Part 3 Description of fishery

Note—

The fishery is described in Schedule 1 to the Act as consisting of the use of a hauling net or purse seine net to take fish from any

of the following waters:

- (a) ocean waters within 3 nautical miles of the natural coast line,
- (b) the waters of Jarvis Bay,
- (c) the waters of Coffs Harbour.

The ocean hauling fishery extends to the use of any net by the method of hauling to take fish from any of the waters referred to above.

4 Regions of fishery

- (1) For the purposes of this Plan, the waters of the fishery are divided into 7 regions.
- (2) The 7 regions of the fishery are as follows:
 - (a) **Upper north coast (Region 1).** The waters of the fishery lying generally north of the parallel 29°15' south latitude.
 - (b) **Clarence (Region 2).** The waters of the fishery lying generally between the parallel 29°15' south latitude and the parallel 29°45' south latitude.
 - (c) **North coast (Region 3).** The waters of the fishery lying generally between the parallel 29°45' south latitude and the parallel 31°44' south latitude.
 - (d) **Central (Region 4).** The waters of the fishery lying generally between the parallel 31°44' south latitude and the parallel 33°25' south latitude.
 - (e) **Metropolitan (Region 5).** The waters of the fishery lying generally between the parallel 33°25' south latitude and the parallel 34°20' south latitude.
 - (f) **Upper south coast (Region 6).** The waters of the fishery lying generally between the parallel 34°20' south latitude and the parallel 35°25' south latitude.

- (2) **General ocean hauling endorsement—Regions 1, 2, 3, 4, 5, 6 and 7** A general ocean hauling endorsement authorises the holder to assist another person who holds an endorsement of a kind referred to in subclause (4), (6) or (8) to take fish, but only if the region specified in that other endorsement is the same as the region specified in the general ocean hauling endorsement.
- (3) Only shareholders who hold ocean hauling—general ocean hauling shares for a region are eligible to be given, or to nominate a person to be given, a general ocean hauling endorsement for that region.
- (4) **Hauling net (general purpose) endorsement—Regions 1, 2, 3, 4, 5, 6 and 7** A hauling net (general purpose) endorsement authorises the holder to use a hauling net (general purpose) to take fish in the region of the fishery specified in the endorsement.

Part 4 Minimum and maximum shareholdings

7 Minimum shareholding

- (1) For the purpose of section 67 (1) of the Act, the minimum shareholding in relation to a class of shares specified in the Table to this clause is, subject to subclause (2), the number of shares of that class specified in the Table next to the class concerned.

Note—

A person who does not hold the minimum shareholding required for a class of shares will not be eligible to be given, or to nominate another person to be given, an endorsement that authorises the taking of fish in respect of shares of that class. See sections 68 (3) (b) and 69 (2) of the Act.

- (2) The minimum shareholding in relation to a class of shares is, if the shareholder is an original entitlement holder in relation to that class of shares, 1 share of that class.
- (3) Subclause (2) ceases to apply in respect of a class of shares held by a shareholder if the shareholder transfers, assigns, forfeits or surrenders any shares of that class or if any shares of that class are cancelled after the commencement of this Plan (in which case subclause (1) applies to the shareholder).
- (4) For the purposes of this clause, an **original entitlement holder**, in relation to a class of shares, is a person who:
 - (a) held shares of that class immediately before the commencement of this Plan, and
 - (b) was, immediately before the commencement of this Plan, eligible for an endorsement in the fishery (or to nominate a person to be given an endorsement in the fishery) on the basis of that shareholding.
- (5) A person who is issued with shares of a class as a consequence of a decision of the Share Appeal Panel on an appeal in relation to the issue of shares in the fishery and who would have been entitled to an endorsement in the fishery, or to nominate a person to be given an endorsement, if those shares had been issued before the commencement of this Plan, is taken to be an original entitlement holder in relation to that class of shares.

- (6) The shares relied on to meet the minimum shareholding requirement must all be a component of the same ocean hauling fishing business.

Table

Class of shares	Minimum shareholding
Ocean hauling—general ocean hauling shares (Region 1, 2, 3, 4, 5, 6 or 7)	40
Ocean hauling—hauling net (general purpose) shares (Region 1, 2, 3, 4, 5, 6 or 7)	40

Ocean hauling—pilchard, anchovy and bait net (hauling) shares (Region 1, 2, 3, 4, 5, 6 or 7)	30
Ocean hauling—purse seine net shares	40

8 Maximum shareholding

For the purpose of section 72 (1) of the Act, the maximum shareholding is 40% of the total number of shares in the fishery at the commencement of this Plan.

Part 5 Species that may be taken

9 At least 80% of each hauling shot must be comprised of target or conditional target species

- (1) An endorsement holder must not use a net specified in the Table to this clause to take fish unless at least 80% (by whole weight) of the catch taken from each haul is comprised of target species or conditional target species for that type of net.
- (2) In this clause:
 - (a) the target species for a net specified in the Table to this clause is any fish of a species listed next to the type of net concerned under the heading “target species”, and
 - (b) the conditional target species (if any) for a net specified in the Table to this clause is any fish of a species listed next to the type of net concerned under the heading “conditional target species”.
- (3) For the purposes of section 24 of the Act, it is unlawful to use a net specified in the Table to this clause to take fish in the fishery in contravention of this clause.

 - (b) pilchard, anchovy and bait net (hauling).

11 Beaches closed to ocean hauling on a seasonal basis

Pursuant to section 20 (2) of the Act, it is declared that the beaches specified in Column 1 of Schedule 2 are waters in which the class of commercial fishing that consists of the taking of fish by commercial fishers in the fishery is prohibited, during the period specified next to the beach concerned in Column 2 of the Schedule.

Note—

See the Supporting Plan for section 20 (2) closures that apply to more than one share management fishery.

11A Other restrictions on areas of operation

For the purposes of section 20 (2) of the Act, it is declared that the waters specified in Column 1 of Schedule 3 are waters in which the class of commercial fishing that consists of the method of fishing specified in Column 2 of that Schedule is prohibited during the period specified in Column 3 of that Schedule next to the waters concerned.

(2) In this clause:

public holiday means a day that is observed as a public holiday throughout New South Wales.

weekend means the period between midnight on a Friday and midnight on the immediately following Sunday.

Part 6A Fishing gear

Note—

Section 24 of the Act makes it an offence for a person to use a net or trap for taking any fish unless its use by the person for taking those fish is declared by the regulations to be a lawful use of the net or trap. This Part sets out the types of fishing gear that may be lawfully used in the fishery (and the conditions of use).

Division 1 Use of fishing gear

- (a) the net is used only by the method of hauling,
 - (b) the net has a bunt,
 - (c) the bunt of the net:
 - (i) is in the centre of the net and the net has 2 wings of equal length, or
 - (ii) is located between the end of the net first cast or shot and the centre of the net,
 - (d) the length of each hauling line attached to the net does not exceed the total length of the net to which it is attached,
 - (e) the hauling of the net once commenced (that is, when any part of the net other than the hauling line has been shot or cast) is continued without any interruption or delay until completed,
 - (f) any fish contained in any part of the net are immediately removed on completion of the haul, or on removal of that part of the net from the water, whichever occurs first,
 - (g) the net is not used for taking garfish,
 - (h) the net is operated with the assistance of at least one other commercial fisher (who is the holder of a hauling net (general purpose) endorsement or general ocean hauling endorsement for the region concerned),
 - (i) the net is deployed from, and hauled to, a beach.
- (2) It is lawful for the holder of a general ocean hauling endorsement to assist the holder of a hauling net (general purpose) endorsement in the operation of a hauling net in accordance with this clause.
- (3) This clause is subject to clause 9.

Note—

Clause 9 lists the target and conditional target species for this type of net. At least 80% of the catch taken in each haul must be comprised of those species.

- (4) For the purposes of this Plan or any other instrument under the Act, a net described in this clause may be referred to as a hauling net (general purpose) or a hauling net (general purpose)—ocean hauling fishery.

Part 7 General requirements in relation to taking fish

14 Taking of fish with the assistance of others

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not take fish or otherwise engage in any ocean hauling operations in the fishery with the assistance of any other person, unless the other person holds a general ocean hauling endorsement and the region specified in that other person's endorsement is the same as the region specified in the first person's endorsement.
- (2) This clause does not apply to the taking of fish in the fishery from ocean waters (but not from the shore) by use of a purse seine net.

15 Evidence of endorsement must be produced where fishing priority sought

- (1) If an endorsement holder seeks to take priority over another fisher in ocean hauling operations in the fishery, including by taking a turn before that other fisher, the other fisher may request the endorsement holder seeking to take priority, before taking that

turn, to produce evidence of his or her endorsement in the fishery to that other fisher.

- (2) The endorsement holder seeking to take priority may, before responding to such a request, require the fisher making the request to produce evidence of his or her endorsement in the fishery to the endorsement holder seeking priority.
- (3) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that an endorsement holder must not fail to comply with any reasonable request to produce evidence of an endorsement made in accordance with this clause.

16 Display of identification information on motor vehicles

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not engage in any ocean hauling operations unless there is clearly displayed on any motor vehicle used in connection with the operations the following information:
 - (a) the words “Ocean hauling fishery”,
 - (b) the number of the fishing business of which the endorsement is a component (being the number allocated to the fishing business by the Director-General under the Act).
- (2) If a motor vehicle is being used by more than one endorsement holder, it is sufficient that the information referred to in subclause (1) is displayed as required in relation to only one of those endorsement holders.

17 Use of nets in or near flagged swimming areas

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not shoot or retrieve a net, for the purpose of taking fish in the fishery, while in a flagged swimming area.
- (2) In this clause:

flagged swimming area means any part of a beach used as a swimming area, the boundaries of which are indicated by flags.

18 Boat capacity restrictions

- (1) For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement of a type specified in Column 1 of the Table to this clause that the endorsement holder does not use a boat to take fish in the fishery if the boat has a length exceeding the maximum boat length specified in Column 2 of the Table next to the endorsement concerned.

Table

Column 1

Column 2

Column 3

Types of endorsement	Maximum boat length	Exemption code
Hauling net (general purpose) endorsement	6 metres	N/A
Garfish net (hauling) endorsement, pilchard, anchovy and bait net (hauling) endorsement, and purse seine net endorsement	20 metres	OH

- (2) The maximum boat length specified in Column 2 of the Table to this clause does not apply in respect of a boat if:
- (a) it is exempted from the maximum boat length requirement in accordance with an exemption criteria determined by the Director-General, and
 - (b) that exemption is noted on the fishing boat licence for the boat by the Minister using a code of a kind (if any) specified in Column 3 of the Table to this clause next to the endorsement concerned.
- (3) In the case of a boat exempted as provided for by subclause (2), the maximum boat length is taken to be the maximum boat length specified in the fishing boat licence for the boat.
- (4) For the purposes of this clause, the length of a boat is the length noted on the fishing boat licence for that boat.

Part 7A Rights of priority

Note—

This Part sets out the rights of priority between endorsement holders in the ocean hauling fishery. Rights of priority between commercial fishers and recreational fishers on recognised fishing grounds are set out in the [Fisheries Management \(General\) Regulation 2010](#). Rights of priority between endorsement holders in the ocean hauling fishery and endorsement holders in other fisheries on recognised fishing grounds are set out in the [Fisheries Management \(Supporting Plan\) Regulation 2006](#).

Division 1 General

18A Fishing contrary to rights of priority

For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not take fish in the fishery contrary to the rights of priority provided for by this Part after being directed not to do so:

- (a) by a fisheries officer, or
- (b) by another endorsement holder (who is using or intending to use a net or other fishing gear in accordance with this Part).

18B Endorsement holders must use fishing gear in accordance with this Part

For the purposes of section 68 (6A) of the Act, it is a condition of an endorsement that the endorsement holder does not use a net or other fishing gear in a manner that is contrary to the provisions of this Part.

Division 2 Rights of priority

18C Priority between endorsement holders taking fish from same ocean beach

- (1) The rights of priority between endorsement holders taking or intending to take fish by use of a relevant net from the same ocean beach are determined as follows:
 - (a) the first turn belongs to the crew that first arrives at the ocean beach with a licensed fishing boat and with a relevant net laid ready for use, but only if there is at least one crew member in attendance, ready to shoot the net, and the other crew members are in the immediate vicinity,
 - (b) the next turn belongs to the crew that next arrives with such a boat and net, and so on,
 - (c) a turn concludes when a crew has shot its net, but in no case extends over a longer period than 24 hours as against any other crew ready and waiting to haul,
 - (d) during its turn a crew has exclusive rights to so much of the ocean beach as equals in length, measured along the foreshore from the point where the boat belonging to that crew is or was positioned or lying, the total length of the net in use or intended to be used, in the direction in which the net is shot or laid ready for shooting,
 - (e) a crew is not entitled to a second turn until all other crews on the ocean beach have had their first turn,
 - (f) the crew of a boat waiting for a turn automatically forfeits its turn if any member of that crew acts as a member of the crew of a boat making a haul,
 - (g) 2 or more turns may be taken simultaneously if the waters being fished admit of double-banking, provided that no net is shot around an inner net within 7.5 metres of the cork line of that inner net without the consent of the crew operating that inner net.
- (2) In this clause, **crew** means a crew consisting of a holder of a hauling net (general purpose) endorsement and such number (if any) of other endorsement holders that are required to effectively operate the net in use or intended to be used from the boat from which it is being or will be used.
- (3) A fisheries officer is to determine the number of endorsement holders required to effectively operate a net and that determination is final and conclusive.

- (4) Despite the above, a crew that has the minimum crew number (or more) has priority over any crew consisting of less than the minimum crew number (regardless of which crew arrived first at the relevant ocean beach).
- (5) A crew that has less than the minimum crew number is not entitled to a turn while another crew that has the minimum crew number (or more) is ready and waiting to haul (whether or not that other crew has already had a turn).
- (6) The minimum crew number is:
 - (a) 4 endorsement holders, or
 - (b) in respect of particular waters, such greater number of endorsement holders as is determined by a fisheries officer as being required to effectively operate the net in use or intended to be used.
- (7) This clause applies whether or not the ocean beach is a recognised fishing ground (within the meaning of the *Fisheries Management (General) Regulation 2010*).
- (8) In this clause:

relevant net means a hauling net (general purpose), a garfish net (hauling) or a pilchard, anchovy and bait net (hauling).

Part 8 General

19 Adoption of Supporting Plan

For the purposes of section 57A (5) of the Act, the provisions of the Supporting Plan, as they relate to the fishery, and as in force from time to time, are adopted by this Plan.

20 Authorised amendments to Plan

For the purposes of section 64 of the Act, any amendment to this Plan is authorised.
