Wyong Local Environmental Plan 2013

New South Wales

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Wyong Local Environmental Plan 2013*.

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in that part of the Central Coast local government area to which this Plan applies (in this Plan referred to as **Wyong**) in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) to foster economic, environmental and social well being so that Wyong continues to develop as a sustainable and prosperous place to live, work and visit,
 - (b) to encourage a range of housing, employment, recreation, human services and appropriately located tourism-related development in Wyong to meet the existing and future needs of residents and visitors,
 - (c) to promote the efficient and equitable provision of public services, infrastructure and amenities,
 - (d) to provide for a range of local and regional community facilities for recreation, culture, health and education purposes,
 - (e) to apply the principles of ecologically sustainable development to guide future development within Wyong,

- (f) to conserve, protect and enhance the environmental and cultural heritage (both indigenous and non-indigenous) values of Wyong,
- (g) to protect areas of high scenic landscape value,
- (h) to maintain and enhance the existing character, amenity and environmental quality of Wyong,
- (i) to minimise risk to the community in areas subject to environmental hazards, including flooding, climate change and bush fires,
- (j) to promote a high standard of urban design that responds appropriately to the existing or desired future character of areas,
- (k) to encourage development that increases public transport patronage, walking and cycling.

1.3 Land to which Plan applies

- (1) This Plan applies to the land identified on the [Land Application Map](#).
- (1A) (Repealed)

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a

reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.

- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

Note—

However, under Division 3.5 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

1.8B Amendment of SEPP

- (1) *State Environmental Planning Policy (Major Development) 2005* is amended by omitting Part 15 of Schedule 3.
- (2) Each map adopted by *State Environmental Planning Policy (Major Development) 2005* that is specified in Column 1 of the following table is declared by this Plan to be amended or replaced, as the case requires, by the map specified opposite in Column 2 of the table as approved by the Minister on the making of this Plan—

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—

State Environmental Planning Policy No 1—Development Standards

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any relevant instrument within the meaning of section 13.4 of the *Crown Land Management Act 2016*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
 - (g) to any planning agreement within the meaning of Subdivision 2 of Division 7.1 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 3.16 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Rural Zones

- RU1 Primary Production
- RU2 Rural Landscape
- RU3 Forestry
- RU5 Village

RU6 Transition

Residential Zones

R1 General Residential

R2 Low Density Residential

R3 Medium Density Residential

R5 Large Lot Residential

RE1 Public Recreation

RE2 Private Recreation

Environment Protection Zones

E1 National Parks and Nature Reserves

E2 Environmental Conservation

E3 Environmental Management

E4 Environmental Living

Waterway Zones

W1 Natural Waterways

W2 Recreational Waterways

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone—
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes—

- 1** Schedule 1 sets out additional permitted uses for particular land.
- 2** Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3** Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4** Clause 2.6 requires consent for subdivision of land.
- 5** Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority—
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out—
 - (a) with development consent, or
 - (b) if the Schedule so provides—without development consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.

2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 28 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that—
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3)(d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

Land Use Table

Note—

A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies—

State Environmental Planning Policy (Affordable Rental Housing) 2009 (including provision for secondary dwellings)

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

State Environmental Planning Policy (Infrastructure) 2007—relating to infrastructure facilities such as those that comprise, or are for, air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007

State Environmental Planning Policy No 33—Hazardous and Offensive Development

State Environmental Planning Policy No 50—Canal Estate Development

State Environmental Planning Policy No 64—Advertising and Signage

State Environmental Planning Policy (Primary Production and Rural Development) 2019

Zone RU1 Primary Production

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To encourage diversity in primary industry enterprises and systems appropriate for the area.
- To minimise the fragmentation and alienation of resource lands.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To provide for non-agricultural land uses, including tourism, which support the primary production purposes of the zone.
- To allow other appropriate land uses that are not suited to urban zones while maintaining the rural character of the land.

2 Permitted without consent

Extensive agriculture; Home occupations

3 Permitted with consent

Air transport facilities; Animal boarding or training establishments; Aquaculture; Bed and breakfast accommodation; Boat launching ramps; Building identification signs; Business identification signs; Camping grounds; Cellar door premises; Community facilities; Dual occupancies; Dwelling houses; Environmental facilities; Environmental protection works; Extractive industries; Farm buildings; Farm stay accommodation; Flood mitigation works; Forestry;

Helipads; Home-based child care; Home businesses; Home industries; Home occupations (sex services); Information and education facilities; Intensive livestock agriculture; Intensive plant agriculture; Open cut mining; Recreation areas; Recreation facilities (outdoor); Roads; Roadside stalls; Rural industries; Rural supplies; Rural workers' dwellings; Secondary dwellings; Veterinary hospitals; Water recreation structures; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone RU2 Rural Landscape

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To maintain the rural landscape character of the land.
- To provide for a range of compatible land uses, including extensive agriculture.
- To provide for a limited range of tourist and recreational uses that are appropriate for the rural character of the land.

2 Permitted without consent

Extensive agriculture; Home occupations

3 Permitted with consent

Air transport facilities; Animal boarding or training establishments; Aquaculture; Bed and breakfast accommodation; Boat launching ramps; Building identification signs; Business identification signs; Camping grounds; Cellar door premises; Community facilities; Depots; Dual occupancies; Dwelling houses; Environmental facilities; Environmental protection works; Extractive industries; Farm buildings; Farm stay accommodation; Flood mitigation works; Forestry; Helipads; Home-based child care; Home businesses; Home industries; Home occupations (sex services); Information and education facilities; Intensive plant agriculture; Open cut mining; Recreation areas; Recreation facilities (outdoor); Roads; Roadside stalls; Rural industries; Secondary dwellings; Veterinary hospitals; Water recreation structures; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone RU3 Forestry

1 Objectives of zone

- To enable development for forestry purposes.
- To enable other development that is compatible with forestry land uses.

2 Permitted without consent

Uses authorised under the [Forestry Act 2012](#) or under Part 5B (Private native forestry) of the [Local Land Services Act 2013](#)

3 Permitted with consent

Aquaculture; Camping grounds; Environmental facilities; Environmental protection works; Flood mitigation works; Information and education facilities; Kiosks; Recreation areas; Recreation facilities (outdoor); Roads

4 Prohibited

Any development not specified in item 2 or 3

Zone RU5 Village

1 Objectives of zone

- To provide for a range of land uses, services and facilities that are associated with a rural village.
- To permit development that will not place any undue demand on existing infrastructure and that will serve the needs of the local community.
- To ensure that development is compatible with the desired future character of the zone.
- To ensure that development does not have an adverse impact on water resources.

2 Permitted without consent

Home occupations

3 Permitted with consent

Backpackers' accommodation; Bed and breakfast accommodation; Building identification signs; Business identification signs; Business premises; Camping grounds; Car parks; Cellar door premises; Centre-based child care facilities; Community facilities; Dwelling houses; Entertainment facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Food and drink premises; Function centres; Garden centres; Hardware and building supplies; Home-based child care; Home businesses; Home industries; Home occupations (sex services); Hotel or motel accommodation; Information and education facilities; Kiosks; Markets; Neighbourhood shops; Office premises; Oyster aquaculture; Places of public worship; Plant nurseries; Public administration buildings; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Registered clubs; Residential care facilities; Respite day care centres; Roads; Roadside stalls; Rural supplies; Schools; Secondary dwellings; Service stations; Shops; Shop top housing; Tank-based aquaculture; Veterinary hospitals; Water supply systems

4 Prohibited

Pond-based aquaculture; Any other development not specified in item 2 or 3

Zone RU6 Transition

1 Objectives of zone

- To protect and maintain land that provides a transition between rural and other land uses of varying intensities or environmental sensitivities.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To ensure that interim land uses do not have an adverse impact on the conservation or development potential of land identified for future investigation in the North Wyong Shire Structure Plan or Wyong Settlement Strategy.

2 Permitted without consent

Nil

3 Permitted with consent

Air transport facilities; Animal boarding or training establishments; Bed and breakfast accommodation; Building identification signs; Business identification

signs; Community facilities; Dual occupancies; Dwelling houses; Electricity generating works; Emergency services facilities; Environmental facilities; Environmental protection works; Extensive agriculture; Farm buildings; Flood mitigation works; Home-based child care; Home businesses; Home industries; Home occupations; Horticulture; Information and education facilities; Oyster aquaculture; Recreation areas; Recreation facilities (outdoor); Research stations; Roads; Tank-based aquaculture; Waste or resource management facilities; Water recreation structures; Water supply systems

4 Prohibited

Pond-based aquaculture; Any other development not specified in item 2 or 3

Zone R1 General Residential

1 Objectives of zone

- To provide for the housing needs of the community.
- To provide for a variety of housing types and densities.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To promote “walkable” neighbourhoods.
- To ensure that development is compatible with the scale and character of the local area and complements the existing streetscape.

2 Permitted without consent

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if—
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must—
 - (a) be installed in accordance with the manufacturer's specifications, if applicable,

and

- (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017* and Part 5A of the *Local Land Services Act 2013*.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—
 - (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,is complying development.

Note—

See also clause 5.8(3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must—
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.

(2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Land Management Act 2016* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

(1) The objectives of this clause are as follows—

- (a) to ensure that minimum lot sizes reflect the outcomes of any adopted settlement strategy for Wyong,
- (b) to ensure that the creation of parcels of land for development occurs in a manner that protects the physical characteristics of the land, does not create potential physical hazard or amenity issues for neighbours, can be satisfactorily serviced and will not, through its potential cumulative effects, create capacity problems for existing infrastructure,

- (c) to ensure that lot sizes are able to accommodate development that is suitable for its purpose and consistent with relevant development controls.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) This clause does not apply in relation to the subdivision of any land—
 - (a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or
 - (b) by any kind of subdivision under the [Community Land Development Act 1989](#).

4.1AA Minimum subdivision lot size for community title schemes

- (1) The objectives of this clause are as follows—
 - (a) to ensure that the creation of lots within a community title scheme occurs in a manner that protects the physical characteristics of the land, does not create potential physical hazard or amenity issues for neighbours, can be satisfactorily serviced and will not, through its potential cumulative effects, create capacity problems for existing infrastructure.
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the [Community Land Development Act 1989](#) of land in any of the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape.
 - (c) Zone RU5 Village,
 - (d) Zone RU6 Transition,
 - (e) Zone R2 Low Density Residential,
 - (f) Zone R5 Large Lot Residential,
 - (g) Zone E3 Environmental Management,
 - (h) Zone E4 Environmental Living,but does not apply to a subdivision by the registration of a strata plan.

- (3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the *Community Land Development Act 1989*) is not to be less than the minimum size shown on the *Lot Size Map* in relation to that land.
- (4) This clause applies despite clause 4.1.

4.1A Exceptions to minimum lot size for certain split zones

- (1) The objectives of this clause are as follows—
 - (a) to provide for the subdivision of lots that are within more than one zone but cannot be subdivided under clause 4.1,
 - (b) to ensure that the subdivision occurs in a manner that promotes suitable land uses and development.
- (2) This clause applies to each lot (an **original lot**) that contains—
 - (a) land in Zone R5 Large Lot Residential or Zone E4 Environmental Living, and
 - (b) land in Zone E2 Environmental Conservation or Zone E3 Environmental Management.
- (3) Despite clause 4.1, development consent may be granted to subdivide an original lot to create other lots (the **resulting lots**) if—
 - (a) any part of a resulting lot that contains land in Zone R5 Large Lot Residential has an area of at least 1 hectare, and
 - (b) any part of a resulting lot that contains land in Zone E4 Environmental Living has an area of at least 0.5 hectares, and
 - (c) one of the resulting lots—
 - (i) contains all of the land in Zone E2 Environmental Conservation or Zone E3 Environmental Management that was in the original lot, and
 - (ii) has an area measured in hectares of at least the number calculated in accordance with the following formula—

$$\left(A - \frac{B}{2}\right) \times 5$$

where—

A is the number of resulting lots containing land in Zone R5 Large Lot Residential or Zone E4 Environmental Living, but does not include any lot containing at least 2 hectares of such land.

B is the area of any part of the resulting lots containing land in Zone R5 Large Lot Residential or Zone E4 Environmental Living measured in hectares, but does not include any part of a lot containing at least 2 hectares of such land.

- (4) Development consent must not be granted under subclause (3) unless the consent authority is satisfied that—
 - (a) the land referred to in subclause (3)(a) will not be used for the purpose of eco-tourist facilities, residential accommodation or tourist and visitor accommodation, and
 - (b) suitable arrangements have been, or will be, made for the long-term conservation and management of that land.

4.1B Exceptions to minimum lot sizes for certain residential development

- (1) The objectives of this clause are as follows—
 - (a) to provide opportunities for affordable housing in appropriate locations,
 - (b) to encourage housing diversity without adversely impacting on residential amenity.
- (2) This clause applies to land in Zone R2 Low Density Residential.
- (3) Development consent may be granted to a single development application for development on land to which this clause applies that is both of the following—
 - (a) the subdivision of land into 5 or more lots of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land,
 - (b) the erection of a dwelling house on each lot resulting from the subdivision.
- (4) Development consent may be granted to a single development application for development that is both of the following—
 - (a) the erection of a dual occupancy on land to which this clause applies,
 - (b) the subdivision of that land into 2 lots of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4A) Development consent may be granted to the subdivision of land on which a dual occupancy had been lawfully erected to create 2 lots of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (5) In determining whether to grant development consent for development under this clause, the consent authority must consider the following—
 - (a) the likely impact of the height of the development on development located on adjoining land in relation to visual impacts and overshadowing,

- (b) whether the development provides adequate pedestrian, vehicular and service access and car parking,
- (c) whether the development incorporates the principles of ecologically sustainable development,
- (d) the relationship between each of the dwellings comprising the development in relation to location and siting.

4.1C Exceptions to minimum subdivision lot size under community title schemes for certain large lot residential development

- (1) The objective of this clause is to enable appropriate subdivision of certain land, so as to provide for a range of lot sizes whilst retaining a predominantly rural and large lot residential character.
- (2) This clause applies to land that is—
 - (a) shown edged by a heavy red line on the [Dwelling Density Map](#), and
 - (b) wholly within Zone R5 Large Lot Residential.
- (3) Despite clauses 4.1 and 4.1AA, development consent may be granted for the subdivision of land to which this clause applies if—
 - (a) none of the lots being subdivided were created by a previous subdivision under this clause, and
 - (b) any lot created by the subdivision is within a community title scheme under the [Community Land Development Act 1989](#), and
 - (c) any lot created by the subdivision that has an area that is less than the minimum lot size shown on the [Lot Size Map](#) in relation to the land has a minimum area of 900 square metres, and
 - (d) no more than 30% of the area of the lots created by the subdivision consists of lots that have an area that is less than the minimum lot size shown on the [Lot Size Map](#) in relation to the land, and
 - (e) the development will not result in there being a total number of more than 300 lots comprising land shown on the [Dwelling Density Map](#), and
 - (f) the consent authority is satisfied that the subdivision of land will not affect the retention of the predominantly rural and large lot residential character of the locality.

4.1D Minimum lot sizes for dual occupancies

Development consent may be granted to development for the purpose of dual

occupancies if the size of each lot is equal to or greater than—

- (a) in the case of an attached dual occupancy—550 square metres, or
- (b) in the case of a detached dual occupancy—700 square metres.

4.2 Rural subdivision

- (1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.
- (2) This clause applies to the following rural zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (baa) Zone RU3 Forestry,
 - (c) Zone RU4 Primary Production Small Lots,
 - (d) Zone RU6 Transition.

Note—

When this Plan was made it did not include all of these zones.

- (3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.
- (5) A dwelling cannot be erected on such a lot.

Note—

A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

4.2A Minimum subdivision lot size for strata plan schemes in certain rural and environment protection zones

- (1) The objective of this clause is to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.
- (2) This clause applies to land in the following zones that is used, or is proposed to be used, for residential accommodation or tourist and visitor accommodation—
 - (a) Zone RU1 Primary Production,

- (b) Zone RU2 Rural Landscape.
 - (c) Zone RU5 Village,
 - (d) Zone RU6 Transition,
 - (e) Zone R5 Large Lot Residential,
 - (f) Zone E2 Environmental Conservation,
 - (g) Zone E3 Environmental Management,
 - (h) Zone E4 Environmental Living.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies for a strata plan scheme (other than any lot comprising common property within the meaning of the *Strata Schemes (Freehold Development) Act 1973* or *Strata Schemes (Leasehold Development) Act 1986*) is not to be less than the minimum lot size shown on the [Lot Size Map](#) in relation to that land.

Note—

Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that strata subdivision of a building in certain circumstances is specified complying development.

4.2B Erection of dual occupancies and dwelling houses on land in certain rural and environment protection zones

- (1) The objectives of this clause are as follows—
- (a) to minimise unplanned rural residential development,
 - (b) to enable the replacement of lawfully erected dual occupancies and dwelling houses in certain rural and environment protection zones.
- (2) This clause applies to land in the following zones—
- (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU6 Transition,
 - (d) Zone E3 Environmental Management.
- (3) Development consent must not be granted for the erection of a dwelling house on land to which this clause applies unless the land—
- (a) is a lot that is at least the minimum lot size shown on the [Lot Size Map](#) in relation to that land, or
 - (b) is a lot created before this Plan commenced and on which the erection of a

- dwelling house was permissible immediately before that commencement, or
- (c) is a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or
 - (d) is a lot identified on the [Lot Amalgamation Map](#)—
 - (i) that has been amalgamated, and
 - (ii) on which development for the purpose of a dual occupancy or a dwelling house was permissible immediately before this Plan commenced, or
 - (e) would have been a lot referred to in paragraph (a), (b), (c) or (d) had it not been affected by—
 - (i) a minor realignment of its boundaries that did not create an additional lot, or
 - (ii) a subdivision creating or widening a public road or public reserve or for another public purpose, or
 - (iii) a consolidation with an adjoining public road or public reserve or for another public purpose.

Note—

A dwelling cannot be erected on a lot created under clause 9 of [State Environmental Planning Policy \(Rural Lands\) 2008](#) or clause 4.2.

- (4) Development consent must not be granted under subclause (3) unless—
 - (a) no dwelling house has been erected on the land, and
 - (b) if a development application has been made for development for the purpose of a dwelling house on the land—the application has been refused or it was withdrawn before it was determined, and
 - (c) if development consent has been granted in relation to such an application—the consent has been surrendered or it has lapsed.
- (5) Development consent may be granted for the erection of a dwelling house on land to which this clause applies if there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house.
- (6) (Repealed)
- (7) This clause (other than subclause (8)) applies to a dual occupancy in the same way as it applies to a dwelling house.

- (8) Despite subclauses (3) and (5), development consent may be granted for the erection of a dwelling house to create a dual occupancy on land to which this clause applies if there is a lawfully erected dwelling house on the land.

4.2C Boundary adjustments in certain rural and environmental protection zones

- (1) The object of this clause is to facilitate boundary adjustments between lots where one or more resultant lots do not meet the minimum lot size but the objectives of the relevant zone can be achieved.
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone E2 Environmental Conservation,
 - (d) Zone E3 Environmental Management,
 - (e) Zone E4 Environmental Living.
- (3) Despite clause 4.1(3), development consent may be granted to subdivide land by way of a boundary adjustment between adjoining lots where one or more resultant lots do not meet the minimum lot size shown on the [Lot Size Map](#) in relation to that land if the consent authority is satisfied that—
 - (a) the subdivision will not create additional lots or the opportunity for additional dwellings, and
 - (b) the number of dwellings on each lot after the subdivision will remain the same as before the subdivision, and
 - (c) the potential for land use conflict will not be increased as a result of the subdivision, and
 - (d) if the land is in Zone RU1 Primary Production or Zone RU2 Rural Landscape—the subdivision will not have a significant adverse effect on the agricultural viability of the land, and
 - (e) if the land is in Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living—the subdivision will result in the continued protection and long term maintenance of the land.
- (4) Before determining a development application for the subdivision of land under this clause, the consent authority must consider whether or not the subdivision is likely to be incompatible with, or have a significant adverse impact on, the predominant land uses in the vicinity of the subdivision.

(5) This clause does not apply—

- (a) in relation to the subdivision of individual lots within a strata plan or community title scheme, or
- (b) if the subdivision would create a lot that could itself be subdivided in accordance with clause 4.1.

4.3 Height of buildings

(1) The objectives of this clause are as follows—

- (a) to establish the maximum height limit for buildings to enable the achievement of appropriate development density,
- (b) to ensure that buildings are compatible with the height, bulk and scale of the existing and desired future character of the locality,
- (c) to ensure that the height of buildings protects the amenity of neighbouring properties in terms of visual bulk, access to sunlight, privacy and views.
- (ca) in relation to land at Kanwal that is within Zone B6 Enterprise Corridor and is identified as “Area 4” on the [Height of Buildings Map](#)—
 - (i) to provide incentives for the development of health-related facilities in this locality, and
 - (ii) to encourage lot consolidation of smaller lots to reduce the possibility of fragmented development, encourage shared facilities and manage traffic movements.

(2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

(2A) Despite subclause (2), if the site area of a building on land identified as “Area 1” or “Area 2” on the [Height of Buildings Map](#) is at least 1,800 square metres, the maximum height of that building is—

- (a) in relation to land identified as “Area 1” on the [Height of Buildings Map](#)—20 metres, and
- (b) in relation to land identified as “Area 2” on the [Height of Buildings Map](#)—26 metres.

(2B) Despite subclause (2), the maximum height of a building on land identified as “Area 3” on the [Height of Buildings Map](#) is 10 metres if the building is to be located within 5 metres of any lot boundary with a frontage to Alison Road or the Pacific Highway.

(2C) Despite subclause (2), the maximum height of a building on land identified as “Area

4” on the [Height of Buildings Map](#) is 20 metres if—

- (a) the site area is 2,000 square metres or more, and
- (b) the building is used for the purposes of health services facilities or for a purpose that, in the opinion of the consent authority, complements and contributes to the special centre role of the hospital precinct adjacent to the land.

4.4 Floor space ratio

(1) The objectives of this clause are as follows—

- (a) to ensure that the density, bulk and scale of development is appropriate for a site,
- (b) to ensure that the density, bulk and scale of development integrates with the streetscape and character of the area in which the development is located,
- (c) to facilitate development in certain areas that contributes to economic growth.
- (ca) in relation to land at Kanwal that is within Zone B6 Enterprise Corridor and is identified as “Area 3” on the [Floor Space Ratio Map](#)—
 - (i) to provide incentives for the development of health-related facilities in this locality, and
 - (ii) to encourage consolidation of smaller lots to reduce the possibility of fragmented development, encourage shared facilities and manage traffic movements,
- (d) to promote the provision of affordable housing.

(2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).

(2A) If a building, or any part of a building, is a heritage item, the area comprising the heritage item is not to be included in the gross floor area of the building in calculating the floor space ratio for the building.

(2B) Despite subclause (2), a building on land identified as “Area 1” or “Area 2” on the [Floor Space Ratio Map](#) for which the site area is as specified in Column 1 of the table to this subclause may exceed the maximum floor space ratio shown on the [Floor Space Ratio Map](#) in relation to that land by the percentage of that ratio shown opposite the relevant site area in Column 2 of that table.

Column 1	Column 2
Site area	% of max FSR
1,500m ² or more, but less than 2,000m ²	7.5%

2,000m ² or more, but less than 2,500m ²	10%
2,500m ² or more, but less than 3,000m ²	12.5%
3,000m ² or more, but less than 4,000m ²	15%
4,000m ² or more	20%

(2C) Despite subclause (2), a maximum floor space ratio of 2:1 applies to buildings on land at Kanwal that is within Zone B6 Enterprise Corridor and is identified as “Area 3” on the [Floor Space Ratio Map](#) if—

- (a) the site area is 2,000 square metres or more, and
- (b) the building is used for the purposes of health services facilities or for a purpose that, in the opinion of the consent authority, complements and contributes to the special centre role of the hospital precinct adjacent to the land.

(2D) Despite subclause (2), the floor space ratio for a building on any land may exceed the ratio shown for the land on the [Floor Space Ratio Map](#) by 0.1:1 if the building will comprise at least 75% of dwellings to be used for the purpose of affordable housing with a gross floor area of—

- (a) in relation to a bedsitter or studio—at least 35 square metres but no more than 36.75 square metres, and
- (b) in relation to a dwelling having 1 bedroom—at least 50 square metres but no more than 52.5 square metres, and
- (c) in relation to a dwelling having 2 bedrooms—at least 70 square metres but no more than 73.5 square metres, and
- (d) in relation to a dwelling having 3 or more bedrooms—at least 95 square metres but no more than 99.75 square metres.

Note—

Clause 14(2)(b) of the [State Environmental Planning Policy \(Affordable Rental Housing\) 2009](#) contains provisions relating to the gross floor area of dwellings in relation to affordable housing.

4.5 Calculation of floor space ratio and site area

(1) **Objectives** The objectives of this clause are as follows—

- (a) to define **floor space ratio**,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant

development being carried out on it, and

- (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
- (iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be—

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area** The following land must be excluded from the site area—

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings** The gross floor area of any existing or proposed buildings within the

vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites** If—

(a) a covenant of the kind referred to in subclause (9) applies to any land (**affected land**), and

(b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition** In this clause, **public place** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

(1) The objectives of this clause are as follows—

(a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

(2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.

(3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating—

(a) that compliance with the development standard is unreasonable or unnecessary in

the circumstances of the case, and

- (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Development consent must not be granted for development that contravenes a development standard unless—
- (a) the consent authority is satisfied that—
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Planning Secretary has been obtained.
- (5) In deciding whether to grant concurrence, the Planning Secretary must consider—
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Planning Secretary before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if—
- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note—

When this Plan was made it did not include all of these zones.

- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).

- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
- (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (ca) clause 4.1A, 4.1C, 4.3(2A), 4.4(2A), 4.4(2B), 4.4(2D), 5.3, 6.1, 6.2 or 7.11.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone B4 Mixed Use and marked “Carpark”	Council
Zone RE1 Public Recreation and marked “Local open space”	Council
Zone RE1 Public Recreation and marked “Regional open space”	The corporation constituted under section 2.5 of the Act
Zone SP2 Infrastructure and marked “Classified road”	Transport for NSW

Zone SP2 Infrastructure and marked “Health services facilities”	Health Administration Corporation
Zone SP2 Infrastructure and marked “Local road”	Council
Zone SP2 Infrastructure and marked “Sewer buffer”	Council
Zone SP2 Infrastructure and marked “Stormwater management”	Council
Zone E1 National Parks and Nature Reserves and marked “National Park”	Minister administering the <i>National Parks and Wildlife Act 1974</i>
Zone E2 Environmental Conservation and marked “Environmental conservation”	Council
Zone E2 Environmental Conservation and marked “Regional open space”	The corporation constituted under section 8 of the Act
Zone E2 Environmental Conservation and marked “Stormwater management”	Council
Zone E3 Environmental Management and marked “Stormwater management”	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to the following land at Manning Road, The Entrance that has not been acquired by the relevant authority of the State specified for the land in clause 5.1—
- (a) Lots 3, 6, 8 and 11, DP 14527,
- (b) Lot 12A, DP 408523.
- (3) Development consent must not be granted to development on land to which this clause applies other than development for the purpose of car parks.

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of

the *Local Government Act 1993*.

Note—

Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4—
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Land Management Act 2016*).

Note—

In accordance with section 30(2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

[Not adopted]

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to

guests must consist of no more than 5 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 20% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 250 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 5 bedrooms.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 20 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 125 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 20 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
 - (a) 60 square metres,
 - (b) 30% of the total floor area of the principal dwelling.

(10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in an industrial or rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—

- (a) 20% of the gross floor area of the industry, or
 - (b) 250 square metres,
- whichever is the lesser.

5.5 Controls relating to secondary dwellings on land in a rural zone

[Not adopted]

5.6 Architectural roof features

[Not adopted]

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent—
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of—

- (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause—
- private service provider*** means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Dwelling house or secondary dwelling affected by natural disaster

- (1) The objective of this clause is to enable the repair or replacement of lawfully erected dwelling houses and secondary dwellings that have been damaged or destroyed by a natural disaster.
- (2) This clause applies to land in the following zones—
- (a) RU1 Primary Production,
 - (b) RU2 Rural Landscape,
 - (c) RU3 Forestry,
 - (d) RU5 Village,
 - (e) RU6 Transition,
 - (f) R1 General Residential,
 - (g) R2 Low Density Residential,
 - (h) R3 Medium Density Residential,
 - (i) R5 Large Lot Residential,
 - (j) B1 Neighbourhood Centre,
 - (k) B2 Local Centre,
 - (l) B3 Commercial Core,
 - (m) B4 Mixed Use,
 - (n) B5 Business Development,

- (o) B6 Enterprise Corridor,
- (p) B7 Business Park,
- (q) IN1 General Industrial,
- (r) IN2 Light Industrial,
- (s) SP1 Special Activities,
- (t) SP2 Infrastructure,
- (u) SP3 Tourist,
- (v) RE1 Public Recreation,
- (w) RE2 Private Recreation,
- (x) E1 National Parks and Nature Reserves,
- (y) E2 Environmental Conservation,
- (z) E3 Environmental Management,
- (za) E4 Environmental Living,
- (zb) W1 Natural Waterways,
- (zc) W2 Recreational Waterways.

(3) Despite the other provisions of this Plan, development consent may be granted to development on land to which this clause applies to enable a dwelling house or secondary dwelling that has been damaged or destroyed by a natural disaster to be repaired or replaced if—

- (a) the dwelling house or secondary dwelling was lawfully erected, and
- (b) the development application seeking the development consent is made to the consent authority no later than 5 years after the day on which the natural disaster caused the damage or destruction.

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows—

- (a) to conserve the environmental heritage of Wyong,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following—

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not required if—

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
 - (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
 - (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment** The consent authority may, before granting consent to any development—
- (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans** The consent authority may require, after

considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
 - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—
- (a) notify the Heritage Council about the application, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—
- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
 - (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and

- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note—

The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 Eco-tourist facilities

- (1) The objectives of this clause are as follows—
 - (a) to maintain the environmental and cultural values of land on which development for the purposes of eco-tourist facilities is carried out,
 - (b) to provide for sensitively designed and managed eco-tourist facilities that have minimal impact on the environment both on and off-site.
- (2) This clause applies if development for the purposes of an eco-tourist facility is permitted with development consent under this Plan.
- (3) The consent authority must not grant consent under this Plan to carry out development for the purposes of an eco-tourist facility unless the consent authority is satisfied that—
 - (a) there is a demonstrated connection between the development and the ecological, environmental and cultural values of the site or area, and

- (b) the development will be located, constructed, managed and maintained so as to minimise any impact on, and to conserve, the natural environment, and
- (c) the development will enhance an appreciation of the environmental and cultural values of the site or area, and
- (d) the development will promote positive environmental outcomes and any impact on watercourses, soil quality, heritage and native flora and fauna will be minimal, and
- (e) the site will be maintained (or regenerated where necessary) to ensure the continued protection of natural resources and enhancement of the natural environment, and
- (f) waste generation during construction and operation will be avoided and that any waste will be appropriately removed, and
- (g) the development will be located to avoid visibility above ridgelines and against escarpments and from watercourses and that any visual intrusion will be minimised through the choice of design, colours, materials and landscaping with local native flora, and
- (h) any infrastructure services to the site will be provided without significant modification to the environment, and
- (i) any power and water to the site will, where possible, be provided through the use of passive heating and cooling, renewable energy sources and water efficient design, and
- (j) the development will not adversely affect the agricultural productivity of adjoining land, and
- (k) the following matters are addressed or provided for in a management strategy for minimising any impact on the natural environment—
 - (i) measures to remove any threat of serious or irreversible environmental damage,
 - (ii) the maintenance (or regeneration where necessary) of habitats,
 - (iii) efficient and minimal energy and water use and waste output,
 - (iv) mechanisms for monitoring and reviewing the effect of the development on the natural environment,
 - (v) maintaining improvements on an on-going basis in accordance with relevant ISO 14000 standards relating to management and quality control.

5.14 Siding Spring Observatory—maintaining dark sky

[Not adopted]

5.15 Defence communications facility

[Not adopted]

5.16 Subdivision of, or dwellings on, land in certain rural, residential or environment protection zones

[Not applicable]

5.17 Artificial waterbodies in environmentally sensitive areas in areas of operation of irrigation corporations

[Not applicable]

5.18 Intensive livestock agriculture

(1) The objectives of this clause are—

- (a) to ensure appropriate environmental assessment of development for the purpose of intensive livestock agriculture that is permitted with consent under this Plan, and
- (b) to provide for certain capacity thresholds below which development consent is not required for that development subject to certain restrictions as to location.

(2) This clause applies if development for the purpose of intensive livestock agriculture is permitted with consent under this Plan.

(3) In determining whether or not to grant development consent under this Plan to development for the purpose of intensive livestock agriculture, the consent authority must take the following into consideration—

- (a) the adequacy of the information provided in the statement of environmental effects or (if the development is designated development) the environmental impact statement accompanying the development application,
- (b) the potential for odours to adversely impact on the amenity of residences or other land uses within the vicinity of the site,
- (c) the potential for the pollution of surface water and ground water,
- (d) the potential for the degradation of soils,
- (e) the measures proposed to mitigate any potential adverse impacts,
- (f) the suitability of the site in the circumstances,

- (g) whether the applicant has indicated an intention to comply with relevant industry codes of practice for the health and welfare of animals,
 - (h) the consistency of the proposal with, and any reasons for departing from, the environmental planning and assessment aspects of any guidelines for the establishment and operation of relevant types of intensive livestock agriculture published, and made available to the consent authority, by the Department of Primary Industries (within the Department of Industry) and approved by the Planning Secretary.
- (4) Despite any other provision of this Plan, development for the purpose of intensive livestock agriculture may be carried out without development consent if—
- (a) the development is of a type specified in subclause (5), and
 - (b) the consent authority is satisfied that the development will not be located—
 - (i) in an environmentally sensitive area, or
 - (ii) within 100 metres of a natural watercourse, or
 - (iii) in a drinking water catchment, or
 - (iv) within 500 metres of any dwelling that is not associated with the development, or a residential zone, or
 - (v) if the development is a poultry farm—within 500 metres of another poultry farm.
- (5) The following types of development are specified for the purposes of subclause (4)—
- (a) a cattle feedlot having a capacity to accommodate fewer than 50 head of cattle,
 - (b) a goat feedlot having a capacity to accommodate fewer than 200 goats,
 - (c) a sheep feedlot having a capacity to accommodate fewer than 200 sheep,
 - (d) a pig farm having a capacity to accommodate fewer than 20 breeding sows, or fewer than 200 pigs (of which fewer than 20 may be breeding sows),
 - (e) a dairy (restricted) having a capacity to accommodate fewer than 50 dairy cows,
 - (f) a poultry farm having a capacity to accommodate fewer than 1,000 birds for meat or egg production (or both).
- (6) For the avoidance of doubt, subclause (4) does not apply to development that is prohibited or that may be carried out without development consent under this or any other environmental planning instrument.
- (7) In this clause—

environmentally sensitive area has the same meaning as in clause 1.5 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

residential zone means Zone RU4 Primary Production Small Lots, Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone B4 Mixed Use, Zone B6 Enterprise Corridor, Zone E3 Environmental Management or Zone E4 Environmental Living.

5.19 Pond-based, tank-based and oyster aquaculture

(1) **Objectives** The objectives of this clause are as follows—

- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
- (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.

(2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—

- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
- (b) in the case of—
 - (i) pond-based aquaculture or tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density Residential or Zone R5 Large Lot Residential—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone E3 Environmental Management or Zone E4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R3 Medium Density Residential, Zone E3 Environmental Management or Zone E4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and
 - (iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.

- (3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.
- (4) **Extensive pond-based aquaculture permitted without consent in certain zones**
Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—
- (a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and
- (b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.
- (5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application** In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider—
- (a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and
- (b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.
- (6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas**
Development for the purpose of oyster aquaculture may be carried out without development consent—
- (a) on land that is wholly within a priority oyster aquaculture area, or
- (b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.
- (7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry*

Sustainable Aquaculture Strategy, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

- (1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—
 - (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or
 - (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—

licensed premises has the same meaning as in the *Liquor Act 2007*.

5.21 Flood planning

- (1) The objectives of this clause are as follows—
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,
 - (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,

- (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
 - (a) is compatible with the flood function and behaviour on the land, and
 - (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and
 - (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
 - (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.
- (4) A word or expression used in this clause has the same meaning as it has in the *Considering Flooding in Land Use Planning Guideline* unless it is otherwise defined in this clause.
- (5) In this clause—

Considering Flooding in Land Use Planning Guideline means the *Considering Flooding in Land Use Planning Guideline* published on the Department's website on 14 July 2021.

flood planning area has the same meaning as it has in the Floodplain Development Manual.

Floodplain Development Manual means the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005.

5.22 Special flood considerations

[Not adopted]

Part 6 Urban release areas

6.1 Arrangements for designated State public infrastructure

- (1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the subdivision of land in an urban release area to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes.
- (2) Development consent must not be granted for the subdivision of land in an urban release area if the subdivision would create a lot smaller than the minimum lot size permitted on the land immediately before—
 - (a) in relation to land identified as “Gwandalan (North)” on the [Urban Release Area Map](#)—1 September 2008, or
 - (b) in relation to land identified as “Louisiana Road, Hamlyn Terrace (West)” on the [Urban Release Area Map](#)—18 July 2008, or
 - (c) in relation to land identified as “Warnervale South (Part A)” on the [Urban Release Area Map](#)—the commencement of this Plan, or
 - (d) in any other case—immediately before the land became, or became part of, an urban release area,

unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that lot.

- (3) Development consent must not be granted for the subdivision of the following land unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to the land to be subdivided—
 - (a) land identified as “Gwandalan (South)” on the [Urban Release Area Map](#),
 - (b) land identified as “Louisiana Road, Hamlyn Terrace (East)” on the [Urban Release Area Map](#),
 - (c) land identified as “Warnervale South (Part B)” on the [Urban Release Area Map](#).
- (4) Subclauses (2) and (3) do not apply to—

- (a) any lot identified in the certificate as a residue lot, or
- (b) any lot to be created by a subdivision of land that was the subject of a previous development consent granted in accordance with this clause, or
- (c) any lot that is proposed in the development application to be reserved or dedicated for public open space, public roads, public utility undertakings, educational facilities or any other public purpose, or
- (d) a subdivision for the purpose only of rectifying an encroachment on any existing lot.

(5) This clause does not apply to land in an urban release area if all or any part of the land is in a special contributions area (as defined by section 7.1 of the Act).

6.2 Public utility infrastructure

- (1) Development consent must not be granted for development on land in an urban release area unless the Council is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when it is required.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure.

6.3 (Repealed)

6.4 Relationship between Part and remainder of Plan

A provision of this Part prevails over any other provision of this Plan to the extent of any inconsistency.

Part 7 Additional local provisions

7.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.

| 3 | Works more than 1 metre below the natural ground surface.
Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface. |
| 4 | Works more than 2 metres below the natural ground surface.
Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface. |
| 5 | Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land. |

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the Acid Sulfate Soils Manual and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if—
- (a) a preliminary assessment of the proposed works prepared in accordance with the Acid Sulfate Soils Manual indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power)—
- (a) emergency work, being the repair or replacement of the works of the public authority, required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
 - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry

out any works if—

- (a) the works involve the disturbance of less than 1 tonne of soil, and
- (b) the works are not likely to lower the watertable.

7.2 (Repealed)

7.3 Floodplain risk management

- (1) The objectives of this clause are as follows—
 - (a) in relation to development with particular evacuation or emergency response issues, to enable evacuation of land subject to flooding in events exceeding the flood planning level,
 - (b) to protect the operational capacity of emergency response facilities and critical infrastructure during extreme flood events.
- (2) This clause applies to land between the flood planning level and the level of a probable maximum flood.
- (3) Development consent must not be granted to development for the following purposes on land to which this clause applies unless the consent authority is satisfied that the development will not, in flood events exceeding the flood planning level, affect the safe occupation of, and evacuation from, the land—
 - (a) air strips,
 - (b) air transport facilities,
 - (c) centre-based child care facilities,
 - (d) correctional centres,
 - (e) educational establishments,
 - (f) electricity generating works,
 - (g) emergency services facilities,
 - (h) group homes,
 - (i) helipads,
 - (j) home-based child care,
 - (k) hospitals,
 - (l) hostels,

- (m) public utility undertakings,
- (n) respite day care centres,
- (o) (Repealed)
- (p) seniors housing,
- (q) sewerage systems,
- (r) water supply systems.

(4) A word or expression used in this clause has the same meaning as it has in the *Floodplain Development Manual* (ISBN 0 7347 5476 0), published by the NSW Government in April 2005, unless it is otherwise defined in this Plan.

7.4 Drinking water catchments

- (1) The objective of this clause is to protect drinking water catchments by minimising the adverse impacts of development on the quality and quantity of water entering drinking water storages.
- (2) This clause applies to land identified as “Drinking Water Catchment” on the [Drinking Water Catchment Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider the following—
 - (a) whether or not the development is likely to have any adverse impact on the quality and quantity of water entering the drinking water storage, having regard to the following—
 - (i) the distance between the development and any waterway that feeds into the drinking water storage,
 - (ii) the on-site use, storage and disposal of any chemicals on the land,
 - (iii) the treatment, storage and disposal of waste water and solid waste generated or used by the development,
 - (b) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development is designed, sited and will be managed to avoid any significant adverse impact on water quality and flows, or
 - (b) if that impact cannot be reasonably avoided—the development is designed, sited

and will be managed to minimise that impact.

7.5 Limited development on foreshore area

- (1) The objective of this clause is to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area.
- (2) Development consent must not be granted for development on land in the foreshore area except for the following purposes—
 - (a) the extension, alteration or rebuilding of an existing building wholly or partly in the foreshore area,
 - (b) the erection of a building in the foreshore area, if the levels, depth or other exceptional features of the site make it appropriate to do so,
 - (c) boat sheds, sea retaining walls, wharves, slipways, jetties, waterway access stairs, swimming pools, fences, cycleways, walking trails, picnic facilities or other recreation facilities (outdoors).
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied that—
 - (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
 - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and
 - (c) the development will not cause environmental harm such as—
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, fauna and flora habitats, or
 - (iii) an adverse effect on drainage patterns, and
 - (d) the development will not cause congestion or generate conflict between people using open space areas or the waterway, and
 - (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
 - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained, and

- (g) in the case of development for the alteration or rebuilding of an existing building wholly or partly in the foreshore area, the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, and
- (h) sea level rise or change of flooding patterns as a result of climate change has been considered.

7.6 Development on the foreshore must ensure access

In deciding whether to grant consent for development in the foreshore area, the consent authority must consider whether and to what extent the development would encourage the following—

- (a) continuous public access to and along the foreshore through or adjacent to the proposed development,
- (b) public access to link with existing or proposed open space,
- (c) public access to be secured by appropriate covenants, agreements or other instruments registered on the title to land,
- (d) public access to be located above mean high water mark,
- (e) the reinforcing of the foreshore character and respect for existing environmental conditions.

7.7 Airspace operations

- (1) The objectives of this clause are as follows—
 - (a) to provide for the effective and ongoing operation of the Warnervale Airport by ensuring that its operation is not compromised by proposed development that penetrates the Limitation or Operations Surface for that airport,
 - (b) to protect the community from undue risk from that operation.
- (2) If a development application is received and the consent authority is satisfied that the proposed development will penetrate the Limitation or Operations Surface, the consent authority must not grant development consent unless it has consulted with the relevant Commonwealth body about the application.
- (3) The consent authority may grant development consent for the development if the relevant Commonwealth body advises that—
 - (a) the development will penetrate the Limitation or Operations Surface but it has no objection to its construction, or
 - (b) the development will not penetrate the Limitation or Operations Surface.

(4) The consent authority must not grant development consent for the development if the relevant Commonwealth body advises that the development will penetrate the Limitation or Operations Surface and should not be constructed.

(5) In this clause—

Limitation or Operations Surface means the Obstacle Limitation Surface or the Procedures for Air Navigation Services Operations Surface as shown on the Obstacle Limitation Surface Map or the Procedures for Air Navigation Services Operations Surface Map for the Warnervale Airport.

relevant Commonwealth body means the body, under Commonwealth legislation, that is responsible for development approvals for development that penetrates the Limitation or Operations Surface for the Warnervale Airport.

7.8 Development in areas subject to aircraft noise

(1) The objectives of this clause are as follows—

(a) to prevent certain noise sensitive developments from being located near the Warnervale Airport and its flight paths,

(b) to assist in minimising the impact of aircraft noise from that airport and its flight paths by requiring appropriate noise attenuation measures in noise sensitive buildings,

(c) to ensure that land use and development in the vicinity of that airport do not hinder or have any other adverse impacts on the ongoing, safe and efficient operation of that airport.

(2) This clause applies to development that—

(a) is on land that—

(i) is near the Warnervale Airport, and

(ii) is in an ANEF contour of 20 or greater, and

(b) the consent authority considers is likely to be adversely affected by aircraft noise.

(3) Before determining a development application for development to which this clause applies, the consent authority—

(a) must consider whether the development will result in an increase in the number of dwellings or people affected by aircraft noise, and

(b) must consider the location of the development in relation to the criteria set out in Table 2.1 (Building Site Acceptability Based on ANEF Zones) in AS 2021—2000, and

(c) must be satisfied the development will meet the indoor design sound levels shown in Table 3.3 (Indoor Design Sound Levels for Determination of Aircraft Noise Reduction) in AS 2021—2000.

(4) In this clause—

ANEF contour means a noise exposure contour shown as an ANEF contour on the Noise Exposure Forecast Contour Map for the Warnervale Airport prepared by the Department of the Commonwealth responsible for airports.

AS 2021—2000 means AS 2021—2000, *Acoustics—Aircraft noise intrusion—Building siting and construction*.

7.9 Essential services

Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the development are available or that adequate arrangements have been made to make them available when required—

- (a) the supply of water,
- (b) the supply of electricity,
- (c) the disposal and management of sewage,
- (d) stormwater drainage or on-site conservation,
- (e) suitable vehicular access.

7.10 Council infrastructure development

(1) Development may be carried out by or on behalf of the Council without development consent on any land, other than land in a heritage conservation area, land containing a heritage item or land that is an environmentally sensitive area for exempt and complying development.

(2) Subclause (1) does not apply to the following development—

- (a) the erection of a class 1-9 building under the *Building Code of Australia*,
- (b) development that is not exempt development under [State Environmental Planning Policy \(Infrastructure\) 2007](#) and has a capital value of more than \$5,000,000.

7.11 Development requiring the preparation of a development control plan (key sites)

(1) The objectives of this clause are as follows—

- (a) to deliver a high standard of design excellence for certain key sites in Wyong,

- (b) to encourage the amalgamation of those key sites to provide opportunities for the expansion of, and improvements to, the public domain,
 - (c) to provide a catalyst for the social and economic development of centres within Wyong,
 - (d) to deliver significant public benefit to the community.
- (2) This clause applies to land identified as “Key Site” on the [Key Sites Map](#).
- (3) Despite clause 4.3, the maximum height for a building on land to which this clause applies is the height shown on the [Key Sites Map](#) in relation to that land if the consent authority is satisfied that a development control plan that provides for the following matters has been prepared for the land that is the subject of the development application—
- (a) the application of the principles of ecologically sustainable development,
 - (b) green building solutions,
 - (c) design excellence, including a high standard of expertise in urban and landscape design, interior design, construction and historic preservation,
 - (d) a high standard of architectural design, materials, unique facade treatment and detailing appropriate to the type and location of the development,
 - (e) encouraging sustainable transport, including increased use of public transport, walking and cycling,
 - (f) road access, including the circulation network and the provision of car parking,
 - (g) the impact on, and improvements to, the public domain,
 - (h) environmental constraints, including acid sulfate soils, flooding, contamination and remediation,
 - (i) the relationship between the development and neighbouring sites, including urban and natural environments,
 - (j) the relationship between the development and any other development that is, or may be, located on or near the site in relation to overshadowing, privacy, setbacks and visual amenity.
- (4) This clause does not apply to a development application made more than 5 years after the commencement of this Plan.
- (5) In this clause, **green building solution** means a design, construction or operational solution that significantly reduces or eliminates the negative impact of the building to which it relates on the environment and includes strategies for addressing the

following matters—

- (a) energy efficiency,
- (b) greenhouse gas emission abatement,
- (c) water conservation,
- (d) waste avoidance, reuse and recycling,
- (e) pollution prevention,
- (f) enhanced biodiversity,
- (g) reduced natural resource consumption,
- (h) productive and healthier environments,
- (i) flexible and adaptable spaces.

7.12 Development for the purpose of bottle shops

- (1) The objectives of this clause are as follows—
 - (a) to ensure that bottle shops are appropriately located throughout Wyong,
 - (b) to ensure that bottle shops do not have a significant adverse impact on surrounding areas.
- (2) Development consent must not be granted to development for the purpose of a bottle shop unless the consent authority is satisfied that the development will not have a significant adverse impact on the surrounding area.
- (3) In this clause, **bottle shop** means licensed premises under the [Liquor Act 2007](#) the principal purpose of which is the retail sale of liquor in sealed containers for consumption away from the premises.

7.13 Shop top housing in certain business zones

- (1) This clause applies to land in the following zones—
 - (a) Zone B5 Business Development,
 - (b) Zone B6 Enterprise Corridor,
 - (c) Zone B7 Business Park.
- (2) Development consent must not be granted for development for the purpose of shop top housing on land to which this clause applies unless the gross floor area used for that purpose will not exceed 50 per cent of the total gross floor area of the building.

7.14 Office premises on land at Warnervale in Zone B7

- (1) The objective of this clause is to protect the viability of the Warnervale town centre by ensuring that the proposed business park develops in a way that encourages a mix of uses.
- (2) This clause applies to land at Warnervale that is in Zone B7 Business Park.
- (3) Despite any other provision of this Plan, development consent must not be granted for development for the purpose of stand-alone office premises on land to which this clause applies unless the consent authority is satisfied that the total floor space of such development on land to which this clause applies does not exceed an area equal to 30% of the total area of the land to which this clause applies.
- (4) In this clause, ***stand-alone office premises*** means a building erected and predominantly used for the purpose of office premises.

7.15 Office premises on land at Kanwal in Zone B6 Enterprise Corridor

- (1) The objectives of this clause are—
 - (a) to protect the viability of existing and planned town centres, and
 - (b) to provide incentives for the development of health services facilities on land at Kanwal that is within Zone B6 Enterprise Corridor.
- (2) This clause applies to land at Kanwal that is in Zone B6 Enterprise Corridor and is identified as “Area 3” on the [Floor Space Ratio Map](#).
- (3) Despite any other provision of this Plan, development consent must not be granted for development for the purpose of stand-alone office premises on land to which this clause applies unless the consent authority is satisfied that the total floor space area of such development on land to which this clause applies does not exceed an area equal to 30% of the total area of the land to which this clause applies.
- (4) In this clause—
stand-alone office premises means a building erected and predominantly used for the purpose of office premises.

7.16 Specialised retail premises on land at Kanwal in Zone B6 Enterprise Corridor

- (1) The objective of this clause is to protect the viability of existing and planned areas identified for the location of specialised retail premises within Wyong.
- (2) This clause applies to land at Kanwal that is in Zone B6 Enterprise Corridor and is identified as “Area 3” on the [Floor Space Ratio Map](#).
- (3) Despite any other provision of this Plan, development consent must not be granted for

development for the purpose of specialised retail premises on land to which this clause applies if the gross floor area of such development is more than 1,000 square metres.

7.17 Land in North Wyong Industrial Estate in Zone B6

- (1) The objective of this clause is to protect the viability of existing and planned town centres.
- (2) This clause applies to land in the North Wyong Industrial Estate, Pacific Highway, North Wyong that is in Zone B6 Enterprise Corridor.
- (3) Despite any other provision of this Plan, development consent must not be granted for development for the purpose of stand-alone office premises on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the total floor space of such premises on land to which this clause applies does not exceed an area equal to 30% of the total area of the land to which this clause applies, and
 - (b) the total floor space of such premises is not less than 200 square metres.
- (4) Despite any other provision of this Plan, development consent must not be granted for development for the purpose of specialised retail premises on land to which this clause applies unless the consent authority is satisfied that the total floor space of such premises is not greater than 2,000 square metres.
- (5) In this clause, ***stand-alone office premises*** means a building erected and predominantly used for the purpose of office premises.

7.18 Short-term rental accommodation

- (1) The objective of this clause is to permit development for the temporary use of dwellings containing up to 6 bedrooms as short-term rental accommodation.
- (2) Despite any other provision of this Plan, development consent may be granted for the use of a dwelling containing up to 6 bedrooms as short-term rental accommodation.

7.19 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres.
- (3) This clause does not apply to—

- (a) land in Zone RE1 Public Recreation, Zone E1 National Parks and Nature Reserves, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone W1 Natural Waterways, or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite subclause (3)(a), this clause applies to land in Zone E3 Environmental Management only if the land is shown edged by a heavy red line on the [Dwelling Density Map](#).
- (5) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that—
- (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (6) This clause does not prescribe a development standard that may be varied under this Plan.

Schedule 1 Additional permitted uses

(Clause 2.5)

1 Use of certain land at Bateau Bay, Canton Beach, Doyalson, Gorokan, Gwandalan, Halekulani, Killarney Vale, Lake Munmorah, Norah Head, Ourimbah, Shelly Beach, The Entrance, Toukley, Tumbi Umbi and Wyong

- (1) This clause applies to the land identified as “Item 3”, “Item 4”, “Item 5”, “Item 6”, “Item 7”, “Item 8”, “Item 9”, “Item 10”, “Item 11”, “Item 12”, “Item 13”, “Item 14”, “Item 15”, “Item 16”, “Item 17”, “Item 18”, “Item 19”, “Item 20” and “Item 21” on the [Additional Permitted Uses Map](#).
- (2) Development for the purposes of hotel or motel accommodation, residential care facilities, seniors housing and serviced apartments is permitted with development consent if the development is associated with a registered club.

2 (Repealed)

3 Use of land at Crangan Bay

- (1) This clause applies to land identified as “Item 25” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of extractive industries is permitted with development consent.

4 (Repealed)

4A Use of land at Craigie Avenue Precinct, Kanwal

- (1) This clause applies to land in the Craigie Avenue Precinct, Kanwal, identified as “Item 27” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of seniors housing is permitted with development consent.

4AA Use of land at 211 Wallarah Road, Kanwal

- (1) This clause applies to land identified as “Item 29” on the [Additional Permitted Uses Map](#), being Lot 2, DP 518378.
- (2) Development for the purpose of a service station is permitted with development consent.

4B Use of land at 355 Ruttleys Road, Mannering Park

- (1) This clause applies to land identified as “Item 28” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of self-storage units is permitted with development consent.

5 Use of certain land at 50 Summerland Road, Summerland Point

- (1) This clause applies to land identified as “Item 23 Part A” and “Item 23 Part B” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of a managed resort facility is permitted with development consent.
- (3) Development for the purpose of subdivision under the [Community Land Development Act 1989](#) to create lots of any size is permitted on land identified as “Item 23 Part A” on the [Additional Permitted Uses Map](#) only if—
 - (a) the land is within a managed resort facility, and

- (b) the percentage of the dwellings in the managed resort facility used for permanent residences does not exceed 75%, and
 - (c) the consent authority is satisfied that the use of the dwellings for permanent residences will not result in the dominant use of the land to which this clause applies being for a purpose other than a managed resort facility.
- (4) In this clause, **managed resort facility** means a facility providing holiday accommodation and associated recreation facilities that also includes one or more of the following types of development—
- (a) boat launching ramps,
 - (b) boat sheds,
 - (c) entertainment facilities,
 - (d) function centres,
 - (e) marinas,
 - (f) registered clubs,
 - (g) residential accommodation,
 - (h) restaurants or cafes,
 - (i) retail premises,
 - (j) shops.

6 Use of certain land at The Entrance North and Wyong

- (1) This clause applies to the land identified as “Item 1” and “Item 2” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of residential accommodation is permitted with development consent if the consent authority is satisfied that the use of the land for tourist and visitor accommodation will remain dominant.

7 Use of certain land at Tumbi Umbi

- (1) This clause applies to land identified as “Item 22” on the [Additional Permitted Uses Map](#).
- (2) Development for the purposes of a centre-based child care facility and health services facilities is permitted with development consent.
- (3) Development for the following purposes is permitted with development consent if the development is integrated with an existing registered club—

- (a) hotel or motel accommodation,
- (b) residential care facilities,
- (c) seniors housing,
- (d) serviced apartments.

8 Use of land at 2-8 Aldinga Road, Gwandalan

- (1) This clause applies to land identified as “Item 31” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of tourist and visitor accommodation is permitted with development consent.

9 Use of land at 8 Warrigal Street, The Entrance

- (1) This clause applies to land identified as “Item 32” on the [Additional Permitted Uses Map](#), being Lot 6, DP 22914.
- (2) Development for the purpose of a residential flat building is permitted with development consent.

10 Use of certain land at 121 Church Road, Tuggerah

- (1) This clause applies to land identified as “Item 30” on the [Additional Permitted Uses Map](#).
- (2) Development for the purpose of recreation areas and recreation facilities (outdoor) is permitted with development consent.

Schedule 2 Exempt development

(Clause 3.1)

Note 1—

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 specifies exempt development under that Policy. The Policy has State-wide application. This Schedule contains additional exempt development not specified in that Policy.

Note 2—

Exempt development may be carried out without the need for development consent under the Act. Such development is not exempt from any approval, licence, permit or authority that is required under any other Act and adjoining owners’ property rights and the common law still apply.

Short-term rental accommodation

- (1) The subject dwelling must be located in a zone where dwellings are permitted with development consent.

- (2) The dwelling must not contain more than 4 bedrooms.
- (3) The dwelling must be serviced by a general waste garbage bin of at least 240L capacity.
- (4) If the dwelling is located in a bush fire prone area, a bush fire evacuation plan must be attached to the dwelling in a prominent location.
- (5) If the dwelling is part of a community or strata scheme, the development must have the prior written approval of the owners corporation for that scheme.
- (6) If the dwelling is serviced by an on-site sewage management system, the number of persons occupying the dwelling must not exceed the number of persons stated as the capacity for that system.
- (7) There must not have been more than 2 written complaints to the Council concerning the activities taking place on the property from the occupiers of separate dwellings located within 40m of the subject dwelling within the preceding 12 months.

Schedule 3 Complying development

(Clause 3.2)

Note—

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 specifies complying development and the complying development conditions for that development under that Policy. The Policy has State-wide application. This Schedule contains additional complying development not specified in that Policy.

Part 1 Types of development

(When this Plan was made this Part was blank)

Part 2 Complying development certificate conditions

Note—

Complying development must comply with the requirements of the Act, the regulations under the Act and this Plan.

General conditions

Any development specified in Part 1 is subject to the same conditions set out in Schedule 6 to *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

Schedule 4 Classification and reclassification of public land

(Clause 5.2)

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned—
 - (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
 - (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a

licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the [Fisheries Management \(Aquaculture\) Regulation 2017](#).

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#),
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.
