1. Contribute, in conjunction with other fishing regulatory controls (as defined in section 7A of the Act), to managing the impacts of the fishery on the environment and to ensuring ecologically sustainable development	Reduction in the estimated quantity of the ocean hauling catch (by method) which is discarded	The Director-General is satisfied that the estimated quantity of discards for any observed method increases between consecutive observer surveys
	No new target species or conditional target species with an exploitation status is classified as “overfished” or “recruitment overfished” by the Department	On the basis of resource assessment frameworks approved by the Director-General, the exploitation status of a target species or conditional target species is changed to “overfished” or “recruitment overfished” by the Department

Part 3 Description of fishery

Note—

The fishery is described in Schedule 1 to the Act as consisting of the use of a hauling net or purse seine net to take fish from any of the following waters:

- (a) ocean waters within 3 nautical miles of the natural coast line,

Part 4 Minimum and maximum shareholdings

7 Minimum shareholding

- (1) For the purpose of section 67 (1) of the Act, the minimum shareholding in relation to a class of shares specified in the Table to this clause is, subject to subclause (2), the number of shares of that class specified in the Table next to the class concerned.

Note—

A person who does not hold the minimum shareholding required for a class of shares will not be eligible to be given, or to nominate another person to be given, an endorsement that authorises the taking of fish in respect of shares of that class. See sections 68 (3) (b) and 69 (2) of the Act.

- (2) The minimum shareholding in relation to a class of shares is, if the shareholder is an original entitlement holder in relation to that class of shares, 1 share of that class.
- (3) Subclause (2) ceases to apply in respect of a class of shares held by a shareholder if the shareholder transfers, assigns, forfeits or surrenders any shares of that class or if any shares of that class are cancelled after the commencement of this Plan (in which case subclause (1) applies to the shareholder).
- (4) For the purposes of this clause, an **original entitlement holder**, in relation to a class of shares, is a person who:
- (a) held shares of that class immediately before the commencement of this Plan, and
 - (b) was, immediately before the commencement of this Plan, eligible for an endorsement in the fishery (or to nominate a person to be given an endorsement in the fishery) on the basis of that shareholding.
- (5) A person who is issued with shares of a class as a consequence of a decision of the Share Appeal Panel on an appeal in relation to the issue of shares in the fishery and who would have been entitled to an endorsement in the fishery, or to nominate a person to be given an endorsement, if those shares had been issued before the commencement of this Plan, is taken to be an original entitlement holder in relation to that class of shares.
- (6) The shares relied on to meet the minimum shareholding requirement must all be a component of the same ocean hauling fishing business.

Table

Class of shares	Minimum shareholding
Ocean hauling—general ocean hauling shares (Region 1, 2, 3, 4, 5, 6 or 7)	40

Ocean hauling—hauling net (general purpose) shares (Region 1, 2, 3, 4, 5, 6 or 7)	40

Ocean hauling—purse seine net shares	40

8 Maximum shareholding

For the purpose of section 72 (1) of the Act, the maximum shareholding is 40% of the total number of shares in the fishery at the commencement of this Plan.

Part 5 Species that may be taken

9 At least 80% of each hauling shot must be comprised of target or conditional target species

- (1) An endorsement holder must not use a net specified in the Table to this clause to take fish unless at least 80% (by whole weight) of the catch taken from each haul is comprised of target species or conditional target species for that type of net.
- (2) In this clause:
 - (a) the target species for a net specified in the Table to this clause is any fish of a species listed next to the type of net concerned under the heading “target species”, and

Part 6 Areas and times of operation

10 Waters permanently closed to ocean hauling

- (1) Pursuant to section 20 (2) of the Act, it is declared that the waters within 200 metres of the mean low water mark of the waters listed in Schedule 1 are waters in which the class of commercial fishing that consists of the taking of fish by commercial fishers in the fishery is prohibited, subject to subclause (2).
- (2) The declaration under subclause (1) does not prohibit the use of any of the following nets, where those nets are cast from and hauled back to a boat, in waters that are adjacent to a headland that is at the end of a beach specified in Schedule 1:
 - (a) garfish net (hauling),
 - (b) pilchard, anchovy and bait net (hauling).

11 Beaches closed to ocean hauling on a seasonal basis

Pursuant to section 20 (2) of the Act, it is declared that the beaches specified in Column 1 of Schedule 2 are waters in which the class of commercial fishing that consists of the taking of fish by commercial fishers in the fishery is prohibited, during the period specified next to the beach concerned in Column 2 of the Schedule.

Note—

See the Supporting Plan for section 20 (2) closures that apply to more than one share management fishery.

12 Hauling net (general purpose) and pilchard, anchovy and bait net (hauling) restrictions

(1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not carry out ocean hauling operations (other than operations in relation to use of a garfish net (hauling)) on weekends or on public holidays during the months of November, December, January and February.

(2) In this clause:

public holiday means a day that is observed as a public holiday throughout New South Wales.

weekend means the period between midnight on a Friday and midnight on the immediately following Sunday.

13 Garfish net (hauling) restrictions

(1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not use a garfish net (hauling) to take fish in the fishery on a weekend or a public holiday.

(2) In this clause:

public holiday means a day that is observed as a public holiday throughout New South Wales.

weekend means the period between midnight on a Friday and midnight on the immediately following Sunday.

Part 7 General requirements in relation to taking fish

14 Taking of fish with the assistance of others

(1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not take fish or otherwise engage in any ocean hauling operations in the fishery with the assistance of any other person, unless the other person holds a general ocean hauling endorsement and the region specified in that other person's endorsement is the same as the region specified in the first person's endorsement.

(2) This clause does not apply to the taking of fish in the fishery from ocean waters (but not from the shore) by use of a purse seine net.

15 Evidence of endorsement must be produced where fishing priority sought

(1) If an endorsement holder seeks to take priority over another fisher in ocean hauling operations in the fishery, including by taking a turn before that other fisher, the other

fisher may request the endorsement holder seeking to take priority, before taking that turn, to produce evidence of his or her endorsement in the fishery to that other fisher.

- (2) The endorsement holder seeking to take priority may, before responding to such a request, require the fisher making the request to produce evidence of his or her endorsement in the fishery to the endorsement holder seeking priority.
- (3) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that an endorsement holder must not fail to comply with any reasonable request to produce evidence of an endorsement made in accordance with this clause.

Note—

Clauses 83 and 84 of the *Fisheries Management (General) Regulation 2002* set out the general rules for rights of priority between fishers setting or hauling nets in the fishery.

16 Display of identification information on motor vehicles

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not engage in any ocean hauling operations unless there is clearly displayed on any motor vehicle used in connection with the operations the following information:
 - (a) the words “Ocean hauling fishery”,
 - (b) the number of the fishing business of which the endorsement is a component (being the number allocated to the fishing business by the Director-General under the Act).
- (2) If a motor vehicle is being used by more than one endorsement holder, it is sufficient that the information referred to in subclause (1) is displayed as required in relation to only one of those endorsement holders.

17 Use of nets in or near flagged swimming areas

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not shoot or retrieve a net, for the purpose of taking fish in the fishery, while in a flagged swimming area.
- (2) In this clause:

flagged swimming area means any part of a beach used as a swimming area, the boundaries of which are indicated by flags.

18 Boat capacity restrictions

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement of a type specified in Column 1 of the Table to this clause that the endorsement holder does not use a boat to take fish in the fishery if the boat has a length exceeding the

maximum boat length specified in Column 2 of the Table next to the endorsement concerned.

Table

Column 1	Column 2	Column 3
Types of endorsement	Maximum boat length	Exemption code
Hauling net (general purpose) endorsement	6 metres	N/A
Garfish net (hauling) endorsement, pilchard, anchovy and bait net (hauling) endorsement, and purse seine net endorsement	20 metres	OH

- (2) Subclause (1) does not apply in respect of an original boat if:
 - (a) it is exempted from the maximum boat length requirement in accordance with an exemption criteria determined by the Director-General, and
 - (b) that exemption is noted on the fishing boat licence for the boat by the Minister using a code of a kind (if any) specified in Column 3 of the Table to this clause next to the endorsement concerned.
- (3) In this clause, an **original boat** means a boat that, immediately before the commencement of this Plan, was a component of an ocean hauling fishing business.
- (4) For the purposes of this clause, the length of a boat is the length noted on the fishing boat licence for that boat.

Part 8 General

19 Adoption of Supporting Plan

For the purposes of section 57A (5) of the Act, the provisions of the Supporting Plan, as they relate to the fishery, and as in force from time to time, are adopted by this Plan.

20 Authorised amendments to Plan

For the purposes of section 64 of the Act, any amendment to this Plan is authorised.
