(other than an exploration licence for some other group or groups of minerals) is subsequently granted ceases to be part of the exploration area when the other authority takes effect.

Division 5 Low-impact exploration licences—special provisions

32A Object of Division

The object of this Division is to provide for the grant of a class of low-impact exploration licence that may be approved under section 26A of the Commonwealth Native Title Act.

Note—

See clause 14 (3) of Part 5 of Schedule 5 to the *Native Title Amendment Act 1998* of the Commonwealth for preservation of approvals previously granted by the Commonwealth.

32B Special low-impact class of licence

- (1) There is to be a special class of exploration licence called a low-impact exploration licence.
- (2) An exploration licence may be granted as a low-impact exploration licence if this Division is complied with.
- (3) The provisions of this Act relating to exploration licences apply to low-impact exploration licences, except as otherwise provided by this Division.

32C Authority conferred by low-impact licence

- (1) The Minister may, by order published in the Gazette, determine the kind of prospecting operations that may be authorised by a low-impact exploration licence, being operations that the Minister is satisfied are unlikely to have a significant impact on the land over which the licence may be granted.

Editorial note—

For orders under this subsection see Gazette No 120 of 15.10.1999, p 10011.

- (2) The conditions to which a low-impact exploration licence is subject are to limit the prospecting operations authorised by the licence to all or some of the prospecting operations of the kind determined by the Minister under this section.
- (3) A change in the prospecting operations determined by the Minister under this section does not affect a low-impact exploration licence that is in force at the time the change is made.

32D Provisions relating to applications for low-impact licence

- (1) A person may not be granted a low-impact exploration licence unless notice of the application for the licence has been served on all:
 - (a) registered native title bodies corporate, and

(b) registered native title claimants, and

(c) representative Aboriginal/Torres Strait Islander bodies,

in relation to any of the land that will be affected by the proposed prospecting operations to be authorised by the licence.

- (2) The notice must contain a map or other description of the land over which the exploration licence is sought and a description of the kind of prospecting operations that may be authorised by the licence.
- (3) An applicant may request the Minister to grant a low-impact exploration licence either at the time the application for a licence is made or at any later time before the grant of the licence.
- (4) The regulations may make other provision for or with respect to the making and grant of applications for low-impact exploration licences.
- (5) In this section, **application** includes tender.

32E Change of class of licence—additional prospecting operations

- (1) The holder of a low-impact exploration licence may apply to the Minister for a variation of the prospecting operations authorised by the licence.
- (2) After considering the application, the Minister may vary the licence or may refuse the application.
- (3) If the prospecting operations authorised by a licence as so varied are not of a kind permitted by this Division, the licence ceases to be a low-impact exploration licence.
- (4) The variation of an exploration licence takes effect on the date on which written notice of the variation is served on the holder of the licence or such later date as may be specified in the notice.

Note—

The right to negotiate or other procedures may apply to the variation of the licence under the Commonwealth Native Title Act if section 26A of that Act no longer applies because of the variation.

32F Access arrangement required for prospecting operations under low-impact licences

- (1) In this section, **relevant land** means land in relation to which there are registered native title bodies corporate or registered native title claimants.
- (2) A low-impact exploration licence is subject to the condition that the holder of the licence is not authorised to carry out prospecting operations on any relevant land otherwise than in accordance with an access arrangement under Division 2 of Part 8 between the holder of the licence and each registered native title body corporate or

each registered native title claimant, being an access arrangement:

- (a) that is agreed between them in accordance with that Division, or that is determined for them by an arbitrator in accordance with that Division, and
 - (b) that has involved consultation by the holder of the licence that satisfies the requirements of section 26A of the Commonwealth Native Title Act.
- (3) This section does not apply in any case in which Division 2 of Part 8 is excluded because of section 138 (2) (which relates to prospecting title granted after compliance with the full native title right to negotiate procedure or an indigenous land use agreement).
- (4) This section does not limit the operation of Division 2 of Part 8 with respect to landholders who are not native title holders.

32G Renewal of low-impact licences

The requirements of this Division with respect to the grant of a low-impact exploration licence apply to the renewal of such a licence, subject to any modifications prescribed by the regulations.

Note—

An assessment lease is designed to allow retention of rights over an area in which a significant mineral deposit has been identified, if mining the deposit is not commercially viable in the short term but there is a reasonable prospect that it will be in the longer term. The holder is allowed to continue prospecting operations and to recover minerals in the course of assessing the viability of commercial mining.

117 Authority to have effect until application dealt with

- (1) If an application for the renewal of an authority is not finally dealt with before the date on which the authority would otherwise cease to have effect, the authority continues to have effect, in relation only to the land to which the application relates, until the application is finally disposed of.

Maximum penalty (subsection (3)): 50 penalty units.

- (4) Any such gate or grid must be of a design and construction that is adequate to prevent stock from straying.
- (5) The costs of installing and maintaining any gates or grids required by this section are to be borne by the holder of the authority.
- (6) Subject to any determination by the Land and Environment Court, a right of way is subject to such conditions as to its exercise, and to such exceptions as to the land over which it may be exercised, as may be prescribed by the regulations.

- (3) Such part of any security in relation to an authority as the Minister may determine is to be forfeited to the Crown if the holder of the authority fails to fulfil the obligations arising under this Act in relation to the authority.
- (4) Money realised from the forfeiture of any such security is to be applied for the purpose of fulfilling the obligations arising under this Act in relation to the authority.
- (5) The functions of the Minister under this section may be exercised with or without the benefit of a finding by a court or tribunal that the holder of the authority concerned has failed to fulfil any obligations arising under this Act in relation to the authority.

170 Settlement of certain disputes

If any dispute arises between the holders of 2 or more authorities concerning their respective rights in relation to any land or minerals, any one or more of them may apply to the Land and Environment Court for a determination on the matter.

- (1) The Governor may, by order published in the Gazette, constitute any land within a single mining division as a mineral claims district and may, by the same or a subsequent order so published, name the district and fix its boundaries.

Editorial note—

For orders under this subsection see Gazette No 101 of 20.8.1992, pp 5948, 5949.

- (2) Such an order:
 - (a) may not be made except on the recommendation of the Minister, and
 - (b) may not be made over land within a reserve if an order under section 367 directs that mineral claims are not to be granted over land in the reserve, and
 - (c) may not be made over land within an exempted area except in accordance with the consent of the controlling body for that area.

173A Ancillary orders

- (1) The Director-General may, by order published in the Gazette, prohibit, either indefinitely or until a specified date, the lodging of applications for mineral claims over specified land in a mineral claims district.
- (2) The Director-General may, by order published in the Gazette, constitute any land in a mineral claims district as a preserved mining field and may, by the same or a subsequent order so published, name the preserved mining field and fix its boundaries.
- (3) An order under this section may not be made with respect to land that is within an area for which a board of management is constituted under section 359 unless the Director-General:
 - (a) has notified the board of the proposed order, and
 - (b) has taken into consideration any submission made by the board in relation to the proposed order.

174 Notice of proposal to constitute mineral claims district

- (1) The Minister must cause notice of any proposed recommendation to constitute a mineral claims district to be served on:
 - (a) each Government agency that, in the opinion of the Minister, would be materially affected by the recommendation, and
 - (b) each council within whose area is situated the land to which the proposed recommendation relates.
- (2) Such a notice:
 - (a) must identify the proposed boundaries of the mineral claims district, and
 - (b) must specify proposed conditions for inclusion in the order to be made under section 175 with respect to the mineral claims district.

175 Special conditions

- (1) The Minister may, by order published in the Gazette, specify the conditions that are to apply to mineral claims granted over land within any specified mineral claims district.

Editorial note—

For orders under this subsection see Gazettes No 101 of 20.8.1992, pp 5950, 5954; No 56 of 8.4.1994, p 1556; No 97 of 23.8.1996, p 4889; No 28 of 21.3.1997, p 1601; No 67 of 28.3.2002, p 2065; No 59 of 7.3.2003, p 4038; No 87 of 21.5.2004, p 3116 and No 58 of 3.4.2009, p 1588.

- (2A) The conditions may vary by reference to specified matters including, in particular, by reference to whether or not the proposed claim area is within a preserved mining field.
- (3) The Minister must have regard to, but (except as provided by subsection (4)) is not bound by, any representations made by a person or body to whom notice has been given under section 174.
- (4) To the extent to which an order under this section applies to land within an exempted area, the order must include any conditions required by the controlling body for that area to be included in the order.
- (5) This section does not authorise the making of conditions that permit a mineral claim to be granted over land having an area of more than 2 hectares or that permit a mineral claim to have a term of more than 5 years.
- (6) A condition limiting the maximum number of mineral claims that may be held by any one person does not prevent a person from becoming the holder of further mineral claims that devolve on the person by operation of law.

175A Unlawful entry to site of mineral claim

- (1) Any person who, while in a mineral claims district, is found in or on any land the subject of a mineral claim held by some other person is guilty of an offence.

being an offence occurring within a mineral claims district.

- (2) A court that convicts a person of an offence to which this section applies may make an order (an **exclusion order**) prohibiting the person from entering the whole or any part of the mineral claims district concerned, or any other mineral claims district, for such period (not exceeding 2 years) as may be specified in the order.
- (3) An exclusion order may be made:
- (a) at any time within 6 months after the person's conviction, and
 - (b) whether or not the person has a legal or equitable interest in, or is the holder of an authority, mineral claim or opal prospecting licence over, any of the land to which the order relates.
- (4) Before making an exclusion order against a person, a court:
- (a) must cause written notice of the fact that it proposes to make such an order, and of the terms of the proposed order, to be served on the person, and
 - (b) must give the person a reasonable opportunity to make representations to the court with respect to the proposed order, and
 - (c) must take any such representations into consideration.

- (1) An appeal against an exclusion order made by a Local Court may be made to the Land and Environment Court under Part 4 of the *Crimes (Appeal and Review) Act 2001* as if that order were a sentence arising from a court attendance notice dealt with under Part 2 of Chapter 4 of the *Criminal Procedure Act 1986*.
- (1A) The *Crimes (Local Courts Appeal and Review) Act 2001* applies to an appeal arising under subsection (1) with such modifications as are made by or in accordance with the regulations under that Act.

- (2) For the purposes of the *Criminal Appeal Act 1912*, an exclusion order made by a court other than a Local Court is taken to be a sentence within the meaning of that Act.
- (3) If an appeal (or an application for leave to appeal) is made against the conviction from which an exclusion order arises, the operation of the exclusion order is suspended until the appeal or application is finally determined.
- (4) Unless the appeal court orders otherwise, the exclusion order is annulled if the conviction is quashed.
- (5) The appeal court may, by order, annul or vary the exclusion order even if the conviction is not quashed.
- (6) In this section, **appeal court** means the court to which an appeal (or an application for leave to appeal) is made as referred to in subsection (3).

175D Offence of contravening exclusion order

- (a) to be validly agreed on or assessed for the purposes of whichever is relevant of section 263, 264, 265, 266 or 267 as if the applicant for the exploration licence, assessment lease, mining lease, mineral claim or opal prospecting licence as the grantee party was the holder under this Act of the licence, lease or claim concerned and the native title party was the landholder of the land concerned, and
 - (b) to be paid under and for the purposes of whichever is relevant of those sections when it is paid in accordance with section 52 of the Commonwealth Native Title Act.

- (1) The holder of a mining lease for coal who recovers petroleum from a mining area by virtue of the fact that, under section 78, petroleum is included in the lease is liable to pay royalty to the Minister on the petroleum recovered.
- (2) The amount payable as royalty under this Division in respect of petroleum is the rate prescribed for the purposes of this Division by or under the [Petroleum \(Onshore\) Act](#)

1991.

- (3) Royalty under this Division is payable on petroleum at the rate or rates applicable as at the time the petroleum is recovered from the land.
- (4) This section does not apply to methane recovered in conjunction with coal mining operations.

Division 3A Coal reject

286A Definition of coal reject

In this Division:

coal reject means the by-product of the mining or processing of coal that contains a mixture of coal and other substances (such as shale) and has either an energy value (the maximum energy capable of being produced by it on combustion) of less than 16 gigajoules per tonne (dry weight) or contains more than 35 per cent ash (by dry weight).

286B Royalty on coal in coal reject

- (1) Royalty is not payable on the coal in coal reject recovered under a mining lease until the coal reject is used or disposed of.
- (2) The holder of a mining lease is liable to pay royalty under this Division to the Minister on the coal in coal reject recovered under the lease if the holder uses the coal reject in producing energy or disposes of it for use in producing energy.
- (3) If royalty is payable under this Division on the coal in coal reject, Division 1 does not apply to that coal.

286C Rate of royalty

- (1) Royalty on the coal in coal reject recovered under a mining lease is payable under this Division at the rate determined from time to time by the Minister, with the concurrence of the Treasurer, in respect of the lease or the class of leases concerned.
- (2) The rate of royalty on the coal in coal reject may be a zero rate or may be any other rate up to, but not exceeding, half the base rate of royalty prescribed from time to time in respect of coal under section 283 (1) (a).
- (3) In determining the rate of royalty the Minister is to have regard to:
 - (a) the energy value of the coal reject, and
 - (b) the costs associated with extracting, transporting or processing the coal reject for the purposes of use or disposal, and
 - (c) such other matters as the Minister considers appropriate.

- (4) Royalty under this Division is payable on the coal in coal reject at the rate applicable:
 - (a) at the time the coal reject is used by the holder of the relevant mining lease in producing energy, or
 - (b) at the time the coal reject is disposed of by that holder for use in producing energy.
- (5) Royalty required to be calculated on the basis of the weight of coal is to be calculated by reference to dry weight.

286D Evidentiary matters

- (1) The energy value and ash content of the by-product of the mining or processing of coal recovered under a particular mining lease is to be determined, in the manner directed by the Minister, on the basis of the average energy value and average ash content of that by-product.
- (2) The Minister may by determination in writing determine any of the following:
 - (a) that the by-product, or any identifiable quantity of the by-product, of the mining or processing of coal recovered under a particular mining lease is coal reject,
 - (b) the amount of coal in the coal reject recovered under a particular mining lease or the amount of coal in any identifiable quantity of that coal reject,
 - (c) that the coal reject, or any identifiable quantity of the coal reject, recovered under a particular mining lease and used or disposed of by the holder of the lease has been used by the holder in producing energy or disposed of by the holder for use in producing energy.
- (3) The Minister's determination is evidence of the matter determined.
- (4) A determination under subsection (2) (a) or (b) is not open to dispute or challenge on the basis that the determination is not correct or accurate for any particular sample or quantity of the material concerned.

Division 4 Miscellaneous

287 Exemption from royalty

- (1) If the Minister, on application by the holder of a mining lease, is satisfied that the value of publicly owned minerals recovered as a result of mining operations carried on during a royalty period was less than the appropriate amount, no royalty is payable to the Minister under this Act in respect of those minerals.
- (2) In this section:

appropriate amount, in relation to a royalty period, means:

- (a) if the royalty period is 12 months—\$2,000, and
- (b) if the royalty period is less than 12 months—such amount as bears to \$2,000 the same proportion as the number of days in the royalty period bears to 365.

mining operations means mining operations carried on:

- (a) on a parcel of land subject to a mining lease held by a person who is not the holder of any other mining lease, or
- (b) on 2 or more parcels of land subject to 2 or more mining leases, if the holder of each parcel is the same person and if each parcel adjoins the other or another of those parcels.

royalty period, in relation to a mineral recovered by a person under a mining lease, means:

- (a) the period commencing on the day on which the person first became entitled, under the mining lease, to mine the mineral, and ending on the last day of the first period in respect of which the person is required by this Act to pay royalty in respect of the mineral, or
- (b) the period commencing on the day after the last day of any period in respect of which the person is required by this Act to pay royalty in respect of the mineral and ending on the last day of the next such period, or
- (c) if, during a period referred to in paragraph (b), the person ceases to be entitled to mine the mineral on the land the subject of the mining lease—the period commencing on the day after the last day of the previous royalty period and ending on the day on which the person ceases to be so entitled.

287A Waiver of payment of additional royalty for coal

- (1) The Minister may, by order in writing made with the concurrence of the Treasurer, waive all or part of the payment by the holder of a mining lease of royalty at the additional rate prescribed in respect of coal under section 283 (1) (b).
- (2) The order may be made only if the Minister is satisfied that it is necessary for the financial viability of the mine, or mines, to which the mining lease relates, having regard to such matters as the Minister considers appropriate.
- (3) The power of the Minister to make an order under this section cannot be delegated, despite section 363.

288 Trust fund

- (1) The Minister may, by written notice served on the holder of a mining lease, require the holder to establish a trust fund, in the manner specified in the notice, and to pay

into the trust fund (at the time or times so specified) a specified proportion of the money accruing from the sale of minerals (being a proportion that will, in the opinion of the Minister, be sufficient to meet royalty payable to the Minister under this Act in respect of those minerals).

- (2) A holder of the mining lease who fails to comply with such a notice is guilty of an offence.

Maximum penalty: 100 penalty units and, in the case of a continuing offence, 10 penalty units for each day that the offence continues.

289 Returns

- (a) to furnish to the Minister in writing, within the period and in the manner specified in the notice, any such information, or
 - (b) to attend before the Minister, or before a person specified in the notice, at a time and place so specified, in order to answer questions relating to minerals recovered or the value of minerals recovered, or
 - (c) to produce to a person specified in the notice, at a time and place so specified, books or documents in that person's custody or control relating to minerals recovered or the value of minerals recovered.

- (2) A person is not excused from furnishing information, answering a question or producing books or documents when required to do so merely because the information so furnished, the answer to the question or the production of the books or documents, might tend to incriminate the person.
- (3) However, the information, answer, books or documents are not admissible in evidence against the person in proceedings other than proceedings for an offence against this section.
- (4) A person to whom books or documents are produced pursuant to a requirement under this section may make copies of, or take extracts from, the books or documents.

- (2) If an amount of royalty payable to the Minister is not paid:
 - (a) by the time that it becomes payable in accordance with the regulations, or
 - (b) within 28 days of the demand for its payment,

interest is, if the Minister so directs, to be added to the amount due at such rate as the Minister determines.

- (3) The regulations may make provision for or with respect to the manner in which royalty payable to the Minister under this Act is to be paid and, in particular, may require that payment of any royalty referred to in the regulations is to accompany a return made under this Part.
