Part 2 Key concepts

4 Safety risks and unsafe use of building products

- (1) For the purposes of this Act, there is a **safety risk** posed by the use of a building product in a building if any occupants of the building are or will likely be at risk of death or serious injury arising from the use of the building product in the building.
- (2) A risk can be considered to arise from the use of a building product in a building even if the risk will only arise in certain circumstances or if some other event occurs, such as fire.
- (3) The regulations may prescribe other circumstances in which a safety risk is posed by

the use of a building product in a building.

- (4) For the purposes of this Act, the use of a building product in a building is **unsafe** if there is a safety risk posed by the use of the building product in the building.

5 Building product

- (1) A **building product** means any product, material or other thing that is, or could be, used in a building.
- (2) The following things are not building products for the purposes of this Act—
- (a) asbestos or an asbestos product (including any loose-fill asbestos insulation within the meaning of Division 1A of Part 8 of the *Home Building Act 1989*),
 - (b) anything that the regulations declare is not a building product for the purposes of this Act.

6 Building

A **building** includes part of a building, and also includes any structure or part of a structure (including any temporary structure or part of a temporary structure within the meaning of the *Environmental Planning and Assessment Act 1979*), but does not include anything excluded from this definition by the regulations.

7 Use of building product

- (1) A building product is **used** in a building if it is incorporated into, connected to, or otherwise installed in a building by means of building work.
- (2) The **use** of a building product in a building has a corresponding meaning.

- (a) the construction of a building, or
 - (b) the making of alterations or additions to a building, or
 - (c) the repairing, renovation, decoration or protective treatment of a building.
- (2) Work that relates to a building is taken to be building work if the work is residential building work under the *Home Building Act 1989* or if it would be residential building work under that Act if the building were a dwelling.

- (3) Work that relates to a dwelling is not building work if the work is not residential building work under the *Home Building Act 1989*, subject to subsection (4).
- (4) Work that relates to a dwelling is not excluded from being building work under this Act by virtue of clause 2 (3) (a) of Schedule 1 to the *Home Building Act 1989*.
- (5) The following work is not building work for the purposes of this Act—
- (a) the supervision only of building work—

Part 3 Building product use bans

9 Secretary may prohibit use of building products

- (1) The Secretary may, by written notice published on the internet, prohibit the use of a specified building product in a building if the Secretary is satisfied on reasonable grounds that the use is unsafe.
- (2) A prohibition imposed under this section is a ***building product use ban***.
- (3) A building product use ban may be imposed to apply in any of the following ways—
 - (a) it may apply to a specified use or uses or to all uses of a building product in a building,
 - (b) it may apply to any building or only to a specified class of buildings,
 - (c) it may apply to use by specified persons or classes of persons,
 - (d) it may apply subject to specified exceptions (for example, an exception that permits use of the building product only by a specified class of persons),
 - (e) it may be subject to conditions or unconditional,
 - (f) it may apply in any other way authorised by the regulations.
- (4) A building product use ban that prohibits an unsafe use of a building product is not invalid merely because it also prohibits another use of the building product that is not an unsafe use if the application of the ban to that other use could not reasonably be avoided and the ban operates reasonably and appropriately in prohibiting the unsafe use.

10 Reasons to be given

- (1) A building product use ban must specify the reasons why the Secretary has decided to impose the building product use ban.
- (2) The requirement to give reasons applies to a decision to amend a building product use ban in the same way as it applies to a decision to impose a building product use ban.

11 Duration of ban

- (1) A building product use ban comes into force on the day specified by the Secretary in the notice imposing the ban (being a date not earlier than the date that the notice is first published on the internet).
- (2) A building product use ban remains in force until it is revoked by the Secretary.

12 Amendment or revocation of ban

- (1) The Secretary may, by written notice published on the internet—
 - (a) amend a building product use ban, or
 - (b) revoke a building product use ban.
- (2) An amendment or revocation takes effect on the date specified by the Secretary in the notice amending or revoking the ban (being a date not earlier than the date that the notice is first published on the internet).

13 Secretary may call for public submissions

- (1) The Secretary may, before or after imposing a building product use ban, by written notice published on the internet, call for public submissions on the question of whether a building product use ban is warranted and the terms or proposed terms of the ban.
- (2) If the Secretary calls for public submissions, the Secretary is to have regard to any submissions that are duly made to the Secretary by the date that is 28 days after the publication of the notice (or by a later date approved by the Secretary) in deciding whether to impose the building product use ban or, if the ban has already been imposed, to amend or revoke the ban.
- (3) The Secretary is not required to give any person an opportunity to make submissions on a building product use ban or proposed building product use ban before it is imposed (despite any requirement of the rules of procedural fairness).
- (4) This section applies to an amendment to a building product use ban in the same way as it applies to the imposition of a building product use ban.

14 Notice of imposition of building product use ban

- (1) The Secretary must, if practicable, give notice of a building product use ban to the manufacturer of the building product concerned.
- (2) If the building product is a foreign building product, notice may instead be given to an Australian importer or supplier of the building product.
- (3) If practicable, notice is to be given at least 48 hours before the building product use ban is published on the internet.
- (4) However, the Secretary is not required to give prior notice of a building product use ban if the Secretary believes on reasonable grounds that the nature of the safety risk posed by the use of the building product is so serious that, in the public interest, the publication of the building product use ban should not be delayed.
- (5) The Secretary is not required to give notice to a person under this section if the

Secretary is unable, after making reasonable inquiries, to ascertain the identity of, or to locate, the person to whom notice would otherwise be required to be given.

- (6) The Secretary may also comply with a requirement to give prior notice of a building product use ban under this section by publishing notice of the Secretary's intention to impose a building product use ban on the internet.
- (7) This section applies to an amendment to a building product use ban in the same way as it applies to the imposition of a building product use ban.

15 Offence to contravene building product use ban

- (1) A person must not cause a building product to be used in a building in contravention of a building product use ban.

Maximum penalty—

- (a) in the case of a corporation—10,000 penalty units and, in the case of a continuing offence, a further penalty of 1,000 penalty units for each day the offence continues, or
 - (b) in any other case—2,000 penalty units or imprisonment for 2 years, or both, and, in the case of a continuing offence, a further penalty of 400 penalty units for each day the offence continues.
- (2) For the purposes of subsection (1), a person causes a building product to be used in a building—
 - (a) if the person does the building work by which the building product is used in the building, or
 - (b) in any other circumstances prescribed by the regulations.
 - (3) A person must not, in trade or commerce, represent that a building product is suitable for a use in a building if that use would contravene a building product use ban.

Maximum penalty—

- (a) in the case of a corporation—10,000 penalty units and, in the case of a continuing offence, a further penalty of 1,000 penalty units for each day the offence continues, or
 - (b) in any other case—2,000 penalty units or imprisonment for 2 years, or both, and, in the case of a continuing offence, a further penalty of 400 penalty units for each day the offence continues.
- (4) In proceedings in which a person is charged with an offence under this section, it is a defence to the prosecution of the offence if the person charged proves that the person had a reasonable excuse for the act or omission concerned.

- (5) An offence against subsection (1) or (3) is an executive liability offence.

Part 4 Identification and rectification of affected buildings

16 Definitions

In this Part—

affected building—see section 17.

affected building notice means a notice under section 18.

general building safety notice means a notice under section 19.

made safe—see section 26.

relevant enforcement authority in relation to a building means—

- (a) a relevant enforcement authority for an order under Part 1 of Schedule 5 to the *Environmental Planning and Assessment Act 1979* in respect of the building, or
- (b) in the case of a building that is not a building within the meaning of the *Environmental Planning and Assessment Act 1979*, the council for the area in which the building is located.

17 Affected building

- (1) For the purposes of this Part, a building is an **affected building** if a building product the subject of a building product use ban has been used in the building for a use that is prohibited by the building product use ban.
- (2) It does not matter that the building product was used in the building before the building product use ban was in force.

18 Identification and notification of particular affected buildings

- (1) If the Secretary is satisfied, on reasonable grounds, that a particular building is or may be an affected building, the Secretary may issue a notice under this section (an **affected building notice**).
- (2) An affected building notice is to include the following information—
 - (a) the location of the building that is or may be an affected building,
 - (b) particulars of the relevant building product use ban,
 - (c) particulars of the safety risk posed by the use of the building product to which the building product use ban applies.
- (3) The Secretary is to give a copy of an affected building notice to the following—

- (a) the owner or owners of the building,
 - (b) the occupier or occupiers of the building,
 - (c) the council for the area in which the building is located,
 - (d) a relevant enforcement authority for the building (if the council is not a relevant enforcement authority for the building),
 - (e) the Commissioner of Fire and Rescue NSW, if the safety risk posed by the use of the building product relates to a risk of fire.
- (4) If the building is the subject of a strata scheme under the [Strata Schemes Management Act 2015](#), a requirement to give notice to the owner or owners of the building is satisfied if notice is given to the owners corporation constituted under that Act.
- (5) The Secretary may publish an affected building notice on the internet, but only if the Secretary considers that it is in the public interest to do so.

19 General warning about class of buildings that may be affected buildings

- (1) The Secretary may issue a notice under this section (a **general building safety notice**) if the Secretary is satisfied, on reasonable grounds, that a class of buildings may be affected buildings.
- (2) A general building safety notice is a notice that identifies the safety risk posed by the use of a building product that is the subject of a building product use ban in the class of buildings concerned.
- (3) A general building safety notice is to include the following information—
- (a) particulars of the class of buildings that may be affected buildings, to the extent known to the Secretary,
 - (b) particulars of the relevant building product use ban,
 - (c) particulars of the safety risk posed by the use of the building product to which the building product use ban applies.
- (4) A general building safety notice may be given—
- (a) to all councils or to any councils that the Secretary considers appropriate, and
 - (b) to the Commissioner of Fire and Rescue NSW, if the safety risk posed by the use of the building product relates to a risk of fire.
- (5) The Secretary may publish a general building safety notice on the internet, but only if the Secretary considers that it is in the public interest to do so.

20 Power of relevant enforcement authority to order rectification

- (1) A relevant enforcement authority may make an order under this section (a **building product rectification order**) in respect of a building.
- (2) A building product rectification order is an order that requires the owner of a building to do such things as are necessary for either or both of the following purposes—
 - (a) to eliminate or minimise a safety risk posed by the use in the building of a building product to which a building product use ban applies,
 - (b) to remediate or restore the building following the elimination or minimisation of the safety risk.
- (3) A building product rectification order may be made only if the relevant enforcement authority is satisfied, on reasonable grounds, that the building is an affected building.
- (4) For the purposes of any proceedings relating to a building product rectification order or proposed building product rectification order, an affected building notice or a general building safety notice is evidence that the use in a building of the building product specified in the notice poses a safety risk of a kind specified by the Secretary in that notice.
- (5) However, a relevant enforcement authority may make a building product rectification order in respect of a building whether or not the relevant enforcement authority has received an affected building notice or general building safety notice in respect of the building.

Note—

For example, a council may make a building product rectification order if, as a result of its own investigations, it identifies an affected building.

21 Statutory provisions applicable to building product rectification order

- (1) The *Environmental Planning and Assessment Act 1979*, and any regulations under that Act, apply to a building product rectification order as if the order were a development control order, except as provided by subsection (3).
- (2) (Repealed)
- (3) If a building is not a building within the meaning of the *Environmental Planning and Assessment Act 1979*, the *Local Government Act 1993*, and any regulations under that Act, apply to a building product rectification order in respect of the building as if the order were an order made under section 124 of the *Local Government Act 1993*.
- (4) The regulations may modify the application of any of the statutory provisions referred to in subsection (1) or (3) to or in respect of a building product rectification order.
- (5) The Minister is not to recommend the making of a regulation that modifies the

operation of any of those statutory provisions in respect of a building product rectification order except with the concurrence of the Minister administering the relevant statutory provisions concerned.

22 Appeals concerning orders

- (1) A council must give notice to the Secretary of an appeal against a building product rectification order made by the council.
- (2) The Secretary is entitled to appear and be heard on an appeal against a building product rectification order.
- (3) The Land and Environment Court may, on hearing an appeal against a building product rectification order, order the Secretary to amend or revoke an affected building notice or a general building safety notice (without limiting any other powers the Court has on an appeal).

23 Council to report to Secretary on response

- (1) The Secretary may, by notice in writing served on a council that has been given an affected building notice, require the council to provide a report to the Secretary about the steps it has taken in relation to the affected building notice.
- (2) The report is to indicate or include the following—
 - (a) whether the council has made a building product rectification order in respect of the building the subject of the affected building notice,
 - (b) whether the order has been complied with or the progress that has been made towards compliance with the order,
 - (c) any other steps that are being taken by the council to ensure that the building the subject of the affected building notice is made safe,
 - (d) such other matters as may be prescribed by the regulations.
- (3) If the council has not made a building product rectification order in respect of the building the subject of the affected building notice, the report is to set out the council's reasons for not making the order.
- (4) The report is to be provided to the Secretary within the period specified by the Secretary in the notice (being a period of not less than 30 days after the notice is served).
- (5) The Secretary may require more than one report to be provided under this section in respect of a building.
- (6) The Secretary may publish a report provided by the council under this section on the internet.

- (7) The Secretary may withhold from publication any information in the report that identifies the particular building that is the subject of the affected building notice.

24 Amendment or revocation of notices

- (1) The Secretary may amend or revoke an affected building notice or a general building safety notice by issuing a further notice.
- (2) The Secretary is to give notice of the amendment or revocation of an affected building notice to each of the following—

 - (b) the occupier or occupiers of the building,
 - (c) the council for the area in which the building is located,
 - (d) any relevant enforcement authority for the building to whom the affected building notice was given,
 - (e) the Commissioner of Fire and Rescue NSW, if the affected building notice was given to the Commissioner.
- (3) The Secretary is to give notice of the amendment or revocation of a general building safety notice to each of the following—
- (a) any council that was given the general building safety notice,
 - (b) the Commissioner of Fire and Rescue NSW, if the general building safety notice was given to the Commissioner.
- (4) An affected building notice or general building safety notice ceases to be in force if it is revoked.

- (a) the building concerned has been made safe, or
 - (b) the building is not an affected building.
- (2) The Secretary may revoke an affected building notice on the application of an owner of the building or on the Secretary's own initiative.

26 When a building is "made safe"

For the purposes of this Part, a building is **made safe** if the safety risk that is posed by the use of a building product to which a building product use ban applies, as identified by

the Secretary in an affected building notice, is eliminated or, if it is not reasonably practicable to eliminate the safety risk, is minimised as far as practicable.

Part 5 Building product undertakings

27 Secretary may accept undertakings

- (1) The Secretary may accept a written undertaking (a **building product undertaking**) given by a person if the person has contravened, or the Secretary suspects that the person has contravened or is likely to contravene, a requirement imposed by or under this Act.
- (2) The giving of an undertaking does not constitute an admission of guilt by the person giving it in relation to the contravention, suspected contravention or likely contravention to which the undertaking relates.

28 When building product undertaking takes effect
