Woollahra Local Environmental Plan 1995

New South Wales

Part 1 Preliminary

1 Name of plan

This plan is called *Woollahra Local Environmental Plan 1995*.

2 The aims and objectives of this plan

(1) The aims of this plan are:

- (a) to replace all existing local environmental plans and planning schemes which apply to the land to which this plan applies with a single local environmental plan;
- (b) to provide a comprehensive planning instrument that is clear and explicit but which provides flexibility in its application,
- (c) to promote the management, development, conservation and economic use of property within the area of Woollahra,
- (d) to provide for an appropriate balance and distribution of land for commercial, retail, residential and tourist development and for recreation, entertainment and community facilities,
- (e) to ensure that growth within the area of Woollahra occurs in a planned and co-ordinated manner,
- (f) to facilitate the provision of urban infrastructure,
- (g) to conserve the environmental heritage of the area of Woollahra,
- (h) to protect the amenity and natural environment of the area of Woollahra, and
- (i) to provide the framework for more detailed controls to be contained within development control plans.

(2) The objectives of this plan are:

- (a) in relation to residential development:

- (i) to promote the development of land to which this plan applies as a comprehensively planned residential community providing recreational, commercial, retail and community facilities of a type which are appropriate to meet the needs of the population to be accommodated,
 - (ii) to relate population density to the capacity of the existing road network, the availability of parking, the provision of public open space, the capacity of the natural environment to accept change without losing its attributes, the capacity of existing utility networks, the level of service by public transport, and the proximity to the city centre, schools, shops, health services and community facilities,
 - (iii) to zone land in order to create separate areas of residential and non-residential use in the interests of residential amenity, a balanced distribution of services and employment and efficient traffic distribution,
 - (iv) to encourage and facilitate opportunities for diversity in dwelling density, type and tenure in suitable locations throughout the area of Woollahra, and
 - (v) to encourage and promote sustainable development by extending the use of existing and new residential buildings through the provision of fully accessible and adaptable housing requirements and by increasing the number of fully accessible and adaptable houses in the area of Woollahra,
- (b) in relation to retailing and commerce:
- (i) to zone land for retail and commercial purposes, enabling development at scales and intensities which serve local or broader community needs,
 - (ii) to consolidate and improve established centres so that they remain both commercially attractive and viable,
 - (iii) to ensure that new development in the commercial centres does not unduly affect the amenity of adjoining residential areas by virtue of the use, design, bulk and scale of the development and traffic generation,
 - (iv) to allow for a diversity of suitable retail uses within the established centres, and
 - (v) to ensure that consideration is given to providing adequate levels of access when alterations and additions to existing buildings and new developments for commercial or retail uses are proposed,
- (c) in relation to community services and facilities:
- (i) to facilitate the provision and equitable distribution of community services necessary to meet the needs of the population,

- (ii) to provide opportunities for the development of community services and facilities in appropriate areas, and
 - (iii) to allow for contributions towards the provision of community services and facilities,
- (d) in relation to traffic and transport:
- (i) to encourage the development of a balanced transport system, including the provision of safe and convenient facilities for pedestrians, cyclists, public transport users and other road users,
 - (ii) to implement a rational and efficient distribution of vehicular traffic throughout the area of Woollahra by establishing a hierarchy of roads to service various transport functions,
 - (iii) to ensure the adequate provision of car parking and servicing facilities within commercial areas,
 - (iv) to improve the provision of car parking and reduce conflict between resident and visitor demands for car parking space in residential areas,
 - (v) to minimise conflict between pedestrians and vehicles,
 - (vi) to minimise conflict between transport and land use activities,
 - (vii) to minimise the impact, on adjoining residential areas, of traffic and parking generated by commercial areas,
 - (viii) to allow for contributions towards the provision of car parking and traffic management measures necessitated by any new development,
 - (ix) to reserve land for the improvement of traffic flow, and
 - (x) to encourage the provision of adequate access for older people and people with a disability to safe and convenient car parking, footpaths and access to public transport facilities,
- (e) in relation to public and private open space, recreation and tourism:
- (i) to provide for open space which will meet the requirements of the population and which will be developed in sympathy with the existing natural environment of the area of Woollahra,
 - (ii) to protect and promote public access in the inter-tidal zone of the foreshore of Sydney Harbour,
 - (iii) to provide for a diversity of open space types and recreation opportunities,

- (iv) to allow for contributions towards the provision and embellishment of public open space and recreational facilities, and
- (v) to allow for a range of tourist accommodation in the form of hotels and serviced apartments in appropriate locations,
- (f) in relation to the landscape:
 - (i) to protect and enhance the natural landscapes throughout the area of Woollahra,
 - (ii) to promote the retention of trees and the planting of suitable new trees in appropriate locations,
 - (iii) to control or minimise the impact of future development upon natural features such as significant trees or stands of trees, ridgelines or land within view of any waterway,
 - (iv) to protect and enhance the environmental quality of the area of Woollahra through the appropriate management and conservation of the existing pattern of vegetation, and
 - (v) to protect the native flora and fauna,
- (g) in relation to heritage conservation:
 - (i) to identify heritage items and heritage conservation areas and to provide measures for their conservation, protection and enhancement,
 - (ii) to ensure that new development is undertaken in a manner that is sympathetic to and does not detract from the heritage significance of heritage items and their settings and of heritage conservation areas,
 - (iii) to encourage the restoration or reconstruction of buildings or works which are heritage items or buildings and works that contribute to the character of heritage conservation areas,
 - (iv) to enable the adaptation of existing non-residential buildings of heritage significance in a manner which is compatible and sympathetic with the fabric and character of the building or works and the use and fabric of neighbouring lands,
 - (v) to provide for the detailed control of development associated with or in proximity to heritage items and heritage conservation areas,
 - (vi) to require, when considered necessary, the consideration of a statement of heritage significance or a conservation plan before consent is granted for development relating to a heritage item or development within a heritage

conservation area, and

- (vii) to protect sites of archaeological significance,
- (h) in relation to the area's foreshores and the harbour foreshore scenic protection area:
 - (i) to seek the retention of public foreshore lands for public purposes,
 - (ii) to encourage development which, through its form, scale, materials and design is compatible with the natural and environmentally acceptable built landform of the foreshore areas as viewed from the water,
 - (iii) to recognise the residential, recreational, tourist and commercial characteristics of the foreshore area and to co-ordinate development in order to protect the area's scenic and natural attributes,
 - (iv) to consider the impact of development on the views of Sydney Harbour enjoyed by existing residents and promote the practice of view sharing,
 - (v) to protect and, where possible, improve the view of Sydney Harbour and its foreshore areas obtained from public land,
 - (vi) to protect the natural, scenic and cultural attributes of the area's foreshores, including the visually and ecologically significant beaches, inter-tidal rock formations, vegetation, rock faces, shelves and outcrops,
 - (vii) to preserve existing public open spaces along the foreshores and to promote the dedication, acquisition, lease or occupation of additional useable areas so as to provide further public pedestrian access to and along the foreshores in appropriate locations, and
 - (viii) to protect the native flora and fauna,
- (i) in relation to local infrastructure:
 - (i) to provide and maintain local infrastructure to meet the needs of the community whilst having regard to access and installation constraints arising in built up areas,
 - (ii) to encourage the optimum use of existing infrastructure, and
 - (iii) to encourage the provision of efficient utility services,
- (j) in relation to global warming:
 - (i) to promote energy conservation measures,
 - (ii) to promote energy-efficient building development and mass transport

systems, and

- (iii) to ensure that new development takes account of global warming effects,
- (k) in relation to urban design:
 - (i) to promote the creation and upkeep of an attractive and comfortable public environment,
 - (ii) to retain and enhance the existing elements of the physical environment of the area of Woollahra that, in the opinion of the Council, contribute to the attractive public environment,
 - (iii) to require that design and siting of new development enhance the attributes of its site and improve the quality of the public environment, and
 - (iv) to ensure that consideration is given to providing adequate levels of access, useability and enjoyment of public facilities and places to all people in the community, including older people and people with a disability,
- (l) in relation to excavation of land:
 - (i) to minimise any impact on the amenity of the neighbourhood,
 - (ii) to protect the natural foreshore areas including the visually and ecologically significant beaches, inter-tidal rock formations, vegetation, rock faces, shelves and outcrops,
 - (iii) to protect trees and significant vegetation and the native flora and fauna, and
 - (iv) to avoid potential damage to neighbouring public and private land and buildings which may result from the proposed excavation works, and
- (m) in relation to outdoor advertising:
 - (i) to convey advertisers' messages and images while complementing and conforming to both the buildings on which they are displayed and the character of the locality, and
 - (ii) to ensure that it does not adversely affect the locality in terms of appearance, size, illumination or overshadowing or in any other way, and
 - (iii) to ensure that it does not lead to visual clutter through the proliferation of signs, and
- (n) to promote and encourage water conservation.

3 Where this plan applies

- (1) Except as provided by subclause (2), this plan applies to the land within the area of

Woollahra (including land taken to be within the area of Woollahra by virtue of section 205 of the *Local Government Act 1993*).

(2) This plan does not apply:

- (a) to land to which *Waverley and Woollahra Joint Local Environmental Plan 1991—Bondi Junction Commercial Centre* applies, or
- (b) to land shown edged by distinctive black marking on the land use, density, height, heritage conservation and foreshore building line maps indicating land excluded from the operation of this plan.

4 How this plan relates to other environmental planning instruments

For the purpose of land to which this plan applies, this plan:

- (a) repeals *Interim Development Order No 15—Municipality of Woollahra* and *Interim Development Order No 43—Woollahra*,
- (b) repeals Woollahra Local Environmental Plan Nos 4, 9, 17, 20, 22, 23, 24, 25, 27, 29, 30, 32, 33, 40, 41, 42, 43, 45, 47, 48, 49, 51, 52, 53, 55, 57, 59, 61, 62, 64, 70, 71, 72, 73, 74, 75 and 76,
- (c) repeals the *Woollahra Planning Scheme Ordinance* as, immediately before the day this plan was gazetted, it applied to the land to which this plan applies, and
- (d) repeals the *City of Sydney Planning Scheme Ordinance* as, immediately before the day this plan was gazetted, it applied to the land to which this plan applies.

5 Definitions and interpretation

In this plan:

- (a) the words and expressions listed in Schedule 1 have the meanings given to them in that Schedule,
- (b) a reference to a building or place used for a purpose includes a reference to a building or place intended to be used for the purpose, and
- (c) a reference to a map is a reference to a map deposited in the office of the Council, and
- (d) matter that appears under the heading “Note” is an explanatory note only and does not form part of this plan. It is provided to assist understanding.

6 Adoption of the *Environmental Planning and Assessment Model Provisions 1980*

This plan adopts clauses 5, 6, 8, 9, 10, 11, 12, 19, 20, 21, 22, 23, 24, 25, 26, 27, 29, 33, 34, 35 of, and Schedule 1 to, the *Environmental Planning and Assessment Model Provisions 1980*.

7 Consent authority for development

The Council is the consent authority for the purposes of this plan.

Part 2 Development control tables—general provisions for the development of land

8 Development control tables

- (1) The following development control tables set out the zones applying to the land to which this plan applies.
- (2) Each development control table identifies the manner in which a zone is shown on the land use map, describes the zone, states the objectives of the zone, identifies development which may be carried out without or only with the consent of the Council, identifies development which is prohibited and makes reference to related provisions.
- (3) Land is within a zone described in a development control table if it is shown on the land use map in the manner specified under the heading “Zone identification on the land use map” for that table.
- (4) The development control table for each zone must be read subject to the special provisions and heritage provisions in Parts 3 and 4 of this plan, respectively. In the event of an inconsistency between a provision of a development control table relating to a zone and a special provision or a heritage provision in Part 3 and 4 of this plan, the special provision or heritage provision shall prevail.
- (5) The Council shall not grant consent to the carrying out of development on land to which this plan applies unless the Council is of the opinion that the carrying out of the development is consistent with such objectives of this plan and of the zone within which the development is proposed to be carried out as apply to that development.

Development control table—Zone No 2 (a)—(Residential “A” Zone)

1 Zone identification on the land use map

Coloured light scarlet.

2 Description of the zone

The Residential “A” Zone is characterised by dwelling-houses and is the largest zone within the Council’s area, applying to suburbs from Watsons Bay to Paddington and covering large sections of the foreshore and conservation areas. Pockets of medium density housing, individual apartment buildings and occasional shops and commercial buildings are scattered throughout the

zone, reflecting the historical development of the Council's area. A diversity of residential allotment sizes is provided.

3 Objectives of the zone

The objectives are:

- (a) to maintain the amenity and existing characteristics of areas predominantly characterised by dwelling-houses,
- (b) to allow certain non-residential development of low intensity which is compatible with the residential character and amenity of the locality,
- (c) to improve access to and along the Sydney Harbour foreshore where opportunities arise, and
- (d) to protect the environmental attributes of the coastal and foreshore lands.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; home occupations carried on in dwelling-houses; roads.

5 Development which may be carried out only with development consent

Development for the purpose of:

Bed and breakfast accommodation; child care centres; dwelling-houses; home occupations carried on in residential flat buildings; hospitals; parks and gardens; utility installations (other than gas holders or generating works); works to enable public pedestrian access to and along Sydney Harbour foreshore.

6 Development which is prohibited

Any development other than development included in Item 4 or 5.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 2 (b)—(Residential “B” Zone)

1 Zone identification on the land use map

Coloured scarlet, edged red and lettered “2 (b)”.

2 Description of the zone

The Residential “B” Zone applies to areas characterised by existing medium density residential flat buildings and areas where potential has been identified for increased medium density residential development. Floor space and height controls, contained in Part 3, set the maximum permissible density and building heights for new development. Site area and frontage controls, also contained in Part 3, specify minimum site requirements for new development.

3 Objectives of the zone

The objectives are:

- (a) to provide for areas of medium and high density residential development in appropriate locations,
- (b) to encourage a diversity of dwelling types and tenure,
- (c) to allow non-residential development of low intensity which is compatible with the residential character and amenity of the locality,
- (d) to improve access to and along the Sydney Harbour foreshore where opportunities arise, and
- (e) to protect the environmental attributes of the foreshore lands.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; home occupations carried on in dwelling-houses; roads.

5 Development which may be carried out only with development consent

Development for the purpose of:

Bed and breakfast accommodation; boarding houses; child care centres;

dwelling-houses; home industries; home occupations carried on in residential flat buildings; hospitals; parks and gardens; medical consulting rooms; residential flat buildings; utility installations (other than gas holders or generating works); works to enable public pedestrian access to and along Sydney Harbour foreshore.

6 Development which is prohibited

Any development other than development included in Item 4 or 5.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 3 (a)—(General Business “A” Zone)

1 Zone identification on the land use map

Coloured light blue.

2 Description of the zone

The General Business “A” Zone is a broad commercial zone allowing a diversity of commercial and retail uses. As an urban consolidation initiative and to add vitality to commercial centres, dwellings attached to commercial and retail buildings (referred to in this plan as mixed development) are also permissible. This zone applies largely within the main business centres of Double Bay, Edgecliff and Rose Bay.

3 Objectives of the zone

The objectives are:

- (a) to define the main commercial areas within the Council’s area which provide for a wide range of retail and commercial uses, ancillary light industrial uses, entertainment, social and recreational uses, tourist accommodation and residential development mixed with non-residential uses,
- (b) to encourage employment generating uses in accessible localities,
- (c) to allow for residential development in the form of mixed development so as to encourage urban consolidation and promote the vitality of

business centres, and

(d) to control the physical and functional characteristics of business centres in order to minimise their impact on neighbouring residential lands.

4 Development which may be carried out without development consent

Development for the purposes of:

Drainage; roads.

5 Development which may be carried out only with development consent

Any development other than development included in Item 4 or 6.

6 Development which is prohibited

Development for the purposes of:

Amusement centres; amusement parks; backpackers' hostels; boarding houses (other than mixed developments); bulk stores; bus depots; car repair stations (other than those forming part of, and used in conjunction with, a service station); dwelling-houses; gas holders; generating works; helipads; heliports; industries (other than light industries or those ancillary or complementary to development not otherwise prohibited in the zone); institutions; junk yards; liquid fuel depots; panel beating and spray painting; residential flat buildings (other than mixed developments); road transport terminals; service stations in a business zone at Edgecliff; warehouses.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 3 (b)—(Special Business “B” Zone)

1 Zone identification on the land use map

Coloured light blue and lettered “3 (b)”.

2 Description of the zone

The Special Business “B” Zone is a secondary commercial zone applying to a large area of the Edgecliff Commercial Centre and small sections of the Double Bay Commercial Centre. The scale of new development which may be achieved in this zone under floor space controls is less than that which may occur in the General Business “A” Zone. A broad range of uses is permissible including dwellings attached to commercial and retail buildings (an urban consolidation initiative).

3 Objectives of the zone

The objectives are:

- (a) to establish a commercial zone allowing a mix of commercial, residential and tourist accommodation purposes,
- (b) to prohibit all retail and high service generating uses which result in traffic, parking and vehicle access constraints, and
- (c) to allow residential development both independently of and mixed with non-residential development in order to promote urban consolidation.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; roads.

5 Development which may be carried out only with development consent

Any development other than development included in Item 4 or 6.

6 Development which is prohibited

Development for the purpose of:

Amusement centres; amusement parks; bulk stores; car repair stations (other than those forming part of, and used in conjunction with, a service station); dwelling-houses (other than those in a heritage conservation area); gas holders; generating works; helipads; heliports; industries; institutions; junk yards; liquid fuel depots; motor showrooms; panel beating and spray painting; restaurants; transport terminals; shops;

warehouses.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 3 (b1)—(Restricted Special Business “B1” Zone)

1 Zone identification on the land use map

Coloured medium blue with dark red edging and lettered “3 (b1)”.

2 Description of the zone

The Restricted Special Business “B1” Zone applies to a small area of Watsons Bay and accommodates mainly entertainment-type uses. The scale and intensity of existing development are regulated through floor space and height controls.

3 Objectives of the zone

The objectives are:

- (a) to provide a zone which caters for a limited range of development for particular sites in Watsons Bay, reflecting, in part, long established uses,
- (b) to control the scale and intensity of development in order to minimise the impact on neighbouring residential lands,
- (c) to maintain existing public access to and along Sydney Harbour foreshore, and
- (d) to protect the environmental attributes of the foreshore lands.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; roads.

5 Development which may be carried out only with development

consent

Development for the purpose of:

Car parking stations; dwelling-houses; hotels; restaurants; utility installations (other than gas holders or generating works).

6 Development which is prohibited

Any development other than development included in Item 4 or 5.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 3 (c)—(Neighbourhood Business “C” Zone)

1 Zone identification on the land use map

Coloured medium blue and lettered “3 (c)”.

2 Description of the zone

The Neighbourhood Business “C” Zone occurs in most suburbs of the Council’s area. It applies to small groups of shops and commercial premises as well as some of the main road strip shopping centres. Dwellings attached to shops and commercial buildings are allowed as a means of promoting urban consolidation. The neighbourhood centres offer a diversity of uses. Scale and intensity of development is controlled by floor space and height provisions in order to protect surrounding residential areas.

3 Objectives of the zone

The objectives are:

- (a) to establish a neighbourhood shopping centre zone which allows a less intensive form of development than occurs in the main commercial centres and which does not prejudice the viability of those main centres,
- (b) to provide for development of a scale and type compatible with the amenity of the surrounding residential area, and
- (c) to allow for residential development mixed with non-residential purposes

in order to promote urban consolidation.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; roads.

5 Development which may be carried out only with development consent

Any development other than development included in Item 4 or 6.

6 Development which is prohibited

Development for the purpose of:

Amusement centres; amusement parks; backpackers' accommodation; bulk stores; car repair stations (other than those forming part of, and used in conjunction with, a service station); clubs (other than clubs on land known as Nos 2, 4, 6, 8, 10 Elizabeth Street, Paddington, Nos 338 to 410 Oxford Street, Paddington, Nos 1A, 3A, 3B, 5, 7, 52 Victoria Street, Paddington, Nos 220, 222–226, 228, 205–241 Glenmore Road, Paddington, Nos 6–14 Goodhope Street, Paddington, Nos 2A, 2–8 Heeley Street, Paddington); dwelling houses; gas holders; generating works; helipads; heliports; hotels; industries (other than light industries or those ancillary or complementary to development not otherwise prohibited in the zone); institutions; junk yards; liquid fuel depots; motels; motor showrooms; panel beating and spray painting; recreation areas (other than parks and gardens); residential flat buildings (other than mixed developments); serviced apartments (other than as part of a mixed development); transport terminals; warehouses.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 5—(Special Use Zone)

1 Zone identification on the land use map

Coloured yellow, with red lettering and with or without broken red line

edging.

2 Description of the zone

The Special Use Zone applies to land used or reserved for government and community facilities. These include railways, roads, defence installations, water, sewer and drainage works, hospitals, schools, churches, police stations and lighthouses.

3 Objectives of the zone

The objectives are:

(a) to identify land:

- (i) which is used for particular public and community facilities, educational facilities, railway purposes or urban infrastructure, or
- (ii) which is reserved for road widening purposes being land coloured yellow, edged with a broken red line and marked with letters “a.r.r.” in red (signifying arterial road reservation—proposed road widening) or the letters “l.r.r.” in red (signifying local road reservation—proposed road widening), and

(b) to improve access to and along the foreshores where opportunities arise.

4 Development which may be carried out without development consent

Development for the purpose of:

Drainage; parks and gardens; roads.

5 Development which may be carried out only with development consent

Development for the purpose of:

The particular land use indicated by red lettering on the land use map, including land uses ordinarily incidental or ancillary to the particular use (other than the particular use of railways); local community facilities; land uses related to railways authorised by the [Transport Administration Act 1988](#), but only where the use indicated by red lettering is a railway use; utility installations (other than gas holders or generating works); works to enable public access to and along the foreshores.

6 Development which is prohibited

Any development other than development included in Item 4 or 5.

7 Related provisions

Parts 3 and 4 of, and Schedules 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 6—(Open Space Zone)

1 Zone identification on the land use map

Coloured dark green without red edging or edged red with the letter “L” or the letter “R”.

2 Description of the zone

The Open Space Zone applies to public or private land used or intended to be used for recreational purposes. Land which is within this zone may also be used for community facilities.

3 Objectives of the zone

The objectives are:

- (a) to identify existing publicly and privately owned land used or capable of being used for recreational purposes,
- (b) to identify areas which are reserved for future public open space:
 - (i) in the case of land edged red and marked with the letter “L” in red, being local open space, and
 - (ii) in the case of land edged red and marked with the letter “R” in red, being regional open space,
- (c) to increase the provision of public open space within the Council’s area to meet the needs of the population,
- (d) to enable development for the purpose of public and private recreation and community facilities sympathetic to the environmental characteristics of the land and surrounding areas, and
- (e) to protect the visual and environmental attributes of the foreshores, and

(f) to retain the landscaped, vegetated and open nature of the existing open space within the Council's area.

4 Development which may be carried out without development consent

Development for the purpose of:

Bushfire hazard control; drainage; maintenance of gardens and structures.

Development pursuant to, or approved in accordance with, the plan of management adopted under Division 2 of Part 2 of Chapter 6 of the *Local Government Act 1993* and for the time being applicable to the subject land.

5 Development which may be carried out only with development consent

Development for the purpose of:

Child care centres; clubs (other than clubs registered under the *Registered Clubs Act 1976*); community facilities; recreation areas; recreation facilities; roads; uses or buildings associated with development permitted in the zone without development consent; utility installations (other than gas holders or generating works).

6 Development which is prohibited

Any development other than development included in Item 4 or 5.

7 Related provisions

Parts 3 and 4 of, and Schedule 2 and 3 to, this plan must be read in conjunction with this development control table as they also affect the nature of development which can be carried out.

Development control table—Zone No 8—(National Parks and Nature Reserves Zone)

1 Zone identification on the land use map

Uncoloured with dark green edging.

2 Description of the zone

The National Parks and Nature Reserves Zone applies to land included within Sydney Harbour National Park. This land is administered by the National Parks and Wildlife Service under the *National Parks and Wildlife Act 1974*. Only land uses authorised under that Act may be carried on land within the zone.

3 Objectives of the zone

The objectives are:

- (a) to identify land within National Parks and Nature Reserves,
- (b) to identify land for public recreational purposes,
- (c) to conserve areas of natural, scientific, scenic, archaeological, ecological and historical significance, and
- (d) to protect National Parks and Nature Reserves from encroachment of development and activities which will alienate and restrict public use of those Parks and Reserves.

4 Development which may be carried out without development consent

Any development authorised by the *National Parks and Wildlife Act 1974*.

5 Development which may be carried out only with development consent

Nil.

6 Development which is prohibited

Any development other than development included in Item 4.

7 Related provisions

Whilst Parts 3 and 4 of, and Schedules 2 and 3 to, this plan relate to land within this zone, the operation of *State Environmental Planning Policy No 4—Development Without Consent* determines whether the National Parks and Wildlife Service is required to obtain the consent of the Council for any development.

Part 3 Additional provisions for the development of land

9 Subdivision of land

- (1) A person may subdivide land to which this plan applies but only with the consent of the Council.
- (2) Subclause (1) does not require consent for a subdivision under the *Strata Titles Act 1973*.
- (3) Notwithstanding subclause (1), but subject to clauses 26 and 28, the consent of the Council is not required for subdivisions that, in the opinion of the Council, involve minor realignment of boundaries or for consolidation of allotments.
- (4) Despite subclause (1), the subdivision of an allotment on which development for the purpose of a dual occupancy has previously been carried out is prohibited.

10 Allotment sizes for dwelling-houses

- (1) A person shall not erect a dwelling-house on an allotment of land unless the land has a site area of not less than the minimum allotment size indicated for that land on the density map.
- (2) Subclause (1) does not operate to prohibit the erection of a dwelling-house on an allotment of land which was in existence as a separate allotment on the day this plan was gazetted if a dwelling-house could have been lawfully erected on the allotment immediately before that day.
- (3) A person shall not subdivide land for the purpose of erecting dwelling-houses unless each allotment on which it is intended to erect a dwelling-house created by the subdivision will have a site area of not less than the minimum allotment size indicated for that allotment on the density map.

10A Objectives of site area and site frontage standards for residential flat buildings

The objectives of the minimum site area and frontage standards set by clause 10B are as follows:

- (a) to achieve compatibility between the scale, density, bulk and landscape character of buildings and allotment size,
- (b) to provide sufficient space between buildings, to maximise daylight and sunlight access between buildings, to ensure adequate space for deep soil landscaping and to preserve view corridors,
- (c) to prevent permanent barriers to sub-surface water flows,
- (d) to ensure that there is sufficient land for car parking on site,

- (e) to encourage consolidation of allotments in appropriate locations to enable the development of a diversity of dwelling types.

10B Site area and frontage standards

- (1) A site must not be developed for the purpose of a residential flat building containing 3 dwellings or fewer unless the width of the site at the front alignment is 15 metres or more.

Note—

No minimum site area requirements apply.

- (2) A site must not be developed for the purpose of a residential flat building containing 4 or more dwellings unless:
 - (a) the site area is 930m² or more, and
 - (b) the width of the allotment at the front alignment is 21 metres or more.

11AA Objectives of floor space ratio standards

The objectives of the floor space ratio standards set by clause 11 are as follows:

- (a) to set the maximum density for new development,
- (b) to control building density, bulk and scale in all residential and commercial localities in the area in order to achieve the desired future character objectives of those localities,
- (c) to minimise adverse environmental effect on the use or enjoyment, or both, of adjoining properties, and
- (d) to relate new development to the existing character of the surrounding built and natural environment as viewed from the streetscape, the harbour or any other panoramic viewing point.

Note—

The maximum permissible floor space ratio is not “as of right”. To achieve the maximum permissible floor space ratio, development must satisfy other relevant controls applicable to the land concerned.

11 Floor space ratios

- (1) A building (other than a dwelling-house or a dual occupancy) shall not be erected on land to which this plan applies if:
 - (a) the floor space ratio would exceed the ratio indicated for that land on the density map, or
 - (b) in the case of 2 floor space ratios being indicated for that land on the density map, the floor space ratio would exceed the greater of the 2 ratios.

- (2) If, on the density map, 2 floor space ratios are indicated for the same land:
- (a) in respect of buildings on land within Zone No 3 (a), the floor space ratio of any part of the building used for residential purposes shall not exceed the lesser of the 2 floor space ratios, and
 - (b) in respect of buildings on land within Zone No 3 (c), the floor space ratio of any part of the building used for non-residential purposes shall not exceed the lesser of the 2 floor space ratios.
- (3) Notwithstanding subclause (1), the floor space ratio of any building or buildings erected or proposed to be erected on 298, 302, 304, 304A, 306/310, 312/314, 357/359, 365, 376/382, 408/410, 412, 414/420, 422/424, 465/467, 469/473 New South Head Road, Double Bay, 26, 28, 30/36, 40/48, 43, 45A, 49, 55 Bay Street, Double Bay, 1 Guilfoyle Avenue, Double Bay or 53 Cross Street, Double Bay may exceed the floor space ratio provided on the density map in respect of the property if:
- (a) the floor space ratio of the building or buildings does not exceed 3.0:1, and
 - (b) the Council consents to the building or buildings having the floor space ratio.
- (3A) Despite subclause (1), the floor space ratio of any building or buildings erected or proposed to be erected on 11, 27, 27A, 100A Bellevue Road, Bellevue Hill, 196-204 Victoria Road, Bellevue Hill, 484-486, 488-492, 500, 502, 520, 538-544, 554 Old South Head Road, Rose Bay, 42-44, 46, 103 New South Head Road, Vaucluse or 2, 26-28 Old South Head Road, Vaucluse, may exceed the floor space ratio provided on the density map in respect of the property if:
- (a) the floor space ratio of the building or buildings does not exceed 2:1, and
 - (b) the Council consents to the building or buildings having the floor space ratio.
- (3B) Despite subclause (1), the floor space ratio of any building or buildings erected or proposed to be erected on 13-17 Bellevue Road, Bellevue Hill may exceed the floor space ratio provided on the density map in respect of the property if:
- (a) the floor space ratio of the building or buildings does not exceed 2:1, and
 - (b) the Council consents to the building or buildings having the floor space ratio.
- (3C) Despite subclause (1), the floor space ratio of any building or buildings erected or proposed to be erected on 156 Edgecliff Road, Woollahra may exceed the floor space ratio provided on the density map in respect of the property if:
- (a) the floor space ratio of the building or buildings does not exceed 1.5:1, and
 - (b) the Council consents to the building or buildings having the floor space ratio.
- (4) The Council may only grant development consent for the purpose of subclause (3) (b),

(3A) (b), (3B) (b) or (3C) (b) if it is satisfied that:

- (a) the building or buildings will enhance the spatial definition of the spaces addressed, and
- (b) the building or buildings will, through articulation and distribution of massing, create strong corner buildings, and
- (c) the building or buildings will appropriately address the street geometry, topography, sight lines and the design of skyline elements, and
- (d) in the case of development on land specified in Column 1 of the Table to this clause—the adjoining land specified opposite that land in Column 2 of the Table to this clause, being land within Zone No 3 (c)—(Neighbourhood Business “C” Zone), has, or will have, direct vehicular access or vehicular access via a right of way to a road, and
- (e) in the case of development on land described in subclause (3B)—all of that land has, or will have, direct vehicular access or vehicular access via a right of way to Buller Street, Bellevue Hill.

- (5) When considering an application for consent to erect a building or use an existing building within the Double Bay Commercial Centre, the Council may, for the purpose of determining floor space ratio, exclude from its calculation of gross floor area the gross floor area of that part of the building intended to be used for a small professional theatre.

12AA Objectives of maximum building height development standards

The objectives of the maximum building height development standards set by clause 12 are as follows:

- (a) to minimise impact of new development on existing views of Sydney Harbour, ridgelines, public and private open spaces and views of the Sydney City skyline,
- (b) to provide compatibility with the adjoining residential neighbourhood,
- (c) to safeguard visual privacy of interior and exterior living areas of neighbouring dwellings,
- (d) to minimise detrimental impacts on existing sunlight access to interior living rooms and exterior open space areas and minimise overshadowing,
- (e) to maintain the amenity of the public domain by preserving public views of the harbour and surrounding areas and the special qualities of streetscapes.

Note—

The maximum permissible building height is not “as of right”. To achieve the maximum permissible building height, development must satisfy other relevant controls applicable to the land concerned.

12 Height of buildings

- (1) A building shall not be erected on land within a height zone to a height greater than the maximum height shown on the height map as applicable to land within that height zone.
- (2) If, on the height map, 2 height limits are indicated as applying to the land within a height zone:
 - (a) the height indicated by the colouring on the height map shall be the overall height limit for a building for the purpose of subclause (1), and
 - (b) no building or part of a building shall be erected on land within the height zone to a height greater than the figure shown bracketed on the height map, above the

highest part of the land (exclusive of any access corridor) or the crown of any road to which the land has direct frontage, whichever is the higher.

13 Community use of certain facilities

A person may, with the consent of the Council, use the facilities and sites of schools, colleges or other educational establishments for:

- (a) community uses, or
- (b) commercial operation of both the facilities and sites, or
- (c) development for the purpose of community facilities,

whether or not the development is ancillary to the use of those facilities and sites for the purposes of schools, colleges, or other educational establishments.

14 Acquisition and development of land reserved for roads

- (1) This clause applies to land within Zone No 5 shown on the land use map:
 - (a) edged with a broken red line and marked with the letters “a.r.r.” in red signifying arterial roads reservation—proposed road widening, or
 - (b) edged with a broken red line and marked with letters “l.r.r.” in red, signifying local roads reservation—proposed road widening.
- (2) The owner of any vacant land referred to in subclause (1) (a) may, by notice in writing require:
 - (a) the RTA—in the case of land that is included in a 5 year works program of the RTA current at the time of receipt of the notice, or
 - (b) the Corporation—in any other case,to acquire the land.
- (3) The owner of any land referred to in subclause (1) (a) that is not vacant may, by notice in writing, require the RTA to acquire the land if:
 - (a) the land is included in a 5 year work programme of the RTA current at the time of the receipt of the notice, or
 - (b) the RTA or the Corporation has decided not to give concurrence under subclause (6) to an application for consent to the carrying out of development on the land, or
 - (c) the RTA is of the opinion that the owner of the land will suffer hardship if the land is not acquired within a reasonable time.
- (4) The owner of any land referred to in subclause (1) (b) may, by notice in writing,

require the Council to acquire the land.

- (5) On receipt of a notice referred to in subclause (2), (3) or (4), the RTA, the Corporation or the Council, as the case may be, must acquire the land unless the land might reasonably be required to be dedicated for public roads.
- (6) Notwithstanding clause 8, a person may, with the consent of the Council and:
 - (a) in the case of land referred to in subclause (1) (a) which is vacant, with the concurrence of the RTA and the Corporation, or
 - (b) in the case of land referred to in subclause (1) (a) which is not vacant, with the concurrence of the RTA,carry out development:
 - (c) for a purpose for which development may be carried out on land in an adjoining zone, or
 - (d) for any purpose which is compatible with development which may be carried out on land in an adjoining zone, or
 - (e) for any purpose of a temporary nature.
- (7) In deciding whether to grant concurrence to proposed development in respect of land referred to in subclause (6), the RTA and the Corporation must take the following matters into consideration:
 - (a) the need to carry out development on the land for the purposes of classified roads or proposed classified roads,
 - (b) the imminence of acquisition, and
 - (c) the likely additional cost to the RTA or the Corporation resulting from the carrying out of the proposed development.
- (8) Notwithstanding clause 8, a person may develop land referred to in subclause (1) (b) for any purpose, with the consent of the Council, until that land is acquired by the Council, where the Council is satisfied that the carrying out of that development will not adversely affect the usefulness of the land for the purpose of local road widening.
- (9) Notwithstanding clause 8, land acquired under this clause may be developed, with the consent of the Council, for any purpose, until such time as it is required for the purpose for which it was acquired.

15 Acquisition of land reserved for open space

- (1) This clause applies to land within Zone No 6:

- (a) edged red and marked with the letter “L” in red signifying land reserved for local open space, or
 - (b) edged red and marked with the letter “R” in red signifying land reserved for regional open space.
- (2) The owner of any land referred to in subclause (1) may, by notice in writing, require:
- (a) in the case of land referred to in subclause (1) (a), the Council, or
 - (b) in the case of land referred to in subclause (1) (b), the Corporation,
- to acquire the land.
- (3) On receipt of a notice under this clause, the Council or the Corporation, as the case may be, must acquire the land unless the land is required to be dedicated for public open space.

16 Development of land uncoloured on the land use map

- (1) This clause applies to all land to which this plan applies shown uncoloured on the land use map, except land within Zone No 8.
- (2) The development of any land referred to in subclause (1) may be carried out, but only with the consent of the Council and only if the Council is of the opinion that the development:
- (a) is compatible with the nature of development permissible on neighbouring land and the development standards applicable to development on neighbouring land, and
 - (b) is consistent with the objectives of this plan and the objectives of the zoning applying to neighbouring land.
- (3) Notwithstanding subclause (2), the development of any land referred to in subclause (1) by a public authority, or corporation that was a public authority which has been privatised, for the purposes of the construction, installation or maintenance of roads, stormwater drainage, utility installations (other than gas holders or generating works), sewers or other like purposes or any purpose ordinarily incidental or ancillary to those purposes may be carried out without the consent of the Council.

16A Suspension of certain agreements, covenants and similar instruments

- (1) For the purpose of enabling the development specified in an item in Schedule 5 to be carried out in accordance with this plan or in accordance with a consent granted under the Act, the regulatory instruments specified opposite the development in that Schedule shall not apply to that development to the extent necessary to serve that purpose.

- (2) In accordance with section 28 (3) of the Act, the Governor approved subclause (1) and items 1, 2, 3 and 4 of Schedule 5 before the making of this clause.

17 Development for certain additional purposes

- (1) Nothing in this plan prevents a person, with the consent of the Council, from carrying out development on or with respect to land referred to in Schedule 2 for the purpose specified in relation to that land in that Schedule, subject to such conditions, if any, as are so specified.
- (2) Subclause (1) does not affect the application, to or in respect of development to which that subclause applies, of such of the provisions of this plan as are consistent with that subclause or with a consent granted by the Council in respect of the development.

18 Excavation of land

- (1) When considering an application for consent for development involving the excavation of any land, the Council shall have regard to how that excavation may temporarily or permanently affect:
- (a) the amenity of the neighbourhood by way of noise, vibration, dust or other similar circumstances related to the excavation process, and
 - (b) public safety, and
 - (c) vehicle and pedestrian movements, and
 - (d) the heritage significance of any heritage item that may be affected by the proposed excavation and its setting, and
 - (e) natural landforms and vegetation, and
 - (f) natural water runoff patterns.
- (2) The Council may decline to grant such a consent unless it has considered specialist reports, including geotechnical reports, structural engineering reports, hydrology reports and dilapidation reports of properties which may be affected by the proposed excavation.
- (3) Consent for an excavation may be granted when consent is granted for any other development proposal for the carrying out of which the excavation is necessary.

19 Development in the harbour foreshore scenic protection area

- (1) This clause applies to all land within the harbour foreshore scenic protection area.
- (2) The Council shall not grant consent to an application for development on land referred to in subclause (1) unless it has made an assessment of:

- (a) the visual impact when viewed from Sydney Harbour of the design of the proposed development, including the colours, textures, styles and types of materials to be used and the type and form of any roof, and
- (b) the impact of the proposed development on the natural landform and topography.

20 Provision of public car parking spaces on certain lands in Double Bay

- (1) This clause applies to:
 - (a) part of Lots 1 and 2 DP 211825 and part Lot 1 DP 211826, being land in the vicinity of William Street, Double Bay and identified by heavy black edging on the land use map,
 - (b) part of Lots 1 and 2 DP 211825 and part Lot 1 DP 211826, Lot 1 DP 212187 and Lot 2 DP 212188, being land known as the Woollahra Council former central depot site, Double Bay,
 - (c) Lots 1 and 2 DP 220530, being land known as the Cross Street Car Park, Double Bay, and
 - (d) Land shown edged heavy black on the sheet marked "*Woollahra Local Environmental Plan 1995 (Amendment No 44)—Site Map*".
- (2) Where land referred to in subclause (1) (a) is developed in conjunction with land referred to in subclause (1) (b) and (c), the development shall include the provision of not less than 405 public car parking spaces.
- (3) Any development carried out on or under the land referred to in subclause (1) (b) and (c) shall include the provision of not less than 405 public car parking spaces.
- (4) Any development carried out on or under the land referred to in subclause (1) (d) that is the subject of a comprehensive development application referred to in clause 21E must include the provision of not less than 317 public car parking spaces.
- (5) *State Environmental Planning Policy No 1—Development Standards* applies to subclauses (2), (3) and (4) in the same way as it applies to a development standard.
- (6) The Council, in determining whether or not to grant consent as referred to in that Policy, and the Director, in determining whether or not to grant concurrence as referred to in that Policy, are to take into consideration the object of subclauses (2), (3) and (4) which is to ensure that there is an adequate provision of public car parking to serve the Double Bay commercial centre.

21 Development at No 9 Cooper Park Road, Bellevue Hill

- (1) This clause applies to Lot 102, DP 827011, being land known as No 9 Cooper Park Road, Bellevue Hill.

- (2) Not more than 27 dwellings shall be erected on the land to which this clause applies.
- (3) *State Environmental Planning Policy No 1—Development Standards* applies to subclause (2) in the same way as it applies to a development standard.
- (4) The Council, in determining whether or not to grant consent as referred to in that policy, and the Director, in determining whether or not to grant concurrence as referred to in that policy, are to take into consideration the objectives of subclause (2) which are as follows:
 - (a) to control traffic generation and noise associated within,
 - (b) to enable adequate provision of private open space at ground level,
 - (c) to allow a reasonable density of residential development on the site based on the permissible gross floor area,
 - (d) to enable adequate provision of space for building setbacks from boundaries for the protection of the amenity, sunlight access and privacy of adjoining residential properties.

21A Development at No 59 William Street, Double Bay

- (1) This clause applies to Lot 1, DP 212187 and Lot 1, DP 212188, being land known as 59 William Street, Double Bay, as shown edged heavy black on the map marked "*Woollahra Local Environmental Plan 1995 (Amendment No 14)*".
- (2) Subject to subclause (3), nothing in this plan prevents a person, with the consent of the Council, from carrying out development on the land to which this clause applies for the purpose of the John Passmore Museum of Art.
- (3) The Council must not grant consent to development referred to in subclause (2) after the expiration of two years from the day on which *Woollahra Local Environmental Plan 1995 (Amendment No 14)* took effect.
- (4) Nothing in subclause (3) prevents the Council from granting consent to the carrying out of alterations or extensions to, or the rebuilding of, a building or place being used for a purpose for which consent has been granted in accordance with this clause.
- (5) In this clause:

John Passmore Museum of Art means the building at 59 William Street, Double Bay, in which works of art, being the Passmore Trust collection and the Wrobel collection of art are stored and displayed, and in which uses and activities ancillary to its use as a museum and gallery are accommodated.

21B Development on certain land in Rose Bay

- (1) This clause applies to Part Lot 1, DP 71950, being land known as 682–684 New South

Head Road, Rose Bay, Lot 1, DP 511807, being land known as 686–690 New South Head Road, Rose Bay, Part Lot A, DP 157868, being land known as 692 New South Head Road, Rose Bay, Part Lot B, DP 157868, being land known as 694 New South Head Road, Rose Bay and Lot 1, DP 784808, being land known as 696–700 New South Head Road, Rose Bay.

- (2) Notwithstanding clauses 11 (1) and (2) and 12 (1), the floor space ratios and heights of any building or buildings erected or proposed to be erected on the land referred to in subclause (1) may exceed the floor space ratios and maximum height that would otherwise apply under those subclauses in respect of that land if:
- (a) the floor space ratio of the building or buildings does not exceed 2.25:1, and
 - (b) the maximum height of the building or buildings does not exceed 16 metres, and
 - (c) provision, acceptable to the Council, is made for public open space within the development site, and
 - (d) the Council has taken into consideration the design principles, general guidelines and controls set out in section 6.7.1 of the *Rose Bay Centre Development Control Plan*.

21BA Development of certain land in Rose Bay

- (1) This clause applies to the following land:
- (a) Lot 14, Section D, DP 5092, being land known as 88 Newcastle Street, Rose Bay,
 - (b) Lots 15 and 16, Section D, DP 5092, being land known as 90–92 Newcastle Street, Rose Bay,
 - (c) Lot 1, DP 925797, being land known as 94 Newcastle Street, Rose Bay,
 - (d) Lot 17A, Section D, DP 5092, being land known as 96 (98) Newcastle Street, Rose Bay,
 - (e) Lot 18, DP 5092, being land known as 458 Old South Head Road, Rose Bay,
 - (f) Lot 19, DP 5092, being land known as 460 Old South Head Road, Rose Bay,
 - (g) Lot 20, DP 5092 and Lot 1, DP 455814, being land known as 462 Old South Head Road, Rose Bay,
 - (h) Lot 1, DP 945861, being land known as 464 Old South Head Road, Rose Bay,
 - (i) Lot 22, Section D, DP 4893, being land known as 466 Old South Head Road, Rose Bay,
 - (j) Lot 23, Section D, DP 4893, being land known as 468 Old South Head Road, Rose

Bay,

- (k) Lot 24, Section D, DP 4893, being land known as 470 Old South Head Road, Rose Bay,
 - (l) Lot 25, Section D, DP 4893, being land known as 17 Faraday Avenue, Rose Bay,
 - (m) Lot 23, Section C, DP 4887, being land known as 474 Old South Head Road, Rose Bay,
 - (n) Lot 24, Section C, DP 4887, being land known as 476 Old South Head Road, Rose Bay,
 - (o) Lot 25, Section C, DP 4887, being land known as 478 Old South Head Road, Rose Bay,
 - (p) Lot 26, Section C, DP 4887, being land known as 480 Old South Head Road, Rose Bay,
 - (q) Lot 27, Section C, DP 4887, being land known as 482 Old South Head Road, Rose Bay.
- (2) The Council must not grant consent to development involving works below the natural surface of the ground relating to land to which this clause applies unless it has considered the following:
- (a) the adequacy of an acid sulphate soils management plan prepared for the proposed development in accordance with the *Acid Sulfate Soils Assessment Guidelines* published from time to time by the NSW Acid Sulfate Soils Management Advisory Committee and adopted by the Director-General, and
 - (b) the likelihood of the proposed development resulting in the discharge of acid water, and
 - (c) any comments received from the Department of Infrastructure, Planning and Natural Resources within 21 days of the Council having sent that Department a copy of the development application and of the related acid sulphate soils management plan.

21C Development at part of No 13 Albert Street, Edgecliff

- (1) This clause applies to part Lot 1, DP 932367, being part of the land known as 13 Albert Street, Edgecliff, as shown with heavy broken black edging on the map marked "*Woollahra Local Environmental Plan 1995 (Amendment No 18)—Land Use Map*".
- (2) Not more than four dwellings may be erected on the land to which this clause applies.

21D Sir David Martin Reserve and certain adjoining land

- (1) This clause applies to Reserve No 100076, DP 752011, Portions 1141, 1142 and 1628, being land known as Sir David Martin Reserve, New Beach Road, Darling Point and to the part of the plantation reserve adjoining Portions 1141 and 1142 of Sir David Martin Reserve, as shown edged heavy black and by distinctive colouring and marking on the sheets marked "*Woollahra Local Environmental Plan 1995 (Amendment No 38)*".
- (2) Despite any other provision of this plan, other than clause 17, a person may, with the consent of the Council, carry out development of the land to which this clause applies only for a purpose that, in the opinion of the Council, is consistent with the terms of the reservation of the land known as Sir David Martin Reserve under the *Crown Lands Act 1989*.
- (3) The Council must not grant consent to an application to carry out development of the land to which this clause applies unless it has taken into consideration a plan of management for the land.

21E Development on certain land in Double Bay

- (1) This clause applies to land shown edged heavy black on the map marked "*Woollahra Local Environmental Plan 1995 (Amendment No 44)—Site Map*".
- (2) Land beyond the boundary shown on the map referred to in subclause (1) may be included within the site for the purpose of development such as:
 - (a) awnings, and
 - (b) signs, and
 - (c) projecting bay elements, and
 - (d) fin walls, sun control devices and any elements, projections or works outside the general line of the outer face of the external wall, and
 - (e) public domain improvement works, and
 - (f) underground car parking.
- (3) The Council must not grant consent to a development application (other than a comprehensive development application or an application for development consent for subdivision) relating to land to which this clause applies unless there is in force a development consent for a comprehensive development application and the Council has taken that development consent into consideration.
- (4) A comprehensive development application required by this clause is a development application that makes development proposals for the whole of the land to which this clause applies.

- (5) The Council must not grant consent to a comprehensive development application unless it is satisfied that adequate provision has been made for:
 - (a) public car parking, and
 - (b) public toilets, and
 - (c) community facilities, and
 - (d) civic space.
- (6) The Council must not grant consent to a development application, including a comprehensive development application, relating to Lot 2, DP 82306, being land known as the Golden Sheaf Hotel site, unless, in considering the application, the Council has taken into account the recommendations of a current conservation plan and any amendments to it for the Golden Sheaf Hotel that has been approved by Council.
- (7) The Council is not obliged to comply with subclause (3) or (5) if it is satisfied that the proposed development is of a minor nature.
- (8) A building is not to be erected on land to which this clause applies if the total gross floor area of all buildings on the land to which this clause applies would exceed the gross floor area indicated for the land on the map marked "*Woollahra Local Environmental Plan 1995 (Amendment No 44)—Density Map*". For the purpose of this subclause, gross floor area excludes:
 - (a) fin walls, sun control devices and any elements, projections or works outside the general line of the outer face of the external wall, and
 - (b) access in the form of lifts, escalators, travelators, ramps, stairs and the like from existing ground level to basement car park levels, and
 - (c) loading and unloading areas and access to those areas all of which are at or below ground level, and
 - (d) any garbage storage areas, plant rooms, mechanical ventilation, including ducting, that are below ground level, and
 - (e) roof and podium plant rooms, and
 - (f) electrical substation, generating rooms, switch rooms and other structures required in connection with the substation, and
 - (g) arcades, and
 - (h) colonnades, including associated columns, and
 - (i) pedestrian areas in the form of a winter garden contiguous with arcades, and

- (j) balconies and verandahs, and
 - (k) unenclosed swimming pools, and
 - (l) the gross floor area of the original heritage building at 423–431 New South Head Road, Double Bay, known as the Golden Sheaf Hotel as approved on 23 April 1935.
- (9) Clauses 8, 10A and 10B do not apply in respect of the erection of a residential flat building on land to which this clause applies.
- (10) Clauses 8, 10A and 10B do not apply in respect of development for the purpose of dwellings in conjunction with development below the ground surface for the purpose of any one or more of the following:
- (a) car parking,
 - (b) a car parking station,
 - (c) non-residential uses associated with car parking and a car parking station,
 - (d) loading and unloading facilities associated with non-residential uses,
- all of which is located on the land shown by heavy black broken edging on the map marked “*Woollahra Local Environmental Plan 1995 (Amendment No 44)—Land Use Map*” (whether or not within the same building).
- (11) Development referred to in subclause (10) is not mixed development for the purposes of this plan.
- (12) The Council must not grant consent to a development application involving works below the natural surface of the ground relating to land to which this clause applies unless it has considered the following:
- (a) the adequacy of an acid sulfate soils management plan prepared for the proposed development in accordance with the *Acid Sulfate Soils Assessment Guidelines* published by the Acid Sulfate Soils Management Advisory Committee, and
 - (b) the likelihood of the proposed development resulting in the discharge of acid water, and
 - (c) any comments received from the Department of Infrastructure, Planning and Natural Resources within 21 days of the Council having sent that Department a copy of the development application and of the related acid sulfate soils management plan.
- (13) The provisions of *State Environmental Planning Policy No 1—Development Standards* do not apply to subclause (8).

22AA Objectives of foreshore building line standards

The objectives of the foreshore building line standards set by clause 22 are as follows:

- (a) to retain Sydney Harbour's natural shorelines,
- (b) to provide larger foreshore setbacks at the points and heads of bays in recognition of their visual prominence,
- (c) to protect significant areas of vegetation and, where appropriate, provide areas for future planting which will not detrimentally impact on views of the harbour and its foreshores,
- (d) to protect the amenity of adjoining lands in relation to reasonable access to views and sunlight,
- (e) to preserve the rights of property owners to maintain an encroachment on the foreshore building line by an existing main building,
- (f) to protect rock platforms and the intertidal ecology.

22 Foreshore building lines

- (1) In this clause, **foreshore building line** means:
 - (a) a line shown on the map marked "*Woollahra Local Environmental Plan 1995—Foreshore Building Line Map*" as a broken line with "F.B.L.12m" marked in black letters, being a line which is taken for the purposes of this clause to be situated 12 metres above the mean high water mark of the waters of Port Jackson, and
 - (b) a line shown on the map marked "*Woollahra Local Environmental Plan 1995—Foreshore Building Line Map*" as a broken black line with "F.B.L.30m" marked in black letters, being a line which is taken for the purposes of this clause to be situated 30 metres above the mean high water mark of the waters of Port Jackson.
- (2) Except in accordance with a development consent referred to in subclause (4), a building shall not be erected between a foreshore building line referred to in subclause (1) (a) and the mean high water mark of the waters of Port Jackson.
- (3) In the case of a foreshore building line referred to in subclause (1) (b), a residential flat building shall not be erected between that building line and the mean high water mark of the waters of Port Jackson.
- (4) The Council may, after having made an assessment of the probable aesthetic appearance in relation to the foreshore of the proposed structure, consent to the erection of any of the following structures between a foreshore building line and the

waters of Port Jackson:

- (a) baths (swimming pools) and ancillary buildings,
 - (b) boat sheds,
 - (c) wharves,
 - (d) jetties,
 - (e) structures or works below or at the surface of the ground.
- (5) The Council may, by resolution, alter or abolish any foreshore building line to the extent that it affects a site if the levels, depth or other exceptional features of the site make it expedient to do so.

Note—

The precise location of a foreshore building line can be ascertained by a survey undertaken by a registered surveyor.

23 (Repealed)

24 Land adjoining public open space

- (1) This clause applies to all land adjoining public open space.
- (2) The Council shall not grant consent to an application for development on land which adjoins public open space unless it has made an assessment of the impact of the development on the amenity of the public open space and it has taken into consideration whether the development is in conflict with any plan of management for the public open space.

25 Water, wastewater and stormwater systems

- (1) The Council must not grant consent to the carrying out of development on land or subdivision of land to which this plan applies for the purpose of a habitable building unless it is satisfied that adequate water and sewerage services will be available to the land it is proposed to develop.
- (2) The Council must not grant consent to the carrying out of development on land or the subdivision of land to which this plan applies for any purpose unless it is satisfied that adequate provision has been made for the disposal of stormwater from the land it is proposed to develop.

25A Classification and reclassification of public land as operational land

- (1) The public land described in Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*, subject to this clause.

- (2) The amendments made by the *Local Government Amendment (Community Land Management) Act 1998* to section 30 of the *Local Government Act 1993* do not apply to the land described in Part 1 of Schedule 4.
- (3) Land described in Part 2 of Schedule 4:
 - (a) to the extent (if any) that the land is a public reserve, does not cease to be a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants by which it was affected before its classification, or reclassification, as operational land.
- (4) Land described in Columns 1 and 2 of Part 3 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve on the commencement of the relevant amending plan and, by the operation of that plan, is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land except those (if any) specified opposite the land in Column 3 of Part 3 of Schedule 4.
- (5) In this clause, **the relevant amending plan**, in relation to land described in Part 3 of Schedule 4, means the local environmental plan cited at the end of the description of the land.
- (6) Before the relevant amending plan inserted the description of land into Part 3 of Schedule 4, the Governor approved of subclause (4) applying to the land.

25B Exempt and complying development

- (1) Development of minimal environmental impact listed as exempt development in *Woollahra Development Control Plan—Exempt and Complying Development*, as approved by the Council on 10 April 2000 and as amended by the development control plan approved by the Council on 13 December 2004, is **exempt development**, despite any other provision of this plan except for clause 25D (Acid Sulfate Soils).
- (2) Development listed as complying development in *Woollahra Development Control Plan—Exempt and Complying Development*, as approved by the Council on 10 April 2000 and as amended by the development control plan approved by the Council on 13 December 2004, is **complying development** if:
 - (a) it is local development of a kind that can be carried out with consent on the land on which it is proposed, and
 - (b) it is not an existing use, as defined in section 106 of the Act, and
 - (c) it is not development that requires consent under clause 25D.

- (3) Development is exempt or complying development only if it complies with the development standards and other requirements applied to the development by *Woollahra Development Control Plan—Exempt and Complying Development*, as approved by the Council on 10 April 2000 and as amended by the development control plan approved by the Council on 13 December 2004.
- (4) A complying development certificate issued for any complying development is to be subject to the conditions for the development specified in *Woollahra Development Control Plan—Exempt and Complying Development*, approved by the Council, as in force when the certificate is issued.

25C Development for the purpose of dual occupancy

- (1) This clause applies to land within Zone No 2 (a) (the Residential “A” Zone) and Zone No 2 (b) (the Residential “B” Zone) except that land which is within a heritage conservation area.
- (2) Despite clause 8, development for the purpose of a dual occupancy may be carried out on any land to which this clause applies but only with the consent of the Council.
- (3) The objectives of this clause in relation to dual occupancies are:
 - (a) to broaden the range of housing types available in Woollahra, and
 - (b) to fulfil the objectives of the Council’s Housing Study and Strategy, and
 - (c) to minimise any impact on the amenity of the neighbourhood.
- (4) A site must not be developed for the purposes of a detached dual occupancy unless the site area is 930 square metres or more and the width of the allotment at the front alignment is 21 metres or more.
- (5) In the case of a detached dual occupancy, the ancillary dwelling shall be limited to a single storey development not exceeding 4.5 metres in height and a maximum gross floor area not greater than 20% of the gross floor area of the principal residence.

25D Development on land identified on Acid Sulfate Soils Planning Map

- (1) **Definitions** In this clause:

acid sulfate soils means actual acid sulfate soils or potential acid sulfate soils.

Acid Sulfate Soils Management Plan means a plan, prepared in accordance with the *Acid Sulfate Soils Manual*, which identifies the extent and nature of acid sulfate soils on a particular site, assesses the likely impacts of any proposed activity upon those acid sulfate soils (including the consequence of no action), and details the prescriptive measures to be taken to minimise environmental impacts resulting from interaction between the acid sulfate soils and the proposed activity or inaction.

Acid Sulfate Soils Manual means the *Acid Sulfate Soils Manual* as published from time to time by the NSW Acid Sulfate Soils Management Advisory Committee.

Acid Sulfate Soils Plan of Management means a plan prepared by the Council, a private drainage board, or public authority in accordance with the *Acid Sulfate Soils Manual*.

Acid Sulfate Soils Planning Map means the map marked “*Woollahra Local Environmental Plan 1995 (Amendment No 39)—Acid Sulfate Soils Planning Map*” deposited in the office of Woollahra Municipal Council.

actual acid sulfate soils are soils containing highly acidic soil horizons or layers resulting from the oxidation of soil materials that are rich in sulfides, primarily pyrite. This oxidation produces acidity in excess of the sediment’s capacity to neutralise the acidity resulting in soils of pH 4 or less.

emergency works means the repair or replacement of any part of a utility installation or associated infrastructure:

- (a) to address or prevent malfunction or damage resulting from natural disaster, accident, vandalism or similar events, and
- (b) includes works reasonably necessary to prevent or limit any further damage or malfunction.

potential acid sulfate soils are soils which contain iron sulfides or sulphuric material which have not been exposed to air and oxidised. The filed pH of these soils in their unoxidised state is $\text{pH} > 4$ and may be neutral or slightly alkaline.

routine maintenance works means works occurring on a regular basis which maintain public utility installations and associated infrastructure in good working order, but does not include works intended to increase the design capacity of an installation, extension of reticulation systems or works which involve the deepening of any drain. Such works include periodic inspection, replacement of existing pipes or cable, cleaning, or clearing of drains to a depth or profile specified in an Acid Sulfate Soils Plan of Management.

works includes:

- (a) any disturbance of more than one tonne of soil at or below the depth specified in the Table to subclause (2) (including, but not limited to, the construction or maintenance of drains, dredging, the construction of artificial waterbodies (including canals, dams and detention basins) or building foundations, or flood mitigation works), or
- (b) any other works that are likely to lower the watertable.

- (2) **Works that require consent** A person must not, without the consent of the Council, carry out works described in Column 2 of the following Table on land of the class specified in Column 1 of that Table for those works, except as otherwise provided by this clause.

Column 1 Class of land as shown on Acid Sulfate Soils Planning Map	Column 2 Works
1	Any works
2	Works below existing ground level Works by which the watertable is likely to be lowered
3	Works beyond 1 metre below existing ground level Works by which the watertable is likely to be lowered beyond 1 metre below existing ground level
4	Works beyond 2 metres below existing ground level Works by which the watertable is likely to be lowered beyond 2 metres below existing ground level
5	Works within 500m of adjacent Class 1, 2, 3 or 4 land which are likely to lower the watertable below 1 metre AHD on adjacent Class 1, 2, 3 or 4 land

- (3) **Considerations for consent authority** The Council must not grant consent required by this clause unless it has considered:
- (a) the adequacy of an Acid Sulfate Soils Management Plan prepared for the proposed development in accordance with the *Acid Sulfate Soils Manual*, and
 - (b) the likelihood of the proposed development resulting in the discharge of acid water, and
 - (c) any comments received from the Department of Infrastructure, Planning and Natural Resources within 21 days of the Council having sent that Department a copy of the development application and the related Acid Sulfate Soils Management Plan, and
 - (d) where consent is sought for drainage works or maintenance of open drains—any comments from the Department of Primary Industries received within 21 days of the Council having sent that Department a copy of the development application and the related Acid Sulfate Soils Management Plan.
- (4) **Exceptions following preliminary assessment** This clause does not require consent for the carrying out of works as described in subclause (2) if:
- (a) a copy of a preliminary assessment of the proposed works undertaken in

accordance with the *Acid Sulfate Soils Manual* has been given to the Council, and

- (b) the Council has provided written advice to the person proposing to carry out the works confirming that results of the preliminary assessment indicate the proposed works need not be carried out pursuant to an Acid Sulfate Soils Management Plan prepared in accordance with the *Acid Sulfate Soils Manual*.
- (5) **Routine maintenance and emergency works** Despite subclause (2), routine maintenance works may be carried out by the Council, a public authority or private drainage board without consent where an Acid Sulfate Soils Plan of Management relating to such works has been:
- (a) prepared in accordance with the *Acid Sulfate Soils Manual*, and
 - (b) approved by the Council after considering any comments received from the Department of Infrastructure, Planning and Natural Resources and the Department of Primary Industries within 21 days of the Council having sent those Departments a copy of the draft Acid Sulfate Soils Plan of Management.
- (6) An Acid Sulfate Soils Plan of Management, as referred to in subclause (5), must be reviewed at least every 5 years and only has effect for 5 years from the date on which it is made.
- (7) Despite subclause (2), the Council or a public authority may carry out emergency works without consent if the Council or public authority properly deals with those soils in accordance with the *Acid Sulfate Soils Manual* so as to minimise the actual or potential impacts to the environment arising from the disturbance of the soils.

25E Development for the purpose of filming

Nothing in this plan prevents a person, with the consent of the Council, from carrying out development for the purpose of filming.

Part 4 Heritage provisions

26 Heritage items

- (1) A person shall not, in respect of a building, work, relic, place or tree that is a heritage item or that is an item that is part of a heritage item group:
 - (a) demolish or alter the building or work, or
 - (b) damage or move the relic, or excavate for the purpose of exposing the relic, or
 - (c) damage or despoil the place, or
 - (d) damage or move the tree, or
 - (e) erect a building on the land that comprises the place, or

(f) subdivide the land on which the building, work, relic or tree is situated or that comprises the place, or

(g) damage any tree on land on which the building, work or relic is situated or on the land which comprises the place,

except with the consent of the Council.

(2) The Council shall not grant consent to a development application required by subclause (1) unless it has taken into consideration the extent to which the carrying out of the proposed development would affect the heritage significance of the item and of any heritage item group of which the item is part and any stylistic or horticultural features of its setting.

(3) The Council shall not grant a consent required by subclause (1) unless it has considered a statement of heritage impact or a conservation plan or both as may be required by the Council.

(4) Notwithstanding subclause (1), a tree that is a heritage item may be removed in part or in whole, without development consent, in circumstances where the tree has been damaged by natural events and causes such as storms, pests and pathogens and, as a result, the tree poses an immediate threat to the safety of people or property.

27 Development in the vicinity of heritage items, heritage item groups, heritage conservation areas, archaeological sites or potential archaeological sites

The Council must take into consideration the likely effect of the proposed development on the heritage significance of a heritage item, heritage item group, heritage conservation area, archaeological site or potential archaeological site, and on its setting, when determining an application for consent to carry out development on land in its vicinity.

28 Heritage conservation areas

(1) A person shall not, in respect of a heritage conservation area:

(a) demolish or alter a building or work within the area,

(b) damage or move a relic, or excavate for the purpose of exposing or removing a relic, within the area,

(c) damage or despoil a place within the area, or

(d) erect a building on or subdivide land within the area,

except with the consent of the Council.

(2) The Council shall not grant consent to an application required by subclause (1) unless it has taken into consideration the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage conservation area.

- (3) The Council shall not grant consent required by subclause (1) unless it has considered a statement of heritage impact or a conservation plan or both as may be required by the Council.

29 Building amalgamation within heritage conservation areas

- (1) This clause applies to all buildings within a heritage conservation area which were originally constructed with a non-residential design, which have a history of non-residential use and which are considered by the Council to be of heritage significance.
- (2) In order to retain traditional building characteristics, the Council may decide not to grant consent to development involving the expansion of floor space at the ground floor level of a building to which this clause applies where that expansion involves amalgamation with adjoining buildings.

30 Additional uses within heritage conservation areas

- (1) This clause applies to all buildings and the allotments on which they are situated or any parts thereof located within a heritage conservation area, other than those situated within Zone No 3 (a), 3 (b), 3 (b1) or 3 (c):
 - (a) where the whole or part of the building has a history of a lawfully commenced non-residential use, whether or not that use was discontinued, abandoned or interrupted, and
 - (b) where the whole or part of the building was originally lawfully constructed with a non-residential design or was lawfully altered or adapted to a non-residential design.
- (2) Notwithstanding clause 8, the Council may consent to the use of a building or part thereof, referred to in subclause (1), for the purpose of commercial premises (not being a brothel), community facilities, artisans' studios, educational establishments, public buildings and shops.
- (3) In addition to the use of a building or part thereof, the Council may also consent to the use of the allotment on which the building is situated for any purpose specified in subclause (2).
- (4) The Council may grant a consent pursuant to this clause that will result in:
 - (a) an increase in the gross floor area of a building referred to in subclause (1), and
 - (b) the use of that increased area for a purpose specified in subclause (2),or, where part of a building is used for a purpose specified in subclause (2), that will result in an increase in the use of the gross floor area of such a building for the purpose specified.

- (5) The Council must not grant consent as referred to in subclause (2) or (4) unless it is satisfied that carrying out development in accordance with the consent will not adversely affect the heritage significance of the building, its site, or the heritage conservation area and will not detrimentally affect the enjoyment by an occupier of any lands adjoining or adjacent to, or in the neighbourhood of, the lands upon which such development is proposed.
- (6) The Council must not grant consent as referred to in subclause (2) or (4) unless it is satisfied that the external architecture of the building or part thereof:
 - (a) is compatible with the external architecture of other buildings in the vicinity, or
 - (b) is, by virtue of the proposal, to be made compatible with the external architecture of other buildings in the vicinity, or
 - (c) has architectural or historic value of its own which will be conserved.

31 Development of known or potential archaeological sites

- (1) The Council may grant consent to the carrying out of development on an archaeological site that has Aboriginal heritage significance (such as a site that is the location of an Aboriginal place or a relic, within the meaning of the *National Parks and Wildlife Act 1974*) or a potential archaeological site that is reasonably likely to have Aboriginal heritage significance only if:
 - (a) it has considered an assessment of how the proposed development would affect the conservation of the site and any relic known or reasonably likely to be located at the site prepared in accordance with any guidelines for the time being notified to it by the Director-General of National Parks and Wildlife, and
 - (b) it has notified the Director-General of its intention to do so and taken into consideration any comments received from the Director-General within 28 days after the notice was sent, and
 - (c) it is satisfied that any necessary consent or permission under the *National Parks and Wildlife Act 1974* has been granted.
- (2) The Council may grant consent to the carrying out of development on an archaeological site that has non-Aboriginal heritage or a potential archaeological site that is reasonably likely to have non-Aboriginal heritage significance only if:
 - (a) it has considered an assessment of how the proposed development would affect the conservation of the site and any relic known or reasonably likely to be located at the site prepared in accordance with any guidelines for the time being notified to it by the Heritage Council,
 - (b) it has notified the Heritage Council of its intention to do so and taken into consideration any comments received from the Heritage Council within 28 days

after the notice was sent, and

- (c) it is satisfied that any necessary excavation permit required by the *Heritage Act 1977* has been granted.

32 Heritage conservation incentives

- (1) Nothing in this plan prevents the Council from granting consent to an application for consent to the use, for any purpose, of a building that is a heritage item or the land on which the building is erected if it is satisfied that:
 - (a) the proposed use would have little or no adverse effect on the heritage significance of the heritage item or of any heritage item group of which the item is part and on the amenity of the neighbouring area, and
 - (b) the conservation of the building will be achieved by the Council granting that consent.
- (2) When considering an application for consent to erect a building on land on which there is situated a building which is a heritage item, the Council may:
 - (a) for the purpose of determining the floor space ratio, and
 - (b) for the purpose of determining the number of parking spaces to be provided on the site,

exclude from its calculation of the gross floor area of the buildings erected on the land the gross floor area of the heritage item, but only if the Council is satisfied that the conservation of the heritage item and of any heritage item group of which the item is part will be achieved by the Council granting the exclusion.

33 Heritage notifications

- (1) Where a person makes an application for consent to demolish a building or work that is a heritage item, the Council shall not grant consent to that application unless:
 - (a) the Council has notified the Heritage Council of its intention to grant consent, and
 - (b) the Council has taken into consideration any objection made by the Heritage Council not later than 28 days after the Council has notified the Heritage Council of the Council's intention to grant consent.
- (2) Subclause (1) does not apply to the partial demolition of a heritage item if, in the opinion of the Council, the partial demolition will be of a minor nature and will not adversely affect the heritage significance of the heritage item or of any heritage item group of which the item is part, in relation to the environmental heritage of the Woollahra area.

34 Development at Macquarie Lightstation, Vaucluse

- (1) This clause applies to Lots 1, 4, 5 and 6, DP 801240, and Lots 1 and 2 DP 811578, being land known as the Macquarie Lightstation site, Old South Head Road, Vaucluse.
- (2) The Council shall not grant consent to an application to carry out development on land referred to in subclause (1) unless it has taken into consideration a plan of management for the land.

35 Development at No 188 Oxford Street, Paddington

- (1) This clause applies to Lot 1, DP 819165, being land known as No 188 Oxford Street, Paddington.
- (2) The aggregate floor space ratio of all buildings erected on all of the land to which this clause applies that is within Zone No 2 (a), 2 (b) or 3 (c) shall not exceed the floor space ratio shown opposite that zone in the following table:

Zone	Floor space ratio
Residential "A"	1.04:1
Residential "B"	1.42:1
Neighbourhood Business "C"	1.68:1

- (3) In considering any development application, the Council shall take into account the recommendations of any conservation plan for this site which has been endorsed by the Heritage Council.
- (4) For the purpose of this clause, **aggregate floor space ratio**, in relation to a zone, means the ratio of the total gross floor area of all buildings erected on land within a zone to the total area of land comprised in that zone.

36 Development at No 103 Darling Point Road, Darling Point

- (1) This clause applies to Lots B, C and E, DP 30568, being the land known as No 103 Darling Point Road, Darling Point.
- (2) The Council must not grant consent to a development application (other than a comprehensive development application) relating to land to which this clause applies unless there is in force a development consent for a comprehensive development application and the Council has taken that development consent into consideration.
- (3) A comprehensive development application required by this clause is a development application that makes development proposals relating to the whole of the land to which this clause applies.
- (4) The Council must not grant consent to a comprehensive development application

required by this clause unless the Council is satisfied that adequate arrangements are in place for:

- (i) the funding and implementation of conservation works, and
- (ii) provisions for ongoing maintenance,

to ensure the ongoing conservation of Babworth House and its State Heritage Register curtilage which includes the garden.

- (5) If the Council gives notice of a development application relating to land which this clause applies to a panel of expert independent professionals selected by the Council for the purpose of obtaining advice on heritage conservation, building design or other matters that the Council considers appropriate, the Council must not grant consent to the development application unless it has taken into consideration any comments received, within 28 days after the giving of the notice, from members of the panel.
- (6) In any case, the Council must not grant consent to a development application relating to land to which this clause applies unless, in considering the application, the Council has taken into account the recommendations of any conservation plan for the land to which this clause applies that has been approved by the Council.
- (7) However, the Council is not obliged to comply with subclauses (2) and (6) if it is satisfied that the proposed development is of a minor nature and will not adversely affect the heritage significance of the land to which this clause applies.
- (8) A building is not to be erected on the land to which this clause applies to a height greater than 9.5 metres.
