# Fairfield Local Environmental Plan 2013

New South Wales

## Part 1 Preliminary

### 1.1 Name of Plan

This Plan is *Fairfield Local Environmental Plan 2013*.

### 1.1AA Commencement

This Plan commences 14 days after it is published on the NSW legislation website.

### 1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Fairfield in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows:
  - (a) to ensure that appropriate housing opportunities are provided for all existing and future residents and that those housing opportunities accommodate different lifestyles, incomes and cultures,
  - (b) to ensure that the economic, employment and educational needs of the existing and future community are appropriately planned for,
  - (c) to ensure that the recreational and social needs of the existing and future community are appropriately planned for,
  - (d) to ensure that development is properly integrated with, or assists in improving, Fairfield's public services, infrastructure and amenities,
  - (e) to ensure the proper management of productive agricultural land and prevent the fragmentation of agricultural holdings,
  - (f) to conserve the environmental heritage of Fairfield,
  - (g) to protect and manage areas of remnant bushland, natural watercourses and threatened species.

### **1.3 Land to which Plan applies**

- (1) This Plan applies to the land identified on the [Land Application Map](#).
- (1A) Despite subclause (1), this Plan does not apply to the land identified on the [Land Application Map](#) as “Deferred matter”.

### **1.4 Definitions**

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

### **1.5 Notes**

Notes in this Plan are provided for guidance and do not form part of this Plan.

### **1.6 Consent authority**

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

### **1.7 Maps**

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
  - (a) approved by the Minister when the map is adopted, and
  - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

#### **Note—**

The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

### **1.8 Repeal of planning instruments applying to land**

- (1) All local environmental plans and deemed environmental planning instruments

applying only to the land to which this Plan applies are repealed.

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

**Note—**

However, *Fairfield Local Environmental Plan 1994* continues to apply to the land identified as “Deferred matter” under clause 1.3A (1A).

### **1.8A Savings provision relating to development applications**

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

**Note—**

However, under Division 4B of Part 3 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

### **1.9 Application of SEPPs**

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

*State Environmental Planning Policy No 1—Development Standards*

### **1.9A Suspension of covenants, agreements and instruments**

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
  - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
  - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
  - (c) to any conservation agreement within the meaning of the *National Parks and*

*Wildlife Act 1974*, or

(d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or

(e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or

(f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or

(g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.

(3) This clause does not affect the rights or interests of any public authority under any registered instrument.

(4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

## **Part 2 Permitted or prohibited development**

### **2.1 Land use zones**

The land use zones under this Plan are as follows:

#### **Rural Zones**

RU1 Primary Production

RU2 Rural Landscape

RU4 Primary Production Small Lots

RU5 Village

#### **Residential Zones**

R1 General Residential

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

#### **Business Zones**

B1 Neighbourhood Centre

B2 Local Centre

B3 Commercial Core

B4 Mixed Use

B5 Business Development

B6 Enterprise Corridor

**Industrial Zones**

IN1 General Industrial

IN2 Light Industrial

**Special Purpose Zones**

SP1 Special Activities

SP2 Infrastructure

SP3 Tourist

**Recreation Zones**

RE1 Public Recreation

RE2 Private Recreation

**Environment Protection Zones**

E2 Environmental Conservation

E3 Environmental Management

**Waterway Zones**

W2 Recreational Waterways

**2.2 Zoning of land to which Plan applies**

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

**2.3 Zone objectives and Land Use Table**

- (1) The Land Use Table at the end of this Part specifies for each zone:
  - (a) the objectives for development, and
  - (b) development that may be carried out without development consent, and
  - (c) development that may be carried out only with development consent, and
  - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.

(3) In the Land Use Table at the end of this Part:

- (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
- (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.

(4) This clause is subject to the other provisions of this Plan.

**Notes—**

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

**2.4 Unzoned land**

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority:
  - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
  - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

**2.5 Additional permitted uses for particular land**

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
  - (a) with development consent, or
  - (b) if the Schedule so provides—without development consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

## 2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

### Notes—

- 1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.
- 2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

### Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

## 2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

### Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

## 2.8 Temporary use of land

[Not adopted]

## Land Use Table

### Note—

A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:

*State Environmental Planning Policy (Affordable Rental Housing) 2009* (including provision for secondary dwellings)

*State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004*

*State Environmental Planning Policy (Infrastructure) 2007*—relating to infrastructure facilities such as those that comprise, or are for, air transport, correction, education, electricity generating works and solar energy systems, health services, ports,

railways, roads, waste management and water supply systems

*State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*

*State Environmental Planning Policy (Rural Lands) 2008*

*State Environmental Planning Policy No 33—Hazardous and Offensive Development*

*State Environmental Planning Policy No 50—Canal Estate Development*

*State Environmental Planning Policy No 62—Sustainable Aquaculture*

*State Environmental Planning Policy No 64—Advertising and Signage*

## **Zone RU1 Primary Production**

### **1 Objectives of zone**

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To encourage diversity in primary industry enterprises and systems appropriate for the area.
- To minimise the fragmentation and alienation of resource lands.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.

### **2 Permitted without consent**

Environmental protection works; Extensive agriculture; Home occupations

### **3 Permitted with consent**

Building identification signs; Business identification signs; Dwelling houses; Extractive industries; Farm buildings; Flood mitigation works; Intensive livestock agriculture; Intensive plant agriculture; Open cut mining; Roads; Roadside stalls

### **4 Prohibited**

Any development not specified in item 2 or 3

## **Zone RU2 Rural Landscape**

### **1 Objectives of zone**

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To maintain the rural landscape character of the land.

- To provide for a range of compatible land uses, including extensive agriculture.
- To ensure that development is sympathetic to the environment and minimises risks from natural and man-made hazards.
- To encourage a diverse range of recreation, entertainment and tourism related land uses that are supportive of the facilities and services provided by the surrounding Western Sydney Parklands.

## **2 Permitted without consent**

Environmental protection works; Extensive agriculture; Home occupations

## **4 Prohibited**

Any development not specified in item 2 or 3

### **Zone RU4 Primary Production Small Lots**

#### **1 Objectives of zone**

- To enable sustainable primary industry and other compatible land uses.
- To encourage and promote diversity and employment opportunities in relation to primary industry enterprises, particularly those that require smaller lots or that are more intensive in nature.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To ensure that development is sympathetic to the rural environment and

minimises risks from natural and man-made hazards.

**2 Permitted without consent**

Environmental protection works; Home occupations

**3 Permitted with consent**

Agricultural produce industries; Animal boarding or training establishments; Bed and breakfast accommodation; Building identification signs; Business identification signs; Car parks; Cellar door premises; Child care centres; Community facilities; Crematoria; Dual occupancies; Dwelling houses; Educational establishments; Environmental facilities; Extensive agriculture; Farm buildings; Farm stay accommodation; Flood mitigation works; Forestry; Group homes; Home-based child care; Intensive plant agriculture; Landscaping material supplies; Places of public worship; Plant nurseries; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Respite day care centres; Roads; Roadside stalls; Rural supplies; Secondary dwellings; Veterinary hospitals; Water storage facilities

**4 Prohibited**

Any development not specified in item 2 or 3

**Zone RU5 Village**

**1 Objectives of zone**

- To provide for a range of land uses, services and facilities that are associated with a rural village.
- To promote development in a manner that is compatible with the rural character of the locality.
- To provide for shop top housing that supports business activity.

**2 Permitted without consent**

Environmental protection works; Home occupations

**3 Permitted with consent**

Animal boarding or training establishments; Bed and breakfast accommodation; Business premises; Car parks; Child care centres; Community facilities; Dwelling houses; Educational establishments; Entertainment facilities; Environmental facilities; Flood mitigation works; Food and drink premises; Function centres;

Garden centres; Group homes; Hardware and building supplies; Home-based child care; Information and education facilities; Landscaping material supplies; Markets; Neighbourhood shops; Office premises; Places of public worship; Plant nurseries; Public administration buildings; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Registered clubs; Respite day care centres; Roads; Rural supplies; Schools; Service stations; Shop top housing; Shops; Signage; Timber yards; Vehicle repair stations; Veterinary hospitals

# **Part 3 Exempt and complying development**

## **3.1 Exempt development**

### **Note—**

Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
  - (b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), and
  - (c) cannot be carried out in a wilderness area (identified under the *Wilderness Act 1987*).
- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
  - (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
  - (3) To be exempt development, the development:

- (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
  - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
  - (c) must not be designated development, and
  - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if:
- (a) the building has a current fire safety certificate or fire safety statement, or
  - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must:
- (a) be installed in accordance with the manufacturer's specifications, if applicable, and
  - (b) not involve the removal or pruning of a tree or other vegetation that requires a permit or development consent for removal or pruning, unless that removal or pruning is undertaken in accordance with a permit or development consent.

**Note—**

A permit for the removal or pruning of a tree or other vegetation may be granted under this Plan. A development consent for the removal of native vegetation may be granted where relevant under the *Native Vegetation Act 2003*.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

### **3.2 Complying development**

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
  - (a) the development standards specified in relation to that development, and
  - (b) the requirements of this Part,is complying development.

**Note—**

See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must:
  - (a) be permissible, with development consent, in the zone in which it is carried out, and
  - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
  - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

### 3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:

***environmentally sensitive area for exempt or complying development*** means any of the following:

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired

under Part 11 of that Act,

- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*.

## **Part 4 Principal development standards**

### **4.1 Minimum subdivision lot size**

- (1) The objectives of this clause are as follows:
  - (a) to ensure that subdivision reflects and reinforces the predominant subdivision pattern of the area,
  - (b) to minimise any likely impact of subdivision and development on the amenity of neighbouring properties,
  - (c) to ensure that subdivision does not exacerbate land fragmentation,
  - (d) to foster viable agricultural undertakings.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (3A) If a lot is a battle-axe lot or other lot with an access handle, the area of the access handle is not to be included in calculating the lot size.
- (4) This clause does not apply in relation to the subdivision of individual lots in a strata plan or community title scheme.

[Not adopted]

#### **4.1A Minimum lot size for dual occupancies**

- (1) The objective of this clause is to establish a minimum lot size for dual occupancies.
- (2) Despite clause 4.1, development consent may be granted for development for the purpose of a dual occupancy if the development will be located on a lot that is at least the minimum size shown on the [Lot Size for Dual Occupancy Development Map](#) in

relation to that land.

#### **4.1B Minimum subdivision lot size for dual occupancies**

- (1) The objectives of this clause are as follows:
  - (a) to ensure that lot sizes are consistent with the predominant subdivision pattern of the area and maintain a low density residential character in existing neighbourhoods,
  - (b) to minimise any adverse impact on residential amenity,
  - (c) to prevent the fragmentation of land.
- (2) Despite clauses 4.1 and 4.1A, development consent may be granted for the subdivision of land in Zone R2 Low Density Residential into lots of less than the minimum lot size shown on the [Lot Size Map](#) in relation to that land if:
  - (a) there is an existing dual occupancy on the land that was lawfully erected under an environmental planning instrument, and
  - (b) the lot size of each resulting lot will be at least 300 square metres, and
  - (c) there will be one dwelling on each resulting lot.

#### **4.2 Rural subdivision**

- (1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.
- (2) This clause applies to the following rural zones:
  - (a) Zone RU1 Primary Production,
  - (b) Zone RU2 Rural Landscape,
  - (c) Zone RU4 Primary Production Small Lots,
  - (d) Zone RU6 Transition.
- (3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.
- (5) A dwelling cannot be erected on such a lot.

**Note—**

A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

### **4.3 Height of buildings**

(1) The objectives of this clause are as follows:

- (a) to establish the maximum height for buildings,
- (b) to ensure that the height of buildings complements the streetscape and character of the area in which the buildings are located,
- (c) to minimise the visual impact, disruption of views, loss of privacy and loss of solar access to existing development.

(2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

**Note—**

See Part 7 for exceptions to the maximum height of buildings in the Cabramatta, Canley Heights, Canley Vale, Fairfield and Villawood Town Centres.

### **4.4 Floor space ratio**

(1) The objectives of this clause are as follows:

- (a) to provide an appropriate density of development consistent with the established centres hierarchy,
- (b) to ensure building density, bulk and scale make a positive contribution toward the desired built form as identified by the established centres hierarchy.

(2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).

**Note—**

See Part 7 for exceptions to the maximum floor space ratio for buildings in the Cabramatta and Fairfield Town Centres.

#### **4.4A Exceptions to maximum floor space ratio in Zone R4**

(1) This clause applies to land in Zone R4 High Density Residential (excluding any land in Cabramatta and Canley Vale).

(2) Despite clause 4.4, the maximum floor space ratio for a building on land to which this clause applies is as follows:

- (a) if the building has a street frontage of less than 30 metres—0.8:1,
- (b) if the building has a street frontage of at least 30 metres, but less than 45 metres:

- (i) 1.25:1 if the site has a depth of less than 40 metres, or
- (ii) 1.5:1 if the site has a depth of at least 40 metres,
- (c) if the building has a street frontage of at least 45 metres:
  - (i) 1.5:1 if the site has a depth of less than 40 metres, or
  - (ii) 2:1 if the site has a depth of at least 40 metres.

#### 4.5 Calculation of floor space ratio and site area

(1) **Objectives** The objectives of this clause are as follows:

- (a) to define **floor space ratio**,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
  - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
  - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
  - (iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area** The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others

in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

- (6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.
- (7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.
- (8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.
- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.
- (10) **Covenants affect consolidated sites** If:
- (a) a covenant of the kind referred to in subclause (9) applies to any land (**affected land**), and
  - (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,
- the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.
- (11) **Definition** In this clause, **public place** has the same meaning as it has in the [Local Government Act 1993](#).

#### 4.6 Exceptions to development standards

- (1) The objectives of this clause are as follows:
- (a) to provide an appropriate degree of flexibility in applying certain development

standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

- (2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
- (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
- (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Development consent must not be granted for development that contravenes a development standard unless:
- (a) the consent authority is satisfied that:
- (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
- (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
- (b) the concurrence of the Director-General has been obtained.
- (5) In deciding whether to grant concurrence, the Director-General must consider:
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
- (b) the public benefit of maintaining the development standard, and
- (c) any other matters required to be taken into consideration by the Director-General before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone

RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if:

- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
  - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following:
- (a) a development standard for complying development,
  - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
  - (c) clause 5.4.

## Part 5 Miscellaneous provisions

### 5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

**Note—**

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

| <b>Type of land shown on Map</b>                                      | <b>Authority of the State</b>  |
|---|--|
| Zone RE1 Public Recreation and marked "Local open space"              | Council  |
| Zone RE1 Public Recreation and marked "Regional open space"           | The corporation constituted under section 8 of the Act                 |
| Zone SP2 Infrastructure and marked "Classified road"                  | Roads and Maritime Services  |
| Zone E1 National Parks and Nature Reserves and marked "National Park" | Minister administering the <i>National Parks and Wildlife Act 1974</i> |
| Zone SP2 Infrastructure and marked "Strategic bus corridor"           | Roads and Maritime Services  |

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

**Note—**

If land, other than land specified in the Table to subclause (2) is required to be acquired under the owner-initiated acquisition provisions, the Minister for Planning and Infrastructure is required to take action to enable the designation of the acquiring authority under this clause. Pending the designation of the acquiring authority for that land, the acquiring authority is to be the authority determined by order of the Minister for Planning and Infrastructure (see section 21 of the *Land Acquisition (Just Terms Compensation) Act 1991*).

**5.2 Classification and reclassification of public land**

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

**Note—**

Under the *Local Government Act 1993*, "public land" is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and

- (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
  - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
  - (b) any reservations that except land out of the Crown grant relating to the land, and
  - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

**Note—**

In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

### **5.3 Development near zone boundaries**

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres from land in Zone SP2 Infrastructure, or 1 metre in all other cases.
- (3) This clause does not apply to:
  - (a) land in Zone RE1 Public Recreation, Zone E1 National Parks and Nature Reserves, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone W1 Natural Waterways, or
  - (b) land within the coastal zone, or
  - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that:

- (a) the development is not inconsistent with the objectives for development in both zones, and
  - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) This clause does not prescribe a development standard that may be varied under this Plan.

#### 5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

**Note—**

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:
- (a) 20% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
  - (b) 400 square metres,
- whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 4 bedrooms.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 40 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under

this Plan, the gross floor area must not exceed 8 square metres.

- (9) **Secondary dwellings** If development for the purposes of a secondary dwelling is permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:
- (a) 60 square metres,
  - (b) 10% of the total floor area of the principal dwelling.

### **5.5 Development within the coastal zone**

[Not applicable]

### **5.6 Architectural roof features**

- (1) The objectives of this clause are as follows:
- (a) to permit variations to maximum building height standards only where roof features contribute to the building design and overall skyline,
  - (b) to ensure that the majority of the roof is contained within the maximum building height.
- (2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.
- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
- (a) the architectural roof feature:
    - (i) comprises a decorative element on the uppermost portion of a building, and
    - (ii) is not an advertising structure, and
    - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
    - (iv) will cause minimal overshadowing, and
  - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

### **5.7 Development below mean high water mark**

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.

- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

### 5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent:
  - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
  - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
  - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
  - (a) internal alterations to a building, or
  - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:

***private service provider*** means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

### 5.9 Preservation of trees or vegetation

- (1) The objective of this clause is to preserve the amenity of the area, including biodiversity values, through the preservation of trees and other vegetation.
- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.

**Note—**

A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.

- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:
  - (a) development consent, or
  - (b) a permit granted by the Council.
- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.
- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.
- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.
- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:
  - (a) that is or forms part of a heritage item or that is within a heritage conservation area, or
  - (b) that is or forms part of an Aboriginal object or that is within an Aboriginal place of heritage significance,unless the Council is satisfied that the proposed activity:
  - (c) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area, and
  - (d) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area.

**Note—**

As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.

- (8) This clause does not apply to or in respect of:
  - (a) the clearing of native vegetation:
    - (i) that is authorised by a development consent or property vegetation plan under

the *Native Vegetation Act 2003*, or

- (ii) that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
- (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or
- (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
- (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying and Spatial Information Act 2002*, or
- (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

**Note—**

Permissibility may be a matter that is determined by or under any of these Acts.

(9) [Not adopted]

**5.9AA Trees or vegetation not prescribed by development control plan**

- (1) This clause applies to any tree or other vegetation that is not of a species or kind prescribed for the purposes of clause 5.9 by a development control plan made by the Council.
- (2) The ringbarking, cutting down, topping, lopping, removal, injuring or destruction of any tree or other vegetation to which this clause applies is permitted without development consent.

**5.10 Heritage conservation**

**Note—**

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

- (1) **Objectives** The objectives of this clause are as follows:
  - (a) to conserve the environmental heritage of Fairfield,
  - (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
  - (c) to conserve archaeological sites,
  - (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following:

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance):
  - (i) a heritage item,
  - (ii) an Aboriginal object,
  - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land:
  - (i) on which a heritage item is located or that is within a heritage conservation area, or
  - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land:
  - (i) on which a heritage item is located or that is within a heritage conservation area, or
  - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
  - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
  - (ii) would not adversely affect the heritage significance of the heritage item,

Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or

(b) the development is in a cemetery or burial ground and the proposed development:

(i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and

(ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or

(c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or

(d) the development is exempt development.

(4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

(5) **Heritage assessment** The consent authority may, before granting consent to any development:

(a) on land on which a heritage item is located, or

(b) on land that is within a heritage conservation area, or

(c) on land that is within the vicinity of land referred to in paragraph (a) or (b),

require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

(6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

(7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies):

- (a) notify the Heritage Council of its intention to grant consent, and
  - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance:
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
  - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item:
- (a) notify the Heritage Council about the application, and
  - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:
- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
  - (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and
  - (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
  - (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
  - (e) the proposed development would not have any significant adverse effect on the

amenity of the surrounding area.

### 5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the [Rural Fires Act 1997](#) may be carried out on any land without development consent.

**Note—**

The [Rural Fires Act 1997](#) also makes provision relating to the carrying out of development on bush fire prone land.

### 5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under [State Environmental Planning Policy \(Infrastructure\) 2007](#).
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

### 5.13 Eco-tourist facilities

[Not applicable]

## Part 6 Additional local provisions—generally

### 6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

| <b>Class of land</b> | <b>Works</b>   |
|----------------------|--|
| 1                    | Any works.   |
| 2                    | Works below the natural ground surface.<br>Works by which the watertable is likely to be lowered.  |
| 3                    | Works more than 1 metre below the natural ground surface.<br>Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface. |

- |   |   |
|---|---|
| 4 | Works more than 2 metres below the natural ground surface.<br>Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.  |
| 5 | Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land. |

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the Acid Sulfate Soils Manual and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if:
- (a) a preliminary assessment of the proposed works prepared in accordance with the Acid Sulfate Soils Manual indicates that an acid sulfate soils management plan is not required for the works, and
  - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power):
- (a) emergency work, being the repair or replacement of the works of the public authority, required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
  - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
  - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry out any works if:
- (a) the works involve the disturbance of less than 1 tonne of soil, and
  - (b) the works are not likely to lower the watertable.

## 6.2 Earthworks

- (1) The objective of this clause is to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.
- (2) Development consent is required for earthworks unless:
  - (a) the earthworks are exempt development under this Plan or another applicable environmental planning instrument, or
  - (b) the earthworks are ancillary to development that is permitted without consent under this Plan or to development for which development consent has been given.
- (3) Before granting development consent for earthworks (or for development involving ancillary earthworks), the consent authority must consider the following matters:
  - (a) the likely disruption of, or any detrimental effect on, existing drainage patterns and soil stability in the locality of the development,
  - (b) the effect of the development on the likely future use or redevelopment of the land,
  - (c) the quality of the fill or the soil to be excavated, or both,
  - (d) the effect of the development on the existing and likely amenity of adjoining properties,
  - (e) the source of any fill material and the destination of any excavated material,
  - (f) the likelihood of disturbing relics,
  - (g) the proximity to, and potential for adverse impacts on, any waterway, drinking water catchment or environmentally sensitive area,
  - (h) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

**Note—**

The [National Parks and Wildlife Act 1974](#), particularly section 86, deals with harming Aboriginal objects.

## 6.3 Flood planning

- (1) The objectives of this clause are as follows:
  - (a) to minimise the flood risk to life and property associated with the use of land,
  - (b) to allow development on land that is compatible with the land's flood hazard,

taking into account projected changes as a result of climate change,

(c) to avoid significant adverse impacts on flood behaviour and the environment.

(2) This clause applies to land at or below the flood planning level.

(3) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development:

(a) is compatible with the flood hazard of the land, and

(b) will not significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and

(c) incorporates appropriate measures to manage risk to life from flood, and

(d) will not significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and

(e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.

(4) A word or expression used in this clause has the same meaning as it has in the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005, unless it is otherwise defined in this clause.

(5) In this clause, **flood planning level** means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.

#### **6.4 Floodplain risk management**

(1) The objectives of this clause are as follows:

(a) in relation to development with particular evacuation or emergency response issues, to enable evacuation of land subject to flooding in events exceeding the flood planning level,

(b) to protect the operational capacity of emergency response facilities and critical infrastructure during extreme flood events.

(2) This clause applies to land between the flood planning level and the level of a probable maximum flood, but does not apply to land subject to the discharge of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.

(3) Development consent must not be granted to development for the following purposes on land to which this clause applies unless the consent authority is satisfied that the development will not, in flood events exceeding the flood planning level, affect the safe occupation of, and evacuation from, the land:

- (a) caravan parks,
- (b) commercial premises,
- (c) correctional centres,
- (d) emergency services facilities,
- (e) group homes,
- (f) hospitals,
- (g) industries,
- (h) residential accommodation,
- (i) residential care facilities,
- (j) tourist and visitor accommodation.

(4) In this clause:

**flood planning level** means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.

**probable maximum flood** has the same meaning as it has in the *Floodplain Development Manual* (ISBN 0 7347 5476 0), published in 2005 by the NSW Government.

**Note—**

The **probable maximum flood** is the largest flood that could conceivably occur at a particular location, usually estimated from probable maximum precipitation.

## 6.5 Terrestrial biodiversity

- (1) The objective of this clause is to maintain terrestrial biodiversity by:
  - (a) protecting native fauna and flora, and
  - (b) protecting the ecological processes necessary for their continued existence, and
  - (c) encouraging the conservation and recovery of native fauna and flora and their habitats.
- (2) This clause applies to land identified as “Biodiversity” on the [Terrestrial Biodiversity Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider:
  - (a) whether the development is likely to have:

- (i) any adverse impact on the condition, ecological value and significance of the fauna and flora on the land, and
  - (ii) any adverse impact on the importance of the vegetation on the land to the habitat and survival of native fauna, and
  - (iii) any potential to fragment, disturb or diminish the biodiversity structure, function and composition of the land, and
  - (iv) any adverse impact on the habitat elements providing connectivity on the land, and
- (b) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
- (a) the development is designed, sited and will be managed to avoid any significant adverse environmental impact, or
  - (b) if that impact cannot be reasonably avoided by adopting feasible alternatives—the development is designed, sited and will be managed to minimise that impact, or
  - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

## **6.6 Riparian land and watercourses**

- (1) The objective of this clause is to protect and maintain the following:
- (a) water quality within watercourses,
  - (b) the stability of the bed and banks of watercourses,
  - (c) aquatic and riparian habitats,
  - (d) ecological processes within watercourses and riparian areas.
- (2) This clause applies to land identified as “Riparian area” on the [Riparian Lands and Watercourses Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider:
- (a) whether or not the development is likely to have any adverse impact on the following:
    - (i) the water quality and flows within the watercourse,

- (ii) aquatic and riparian species, habitats and ecosystems of the watercourse,
  - (iii) the stability of the bed and banks of the watercourse,
  - (iv) the free passage of fish and other aquatic organisms within or along the watercourse,
  - (v) any future rehabilitation of the watercourse and riparian areas, and
- (b) whether or not the development is likely to increase water extraction from the watercourse, and
  - (c) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
- (a) the development is designed, sited and will be managed to avoid any significant adverse environmental impact, or
  - (b) if that impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that impact, or
  - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

## **6.7 Landslide risk**

- (1) The objectives of this clause are to ensure that development on land susceptible to landslide:
  - (a) matches the underlying geotechnical conditions of the land, and
  - (b) is restricted on unsuitable land, and
  - (c) does not endanger life or property.
- (2) This clause applies to land identified as “Landslide risk” on the [Landslide Risk Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider the following matters to decide whether or not the development takes into account the risk of landslide:
  - (a) site layout, including access,
  - (b) the development’s design and construction methods,
  - (c) the amount of cut and fill that will be required for the development,

- (d) waste water management, stormwater and drainage across the land,
  - (e) the geotechnical constraints of the site,
  - (f) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development will appropriately manage waste water, stormwater and drainage across the land so as not to affect the rate, volume and quality of water leaving the land, and that:
- (a) the development is designed, sited and will be managed to avoid any landslide risk or significant adverse impact on the development and the land surrounding the development, or
  - (b) if that risk or impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that risk or impact, or
  - (c) if that risk or impact cannot be minimised—the development will be managed to mitigate that risk or impact.

#### **6.8 Infrastructure development—Council**

- (1) Development may be carried out by or on behalf of the Council without development consent on any land, other than land in a heritage conservation area or land containing a heritage item, unless the development is carried out in accordance with a heritage conservation management plan that has been approved by the Council.
- (2) Subclause (1) does not apply to the following development:
  - (a) the erection of a class 1-9 building under the *Building Code of Australia*,
  - (b) development that is not exempt development under *State Environmental Planning Policy (Infrastructure) 2007* and has a capital investment value of more than \$1,000,000.
- (3) Development for the purpose of a car park may be carried out by or on behalf of Council with development consent on any land if the capital investment value is more than \$1,000,000.
- (4) In this clause, **capital investment value** has the same meaning as it has in the *Environmental Planning and Assessment Regulation 2000*.

#### **6.9 Essential services**

Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the development are available or that adequate arrangements have been made to make them available when

required:

- (a) the supply of water,
- (b) the supply of electricity,
- (c) the disposal and management of sewage,
- (d) stormwater drainage or on-site conservation,
- (e) suitable vehicular access.

## **Part 7 Additional local clauses—Town Centres**

### **7.1 Objectives of Part**

- (1) The objectives of this Part are as follows:
  - (a) to establish exceptions to the maximum height of buildings in Cabramatta, Canley Heights, Canley Vale, Fairfield and Villawood,
  - (b) to establish exceptions to the maximum floor space ratio for buildings in Cabramatta and Fairfield.
- (2) A provision in this Part prevails over any other provision of this Plan to the extent of any inconsistency.

### **7.2 Cabramatta—floor space ratio**

- (1) This clause has effect despite clause 4.4.
- (2) The maximum floor space ratio for a building on land identified as “Cabramatta—Area A” on the [Town Centre Precinct Map](#) is:
  - (a) if the building is not used for the purpose of residential accommodation—1.5:1, or
  - (b) if less than 10% of the floor space is used for the purpose of residential accommodation—2:1, or
  - (c) if 10% to 50% of the floor space is used for the purpose of residential accommodation—2.2:1.
- (3) The maximum floor space ratio for a building on land identified as “Cabramatta—Area B” on the [Town Centre Precinct Map](#) is:
  - (a) if the building is not used for the purpose of residential accommodation—1.5:1, or
  - (b) if less than 10% of the floor space is used for the purpose of residential accommodation—1.6:1, or
  - (c) if 10% to 50% of the floor space is used for the purpose of residential

accommodation—1.7:1.

- (4) The maximum floor space ratio for a building on land identified as “Cabramatta—Area C” on the [Town Centre Precinct Map](#) is:
  - (a) if the building is not used for the purpose of residential accommodation—2:1, or
  - (b) if less than 10% of the floor space is used for the purpose of residential accommodation—2:1, or
  - (c) if 10% to 50% of the floor space is used for the purpose of residential accommodation—2.2:1.
- (5) The maximum floor space ratio of any air space development on land identified as “Cabramatta—East” on the [Town Centre Precinct Map](#) that enhances pedestrian connectivity across the railway line is:
  - (a) if at least 30% of the floor space is used for the purpose of residential accommodation—4:1, or
  - (b) in any other case—2.5:1.
- (6) In this clause, ***air space development*** includes development of the air space above the railway line for commercial, entertainment, retail, residential, tourist and visitor accommodation, parking and related purposes.

### 7.3 Cabramatta—height of buildings

- (1) The objective of this clause is to allow development to be built to the maximum permissible building height only if certain development standards are met.
- (2) This clause has effect despite clause 4.3.
- (3) The height of a building on land identified as “Cabramatta—Area A” on the [Town Centre Precinct Map](#) must not exceed 10 metres unless at least 50% of the building will be used for a residential purpose.
- (4) The height of a building on land identified as “Cabramatta—Area B” on the [Town Centre Precinct Map](#) must not exceed 8.5 metres unless the building will include development for the purpose of shop top housing.
- (5) The height of a building on land identified as “Cabramatta—Area D” on the [Town Centre Precinct Map](#) must not exceed 10 metres unless at least 50% of the site area will be landscaped open space.
- (6) Despite subclause (3), the maximum height of any air space development over the railway line on land identified as “Cabramatta—East” on the [Town Centre Precinct Map](#) that enhances pedestrian connectivity across the railway line is 25 metres from the level of the existing railway track.

- (7) In this clause, ***air space development*** includes development of the air space above the railway line for commercial, entertainment, retail, residential, tourist and visitor accommodation, parking and related purposes.

#### **7.4 Canley Heights—height of buildings**

- (1) The objective of this clause is to allow development to be built to the maximum permissible building height if certain development standards are met.
- (2) This clause has effect despite clause 4.3.
- (3) The height of a building on land identified as “Canley Heights” on the [Town Centre Precinct Map](#) must not exceed 9 metres unless the site area of the building is to be at least the minimum site area shown for the land on the [Minimum Site Area Map](#).

#### **7.5 Canley Vale—height of buildings**

- (1) The objective of this clause is to allow development to be built to the maximum permissible building height if certain development standards are met.
- (2) This clause has effect despite clause 4.3.
- (3) The height of a building on land identified as “Canley Vale” on the [Town Centre Precinct Map](#) must not exceed 9 metres unless the site area of the building is to be at least the minimum site area shown for the land on the [Minimum Site Area Map](#).

#### **7.6 Fairfield—floor space ratio**

- (1) This clause has effect despite clause 4.4.
- (2) The floor space ratio of a building on a lot that is on land identified as “Fairfield—Area A” or “Fairfield—Area B” on the [Town Centre Precinct Map](#) must not exceed 3:1 unless:
- (a) the size of the lot is at least 1,360 square metres, and
  - (b) the width of the lot is at least 34 metres.
- (3) The floor space ratio of a building on a lot that is on land identified as “Fairfield—Area C” on the [Town Centre Precinct Map](#) must not exceed 3:1 unless:
- (a) the size of the lot is at least 1,500 square metres, and
  - (b) the width of the lot is at least 30 metres.
- (4) The floor space ratio of a building on a lot that is on land identified as “Fairfield—Area D” on the [Town Centre Precinct Map](#) must not exceed 2.5:1 unless:
- (a) the size of the lot is at least 1,500 square metres, and
  - (b) the width of the lot is at least 40 metres, and

- (c) the depth of the lot is at least 40 metres.
- (5) The floor space ratio of a building on a lot that is on land identified as “Fairfield—Area E” on the [Town Centre Precinct Map](#) must not exceed 2.5:1 unless:
  - (a) the size of the lot is at least 1,500 square metres, and
  - (b) the width of the lot is at least 40 metres.
- (6) The floor space ratio of a building on a lot that is on land identified as “Fairfield—Area F” on the [Town Centre Precinct Map](#) must not exceed 2.75:1 unless the width of the lot is at least 34 metres.

### **7.7 Fairfield—height of buildings**

- (1) The objective of this clause is to allow development to be built to the maximum permissible building height if certain development standards are met.
- (2) This clause has effect despite clause 4.3.
- (3) The height of a building on a lot that is on land identified as “Fairfield—Area A” on the [Town Centre Precinct Map](#) must not exceed 15 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the area of the lot is at least 1,360 square metres, and
  - (c) the width of the lot is at least 34 metres.
- (4) The height of a building on a lot that is on land identified as “Fairfield—Area B” on the [Town Centre Precinct Map](#) must not exceed 21 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the area of the lot is at least 1,360 square metres, and
  - (c) the width of the lot is at least 34 metres.
- (5) The height of a building on a lot that is on land identified as “Fairfield—Area C” on the [Town Centre Precinct Map](#) must not exceed 21 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the area of the lot is at least 1,500 square metres, and
  - (c) the width of the lot is at least 30 metres.

- (6) The height of a building on a lot that is on land identified as “Fairfield—Area D” on the [Town Centre Precinct Map](#) must not exceed 26 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the size of the lot is at least 1,500 square metres, and
  - (c) the width of the lot is at least 40 metres, and
  - (d) the depth of the lot is at least 40 metres.
- (7) The height of a building on a lot that is on land identified as “Fairfield—Area E” on the [Town Centre Precinct Map](#) must not exceed 26 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the size of the lot is at least 1,500 square metres, and
  - (c) the width of the lot is at least 40 metres.
- (8) The height of a building on a lot that is on land identified as “Fairfield—Area F” on the [Town Centre Precinct Map](#) must not exceed 14 metres unless:
  - (a) the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#), and
  - (b) the width of the lot is at least 34 metres.

### **7.8 Villawood—height of buildings**

- (1) The objective of this clause is to allow development to be built to the maximum permissible building height if certain development standards are met.
- (2) This clause has effect despite clause 4.3.
- (3) The height of a building on land identified as “Villawood” on the [Town Centre Precinct Map](#) must not exceed 9 metres unless the site area of the building is at least the minimum site area shown for the land on the [Minimum Site Area Map](#).

## **Schedule 1 Additional permitted uses**

(Clause 2.5)

### **1 Use of certain land at Tarlington Parade, Wall Place and Shearing Place, Bonnyrigg**

- (1) This clause applies to land identified as “1” on the [Key Sites Map](#).
- (2) Development for the purposes of office premises and a plant nursery is permitted with development consent.

**2 Use of certain land at 451 North Liverpool Road, Bonnyrigg Heights**

- (1) This clause applies to land identified as “2” on the [Key Sites Map](#).
- (2) Development for the purposes of a service station and take away food and drink premises is permitted with development consent.

**3 Use of certain land at Cabramatta on the corner of Cabramatta Road West and Orange Grove Road (Cumberland Highway), Cabramatta**

- (1) This clause applies to land identified as “3” on the [Key Sites Map](#).
- (2) Development for the purpose of multi dwelling housing is permitted with development consent.

**4 Use of certain land at 87 and 99 Cabramatta Road East, Cabramatta**

- (1) This clause applies to land identified as “4” on the [Key Sites Map](#).
- (2) Development for the purpose of hardware and building supplies or a timber yard is permitted with development consent, but only if the maximum floor space ratio does not exceed 1.5:1.

**5 Use of certain land at 401-403 Cabramatta Road West, Cabramatta**

- (1) This clause applies to land identified as “5” on the [Key Sites Map](#).
- (2) Development for the purposes of a service station and restaurant or cafe is permitted with development consent, but only if the maximum gross floor area does not exceed 800m<sup>2</sup>.

**6 Use of certain land at 563-567 Cabramatta Road West, Cabramatta West**

- (1) This clause applies to land identified as “6” on the [Key Sites Map](#).
- (2) Development for the purposes of a shop and associated car park is permitted with development consent, but only if:
  - (a) the maximum gross floor area that is able to be leased is 750m<sup>2</sup>, and
  - (b) the maximum building height is one storey for any non-residential use.

**7 Use of certain land at 62 Railway Parade, Fairfield**

- (1) This clause applies to land identified as “7” on the [Key Sites Map](#).
- (2) Development for the purpose of a service station is permitted with development consent.

**8 Use of certain land at 1766-1768 The Horsley Drive, Horsley Park**

- (1) This clause applies to land identified as “8” on the [Key Sites Map](#).
- (2) Development for the purposes of a service station and food and drink premises is permitted with development consent.

**9 Use of certain land at 161 Hume Highway, Lansvale**

- (1) This clause applies to land identified as “9” on the [Key Sites Map](#).
- (2) Development for the purpose of hotel and motel accommodation is permitted with development consent.

**10 Use of certain land at 346 Elizabeth Drive, Mt Pritchard**

- (1) This clause applies to land identified as “10” on the [Key Sites Map](#).
- (2) Development for the purpose of business premises, being a car wash facility and associated cafe, is permitted with development consent.

**11 Use of certain land at 102-118 Dublin Street, Smithfield**

- (1) This clause applies to land identified as “11” on the [Key Sites Map](#).
- (2) Development for the purpose of a cemetery is permitted with development consent.

**12 Use of certain land at 58-60 O’Connell Street, Smithfield**

- (1) This clause applies to land identified as “12” on the [Key Sites Map](#).
- (2) Development for the purpose of bulky goods premises is permitted with development consent.

**13 Use of certain land at 751 The Horsley Drive, Smithfield**

- (1) This clause applies to land identified as “13” on the [Key Sites Map](#).
- (2) Development for the purpose of retail premises ancillary to the use of the building as a warehouse or distribution centre is permitted with development consent if the floor space used for retail purposes will not exceed 10% of the total floor space of the building.

**14 Use of certain land at 958-960 Woodville Road, Villawood**

- (1) This clause applies to land identified as “14” on the [Key Sites Map](#).
- (2) Development for the purpose of business premises, being a car wash facility, is permitted with development consent.

**15 Use of certain land at 485 Smithfield Road, Wakeley**

- (1) This clause applies to land identified as “15” on the [Key Sites Map](#).
- (2) Development for the purposes of a service station and take away food and drink premises is permitted with development consent.

**16 Use of certain land at 8 Metters Place, Wetherill Park**

- (1) This clause applies to land identified as “16” on the [Key Sites Map](#).
- (2) Development for the purpose of a transport depot is permitted with development consent if there is to be no vehicular access between the site and The Horsley Drive.

**17 Use of certain land in Zone IN1 General Industrial, Wetherill Park**

- (1) This clause applies to land identified as “17” on the [Key Sites Map](#).

## Dictionary

(Clause 1.4)

**Aboriginal object** means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or

concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

**Aboriginal place of heritage significance** means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is:

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

**Note—**

The term may include (but is not limited to) places that are declared under section 84 of the [National Parks and Wildlife Act 1974](#) to be Aboriginal places for the purposes of that Act.

**acid sulfate soils** means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

**Acid Sulfate Soils Manual** means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

**Acid Sulfate Soils Map** means the [Fairfield Local Environmental Plan 2013 Acid Sulfate Soils Map](#).

**advertisement** has the same meaning as in the Act.

**Note—**

The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

**advertising structure** has the same meaning as in the Act.

**Note—**

The term is defined as a structure used or to be used principally for the display of an advertisement.

Advertising structures are a type of **signage**—see the definition of that term in this Dictionary.

**affordable housing** has the same meaning as in the Act.

**Note—**

The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

**agricultural produce industry** means a building or place used for the handling, treating, processing or packing, for commercial purposes, of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes wineries, flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include

a livestock processing industry.

**Note—**

Agricultural produce industries are a type of **rural industry**—see the definition of that term in this Dictionary.

**agriculture** means any of the following:

- (a) aquaculture,
- (b) extensive agriculture,
- (c) intensive livestock agriculture,
- (d) intensive plant agriculture.

**Note—**

Part 6 of the *Plantations and Reafforestation Act 1999* provides that exempt farm forestry within the meaning of that Act is not subject to the *Environmental Planning and Assessment Act 1979*.

**air transport facility** means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

**airport** means a place that is used for the landing, taking off, parking, maintenance or repair of aeroplanes, and includes associated buildings, installations, facilities and movement areas and any heliport that is part of the airport.

**Note—**

Airports are a type of **air transport facility**—see the definition of that term in this Dictionary.

**airstrip** means a single runway for the landing, taking off or parking of aeroplanes for private aviation only, but does not include an airport, heliport or helipad.

**amusement centre** means a building or place (not being part of a pub or registered club) used principally for playing:

- (a) billiards, pool or other like games, or
- (b) electronic or mechanical amusement devices, such as pinball machines, computer or video games and the like.

**animal boarding or training establishment** means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

**aquaculture** has the same meaning as in the *Fisheries Management Act 1994*.

**Note—**

Aquaculture is a type of **agriculture**—see the definition of that term in this Dictionary.

**archaeological site** means a place that contains one or more relics.

**attached dwelling** means a building containing 3 or more dwellings, where:

- (a) each dwelling is attached to another dwelling by a common wall, and

- (b) each of the dwellings is on its own lot of land, and
- (c) none of the dwellings is located above any part of another dwelling.

**Note—**

Attached dwellings are a type of **residential accommodation**—see the definition of that term in this Dictionary.

**attic** means any habitable space, but not a separate dwelling, contained wholly within a roof above the ceiling line of the storey immediately below, except for minor elements such as dormer windows and the like.

**backpackers' accommodation** means a building or place that:

- (a) provides temporary or short-term accommodation on a commercial basis, and
- (b) has shared facilities, such as a communal bathroom, kitchen or laundry, and
- (c) provides accommodation on a bed or dormitory-style basis (rather than by room).

**Note—**

Backpackers' accommodation is a type of **tourist and visitor accommodation**—see the definition of that term in this Dictionary.

**basement** means the space of a building where the floor level of that space is predominantly below ground level (existing) and where the floor level of the storey immediately above is less than 1 metre above ground level (existing).

**bed and breakfast accommodation** means an existing dwelling in which temporary or short-term accommodation is provided on a commercial basis by the permanent residents of the dwelling and where:

- (a) meals are provided for guests only, and
- (b) cooking facilities for the preparation of meals are not provided within guests' rooms, and
- (c) dormitory-style accommodation is not provided.

**Note—**

See clause 5.4 for controls relating to the number of bedrooms for bed and breakfast accommodation.

Bed and breakfast accommodation is a type of **tourist and visitor accommodation**—see the definition of that term in this Dictionary.

**bee keeping** means a building or place used for the keeping and breeding of bees for commercial purposes.

**Note—**

Bee keeping is a type of **extensive agriculture**—see the definition of that term in this Dictionary.

and the highest point of the building, including plant and lift overruns, but excluding communication devices, antennae, satellite dishes, masts, flagpoles, chimneys, flues and the like.

**building identification sign** means a sign that identifies or names a building and that may include the name of a building, the street name and number of a building, and a logo or other symbol but does not include general advertising of products, goods or services.

**Note—**

Building identification signs are a type of **signage**—see the definition of that term in this Dictionary.

**building line** or **setback** means the horizontal distance between the property boundary or other stated boundary (measured at 90 degrees from the boundary) and:

- (a) a building wall, or
- (b) the outside face of any balcony, deck or the like, or
- (c) the supporting posts of a carport or verandah roof,

whichever distance is the shortest.

**bulky goods premises** means a building or place the principal purpose of which is the sale, hire or display of bulky goods, being goods that are of such size or weight as to require:

- (a) a large area for handling, display or storage, and
- (b) direct vehicular access to the site of the building or place by members of the public for the purpose of loading or unloading such goods into or from their vehicles after purchase or hire,

and including goods such as floor and window supplies, furniture, household electrical goods, equestrian supplies and swimming pools, but does not include a building or place used for the sale of foodstuffs or clothing unless their sale is ancillary to the sale or hire or display of bulky goods.

**Note—**

Bulky goods premises are a type of **retail premises**—see the definition of that term in this Dictionary.

**bush fire hazard reduction work** has the same meaning as in the [Rural Fires Act 1997](#).

**Note—**

The term is defined as follows:

**bush fire hazard reduction work** means:

- (a) the establishment or maintenance of fire breaks on land, and
- (b) the controlled application of appropriate fire regimes or other means for the reduction or modification of available fuels within a predetermined area to mitigate against the spread of a bush fire,

but does not include construction of a track, trail or road.

**bush fire prone land** has the same meaning as in the Act.

**Note—**

The term is defined, in relation to an area, as land recorded for the time being as bush fire prone land on a map for the area certified as referred to in section 146 (2) of the Act.

**bush fire risk management plan** means a plan prepared under Division 4 of Part 3 of the *Rural Fires Act 1997* for the purpose referred to in section 54 of that Act.

**business identification sign** means a sign:

- (a) that indicates:
  - (i) the name of the person or business, and
  - (ii) the nature of the business carried on by the person at the premises or place at which the sign is displayed, and
- (b) that may include the address of the premises or place and a logo or other symbol that identifies the business,

but that does not contain any advertising relating to a person who does not carry on business at the premises or place.

**Note—**

Business identification signs are a type of **signage**—see the definition of that term in this Dictionary.

**business premises** means a building or place at or on which:

- (a) an occupation, profession or trade (other than an industry) is carried on for the provision of services directly to members of the public on a regular basis, or
- (b) a service is provided directly to members of the public on a regular basis,

and includes a funeral home and, without limitation, premises such as banks, post offices, hairdressers, dry cleaners, travel agencies, internet access facilities, betting agencies and the like, but does not include an entertainment facility, home business, home occupation, home occupation (sex services), medical centre, restricted premises, sex services premises or veterinary hospital.

**Note—**
