impact of the proposed development on the heritage significance of the heritage item.

53 Development of known or potential archaeological sites (including places of Aboriginal

cultural heritage significance)

- (1) Consent may be granted to the carrying out of development on an archaeological site which has Aboriginal cultural heritage significance or a potential archaeological site that is reasonably likely to have Aboriginal cultural heritage significance only if the consent authority:
 - (a) has considered a heritage impact statement of how the proposed development would affect the conservation of the site and any relic known or reasonably likely to be located at the site, and
 - (b) has notified the Director-General of National Parks and Wildlife of its intention to do so and taken into consideration any comments received from that Director-General within 28 days of the notice being sent.
- (2) Consent may be granted to the carrying out of development on any other archaeological site or potential archaeological site only if the consent authority:
 - (a) has considered a heritage impact statement of how the proposed development would affect the conservation of the site and any relic known or reasonably likely to be located at the site, and
 - (b) has notified the Heritage Council of its intention to do so and taken into consideration any comments received from that Council within 28 days of the notice being sent.
- (3) Subclause (2) does not apply if the proposed development does not involve disturbance of below-ground deposits and the consent authority is of the opinion that the heritage significance of any above ground deposits would not be adversely affected by the proposed development.

54 Conservation incentives

- (1) Consent may be granted for the use for any purpose of a building that is a heritage item, or of the land on which any such item is erected, even though the use would otherwise be prohibited by this plan, if the consent authority is satisfied that the retention of the building that is a heritage item depends on the granting of consent and:
 - (a) the condition of the heritage item is such that the use of the item for any purpose which is permissible in the zone would be impractical or undesirable, and
 - (b) the heritage item requires a substantial amount of capital expenditure (other than maintenance work) in order to conserve its heritage significance, and
 - (c) the proposed use is in accordance with a conservation management plan which has been endorsed by the Council, and

- (d) the cost of the conservation work identified in the conservation management plan is such that there is no reasonable possibility that any of the uses which are permissible in the zone would be economically viable for the current or any future owner, and
 - (e) the granting of consent to the proposed use would ensure that all necessary conservation work identified in the conservation management plan is carried out, and
 - (f) the proposed use, if approved, would not affect the heritage significance of the heritage item or its setting, and
 - (g) the proposed use would not adversely affect the amenity of the surrounding area, and
 - (h) in all other respects the proposed use complies with the provisions of this plan.
- (2) When considering an application for consent to erect a building on land on which a heritage item is to be retained and conserved, the consent authority may exclude the floor space of the building from its calculation of parking spaces for the proposed development if it is satisfied that:
- (a) any proposed car parking area would not adversely affect the heritage significance of the item, and
 - (b) any proposed car parking area would not adversely affect the amenity of the area and its streetscape qualities, and
 - (c) the conservation of the item in accordance with subclause (1) depends on the making of the exclusion.

55 Matters to take into account in heritage conservation areas

- (1) Before granting consent to the erection of a building within a heritage conservation area, the consent authority must make an assessment of:
- (a) the pitch and form of the roof, if any, and
 - (b) the style, size, proportion and position of the openings for windows or doors, if any, and
 - (c) whether the colour, texture, style, size and type of finish of the materials to be used on the exterior of the building are compatible with those of the materials used in existing buildings within the heritage conservation area.
- (2) Before granting consent to the carrying out of development on land shown as a heritage conservation area on the map marked "*Marrickville Local Environmental Plan No 111*", the consent authority is to have regard to the effect of carrying out the

proposed development on the heritage significance of buildings situated on that land.

Part 7 Environmental management provisions

56 Protection of trees

- (1) Clause 8 of the *Environmental Planning and Assessment Model Provisions 1980* is adopted for the purposes of this plan.
- (2) A tree preservation order made under the *Marrickville Planning Scheme Ordinance* in relation to land to which this plan applies, and in force immediately before the appointed day, is taken to be a tree preservation order made by the Council under clause 8 of the *Environmental Planning and Assessment Model Provisions 1980*, as adopted by subclause (1), and may be rescinded or varied in accordance with that clause.

57 Development involving acid sulfate soils

- (1) Development must not be carried out without development consent on land identified as being subject to acid sulfate soil risk, which is shown edged heavy black on the acid sulfate soils map, if it will involve works at or below the groundwater level or it could lower the groundwater table.
- (2) Despite any other provision of this plan, development must not be carried out without development consent if it involves the placement of acid sulfate soil on or under any land.
- (3) Consent required by this clause must not be granted unless the consent authority has considered:
 - (a) a preliminary soil assessment to ascertain the presence or absence of acid sulfate soils within the area of the proposed works, except where the applicant agrees that acid sulfate soils are present within the area of the proposed works, and
 - (b) where the preliminary soil assessment ascertains (or the applicant agrees) that acid sulfate soils are present—an acid sulfate soils management plan that has been prepared in accordance with any acid sulfate soil assessment and management guidelines approved for the time being by the Director-General, except where the consent authority decides that such a management plan is not appropriate for the proposed development, and
 - (c) the likelihood of the proposed development resulting in the oxidisation of acid sulfate soils and the discharge of acid water from the area of the proposed development, and
 - (d) any comments received within such time-frame as the consent authority allows, from any relevant public authority the consent authority may consult with in

respect of the application.

(4) This clause requires consent even if the development is to be carried out by councils (including Marrickville Council), county councils or drainage unions, despite [State Environmental Planning Policy No 4—Development Without Consent](#) and any other provision of this plan.

(5) In this clause:

acid sulfate soils means actual acid sulfate soils or potential acid sulfate soils.

acid sulfate soils map means the series of maps marked “*Marrickville Local Environmental Plan 2001—Acid Sulfate Soils Planning Maps*”.

actual acid sulfate soils means soils containing highly acidic soil horizons or layers resulting from the aeration of soil materials that are rich in iron sulfides, primarily pyrite. The soil material has a pH of less than 4 when measured in dry seasonal conditions.

potential acid sulfate soils means soil material which is waterlogged and contains oxidisable sulfur compounds and that has a field pH of 4 or more but will become severely acid when oxidised.

58 Waste management

Before granting development consent, the consent authority must take into consideration such of the following matters relating to waste management as are of relevance to the application:

- (a) re-use and recycling of building and construction materials,
- (b) re-use and recycling of household, commercial and industrial waste,
- (c) site storage requirements for construction, and for managing household, commercial and industrial waste.

59 Energy, water and stormwater efficiency

Before granting development consent, the consent authority must take into consideration such of the following matters relating to energy and water conservation as are of relevance to the application:

- (a) opportunities for alternative energy sources,
- (b) energy efficiency of site planning,
- (c) building layout, envelope and materials,
- (d) provision of solar hot water,

- (e) the efficiency fixtures and appliances,
- (f) conservation of embodied energy,
- (g) bicycle and pedestrian access,
- (h) landscaping,
- (i) stormwater collection, storage, detention and treatment.

60 Landscaping and biodiversity

Before granting development consent, the consent authority must take into consideration such of the following matters relating to conservation of biodiversity as are of relevance to the application:

- (a) the maintenance of remnant native vegetation,
- (b) the protection and enhancement of native fauna,
- (c) opportunities for landscaping with native plants,
- (d) enhancement of the natural qualities of the Cooks River foreshores,
- (e) maintenance and establishment of habitat corridors,
- (f) the findings of any studies by qualified bodies or persons, relating to the conservation of biodiversity.

61 Development in the vicinity of Alexandra Canal

- (1) A person must not, except with development consent, erect any structure on land within 10 metres of:
 - (a) the bank of the Alexandra Canal, or
 - (b) any of its open secondary channels.
- (2) Such a consent must not be granted unless the consent authority:
 - (a) has made an assessment of the effect the erection of that structure would have on the aquatic environment and the potential use of Alexandra Canal and its foreshores for recreational purposes, and
 - (b) has considered whether conditions should be imposed on that consent requiring the landscaping of that land, and
 - (c) has considered whether conditions should be imposed on that consent requiring the creation of a right of carriageway for the purpose of permanent pedestrian access within that land.

Part 8 Social planning provisions

62 Community safety

Before granting an application for development consent, the consent authority must take into consideration such of the following matters relating to the provision of community safety (if any) as are of relevance to the application:

- (a) the provision of active street frontages where appropriate,
- (b) the provision of lighting for pedestrian site access between public and shared areas, parking areas and building entrances,
- (c) the visibility and legibility of building entrances from streets, public areas or internal driveways.

63 Retention of low-cost rental accommodation

(1) Before granting an application for development consent, the consent authority must take into account such of the following matters relating to low-cost rental accommodation (if any) as are of relevance to the application:

- (a) whether a major reduction in low-cost rental accommodation is proposed,
- (b) the availability of comparable accommodation in the locality,
- (c) any adverse social and economic effects of the proposal,
- (d) any arrangements to re-house displaced residents,
- (e) the cumulative impact of the loss of low-cost rental accommodation,
- (f) the structural soundness and fire safety of any building involved, and cost of any necessary rectification work.

(2) In this clause:

low-cost rental accommodation means accommodation in a building that falls within the definition of **low-rental residential building** in [State Environmental Planning Policy No 10—Retention of Low-Cost Rental Accommodation](#).

64 Accessibility

(1) Before granting an application for development consent, the consent authority must take into account such of the following matters relating to the needs of people with disabilities (if any) as are of relevance to the application:

- (a) the provision for a continuous accessible path of travel from all public roads and public spaces as well as unimpeded internal access,

- (b) the provision for ease of use and comfort through appropriate gradients, rest areas, circulation space and user friendly entrances,
 - (c) safety design measures, including contrasting colours for points of danger, slip resistant travel surfaces and appropriate positioning of street furniture,
 - (d) legible design features, such as signs and international symbols and indicators, to assist in determining the location of handrails and guard-rails,
 - (e) provision for people with disabilities of opportunities for access through principal entrances of commercial and public buildings.
- (2) Consent must not be granted to the carrying out of development for the purpose of new multi unit housing or a new residential flat building unless at least 10% of the total number of dwellings (in the case of development involving the creation of 10 or more dwellings) have been designed in accordance with Australian Standard AS 4299—*Adaptable Housing*.

Part 9 Special provisions

65 Acquisition and development of land reserved for roads

- (1) The owner of any vacant land zoned Arterial Road and Arterial Road Widening 9 (C) Reservation may, by notice in writing, require:
- (a) the RTA, in the case of land that is included in the 5-year works program of the RTA current at the time of receipt of the notice, or
 - (b) the Corporation, in any other case,
- to acquire the land.
- (2) The owner of any land zoned Arterial Road and Arterial Road Widening 9 (C) Reservation that is not vacant may, by notice in writing, require the RTA to acquire the land if:
- (a) the land is included in the 5-year works program of the RTA current at the time of the receipt of the notice, or
 - (b) the RTA has decided not to give concurrence under subclause (4) to an application for consent to the carrying out of development on the land, or
 - (c) the RTA is of the opinion that the owner of the land will suffer hardship if the land is not acquired within a reasonable time.
- (3) On receipt of a notice under this clause, the RTA or the Corporation, as the case may be, must acquire the land unless the land might reasonably be required to be dedicated for public roads.

- (4) A person may, with development consent granted with the concurrence of the RTA, carry out development on land zoned Arterial Road and Arterial Road Widening 9 (C) Reservation:
 - (a) for a purpose for which development may be carried out (with or without development consent) on land in an adjoining zone, or
 - (b) for any purpose which is compatible with development which may be carried out on land in an adjoining zone.
- (5) In deciding whether to grant concurrence to proposed development under this clause, the RTA must take the following matters into consideration:
 - (a) the need to carry out development on the land for the purposes of classified roads or proposed classified roads within the meaning of the *Roads Act 1993*,
 - (b) the imminence of acquisition,
 - (c) the likely additional cost to the RTA or the Corporation resulting from the carrying out of the proposed development.
- (6) Land acquired under this clause may be developed, with development consent, for any purpose, until such time as it is required for the purpose for which it was acquired.

66 Acquisition of certain land reserved for Council

- (1) The owner of any land zoned Local Open Space 9 (A) Reservation or Local Road and Local Road Widening 9 (D) Reservation may, by notice in writing, require the Council to acquire the land, but only if:
 - (a) the land is included in the Council's Section 94 Contributions Plan or a Works Program current at the time of the receipt of the notice, or
 - (b) the Council has decided not to grant consent to the carrying out of development on the land, on the basis of those matters specified under subclause (3), or
 - (c) the Council is of the opinion that the owner of the land will suffer hardship if the land is not acquired within a reasonable time.
- (2) On receipt of a notice under this clause, the Council must acquire the land unless the land might reasonably be required to be dedicated for:
 - (a) local recreation, in the case of land zoned Local Open Space 9 (A) Reservation, or
 - (b) local roads, in the case of land zoned Local Road and Local Road Widening 9 (D) Reservation.
- (3) Before granting consent to proposed development that may be required to be acquired under this clause, the consent authority must take the following matters into

consideration:

- (a) in the case of land zoned Local Open Space 9 (A) Reservation, the need to use the land for the purpose of local recreation,
 - (b) in the case of land zoned Local Road and Local Road Widening 9 (D) Reservation, the need to use the land for the purpose of local roads,
 - (c) the imminence of acquisition,
 - (d) the likely additional cost to the Council resulting from the carrying out of the proposed development.
- (4) Land acquired under this clause may be developed, with development consent, for any purpose, until such time as it is required for the purpose for which it was acquired.

67 Acquisition of land reserved for special uses

- (1) The owner of any land zoned Special Uses 9 (B) Reservation may, by notice in writing, require the Council (where the land has been reserved for future acquisition by the Council) or another public authority (where the land has been reserved for a land use for which that authority is responsible) to acquire the land.
- (2) On receipt of a notice referred to in subclause (1), but subject to subclause (3), the public authority concerned shall acquire the land, unless the land is required to be provided without cost as a condition of consent to the carrying out of development or held by the public authority concerned for the public purpose for which it is reserved.
- (3) A person may, with development consent granted with the concurrence of the public authority (if any), other than the consent authority, responsible for its acquisition, carry out development for any purpose on land zoned Special Uses 9 (B) Reservation until the land is acquired or developed for the purpose for which it is zoned.
- (4) In deciding whether to grant concurrence to proposed development under this clause, the public authority concerned must take the following matters into consideration:
 - (a) the need to carry out the development for the purpose for which it is zoned,
 - (b) the imminence of acquisition,
 - (c) the likely additional cost to the public authority resulting from the carrying out of the proposed development.

68 Pending applications

A development application made but not finally determined before the commencement of this plan:

- (a) if it is for consent to development that is permissible with consent under this plan, is

to be determined under and in accordance with this plan,

- (b) if it is for consent to development that is prohibited by this plan, is to be determined as if this plan had been exhibited but had not commenced.

69 Classification and reclassification of public land as operational land

- (1) The public land described in Schedule 3 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*, subject to this clause.
- (2) The amendments made by the *Local Government Amendment (Community Land Management) Act 1998* to section 30 of the *Local Government Act 1993* do not apply to land described in Part 1 of Schedule 3.
- (3) Land described in Part 2 of Schedule 3:
 - (a) to the extent (if any) that the land is a public reserve, does not cease to be a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants by which it was affected before its classification, or reclassification, as operational land.
- (4) Land described in Columns 1 and 2 of Part 3 of Schedule 3, to the extent (if any) that it is a public reserve, ceases to be a public reserve on the commencement of the relevant amending plan and, by the operation of that plan, is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land except those (if any) specified opposite the land in Column 3 of Part 3 of Schedule 3.
- (5) In this clause, **the relevant amending plan**, in relation to land described in Part 3 of Schedule 3, means the local environmental plan cited at the end of the description of the land.
- (6) Before the relevant amending plan inserted the description of land into Part 3 of Schedule 3, the Governor approved of subclause (4) applying to the land.

70 Classification and reclassification of public land as community land

The public land described in Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.

71 Suspension of certain covenants etc

- (1) For the purpose of enabling development to be carried out in accordance with this plan (as in force when the development is carried out) or with a consent granted under the Act in relation to development within any zone, the operation of any covenant, agreement, or similar instrument imposing restrictions on development, to

the extent necessary to serve that purpose, shall not apply to the development.

- (2) Nothing in subclause (1) affects the rights or interests of any public authority under any registered instrument.
- (3) Pursuant to section 28 of the Act, the Governor approved of subclauses (1) and (2) before this plan was made.

Schedule 1 Definitions

(Clause 5 (1))

In this plan:

Aboriginal cultural significance means cultural significance to indigenous inhabitants of the State.

Aboriginal places and natural sacred sites are places that comprise natural features, such as creeks or mountains, of Aboriginal cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary Aboriginal cultural significance such as Aboriginal middens and post contact sites.

Aboriginal site is any site which has the physical remains of prehistoric occupation, or is of contemporary significance to the Aboriginal people. Such a site can include remnants of the occupation of the land by Aboriginal people such as burial places, engraving sites, rock art, midden deposits, scarred and carved trees and sharpening grooves.

advertisement means a sign, notice, device or representation in the nature of an advertisement visible from any public place, public reserve or navigable water.

advertising structure means a structure used or to be used principally for the display of an advertisement.

airline terminal means a building or place used for the assembly of passengers and goods prior to the transport of those passengers and goods either to or from an airport or an aerodrome.

alter, in relation to a heritage item or a building, work or place within a heritage conservation area, means:

- (a) make structural changes to the heritage item, building or work, or
- (b) make non-structural changes to the detail, fabric, finish or appearance of the outside of the heritage item, building, work or place, other than changes that maintain the existing detail, fabric, finish or appearance of the outside of the heritage item, building, work or place.

amusement centre means premises containing more than 2 amusement machines and open to the public for the operation or viewing of those machines.

amusement machine means a machine devised as a games table, whether coin operated or not, and which is:

- (a) mechanically or electronically powered to release or make available balls, or other items or projections in or on the machine, by use of springs, flippers, paddles, cues or electronic devices

which are controlled wholly or partly by a computer, and

(b) operated by one or more players for amusement or recreation,

and includes a snooker table or a pool table.

appointed day means the day on which this plan took effect.

archaeological site means a site described in Part 3 of Schedule 5 and identified on the archaeological sites map as a known archaeological site of non-Aboriginal heritage significance and includes sites not so marked which are of non-Aboriginal heritage significance.

archaeological sites map means the map marked "*Marrickville Local Environmental Plan 2001—Archaeological Sites*".

arterial road means any existing road indicated on the map by a continuous red band on white between firm black lines.

backpackers' hostel means a building or part of a building that provides temporary accommodation for travellers and tourists and that is not used as their principal place of residence.

bed and breakfast accommodation means a dwelling house which provides short term accommodation for not more than 6 persons, and incorporates a common facility for the provision of meals, but does not include a backpackers' hostel, boarding house, serviced apartments, private hotel, hotel or motel.

boarding house includes a house let in lodgings, hostel or Class 3 boarding house under the *Building Code of Australia* which provides a permanent place of residence, but does not include a backpackers' hostel, a guest house, a private hotel, a motel or other tourist accommodation.

brothel means premises used for the purposes of prostitution by one or more prostitutes, or premises that are designed to be used for that purpose, but does not include a dwelling house in which prostitution is carried out by not more than one prostitute as a home occupation.

bulk store means a building or place used for the bulk storage of goods where the goods stored or to be stored are not required for use in a shop or commercial premises on the same parcel of land or on adjoining land in the same ownership.

bulky goods salesroom or showroom means a building or place used for the sale by retail or auction, or the hire or display, of items (whether goods or materials) which are of such a size, shape or weight as to require:

(a) a large area for handling, storage or display, or

(b) direct vehicular access to the site of the building or place by members of the public, for the purpose of loading items into their vehicles after purchase or hire.

bus depot means a building or place used for the servicing, repair and garaging of buses and other vehicles used for the purposes of a bus transport undertaking.

bus station means a building or place used as a terminal for the assembly and dispersal of passengers travelling by bus.

car parking means the use of a building or place for the purpose of parking motor vehicles that is not directly and exclusively associated with, or ordinarily ancillary and incidental to, the use of a building or place on the same allotment of land.

car repair station means a building or place used for the purpose of carrying out repairs to motor vehicles or agricultural machinery, not being:

- (a) body building, or
- (b) panel beating which involves dismantling, or
- (c) spray painting other than of a touching-up character.

child care centre means a building or place used for the purpose of supervising or caring for children and includes:

- (a) a dwelling house used solely for that purpose,
- (b) a public hall used for that purpose, and
- (c) any part of a shop, office or factory used for that purpose.

club means a building used by persons associated, or by a body incorporated, for social, literary, political, sporting, athletic or other lawful purposes, whether of the same or a different kind and whether or not the whole or part of such a building is the premises of a club registered under the [Registered Clubs Act 1976](#).

commercial premises means a building or place used as an office or for other business or commercial purposes, but (in Part 3) does not include a building or place elsewhere specifically defined in this Schedule or a building or place used for a land use elsewhere specifically defined in this Schedule.

community facility means a building or place owned or controlled by a public authority or a body of persons associated for the purpose of providing for the physical, social, cultural, economic or intellectual development or welfare of the local community, but (in Part 3) does not include a building or place elsewhere specifically defined in this Schedule.

conservation means all the processes of looking after a building or work so as to retain its heritage significance. Conservation includes maintenance, preservation, restoration, reconstruction and adaptation.

conservation management plan means a document prepared in accordance with the provisions of the *NSW Heritage Manual*, current at the time, which establishes the heritage significance of the item, place or heritage conservation area and identifies heritage conservation policies and management mechanisms that are appropriate to enable that significance to be retained.

curtilage means the area of land (including land covered by water) surrounding a heritage item, a heritage conservation area, or a building, relic, place, tree or work within a heritage conservation area, which is relevant in the interpretation of its heritage significance.

demolition, in relation to a building or work, means the damaging, defacing, destruction, pulling down or removal of that building or work, in whole or in part.

development has the meaning ascribed to it in section 4 of the Act.

dual occupancy means two dwellings on an allotment of land whether contained in one or more buildings.

dwelling means a room or suite of rooms occupied or used or so constructed or adapted as to be capable of being occupied or used as a separate domicile.

dwelling house means a building the whole of which contains only 1 dwelling on an allotment of land.

educational establishment means a building used as a school, college, technical college, TAFE establishment, academy, lecture hall, gallery or museum, but does not include a building used wholly or principally as an institution or child care centre.

environmental heritage means those buildings, works, relics or places of historic, scientific, cultural, social, archaeological, architectural or aesthetic significance.

floor means that space within a building which is situated between one floor level and the floor level next above or, if there is no floor above, the ceiling or roof above.

floor space ratio of buildings is the ratio of the total gross floor area of the buildings to the site area.

gross floor area, in relation to a building, means the sum of the areas of each floor of the building where the area of each floor is taken to be the area within the outer face of the external enclosing walls as measured at a height of 1,400 millimetres above each floor level, excluding:

- (a) columns, fin walls, sun control devices and any elements, projections or works outside the general lines of the outer face of the external wall, and
- (b) lift towers, cooling towers, machinery and plant rooms and ancillary storage space and vertical air-conditioning ducts, and
- (c) car parking needed to meet any requirements of the Council and any internal access thereto, and
- (d) space for the loading and unloading of goods.

hazardous industry means a development for the purposes of an industry which, when the development is in operation and when all measures proposed to reduce or minimise its impact on the locality have been employed (including, for example, measures to isolate the development from existing or likely future development on other land in the locality), would pose a significant risk in relation to the locality:

- (a) to human health, life or property, or
- (b) to the biophysical environment.

hazardous storage establishment means any establishment where goods, materials or products are stored which, when in operation and when all measures proposed to reduce or minimise its impact on the locality have been employed (including, for example, measures to isolate the establishment from existing or likely future development on the other land in the locality), would pose a significant risk in relation to the locality:

- (a) to human health, life or property, or

(b) to the biophysical environment.

health care professional means a person who provides professional health services to members of the public and includes:

- (a) a podiatrist registered under the *Podiatrists Act 1989*, and
- (b) a chiropractor or osteopath or chiropractor and osteopath registered under the *Chiropractors and Osteopaths Act 1991*, and
- (c) a physiotherapist registered under the *Physiotherapists Registration Act 1945*, and
- (d) an optometrist registered under the *Optometrists Act 1930*.

height, in relation to a building, means the distance measured vertically from any point on the ceiling of the topmost floor of the building to the natural ground level immediately below that point.

helipad means an area or place not open to the public use which is authorised by the Commonwealth Department of Transport and which is set apart for the taking off and landing of helicopters.

heliport means an area or place open to public use which is licensed by the Commonwealth Department of Transport for use by helicopters and includes terminal buildings and facilities for the parking, servicing and repair of helicopters.

heritage conservation area means an area of land described in Part 2 of Schedule 5 and shown in distinctive colouring and edged heavy black on the heritage conservation area map, and includes buildings, works, relics, trees and places situated on or within that land.

heritage conservation area map means the map marked "*Marrickville Local Environmental Plan 2001—Heritage Conservation*".

heritage conservation management plan means a document prepared in accordance with the provisions of the *NSW Heritage Manual*. It establishes the heritage significance of a heritage item, place or heritage conservation area and should identify conservation policies and management mechanisms that are appropriate to enable that significance to be retained.

heritage impact assessment means a document, prepared by a person with qualifications and experience (such as architecture or heritage planning), which analyses the history, heritage significance and condition of a building, work, relic, significant tree or place, and assesses the impact of proposed development on that significance in accordance with the methodology of the ICOMOS Burra Charter and the Heritage Office guidelines, current at the time of lodgment of an application.

heritage item means a building, work, relic, tree or place, a component of a building, work, relic, tree or place and its curtilage or a group of buildings, works, relics or trees which is described in Part 1 of Schedule 5 and shown by distinctive colouring and edged heavy black on the map marked "*Marrickville Local Environmental Plan 2001—Heritage Items*", as amended by the maps, or specified sheets of maps, marked as follows:

Editorial note—

The amending maps are not necessarily listed in the order of gazettal. Information about the order of gazettal can be determined by referring to the Historical notes at the end of the plan.

Sheet 2 of the map marked “*Marrickville Local Environmental Plan 2001 (Amendment No 1)*”.

heritage significance means historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance.

high technology industry means an enterprise which has as its primary function the manufacture, development, production, processing, assembly of or research into:

- (a) electronic and micro-electronic systems, goods or components, or
- (b) computer software or hardware, or
- (c) instrumentation or instruments, or
- (d) communication and telecommunication systems, goods or components, or
- (e) biological, pharmaceutical, medical or paramedical systems, goods or components, or
- (f) other goods, systems or components intended for use in science and technology,

and includes a laboratory or testing facility.

home industry means the use of a dwelling or of any land comprising, or building erected on, the allotment on which a dwelling is located, for the purposes of an office, light industry or business (other than a shop or professional consulting rooms) but only if:

- (a) the use is undertaken by the permanent residents of the dwelling, whether or not the use also involves the employment of persons other than those residents, and
- (b) the use does not:
 - (i) interfere with the amenity of the neighbourhood by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil, or otherwise, or
 - (ii) involve exposure to view from any adjacent premises or from any public place of any unsightly matter.

home occupation means an occupation carried on in a dwelling house, in two attached dwellings on an allotment of land, or in a dwelling in a residential flat building, by the permanent residents of the dwelling house or dwelling which does not involve:

- (a) anything that would have required the registration of the building under the *Factories, Shops and Industries Act 1962* immediately before the repeal of section 11 of that Act, or
- (b) prostitution (except where the activity is carried on by not more than one prostitute in a dwelling house), or
- (c) the employment of persons other than those residents, or
- (d) interference with the amenity of the neighbourhood by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil, or otherwise, or

- (e) the display of goods, whether in a window or otherwise, or
- (f) the exhibition of any notice, advertisement or sign (other than a notice, advertisement or sign exhibited on that dwelling house or dwelling to indicate the name and occupation of the resident), or
- (g) the sale of items (whether goods or materials) or the exposure or offer for sale of items, by retail.

hospital means a building or place (other than an institution) used for the purpose of providing professional health care services (such as preventative or convalescent care, diagnosis, medical or surgical treatment, care for people with developmental disabilities, psychiatric care or counselling and services provided by health care professionals) to people admitted as in-patients (whether or not out-patients are also cared for or treated there) and includes:

- (a) ancillary facilities for the accommodation of nurses or other health care workers, ancillary shops or refreshment rooms and ancillary accommodation for persons receiving health care or for their visitors, and
- (b) facilities situated in the building or at the place and used for educational or research purposes, whether or not they are used only by hospital staff or health care workers, and whether or not any such use is a commercial use.

hotel means the premises to which a hotelier's licence granted under the [Liquor Act 1982](#) relates.

industry means:

- (a) any manufacturing process within the meaning of the [Factories, Shops and Industries Act 1962](#), or
- (b) the breaking up or dismantling of any goods or any article for trade or sale or gain or as development ancillary to any business.

institution means a penal or reformatory establishment.

junk yard means land used for the collection, storage, abandonment or sale of scrap metals, waste paper, rags, bottles or other scrap materials or goods or used for the collecting, dismantling, storage, salvaging or abandonment of automobiles or other vehicles or machinery or for the sale of parts thereof.

landscaped area means that part of the site area not occupied by any building, except for swimming pools or open air recreation facilities, which part is to be predominantly landscaped by way of the planting of gardens, lawns, shrubs or trees and is available for use and enjoyment by the occupants of the building erected on the site area, but does not include so much of the site area as is used for driveways, parking areas or drying yards.

light industry means an industry, not being an offensive or hazardous industry, in which the processes carried on, the transportation involved or the machinery or materials used do not interfere with the amenity of the neighbourhood by reason of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil, or otherwise.

liquid fuel depot means a depot or place used for the bulk storage for wholesale distribution of petrol, oil, petroleum or other inflammable liquid.

maintenance means the ongoing protective care of a heritage item or a building work, relic, tree or place within a heritage conservation area. It does not include alterations or the introduction of new materials or technology (for example, injectable damp proof courses or roof treatments).

mine means any place, open cut, shaft, tunnel, pit, drive, level or other excavation, drift, gutter, lead, vein, lode or reef on, in or by which any operation is carried on for or in connection with the purpose of obtaining any metal or mineral by any mode or method and includes any place on which any product of the mine is stacked, stored, crushed or otherwise treated, but does not include a quarry.

motel means a building or buildings (other than a hotel, boarding house or residential flat building) substantially used for the overnight accommodation of travellers and the vehicles used by them, whether or not the building or buildings are also used in the provision of meals to those travellers or the general public.

motor showroom means a building or place used for the display or sale of motor vehicles, caravans or boats, whether or not motor vehicle accessories, caravan accessories or boat accessories are sold or displayed there.

multi unit housing means two or more dwellings in a group and includes terrace houses, villas, townhouses, cluster housing and integrated housing.

offensive industry means a development for the purposes of an industry which, when the development is in operation and when all measures proposed to reduce or minimise its impact on the locality have been employed (including, for example, measures to isolate the development from existing or likely future development on other land in the locality), would emit a polluting discharge (including, for example, noise), in a manner which would have a significant adverse impact in the locality or on the existing or likely future development on other land in the locality.

offensive storage establishment means any establishment where goods, materials or products are stored which, when in operation and when all measures proposed to reduce or minimise its impact on the locality have been employed (including, for example, measures to isolate the establishment from existing or likely future development on other land in the locality), would emit a polluting discharge (including, for example, noise) in a manner which would have a significant adverse impact in the locality or on the existing or likely future development on other land in the locality.

panel beating workshop means a building or place used for the purpose of carrying out repairs to motor vehicles or agricultural machinery, where the work involved includes:

- (a) body building, or
- (b) panel beating, which may or may not involve dismantling, or
- (c) spray painting.

parking space includes any garage or court available for use by vehicles.

place of assembly means a public hall, theatre, cinema, music hall, concert hall, dance hall, open-air theatre, drive-in theatre or music bowl, or any other building of a like character used as such, whether used for the purposes of gain or not, but does not include a place of public worship, an institution or an educational establishment.

place of public worship means a building or place used for the purpose of religious worship by a congregation or religious group, whether or not the building or place is also used for counselling, social events, instruction or religious training.

potential archaeological site means a site identified as such in Schedule 5 and includes a site known to the Council to have archaeological potential even if it is not so identified and shown.

professional consulting rooms means a room or a number of rooms forming either the whole of or part of, attached to or within the curtilage of, a dwelling house and used by not more than three legally qualified medical practitioners or by not more than three dentists within the meaning of the [Dentists Act 1989](#), or by not more than three health care professionals, who practise therein the profession of medicine, dentistry or health care respectively and, if more than one, practise in partnership, and who employ not more than three employees in connection with that practice.

public building means a building used as offices or for administrative or other like purposes by the Crown, a statutory body, a council or an organisation established for public purposes.

public utility undertaking means any undertaking carried on by, or by authority of, any public authority, or in pursuance of any Commonwealth or State Act, for the purpose of:

- (a) railway, road or air transport, or
- (b) the provision of sewerage or drainage services, or
- (c) the supply of water, hydraulic power, electricity or gas.

recreation area means:

- (a) a children's playground,
- (b) an area used for sporting activities or sporting facilities,
- (c) an area used to provide recreational facilities by the Council for the physical, cultural or intellectual welfare of the community, or
- (d) an area used by a body of persons associated for the purposes of the physical, cultural or intellectual welfare of the community to provide recreational facilities for those persons,

but does not include a show ground.

recreation facility means a building or place used for indoor recreation, a table tennis centre, squash court, swimming pool, gymnasium, health studio, bowling alley or any other building of a like character used for recreation and whether used for the purpose of gain or not, but does not include an amusement centre or a place of assembly.

refreshment room means a restaurant, café, tea room, eating house or the like.

relic means:

- (a) any deposit, object or material evidence (which may consist of human remains) relating to the use or settlement of the local government area of Marrickville, not being Aboriginal habitation, which is more than 50 years old, or

- (b) any deposit, object or material evidence (which may consist of human remains) relating to Aboriginal habitation of the local government area of Marrickville, whether before or after its occupation by persons of European extraction.

residential flat building means a building containing three or more dwellings.

restricted premises means premises (other than a newsagency or pharmacy) where:

- (a) publications classified Category 1 restricted, Category 2 restricted or RC under the *Classification (Publications, Films and Computer Games) Act 1995* of the Commonwealth are shown, exhibited, displayed, sold or otherwise made accessible or available to the public, or
- (b) a business to which section 578E (Offences relating to advertising or displaying products associated with sexual behaviour) of the *Crimes Act 1900* applies is conducted.

retail plant nursery means a building or place used for both the growing and retail selling of plants, whether or not ancillary products are sold there.

road transport terminal means a building or place used for the principal purpose of the bulk handling of goods for transport by road, including facilities for the loading and unloading of vehicles used to transport those goods and for the parking, servicing and repair of those vehicles.

service station means a building or place used for the fuelling of motor vehicles involving the sale by retail of petrol, oil and other petroleum products whether or not the building or place is also used for any one or more of the following purposes:

- (a) the sale by retail of spare parts and accessories for motor vehicles,
- (b) washing and greasing of motor vehicles,
- (c) installation of accessories,
- (d) repairing and servicing of motor vehicles involving the use of hand tools (other than repairing and servicing which involves top overhaul of motors, body building, panel building, spray painting, or suspension, transmission or chassis restoration).

serviced apartment means a dwelling which is cleaned and otherwise serviced or managed by the owner or manager of the building or the owner's or manager's agent, and which provides temporary accommodation for people whose principal place of residence is elsewhere.

shop means a building or place used for the purpose of selling, exposing or offering for sale by retail, goods, merchandise or materials, but (in Part 3) does not include a building or place elsewhere specifically defined in this Schedule, or a building or place used for a land use elsewhere specifically defined in this Schedule.

site area means the area of land to which an application for consent under the Act relates, excluding any land on which the development to which the application relates is not permitted by or under this plan.

State significance, in relation to a heritage item, means a heritage item on the State Heritage Register.

subdivision has the same meaning as it has in the *Environmental Planning and Assessment Act 1979*.

substantial demolition means the destruction of any part of a heritage item, an archaeological site or of a building, work, relic, tree or place within a heritage conservation area which contributes to its heritage significance.

the Act means the *Environmental Planning and Assessment Act 1979*.

the additional uses development and site specific development controls map means the map marked “Marrickville Local Environmental Plan 2001—Additional Development”, as amended by the maps, or specified sheets of maps, marked as follows:

Editorial note—

The amending maps are not necessarily listed in the order of gazettal. Information about the order of gazettal can be determined by referring to the Historical notes at the end of the plan.

tourist facilities means an establishment providing for holiday accommodation or recreation and may include a boat shed, boat landing facilities, camping ground, playground, refreshment room, water sport facilities or a club used in conjunction with any such activities.

transport terminal means a building or place used as an airline terminal, a road transport terminal, a

bus station or a bus depot.

utility installation means a building or work used by a public utility undertaking, but does not include a building designed wholly or principally as administrative or business premises or as a showroom.

warehouse means a building or place used for the storage of goods, merchandise or materials pending their sale and distribution to persons engaged in the retail trade.

Column 2

Development for the purpose of a residential flat building

Development for the purpose of an artist's studio, electrical appliances shop and electrician's workshop

Development for the purpose of commercial premises

At the ground floor level of buildings fronting the Princes Highway between Campbell Street and Barwon Park Road, and on Campbell Street between the Princes Highway and Crown Street, and on Barwon Park Road between Crown Street and the Princes Highway—**additional uses development** for the purposes of bulky goods salesrooms or showrooms, shops not exceeding 100m² in gross floor area and refreshment rooms.

The following **site specific development controls** apply:

- (a) the maximum floor space ratio for development on the land is as shown on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 14)—Floor Space Ratio Map*", and
- (b) the maximum height for development on the land, in storeys, is as shown on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 14)—Height Map*", and
- (c) the consent authority may grant consent to the conversion of a building, that was designed and erected for an industrial or warehouse purpose before the coming into force of *Marrickville Local Environmental Plan 2001 (Amendment No 14)*, to a residential flat building only if the relevant matters contained in clause 32 (4) (a)–(n) have been considered, and
- (d) the consent authority may impose conditions on development referred to in paragraph (c) in accordance with clause 32 (5), and
- (e) the floor space ratio and height controls referred to in paragraphs (a) and (b) do not apply to development referred to in paragraph (c).

Land known as the **Barwon Park Triangle, St Peters**, bounded by the Princes Highway, Barwon Park Road and Campbell Street, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 14)—Additional Uses Development and Site Specific Development Controls Map*"

Development for the purpose of shops and commercial premises (in conjunction with permissible dwellings), but only if:

- (a) the floor space ratio of all buildings on the land after the development has been carried out will not exceed 1.78:1, and
- (b) the total number of dwellings does not exceed 42, and
- (c) the gross floor area of any shop or commercial premises will not exceed 150 square metres, and
- (d) the total number of shops and commercial premises on the land after the development has been carried out will not exceed 2, and
- (e) no part of the ridge of a roof of any building will project above a building envelope with boundaries formed by a line:
 - (i) that commences at the point directly above the southwestern corner of the land at a height of RL 26.76, and
 - (ii) that runs from the last mentioned point generally eastward above the Corunna Road alignment—at a height of RL 26.76 for a distance of 13.2 metres, then at a height of RL 28.89 for the next 31.2 metres, then at a height of RL 28.15 to the point at the southeastern corner of the land where the Corunna Road alignment and the Bridge Road alignment meet, and
 - (iii) that runs from the last mentioned point generally northward above the Bridge Road alignment at a height of RL 28.15 to the point at the northeastern corner of the land where the Bridge Road alignment and the Corunna Lane alignment meet, and
 - (iv) that runs from the last mentioned point generally westward above the Corunna Lane alignment—at a height of RL 29.4 for a distance of 13 metres, then at a height of RL 19.59 for the next 29 metres, then at a height of RL 23.86 to the point directly above the northwestern corner of the land, and
 - (v) that runs in a straight line from the last mentioned point southward above the western alignment to the commencement point described in subparagraph (i).

2-6 Bridge Road, Stanmore
Lot 1, DP 593501

For the purposes of paragraph (d), the upper surface of

8 Bridge Road, Stanmore

Lot 1, DP 606147

the Bridge Road footpath is taken to be at a height of RL (or AHD) 12 metres.

Development for residential purposes, but only if:

- (a) the floor space ratio of all buildings on the land after the development has been carried out does not exceed 3.5:1, and
- (b) the total number of dwellings on the land does not exceed 87, and
- (c) the height of the building does not exceed an RL height of 34.45 metres AHD.

**Camperdown Park, Australia Street,
Camperdown**

Lot 3, DP 175973

Development for the purpose of community purposes

The **additional uses development** for the purpose of one shop only, but only if the gross floor area of the shop will not exceed 60 square metres.

Development for the purpose of a residential flat building (whether or not the residential flat building includes the shop referred to in this item), but only if the following **site specific development controls** are complied with:

115-117 Constitution Road, Dulwich Hill

Lot C, DP 390829 and Lot 115, DP 831684, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 18)—Additional Uses Development and Site Specific Development Controls Map*".

- (a) the floor space ratio of all buildings on the land will not exceed 1.24:1,
- (b) the total number of dwellings does not exceed 95,
- (c) the residential flat building to be erected on the Denison and Constitution Roads boundaries will not exceed 2 storeys in appearance (plus attic), with appropriate transitions at the south-western and north-western ends of the building to one storey in appearance (plus attic),
- (d) the residential flat building to be erected adjacent to railway land on the western boundary of the site will not exceed 3 storeys in appearance (plus attic), with appropriate transitions at the southern and northern ends of the building to 2 storeys in appearance (plus attic), then to one storey in appearance (plus attic).

1-3 Coronation Avenue, Petersham

Lot 1 DP 4012
Lot 2 DP 4012
Lot 3 DP 4012
Part Lot 4 DP 4012
Part Lot 5 DP 4012
Part Lot 6 DP 4012
Part Lot 7 DP 4012
Part Lot 8 DP 4012
Lot 1 DP 927536
Lot 1 DP 927545
Lot B DP 182453
Lot 1 DP 305709
Lot C DP 182453
Lot 1 DP 122209
Lot 1 DP 983521
Part Lot 37/38 Bayswater Estate
(as shown marked Residential 2C on sheet 1 of the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 1)*")

- Development for residential purposes but only if:
- (a) the floor space ratio of all buildings on the land after the development has been carried out will not exceed 1.15:1, and
 - (b) the total number of dwellings on the land does not exceed 109, and
 - (c) the uppermost habitable space of any building on the land does not project above an imaginary ceiling above the land as specified on sheet 3 of the map marked "*Marrickville Local Environmental Plan (Amendment No 1)*", and
 - (d) vehicle access to the land is from both Coronation Avenue and McRae Street.

The **additional uses development** for the purpose of a residential flat building, but only if:

- (a) the floor space ratio of the building will not exceed 1.3:1, and
- (b) the total number of dwellings will not exceed 25, and
- (c) the height of the building will not exceed RL 15.25 metres.

5 Croydon Street, Petersham

Lot 100, DP 613696, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 19)—Additional Uses Development and Site Specific Development Controls Map*".

35 Crystal Street, Petersham

Lot 1, DP 513827

Development for the purpose of clothing manufacturing and assorted storage

58-60 Crystal Street, Petersham

Lot 2, DP 531712

Development permissible within the General Business 3 (A) zone, with any building having a floor space ratio not exceeding 1.35:1

43 Dulwich Street, Dulwich Hill

Lot 1, DP 84386, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 32)—Additional Uses Development and Site Specific Development Controls Map*"

Development for the purpose of vehicular and pedestrian access to and egress from the commercial properties fronting New Canterbury Road, Dulwich Hill

Edinburgh Road and Smidmore Street, Marrickville

Lot 1, DP 316613, being land located on the western corner of those streets, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 26)—Additional Uses Development and Site Specific Development Controls Map*"

Development for the purpose of commercial premises, but only if the gross floor area will not exceed 36 square metres

238-240 Enmore Road, Enmore

Lot 2, DP 977701

Development for the purpose of commercial premises

255 Enmore Road, Marrickville

Lot 1, DP 212102

Development for the purpose of commercial premises having a gross floor area not exceeding 62 square metres

257 Enmore Road, Enmore

Lot 2, DP 212102

Development for the purpose of clothing manufacture and a clothing shop

72 and 74 Frampton Avenue, Marrickville

Lots 18 and 19, DP 4433

Development for the purpose of a warehouse having a gross floor area not exceeding 300 square metres

1-13 Garners Avenue, Marrickville

Lot 43, DP 844233

Development permissible within the Light Industrial 4 (B) zone, with any building having a floor space ratio not exceeding 0.9:1.

2G Gladstone Street, Newtown

Lot 1, DP 208950

Development for the purpose of a junkyard

The **additional uses development** for the purpose of one shop only or one commercial premises located only in the southeast corner of the site, but only if the gross floor area of the shop or the commercial premises will not exceed 50 square metres.

Development for the purpose of a residential flat building (whether or not the residential flat building includes the shop or the commercial premises referred to in this item), but only if the following **site specific development controls** are complied with:

- (a) the floor space ratio of all buildings on the land will not exceed 2.04:1,
- (b) the total number of dwellings will not exceed 41,
- (c) the development is designed to step up in height from the western part of the site to the eastern part of the site to create an articulated facade to Goodsell Street and the railway station, in the following manner:
 - (i) the western part of the residential flat building (when viewed from Goodsell Street) is to be two to three storeys in appearance, with a height not exceeding RL 26.64,
 - (ii) the central part of the residential flat building is to be three to four storeys in appearance, with a height not exceeding RL 32.20,
 - (iii) the eastern part of the residential flat building (adjacent to the pathway to the railway station) is to be up to five storeys in appearance, with a height not exceeding RL 35.85.

1 Goodsell Street, St Peters Lots 1 and 2, DP 998331, Lot 1, DP 783201 and Lot 1, DP 85441, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 20)—Additional Uses Development and Site Specific Development Controls Map*".

11-23 Gordon Street, Marrickville

Lots 37-52 and Part Lot 53, DP 1525, Lot 1, DP 321107, and Part Lot 1, DP 79082

Development for the purpose of commercial premises

24 Gordon Street, Petersham

Lot A, DP 392285

The floor space ratio of any building does not exceed 1.5:1.

1-7 Macaulay Road, Stanmore

Lot 47, Section AA, DP 4705

The floor space ratio for the total development does not exceed 1.52:1.

The total number of dwellings does not exceed 14.

Land known as the **Marrickville Hospital** site, fronting Lilydale Street and Livingstone and Marrickville Roads, Marrickville, on that part of the site zoned Special Uses.
Part Lot 2, DP 872693

Development on the land within the Special Uses 5 (A) zone for the purpose of a child care centre, public building, open space, commercial premises, car parking, community facilities or residential uses, but only if the floor space ratio of all buildings on the land within the Special Uses 5 (A) zone does not exceed 2:1. In respect of this requirement, gross floor area excludes the floor area of any heritage items retained within the Special Uses 5 (A) zone.

138 Marrickville Road, Marrickville

Lot 13, Section 1, DP 1465

Development for the purpose of commercial premises

394 Marrickville Road, Marrickville

Lot 1, Section 1, DP 5482

Development for the purpose of commercial premises

16-18 Mary Street, St Peters

Lot 1, DP 89071

Development for the purpose of car parking

163A-181 New Canterbury Road and part of 15 The Boulevard, Petersham

Lot 76, DP 597731, SP 51175 and part of Lot A, DP 904179, as shown edged heavy black on the map marked "Marrickville Local Environmental Plan 2001 (Amendment No 2)"

Development for the purpose of the retailing of office furniture and stationery

Development for residential purposes and for the purpose of refreshment rooms, but only if:

(a) the floor space ratio does not exceed 2.2:1, and

(b) the total number of dwellings and serviced apartments does not exceed 132, and

(c) the uppermost ceilings of all buildings erected on the land do not project above a building envelope with boundaries formed by:

(i) a line directly above the western boundary of the land at a height of 28.25 AHD, and

(ii) a straight line joining the point directly above the north-western corner of the land at a height of 28.25 AHD and the point directly above the more easterly north-eastern corner of the land at a height of 37.25 AHD, and

(iii) a straight line joining the last mentioned point and the point directly above the south-eastern corner of the land at a height of 31.75 AHD, and

(iv) a straight line joining the last mentioned point and the point directly above the south-western corner of the land at a height of 28.25 AHD.

1-27 Princes Highway, St Peters

Lot 100, DP 600471

The **additional uses development** for the purpose of one shop only, but only if the gross floor area of the shop will not exceed 70 square metres.

Development for the purpose of a residential flat building (whether or not the residential flat building includes the shop referred to in this item), but only if the following **site specific development controls** are complied with:

- (a) the floor space ratio of all buildings on the land will not exceed 1.87:1,
- (b) the total number of dwellings will not exceed 59,
- (c) the residential flat building to be erected at the corner of the Princes Highway and Victoria Street will not exceed 4 storeys in appearance on the Princes Highway alignment, with the fifth storey being setback between 8.8 metres and 13.5 metres from the Victoria Street alignment,
- (d) the residential flat building to be erected at the corner of Church and Victoria Streets will not exceed two storeys in appearance on the Church Street alignment, with the following setbacks:
 - (i) for the third storey—10.3 metres from the Church Street alignment,
 - (ii) for the fourth storey—a minimum average of 9.6 metres from the Church Street alignment,
 - (iii) for the fourth storey—a minimum average of 8.4 metres from the Victoria Street alignment,
 - (iv) for the northwestern corner of the fourth storey—a minimum of 8.3 metres from the Victoria Street alignment,
 - (v) for the southwestern corner of the fourth storey—a minimum of 8.45 metres from the Victoria Street alignment,
- (e) the residential flat buildings referred to in paragraphs (c) and (d) will be separated a minimum of 5.5 metres at ground level and 11.4 metres at all other levels, measured from the outer edge of the two buildings (including balconies).

159 Princes Highway, St Peters

Lot 1, DP 68441, Lot 134 DP 75001, Lot 1, DP 91834 and Lots A and B, DP 350995, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 17)—Additional Uses Development and Site Specific Development Controls Map*".

376 Princes Highway, Tempe

Lot B, DP 374296

Development for the purpose of a motor cycle showroom for the display, sale and rental of motor cycles

645-657 Princes Highway, Tempe

Lot 1, Section 2, DP 681

Retail sale of electrical goods and mobile phones

846-854 Princes Highway, Tempe

Lot 1, DP 783720

Development for the purpose of commercial premises

1 Railway Road, St Peters

Part Lot 89, DP 750

Development for the purpose of car parking

2-4 Railway Road, Sydenham

Lots A and B, DP 102011, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 23)—Additional Uses Development and Site Specific Development Controls Map*".

The following *site specific development controls* are to be complied with:

(a) the floor space ratio of all buildings on the land will not exceed 0.15:1,

(b) the maximum height of any building on the land will not exceed 4 metres.

29-31 Railway Terrace, Lewisham

Lot A, DP 152875

Development for the purpose of commercial premises, a refreshment room and a shop

13-17 Regent Street, Petersham

Lot 1, DP 830175

Development for the purpose of car parking

102-104 Silver Street, Marrickville

Lots 1 and 2, DP 517419

Development for the purpose of commercial premises with a floor space ratio not exceeding 1.2:1

58-76 Stanmore Road and 2 Tupper Street, Stanmore

Lots A and C, DP 308880, Lot 1, DP 105806 and Lot 1, DP 121240

Development for the purpose of a club

114-116 Stanmore Road, Stanmore

Lots 40 and 41, DP 816443

Development for the purpose of small shops and job printing

275 Stanmore Road, Marrickville

ground floor of premises, existing as at the appointed day, on Lot 3, DP 381188

Development for the purpose of commercial premises

1 Thomas Street, Lewisham

Part Lot 1, DP 565617

Development for the purpose of commercial premises

34 Victoria Road, Marrickville

Lot 100, DP 715231

Development permissible within the General Business 3 (A) zone, with any building having a floor space ratio not exceeding 0.8:1

287 Victoria Road, Marrickville

Lot 40, DP 2112

Development for the purpose of an accountant's office, for a period not exceeding five years from the commencement of *Marrickville Local Environmental Plan 2001 (Amendment No 5)*.

The following **additional uses development**:

- (a) development for the purpose of commercial premises,
- (b) development for the purpose of refreshment rooms,
- (c) development for the purpose of shops,

subject to the condition that the maximum total floor area used for those purposes is 750 square metres at public plaza level in a building on the corner of Illawarra Road and Thornley Street.

Warne Place, South Marrickville

The land is known as Warne Place. It consists of Lots 549 and 550, DP 752049, Lots X and Y, DP 421648, Lot 2, DP 388798, Lot 2, DP 187772, Lot 1, DP 329692, Lot 2, DP 185590, Lots 21, 22 and 23, DP 609856 and Lot 1, DP 186932 and part of Roseby Street, as shown coloured magenta on the map marked "*Marrickville Local Environmental Plan 2001 (Amendment No 12)—Additional Uses Development and Site Specific Development Controls Map*".

The following **site specific development control** applies:

The maximum floor space ratio of all buildings after development is carried out is:

- (a) 0.75:1 if the development is carried out on a site with a total area of 1,500 square metres or less, or
- (b) 1.0:1 if the development is carried out on a site with a total area of more than 1,500 square metres, but less than 6,000 square metres, or
- (c) 1.2:1 if the development is carried out on a site with a total area of 6,000 square metres or more, except as provided by paragraph (d), or
- (d) 1.5:1 if the site area consists of all of the land described opposite in Column 1, all of that land is amalgamated into one allotment and the development relates to the whole of the site area.

67-69 Westbourne Street, Petersham

ground floor of premises, existing as at the appointed day, on corner.
Lot 21, Sec 23, DP 1106

Development for the purpose of commercial premises

107 Windsor Road, Dulwich Hill

Lot 4, DP 4182

Development for the purpose of an artist's studio

Schedule 3 Classification and reclassification of public land as operational land

(Clause 69)

Part 1 Land classified, or reclassified, under original section 30 of Local Government Act 1993

- 1 286 Wardell Road, Marrickville, being part Lot 24, DP 5530

- 2 105–119 May Street, St Peters, being part Lot 1, DP 630454
