- (a) to serve a period of probation on commencing the executive's employment, and

- (c) a New Zealand citizen with a current New Zealand passport, or

- (2) A talent pool may be used for recruitment to ongoing employment or for term employment.
- (3) A talent pool may, without limitation, be established jointly by more than one division of the NSW Health Service and may be used for recruitment purposes by any division of the NSW Health Service.
- (4) A person may be included in a talent pool for no longer than the period of 12 months following the completion of the comparative assessment that entitled the person to be included in the talent pool.

- (1) This rule applies to any of the following decisions (an **employment decision**):

 - (b) the conversion to ongoing employment of a Health executive's term employment.
- (2) Any employment decision relating to an executive role is to be based on an assessment of the capabilities, experience and knowledge of the person concerned against the pre-established standards for the role to determine the person best suited to the requirements of the role and the needs of the relevant division of the NSW Health Service.
- (3) Without limiting subrule (2), the following principles apply in relation to employment decisions:
 - (a) any recruitment action (whether for ongoing employment or term employment) is to take into account:
 - (i) long and short term capability needs to meet the objectives of the relevant division of the NSW Health Service, and

- (ii) existing workforce capabilities,

14 Ongoing employment (cf rule 20 GSE (General) Rules 2014)

The following decisions must be based on a comparative assessment after external advertising:

- (a) the decision to employ a person in ongoing employment in a particular band and the initial assignment of the person to an executive role in that band,
- (b) any subsequent decision to employ the person in a different band and the initial assignment of the person to an executive role in that band.

15 Conversion of term employment to ongoing employment at-level (cf rule 12 GSE (General) Rules 2014)

- (1) The employer of a Health executive may convert the executive's term employment to ongoing employment if:
 - (a) the ongoing employment is within the same band as the band in which the executive is employed, and
 - (b) the executive has been employed in that term employment for a period of at least 12 months.
- (2) Subrule (1) (b) applies in relation to a Health executive only if the role in which the executive is employed was advertised on the basis that it was for the duration of a specified task.
- (3) The conversion to ongoing employment under this rule:
 - (a) must be based on the results of a comparative assessment after external advertising (whether a previous comparative assessment for the executive role concerned or a new comparative assessment) and on the executive's most recent performance under the NSW Health Service's performance management system, and

(b) is subject to the satisfactory conduct of the executive.

16 Term employment for up to 12 months (cf rule 21 GSE (General) Rules 2014)

- (1) The decision to employ a Health executive in term employment for a period of up to 12 months must be based on either a suitability assessment or a comparative assessment.
- (2) If the Health executive is employed in term employment on the basis of a suitability assessment, the executive cannot continue in that employment after 12 months unless the person does so on the basis of a comparative assessment after external advertising. In such a case, action to undertake the additional requirements of a comparative assessment should commence not later than 9 months after the commencement of the executive's term employment.

17 Term employment for more than 12 months (cf rule 22 GSE (General) Rules 2014)

If a Health executive is employed in accordance with rule 16 or 17 after a suitability or comparative assessment (the **initial assessment**) and the executive's term employment is subsequently extended for a further period, a further suitability assessment (if the extended period is for up to 12 months) or a further comparative assessment (if the extended period is for more than 12 months) is not required in connection with the decision to employ the executive for that further period if:

- (a) the executive is to be assigned to the same executive role as the role to which the executive was assigned after the initial assessment, or

- (2) The employer of a Health executive may, as a condition of the engagement of the person in an executive role relating to financial management, require the person to declare, before the person is engaged in that role, whether or not the person has at any time been declared bankrupt or made a composition, arrangement or assignment for the benefit of the person's creditors.

21 Absence from duty (cf cl 13 GSE Reg 2014)

- (1) A Health executive must not be absent from duty unless reasonable cause is shown.
- (2) If a Health executive is absent from duty because of illness or other emergency, the executive must, as soon as practicable, provide an explanation for the absence.
- (3) If the Health executive fails to provide that explanation to the satisfaction of the executive's employer, the employer is to cause to be deducted from the pay of the executive the amount paid to the executive for the period of absence.
- (4) This rule does not prevent the employer or the Health Secretary from taking any other action that the employer or Health Secretary is authorised to take in relation to a Health executive who is absent from duty without authorised leave.

22 Fitness for duty (cf cl 15 GSE Reg 2014)

- (1) For the purposes of this rule, a Health executive is not fit for duty if the health of the executive:
 - (a) may render the executive a risk to the health and safety of other persons employed in the NSW Health Service or the general public, or
 - (b) is likely to be seriously affected by the executive remaining on duty or, if the executive is absent from duty, by the executive resuming duty.
- (2) If the employer of a Health executive has reason to believe that the executive is not fit for duty, the employer may direct the executive to submit to such medical examination or other health assessment as the employer may, on the advice of a nominated medical assessor, consider necessary.

- (3) If the employer of a Health executive gives the executive a direction under subrule (2), the executive:
 - (a) must, if on duty, cease duty immediately, and
 - (b) must not resume duty until the completion of the medical examination or other health assessment concerned unless the concurrence of a nominated medical assessor is first obtained or a certificate is furnished by a medical practitioner that the executive is fit for duty.
- (4) If the employer of a Health executive receives a health assessment from a nominated medical assessor that the executive is fit for duty and the executive is absent from duty, the employer is to direct in writing that the executive must resume duty.
- (5) If the employer of a Health executive receives a health assessment from a nominated medical assessor that the executive is not fit for duty:
 - (a) the employer is to direct in writing that the executive must cease duty immediately or, if absent from duty, must not resume duty, and
 - (b) the executive must not resume duty unless the employer, on the advice of a nominated medical assessor, approves the resumption of duty in writing.
- (6) If a direction has been given to a Health executive under subrule (4) or (5), the nature of the leave, if any, to be granted to the executive during the absence from duty is to be determined by the employer after consideration of any relevant advice of the nominated medical assessor.
- (7) The employer of a Health executive is to give the health care professional providing a health assessment of the executive under this rule any requested information about the employment of the executive that is reasonably required for the purpose of providing the assessment.
- (8) In this rule:

25 Part-time work (cf rule 48 GSE (General) Rules 2014)

- (1) The employer of a Health executive may approve a request by the executive to undertake work on a part-time basis (namely, that the executive is not available for duty during the whole or part of a normal working day).
- (2) An agreement between the employer and the Health executive about part-time work must specify the days or parts of days when the executive is available for duty.
- (3) The remuneration of the Health executive is to be calculated on a pro-rata basis (excluding allowances in the nature of reimbursement where the part-time executive will receive the same amount as a full-time executive in the same circumstances).
