- (6) On and from the SOC conversion day until the first meeting of the board, the voting shareholders may, from time to time, appoint a person to act in the office of chief executive officer until a chief executive officer (or acting chief executive officer) is appointed by the board.

9 Application of SOC Act

The provisions of this Part are in addition to and do not (except to the extent to which this Part provides) derogate from the provisions of the SOC Act.

Division 2 Objectives and functions of Transport Asset Holding Entity

10 Objectives of TAHE

- (1) The principal objectives of TAHE are as follows:
 - (a) to undertake its activities in a safe and reliable manner,
 - (b) to be a successful business and, to this end:
 - (i) to operate at least as efficiently as any comparable businesses, and
 - (ii) to maximise the net worth of the State's investment in TAHE,
 - (c) to exhibit a sense of social responsibility by having regard to the interests of the community in which it operates,
 - (d) where its activities affect the environment, to conduct its operations in compliance with the principles of ecologically sustainable development contained in section 6 (2) of the *Protection of the Environment Administration Act 1991*,

- (e) to exhibit a sense of responsibility towards regional development and decentralisation in the way in which it operates.
- (2) Each of the principal objectives of TAHE is of equal importance.
- (3) The provisions of section 20E of the SOC Act do not apply to TAHE.

11 Functions of TAHE

- (1) For the purposes of this Act, the **listed functions** of TAHE are as follows:
 - (a) to hold, manage, operate and maintain transport assets vested in or owned by it, or to be vested in or owned by it,
 - (b) to establish, finance, acquire, construct and develop transport assets to be vested in or owned by it,
 - (c) to promote and facilitate access to the part of the NSW rail network vested in or owned by TAHE in accordance with any current NSW rail access undertaking or otherwise lease or make available transport assets vested in or owned by TAHE to other persons or bodies,
 - (d) to acquire and develop land for the purpose of enabling TAHE to carry out its other functions (including the acquisition of land under section 12).
- (2) TAHE may:
 - (a) provide facilities or services that are necessary, ancillary or incidental to its listed functions, and
 - (b) conduct any business or activity (whether or not related to its listed functions) that it considers will further its objectives.
- (3) However, the listed functions of TAHE and its functions under subsection (2) may only be exercised under the authority of, and in accordance with, one or more operating licences.
- (4) TAHE also has such other functions as may be conferred or imposed on it:
 - (a) by or under any other Act or law, or
 - (b) by an operating licence.
- (5) Nothing in this Act requires the authorisation of an operating licence for the exercise of a function that is conferred or imposed on TAHE by or under any other Act or law.

12 Acquisition of land by TAHE

- (1) TAHE may, for any purposes of TAHE, acquire land (including an interest in land)

by agreement or by compulsory process in accordance with the *Land Acquisition (Just Terms Compensation) Act 1991*.

- (2) The other purposes for which land may be acquired under subsection (1) include for the purposes of a future sale, lease or disposal, that is, to enable TAHE to exercise its functions in relation to land under this Act.
- (3) For the purposes of the *Public Works and Procurement Act 1912*, any such acquisition of land is taken to be an authorised work and TAHE is, in relation to that authorised work, taken to be the Constructing Authority.
- (4) TAHE may not give a proposed acquisition notice under the *Land Acquisition (Just Terms Compensation) Act 1991* without the approval of the Minister.
- (5) Any such acquisition is not void merely because it is expressed to be for the purposes of TAHE or for the purposes of this Act.
- (6) Part 3 of the *Public Works and Procurement Act 1912* does not apply in respect of works constructed for the purposes of this section.

Note—

Section 20X of the SOC Act prohibits the acquisition of certain fixed assets by a statutory State owned corporation or any of its subsidiaries without the prior written approval of its voting shareholders.

Division 3 Operating licences

13 Grant of operating licences

- (1) The Minister may grant one or more operating licences to TAHE to authorise it, in accordance with this Act, to carry out the listed functions specified in the licence, and such other functions as may be conferred or imposed on it by the licence, in the circumstances (if any) specified in the licence.

Note—

Section 11 (5) provides that nothing in this Act requires the authorisation of an operating licence for the exercise of a function that is conferred or imposed on TAHE by or under a provision of this Act (other than section 11) or by or under any other Act or law.

- (2) If TAHE is granted more than one operating licence, each operating licence must specify the functions to which it relates and the areas or circumstances (or both) in which those functions may be exercised under the authority of that licence.
- (3) Except to the extent to which this Act expressly provides, nothing in an operating licence limits the requirements imposed by or under any other Act or law with respect to the functions referred to in subsection (1).
- (4) An operating licence may authorise TAHE to carry out any of its functions outside of the State.

(5) In this section, **listed functions** of TAHE include functions under section 11 (2).

14 Terms and conditions of operating licence

- (1) An operating licence is subject to the terms and conditions determined by the Minister.
- (2) Without limiting subsection (1), an operating licence may include terms or conditions dealing with the following matters:
 - (a) compliance by TAHE with network and asset standard requirements issued from time to time by TfNSW,
 - (b) a pricing regime or structure relating to assets leased or to which access is made available by TAHE,
 - (c) arrangements under which TAHE assets are leased or to which access is made available,
 - (d) safety integrity,
 - (e) integration of transport modes,
 - (f) transport services which TAHE is permitted or not permitted to operate itself,
 - (g) capital works programs, procurement and asset lifecycle (including maintenance or maintenance outsourcing),
 - (h) businesses and activities conducted outside the State,
 - (i) development, use or disposal of TAHE's real property or transport infrastructure.

Note—

In the case where TAHE has been granted more than one operating licence, section 13 (2) requires each operating licence to specify the functions of TAHE to which the licence relates and the circumstances (or both) in which those functions may be exercised under the authority of that licence.

15 Amendment of operating licence

- (1) The Minister may:
 - (a) amend an operating licence (including by adding, altering or omitting functions authorised by the licence or areas or circumstances in which such functions may be exercised under the authority of the licence), or
 - (b) substitute an operating licence, or
 - (c) impose, amend or revoke conditions of the operating licence.

- (2) The Minister is to consult with TAHE before exercising a function under subsection (1).

16 Term of operating licence

- (1) The term of an operating licence is to be for the period determined by the Minister.
- (2) The Minister may renew an operating licence.
- (3) An operating licence may be renewed even if its term has expired.

17 Contravention of operating licence

- (1) If, in the opinion of the Minister, TAHE contravenes an operating licence, the Minister may cause a notice to be served on TAHE requiring it to rectify the contravention within a specified period.

Note—

See also section 6 (7)—the voting shareholders may remove a director, or the chairperson, from office at any time for any reason, including for example, for the reason that TAHE has contravened its operating licence.

- (2) If, in the opinion of the Minister, TAHE contravenes an operating licence, and whether or not a notice has been served under subsection (1) or the period specified in the notice has ended, the Minister may direct that TAHE is to pay a monetary penalty of an amount to be determined, subject to the regulations, by the Minister.
- (3) The fact that the Minister has directed that action be taken under this section does not prevent the Minister directing that the same or other action under this section be taken if the contravention continues or a fresh contravention occurs.
- (4) An operating licence may make provision for advice to be provided to the Minister in connection with the exercise of the Minister's functions under this section.
- (5) A penalty imposed under this section may be recovered in any court of competent jurisdiction as if it were a debt due to the State.

18 Cancellation of operating licence

- (1) An operating licence of TAHE may be cancelled only in the circumstances specified by this section.
- (2) The Minister may cancel an operating licence of TAHE if TAHE ceases for any or no reason, otherwise than as authorised by the operating licence, to carry out the functions of TAHE to which the licence relates in accordance with the operating licence.

- (3) The Minister may cancel any or all of the operating licences of TAHE if:
- (a) TAHE:
 - (i) is, in the opinion of the Minister, in material default in complying with any operating licence, viewed in terms of the operation of the operating licence as a whole, and
 - (ii) has not, within the time specified by the Minister in a notice to TAHE, either rectified the default or shown cause, to the satisfaction of the Minister, why the operating licence should not be cancelled, or
 - (b) TAHE has been convicted on more than 3 occasions within a period of 12 months of offences that are punishable by a fine of at least \$10,000 or, if TAHE were a natural person, imprisonment for 12 months or more.
- (4) A notice under section 17 (1) can also be regarded as a notice for the purposes of subsection (3) (a) (ii).
- (5) If an operating licence is cancelled under this section, the Minister may, by order published in the Gazette, transfer to the State or a public or local authority (as specified in the order), from a date specified in the order, such of the assets and rights of TAHE that are specified in the order and that, in the opinion of the Minister, are necessary to enable the State or the public or local authority to exercise such of the functions exercisable (or formerly exercisable) by TAHE as appear to be necessary in the public interest.
- (6) An order under this section may also provide for:
- (a) the State or a public or local authority to assume those liabilities of TAHE that the Minister considers appropriate and specifies in the order, or
 - (b) the State or a public or local authority to discharge the whole or any part of the liabilities of TAHE.
- (7) Schedule 4 applies to any transfer of assets or rights or any assumption of liabilities under this section in the same way as it applies to a transfer of assets, rights or liabilities under an order to which that Schedule applies.
- (8) In this section, **assets**, **rights** and **liabilities** have the same meanings as those terms have in Schedule 4.
