compensation in respect thereof are incomplete, it shall be lawful for the Supreme Court, upon an application by the constructing authority, to make an order directing that the proceedings upon the claim for compensation shall be stayed until the completion of such works or for such period to be stated in the order as the Court may consider sufficient for the completion of such works, and the proceedings to recover such compensation shall be stayed accordingly; but at the expiration of the stay limited in such order the claimant shall be at liberty to resume proceedings for the recovery of such compensation without commencing any fresh proceedings.
