- (3) For the purposes of section 57 (2) (b) of the Act, a review of this Plan is required if the Minister is satisfied of the existence of a matter referred to in Column 3 of the Table to this clause (in relation to the objective and performance indicator set out next to that matter in the Table).

Table

Column 1 Column 2 Column 3

	Objective	Performance Indicator	Trigger for Review
1.	Increase the biomass of eastern rock lobster stock	Levels of eastern rock lobster stock increase or remain stable (with 1998-1999 levels being used as a benchmark), or are likely to do so, having regard to total allowable catch	Annual catch per unit effort (CPUE) is below 1998-99 levels in 2 consecutive years
2.	Promote commercial fishing practices for rock lobster that do not have an adverse environmental impact on the broader ecosystem	Research conducted periodically by or on behalf of NSW Fisheries indicates that commercial fishing practices for rock lobster do not have an adverse environmental impact on the broader ecosystem	Research conducted by or on behalf of NSW Fisheries indicates that commercial fishing practices for rock lobster are having an adverse environmental impact on the broader ecosystem
3.	Ensure management arrangements for the fishery do not have a significant impact on the costs of taking eastern rock lobster for sale	Management charge for the fishery (under section 76 of the Act) does not increase significantly, disregarding any increase that is attributable to the provision of additional resources by NSW Fisheries (eg the provision of additional compliance officers)	Management charge for the fishery increases in any year at a rate that exceeds the rate of inflation (as measured by the consumer price index), disregarding any increase that is attributable to the provision of additional resources by NSW Fisheries after the commencement of this Plan
4.	Promote cost efficient management	Independent review of the management arrangements for the fishery, conducted periodically at the request of the Minister, determines that management arrangements are appropriate	Independent review determines that the management arrangements for the fishery are inappropriate
5.	Ensure appropriate research and monitoring in relation to the fishery	Sufficient data is available for assessment of rock lobster stocks	Insufficient data is available for the purpose of setting the total allowable catch for rock lobster

6.	Minimise the number of offences committed by fishers in relation to rock lobster	Number of offences in relation to rock lobster committed annually, as indicated by quality inspections conducted by NSW Fisheries, indicates substantial compliance with the Act, this Plan and the other regulations under the Act	Overall rate of compliance with the Act, this Plan and the other regulations under the Act in relation to rock lobster (estimated annually by the Director-General) is less than 70 percent
----	--	---	---

4 Operational plans and strategies

The Minister may develop and implement operational plans and strategies for the purpose of achieving the objectives of this Plan.

Part 3 Dealings in shares

5 Minimum shareholding

- (1) The minimum shareholding in the fishery is 55 shares.
- (2) Despite subclause (1), the minimum shareholding in respect of a person who held shares in the fishery at the commencement of this Plan is 12 shares.
- (3) If a person who held shares at the commencement of this Plan transfers any of those shares the minimum shareholding in respect of the person increases to 55 shares.

Note—

A person who holds shares in the share management fishery is not entitled to take fish in the fishery or to nominate another person to do so on the shareholder's behalf unless the shareholder has the minimum shareholding for the fishery (see sections 66 and 67 of the Act). This clause applies a minimum shareholding of 55 shares to a person who first acquires shares in the fishery after the commencement of this Plan, and to any person who held shares in the fishery at the commencement of this Plan and who transfers any of them.

6 Maximum shareholding

The maximum shareholding in the fishery is 350 shares.

7 Dealings in shares—general

- (1) Shares in the fishery may be transferred, transmitted or mortgaged only as provided by the following:
 - (a) a shareholder may transfer, transmit or mortgage a package of shares or any number of packages of shares, or such other number of shares as may be approved by the Minister, to one person,
 - (b) a shareholder may transfer, transmit or mortgage all shares held by the

shareholder to one person.

- (2) A transfer of a share is not permitted unless the transfer is permanent.
- (3) (Repealed)
- (4) This clause does not prevent a transfer referred to in section 71 (2) of the Act (ie a transfer for the purpose of enabling 2 or more shareholders to hold their shares jointly).
- (5) In this clause, a **package of shares** means a group of 10 shares held by the same shareholder.

Note—

A transaction that purports to have the effect of transferring, transmitting or mortgaging a share does not have effect until it is registered in the Share Register (see section 91 of the Act).

8 Special provisions relating to transfers

- (1) In addition to the restrictions imposed by clause 7, shares in the fishery may be transferred only with the approval of the Director-General.
- (2) The Director-General may refuse to approve a transfer of shares if:
 - (a) the transaction would contravene the Act or this Plan, or
 - (b) the person to whom the shares are to be transferred is a person who:
 - (i) is prohibited from holding shares, or
 - (ii) is a natural person who may not be nominated by a shareholder to take rock lobster on behalf of the shareholder under clause 10, or
 - (iii) is a commercial fisher who could be refused an endorsement under clause 11, or
 - (c) the Director-General is satisfied that the purpose of the transaction is to avoid share forfeiture, or
 - (d) any fee, contribution or other amount owing under the Act in respect of the shares has not been paid, or
 - (e) any mortgage that applies to the shares has not been discharged or cancelled, or
 - (f) there is a nominated fisher in respect of the shares and the nomination has not been revoked by the shareholder transferring the shares.
- (3) If shares in the fishery are transferred with the approval of the Director-General, any unused quota that was allocated in respect of those shares is to be transferred to the

person who acquires the shares.

- (4) An application for the Director's approval under this clause:
 - (a) is to be made jointly by the shareholder and the person to whom the shares are to be transferred, and
 - (b) is to be in an approved form, and
 - (c) is to be accompanied by the share certificate (or certificates) of the shareholder and the person to whom the shares are to be transferred (if that person is a shareholder).
- (5) The approved form of application under this clause may include or be comprised of the approved form of application for registration of the transaction under section 91 of the Act, so as to enable the applications for approval and registration to be dealt with together.
- (6) A shareholder who proposes to transfer shares may request that the Minister review a determination of the Director-General under this clause in relation to the transfer within 30 days after notice of the determination is given to the shareholder.
- (7) The Director-General is to give effect to any determination made by the Minister in respect of that review.

9 Fee for registration of share transactions

- (1) For the purposes of section 90 (1) (d) of the Act, an entry in the Share Register in relation to a share is to include the identification number assigned to the share by the Minister.
- (2) For the purposes of section 91 (3) (d) of the Act:
 - (a) the fee for an application for registration of a transaction that purports to have the effect of transferring or transmitting a share in the fishery is \$231, and
 - (b) the fee for an application for registration of a transaction that purports to have the effect of mortgaging a share in the fishery is \$405.

Part 4 Endorsements and nominated fishers

10 Nominated fishers

- (1) A person may not be nominated by a shareholder to take rock lobster on behalf of the shareholder if:
 - (a) the person has been convicted, within the period of 3 years before the nomination is made, of a rock lobster offence or a serious offence, or

- (b) the person has been charged with or summoned for a rock lobster offence or a serious offence and proceedings with respect to that offence are pending.
- (2) No more than one person may be nominated by a shareholder to take rock lobster on the shareholder's behalf at any one time.
- (3) A shareholder is not entitled to nominate a person to take rock lobster on behalf of the shareholder for less than a 4 week period, unless otherwise approved by the Director-General.
- (4) The Minister may refuse to endorse the commercial fishing licence of a person nominated by a shareholder to take rock lobster on the shareholder's behalf if the nomination is made in contravention of this clause.
- (5) If the Minister endorses the commercial fishing licence of a nominated fisher of a shareholder, and the shareholder already holds an endorsement, the endorsement held by the shareholder is void.
- (6) If a shareholder revokes his or her nomination, as provided for by section 69 (7) of the Act, the Minister may endorse the licence of the shareholder again or endorse the licence of another commercial fisher nominated by the shareholder.
- (7) A nomination is to be accompanied by an administrative fee of \$347.
- (8) The Director-General may waive all or part of the administrative fee for the nomination.

Note—

A nomination of a commercial fisher is to be made in writing and served on the Director-General. The nomination is to be accompanied by the written consent of the nominee to the nomination. The Director-General is to record the nomination, and any revocation of the nomination, in the Share Register. The nomination (and any revocation of the nomination) has effect when it is recorded in the Share Register. (See section 69 of the Act.)

Under section 69 of the Act, a shareholder may nominate a commercial fisher who is a shareholder in the same fishery. However, the shares of the nominated fisher do not, while the fisher is so nominated, confer any entitlement to take fish in the fishery.

11 Eligibility for endorsement

The Minister may refuse to endorse the commercial fishing licence of a commercial fisher if:

- (a) the commercial fisher has been convicted of a rock lobster offence, or a serious offence, within the period of 3 years before the application for endorsement is made, or
- (b) the commercial fisher is nominated by a shareholder who has been convicted of a serious offence within the period of 3 years before the application for endorsement is made.

Note—

Section 68 of the Act provides that an application for endorsement is to be made in the form and manner approved by the Minister.

12 Grounds for suspension or cancellation of endorsement

- (1) The Minister may suspend or cancel an endorsement of a nominated fisher if:
 - (a) the fisher does anything that would be grounds for cancellation or suspension of the fisher's commercial fishing licence, or
 - (b) the Minister is satisfied that the fisher has contravened a provision of this Plan, or
 - (c) the shareholder who nominated the fisher:
 - (i) revokes the nomination, or
 - (ii) nominates another commercial fisher to take rock lobster in the fishery on the shareholder's behalf, or
 - (iii) is convicted of a rock lobster offence or a serious offence, or
 - (iv) becomes the nominated fisher of another shareholder in the same fishery.
- (2) The Minister may suspend or cancel an endorsement of a commercial fisher who is a shareholder if:
 - (a) the shareholder is convicted of a rock lobster offence or a serious offence, or
 - (b) the Minister is satisfied that the shareholder has contravened a provision of this Plan, or
 - (c) the shareholder becomes the nominated fisher of another shareholder in the same fishery.
- (3) The Minister may suspend an endorsement for a specified period of no less than 4 weeks at the request of the holder of the endorsed licence. The suspension period may be shortened or lengthened by the Minister on request of the holder of the endorsement.

Note—

An endorsement may be suspended or cancelled if the holder of the licence ceases to be eligible to have the licence endorsed, for instance, because the holder holds less than the minimum shareholding in the fishery. The endorsement may also be cancelled or suspended if the shareholder fails to pay any community contribution, management charge or other amount due under Part 3 of the Act. (See section 68 (7) of the Act.) If an endorsement of a shareholder is suspended or cancelled, the shareholder is not entitled to nominate another person to take rock lobster on the shareholder's behalf (see section 68 (8) of the Act).

13 Nominated fisher to notify shareholder of alleged offence

- (1) A nominated fisher must notify the shareholder who nominated him or her to take rock lobster in the fishery on the shareholder's behalf if the person is charged with an offence against this Plan, the Act or the regulations under the Act.
- (2) The notice must be given to the shareholder within 24 hours after the nominated fisher is charged with the offence.
- (3) A contravention of this clause is an endorsement holder offence.

Part 5 Total allowable catch and quota

14 Total allowable catch

- (1) The TAC Committee is to determine a total allowable catch for eastern rock lobster, and for such other species of rock lobster as the Minister specifies, when required by the Minister.
- (2) The determination is to be made in respect of the period of 12 months commencing on the next 1 July and ending on the following 30 June, or such other period as the Minister may determine after consultation with the Management Advisory Committee for the fishery.
- (3) The Minister is to endeavour to ensure that the determination is published, as required by section 33 (1) of the Act, not less than 4 weeks before the start of the fishing period to which the determination relates.

Note—

Under section 29 of the Act, the Minister may direct the TAC Committee as to the matters to be taken into account when determining total allowable catch.

15 Determination of quota

- (1) The total allowable catch is to be allocated among shareholders as provided for by section 78 of the Act.

Note—

Section 78 of the Act provides that the Minister is to allocate the whole of the total allowable catch among shareholders in proportion to their shareholdings.

- (2) The Minister may, after consultation with the Management Advisory Committee for the fishery, determine the amount or proportion of quota that may be taken by or on behalf of a shareholder during a specified part or parts of the fishing period.
- (3) Such a determination must not be made so as to prevent shareholders from taking the whole of the total allowable catch in a fishing period.
- (4) The Minister may adjust the quota of a shareholder to take account of a mistake in the

calculation of the shareholder's quota in a previous fishing period.

- (5) The Director-General is to ensure that each shareholder, and any nominated fisher of the shareholder, is notified of the shareholder's quota and of any determination by the Minister as to the periods in which that quota may be taken.

16 Contravention of quota

- (1) A person, being a shareholder or a nominated fisher for a shareholder, must not:
 - (a) take rock lobster for sale in contravention of the shareholder's quota, or
 - (b) take rock lobster for sale in contravention of a determination by the Minister under clause 15 (2).
- (2) For the purposes of section 65 of the Act, contravention of this clause is an offence.
- (3) A contravention of this clause is also an endorsement holder offence.
- (4) Any rock lobsters that are seized by a fisheries officer do not cease to be considered to have been taken for sale just because they have been seized.

17 No carry over or borrowing of quota

- (1) Shareholders are not authorised to transfer to the next fishing period any part of their quota for the current fishing period that is not taken during the current fishing period.
- (2) Shareholders are not authorised to borrow any part of their quota from a future fishing period.

18 Transfer of quota

- (1) Quota is transferable, but only with the approval of the Director-General.
- (2) The minimum amount of quota that may be transferred is 10 percent of the quota of the shareholder who is transferring the quota (**the transferor**), or 50 kilograms, whichever is the greater, unless otherwise approved by the Director-General.
- (3) Subclause (2) does not prevent a shareholder from transferring the whole of the shareholder's quota.
- (4) Quota may be transferred only within the fishing period to which the quota relates.
- (5) A shareholder may not acquire by any such transfer more than twice the amount of the shareholder's initial quota for the fishing period.

19 Application for approval of quota transfer

- (1) An application for approval of a transfer of quota is to be made to the Director-General jointly by the shareholder who proposes to transfer quota and the shareholder who

proposes to acquire that quota.

(2) The application:

(a) is to be in an approved form, and

(b) is to be accompanied by a fee of \$173, or such other amount as the Director-General determines to be payable from time to time.

(2A) The Director-General may waive all or part of the application fee referred to in subclause (2) (b).

(3) The Director-General may approve the application or refuse to approve the application.

(4) If approved, the transfer takes effect when the Director-General gives notice of that approval to the shareholder who transferred the quota.

(5) The Director-General is also to give notice of that approval to the shareholder who acquired the quota and any person who is nominated to take rock lobster for sale on behalf of either the shareholder who transferred the quota or the shareholder who acquired the quota.

(6) A shareholder may request the Minister to review a determination of the Director-General under this clause and the Director-General is to give effect to the determination of the Minister in respect of that review.

Part 6 Tags for rock lobster

Division 1 Preliminary

20 Definitions

In this Part:

tag means a tag issued by the Director-General for attachment to a rock lobster taken for sale.

tag number means the unique identification number stamped on or otherwise affixed to a tag by NSW Fisheries.

unused tag means a tag that has not been attached to a rock lobster, or is broken or otherwise damaged.

use a tag means attach the tag to a rock lobster in such a manner that the tag cannot be removed without being broken.

used tag means a tag that appears to have previously been attached to a rock lobster and is no longer attached to a rock lobster, but excludes a tag that has been destroyed by

the method of cutting the locking mechanism in half.

21 Application of Part

This Part applies only in respect of rock lobster that is subject to a total allowable catch.

Note—

At present only eastern rock lobster are subject to a total allowable catch. Accordingly, the tagging requirements in this Plan apply only to eastern rock lobster.

Division 2 Use of tags

Note—

This Division contains a number of offences. An offence may be designated as either a shareholder offence under section 65 of the Act or an endorsement holder offence under clause 55 of this Plan. If a provision is designated as an offence for the purposes of section 65 of the Act, a contravention of the provision by the shareholder, or a person nominated by the shareholder to take fish in the fishery, results in the shareholder being guilty of an offence. The offence attracts a maximum penalty of 1,000 penalty units (in the case of a corporation) or 500 penalty units (in the case of an individual). If a provision is designated as an offence under clause 55 of this Plan, a contravention of the provision results only in the endorsement holder being guilty of an offence. That offence attracts a maximum penalty of 100 penalty units.

22 Rock lobster to have tag attached

- (1) An endorsement holder who takes rock lobster in the fishery must attach a tag to the rock lobster as follows:
 - (a) if, before landing the rock lobster, the endorsement holder transfers the rock lobster from the boat used by the endorsement holder to another boat or transfers the rock lobster to a holding pen, before the rock lobster is so transferred,
 - (b) if paragraph (a) does not apply, immediately after the rock lobster is landed, but in any case no more than 25 metres from the point of landing (that is, the place where the rock lobster is brought ashore) and before entering any premises.
- (2) The tag that is attached must be a tag that was issued by the Director-General for use in the fishing period in which the rock lobster is taken.
- (3) The tag must be attached in such a manner that it cannot be removed without being broken.
- (4) The endorsement holder must, immediately after attaching the tag to the rock lobster, trim the tail of the tag so that it is flush with the locking mechanism.
- (5) For the purposes of section 65 of the Act, contravention of this clause is an offence.
- (6) A contravention of this clause is also an endorsement holder offence.

23 Unauthorised use of tag

A person must not attach a tag to a rock lobster unless the person:

- (a) is an endorsement holder, or
- (b) is a member of the crew of a licensed fishing boat being used by an endorsement holder and he or she attaches the tag in the presence of the endorsement holder, or
- (c) is an officer of NSW Fisheries acting for the purposes of the enforcement or administration of the Act or this Plan.

Maximum penalty: 100 penalty units.

24 Use of tags issued to others

- (1) An endorsement holder must not use a tag that was issued for the use of another endorsement holder, except as authorised by the Director-General.
- (2) An endorsement holder must not, without lawful excuse, be in possession of a tag that was issued for the use of another endorsement holder:
 - (a) while taking or attempting to take rock lobster for sale, or
 - (b) while on any premises used in connection with the taking of rock lobster for sale by the endorsement holder.
- (3) A contravention of this clause is an endorsement holder offence.

25 Tags to be used in sequential order

An endorsement holder must use the tags issued for the endorsement holder's use in sequential order of the tag number (ie from lowest to highest number).

26 Tags not to be re-used

- (1) An endorsement holder must not use a tag that has previously been attached to a rock lobster or that is broken.
- (2) This clause does not prevent an endorsement holder from re-attaching a tag to the rock lobster if the tag falls off the rock lobster.
- (3) A contravention of this clause is an endorsement holder offence.

27 Lost, stolen or destroyed tags

- (1) If a tag issued for the use of an endorsement holder is lost, stolen or destroyed, the endorsement holder must, as soon as practicable after becoming aware that the tag has been lost, stolen or destroyed, give the Director-General written notice of that fact.
- (2) The notification is to include the tag number of the tag lost, stolen or destroyed.
- (3) An endorsement holder must not, without lawful excuse, be in possession of a used

tag:

- (a) while taking or attempting to take rock lobster for sale, or
 - (b) while on any premises used in connection with the taking of rock lobster for sale by the endorsement holder.
- (4) If a tag issued for the use of an endorsement holder is damaged in such a manner that the tag number is not fully legible, or cannot be attached to a rock lobster in the required manner, the endorsement holder must, within 7 days after becoming aware of that fact, give or send the tag to the Director-General, together with a notice that includes:
- (a) the tag number of the tag concerned, and
 - (b) a written explanation of the circumstances in which the tag became damaged (in so far as they are known to the endorsement holder).
- (5) If a tag is damaged after being attached to a rock lobster, so that the tag number is not fully legible, the endorsement holder must:
- (a) immediately remove the tag from the rock lobster and destroy it by cutting the locking mechanism in half, and
 - (b) give or send the tag to the Director-General within 7 days, together with a notice that includes:
 - (i) the tag number of the tag concerned, and
 - (ii) a written explanation of the circumstances in which the tag became damaged (in so far as they are known to the endorsement holder), and
