 - (d) any easement benefiting or burdening the parcel, any restriction on the use of land or positive covenant burdening the parcel and any right of exclusive use and enjoyment, or any privilege, created by a by-law of the kind to which Division 4 of Part 5 of Chapter 2 of the *Strata Schemes Management Act 1996* applies,
- and shall, subsequently, in that folio:

- (3) Notwithstanding the provisions of the *Real Property Act 1900*, the Registrar-General shall not record any easement of the description contained in section 26 (1) (a) or (b), any easement acquired by resumption to the extent that it affects common property or any restriction on the use of land or positive covenant of the description contained in section 26 (1) (a) (whether or not the easement, restriction or positive covenant was created after the commencement of this Act or under section 26 (1)) in the folio of the Register comprising a lot the subject of the strata scheme concerned but shall record the easement, restriction or positive covenant in the folio of the Register comprising the common property, and any such easement, restriction or positive covenant shall affect any such lot to the extent that it is capable of affecting that lot and as if it were recorded by the Registrar-General in the folio of the Register comprising that lot.
- (4) Notwithstanding any provision of the *Real Property Act 1900*, the Registrar-General shall not record any mortgage, charge, covenant charge or writ in the folio of the Register comprising the common property but any such mortgage, charge, covenant charge or writ recorded in the folio of the Register comprising a lot the subject of the strata scheme concerned affects the beneficial interest of the proprietor of that lot in the estate or interest in the common property held by the body corporate as agent for that proprietor in the same way as if that mortgage, charge, covenant charge or writ were recorded by the Registrar-General in the folio of the Register comprising that common property.

24 Dealings with lots include common property

- (1) In any dealing or caveat relating to a lot, a reference to that lot includes a reference to any estate or interest in common property which is vested in the body corporate as agent for the proprietor of that lot without express reference to the common property and without that dealing or caveat being recorded in the folio of the Register comprising the common property.
- (2) The beneficial interest of a proprietor of a lot in the estate or interest in the common property, if any, held by the body corporate as agent for that proprietor shall not be capable of being severed from, or dealt with except in conjunction with, the lot.

25 Transfer or lease of common property

- (1) A body corporate may, pursuant to a special resolution, execute a transfer or lease of common property other than common property the subject of a lease accepted or acquired by the body corporate under section 19 (2).
- (1A) Subsection (1) does not authorise a transfer by the body corporate under a strata scheme that is part of a community scheme under the *Community Land Development Act 1989*.
- (2) A body corporate, pursuant to a special resolution, may, if not prevented by the terms of the lease, transfer a lease of common property accepted or acquired by the body corporate under section 19 (2) or grant, by way of sub-lease, a lease of its estate or interest in common property the subject of a lease so accepted or acquired.
- (2A) A body corporate may, pursuant to a special resolution, execute a variation of any such lease or sublease pursuant to section 55A of the *Real Property Act 1900*.
- (3) A body corporate may, pursuant to a special resolution, accept a surrender of a lease, or, if otherwise empowered so to do, re-enter under a lease, granted under subsection (1) or (2).
- (4) The Registrar-General shall register a dealing referred to in this section by making in the Register such recordings with respect to the dealing as he considers appropriate.
- (5) (Repealed)

26 Creation or variation of easements, restrictions and positive covenants

 - (b) accept a dealing creating an easement which, or a restriction on the use of land or a positive covenant which, benefits the common property or the whole parcel,
 - (c) execute a dealing releasing or varying an easement which, or a restriction on the use of land or a positive covenant which, benefits the common property or the whole parcel, or
 - (d) accept a dealing releasing or varying an easement which burdens the common property or a restriction on the use of land or a positive covenant which burdens the common property or the whole parcel.
- (2) Subsection (1) does not authorise a body corporate to execute or accept a dealing relating to common property the subject of a lease accepted or acquired by the body

corporate under section 19 (2) that, apart from subsection (1), it is not entitled to execute or accept as a lessee or, by the terms of the lease, it is prevented from executing or accepting.

- (3) A body corporate may, pursuant to a special resolution, join in or consent to the execution or acceptance of a dealing referred to in subsection (1) relating to common property under section 19 (2).

27 Dedication of common property

- (1) In this section:

common property does not include common property in a strata scheme that is part of a community scheme under the [Community Land Development Act 1989](#).

drainage reserve means land that is set aside as a drainage reserve, under section 49 of the [Local Government Act 1993](#).

public reserve has the same meaning as it has in the [Local Government Act 1993](#).

public road has the same meaning as it has in the [Roads Act 1993](#).

- (1A) Common property may be dedicated as public road, public reserve or drainage reserve by registration of a plan under Division 3 of Part 23 of the [Conveyancing Act 1919](#).
- (1B) Common property may be dedicated as public reserve only if there is an adjoining public road or other public place giving access to the reserve by the public.
- (2) The common property to be dedicated must be identified on a plan and relate to a statement, acknowledged by endorsement of the seal of the body corporate pursuant to a special resolution, that it is intended:
- (a) to open or widen a public road, or
 - (b) to create a public reserve, or
 - (c) to create a drainage reserve.
- (2A) The seal of the body corporate is to be endorsed on the plan, subject to subsection (3A).
- (3) Common property that is a leasehold interest acquired under section 19 (2) may be dedicated only if each additional seal or signature required by section 195D of the [Conveyancing Act 1919](#) to allow registration of the plan under Division 3 of Part 23 of that Act has been obtained.
- (3A) If the plan is lodged electronically, or the plan is lodged manually but the seals, signatures and consents required by this section are not endorsed on the plan, they

must be endorsed on the approved form for signatures and that form must be lodged in the same way as the plan.

- (4) Upon registration, under the [Conveyancing Act 1919](#), of a plan referred to in subsection (2), the Registrar-General shall make in the Register such recordings, with respect to the effect of that registration, as he considers appropriate.
- (5) (Repealed)

28 Effect of dealings under this Division

- (1) In this section **dealing** includes a plan referred to in section 27 (2).
- (2) A dealing executed by a body corporate for the purposes of the exercise of any of its powers under this Division shall be as valid and effective as it would be if it were also executed by the proprietors of all the lots the subject of the strata scheme concerned and the receipt of the body corporate for purchase money, rent, premium or other moneys payable to the body corporate in respect of the dealing shall be a sufficient discharge and shall exonerate every person paying any such moneys from any responsibility for their application.
- (3) A body corporate shall not execute a dealing for the purposes of this Division:
 - (a) whereby the estate or interest of the body corporate or of the proprietors or any of them in the parcel or in any part thereof is diminished unless:
 - (i) all persons (other than the body corporate and the proprietors) having interests recorded in the Register in the parcel or that part, as the case may be, have released them in so far as they affect the land the subject of the dealing or the dealing may properly be, and has been, made subject to those interests, and
 - (ii) all persons having interests (other than interests referred to in subparagraph (i) or statutory interests) in the parcel or that part, as the case may be, being interests which have been notified to the body corporate, have released them as against the person taking under the dealing, not being a plan, or benefiting by the registration of the dealing, being a plan, or
 - (b) unless any by-law to which Division 4 of Part 5 of Chapter 2 of the [Strata Schemes Management Act 1996](#) applies and relating to the land the subject of the dealing has been:
 - (i) repealed, or
 - (ii) amended in so far as it would, but for the amendment, have detracted from the interest passing under the dealing.
- (4) A dealing lodged for registration under the [Real Property Act 1900](#) or the

Conveyancing Act 1919 for the purposes of this Division shall not be registered under either such Act unless it is accompanied by a certificate under the seal of the body corporate:

(a) certifying that:

(i) the resolution authorising the execution of the dealing was a special resolution, and

(ii) the requirements of subsection (3) (a) (ii) were complied with, and

(b) except where all lots concerned are held by the original proprietor or where a certificate under this paragraph or section 9 (3) (d) or 13 (2) (b) has been previously lodged in the office of the Registrar-General, or a certified or office copy of the minute of an order made under section 182 of the *Strata Schemes Management Act 1996* authorising the registration of the dealing is so lodged, certifying that the resolution referred to in paragraph (a) was passed after the expiration of the initial period,

and the certificate under the seal of the body corporate given for the purposes of this subsection shall be conclusive evidence of the facts stated therein in favour of the Registrar-General and any person taking under the dealing, not being a plan, or benefiting by the registration of the dealing, being a plan.

(5) This section does not prevent the execution in accordance with section 28N of a dealing by a body corporate, or by a developer on behalf of the body corporate, to give effect to a decision about a development concern (within the meaning of section 28O) or prevent the registration of a dealing so executed.

Division 2A Staged development

28A Explanation of staged development

(1) The purpose of this Division is to facilitate the development in stages of a parcel that is subject to a strata scheme (whether or not the parcel is developed together with development of non-strata land adjoining or adjacent to the parcel).

(2) The development of the parcel contemplated consists of:

- the progressive improvement of the parcel by the construction of buildings or the carrying out of works (or both) on a lot or lots reserved for future development (**development lots**), and
- the subsequent subdivision under this Act of each development lot and the consequential adjustment of unit entitlements within the scheme.

(3) Development lots may be situated wholly or partly above, below or alongside the building to which the strata scheme initially relates, but must be identified as such in

the strata plan for the scheme when that plan is registered.

- (4) The staged development of a parcel will be carried out subject to a strata development contract that describes separately:
 - (a) any proposed development that the developer for the development lot concerned warrants will be carried out and may be compelled to carry out (**warranted development**), and
 - (b) any other proposed development that the developer will be authorised but cannot be compelled to carry out (**authorised proposals**).

Warranted development and authorised proposals are referred to as **permitted development** because the body corporate for the strata scheme and other persons having estates or interests in lots included in the parcel must allow it to be carried out in accordance with the contract.

- (5) This Division is not intended to prevent the development of a parcel otherwise than in accordance with this Division.

28B Obligations of consent authorities

- (1) A consent authority must not, at the same time, grant development consent for the subdivision of land by a strata plan and the subsequent subdivision of a lot in that plan by a strata plan of subdivision unless:
 - (a) the lot intended to be subdivided is identified in the proposed strata plan as a development lot, and
 - (b) the development application is accompanied by a proposed strata development contract.
- (2) When a consent authority grants such a consent, it must certify in the approved form that carrying out the permitted development would not contravene:
 - (a) any condition subject to which the consent was granted, or
 - (b) the provisions of any environmental planning instrument that were in force when the consent was granted, except to the extent (if any) specified in the certificate.
- (3) A development consent that purports to have been granted in contravention of this section is invalid.

28C Form and content of strata development contract

- (1) A strata development contract and any amendment of such a contract must be in the approved form.
- (2) A strata development contract must include a concept plan and a description:

- (a) of the land comprising the parcel, identifying separately the development lot or lots and any non-strata land adjoining or adjacent to the parcel that is proposed to be developed together with the parcel to which it relates, and
 - (b) of any land proposed to be added to that parcel at a later time, and
 - (c) of so much (if any) of the proposed development as the developer is permitted by the contract to carry out and may be compelled to carry out (identified in the contract as “**warranted development**—proposed development subject to a warranty”), and
 - (d) of so much (if any) of the proposed development as the developer is permitted by the contract to carry out but cannot, merely because it is described in the contract, be compelled to carry out (identified in the contract as “**authorised proposals**—proposed development *not* subject to a warranty”).
- (2A) If a strata development contract relates to development of a parcel together with any non-strata land adjoining or adjacent to the parcel, it must:
- (a) include a description of the non-strata land, and
 - (b) indicate that a strata management statement will (unless the requirement for a statement is dispensed with under section 28R) govern both the non-strata land and the parcel, and
 - (c) indicate that, if the strata management statement is registered in accordance with Division 2B, a copy of it may be obtained from the Registrar-General.
- (3) A strata development contract must include such other documents, particulars and information as may be required by the regulations.
- (4) A strata development contract cannot provide for the subdivision of common property without the consent, by special resolution, of the body corporate.

28D Concept plan

- (1) A concept plan must illustrate, in the manner approved by the Registrar-General, the sites proposed for and the nature of the buildings and works that would result from the carrying out of all permitted development under the strata development contract of which the plan forms part.
- (2) A concept plan must separately illustrate, in the manner approved by the Registrar-General, the sites proposed for and the nature of such of those buildings and works (if any) as would result from the carrying out of all warranted development.
- (3) The Registrar-General may refuse to register an amendment of a strata development contract if it does not include a revised concept plan so that this section will be complied with after the amendment has been registered.

28E Variation of liability for common property expenses

- (1) A strata development contract may apportion the liability for expenses relating to the use or maintenance of the common property of the strata scheme concerned differently from the way that liability would otherwise be apportioned by the schedule of unit entitlement applicable to lots under the scheme.
- (2) An apportionment under this section has effect despite the current schedule of unit entitlement, but does not apply to any liability that relates to the use or maintenance of the common property after the development scheme is concluded.

28F Signing of strata development contract and amendments

- (1) The Registrar-General may register a strata development contract relating to a development lot in a strata plan or an amendment of such a contract only if the contract or amendment has been signed by:
 - (a) the developer for the development lot, and
 - (b) each registered mortgagee, chargee, covenant chargee and lessee of the development lot, and
 - (c) each registered mortgagee and chargee of a lease of the development lot.
- (2) A strata development contract must be lodged with the certificate (if any) required to be given by section 28B (Obligations of consent authorities).
- (3) The Registrar-General may refuse to register a strata development contract or an amendment of such a contract if there have not been lodged in the office of the Registrar-General written consents to the registration of the contract or amendment that have been signed by (or by an agent authorised by) such one or more of the following as the Registrar-General determines:
 - (a) the judgment creditor under any writ recorded in the folio for the development lot concerned or for any lease of that lot,
 - (b) the lessee under any lease of the common property of the strata scheme concerned,
 - (c) the caveator under a caveat affecting any estate or interest of any person required to sign the contract because of that estate or interest or under a caveat affecting any such common property.
- (4) Nothing prevents the same person from being more than one of the parties to a strata development contract.

28G Registration of strata development contract and amendments

- (1) The Registrar-General may register a strata development contract and any

amendment of such a contract by making such recordings in the Register as the Registrar-General considers appropriate.

- (2) The Registrar-General may refuse to register an amendment of a strata development contract if the certificate of title for the body corporate of the strata scheme concerned and the common property (if any) has not been produced to the Registrar-General.
- (3) The Registrar-General must refuse to register a strata development contract or any amendment of such a contract that contravenes any requirement made of it by this Division.

28H Notice of strata development contract and amendments

When a strata development contract is registered, the Registrar-General must record in the folio of the Register relating to the body corporate of the strata scheme concerned and the common property (if any):

- (a) the existence of the contract and of any subsequent amendment of it that is registered from time to time, and
- (b) such information relating to the contract and any amendment of the contract as the Registrar-General considers appropriate.

28I Effect of strata development contract

- (1) A strata development contract relating to a strata scheme has effect as an agreement under seal containing the covenants specified in Schedule 1BA entered into by the body corporate and each person who for the time being is:
 - (a) the developer concerned, or
 - (b) a proprietor of a lot (other than that developer), or
 - (c) a registered or enrolled mortgagee, chargee, covenant chargee or lessee, or an occupier, of a lot.
- (2) The contract ceases to have effect:
 - (a) in relation to a person described in subsection (1) (a), (b) or (c), on that person ceasing to be a person so described, and
 - (b) in relation to all of the persons described in subsection (1), when the development scheme to which the contract relates is concluded.

This subsection does not affect any obligation that was incurred by a person, or any right that accrued to a person, under the contract before it ceased to have effect in relation to the person.

- (3) A strata development contract does not permit development to be carried out in contravention of this or any other Act or any other law.
- (4) A lessee entitled under a lease to immediate possession of a development lot is taken to be the developer, and the person who would otherwise be the developer is taken not to be the developer, for the purposes of this Act, the regulations and the strata development contract concerned.
- (5) A mortgagee, chargee or covenant chargee in possession of a development lot is taken to be the developer, and the person who would otherwise be the developer is taken not to be the developer, for the purposes of this Act, the regulations and the strata development contract concerned.
- (6) A provision in any other contract or instrument under which a strata development contract is excluded, modified or restricted is void.
- (7) A covenant entered into under a strata development contract does not merge on transfer of a lot.
- (8) Nothing in this section affects any right or remedy a person may have apart from a right or remedy under a strata development contract, with the exception that Part 5 does not apply to matters arising under any such contract.

Note—

A strata development contract has no effect to the extent that it is inconsistent with a strata management statement for the strata scheme concerned—see section 28W (6A).

28J Amendment of strata development contract

- (1) A strata development contract may be amended by the developer, but any such amendment has effect only if:
 - (a) this section has been complied with in relation to the amendment, and
 - (b) the amendment is registered, and
 - (c) the amendment is not inconsistent with a strata management statement for the strata scheme concerned.
- (2) A proposed amendment that involves a change in the basic architectural or landscaping design of the development, or in its essence or theme, may be made only if it is:
 - (a) approved by the consent authority (if any), and
 - (b) except where the developer is the only proprietor of lots in the strata scheme concerned, supported by a unanimous resolution of the body corporate of the strata scheme concerned.

- (3) An amendment proposed in order to give effect to a change in the law or a change in the requirements of a consent authority (but that does not involve a change in the basic architectural or landscaping design of the development, or in its essence or theme) may be made only if it is:
 - (a) approved by the consent authority (if any), and
 - (b) notified to:
 - the body corporate of the strata scheme concerned, and
 - the proprietor of each lot in that scheme (other than the developer), and
 - each registered or enrolled mortgagee, chargee, covenant chargee and lessee of a lot in that scheme.
- (4) Any other proposed amendment that would require a change in the terms of a development consent may be made only if it is:
 - (a) approved by the consent authority, and
 - (b) supported by a special resolution of the body corporate of the strata scheme concerned.
- (5) Any other proposed amendment that would not require a change in the terms of a development consent may be made only if:
 - (a) it is supported by an ordinary resolution of the body corporate of the strata scheme concerned, and
 - (b) the application for registration, or the contract as intended to be amended, is accompanied by a certificate, given in the approved form by the consent authority (if any), to the effect that a change in the terms of any development consent is not required.
- (6) A consent authority that approves an amendment of a strata development contract must provide the applicant for the approval with a copy of the instruments, plans and drawings that describe and illustrate the amendment and a certificate in the approved form to the effect:
 - (a) that the copy describes and illustrates the approved amendment, and
 - (b) that the contract, if amended as approved by the authority, would not be inconsistent with any related development consent.

28K Approval of amendments by Land and Environment Court

- (1) An amendment of a strata development contract is not required to be supported by a resolution of a body corporate if the amendment is approved by the Land and

Environment Court.

- (2) Such an approval may be given only if the Court is satisfied:
 - (a) that a motion supporting the amendment has been defeated, or
 - (b) that the notice of intention to move such a motion has been given but a meeting to consider the motion has not been held within a reasonable time after the giving of the notice, or
 - (c) that the consent to the amendment of a mortgagee, chargee or covenant chargee or of a lessee has been sought but has been refused.
- (3) An application for such an approval must be served on:
 - (a) the consent authority, and
 - (b) the body corporate, and
 - (c) each person (other than the applicant) who is the proprietor of a development lot, and
 - (d) each registered or enrolled mortgagee, chargee, covenant chargee and lessee of a lot in the strata scheme concerned.
- (4) Each person entitled to be served with notice of the application is entitled to appear and be heard in proceedings relating to the application.

28L Use of common property and development lot by developer

- (1) When carrying out permitted development under a strata development contract, a developer is entitled to use any common property or development lot to which the contract relates:
 - (a) to the extent necessary to carry out the development, or
 - (b) to such other extent as may be specified in the contract, which may confer on the developer an exclusive (or any lesser) right to occupy specified common property.
- (2) A right conferred by this section may be exercised despite any other provision of this Act or any provision of the by-laws or of an order under section 144 of the *Strata Schemes Management Act 1996*, but must be exercised in a manner that does not cause unreasonable inconvenience to the occupier of any lot.
- (3) Any provisions of a strata development contract that relate to the maintenance or upkeep of common property to which the contract relates have effect despite any provision of the by-laws or of an order under section 144 of the *Strata Schemes Management Act 1996*.

28M Adding land to a parcel subject to a strata development contract

- (1) Land may be added to a parcel containing a development lot by registration of a strata plan of subdivision in accordance with the regulations.
- (2) A strata plan of subdivision that adds land may be registered only if:
 - (a) the land consisting of the former parcel and the additional land could be the subject of a strata plan had the land in the former parcel not already been subdivided under this Act, and
 - (b) the strata development contract, as in force when the strata plan of subdivision is registered, provides for the land to be added to the parcel and states whether, on its being added to the parcel, the land will become common property, a further development lot or an addition to an existing development lot, or any specified combination of them, and
 - (c) a plan showing as a single lot the additional land and the former parcel has been lodged in the office of the Registrar-General for registration under the [Conveyancing Act 1919](#).
- (3) On registration of such a strata plan of subdivision, the land becomes common property, a further development lot or an addition to an existing development lot, or any specified combination of them, as provided by the strata development contract.

28N Right to complete permitted development

- (1) The vote of a developer who is permitted to carry out development because it is included in a strata development contract is sufficient to pass or defeat a motion included in the notice for a meeting of the body corporate or of the council of the body corporate if the passing or defeat of the motion would have the effect of making a decision about a development concern.
- (2) It is not necessary for a decision about a development concern to be supported by a special or unanimous resolution of a body corporate, despite any other provision of this Act.
- (3) A dealing, plan or other instrument may be executed either by the body corporate or by a developer on behalf of the body corporate for the purpose of giving effect to a decision about a development concern.
- (4) The regulations may impose requirements for the execution of dealings, plans and other instruments by bodies corporate and developers and may require verification by statutory declaration of the circumstances in which they were executed.

28O What are “development concerns”?

- (1) The following are development concerns for the purposes of this Division:

- (a) erecting structures, carrying out works or effecting other improvements in accordance with the strata development contract,
- (b) creating easements, dedicating land, making by-laws or entering into covenants or management or other agreements in accordance with that contract,
- (c) creating or using common property in accordance with that contract,
- (d) creating or using a development lot in accordance with that contract,
- (e) using water, sewerage, drainage, gas, electricity, oil, garbage, conditioned air, telephone or other services available to the parcel, or installing additional services, in accordance with that contract,
- (f) providing and using means of access or egress to or from a development lot, or to or from the common property, in accordance with that contract,
- (g) subdivision of a development lot, or excising a development lot from the parcel, in accordance with that contract,
- (h) carrying out any other development that is permitted to be carried out because it is included in that contract.

(2) The following are not development concerns for the purposes of this Division:

- (a) subdivision of common property that has been created by a registered plan,
- (b) amendment of a strata development contract, regardless of whether the subject-matter involved is, or relates to, a development concern.

28P Meetings of body corporate relating to development concerns

- (1) A motion, the passing or defeat of which at a meeting of the body corporate or of the council of the body corporate would have the effect of making a decision about a development concern, must be:
 - (a) identified as relating to a development concern in the notice for the meeting, and
 - (b) moved separately from any other kind of motion.
- (2) An extraordinary general meeting of the body corporate for the purpose of making a decision about a development concern may be convened under Schedule 2 to the [Strata Schemes Management Act 1996](#) by the developer or the proprietors of not fewer than one quarter of the lots in the strata scheme concerned that are not development lots.
- (3) In convening any such extraordinary general meeting, the developer or any of those proprietors may give notice of the meeting on behalf of the council of the body corporate.

- (4) The presence of the developer (or, if the developer is a corporation, of the company nominee of the corporation) constitutes a sufficient quorum for any meeting of the body corporate or of the council of the body corporate of which notice has been duly given, but only while business relating to a development concern is being dealt with.
- (5) For the purpose only of allowing development permitted by a strata development contract to be carried out, a developer (or, if the developer is a corporation, the company nominee of the corporation) may exercise such of the other functions of a body corporate bound by the contract or of any other person having functions under the strata scheme concerned as may be prescribed by the regulations.
- (6) This section has effect despite any other provision of this Act.

28Q Conclusion of development scheme

- (1) For the purposes of this Division, a development scheme to which a strata development contract relates is concluded when any of the following occurs:
 - (a) any development consent required for carrying out the scheme is revoked,
 - (b) a strata plan of subdivision is registered which subdivides the last remaining unsubdivided development lot to which the contract relates or subdivides the residue of that development lot after excision of part of that lot in accordance with the contract,
 - (c) the time predicted by the contract for conclusion of the development scheme arrives,
 - (d) a notice in the approved form, that complies with subsection (3) and stating that the development scheme to which the contract relates has concluded, is registered by the Registrar-General,
 - (e) the development scheme is concluded under section 28QA by an order of the Land and Environment Court,
 - (f) the strata scheme concerned is terminated under Part 3 by an order of the Supreme Court.
- (2) A strata development contract must predict a time, being no later than the tenth anniversary of the day on which the contract was registered, as the time for conclusion of the development scheme to which it relates.
- (3) A notice complies with this subsection only if:
 - (a) it has been signed by the developer concerned, and
 - (b) it has been signed by each registered mortgagee, chargee, covenant chargee and lessee of the development lot, and

- (c) it is lodged with a certificate, given in the approved form by the body corporate for the strata scheme concerned, certifying that the relevant agreement is supported by a unanimous resolution of the body corporate.
- (4) The Registrar-General is required to make an appropriate record of the conclusion of a development scheme in the folio for the body corporate and the common property (if any) of the strata scheme concerned.
- (5) If, after the conclusion of a development scheme, a revised schedule of unit entitlement for a strata scheme is lodged with the Registrar-General in accordance with section 28QAA, the Registrar-General must record it as the schedule of unit entitlement in substitution for the existing schedule of unit entitlement for the scheme.

28QAA Revised schedule of unit entitlements

- (1) If, at the conclusion of a development scheme, a body corporate considers that the schedule of unit entitlement in force for the strata scheme concerned does not apportion the unit entitlements so as to reflect the market value of the lots in the strata scheme, the body corporate may lodge a revised schedule of unit entitlement for the strata scheme with the Registrar-General.
- (2) The revised schedule of unit entitlement must be lodged within the period of 2 years after the conclusion of the development scheme.
- (3) A revised schedule of unit entitlement that is lodged with the Registrar-General must:
 - (a) be in a form approved by the Registrar-General, and
 - (b) be clearly identified as a revised schedule, and
 - (c) show, as a whole number apportioned on a market value basis and so as to total the unit entitlements, the unit entitlement of each lot, and

- (1) On receiving an application for termination of a strata scheme under this section, the Registrar-General may:

- (a) make an order terminating a strata scheme, or
- (b) refuse to terminate a scheme.

A refusal by the Registrar-General to terminate a strata scheme does not preclude an application to the Supreme Court under section 51 for termination of the scheme.

- (2) An application must relate to a parcel that is not subject to a strata development contract.
- (3) Except where the Registrar-General agrees otherwise, the application must be signed by:
 - (a) each proprietor of a lot under the scheme, and

- (4) The application must bear the consent of the consent authority (if any) for subdivision of the land to which it relates.
- (5) Details of the proposed termination, and a statement of intention to make the application, must, except where the Registrar-General otherwise agrees, be published at least 14 days before the application is made:

(a) the body corporate is dissolved and the strata scheme is terminated, and

(b) the land in the former parcel immediately before the scheme was terminated and the assets of the former body corporate at that time vest in the former proprietors as tenants in common in shares proportional to the unit entitlements of their former lots (or in such of the former proprietors or such other proportions as may be set out in the application), and

(c) the estate or interest of the former proprietors in land vested by this section is subject to any estate or interest registered or recorded, immediately before termination of the scheme, in the folios for the lots and the common property (if any) in the former parcel, and

(e) any legal proceedings begun by or against the body corporate may be completed by or against the former proprietors.

(9) On recording an order terminating a strata scheme, the Registrar-General:

(a) is to cancel the folios for the lots and common property (if any) in the former parcel, and

(b) is to create a folio or folios of the Register for the land in the former parcel, and

(c) may make such other recordings in the Register as the Registrar-General considers appropriate to give effect to the termination and its consequences.

52 Interchangeability of notices

Any notice served under section 32, 50 or 51 shall, where it relates to an application which is required to be treated as an application under another of those sections, be deemed to be a notice served under that other section.

53 Consequences of making an order under section 50 or 51

- (1) Except as provided in section 48 (2), upon receipt of a certified or office copy of the minute of an order made under section 50 or 51, the Registrar-General shall make appropriate recordings in the Register (including orders relating to amendments of any strata development contract or, in the case of an order under section 51, orders relating to cancellation of a strata development contract) to give effect to the order.
- (1A) If the certificate of approval of a strata plan given under section 37 for a strata scheme terminated under section 51 includes approval of a dedication to widen a public road, the Registrar-General:
 - (a) may require a certified or office copy lodged under subsection (1) to be accompanied by a plan defining the residue of the original parcel after the road widening for registration as a current plan, and
 - (b) may refuse to make recordings under subsection (2) until the requirement has been complied with.
- (2) Where, by reason of his receipt of a certified or office copy of the minute of an order made under section 51, the Registrar-General is required by subsection (1) to make recordings in the Register, he shall:
 - (a) cancel the folios of the Register which evidence title to the lots and common property the subject of the former strata scheme, and
 - (b) create a folio of the Register for the estate or interest in the former parcel, being the estate or interest vested in the body corporate upon the order taking effect.

Part 4 Rating and taxation

54-88 (Repealed)

89 Definitions

In this Division:

appropriate valuing Act means the *Valuation of Land Act 1916*.

area has the same meaning as it has in the *Local Government Act 1993*.

rating authority means an authority authorised to make and levy rates on land.

value, in relation to a parcel or a lot, means land value, improved value, improved capital value or assessed annual value, as the case may be.

valuing authority means the Valuer-General.

90 Valuation of parcel

- (1) Where a valuing authority causes a parcel to be valued under and subject to the appropriate valuing Act, the parcel shall, notwithstanding the provisions of that or any other Act, be valued as a single parcel of land and as if it were owned by a single owner and, for the purposes of any such valuation and all purposes incidental thereto (including objection to a valuation) but not otherwise, the parcel and all improvements thereon shall be deemed to be owned by the body corporate and by no other person.
- (2) During the period from the registration of a strata plan and until a valuation of the parcel showing the body corporate as owner becomes effective for rating and taxing purposes the valuation in force during that period shall be deemed to be a valuation of the parcel made by the valuing authority as if the body corporate were shown thereon as owner.
- (3) A valuing authority is not, for the purposes of the making, levying, imposition, assessment or recovery of rates or taxes referred to in this Division, required to make separate valuations of any parts of a parcel otherwise than if the parcel were owned by a single owner.

90A Valuation of parcels that form part of the site of a building

- (1) If the site of a building is subdivided into separate parcels of land (as referred to in section 26A of the *Valuation of Land Act 1916*), and one or more of those parcels of land is a parcel within the meaning of this Act, the value of any such parcel is to be determined in accordance with that section.
- (2) A reference in that section to the Valuer-General is to be read, for the purposes of this section, as a reference to a valuing authority.

Note—

Section 26A of the *Valuation of Land Act 1916* provides that if the site of a building is subdivided into separate parcels of land, the value of each separate parcel is to be determined firstly by valuing all of those separate parcels together as if they comprised a single parcel and then by apportioning the value so obtained between the separate parcels.

91 Particulars of unit entitlements furnished to rating or taxing authority to be conclusive

For all purposes in relation to the making, levying, imposition, assessment or recovery of rates or taxes referred to in this Division in relation to the parcel or any part thereof the particulars of the unit entitlements of the lots the subject of a strata scheme shown on any copy of a schedule last furnished to a rating authority and the Chief Commissioner of

Land Tax under section 49 (3) shall be conclusive evidence of those particulars.

92 Rating of lots

- (1) A reference in this section to a ratable parcel, or a ratable part of a parcel, in relation to any rate, is a reference respectively to a parcel or part of a parcel that is ratable as to that rate or would be so ratable but for any exemption or concession applicable to any portion of that parcel or part, as the case may be (not being, in the case of a rate for water, sewerage or drainage services, an exemption or concession applicable to that portion by reason of its situation in relation to any such services).
- (2) A rate on a ratable parcel or a ratable part of a parcel shall not be made or levied on the body corporate but, subject to this section, shall be made and levied in respect of each lot comprised in the parcel as if:
 - (a) the proprietor of each such lot were the owner in fee simple in possession of the lot and it were a separate parcel of land having a value equal to the appropriate value apportioned to it under paragraph (c),
 - (b) that proprietor were, subject to any exemptions or concessions that may be applicable to him or to the lot of which he is the proprietor, liable for any rate made and levied by the rating authority on the owners of land, and
 - (c) the value of any such lot were an amount that bears to the corresponding value ascertained in accordance with section 90 of the ratable parcel or the ratable part of the parcel, as the case may be (after deducting therefrom any allowance applicable under Division 3 of Part 1B of the *Valuation of Land Act 1916*) the same proportion as the unit entitlement of that lot bears to the aggregate unit entitlement.
- (3) Where part only of a lot is ratable for any rate, the rate in respect of that lot shall be made and levied on the ratable part as if the value of that part were an amount that bears to the appropriate value of the lot, as ascertained under subsection (2) (c), the same proportion as the rental value of the ratable part bears to the rental value of the lot.

93 Charges for services

Charges or fees for water, sewerage, drainage or effluent services (other than stormwater management services within the meaning of the *Local Government Act 1993*) rendered in respect of a parcel or part of a parcel (otherwise than in respect of a lot exclusively for its use and benefit) shall be calculated as if any rates payable in respect of the lots comprised in that parcel were payable by the body corporate as the ratable person in respect of the parcel and shall be payable by the body corporate.

94 Certain lots not ratable

Where:

- (a) a strata plan of subdivision has been registered, or
- (b) a plan has been registered in the office of the Registrar-General under the [Conveyancing Act 1919](#),

for the purpose of effecting a resumption as referred to in Division 3 of Part 2, a rate shall not be made or levied on:

- (c) a lot in that strata plan of subdivision, or
- (d) a lot in the plan so registered,

unless that resumption has been effected, but nothing in this section prevents a rate from being made or levied on land of which such a lot forms part.

95 (Repealed)

96 Certain valuations of interests in parcel not to be used for purposes of this Division

Where a parcel is situated in an area or part of an area in respect of which area or part the Valuer-General has furnished a valuation list to the local council in accordance with the [Valuation of Land Act 1916](#), nothing in this Division prevents the Valuer-General from making and entering on the Register of Land Values a valuation of any estate or interest in the parcel and the improvements thereon, but the valuation shall not be included in a valuation list or supplementary list and shall not be used for any purpose of this Division.

- that the developer must carry out the development (if any) described and identified as

“**warranted development**—proposed development subject to a warranty” in the strata development contract, and

- that the developer must carry out any such development in accordance with the covenants set out and implied in the contract.

2 Permission to carry out warranted development and authorised proposals

The parties, other than the developer, jointly and severally agree with the developer that the developer is permitted to carry out, in accordance with the covenants set out or implied in the contract:

- the warranted development (if any), and
- such other development as is described and identified as “**authorised proposals**—proposed development *not* subject to a warranty” in the contract.

3 Body corporate expenses

The developer agrees with the body corporate that the developer will pay the reasonable expenses incurred by the body corporate:

- in repairing damage to the common property caused in carrying out the permitted development, except damage due to normal wear and tear, and
- for any water, sewerage, drainage, gas, electricity, oil, garbage, conditioned air or telephone service (and any other service prescribed by the regulations) used in carrying out that development, and
- for additional administrative costs connected with that development, such as the cost of giving notice of and holding any meeting required to obtain approval of a strata plan of subdivision, and
- for any amounts due under the strata management statement that are connected with the carrying out of the permitted development.

4 Standard of development

The developer agrees with the other parties that:

- the standard of materials used, finishes effected, common property improvements, landscaping, roadways and paths, and
- the heights of buildings, other structures and works and the density of development,

in all development permitted to be carried out by the contract must not be inferior to or substantially different from those of the completed buildings and other structures and works forming part of the parcel, except to the extent (if any) that the contract specifies.

5 Unauthorised use of the parcel

The developer agrees with the other parties that the developer will not use any part of the parcel or cause any part of the parcel to be used except:

If the contract permits development to be carried out within a development lot that is wholly or partly directly above or below a part of the parcel, or the building or site, that is not a development lot, the developer agrees with the other parties:

- to minimise any disruption caused to other occupiers of the parcel or other occupiers of a building of which the development lot forms part by the carrying out of permitted development or otherwise, and
- to ensure that, while permitted development is being carried out, shelter and subjacent and lateral support, consistent with proper engineering and building practices, are provided to such other parts of the parcel, or such other parts of the building and its site, as are capable of being sheltered or of enjoying that support, and
