Part 2 Minimum biofuel requirements

6 Minimum ethanol requirement for volume fuel sellers

- (1) A volume fuel seller must ensure that the volume of ethanol sold by the seller (in petrol-ethanol blend) during a relevant period is not less than the minimum ethanol percentage of the total volume of all petrol (including petrol-ethanol blend) sold by the seller during the relevant period.
- (2) The **minimum ethanol percentage** is:
 - (a) 2% for any relevant period before a relevant period to which paragraph (b) or (c) applies, or

- (3) Only ethanol that complies with a biofuel sustainability standard may be counted towards the volume of ethanol sold for the purposes of this section.

7 Minimum biodiesel requirement for volume fuel sellers

- (1) A volume fuel seller must ensure that the volume of biodiesel sold by the seller (in biodiesel blend) during a relevant period is not less than the minimum biodiesel percentage of the total volume of all diesel fuel (including biodiesel blend) sold by the seller during the relevant period.
- (2) The minimum biodiesel percentage is:
 - (a) 2% for any relevant period before a relevant period to which paragraph (b) applies, or
 - (b) 5% for a relevant period that starts on or after 1 January 2012.
- (3) Only biodiesel that complies with a biofuel sustainability standard may be counted towards the volume of biodiesel sold for the purposes of this section.

8 (Repealed)

9 Method for determining volumes of petrol and biodiesel

- (1) For the purpose of determining the volume of petrol sold by a volume fuel seller, the volume of petrol that is petrol-ethanol blend is to be determined as the combined volume of petrol and ethanol in the petrol-ethanol blend (that is, by including the volume of the ethanol).
- (2) For the purpose of determining the volume of diesel fuel sold by a volume fuel seller, the volume of diesel fuel that is biodiesel blend is to be determined as the combined volume of diesel fuel and biodiesel in the biodiesel blend (that is, by including the volume of the biodiesel).
- (3) The regulations may provide for the way in which the volume of petrol, ethanol, diesel fuel and biodiesel is to be determined for the purposes of this Act.

Part 3 Compliance

10 Offence—failure to comply with minimum biofuel requirements

- (1) A person who fails to comply with a minimum biofuel requirement is guilty of an offence.

Maximum penalty:

- (a) in the case of a first offence—500 penalty units, or
 - (b) in the case of a second or subsequent offence—5,000 penalty units.
- (2) It is a defence to a prosecution for a failure to comply with a minimum biofuel requirement if the defendant proves that the defendant took all reasonable steps to comply with the requirement.
 - (3) The regulations may make provision for or with respect to prescribing actions the taking of which by a volume fuel seller will constitute the taking of reasonable steps to comply with a biofuel requirement.
 - (4) The regulations do not prevent a volume fuel seller from proving that other actions taken by the volume fuel seller constitute the taking of reasonable steps to comply with a biofuel requirement.

11 Returns by volume fuel sellers

- (1) A volume fuel seller must furnish a return to the Director-General within 1 month after the end of each relevant period.
- (2) The return is to specify the following information in respect of sales of petrol and diesel fuel by the volume fuel seller during the relevant period:
 - (a) the total volume of petrol sold (including petrol-ethanol blend),

- (b) the total volume of ethanol sold (in the form of petrol-ethanol blend),
 - (c) the total volume of diesel fuel sold (including biodiesel blend),
 - (d) the total volume of biodiesel sold (in the form of biodiesel blend),
 - (e) such other information as may be prescribed by the regulations.
- (3) The return is to be in such form as the Director-General may from time to time require and notify to volume fuel sellers.

12 Keeping of records by volume fuel sellers

- (1) A volume fuel seller must keep such records in respect of sales of petrol and diesel fuel by the volume fuel seller as may be necessary to enable the volume fuel seller to furnish the returns required by section 11.
- (2) Those records are to include records of such transactions and other matters in connection with petrol and diesel fuel sales as the regulations may require.
- (3) The regulations may prescribe the form and manner in which records are to be kept and the period for which records are to be retained.

13 Offence—failure to furnish returns or keep records

- (1) A person who fails to furnish a return in compliance with section 11 or who in purported compliance with that section furnishes a return containing information that the person knows (or ought reasonably to know) is false or misleading in a material particular is guilty of an offence.

Maximum penalty:

- (a) in the case of a first offence—500 penalty units, or
 - (b) in the case of a second or subsequent offence—5,000 penalty units.
- (2) A person who fails to keep and retain records in compliance with section 12 or who in purported compliance with that section makes a record containing information that the person knows (or ought reasonably to know) is false or misleading in a material particular is guilty of an offence.

Maximum penalty:

- (a) in the case of a first offence—500 penalty units, or
 - (b) in the case of a second or subsequent offence—5,000 penalty units.
- (3) It is a defence to a prosecution for a failure to keep and retain records in compliance with section 12 if the defendant proves that the defendant had a reasonable excuse for the failure.

14 Compliance reporting by Minister

- (1) The Minister may from time to time publish information about compliance with the requirements of this Act by volume fuel sellers.
- (2) Without limiting this section, the Minister may publish the names of volume fuel sellers who fail to comply with any provision of this Act, together with information about the nature and extent of any such failure.
- (3) Information published under this section can include a copy of any return furnished under this Act by a volume fuel seller.
- (4) The regulations can prohibit the publication under this section of specified information or information of a specified kind, for the purpose of protecting commercial in confidence information.

15 Exemptions from minimum biofuel requirements

- (1) The Minister may by order in writing exempt a specified person from compliance with a minimum biofuel requirement if the Minister is satisfied that one or more of the following circumstances exist and that those circumstances, separately or in combination, justify the grant of the exemption:
 - (a) it is uneconomic for the person to comply with the requirement because of the price at which the person is reasonably able to obtain ethanol or biodiesel,
 - (b) the person has taken, is taking or will take all reasonable steps to comply with the requirement,
 - (c) other circumstances as are prescribed by the regulations for the purposes of this section.
- (1A) The Minister, for the purpose of determining whether he or she is satisfied that a person has taken, is taking or will take all reasonable steps to comply with a minimum biofuel requirement, may have regard to whether the person has taken the actions prescribed under section 10 (3) (if any).
- (2) The Minister is not to grant an exemption unless the proposed exemption has been referred to the Expert Panel and the Minister has considered any advice of the Panel on the proposed exemption.
- (3) An exemption can be granted subject to conditions.
- (3A) A person must not contravene a condition of an exemption.

Maximum penalty:

- (a) in the case of a first offence—500 penalty units, or

(b) in the case of a second or subsequent offence—5,000 penalty units.

(4) An exemption can be granted as a partial exemption specifying a percentage that is less than the minimum ethanol percentage or minimum biodiesel percentage applicable under section 6 or 7.

Note—

A partial exemption has the effect that the relevant section then applies to require that the volume of ethanol (in petrol ethanol blend) or volume of biodiesel (in biodiesel blend) sold by the volume fuel seller concerned is not less than the specified minimum ethanol percentage or specified minimum biodiesel percentage of the total volume of all petrol or diesel fuel sold by that seller during the relevant period.

(5) An exemption may:

- (a) apply generally or be limited in its application by reference to specified exceptions or factors, and
- (b) apply differently according to different factors of a specified kind, and
- (c) be granted for a specified period or for an indefinite period, and
- (d) if granted for a specified period, be granted before, during or after that period.

(6) An exemption that is granted for:

- (a) a specified period remains in force for that period, and
- (b) an indefinite period remains in force until it is revoked.

A condition of an exemption may, according to its terms, continue in force after the exemption has ceased to be in force.

(7) The Minister may vary or revoke an exemption (including by imposing, varying or revoking a condition of the exemption) at any time by notice in writing to the volume fuel seller concerned.

(8) However, the Minister is not to vary or revoke an exemption unless the proposed variation or revocation has been referred to the Expert Panel and the Minister has considered any advice of the Panel on the proposed variation or revocation.

(9) The regulations may make provision for or with respect to applications for exemptions.

Note—

An exemption from compliance with a minimum biofuel requirement does not affect the obligation to comply with section 11 (Returns by volume fuel sellers) or 12 (Keeping of records by volume fuel sellers).

16 (Repealed)

17 Suspension of minimum biofuel requirements

- (1) The Minister may by order published in the Gazette suspend the operation of a minimum biofuel requirement if satisfied that compliance with that requirement:
 - (a) is uneconomic as a result of the price at which volume fuel sellers are reasonably able to obtain ethanol or biodiesel or industry-wide ethanol or biodiesel shortages, as appropriate, or
 - (b) may result in a risk to public health or safety, or
 - (c) may have an adverse effect on the retail price of petrol or diesel fuel for motorists, or
 - (d) may have an adverse effect on grain or food stock availability, or
 - (e) may substantially inflate grain or food stock prices, or
 - (f) may have a significant adverse environmental impact on water availability or quality, soil fertility and health or biodiversity, or
 - (g) should be suspended for some other extraordinary reason.

Editorial note—

For orders under this subsection, see Gazettes No 105 of 17.7.2009, p 4110; No 133 of 10.12.2010, p 5811; No 66 of 30.6.2011, p 4667 and No 133 of 23.12.2011, p 7415.

- (2) The Minister is not to suspend the operation of a minimum biofuel requirement without first referring the proposed suspension to the Expert Panel for advice and considering the advice of the Expert Panel on the proposed suspension.
- (3) A suspension can be granted as a partial suspension specifying a percentage that is less than the minimum ethanol percentage or minimum biodiesel percentage applicable under section 6 or 7 (with the result that the relevant section then applies to require that the volume of ethanol or biodiesel sold by a volume fuel seller during a relevant period covered by the suspension is not less than that specified percentage of the total volume of all petrol or diesel fuel (as appropriate) sold by the volume fuel seller during the relevant period).
- (4) A suspension granted for a specified period remains in force for that period.
- (5) A suspension that is not granted for a specified period (an ***indefinite suspension***) remains in force until it is revoked.
- (6) The Minister must keep an indefinite suspension under periodic review and must revoke the suspension when satisfied that grounds for the suspension no longer exist. The Minister revokes an indefinite suspension by notice in writing published in the Gazette.

Note—

The suspension of operation of section 6 or 7 does not affect the obligation to comply with section 11 (Returns by volume fuel sellers) or 12 (Keeping of records by volume fuel sellers).
