  - (a) at the association’s official address, or

address that is used by the association.

**[6] Section 82 Notice of cancellation to be sent to association**

Omit the section.

**Explanatory note**

The proposed amendments to the *Associations Incorporation Act 2009* simplify the requirement for the Director-General of the Department of Finance and Services to notify an association before and after the cancellation of the association’s registration by removing the requirement that notice of cancellation be sent by registered post.

Item [1] provides that, if the association’s registration is cancelled voluntarily, notice of that cancellation may be sent by ordinary post. (At present, section 82 requires the notice to be sent by registered post.)

Item [2] continues the requirement that a notice of the proposed involuntary cancellation of the registration of an association (which states the ground or grounds of that cancellation and gives the association and its members an opportunity to make submissions) must be sent by registered post.

Item [3] continues the requirement for notice of the involuntary cancellation of an association’s registration to be published in the Gazette (an obligation presently found in section 82).

Item [4] provides that, if the association’s registration is ultimately involuntarily cancelled, notice of that cancellation may be

sent by ordinary post (rather than by registered post, as currently required).

Item [5] requires notice of the cancellation of an association's registration after the transfer of its registration to registration under a corresponding law to be published in the Gazette (an obligation presently found in section 82) and to be sent to the association by ordinary post (rather than by registered post, as currently required under section 82).

Item [6] omits a provision about the giving of notice of cancellations, which will be redundant as a result of the other proposed amendments.

- (2) In this clause:

**amending provision** means a provision of an Act or instrument that makes a direct amendment to an Act or instrument by:

- (a) the repeal or omission of matter contained in the amended Act or instrument without the insertion of any matter instead of the repealed or omitted matter, or
- (b) the omission of matter contained in the amended Act or instrument and the insertion of matter instead of the omitted matter, or
- (c) the insertion into the amended Act or instrument of matter, not being matter inserted instead of matter omitted from the Act or instrument.

#### **Explanatory note**

This clause ensures that certain amendments, including amendments correcting errors in technical provisions (for example, headings indicating the section to be amended or directions as to where a new section is to be inserted) and rectifying minor drafting errors (for example, corrections in numbering of provisions, correction or insertion of cross-references, omission of unnecessary matter or insertion of omitted matter), will be taken to have commenced on the date the amendments to which they relate commenced.

### **2 Effect of amendment or repeal on acts done or decisions made**

Except where it is expressly provided to the contrary, if this Act:

- (a) amends a provision of an Act or an instrument, or
- (b) repeals and re-enacts (with or without modification) a provision of an Act or an instrument,

any act done or decision made under the provision amended or repealed has effect after the amendment or repeal as if it had been done or made under the provision as so amended or repealed.

#### **Explanatory note**

This clause ensures that the amendment or repeal of a provision will not, unless expressly provided, vitiate any act done or decision made under the provision as in force before the amendment or repeal.

### **3 Effect of amendment on instruments**

Except where expressly provided to the contrary, any instrument made under an Act

amended by this Act, that is in force immediately before the commencement of the amendment, is taken to have been made under the Act as amended.

**Explanatory note**

This clause ensures that, unless expressly provided, any instrument that is in force and made under a provision of an Act that is amended or substituted by the proposed Act will be taken to have been made under the Act as amended.

#### **4 Revocation of repeal**

Section 29A of the *Interpretation Act 1987* applies to the repeal of Acts or instruments, or provisions of Acts or instruments, by this Act.

**Explanatory note**

The Act, instrument or provision the subject of the revocation of repeal is taken not to be, and never to have been, repealed.

#### **5 Regulations**

- (1) The Governor may make regulations containing provisions of a savings or transitional nature consequent on the enactment of this Act.
- (2) Any such provision may, if the regulations so provide, take effect from the date of assent to this Act or a later date.

  - (a) to affect, in a manner prejudicial to any person (other than the State or an authority of the State), the rights of that person existing before the date of its publication, or
  - (b) to impose liabilities on any person (other than the State or an authority of the State) in respect of anything done or omitted to be done before the date of its publication.

**Explanatory note**

This clause enables the making of regulations of a savings or transitional nature having a short term effect and relating to incidental matters arising out of the proposed Act with regard to which no specific, or sufficient, provision has been made in the proposed Act.
