- (4) A condition requiring security to be given and maintained by the holder of an exploration licence (the **new exploration licence**) may be expressed so as to require the security given and maintained in relation to some other exploration licence or licences, whether under this section or under section 29A, to be extended to the new exploration licence.
- (5) If the Minister proposes to grant an exploration licence to a person on the condition that the person gives and maintains security, the Minister may cause a written notice to be served on the person requiring the person to lodge the security with the Minister on or before the date specified in the notice.

- (2) If an application for an assessment lease, mining lease or mineral claim made by the holder of an exploration licence is not finally dealt with before the date on which the licence would otherwise cease to have effect, the licence continues to have effect, in relation only to the land to which the application relates, until the application is finally dealt with.
- (3) Subsection (2) does not operate to extend an exploration licence for more than 2 years, or such further period as the Minister may approve in a particular case, after the date on which it would otherwise expire.

29A Amendment of exploration licence in respect of certain conditions

- (2) The Minister may amend an exploration licence that contains such a condition so as to vary the amount and form of the security that is required to be given and maintained.
- (3) The Minister may amend any 2 or more exploration licences held by the same holder that contain such a condition so as to require a single security to be given and maintained.

- except with the written consent of the owner of the dwelling-house, garden or improvement (and, in the case of the dwelling-house, the written consent of its occupant).
- (2) The prescribed distance is:
- (a) 200 metres (or, if a greater distance is prescribed by the regulations, the greater distance) for the purposes of subsection (1) (a), and

Land over which an exploration licence is granted and over which some other authority (other than an exploration licence for some other group or groups of minerals) is subsequently granted ceases to be part of the exploration area when the other authority takes effect.

Division 5 Low-impact exploration licences—special provisions

32A Object of Division

The object of this Division is to provide for the grant of a class of low-impact exploration licence that may be approved under section 26A of the Commonwealth Native Title Act.

Note—

See clause 14 (3) of Part 5 of Schedule 5 to the *Native Title Amendment Act 1998* of the Commonwealth for preservation of approvals previously granted by the Commonwealth.

32B Special low-impact class of licence

- (1) There is to be a special class of exploration licence called a low-impact exploration licence.
- (2) An exploration licence may be granted as a low-impact exploration licence if this Division is complied with.
- (3) The provisions of this Act relating to exploration licences apply to low-impact exploration licences, except as otherwise provided by this Division.

32C Authority conferred by low-impact licence

- (1) The Minister may, by order published in the Gazette, determine the kind of prospecting operations that may be authorised by a low-impact exploration licence, being operations that the Minister is satisfied are unlikely to have a significant impact on the land over which the licence may be granted.

Editorial note—

For orders under this subsection see Gazette No 120 of 15.10.1999, p 10011.

- (2) The conditions to which a low-impact exploration licence is subject are to limit the prospecting operations authorised by the licence to all or some of the prospecting operations of the kind determined by the Minister under this section.
- (3) A change in the prospecting operations determined by the Minister under this section does not affect a low-impact exploration licence that is in force at the time the change is made.

32D Provisions relating to applications for low-impact licence

- (1) A person may not be granted a low-impact exploration licence unless notice of the application for the licence has been served on all:
 - (a) registered native title bodies corporate, and
 - (b) registered native title claimants, and
 - (c) representative Aboriginal/Torres Strait Islander bodies,in relation to any of the land that will be affected by the proposed prospecting operations to be authorised by the licence.
- (2) The notice must contain a map or other description of the land over which the exploration licence is sought and a description of the kind of prospecting operations that may be authorised by the licence.

- (3) An applicant may request the Minister to grant a low-impact exploration licence either at the time the application for a licence is made or at any later time before the grant of the licence.
- (4) The regulations may make other provision for or with respect to the making and grant of applications for low-impact exploration licences.
- (5) In this section, **application** includes tender.

32E Change of class of licence—additional prospecting operations

- (1) The holder of a low-impact exploration licence may apply to the Minister for a variation of the prospecting operations authorised by the licence.
- (2) After considering the application, the Minister may vary the licence or may refuse the application.
- (3) If the prospecting operations authorised by a licence as so varied are not of a kind permitted by this Division, the licence ceases to be a low-impact exploration licence.
- (4) The variation of an exploration licence takes effect on the date on which written notice of the variation is served on the holder of the licence or such later date as may be specified in the notice.

Note—

The right to negotiate or other procedures may apply to the variation of the licence under the Commonwealth Native Title Act if section 26A of that Act no longer applies because of the variation.

32F Access arrangement required for prospecting operations under low-impact licences

- (1) In this section, **relevant land** means land in relation to which there are registered native title bodies corporate or registered native title claimants.
- (2) A low-impact exploration licence is subject to the condition that the holder of the licence is not authorised to carry out prospecting operations on any relevant land otherwise than in accordance with an access arrangement under Division 2 of Part 8 between the holder of the licence and each registered native title body corporate or each registered native title claimant, being an access arrangement:
 - (a) that is agreed between them in accordance with that Division, or that is determined for them by an arbitrator in accordance with that Division, and
 - (b) that has involved consultation by the holder of the licence that satisfies the requirements of section 26A of the Commonwealth Native Title Act.
- (3) This section does not apply in any case in which Division 2 of Part 8 is excluded because of section 138 (2) (which relates to prospecting title granted after compliance with the full native title right to negotiate procedure or an indigenous land use

agreement).

Note—

An assessment lease is designed to allow retention of rights over an area in which a significant mineral deposit has been identified, if mining the deposit is not commercially viable in the short term but there is a reasonable prospect that it will be in the longer term. The holder is allowed to continue prospecting operations and to recover minerals in the course of assessing the viability of commercial mining.

- (2) An application for registration of a transfer:
 - (a) must be lodged with the Director-General, and
 - (b) must be accompanied by the appropriate lodgment fee.
- (3) On receipt of such an application, the Director-General must register the transferee as the holder of the authority, unless registration of the transfer is prohibited by section 124.
- (4) On registration of a transfer, the transferee becomes the holder of the authority and the authority becomes subject to the amended conditions or further conditions referred to in any relevant direction under section 121.

123 Partial transfers

- (1) If part of an authority is transferred under this Division:
 - (a) the authority (in this section referred to as **the original authority**) is taken to have been cancelled as to the area of the part transferred, and
 - (b) an authority over the part transferred (in this section referred to as **the new authority**) is taken to have been granted to the transferee for the period ending on the date of expiry of the original authority and to include the conditions determined by the Minister in granting approval of the transfer, and
 - (c) if the Minister considers that it is necessary to do so as a result of the transfer, the conditions to which the original authority is subject may be amended in the manner determined by the Minister in granting approval of the transfer.
- (2) Before part of an authority is transferred:
 - (a) the Minister and the proposed transferor must sign a document setting out the terms of any proposed amendments of the original authority, and
 - (b) the Minister and the proposed transferee must sign a document setting out the terms of the proposed new authority.

124 Caveats

- (1) A person claiming a legal or equitable interest in an authority may lodge with the Director-General a caveat, accompanied by the appropriate lodgment fee, directing the Director-General not to register any transfer of the authority otherwise than in accordance with the provisions of the caveat.

- (2) Unless sooner withdrawn, a caveat remains in force for the period of 3 months from the date on which it is lodged.
- (3) While a caveat remains in force, a transfer of the authority to which it relates may not be registered in contravention of the provisions of the caveat otherwise than pursuant to an order of the Supreme Court directing the Director-General to register the transfer.
- (4) At the expiration of the period for which a caveat is in force, a transfer of the authority to which it relates is to be registered unless, before the expiration of that period, the Director-General is served with an order of the Supreme Court prohibiting the Director-General from registering the transfer.

Division 3 Cancellation or operational suspension of authorities

125 Grounds of cancellation or operational suspension

- (1) The Minister may cancel an authority as to the whole or any part of the land to which it relates:
 - (a) if the holder of the authority requests the Minister to cancel the authority, or
 - (b) if the holder of the authority contravenes any condition of the authority or any provision of this Act or the regulations, whether or not the holder is prosecuted or convicted of any offence arising from the contravention, or
 - (c) if the holder of the authority fails to comply with the requirements of any agreement or assessment under Part 13 in relation to the payment of compensation, or
 - (d) if the holder of the authority is convicted of any offence relating to mining or minerals, or
 - (e) if the land is required for a public purpose, or
 - (f) if the holder of the authority fails to use the land comprised in the authority in good faith for the purposes for which the authority has been granted, or uses the land for a purpose other than that for which the authority has been granted.
- (2) A request referred to in subsection (1) (a):
 - (a) must be lodged with the Director-General, and
 - (b) if the application is for the cancellation of the authority as to part only of the land to which it relates—must be accompanied by a description, prepared in the manner prescribed by the regulations, of the land in respect of which the authority is to be cancelled.

- (3) The Minister may suspend all or any specified operations under an authority until further notice if the holder of the authority contravenes:
 - (a) a requirement under this Act to pay royalty, or to give or maintain security for the performance of the holder's obligations under the authority, or
 - (b) any condition of the authority that is identified in the authority as a condition related to environmental management.

126 Cancellations and operational suspensions

- (1) Before cancelling an authority on a ground referred to in section 125 (1) (b), (c), (d) or (f), or suspending operations under an authority, the Minister:
 - (a) must cause written notice of the proposed cancellation or suspension, and of the grounds of the proposed cancellation or suspension, to be served on the holder of the authority, and
 - (b) must give the holder of the authority a reasonable opportunity to make representations with respect to the proposed cancellation or suspension, and
 - (c) must take any such representations into consideration.
- (2) Cancellation of or suspension of operations under an authority takes effect on the date on which written notice of the cancellation or suspension is served on the holder of the authority or on such later date as is specified in the notice.
- (3) Cancellation of or suspension of operations under an authority does not affect any liability incurred by the holder of the authority before the cancellation or suspension took effect.
- (4) A suspension of operations under an authority is revoked on the date on which written notice from the Minister is served on the holder of the authority or on such later date as is specified in the notice.
- (5) While any operations under an authority are suspended, the authority confers no right on its holder to carry out the operations concerned.

127 Compensation for cancellation or suspension of operations

- (1) The holder of an authority is not entitled to compensation merely because the authority is cancelled or operations under it are suspended.
- (2) However, if an authority is cancelled on the ground that the whole or any part of the land concerned is required for a public purpose, the holder of the authority is entitled to compensation, of an amount to be determined by the Minister, for any mining improvements made to the land.

128 Appeals against decisions concerning cancellation or suspension of operations

- (1) Any person who is aggrieved by the decision of the Minister to cancel, or suspend operations under, an authority held by the person, or of the decision of the Minister as to the amount of compensation payable as a consequence of its cancellation, may appeal to the District Court against the decision.
 - (1A) Such an appeal is to be made:
 - (a) within 14 days after written notice of the cancellation or suspension, or of the Minister's decision with respect to compensation, is served on the holder of the authority, or
 - (b) within such further period as the District Court may allow.
 - (1B) In deciding whether or not to allow a further period for appeal, the District Court is to have regard to:
 - (a) the circumstances that have prevented the appellant from making the appeal within the 14 days referred to in subsection (1A) (a), and
 - (b) the consequences to the appellant, and to persons other than the appellant, of a decision allowing a further period for appeal, and
 - (c) the consequences to the appellant, and to persons other than the appellant, of a decision refusing a further period for appeal, and
 - (d) the public interest.
- (2) An appeal is to be heard by way of a new hearing, and fresh evidence, or evidence additional to the evidence available to the Minister when the decision was made, may be admitted in the hearing.
- (3) Subject to any order made by the District Court, the lodging of an appeal does not operate to stay the decision appealed against.
- (4) The decision of the District Court on an appeal is final and is to be given effect to as if it were the decision of the Minister.

Part 8 Authorities generally

Division 1 General procedures

129 Holder of authority must be at least 18

An authority may not be granted to an individual who has not attained the age of 18 years.

130 Withdrawal of application

- (1) An application or objection in relation to the grant, renewal, transfer or cancellation of an authority may be withdrawn by means of a notice of withdrawal signed by the applicant or objector and lodged with the Director-General and ceases to have effect when the notice is lodged.
- (2) The withdrawal of an application or objection under this section is irrevocable.

131 Pending applications

For the purposes of this Act, an application for an authority is pending from the time it is lodged until the time it is finally disposed of.

132 Disputes as to priority of applications

Any dispute as to the priority of competing applications for authorities over the same land is to be determined by the Minister.

133 Nomination by applicant or tenderer

- (1) An applicant or tenderer for an authority may, by notice in writing lodged with the Director-General, nominate a person to whom the authority is to be granted.
- (2) The person nominated in an application or tender as the person to whom an authority is to be granted is, for the purposes of this Act, taken to be the applicant or tenderer for the authority.
- (3) In the case of an application or tender for an authority over land in respect of which some other authority held by the applicant or tenderer is in force by operation of section 29 (2), 47 (2), 73 (2) or 195 (2), the person nominated as the person to whom the firstmentioned authority is to be granted is, for the purposes of this Act, taken to be the holder of that other authority also.

134 Death etc of applicant

An application for an authority made by a person who subsequently dies, becomes bankrupt or becomes a mentally incapacitated person:

- (a) subsists for the benefit of the applicant's estate, and
- (b) may continue to be dealt with,

if the applicant's legal representative or the manager of the applicant's estate so requests.

135 Waiver of minor procedural matters

- (1) The Minister may grant or renew an authority even though the applicant has failed to comply with a requirement of this Act or the regulations:

- (a) as to the time within which anything is required to be done, or
 - (b) as to the details to be contained in any notice served, lodged or caused to be published by the applicant, or
 - (c) as to the particulars to accompany any application, or
 - (d) as to the furnishing of declarations and other information by the applicant.
- (2) This section does not authorise the Minister to grant or renew an authority in the case of an applicant who has failed to comply with such a requirement unless the Minister is satisfied that the failure is unlikely:
- (a) to adversely affect any person's rights under this Act or the regulations, or
 - (b) to result in any person being deprived of information necessary for the effective exercise of those rights.

136 Gazettal of certain matters

As soon as practicable after:

- (a) an invitation for tenders for an authority is made or withdrawn, or
- (b) an application for an authority or for the renewal of an authority is made, withdrawn or refused, or
- (c) an authority is granted, renewed, transferred or cancelled,

the Director-General is to cause notice of that fact to be published in the Gazette.

137 Limitation of right to challenge technical defects in authorities

- (1) The grant, renewal or transfer of an authority may not be challenged in any legal proceedings commenced later than 3 months after the date on which notice of the grant, renewal or transfer of the authority is published in the Gazette.
- (2) This section has effect regardless of the provisions of any other Act, but does not apply so as to affect any appeal from proceedings commenced within the 3 months referred to in subsection (1).

Division 2 Access arrangements for prospecting titles

138 Application of Division

- (1) This Division applies to the carrying out of prospecting operations under exploration licences and assessment leases (referred to in this Division as **prospecting titles**) on any land.
- (2) However, this Division does not apply so as to require an access arrangement in

respect of a landholder who is a native title holder if the prospecting title concerned was granted or renewed after compliance with Subdivision P of Division 3 of Part 2 of the Commonwealth Native Title Act and the grant or renewal of the title was not an act that attracted the expedited procedure under and within the meaning of that Subdivision. In addition, this Division does not apply if the prospecting title concerned was granted or renewed after compliance with a registered indigenous land use agreement under that Act and the agreement provides that an access arrangement is not required under this Division in respect of such a landholder.

- (3) This Division applies, in the case of a prospecting title that is a low-impact exploration licence, as though a reference in this Division to a landholder included a reference to:
- (a) any registered native title body corporate, and
 - (b) any registered native title claimant,
- in relation to the land over which the licence is granted.

Note—

Section 32F imposes a condition on low-impact exploration licences that requires an access arrangement to be entered into under this Division between the holder of the licence and each registered native title body corporate and registered native title claimant.

139 Arbitration Panel

- (1) There is to be an Arbitration Panel.
- (2) The Arbitration Panel is to consist of one or more members appointed by the Minister after consultation with the Minister for Aboriginal Affairs and the Minister for Agriculture.
- (3) The conditions on which a member of the Arbitration Panel holds office (including conditions relating to remuneration and travelling and subsistence allowances) are to be as determined by the Minister.

140 Prospecting to be carried out in accordance with access arrangement

The holder of a prospecting title may not carry out prospecting operations on any land otherwise than in accordance with an access arrangement:

- (a) agreed (whether orally or in writing and whether before or after the prospecting title was granted) between the holder of the title and each landholder, or
- (b) determined by an arbitrator in accordance with this Division.

141 Matters for which access arrangement to provide

- (1) An access arrangement may make provision for or with respect to the following matters:

- (a) the periods during which the holder of the prospecting title is to be permitted access to the land,
 - (b) the parts of the land in or on which the holder of the prospecting title may prospect and the means by which the holder may gain access to those parts of the land,
 - (c) the kinds of prospecting operations that may be carried out in or on the land,
 - (d) the conditions to be observed by the holder of the prospecting title when prospecting in or on the land,
 - (e) the things which the holder of the prospecting title needs to do in order to protect the environment while having access to the land and carrying out prospecting operations in or on the land,
 - (f) the compensation to be paid to any landholder of the land as a consequence of the holder of the prospecting title carrying out prospecting operations in or on the land,
 - (g) the manner of resolving any dispute arising in connection with the arrangement,
 - (h) the manner of varying the arrangement,
 - (i) such other matters as the parties to the arrangement may agree to include in the arrangement.
- (2) An access arrangement that is determined by an arbitrator must specify the compensation, as assessed by the arbitrator, to which each landholder of the land concerned is entitled under Division 1 of Part 13.
- (3) In the event of an inconsistency between:
- (a) a provision of an access arrangement, and
 - (b) a provision of this Act, of the regulations or of a condition of a prospecting title,
- the provision referred to in paragraph (b) prevails.
- (4) If the holder of a prospecting title contravenes an access arrangement, a landholder of the land concerned may deny the holder access to the land until:
- (a) the holder ceases the contravention, or
 - (b) the contravention is remedied to the reasonable satisfaction of the landholder.
- (5) Subsection (4) does not affect any proceedings that may be brought against the holder of the prospecting title in respect of the contravention of the access arrangement.

142 Holder of prospecting title to seek access arrangement

- (1) The holder of a prospecting title may, by written notice served on each landholder of the land concerned, give notice of the holder's intention to obtain an access arrangement in respect of the land.
- (2) The notice of the holder's intention to obtain an access arrangement must, in addition to stating the holder's intention, contain:
 - (a) a plan and description of the area of land over which the access is sought sufficient to enable the ready identification of that area, and
 - (b) a description of the prospecting methods intended to be used in that area.
- (3) The holder of a prospecting title and each landholder of the land concerned may agree (either orally or in writing and either before or after the prospecting title is granted) on an access arrangement.

143 Appointment of arbitrator by agreement

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in writing on each landholder of the holder's intention to obtain an access arrangement, the holder and each landholder have been unable to agree on such an arrangement, the holder may, by further notice in writing served on each landholder, request them to agree to the appointment of an arbitrator.
- (2) The holder of a prospecting title and each landholder of the land concerned may agree to the appointment of any person as an arbitrator.

144 Appointment of arbitrator in default of agreement

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in accordance with section 143, the holder and each landholder of the land concerned have been unable to agree on the appointment of an arbitrator, then any one of them may apply to the Director-General for the appointment of a member of the Arbitration Panel as an arbitrator.
- (2) An application must be accompanied by the appropriate lodgment fee.
- (3) The Director-General, after consultation with the Heads of the Departments of Aboriginal Affairs and Agriculture, is to appoint a member of the Arbitration Panel as an arbitrator.

145 Arbitration

- (1) As soon as practicable after having been appointed, an arbitrator:
 - (a) must fix a time and place for conducting a hearing into the question of access to the land concerned, and

(b) must cause notice of his or her appointment, and of the time and place fixed for conducting the hearing, to be given to the holder of the prospecting title and to each landholder.

(2) The arbitrator may, by a further notice served on the holder of the prospecting title and on each landholder, vary the time or place fixed for conducting the hearing.

(3) The arbitrator must, at the time and place fixed under this section, conduct a hearing into the question of access to the land concerned.

146 Right of appearance

(1) At any hearing into the question of access to any land by the holder of a prospecting title, the holder and each landholder are entitled to appear and be heard.

(2) A party to a hearing may be represented:

(a) by an agent who is not an Australian legal practitioner, or

(b) with the agreement of the parties and the leave of the arbitrator, by an Australian legal practitioner.

147 Conciliation

(1) An arbitrator is not to make a determination until the arbitrator has used his or her best endeavours to bring the parties to a settlement acceptable to all of them.

(2) If the parties come to such a settlement, the arbitrator must make a determination that gives effect to the terms of the settlement.

148 Procedure

(1) Except as otherwise provided by this Act or the regulations, the procedure at a hearing is to be as determined by the arbitrator.

(2) An arbitrator must act according to equity, good conscience and the substantial merits of the case without regard to technicalities or legal forms.

(3) An arbitrator may conduct a hearing even though one or more of the parties to the hearing fails to attend the hearing.

149 Interim determination by arbitrator

(1) As soon as practicable after concluding a hearing, an arbitrator:

(a) must make an interim determination as to whether or not the holder of the prospecting title should have a right of access to the land concerned, and

(b) if the arbitrator determines that the holder of the prospecting title should have such a right of access, must prepare a draft access arrangement in respect of that

land.

- (2) As soon as practicable after making an interim determination, the arbitrator:
 - (a) must reduce the determination to writing, and
 - (b) must cause a copy of the determination, together with a copy of any draft access arrangement, to be served on each of the parties to the hearing.

150 Further arbitration

- (1) A party to a hearing may, within 14 days after being served with a copy of the arbitrator's interim determination, apply to the arbitrator:
 - (a) for reconsideration of the question of access to the land concerned, or
 - (b) for variation of any draft access arrangement prepared by the arbitrator in respect of that land.
- (2) As soon as practicable after receiving such an application, the arbitrator:
 - (a) must fix a time and place for continuing the hearing into the question of access to the land concerned, and
 - (b) must cause notice of the time and place fixed for continuing the hearing to be given to the holder of the prospecting title and to each landholder.
- (3) The arbitrator may, by a further notice served on the holder of the prospecting title and on each landholder of the land concerned, vary the time or place fixed for continuing the hearing.
- (4) The arbitrator must, at the time and place fixed under this section, continue the hearing into the question of access to the land concerned.

151 Final determination by arbitrator

- (1) If an application is not made to the arbitrator within the period of 14 days referred to in section 150 (1):
 - (a) the interim determination is taken to be the arbitrator's final determination, and
 - (b) any draft access arrangement is taken to be a final access arrangement.
- (2) If an application is made to the arbitrator within the period of 14 days referred to in section 150 (1), the arbitrator, as soon as practicable after concluding the continued hearing:
 - (a) must make a final determination as to whether or not the holder of the prospecting title should have a right of access to the land concerned, and

(b) if the arbitrator determines that the holder of the prospecting title should have such a right of access, must determine a final access arrangement in respect of that land.

(3) As soon as practicable after making a final determination, the arbitrator:

(a) must reduce the determination to writing, and

(b) must cause a copy of the determination, together with a copy of any final access arrangement forming part of the determination, to be served on each of the parties to the hearing.

152 Costs

(1) Each party to the hearing is to bear his or her own costs in relation to the hearing.

(2) The arbitrator's costs in relation to the hearing are to be borne by the holder of the prospecting title.

(3) Payment of the arbitrator's costs in relation to a hearing is, for the purpose of any security given by the holder of a prospecting title, taken to be an obligation under the title.

153 Withdrawal from arbitration

(1) The parties to a hearing may, at any time before the conclusion of the hearing, terminate the hearing by notice in writing, signed by all of the parties, served on the arbitrator.

(2) This section does not limit the liability of the holder of a prospecting title to bear the arbitrator's costs in relation to the hearing.

154 Liability

No proceedings lie against an arbitrator for or with respect to:

(a) any determination made by the arbitrator, or

(b) any publication made by the arbitrator, or

(c) any other act, matter or thing done by the arbitrator,

for the purposes of a hearing, as long as the determination, publication, act, matter or thing was made or done in good faith.

155 Review of determination

 - (b) must be filed in a Warden's Court:
 - (i) in the case of an interim determination that has become a final determination—within 28 days after a copy of the interim determination was served on the applicant, or
 - (ii) in the case of a final determination—within 14 days after a copy of the final determination was served on the applicant.
- (3) An application for review may not be made:
- (a) during the period of 14 days within which an application may be made to an arbitrator, or
 - (b) if such an application is made, until the arbitrator has made a final determination with respect to the application.
- (4) The applicant must cause a copy of the application to be served on each of the other parties to the determination to which the application relates.
- (5) Subject to any order of a Warden's Court to the contrary, an application for review of a determination operates to stay the effect of any related access arrangement in relation to a party to the arrangement from the time when a copy of the arrangement has been served on the party until the decision of a Warden's Court on the review.
- (6) In reviewing a determination under this section, a Warden's Court has the functions of an arbitrator under this Division in addition to its other functions.
- (7) The decision of a Warden's Court on a review of a determination is final and is to be given effect to as if it were the determination of an arbitrator.

156 Effect of access arrangement etc

An access arrangement determined by an arbitrator:

- or on such later date as may be specified in the arrangement, and

- (b) subject to section 141 (3), has effect as if its terms were embodied in a deed that had been duly executed by each of the parties.

(a) must cause written notice of the fact that it proposes to make such an order, and of the terms of the proposed order, to be served on the person, and

(b) must give the person a reasonable opportunity to make representations to the court with respect to the proposed order, and

- (3) If an appeal (or an application for leave to appeal) is made against the conviction from which an exclusion order arises, the operation of the exclusion order is suspended until the appeal or application is finally determined.
- (4) Unless the appeal court orders otherwise, the exclusion order is annulled if the conviction is quashed.
- (5) The appeal court may, by order, annul or vary the exclusion order even if the conviction is not quashed.

- (2) An access management plan does not apply to land within the claim area under a mineral claim, but does apply to land within an opal prospecting block.
- (3) An access management plan does not affect any right of way to which the holder of a small-scale title was entitled under section 211 or 235C immediately before the plan took effect, and does not affect any conditions imposed under section 211 or 235C on

any such right of access.

- (d) surface rights of way and easements, or
- (e) destruction or loss of, or injury to, disturbance of or interference with, stock, or
- (f) damage consequential on any matter referred to in paragraph (a)-(e),

but does not include loss that is compensable under the [Mine Subsidence Compensation Act 1961](#).

263 Compensation arising under exploration licence

- (1) On the granting of an exploration licence, a landholder of any land (whether or not

subject to the licence) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the licence or by an access arrangement in respect of the licence.

- (2) The holder of an exploration licence may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.
- (3) Such of the provisions of an access arrangement (whether or not in writing) as relate to compensation have effect as an agreement for the purposes of this section.
- (4) Payment of compensation under this section (other than compensation payable under an access arrangement agreed on as referred to in section 140 (a)) is taken, for the purposes of any security given by the licensee, to be an obligation under the licence.

264 Compensation arising under assessment lease

- (1) On the granting of an assessment lease, a landholder of any land (whether or not subject to the lease) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the lease or by an access arrangement in respect of the lease.
- (2) The holder of an assessment lease may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.
- (3) Such of the provisions of an access arrangement (whether or not in writing) as relate to compensation have effect as an agreement for the purposes of this section.
- (4) Payment of compensation under this section (other than compensation payable under an access arrangement agreed on as referred to in section 140 (a)) is taken, for the purposes of any security given by the lessee, to be an obligation under the lease.

265 Compensation arising under mining lease

- (1) On the granting of a mining lease, a landholder of any land (whether or not subject to the lease) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the lease.
- (2) The holder of a mining lease may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.
- (3) If a valid agreement is not entered into under this section within such period as may be prescribed by the regulations, the holder of a mining lease, or a landholder of land, may apply to a warden to assess the amount of compensation payable, and a warden

is to assess the compensation payable.

- (4) The holder of a mining lease is not authorised to exercise any rights under the lease on the surface of any part of the mining area unless the amount of any compensation payable to a landholder under subsection (1) in respect of that part of the mining area is the subject of a valid agreement or of an assessment made by a warden.

266 Compensation arising under mineral claim

- (1) On the granting of a mineral claim, a landholder becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the claim.
- (2) The compensation payable under this section consists of:
- (a) such amounts as may be determined by agreement between the holder of the mineral claim and any landholder (other than a landholder referred to in subsection (5)), and
 - (b) such amounts as, in default of such an agreement, may be assessed by a warden on application made by the holder of the mineral claim or any landholder (other than a landholder referred to in subsection (5)), and
 - (c) such amounts as may be payable according to an order referred to in subsection (5).
- (3) Instead of assessing compensation in relation to a particular mineral claim, a warden may assess compensation in relation to:
- (a) all mineral claims within a mining division, or
 - (b) any particular group of mineral claims within a mining division,
- and, in that event, may assess compensation as a fixed amount per mineral claim or as an amount per mineral claim to be calculated at a fixed rate.
- (4) The holder of a mineral claim must not exercise any right conferred by the claim unless:
- (a) the holder has served notice of the holder's intention to exercise such rights on any person entitled to compensation under this section, and
 - (b) in respect of every landholder (other than a landholder referred to in subsection (5)):
 - (i) there is in place an agreement referred to in subsection (2) (a), or
 - (ii) any amounts referred to in subsection (2) (a) and (b) have been paid into a Warden's Court or to the person entitled to them, and

(c) the holder has paid into a Warden's Court an amount prescribed by or determined in accordance with the regulations.

(5) An amount paid into court as referred to in subsection (4) (c) is to be held by the court for payment of compensation, at the order of the court, to any landholder who (whether because he or she could not then be identified, or for any other reason) could not, at the time the holder of the mineral claim began to exercise any rights under the claim, establish an entitlement to compensation under this section, but who subsequently does so.

(6) Section 274 applies to an amount paid as referred to in subsection (4) (c):

(a) as if it were an amount assessed by the warden, and

(b) as if the reference, in section 274 (2), to the expiration of 6 months were a reference to the expiration of 5 years, and

(c) as if a reference, in section 274 (2) or (3), to the expiration of 12 months were a reference to the expiration of 5 years and 6 months.

267 Compensation arising under opal prospecting licence

(1) On the granting of an opal prospecting licence, a landholder becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the licence.

(2) The compensation payable under this section consists of:

(a) such amounts as may be determined by agreement between the holder of the opal prospecting licence and any landholder (other than a landholder referred to in subsection (5)), and

(b) such amounts as, in default of such an agreement, may be assessed by a warden on application made by the holder of the opal prospecting licence or any landholder (other than a landholder referred to in subsection (5)), and

(c) such amounts as may be payable according to an order referred to in subsection (5).

(3) Instead of assessing compensation in relation to a particular opal prospecting licence, a warden may assess compensation in relation to:

(a) all opal prospecting licences within a mining division, or

(b) any particular group of opal prospecting licences within a mining division,

and, in that event, may assess compensation as a fixed amount per licence or as an amount per licence to be calculated at a fixed rate.

- (4) The holder of an opal prospecting licence must not exercise any right conferred by the licence unless:
 - (a) the holder has served notice of the holder's intention to exercise such rights on any person entitled to compensation under this section, and

 - (c) the holder has paid into a Warden's Court an amount prescribed by or determined in accordance with the regulations.
- (5) An amount paid into court as referred to in subsection (4) (c) is to be held by the court for payment of compensation, at the order of the court, to any landholder who (whether because he or she could not then be identified, or for any other reason) could not, at the time the holder of the opal prospecting licence began to exercise any rights under the licence, establish an entitlement to compensation under this section, but who subsequently does so.
- (6) Section 274 applies to an amount paid as referred to in subsection (4) (c):
 - (a) as if it were an amount assessed by the warden, and
 - (b) as if the reference, in section 274 (2), to the expiration of 6 months were a reference to the expiration of 5 years, and
 - (c) as if a reference, in section 274 (2) or (3), to the expiration of 12 months were a reference to the expiration of 5 years and 6 months.

267A Effect of determination and payment of compensation under provisions of Commonwealth Native Title Act

- (1) If, between the Government party, an applicant for an exploration licence, assessment lease, mining lease, mineral claim or opal prospecting licence as a grantee party and a native title party, compensation is agreed on or determined under Subdivision M or P of Division 3 of Part 2 of the Commonwealth Native Title Act, the compensation so agreed on or determined is taken:
 - (a) to be validly agreed on or assessed for the purposes of whichever is relevant of section 263, 264, 265, 266 or 267 as if the applicant for the exploration licence, assessment lease, mining lease, mineral claim or opal prospecting licence as the grantee party was the holder under this Act of the licence, lease or claim concerned and the native title party was the landholder of the land concerned, and

(b) to be paid under and for the purposes of whichever is relevant of those sections when it is paid in accordance with section 52 of the Commonwealth Native Title Act.

(2) In this section, **Government party**, **grantee party** and **native title party** have the same meanings as they have in the Commonwealth Native Title Act.

268 Compensation payable on transfer of certain authorities etc

If an authority or mineral claim over any land is transferred from a person who is a landholder of the land to a person who is not a landholder of the land, the provisions of this Act relating to compensation apply to the person to whom the authority or claim is transferred.

but does not include loss that is compensable under the [Mine Subsidence Compensation Act 1961](#).

environmental assessment permit means a permit granted under section 252.

270 Compensation arising under environmental assessment permit

- (1) If the holder of an environmental assessment permit enters any land under the authority of the permit, landholders become entitled to compensation from the holder of the permit for any compensable loss they suffer as a result of the exercise of the rights conferred by the permit.
- (2) The amount of compensation payable under this section is such amount as may be assessed by a warden on the application of the holder of the environmental assessment permit, the Crown or the landholder concerned.
- (3) Nothing in this section affects any remedy available to any person whose lands are entered pursuant to a power conferred by or under Part 12.

Division 3 Procedure for assessing compensation

271 Definitions

In this Division:

authorisation means an exploration licence, assessment lease, mining lease, mineral claim, opal prospecting licence or environmental assessment permit.

compensable loss, in relation to the assessment of compensation payable under Division 1 or 2, has the same meaning as it has in that Division.

272 Assessment of compensation

- (1) The assessment of compensation payable under this Part:
 - (a) must be made in the manner prescribed by the regulations, and
 - (b) must not be made until notice in the approved form:

 - (ii) has been served on each person who appears to a warden to be interested in the assessment, and
 - (c) must not exceed in amount the market value (for other than mining purposes) of the land and the buildings, structures and works situated on the land.
- (2) Any compensation agreed on or determined under Subdivision M or P of Division 3 or Division 5 of Part 2 of the Commonwealth Native Title Act for essentially the same act as an act in respect of which compensation is to be assessed under this Part must be taken into account in the assessment of compensation for the act under this Part.

273 Payment into court

The total amount of compensation assessed under this Division is to be paid into a Warden's Court at such times, and in respect of such periods, as is specified in the order of assessment.

274 Payment out of court

- (1) As compensable loss occurs, money held in a Warden's Court by way of compensation is to be paid out of a Warden's Court, on the application of any person entitled to the compensation, in accordance with the agreement or order under which it is payable.
- (2) If, after the expiration of 6 months, and before the expiration of 12 months, from the date on which the authorisation concerned ceases to have effect, the whole or any

part of an amount paid into court under this section has neither been paid out nor ordered to be paid out, the person who paid the amount into court may apply to a warden for payment out to that person of the whole or any part of that amount, and a warden may order the payment to be made.

- (3) If, after the expiration of 12 months from the date on which the authorisation concerned ceases to have effect, the whole or any part of an amount paid into court under this section has neither been paid out nor ordered to be paid out, a warden may cause the whole or any part of that amount to be paid into the Treasury for payment into the Consolidated Fund.

275 Procedure of court in making assessment

In making an assessment of compensation under this Division, a warden:

- (a) may make the assessment at any time and at any place, and
- (b) may make the assessment in the absence of any person who appears to be interested in the assessment, if the warden is satisfied that the person has been served with a notice in accordance with this Part, and
- (c) may adjourn the hearing of the matter to any time and any place, subject to such terms as to costs or otherwise as the warden thinks fit, and
- (d) has and may exercise the powers of a Warden's Court.

276 Additional assessment

- (1) If, after an assessment of compensation has been made, it is proved to the satisfaction of a warden:

- (a) that the whole of the amount paid into court under this Part has been duly paid out, and
- (b) that further compensable loss has been caused, or is likely to be caused, in respect of the land to which the assessment relates, or to other land,

the warden must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

- (2) If it is proved to the satisfaction of a warden:

- (a) that an access arrangement does not make provision for or with respect to compensation, and
- (b) that compensable loss has been caused, or is likely to be caused, in respect of the land to which the arrangement relates,

the warden must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

(3) If it is proved to the satisfaction of a warden:

(a) that the whole of the amount assessed by or in accordance with an access arrangement determined by an arbitrator as referred to in section 140 (b) has been paid in accordance with the arrangement, and

(b) that further compensable loss has been caused, or is likely to be caused, in respect of the land to which the assessment relates or to other land,

the warden must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

(5) In making an assessment of compensation, a warden must have regard to any agreement between the parties concerned as to the compensation payable.

277 Directions to furnish names and addresses

(1) If a warden considers that a landholder of any land may be entitled to compensation under this Part, the warden may, by instrument in writing served on the holder of the authorisation concerned, direct the holder to notify the warden of the name and address of the landholder.

(2) An instrument served under this section must specify a date on or before which compliance with the direction contained in the instrument is required.

278 Appeals

(1) The provisions of Divisions 3 and 4 of Part 15 apply to and in respect of an assessment made by a warden under this Part, and to and in respect of a person dissatisfied with such an assessment, as if the assessment were a decision of a Warden's Court and the person were a party to a complaint or proceeding dissatisfied with the decision.

(2) No appeal lies against an assessment of compensation made in relation to a particular class of mineral claims or opal prospecting licences, as referred to in section 266 (3) or 267 (3).

(3) Subsection (2) does not prevent an appeal being made against an assessment of

further compensation under section 276 merely because the original compensation was payable under an assessment of compensation made in relation to a particular class of mineral claims or opal prospecting licences, as referred to in section 266 (3) or 267 (3).

- (2) If any compensation is paid into court under this Part in respect of an existing lease that is consolidated under Part 6, the date on which the existing lease ceases to have effect is taken, for the purposes of this Part, to be the date on which the consolidated mining lease ceases to have effect.

281 Compensation for further loss

- (1) If:
 - (a) compensation has been assessed or agreed on under this Part in respect of an existing lease that is consolidated under Part 6, and
 - (b) the date of expiry of the consolidated mining lease is later than the date on which the existing lease would have expired if it had not been consolidated, and
 - (c) it is proved to the satisfaction of a warden that:
 - (i) further loss has been caused in respect of the land to which the assessment or agreement related, or in respect of other land, after the date on which the existing lease would have so expired, being compensable loss within the meaning of Division 1, and
 - (ii) in the case of an assessment, the whole of the amount paid into court pursuant to this Part has been duly paid out,

a warden is to assess the loss in accordance with Division 3 and order that the amount

so assessed be paid by the holder of the consolidated mining lease to which the assessment relates, within the time and to the persons specified in the order.

- (2) The provisions of section 276 have effect with respect to a consolidated mining lease even though the assessment referred to in that section relates to an existing lease that has been consolidated under Part 6.

286B Royalty on coal in coal reject

- (1) Royalty is not payable on the coal in coal reject recovered under a mining lease until the coal reject is used or disposed of.
- (2) The holder of a mining lease is liable to pay royalty under this Division to the Minister on the coal in coal reject recovered under the lease if the holder uses the coal reject in producing energy or disposes of it for use in producing energy.
- (3) If royalty is payable under this Division on the coal in coal reject, Division 1 does not apply to that coal.

286C Rate of royalty

- (1) Royalty on the coal in coal reject recovered under a mining lease is payable under this Division at the rate determined from time to time by the Minister, with the concurrence of the Treasurer, in respect of the lease or the class of leases concerned.

- (3) In determining the rate of royalty the Minister is to have regard to:
 - (a) the energy value of the coal reject, and
 - (b) the costs associated with extracting, transporting or processing the coal reject for the purposes of use or disposal, and
 - (c) such other matters as the Minister considers appropriate.

- (5) Royalty required to be calculated on the basis of the weight of coal is to be calculated by reference to dry weight.

286D Evidentiary matters

- (1) The energy value and ash content of the by-product of the mining or processing of coal recovered under a particular mining lease is to be determined, in the manner directed by the Minister, on the basis of the average energy value and average ash content of that by-product.
- (2) The Minister may by determination in writing determine any of the following:
 - (a) that the by-product, or any identifiable quantity of the by-product, of the mining or processing of coal recovered under a particular mining lease is coal reject,
