 - (a) it is in the public interest that the area concerned remain available for the navigation of vessels rather than be used for aquaculture, or
 - (b) sufficient provision has not been made to ensure that structures on the leased area are not, and will not become, a danger to the safe navigation of vessels.
- (3) This section does not apply to:
 - (a) the renewal of a lease to which the lessee is entitled under the *Fisheries Management Act 1994*, or
 - (b) the grant or renewal of a lease of a class excluded from this section by notice given to the Minister administering that Act by the Minister administering this Act.

(3) An offence against a provision of this Part or Schedule 1 is a **second or subsequent offence** only if, within the period of 5 years immediately before a person is convicted

of the offence, the person was convicted of another offence against the same provision or of a major offence.

- (4) An offence against a provision of this Part or Schedule 1 is a **first offence** if it is not a second or subsequent offence.

21 Application of Part and Schedule 1

- (1) This Part and Schedule 1 apply to all vessels. However, this Part and Schedule 1 do not apply to a surfboard or similar device used by a swimmer or surfer to support the swimmer or surfer in the water (other than a sailboard or a device being towed by a vessel).

- (3) This Part and Schedule 1 apply to all waters, whether or not they are navigable waters.

22 Prescribed concentrations of alcohol

In this Part and in Schedule 1:

- (a) **youth range prescribed concentration of alcohol** means a concentration of more than zero grammes, but less than 0.02 grammes, of alcohol in 210 litres of breath or 100 millilitres of blood, and
- (b) **special range prescribed concentration of alcohol** means a concentration of 0.02 grammes or more, but less than 0.05 grammes, of alcohol in 210 litres of breath or 100 millilitres of blood, and

210 litres of breath,

- (b) in the case of a sample of breath that is measured by a breath analysing instrument or other breath testing device that provides a reading or result by reference to alcohol present in the blood—the amount of alcohol in grammes in 100 millilitres of blood,
- (c) in the case of a sample of blood—the amount of alcohol in grammes in 100 millilitres of blood.

- (2) An amount of alcohol in grammes present in breath when measured by reference to 210 litres of breath is equivalent to the same amount of alcohol in grammes present in blood when measured by reference to 100 millilitres of blood.
- (3) Accordingly, any offence under this Part relating to the presence of a specified concentration of alcohol in a person's breath or blood at the time of the occurrence of a particular event is a single offence regardless of whether the concentration of alcohol concerned is measured by reference to the amount of alcohol present in breath or in blood (or both).

(b) there was not present in the person's breath or blood the high range prescribed concentration of alcohol, the middle range prescribed concentration of alcohol, the low range prescribed concentration of alcohol or the special range prescribed concentration of alcohol, but that there was present in the person's breath or blood the youth range prescribed concentration of alcohol,

the court may convict the person of an offence under section 24 (1).

26 Presence of higher concentration of alcohol not defence

(1) It is not a defence to a prosecution for an offence under section 24 (1) if the defendant proves that, at the time he or she was operating the vessel, there was present in the defendant's breath or blood a concentration of alcohol of 0.02 grammes or more in 210 litres of breath or 100 millilitres of blood.

27 Defence for offence relating to youth range prescribed concentration of alcohol

It is a defence to a prosecution for an offence under section 24 (1) if the defendant proves that, at the time the defendant was operating the vessel, the presence in the defendant's breath or blood of the youth range prescribed concentration of alcohol was not caused (in

whole or in part) by any of the following:

- (a) the consumption of an alcoholic beverage (otherwise than for the purposes of religious observance),
- (b) the consumption or use of any other substance (for example, food or medicine) for the purpose of consuming alcohol.

 - (d) The Minister may at any time (and without any report) order the release of the vessel (with or without conditions) if satisfied that the vessel is not an unsafe vessel.
 - (e) Before an order for final detention is made, the Minister must cause a copy of the report to be served on the master or owner of the vessel.
 - (f) The Minister must cause a copy of an order for final detention to be served on the owner and master of the vessel (if their identity and whereabouts are known to the Minister).
- (3) When any order for the final detention of a vessel is made, the vessel must not be released until the Minister is satisfied that its further detention is no longer necessary, and orders its release.

Note—

47 Operating detained vessel

Division 2 Vessel registration

49 Vessels requiring registration

- (1) All commercial and recreational vessels that operate in State waters are required to be registered under this Act unless exempt from registration.
- (2) A vessel that is required to be registered under this Act is a **registrable vessel** for the purposes of this Act.

50 Vessels exempt from registration

- (1) A vessel (other than a recreational vessel, a commercial vessel that is an Australian fishing vessel or a pleasure craft or an Australian fishing vessel) is exempt from registration under this Act if the vessel is in State waters and is proceeding on an interstate voyage or an overseas voyage. An Australian fishing vessel is exempt from registration under this Act if it is in State waters and is proceeding on an overseas voyage.
- (2) A vessel is exempt from registration under this Act if the vessel:
 - (a) is not ordinarily operated in State waters, and
 - (b) has been in State waters for less than 3 months, and
 - (c) is registered under the law of another State or a Territory, or of another country, and is operated in accordance with that law.

- (2) The master of a registrable vessel must not operate the vessel in State waters if the vessel is not registered under this Act or is being operated in contravention of any conditions of its vessel registration certificate. It is a defence to a prosecution under this subsection if the master establishes that he or she did not have any reasonable cause to believe that the vessel was not registered or was being so operated.

Maximum penalty: 75 penalty units.

Note—

The registration of a vessel is a marine safety licence—Part 4 deals with the grant of, and other matters relating to, any such licence. A contravention of the conditions of such a licence by the owner is an offence—see section 32.

52 Additional grounds for refusal, suspension or cancellation of registration

In addition to any other ground on which the Minister may refuse to register a vessel or may suspend or cancel its registration, the Minister may do so on the following grounds:

- (a) the Minister may do so on environmental grounds, that is, the vessel causes or will cause unreasonable noise, air or other pollution because of its design, construction or equipment,
- (b) the Minister may do so on aesthetic grounds, that is, the vessel is or will be an eyesore in the port or other area in which it operates or is moored or in which it is proposed to operate or be moored.
