Willoughby Local Environmental Plan 2012

New South Wales

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Willoughby Local Environmental Plan 2012*.

1.1AA Commencement

This Plan commences on 31 January 2013 and is required to be published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Willoughby in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows:
 - (a) for planning framework:
 - (i) to establish a broad planning framework for Willoughby, and
 - (ii) to enable the achievement of the goals and outcomes of the Willoughby City Strategy through planning controls,
 - (b) for sustainability:
 - (i) to conserve and enhance, for current and future generations, the ecological integrity, environmental heritage and environmental significance of Willoughby, and
 - (ii) to promote an appropriate balance between development and management of the environment, that will be ecologically sustainable, socially equitable and economically viable, and
 - (iii) to better manage the risks associated with climate change through mitigation and adaptation, and

- (iv) to reduce resource consumption through the planning and control of land use and development, and
 - (v) to reduce potential energy and water consumption and waste materials during the construction, occupation, utilisation and lifecycle of buildings,
- (c) for environmental protection:
- (i) to identify, protect and enhance environmentally sensitive areas such as native vegetation and fauna, foreshore areas, open space and areas of high scenic landscape value, and
 - (ii) to allow development at a scale that is sensitive to environmental constraints, and
 - (iii) to control and manage any adverse environmental impacts of development, and
 - (iv) to prevent loss of life and property by bush fires, by discouraging the establishment of incompatible uses in bush fire prone areas and incorporating as part of compatible developments protective measures that minimise bush fire risk without unacceptable environmental degradation, including:
 - (A) construction techniques and materials to maximise their resistance to bush fire, and
 - (B) adequate measures to enable the safe evacuation of people from the land and enable access to that land by emergency services during a bush fire,
- (d) for urban design:
- (i) to ensure development embraces the principles of quality urban design, and encourages innovative, high quality architectural design with long-term durability and environmental sustainability, and
 - (ii) to promote development that is designed and constructed:
 - (A) to enhance or integrate into the natural landform and the existing character of distinctive locations, neighbourhoods and streetscapes, and
 - (B) to contribute to the desired future character of the locality concerned, and
 - (iii) to ensure development design contributes positively to, and wherever possible facilitates improvements to, the public domain, and
 - (iv) to preserve, enhance or reinforce specific areas of high visual quality, ridgelines and landmark locations, including significant gateways, views and vistas, and

- (v) to ensure that development design takes into consideration crime prevention principles,
- (e) for amenity:
 - (i) to maintain and enhance the existing amenity of the local community, and
 - (ii) to reduce adverse impacts from development on adjoining or nearby residential properties,
- (f) for housing:
 - (i) to provide opportunities for a range of housing choice in Willoughby to cater for changing population needs in accessible locations, and
 - (ii) to facilitate the provision of adaptable and affordable housing,
- (g) for economic sustainability:
 - (i) to provide opportunities for a range of employment opportunities in Willoughby, and
 - (ii) to strengthen the viability and role of the city centres of Willoughby as places for commercial and cultural activities and services, and
 - (iii) to maintain and encourage a diversity of industry and services in Willoughby,
- (h) for wellbeing—to provide for social, cultural, recreational and community activities to meet the needs of residents, workers and visitors to Willoughby,
- (i) for heritage—to conserve items of environmental and cultural heritage and to retain the character of heritage conservation areas,
- (j) for access:
 - (i) to provide for local and regional transport needs and promote and increase the use of active transport through walking, cycling and the use of public transport, and
 - (ii) to provide appropriate levels of car parking in connection with the location of development and managing the demand for ancillary car parking, where there is good access to public transport nodes and services, and
 - (iii) to provide integrated development design of pedestrian and vehicular access, parking, loading and delivery facilities.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
 - (a) approved by the Minister when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.
- (1AA) A reference to the Minister in subclause (1) is taken to be a reference to the Greater Sydney Commission in the case of any map that applies to a local government area in the Greater Sydney Region (within the meaning of the [Greater Sydney Commission Act 2015](#)) and that is adopted by a local environmental plan on or after 27 January 2016.
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments

applying only to the land to which this Plan applies are repealed.

Note—

The following local environmental plans are repealed under this provision:

Willoughby Local Environmental Plan 1995

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

Note—

However, under Division 4B of Part 3 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

1.8B Repeal of SEPP applying to land

Sydney Regional Environmental Plan No 5—(Chatswood Town Centre) is repealed.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

State Environmental Planning Policy No 1—Development Standards

- (2A) Division 1 of Part 2 of *State Environmental Planning Policy (Affordable Rental Housing) 2009* does not apply to the land to which clause 6.8 applies.

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:

- (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
 - (g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)-(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows:

Residential Zones

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

Business Zones

B1 Neighbourhood Centre

B2 Local Centre

B3 Commercial Core

B4 Mixed Use

B5 Business Development

B7 Business Park

Industrial Zones

IN1 General Industrial

IN2 Light Industrial

Special Purpose Zones

SP1 Special Activities

SP2 Infrastructure

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Environment Protection Zones

E1 National Parks and Nature Reserves

E2 Environmental Conservation

E4 Environmental Living

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone:
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part:
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any

definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.

(4) This clause is subject to the other provisions of this Plan.

Notes—

- 1 Schedule 1 sets out for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority:
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
 - (a) with development consent, or
 - (b) if the Schedule so provides—without development consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

- 1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or [State Environmental Planning Policy \(Exempt and Complying Development](#)

Codes) 2008, the Act enables it to be carried out without development consent.

2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that:
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new

release area or a new housing estate may exceed the maximum number of days specified in that subclause.

- (5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

Land Use Table

Note—

A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:

State Environmental Planning Policy (Affordable Rental Housing) 2009 (including provision for secondary dwellings)

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

State Environmental Planning Policy (Infrastructure) 2007—relating to infrastructure facilities such as those that comprise, or are for, air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007

State Environmental Planning Policy (Rural Lands) 2008

State Environmental Planning Policy No 33—Hazardous and Offensive Development

State Environmental Planning Policy No 50—Canal Estate Development

State Environmental Planning Policy No 62—Sustainable Aquaculture

State Environmental Planning Policy No 64—Advertising and Signage

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To accommodate development that is compatible with the scale and character of the surrounding residential development.
- To retain and enhance residential amenity, including views, solar access, aural and visual privacy, and landscape quality.
- To retain the heritage values of particular localities and places.
- To encourage self sufficiency with respect to energy and food supply.

Zone B7 Business Park

1 Objectives of zone

- To provide a range of office and light industrial uses.
- To encourage employment opportunities.
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.
- To ensure that the access needs and traffic generated by uses do not interfere with the safety and efficiency of the road network.

Zone IN1 General Industrial

1 Objectives of zone

- To provide a wide range of industrial and warehouse land uses.
- To encourage employment opportunities.
- To minimise any adverse effect of industry on other land uses.
- To support and protect industrial land for industrial uses.
- To identify and preserve industrial land to meet the current and future general industrial needs of Willoughby and the wider region.
- To accommodate industrial development that provides employment and a range of goods and services without adversely affecting the amenity, health or safety of residents in adjacent areas.

- To permit land uses that serve the daily convenience needs of workers employed in the industrial area.
- To protect the viability of business zones in Willoughby by enabling development for the purpose of offices if they are ancillary to, and used in conjunction with, industrial, manufacturing, warehousing or other permitted uses on the same land.
- To improve the environmental quality of Willoughby by ensuring that land uses conform to land, air and water quality pollution standards and environmental and hazard reduction guidelines.
- To accommodate uses that, because of demonstrated special building or site requirements or operational characteristics, cannot be, or are inappropriate to be, located in other zones.

Zone IN2 Light Industrial

1 Objectives of zone

- To provide a wide range of light industrial, warehouse and related land uses.
- To encourage employment opportunities and to support the viability of centres.
- To minimise any adverse effect of industry on other land uses.
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.
- To support and protect industrial land for industrial uses.
- To identify and preserve industrial land to meet the current and future light industrial needs of Willoughby and the wider region.
- To accommodate industrial development that provides employment and a range of goods and services without adversely affecting the amenity, health or safety of residents in adjacent areas.
- To protect the viability of business zones in Willoughby by enabling development for the purposes of offices if they are used in conjunction with industrial, manufacturing, warehousing or other permitted uses on the same land.

4 Prohibited

Any development not specified in item 2 or 3

Zone E2 Environmental Conservation

1 Objectives of zone

- To protect, manage and restore areas of high ecological, scientific, cultural or aesthetic values.
- To prevent development that could destroy, damage or otherwise have an adverse effect on those values.
- To conserve native plant and animal species through the maintenance of suitable habitats.
- To contribute to the scenic quality of Willoughby, including the foreshore.

2 Permitted without consent

Nil

3 Permitted with consent

Environmental facilities; Environmental protection works; Roads

4 Prohibited

Business premises; Hotel or motel accommodation; Industries; Multi dwelling housing; Recreation facilities (major); Residential flat buildings; Restricted premises; Retail premises; Seniors housing; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Zone E4 Environmental Living

1 Objectives of zone

- To provide for low-impact residential development in areas with special ecological, scientific or aesthetic values.
- To ensure that residential development does not have an adverse effect on those values.
- To ensure that development preserves and enhances the natural features and bushland within the immediate locality (including natural vegetation, geological features, drainage patterns, the water table and the relationship of development to the natural topography) and does not increase bush fire hazard potential.
- To maintain the scale, character and streetscape of individual localities.
- To retain and enhance residential amenity, including views, solar access, aural and visual privacy, foreshore setting, landscape quality and heritage value.

2 Permitted without consent

Part 3 Exempt and complying development

3.1 Exempt development

Note—

Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
 - (b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the [Threatened Species Conservation Act 1995](#) or the [Fisheries Management Act 1994](#)), and
 - (c) cannot be carried out in a wilderness area (identified under the [Wilderness Act 1987](#)).
- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
 - (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
 - (3) To be exempt development, the development:
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the [Heritage Act 1977](#) or that is subject to an interim heritage order under the [Heritage Act 1977](#).
 - (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if:
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
 - (5) To be exempt development, the development must:
 - (a) be installed in accordance with the manufacturer's specifications, if applicable,

and

- (b) not involve the removal or pruning of a tree or other vegetation that requires a permit or development consent for removal or pruning, unless that removal or pruning is undertaken in accordance with a permit or development consent.

Note—

A permit for the removal or pruning of a tree or other vegetation may be granted under this Plan. A development consent for the removal of native vegetation may be granted where relevant under the [Native Vegetation Act 2003](#).

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
 - (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,is complying development.

Note—

See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must:
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the [Local Government Act 1993](#), from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.

(2) For the purposes of this clause:

environmentally sensitive area for exempt or complying development means any of the following:

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

(1) The objectives of this clause are as follows:

- (a) to retain the pattern of subdivision in low density residential and environmental living zones,
- (b) to ensure lots have sufficient area for the effective siting of development in order to achieve a good relationship with adjoining dwellings and to provide adequate space for landscaped open space, drainage, parking, residential amenity and other services,
- (c) to require larger lots along the foreshore or where the topography or other natural features of a site limit its subdivision potential,

(d) to ensure that subdivision does not cause fragmentation of sites that limits potential future uses or redevelopment in accordance with the zone objectives.

- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (3A) If a lot is a battle-axe lot or other lot with an access handle, the area of the access handle is not to be included in calculating the lot size.
- (4) This clause does not apply in relation to the subdivision of individual lots in a strata plan or community title scheme.

4.1AA Minimum subdivision lot size for community title schemes

[Not adopted]

4.1A Minimum subdivision lot size for strata plan schemes in Zone B3

- (1) The objective of this clause is to ensure that the land to which this clause applies is not fragmented by subdivision that would adversely impact the tenancy mix and long-term potential of commercial properties for redevelopment.
- (2) This clause applies to land in Zone B3 Commercial Core in the Chatswood central business district, identified as “Area 1” on the [Lot Size Map](#).
- (3) The size of any lot resulting from a subdivision of land to which this clause applies under the *Strata Schemes (Freehold Development) Act 1973* (other than any lot comprising common property within the meaning of that Act) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that strata subdivision of a building in certain circumstances is specified complying development.

4.1B Minimum subdivision lot size for shop top housing

- (1) Despite clause 4.1, development consent may be granted for the subdivision of shop top housing on a lot:
 - (a) on which development for the purpose of shop top housing is permitted under Schedule 1, and
 - (b) that comprises land identified as “Area 1” on the [Lot Size Map](#),

even if the size of any or all lots resulting from the subdivision is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

- (2) For the avoidance of doubt, the minimum size shown on the [Lot Size Map](#) in relation to that lot continues to apply to the subdivision of the premises on the ground floor and any other floor that does not contain shop top housing on that lot.

4.1C Minimum subdivision lot size for dual occupancies

- (1) Development consent may be granted to the subdivision of a lot on which there is a dual occupancy if:
- (a) the lot is not a lot in the area identified as “Area 1” on the [Dual Occupancy Restriction Map](#), and
 - (b) the area of each lot resulting from the subdivision is at least 350 square metres, and
 - (c) each of the resulting lots will have one of the dwellings on it, and
 - (d) the floor space ratio of each dwelling does not exceed:
 - (i) 0.4:1, or
 - (ii) any floor space ratio specified under clause 4.4A for a building on the lot, whichever is the lesser, and
 - (e) a final occupation certificate was issued for the dual occupancy at least 5 years before the development consent is granted.
- (2) To avoid doubt, this clause does not affect the right to subdivide a dual occupancy under clause 4.1.

4.2 Rural subdivision

[Not applicable]

4.3 Height of buildings

- (1) The objectives of this clause are as follows:
- (a) to ensure that new development is in harmony with the bulk and scale of surrounding buildings and the streetscape,
 - (b) to minimise the impacts of new development on adjoining or nearby properties from disruption of views, loss of privacy, overshadowing or visual intrusion,
 - (c) to ensure a high visual quality of the development when viewed from adjoining properties, the street, waterways, public reserves or foreshores,

- (d) to minimise disruption to existing views or to achieve reasonable view sharing from adjacent developments or from public open spaces with the height and bulk of the development,
 - (e) to set upper limits for the height of buildings that are consistent with the redevelopment potential of the relevant land given other development restrictions, such as floor space and landscaping,
 - (f) to use maximum height limits to assist in responding to the current and desired future character of the locality,
 - (g) to reinforce the primary character and land use of the city centre of Chatswood with the area west of the North Shore Rail Line, being the commercial office core of Chatswood, and the area east of the North Shore Rail Line, being the retail shopping core of Chatswood,
 - (h) to achieve transitions in building scale from higher intensity business and retail centres to surrounding residential areas.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

4.3A Exceptions to height of buildings

- (1) The height of a building on land in Zone E4 Environmental Living in Northbridge that is identified as “Area 1” on the [Height of Buildings Map](#) must not exceed:
- (a) a height that is equal to 3.5 metres above ground level (existing) at the highest point of the land where the land adjoins the street frontage, and
 - (b) 10 metres above ground level (existing) at any other point of the land.
- (2) The height of a building on land in Herbert Street, St Leonards that is identified as “Area 2” on the [Height of Buildings Map](#) must not exceed RL 105 Australian Height Datum, except for the following:
- (a) if the building is on the area that is, or was, occupied by the former substation brick building—the height of the building must not exceed RL 98 Australian Height Datum,
 - (b) if the former substation brick building is retained for adaptation—the height of the building on land at 13 Herbert Street, St Leonards, being the land containing building 3 as identified on SP 66951, must not exceed RL 130 Australian Height Datum,
 - (c) if the former substation brick building is retained for adaptation—the height of the building on land at 7 or 9 Herbert Street, St Leonards, being the land containing buildings 1 and 2 as identified on SP 69609, must not exceed RL 140 Australian

Height Datum.

- (3) Subject to subclause (4), the height of a building on land in Victoria Avenue, Chatswood that is identified as “Area 3” on the [Height of Buildings Map](#) must not exceed, for the first 1 metre of the building back from the road frontage, 7 metres above ground level (existing) at the centre point of the lot boundary where it adjoins the road frontage.
- (4) If the building is on the northern side of Victoria Avenue, Chatswood on land that is identified as “Area 3” on the [Height of Buildings Map](#), any part of the building that is more than 1 metre back from the road frontage and higher than 7 metres above ground level (existing) at the centre point of the lot boundary where it adjoins the road frontage must be set back to conform to the sun plane angle at mid-winter between 12.00 pm and 2.00 pm.
- (5) The height of a dual occupancy (detached) must not exceed 5.7 metres if:
 - (a) there is an existing dwelling house on the lot, or
 - (b) the dual occupancy is the furthest from the street frontage, or
 - (c) in relation to a corner lot—the dual occupancy is the furthest from the junction of the two streets.
- (6) The height of a secondary dwelling must not exceed 5.7 metres if it is separate from the principal dwelling.
- (7) The height of a building on land in the foreshore area must not exceed 3.5 metres above ground level (existing) on any part of the lot.
- (8) Development consent must not be granted to the erection of a building within 50 metres of The Concourse, Garden of Remembrance, Chatswood Park and Oval, Chatswood Mall and the *Angophora costata* on the Chatswood Police Station site if the development would cause increased overshadowing impacts on the space used by the public, or the tree canopy in the case of the *Angophora costata*, at mid-winter between 12.00 pm and 2.00 pm.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows:
 - (a) to limit the intensity of development to which the controls apply so that it will be carried out in accordance with the environmental capacity of the land and the zone objectives for the land,
 - (b) to limit traffic generation as a result of that development,
 - (c) to minimise the impacts of new development on adjoining or nearby properties

from disruption of views, loss of privacy, overshadowing or visual intrusion,

- (d) to manage the bulk and scale of that development to suit the land use purpose and objectives of the zone,
 - (e) to permit higher density development at transport nodal points,
 - (f) to allow growth for a mix of retail, business and commercial purposes consistent with Chatswood's sub-regional retail and business service, employment, entertainment and cultural roles while conserving the compactness of the city centre of Chatswood,
 - (g) to reinforce the primary character and land use of the city centre of Chatswood with the area west of the North Shore Rail Line, being the commercial office core of Chatswood, and the area east of the North Shore Rail Line, being the retail shopping core of Chatswood,
 - (h) to provide functional and accessible open spaces with good sunlight access during key usage times and provide for passive and active enjoyment by workers, residents and visitors to the city centre of Chatswood,
 - (i) to achieve transitions in building scale and density from the higher intensity business and retail centres to surrounding residential areas,
 - (j) to encourage the consolidation of certain land for redevelopment,
 - (k) to encourage the provision of community facilities and affordable housing and the conservation of heritage items by permitting additional gross floor area for these land uses.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).
- (2A) Despite subclause (2):
- (a) the maximum floor space ratio for a building on land in Zone R2 Low Density Residential or Zone E4 Environmental Living is to be determined as if the area of the access laneway of a battle-axe lot were not part of the area of the lot, and
 - (b) any part of the floor area of a building that:
 - (i) is to be used for community facilities or affordable housing purposes, or
 - (ii) is a heritage item,is taken not to be part of the gross floor area of the building for determining the maximum floor space ratio of the building.
- (2B) Subclause (2A) (b) does not apply unless the consent authority is satisfied that:

(a) the building will not cause adverse impacts on adjoining land in terms of overshadowing, privacy, bulk and scale, and

(b) the conservation of any heritage item and its setting will be achieved.

(2C) Subclause (2A) (b) (i) does not apply in respect of a building used for affordable housing purposes if the erection of the building is consistent with Division 1 of Part 2 of *State Environmental Planning Policy (Affordable Rental Housing) 2009*.

4.4A Exceptions to floor space ratio

(1) The maximum floor space ratio for all buildings on a lot in Zone R2 Low Density Residential in the area identified as “Area 1” on the [Floor Space Ratio Map](#), the total area of which is specified in Column 1 of the Table to this subclause, is the floor space ratio specified opposite that area in Column 2 of that Table.

Over 1,300	0.25

- (3) The maximum floor space ratio for all buildings on a lot in Zone R2 Low Density Residential in the area identified as “Area 3” on the [Floor Space Ratio Map](#), the total area of which is specified in Column 1 of the Table to this subclause, is the floor space ratio specified opposite that area in Column 2 of that Table.

Maximum floor space ratio for Zone R2 in Area 3

Column 1	Column 2
Site area (square metres)	Floor space ratio (:1)
Under 200	0.65
200-300	0.55
301-400	0.50
401-500	0.47
Over 500	0.45

- (4) The maximum floor space ratio for a building on land identified as “Area 4” on the [Floor Space Ratio Map](#) may exceed 3:1 if:
- (a) the former substation brick building is retained for adaptation, and
 - (b) the floor space ratio does not exceed 4:1.
- (5) The maximum floor space ratio for a building on land identified as “Area 5” or “Area 6” on the [Floor Space Ratio Map](#) may exceed 1:1 if:
- (a) the site area is greater than 1,000 square metres, and
 - (b) the floor space ratio will not exceed 1.5:1, and
 - (c) if the building is on land in Area 6—the site coverage will not exceed 45% of the

site area.

- (6) The maximum floor space ratio for a building on land identified as “Area 7” on the [Floor Space Ratio Map](#) may exceed 1:1 if:
 - (a) the site area is greater than 1,000 square metres, and
 - (b) the floor space ratio will not exceed 2.5:1.
- (7) Development consent must not be granted to the erection of a dual occupancy on land in Zone R2 Low Density Residential if the floor space ratio of the dual occupancy would exceed 0.4:1.
- (8) Development consent may be granted to the alteration of a dwelling house to create a dual occupancy if the floor space ratio of the 2 buildings, as altered, will not exceed the floor space ratio of the dwelling house before the alteration.
- (9) The total floor space ratio for all shops on land in Zone B2 Local Centre, known as Lot 1, DP 1013682, 79–113 Sailors Bay Road, Northbridge, must not exceed 1:1.
- (10) The total floor space ratio for all shops on land in Zone B3 Commercial Core, known as Lots 2, 3 and 5, DP 879307, 201–205 Pacific Highway, St Leonards, being land bounded by Herbert Street, Pacific Highway, Sergeants Lane and Chandos Street, must not exceed 0.4:1.
- (11) The maximum floor space ratio for all shops on land in Zone B3 Commercial Core, known as 2–10 Chandos Street, St Leonards and 2–14 Northcote Street, Naremburn, must not exceed 0.2:1.
- (12) The total floor space ratio for all buildings on land identified as “Area 8” on the [Floor Space Ratio Map](#) may exceed 5:1 if:
 - (a) the site area exceeds 2,500 square metres, and
 - (b) the floor space ratio will not exceed 10.5:1, and
 - (c) a minimum of 40% of the site is available for landscaping, publicly accessible space and through site links, and
 - (d) site coverage does not exceed 60%.
- (13) The maximum floor space ratio for a building on land identified as “Area 9” on the [Floor Space Ratio Map](#) may exceed 2.5:1 if:
 - (a) the site area exceeds 3,000 square metres, and
 - (b) the floor space ratio will not exceed 4:1.
- (14) Development consent must not be granted for shop top housing on land in Zone B4

Mixed Use if:

- (a) for land bounded by Victoria Avenue, Hercules Street, Oscar Street and Albert Avenue, Chatswood—the floor space ratio for the housing will exceed 1.25:1, or
- (b) for all other land in that zone—the floor space ratio for the housing will exceed 1:1.

- (15) The maximum floor space ratio for all buildings on a lot in Zone E4 Environmental Living in the area identified as “Area 10” on the [Floor Space Ratio Map](#), the total area of which is specified in Column 1 of the Table to this subclause, is the floor space ratio specified opposite that area in Column 2 of that Table.

Maximum floor space ratio for Zone E4 in Area 10

Column 1	Column 2
Site area (square metres)	Floor space ratio (:1)
Under 400	0.45
400-500	0.40
501-600	0.36
601-700	0.34
701-800	0.32

1,001-1,100	0.26
1,101-1,300	0.25
Over 1,300	0.24

- (16) Development consent may be granted for the purpose of erecting a building on land that is identified as “Area 11” on the [Floor Space Ratio Map](#), known as 2-12 Thomas Street, 73-77 Albert Avenue and Fleet Lane, Chatswood, that would result in the floor space ratio not exceeding 7:1 if:

- (a) the site area exceeds 4,000 square metres, and
- (b) the floor space ratio of any shop top housing will not exceed 3.5:1.

- (17) Development consent may be granted for the purpose of erecting a building on land identified as “Area 12” on the [Floor Space Ratio Map](#) (known as 688-692 Pacific Highway, Chatswood) that would result in the floor space ratio exceeding 2:1 if:

- (a) the site area exceeds 1,140 square metres, and

- (b) the floor space ratio will not exceed 3.7:1.
- (18) Development consent may be granted for the purpose of erecting a building on land identified as “Area 13” on the [Floor Space Ratio Map](#) (known as 2-14 Northcote Street, Naremburn) that would result in the floor space ratio exceeding 2:1 if:
- (a) the site area exceeds 3,900 square metres, and
 - (b) the floor space ratio will not exceed 2.5:1.
- (19) The maximum floor space ratio for a building on land identified as “Area 14” on the [Floor Space Ratio Map](#) may exceed 2.7:1 if:
- (a) the site area exceeds 2,200 square metres, and
 - (b) the floor space ratio will not exceed 4:1, and
 - (c) the floor space ratio of any shop top housing will not exceed 2:1.
- (20) The maximum floor space ratio for buildings on land identified as “Area 17” on the [Floor Space Ratio Map](#) is:
- (a) in the case of buildings that are, or are part of, a hospital—2.5:1, or
 - (b) in any other case—1:1 or (if the site area is greater than 1,000 square metres and the site coverage does not exceed 45% of the site area) 1.5:1.
- (21) Development consent may be granted for the purpose of erecting a building on land identified as “Area 18” on the [Floor Space Ratio Map](#) that would result in the floor space ratio exceeding 1:1 if:
- (a) the site area exceeds 1,000 square metres, and
 - (b) the floor space ratio will not exceed 3.5:1, and
 - (c) the site coverage will not exceed 60% of the site area.

4.5 Calculation of floor space ratio and site area

- (1) **Objectives** The objectives of this clause are as follows:
- (a) to define ***floor space ratio***,
 - (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and

(iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area** The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”** When development consent is granted to

development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites** If:

(a) a covenant of the kind referred to in subclause (9) applies to any land (***affected land***), and

(b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition** In this clause, ***public place*** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

(1) The objectives of this clause are as follows:

(a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

(2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.

(3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:

(a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and

(b) that there are sufficient environmental planning grounds to justify contravening the development standard.

- (4) Development consent must not be granted for development that contravenes a development standard unless:
- (a) the consent authority is satisfied that:
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Secretary has been obtained.
- (5) In deciding whether to grant concurrence, the Secretary must consider:
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Secretary before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if:
- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note—

When this Plan was made it did not include land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential or Zone E3 Environmental Management.

- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following:

- (a) a development standard for complying development,
- (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
- (c) clause 5.4,
- (ca) clause 4.3 (to the extent that it applies to land at 1-5 Broadcast Way, Artarmon, being Lots 1-6, DP 270714).

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Roads and Maritime Services
Zone E1 National Parks and Nature Reserves and marked "National Park"	Minister administering the National Parks and Wildlife Act 1974

Zone E2 Environmental Conservation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone R2 Low Density Residential and marked "Local road widening"	Council
Zone R3 Medium Density Residential and marked "Local road widening"	Council
Zone B2 Local Centre and marked "Local road widening"	Council
Zone B4 Mixed Use and marked "Local road widening"	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the Table to this clause and that has not been acquired by the relevant authority of the State specified for the land in clause 5.1.
- (3) Development consent must not be granted to any development on land to which this clause applies other than development for a purpose specified opposite that land in Column 2 of that Table.

Column 1	Column 2
Land	Development
Zone RE1 Public Recreation and marked "Local open space"	Recreation areas
Zone RE1 Public Recreation and marked "Regional open space"	Environmental protection works
Zone SP2 Infrastructure and marked "Classified road"	Roads
Zone E2 Environmental Conservation and marked "Regional open space"	Environmental protection works
Zone R2 Low Density Residential and marked "Local road widening"	Roads

Zone R3 Medium Density Residential and marked "Local road widening"	Roads
Zone B2 Local Centre and marked "Local road widening"	Roads
Zone B4 Mixed Use and marked "Local road widening"	Roads

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the [Local Government Act 1993](#).

Note—

Under the [Local Government Act 1993](#), "public land" is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the [Local Government Act 1993](#). Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the [Local Government Act 1993](#).
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the [Local Government Act 1993](#).
- (4) The public land described in Part 1 of Schedule 4:
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the [Crown Lands Act 1989](#)).

Note—

In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

[Not adopted]

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:
- (a) 1% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 100 square metres,
- whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 10 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 8 square metres.
- (9) **Secondary dwellings** If development for the purposes of a secondary dwelling is

permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

- (a) 60 square metres,
- (b) 10% of the total floor area of the principal dwelling.

5.5 Development within the coastal zone

[Not applicable]

5.6 Architectural roof features

- (1) The objectives of this clause are as follows:
 - (a) to encourage innovative and high quality architectural design for buildings with a height of 60 metres or more,
 - (b) to reinforce the distinctive skyline profile of the city centre of Chatswood when viewed from other parts of Sydney.
- (2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.
- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
 - (a) the architectural roof feature:
 - (i) comprises a decorative element on the uppermost portion of a building, and
 - (ii) is not an advertising structure, and
 - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
 - (iv) will cause minimal overshadowing, and
 - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the

bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent:
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
 - (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Preservation of trees or vegetation

- (1) The objective of this clause is to preserve the amenity of the area, including biodiversity values, through the preservation of trees and other vegetation.
- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.

Note—

A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.

- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:
 - (a) development consent, or
 - (b) a permit granted by the Council.
- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.
- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.
- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.
- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:
 - (a) that is or forms part of a heritage item or that is within a heritage conservation area, or
 - (b) that is or forms part of an Aboriginal object or that is within an Aboriginal place of heritage significance,unless the Council is satisfied that the proposed activity:
 - (c) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area, and
 - (d) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area.

Note—

As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.

- (8) This clause does not apply to or in respect of:
 - (a) the clearing of native vegetation:
 - (i) that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003*, or

- (ii) that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
- (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or
- (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
- (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying and Spatial Information Act 2002*, or
- (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

Note—

Permissibility may be a matter that is determined by or under any of these Acts.

- (9) Subclause (8) (a) (ii) does not apply in relation to land in Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living.

Note—

When this Plan was made it did not include land in Zone R5 Large Lot Residential or Zone E3 Environmental Management.

5.9AA Trees or vegetation not prescribed by development control plan

- (1) This clause applies to any tree or other vegetation that is not of a species or kind prescribed for the purposes of clause 5.9 by a development control plan made by the Council.
- (2) The ringbarking, cutting down, topping, lopping, removal, injuring or destruction of any tree or other vegetation to which this clause applies is permitted without development consent.

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

- (1) **Objectives** The objectives of this clause are as follows:
 - (a) to conserve the environmental heritage of Willoughby,
 - (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,

(c) to conserve archaeological sites,

(d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following:

(a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance):

(i) a heritage item,

(ii) an Aboriginal object,

(iii) a building, work, relic or tree within a heritage conservation area,

(b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,

(c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,

(d) disturbing or excavating an Aboriginal place of heritage significance,

(e) erecting a building on land:

(i) on which a heritage item is located or that is within a heritage conservation area, or

(ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,

(f) subdividing land:

(i) on which a heritage item is located or that is within a heritage conservation area, or

(ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not required if:

(a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:

(i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal

- object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
- (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development:
- (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
- (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment** The consent authority may, before granting consent to any development:
- (a) on land on which a heritage item is located, or
- (b) on land that is within a heritage conservation area, or
- (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this

clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance:

- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
- (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.

(9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item:

- (a) notify the Heritage Council about the application, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:

- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
- (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of

the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and

- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note—

The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 Eco-tourist facilities

- (1) The objectives of this clause are as follows:
 - (a) to maintain the environmental and cultural values of land on which development for the purposes of eco-tourist facilities is carried out,
 - (b) to provide for sensitively designed and managed eco-tourist facilities that have minimal impact on the environment both on and off-site.
- (2) This clause applies if development for the purposes of an eco-tourist facility is permitted with development consent under this Plan.
- (3) The consent authority must not grant consent under this Plan to carry out development for the purposes of an eco-tourist facility unless the consent authority is satisfied that:
 - (a) there is a demonstrated connection between the development and the ecological, environmental and cultural values of the site or area, and
 - (b) the development will be located, constructed, managed and maintained so as to minimise any impact on, and to conserve, the natural environment, and
 - (c) the development will enhance an appreciation of the environmental and cultural values of the site or area, and

- (d) the development will promote positive environmental outcomes and any impact on watercourses, soil quality, heritage and native flora and fauna will be minimal, and
- (e) the site will be maintained (or regenerated where necessary) to ensure the continued protection of natural resources and enhancement of the natural environment, and
- (f) waste generation during construction and operation will be avoided and that any waste will be appropriately removed, and
- (g) the development will be located to avoid visibility above ridgelines and against escarpments and from watercourses and that any visual intrusion will be minimised through the choice of design, colours, materials and landscaping with local native flora, and
- (h) any infrastructure services to the site will be provided without significant modification to the environment, and
- (i) any power and water to the site will, where possible, be provided through the use of passive heating and cooling, renewable energy sources and water efficient design, and
- (j) the development will not adversely affect the agricultural productivity of adjoining land, and
- (k) the following matters are addressed or provided for in a management strategy for minimising any impact on the natural environment:
 - (i) measures to remove any threat of serious or irreversible environmental damage,
 - (ii) the maintenance (or regeneration where necessary) of habitats,
 - (iii) efficient and minimal energy and water use and waste output,
 - (iv) mechanisms for monitoring and reviewing the effect of the development on the natural environment,
 - (v) maintaining improvements on an on-going basis in accordance with relevant ISO 14000 standards relating to management and quality control.

Part 6 Additional local provisions

6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the Acid Sulfate Soils Manual and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if:
 - (a) a preliminary assessment of the proposed works prepared in accordance with the Acid Sulfate Soils Manual indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.

- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power):
- (a) emergency work, being the repair or replacement of the works of the public authority required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
 - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry out any works if:
- (a) the works involve the disturbance of less than 1 tonne of soil, and
 - (b) the works are not likely to lower the watertable.

6.2 Earthworks

- (1) The objective of this clause is to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.
- (2) Development consent is required for earthworks unless:
- (a) the earthworks are exempt development under this Plan or another applicable environmental planning instrument, or
 - (b) the earthworks are ancillary to other development for which development consent has been given.
- (3) Before granting development consent for earthworks, the consent authority must consider the following matters:
- (a) the likely disruption of, or any detrimental effect on, drainage patterns and soil stability in the locality,
 - (b) the effect of the proposed development on the likely future use or redevelopment of the land,
 - (c) the quality of the fill or the soil to be excavated, or both,
 - (d) the effect of the proposed development on the existing and likely amenity of

adjoining properties,

- (e) the source of any fill material and the destination of any excavated material,
- (f) the likelihood of disturbing relics,
- (g) the proximity to and potential for adverse impacts on any watercourse, drinking water catchment or environmentally sensitive area,
- (h) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note—

The *National Parks and Wildlife Act 1974*, particularly section 86, deals with harming Aboriginal objects.

6.3 Flood planning

- (1) The objectives of this clause are as follows:
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the land's flood hazard, taking into account projected changes as a result of climate change,
 - (c) to avoid significant adverse impacts on flood behaviour and the environment.
- (2) This clause applies to land at or below the flood planning level.
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development:
 - (a) is compatible with the flood hazard of the land, and
 - (b) is not likely to significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) incorporates appropriate measures to manage risk to life from flood, and
 - (d) is not likely to significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and
 - (e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.
- (4) A word or expression used in this clause has the same meaning as it has in the *Floodplain Development Manual*(ISBN 0 7347 5476 0), published by the NSW Government in April 2005, unless it is otherwise defined in this clause.

(5) In this clause:

flood planning level means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.

6.4 Limited development on foreshore area

- (1) The objective of this clause is to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area.
- (2) Development consent must not be granted for development on land in the foreshore area except for the following:
 - (a) single storey structures such as boat sheds, slipways and jetties that have a direct functional relationship with the waterway,
 - (b) inclinators, stairs and other structures designed to provide pedestrian access to the waterway,
 - (c) development for the purposes of barbecues, cycleways, fences, garden sheds, pergolas, picnic facilities, public amenities, retaining walls, swimming pools or walking trails.
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied that:
 - (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
 - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and
 - (c) the development will not cause environmental harm such as:
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, fauna and flora habitats, or
 - (iii) an adverse effect on drainage patterns, and
 - (d) the development will not cause congestion of, or generate conflicts between, people using open space areas or the waterway, and
 - (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
 - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or

aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained, and

- (g) in the case of development for the alteration or rebuilding of an existing building wholly or partly in the foreshore area, the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, and
- (h) sea level rise or change of flooding patterns as a result of climate change have been considered.

6.5 Signage

- (1) The objective of this clause is to ensure that signage does not interfere with the visual amenity and safety of localities.
- (2) Development consent must not be granted to the erection or display of signage on land in a zone where that development is permitted under the Land Use Table unless the consent authority is satisfied that:
 - (a) the signage is associated with or ancillary to another permitted use of the land, and
 - (b) the signage specifies one or more of the following:
 - (i) the purpose for which the land or premises is used,
 - (ii) the identification of a person residing or carrying on an occupation or business on the land or premises, including a description of the occupation or business,
 - (iii) the goods or services provided on the land or premises, and
 - (c) the erection, siting, dimensions or display of the signage would not have a significant adverse impact on the visual amenity or the safety of the locality.

6.6 Airspace operations

- (1) The objectives of this clause are as follows:
 - (a) to provide for the effective and ongoing operation of the Sydney Airport by ensuring that such operation is not compromised by proposed development that penetrates the Limitation or Operations Surface for that airport,
 - (b) to protect the community from undue risk from that operation.
- (2) If a development application is received and the consent authority is satisfied that the proposed development will penetrate the Limitation or Operations Surface, the consent authority must not grant development consent unless it has consulted with the relevant Commonwealth body about the application.

- (3) The consent authority may grant development consent for the development if the relevant Commonwealth body advises that:
 - (a) the development will penetrate the Limitation or Operations Surface but it has no objection to its construction, or
 - (b) the development will not penetrate the Limitation or Operations Surface.
- (4) The consent authority must not grant development consent for the development if the relevant Commonwealth body advises that the development will penetrate the Limitation or Operations Surface and should not be constructed.
- (5) In this clause:

Limitation or Operations Surface means the Obstacle Limitation Surface or the Procedures for Air Navigation Services Operations Surface as shown on the *Obstacle Limitation Surface Map* or the *Procedures for Air Navigation Services Operations Surface Map* for the Sydney Airport.

relevant Commonwealth body means the body, under Commonwealth legislation, that is responsible for development approvals for development that penetrates the Limitation or Operations Surface for the Sydney Airport.

6.7 Active street frontages

- (1) The objective of this clause is to promote uses that attract pedestrian traffic along certain ground floor street frontages in Zone B2 Local Centre, Zone B3 Commercial Core and Zone B4 Mixed Use.
- (2) This clause applies to land identified as “Active Street Frontages” on the [Active Street Frontages Map](#).
- (3) Development consent must not be granted to the erection of a building, or a change of use of a building, on land to which this clause applies unless the consent authority is satisfied that the building will have an active street frontage after its erection or change of use.
- (4) Despite subclause (3), an active street frontage is not required for any part of a building that is used for any of the following:
 - (a) entrances and lobbies (including as part of mixed use development),
 - (b) access for fire services,
 - (c) vehicular access.
- (5) In this clause, a building has an **active street frontage** if all premises on the ground floor of the building facing the street are used for the purposes of business premises or retail premises.

6.8 Affordable housing

- (1) For the purposes of this clause, the ***Willoughby Affordable Housing Principles*** are as follows:
- (a) affordable housing must be provided and managed in Willoughby so that accommodation for a diverse residential population representative of all income groups is available in Willoughby, and
 - (b) affordable housing must be rented to tenants whose gross household incomes fall within the following ranges of percentages of the median household income for the time being for the Greater Sydney (Greater Capital City Statistical Area) according to the Australian Bureau of Statistics:

Very low income household	less than 50%
Low income household	50% or more, but less than 80%
Moderate income household	80-120%

and at rents that do not exceed a benchmark of 30% of their actual household income, and
 - (c) dwellings provided for affordable housing must be managed so as to maintain their continued use for affordable housing, and
 - (d) rental from affordable housing received by or on behalf of the Council, after deduction of normal landlord's expenses (including management and maintenance costs and all rates and taxes payable in connection with the dwellings), and money from the disposal of affordable housing received by or on behalf of the Council must be used for the purpose of improving or replacing affordable housing or for providing additional affordable housing in Willoughby, and
 - (e) affordable housing must consist of dwellings constructed to a standard that, in the opinion of the consent authority, is consistent with the same type of dwellings within the development to which the development application relates, especially in terms of internal fittings and finishes, solar access and privacy.
- (2) Development consent must not be granted to the erection of residential accommodation on land identified as "Area 3" on the [Special Provisions Area Map](#) unless the consent authority has taken the following into consideration:
- (a) the Willoughby Affordable Housing Principles,
 - (b) the impact the development would have on the existing mix and likely future mix of residential housing stock in Willoughby,
 - (c) whether one of the affordable housing conditions should be imposed on the consent for the purpose of providing affordable housing in accordance with the

Willoughby Affordable Housing Principles.

Note—

The affordable housing principles set out in Schedule 2 to [State Environmental Planning Policy No 70—Affordable Housing \(Revised Schemes\)](#) may also apply to the development.

(3) The following are the **affordable housing conditions**:

- (a) a condition requiring the dedication in favour of the consent authority, free of cost, of land comprised of one or more complete dwellings with a gross floor area of the amount equivalent to 4% of the accountable total floor space, with each dwelling having a gross floor area of at least 50 square metres,
- (b) a condition requiring the payment of a monetary contribution to the consent authority by the applicant that is the value, calculated in accordance with subclause (4), of 4% of the accountable total floor space,
- (c) a condition requiring:
 - (i) the dedication in favour of the consent authority, free of cost, of land comprised of one or more complete dwellings with a gross floor area of less than the amount equivalent to 4% of the accountable total floor space (the **dedication amount**), with each dwelling having a gross floor area of at least 50 square metres, and
 - (ii) the payment of a monetary contribution to the consent authority by the applicant that is the value, calculated in accordance with subclause (4), of the gross floor area equivalent to the difference between the dedication amount and 4% of the accountable total floor space.

(4) The amount of the contribution to be paid under a condition imposed under subclause (2) (c) is the value of the gross floor area concerned calculated by reference to the market value of dwellings of a similar size to those proposed by the development application.

Note—

Section 94F of the Act permits the imposition of such a condition and specifies the circumstances under which such a condition may be imposed. Any condition imposed is subject to section 94G of the Act.

(5) This clause does not apply to development for the purpose of any of the following:

- (a) boarding houses,
- (b) community housing (as defined in section 3 of the [Housing Act 2001](#)),
- (c) group homes,
- (d) hostels,

(e) public housing (as defined in section 3 of the *Housing Act 2001*).

(6) An affordable housing condition must not be imposed in relation to an amount of accountable total floor space if the consent authority is satisfied that such a condition has previously been imposed under this clause in relation to the same or an equivalent amount of accountable total floor space on the site.

(7) In this clause:

accountable total floor space means the gross floor area of the residential component of the development to which the development application relates.

6.9 Serviced apartments

(1) The objectives of this clause are as follows:

(a) to ensure that a change of use from a dwelling in a residential flat building or shop top housing to a serviced apartment does not impact on the amenity, safety or security of residents in the building, and

(b) to prevent substandard residential building design by way of converted serviced apartment development.

(2) Development consent must not be granted for the change of use from a dwelling in a residential flat building or shop top housing to a serviced apartment, if permitted by the Land Use Table, unless the consent authority is satisfied that the amenity, safety and security of the residents of the dwellings in the building is maintained.

(3) Development consent must not be granted for the change of use from serviced apartments to a residential flat building, with or without strata subdivision, unless the consent authority is satisfied that the development complies with the design principles of the Apartment Design Guide (within the meaning of *State Environmental Planning Policy No 65—Design Quality of Residential Apartment Development*).

Note—

The design quality principles set out in Schedule 1 to *State Environmental Planning Policy No 65—Design Quality of Residential Apartment Development* also apply to the development.

6.10 Minimum lot sizes for attached dwellings, dual occupancies, multi dwelling housing, residential flat buildings and secondary dwellings

(1) The objectives of this clause are:

(a) to achieve planned residential density in certain zones by:

(i) enabling development sites to be of sufficient size to provide adequate area for drainage, landscaping, and separation between buildings for privacy and solar and vehicular access, and

(ii) reducing the instances of isolated lots being left with reduced development

potential, and

(b) to increase the efficiency and safety of the road network by minimising the number of driveway crossings.

(2) Development consent may be granted to development for a purpose shown in Column 1 of the Table to this subclause on a lot in a zone shown in Column 2 of that Table opposite that purpose, if the area of the lot is equal to or greater than the area specified for that purpose and shown in Column 3 of that Table.

Column 1	Column 2	Column 3
Secondary dwelling	Zone E4 Environmental Living	450 square metres
Dual occupancy (attached)	Zone R2 Low Density Residential	700 square metres
Dual occupancy (attached)	Zone E4 Environmental Living	700 square metres
Dual occupancy (detached)	Zone R2 Low Density Residential	900 square metres
Dual occupancy (detached)	Zone E4 Environmental Living	900 square metres
Attached dwelling	Zone R3 Medium Density Residential	1,100 square metres
Multi dwelling housing	Zone R3 Medium Density Residential	1,100 square metres
Residential flat building	Zone R3 Medium Density Residential Zone R4 High Density Residential	1,100 square metres

(3) Despite subclause (2), development consent must not be granted to development for the purposes of a dual occupancy on a lot in an area identified as “Area 1” on the [Dual Occupancy Restriction Map](#) unless the area of the lot is at least 5,000 square metres.

(4) Despite subclause (2), development consent may be granted to development for attached dwellings, multi dwelling housing or residential flat buildings that are permissible in the Land Use Table on the following land if the site area is equal to or greater than the area specified below for that land:

(a) 1,300 square metres for land at 58-78 Sailors Bay Road, Northbridge, being Lots 27-29, DP 4810 and Lots 1-3, Section 1, DP 7234,

- (b) 4,000 square metres for land bounded by William Street, Archer Street, Boundary Road and the North Shore Rail Line, Roseville, being Lot 1, DP 322710, Lot A, DP 410021, Lots 1 and 2, DP 9007, Lots 1 and 2, DP 1035179, Lot 91, DP 1035179, Lots 11-13, DP 1143427, Lots 1 and 2, DP 883023, Lots 11 and 12, DP 1134441, Lot 1, DP 119494, Lots 4 and 5, DP 9007, Lot 27, DP 787070, Lot 1, DP 739689, Lot 26, DP 787070, Lots 3 and 4, DP 739689 and Lots 10-12, DP 9007,
- (c) 2,500 square metres for land at 95-103 Edinburgh Road, Castlecrag, being Lots 51-55, DP 12497,
- (d) 3,500 square metres for land at 1-7 Hotham Street and 2 Wyvern Avenue, Chatswood, being Lot A, DP 361071, Lots C and D, DP 437928 and Lots F and G, DP 413340,
- (e) 2,500 square metres for land fronting Borlaise Street, Edward Street, Julian Street or Penkivil Street, Willoughby, being Lots 2-4, DP 170500, Lot 1, DP 170956, Lots 1 and 2, DP 215758, Lots A and B, DP 443111, Lot 1, DP 195017, Lots A and B, DP 337800, Lots 3-5, Section 1, DP 975943, Lot 678, DP 815928, Lots 10 and 11, DP 1005258, Lot 20, DP 1105368, Lot C, DP 337800, Lot 1, DP 782473, Lots A and B, DP 443285, Lot F, DP 382354, Lots 1 and 2, DP 511145, Lots 1 and 2, DP 204240, Lots 1 and 2, DP 1052333, Lot 2, DP 597098, Lot A, DP 410182, Lot 22, DP 85344, Lots 241 and 242, DP 603255, Lot 25, Section 2, DP 975943, Lots A and B, DP 401143, Lots 211 and 212, DP 879375, Lot D, DP 374740, Lot C, DP 401143, Lot 1, DP 597098 and Lot B, DP 410182,
- (f) 3,000 square metres for land at 849-859 Pacific Highway and 2 Wilson Street, Chatswood, being Lot 5, DP 4139, Lot 1, DP 960977, Lot 2, DP 1002202 and Lot 1, DP 843241,
- (g) 2,000 square metres for land at 1 and 1A Walter Street and 452-460 Willoughby Road, Willoughby, being Lot 1, DP 81401, Lot 1, DP 81135, Lot 1, DP 75133, Lot 1, DP 178525, Lot 11, DP 129153, Lot 1, DP 75374 and Lot 1, DP 1084753.

6.11 Maximum gross floor areas for certain dual occupancies

Development consent must not be granted to create a dual occupancy on land identified as "Area 1" on the [Dual Occupancy Restriction Map](#) if the gross floor area of more than one of the occupancies would exceed 60 square metres.

6.12 Size of shops in Zone B3 and Zone B4 in Chatswood

- (1) This clause applies to land in Zone B3 Commercial Core and Zone B4 Mixed Use on the western side of the North Shore Rail Line in Chatswood.
- (2) The maximum gross floor area of a shop on land to which this clause applies must not exceed 100 square metres.

6.13 Bonus height and floor space ratio available for development on consolidated sites on Pacific Highway and Thomas Street, Chatswood

- (1) This clause applies to the land at 763–781 Pacific Highway and 20–24 Thomas Street, Chatswood that is identified as “Area 4” on the [Special Provisions Area Map](#).
- (2) Despite clauses 4.3 and 4.4, if the site area for development on land to which this clause applies is greater than 1,500 square metres, development consent may be granted to development that will have:
 - (a) a height of any building on the land not exceeding 60 metres above the highest point of ground level (existing) on the land, and
 - (b) a floor space ratio of the development not exceeding 8:1.

6.14 Willoughby Market Gardens

- (1) This clause applies to the land that is identified as “Area 1” on the [Special Provisions Area Map](#) and known as the Willoughby Market Gardens.
- (2) A development control plan for development on the land to which this clause applies must be prepared under section 74D of the Act before development consent may be granted to any development on that land.
- (3) Development consent must not be granted to any development on the land to which this clause applies unless that consent is granted in accordance with the development control plan made under subclause (2).
- (4) Development consent must not be granted to any development on the land to which this clause applies if the granting of that consent would result in the total number of dwellings on that land exceeding 80.
- (5) Despite clause 4.4 (2), the total gross floor area of the dwellings on the land to which this clause applies must not exceed 16,000 square metres.

6.15 Vehicle body repair workshops in Zone IN2

- (1) The objective of this clause is to ensure that development for the purposes of vehicle body repair workshops in Zone IN2 Light Industrial will not have a detrimental impact on the amenity and environmental quality of neighbouring residential properties.
- (2) Development consent must not be granted to development for the purpose of a vehicle body repair workshop on land in Zone IN2 Light Industrial unless the consent authority is satisfied that the development will not interfere with the amenity of any neighbouring residential property because of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste product, grit or oil or traffic generation or the testing of motor vehicles in residential streets.

6.16 Public access to be maintained through certain land in St Leonards

- (1) This clause applies to the land in St Leonards that is identified as “Area 2” on the [Special Provisions Area Map](#).

6.19 Location of sex services premises

- (1) Development consent must not be granted for the purpose of sex services premises unless the consent authority has considered the following:
 - (a) the distance between the premises and any place of public worship, school, community facility, hospital or medical centre or any other place in the vicinity of the premises that is regularly frequented by children,
 - (b) whether the operation of the premises could cause a disturbance in the neighbourhood, taking into account the location of any other sex services premises operating in the neighbourhood,

- (c) whether sufficient off-street parking will be provided,
 - (d) whether the premises will be accessed by a separate entrance,
 - (e) whether the operation of the premises will interfere with the amenity of the neighbourhood because of its size, operating hours, traffic generation, lighting or noise or the number of its employees and clients,
 - (f) whether the operations of the premises will utilise circulation areas common to any other use of the premises.
- (2) Development consent must not be granted for sex services premises in a business zone unless the premises will be located above the ground floor and in a building used for commercial purposes.
 - (3) Development consent must not be granted for sex services premises unless the premises are located more than 100 metres from any other premises to which a similar development consent has been granted.

Special events and temporary use of land (for community events, such as Christmas carol concerts, parades, street fetes, etc)

- (1) Must take place on a road, school, place of public worship, hospital, public land or land that is in Zone RE1 Public Recreation or Zone RE2 Private Recreation.
- (2) Must provide sufficient sanitary facilities for patrons and staff.
- (3) Operator must have made arrangements for the collection, by an authorised trade waste contractor, of waste and recyclable materials that are generated by the event or use.
- (4) Each stall and vendor must be registered with the Council before the event starts.
- (5) Must have obtained any necessary approval to stage the event.

Note—

The proposed event or temporary use may involve activities that require approvals under the [Local Government Act 1993](#). Such activities include closure of public roads, temporary structures, food stalls, mobile food vendors, activities on community land, certain amusement devices and public entertainment. Consultation with the Council will assist in identifying any requirements before organising such activities.

Schedule 3 Complying development

(Clause 3.2)

Note—

[State Environmental Planning Policy \(Exempt and Complying Development Codes\) 2008](#) specifies complying development and the complying development conditions for that development under that Policy. The Policy has State-wide application. This Schedule contains additional complying development not specified in that Policy.

Part 1 Types of development

(When this Plan was made this Part was blank)

Part 2 Complying development certificate conditions

Note—

Complying development must comply with the requirements of the Act, the regulations under the Act and this Plan.

General conditions

Any development specified in Part 1 is subject to the same conditions set out in Schedule 6 to *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

Dictionary

(Clause 1.4)

Note—

The Act and the [Interpretation Act 1987](#) contain definitions and other provisions that affect the interpretation and application of this Plan.

Aboriginal object means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

Aboriginal place of heritage significance means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is:

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

Note—

The term may include (but is not limited to) places that are declared under section 84 of the [National Parks and Wildlife Act 1974](#) to be Aboriginal places for the purposes of that Act.

acid sulfate soils means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

Acid Sulfate Soils Manual means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

Acid Sulfate Soils Map means the [Willoughby Local Environmental Plan 2012 Acid Sulfate Soils Map](#).

Active Street Frontages Map means the [Willoughby Local Environmental Plan 2012 Active Street Frontages Map](#).

advertisement has the same meaning as in the Act.

Note—

The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

advertising structure has the same meaning as in the Act.

Note—

The term is defined as a structure used or to be used principally for the display of an advertisement.

Advertising structures are a type of **signage**—see the definition of that term in this Dictionary.

affordable housing has the same meaning as in the Act.

Note—

The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

agricultural produce industry means a building or place used for the handling, treating, processing or packing, for commercial purposes, of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes wineries, flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include a livestock processing industry.

Note—

Agricultural produce industries are a type of **rural industry**—see the definition of that term in this Dictionary.

agriculture means any of the following:

- (a) aquaculture,
- (b) extensive agriculture,
- (c) intensive livestock agriculture,
- (d) intensive plant agriculture.

Note—

Part 6 of the [Plantations and Reafforestation Act 1999](#) provides that exempt farm forestry within the meaning of that Act is not subject to the [Environmental Planning and Assessment Act 1979](#).

air transport facility means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

airport means a place that is used for the landing, taking off, parking, maintenance or repair of aeroplanes, and includes associated buildings, installations, facilities and movement areas and any heliport that is part of the airport.

Note—

Airports are a type of **air transport facility**—see the definition of that term in this Dictionary.

airstrip means a single runway for the landing, taking off or parking of aeroplanes for private aviation only, but does not include an airport, heliport or helipad.

amusement centre means a building or place (not being part of a pub or registered club) used principally for playing:

- (a) billiards, pool or other like games, or
- (b) electronic or mechanical amusement devices, such as pinball machines, computer or video games and the like.

animal boarding or training establishment means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

aquaculture has the same meaning as in the [Fisheries Management Act 1994](#).

Note—

Aquaculture is a type of **agriculture**—see the definition of that term in this Dictionary.

archaeological site means a place that contains one or more relics.

attached dwelling means a building containing 3 or more dwellings, where:

- (a) each dwelling is attached to another dwelling by a common wall, and
- (b) each of the dwellings is on its own lot of land, and
- (c) none of the dwellings is located above any part of another dwelling.

Note—

Attached dwellings are a type of **residential accommodation**—see the definition of that term in this Dictionary.

attic means any habitable space, but not a separate dwelling, contained wholly within a roof above the ceiling line of the storey immediately below, except for minor elements such as dormer windows and the like.

backpackers' accommodation means a building or place that:

- (a) provides temporary or short-term accommodation on a commercial basis, and
- (b) has shared facilities, such as a communal bathroom, kitchen or laundry, and
- (c) provides accommodation on a bed or dormitory-style basis (rather than by room).

Note—

Backpackers' accommodation is a type of **tourist and visitor accommodation**—see the definition of that term in this Dictionary.

basement means the space of a building where the floor level of that space is predominantly below ground level (existing) and where the floor level of the storey immediately above is less than 1 metre above ground level (existing).

bed and breakfast accommodation means an existing dwelling in which temporary or short-term accommodation is provided on a commercial basis by the permanent residents of the dwelling and where:

- (a) meals are provided for guests only, and
- (b) cooking facilities for the preparation of meals are not provided within guests' rooms, and
- (c) dormitory-style accommodation is not provided.

Note—

See clause 5.4 for controls relating to the number of bedrooms for bed and breakfast accommodation.

Bed and breakfast accommodation is a type of **tourist and visitor accommodation**—see the definition of that term in this Dictionary.

bee keeping means a building or place used for the keeping and breeding of bees for commercial purposes.

Note—

Bee keeping is a type of **extensive agriculture**—see the definition of that term in this Dictionary.

biodiversity means biological diversity.

biological diversity has the same meaning as in the *Threatened Species Conservation Act 1995*.

Note—

The term is defined as follows:

biological diversity means the diversity of life and is made up of the following 3 components:

- (a) genetic diversity—the variety of genes (or units of heredity) in any population,
- (b) species diversity—the variety of species,
- (c) ecosystem diversity—the variety of communities or ecosystems.

biosolids treatment facility means a building or place used as a facility for the treatment of biosolids from a sewage treatment plant or from a water recycling facility.

Note—

Biosolids treatment facilities are a type of **sewerage system**—see the definition of that term in this Dictionary.

boarding house means a building that:

- (a) is wholly or partly let in lodgings, and
- (b) provides lodgers with a principal place of residence for 3 months or more, and
- (c) may have shared facilities, such as a communal living room, bathroom, kitchen or laundry, and
- (d) has rooms, some or all of which may have private kitchen and bathroom facilities, that accommodate one or more lodgers,

but does not include backpackers' accommodation, a group home, hotel or motel accommodation, seniors housing or a serviced apartment.

Note—

Boarding houses are a type of **residential accommodation**—see the definition of that term in this Dictionary.

boat building and repair facility means any facility (including a building or other structure) used primarily for the construction, maintenance or repair of boats, whether or not including the storage, sale or hire of boats, but does not include a marina or boat shed.

boat launching ramp means a structure designed primarily for the launching of trailer borne recreational vessels, and includes associated car parking facilities.

boat shed means a building or other structure used for the storage and routine maintenance of a boat or boats and that is associated with a private dwelling or non-profit organisation, and includes any skid used in connection with the building or other structure.

brothel has the same meaning as in the Act.

Note—

This definition is relevant to the definitions of **home occupation (sex services)** and **sex services premises** in this Dictionary.

building has the same meaning as in the Act.

Note—

The term is defined to include part of a building and any structure or part of a structure, but not including a manufactured home, a moveable dwelling or associated structure (or part of a manufactured home, moveable dwelling or associated structure).

building height (or **height of building**) means:

- (a) in relation to the height of a building in metres—the vertical distance from ground level (existing) to the highest point of the building, or
- (b) in relation to the RL of a building—the vertical distance from the Australian Height Datum to the highest point of the building,

including plant and lift overruns, but excluding communication devices, antennae, satellite dishes, masts, flagpoles, chimneys, flues and the like.
