Cumberland Local Environmental Plan 2021

Part 1 Preliminary

1.1 Name of Plan

This Plan is [Cumberland Local Environmental Plan 2021](#).

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Cumberland in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) to provide a comprehensive planning framework for the sustainable development of land in Cumberland,
 - (b) to provide for a range of land uses and development in appropriate locations to meet community needs,
 - (c) to facilitate economic growth and employment opportunities within Cumberland,
 - (d) to conserve and maintain the natural, built and cultural heritage of Cumberland,
 - (e) to provide for community facilities and services in Cumberland to meet the needs of residents, workers and visitors,
 - (f) to promote development that is environmentally sustainable.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the NSW Planning Portal. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any biodiversity certification conferred under the *Biodiversity Conservation Act 2016*, Part 8, or
 - (c) to any private land conservation agreement within the meaning of the *Biodiversity Conservation Act 2016*, or
 - (d) to any relevant instrument within the meaning of the *Crown Land Management Act 2016*, section 13.4, or
 - (e) to the relevant provisions of a land management (native vegetation) code (and the necessary mandatory code compliant certificate) with respect to a set aside area under the *Local Land Services Act 2013*, Part 5A, or
 - (f) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (g) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003* that is continued in force by the *Biodiversity Conservation (Savings and Transitional) Regulation 2017*, or
 - (h) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001* that is continued in force by the *Biodiversity Conservation (Savings and*

Transitional) Regulation 2017, or

- (i) to any planning agreement within the meaning of the Act, Division 7.1.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under the Act, section 3.16, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Residential Zones

- R2 Low Density Residential
- R3 Medium Density Residential
- R4 High Density Residential

Business Zones

- B1 Neighbourhood Centre
- B2 Local Centre
- B4 Mixed Use
- B5 Business Development
- B6 Enterprise Corridor

Industrial Zones

- IN1 General Industrial
- IN2 Light Industrial

Special Purpose Zones

- SP1 Special Activities
- SP2 Infrastructure

Recreation Zones

- RE1 Public Recreation
- RE2 Private Recreation

Conservation Zones

C2 Environmental Conservation

Waterway Zones

W1 Natural Waterways

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone—
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes—

- 1** Schedule 1 sets out additional permitted uses for particular land.
- 2** Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3** Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4** Clause 2.6 requires consent for subdivision of land.
- 5** Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.

- (2) In deciding whether to grant development consent, the consent authority—
- (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out—
- (a) with development consent, or
 - (b) if the Schedule so provides—without development consent,
- in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

- 1** If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.
- 2** Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as

this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that—
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3)(d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

2.9 Canal estate development prohibited

- (1) Canal estate development is prohibited on land to which this Plan applies.
- (2) In this Plan, **canal estate development** means development that involves—
 - (a) a constructed canal, or other waterway or waterbody, that—
 - (i) is inundated by surface water or groundwater movement, or
 - (ii) drains to a waterway or waterbody by surface water or groundwater movement, and

- (b) the erection of a dwelling, and
- (c) one or both of the following—
 - (i) the use of fill material to raise the level of all or part of the land on which the dwelling will be erected to comply with requirements for residential development in the flood planning area,
 - (ii) excavation to create a waterway.
- (3) Canal estate development does not include development for the purposes of drainage or the supply or treatment of water if the development is—
 - (a) carried out by or with the authority of a person or body responsible for the drainage, supply or treatment, and
 - (b) limited to the minimum reasonable size and capacity.
- (4) In this clause—

flood planning area has the same meaning as in clause 5.21.

Land Use Table

Note—

State environmental planning policies, including the following, may be relevant to development on land to which this Plan applies—

[State Environmental Planning Policy \(Housing\) 2021](#)

[State Environmental Planning Policy \(Transport and Infrastructure\) 2021](#), Chapter 2—relating to infrastructure facilities, including air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

Zone IN1 General Industrial

1 Objectives of zone

- To provide a wide range of industrial and warehouse land uses.
- To encourage employment opportunities.
- To minimise any adverse effect of industry on other land uses.

- To support and protect industrial land for industrial uses.
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.

2 Permitted without consent

Zone IN2 Light Industrial

1 Objectives of zone

- To provide a wide range of light industrial, warehouse and related land uses.

- To encourage employment opportunities and to support the viability of centres.
- To minimise any adverse effect of industry on other land uses.
- To enable other land uses that provide facilities or services to meet the day to day needs of workers in the area.
- To support and protect industrial land for industrial uses.

boating facilities

Zone SP1 Special Activities

1 Objectives of zone

- To provide for special land uses that are not provided for in other zones.
- To provide for sites with special natural characteristics that are not provided for in other zones.
- To facilitate development that is in keeping with the special characteristics of the site or its existing or intended special use, and that minimises any adverse impacts on surrounding land.

2 Permitted without consent

3 Permitted with consent

Aquaculture; Building identification signs; Business identification signs; Cemeteries; Community facilities; Crematoria; Depots; Environmental facilities; Environmental protection works; Funeral homes; Kiosks; Markets; Mortuaries; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Roads; The purpose shown on the [Land Zoning Map](#), including any development that is ordinarily incidental or ancillary to development for that purpose

4 Prohibited

Any development not specified in item 2 or 3

Zone SP2 Infrastructure

1 Objectives of zone

- To provide for infrastructure and related uses.
- To prevent development that is not compatible with or that may detract from the provision of infrastructure.

2 Permitted without consent

Nil

3 Permitted with consent

Aquaculture; Car parks; Community facilities; Depots; Environmental facilities;

Environmental protection works; Freight transport facilities; Funeral homes; Kiosks; Markets; Mortuaries; Passenger transport facilities; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Roads; Signage; The purpose shown on the [Land Zoning Map](#), including any development that is ordinarily incidental or ancillary to development for that purpose

4 Prohibited

Any development not specified in item 2 or 3

Zone RE1 Public Recreation

1 Objectives of zone

- To enable land to be used for public open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Aquaculture; Centre-based child care facilities; Community facilities; Depots; Environmental facilities; Function centres; Information and education facilities; Kiosks; Markets; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Respite day care centres; Restaurants or cafes; Roads; Signage; Take away food and drink premises; Water recreation structures; Water recycling facilities

4 Prohibited

Any development not specified in item 2 or 3

Zone RE2 Private Recreation

1 Objectives of zone

- To enable land to be used for private open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.

- To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Aquaculture; Centre-based child care facilities; Community facilities; Depots; Emergency services facilities; Entertainment facilities; Environmental facilities; Food and drink premises; Function centres; Home businesses; Information and education facilities; Kiosks; Markets; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Respite day care centres; Restaurants or cafes; Roads; Signage; Take away food and drink premises; Tourist and visitor accommodation; Water recreation structures; Water recycling facilities

4 Prohibited

Any development not specified in item 2 or 3

Zone C2 Environmental Conservation

1 Objectives of zone

- To protect, manage and restore areas of high ecological, scientific, cultural or aesthetic values.
- To prevent development that could destroy, damage or otherwise have an adverse effect on those values.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Building identification signs; Business identification signs; Environmental facilities; Information and education facilities; Oyster aquaculture; Recreation areas; Roads

4 Prohibited

Business premises; Hotel or motel accommodation; Industries; Local distribution premises; Multi dwelling housing; Pond-based aquaculture; Recreation facilities (major); Residential flat buildings; Restricted premises; Retail premises; Seniors

housing; Service stations; Tank-based aquaculture; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Zone W1 Natural Waterways

1 Objectives of zone

- To protect the ecological and scenic values of natural waterways.
- To prevent development that would have an adverse effect on the natural values of waterways in this zone.
- To provide for sustainable fishing industries and recreational fishing.

2 Permitted without consent

Environmental protection works; Flood mitigation works

3 Permitted with consent

Aquaculture; Building identification signs; Business identification signs; Environmental facilities; Roads

4 Prohibited

Business premises; Hotel or motel accommodation; Industries; Local distribution premises; Multi dwelling housing; Recreation facilities (major); Residential flat buildings; Restricted premises; Retail premises; Seniors housing; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and

- (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
 - (e) (Repealed)
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if—
- (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must—
- (a) be installed in accordance with the manufacturer’s specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 2 and the *Local Land Services Act 2013*, Part 5A.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—
- (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,
- is complying development.

Note—

See also clause 5.8(3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must—
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

 - (a) the coastal waters of the State,
 - (b) a coastal lake,
 - (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
 - (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
 - (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
 - (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
 - (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
 - (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
 - (i) land reserved or dedicated under the *Crown Land Management Act 2016* for the

preservation of flora, fauna, geological formations or for other environmental protection purposes,

(j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*,

(ja) land shown as “Remnant Native Vegetation” on the *Biodiversity Map*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

(1) The objectives of this clause are as follows—

(a) to ensure that new lots are able to accommodate development that is consistent with development controls including adequate areas for vehicle and pedestrian access, private open space and landscaping,

(b) to prevent fragmentation of land that would preclude the achievement of the land uses or development desired in a given locality,

(c) to ensure that new subdivisions reflect characteristic lot sizes and patterns of the area.

(2) This clause applies to a subdivision of any land shown on the *Lot Size Map* that requires development consent and that is carried out after the commencement of this Plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the *Lot Size Map* in relation to that land.

(3A) If a lot is a battleaxe lot, or other lot with an access handle, the area of the access handle is not to be included when calculating the size of the lot for the purposes of this clause.

(3B) The minimum lot size for dwelling houses is—

(a) if the minimum lot size shown on the *Lot Size Map* is 550 square metres—550 square metres,

(b) otherwise—450 square metres.

(3C) The minimum lot size for development on land shown edged blue and identified as “Former Lidcombe Hospital Site” on the *Lot Size Map* is as follows in relation to development for the purposes of—

(a) dwelling houses—

- (i) 350 square metres, or
 - (ii) if a garage will be accessed from the rear of the property—290 square metres,
or
 - (iii) if the dwelling house will be on a zero lot line—270 square metres,
 - (b) semi-detached dwellings—270 square metres,
 - (c) multi dwelling housing—170 square metres for each dwelling,
 - (d) attached dwellings—170 square metres.
- (4) This clause does not apply in relation to the subdivision of any land—
- (a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or
 - (b) by any kind of subdivision under the [Community Land Development Act 2021](#).

4.1AA Minimum subdivision lot size for community title schemes

- (1) The objectives of this clause are as follows—
- (a) to ensure that land is not fragmented by subdivisions that create additional dwelling entitlements.
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the [Community Land Development Act 2021](#) of land in any of the following zones—
- (a) Zone R2 Low Density Residential,
- but does not apply to a subdivision by the registration of a strata plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the [Community Land Development Act 2021](#)) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) This clause applies despite clause 4.1.

4.1A Exceptions to minimum subdivision lot sizes for certain residential development

- (1) The objective of this clause is to encourage housing diversity without adversely impacting on residential amenity.
- (2) Development consent must not be granted for the subdivision of land to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to the land unless—

- (a) the subdivision is for the purposes of dual occupancies or semi-detached dwellings, or
 - (b) there is an existing dual occupancy situated on the land that was lawfully erected in accordance with an environmental planning instrument before this Plan commenced and each resulting lot from the subdivision will contain a single dwelling.
- (3) The minimum lot size for dual occupancies and semi-detached dwellings under clause 4.1B applies to development involving subdivision for the purposes of dual occupancies and semi-detached dwellings referred to in subclause (2)(a).
- (4) A single development consent may be granted to development that involves both—
- (a) the subdivision of land into 3 or more lots, and
 - (b) the erection of an attached dwelling or a semi-detached dwelling on each lot resulting from the subdivision.

4.1B Minimum lot sizes for dual occupancies and semi-detached dwellings in Zones R2 and R3

- (1) The objectives of this clause are as follows—
- (a) to achieve planned residential density in certain zones,
 - (b) to ensure that lot sizes are consistent with the predominant lot size pattern of the area,
 - (c) to maintain a low and medium density residential character in existing neighbourhoods,
 - (d) to ensure adequate road and transport infrastructure,
 - (e) to minimise any adverse impact on local amenity.
- (2) This clause applies to development for the purposes of the erection of a dual occupancy or semi-detached dwelling on land in the following zones—
- (a) Zone R2 Low Density Residential,
 - (b) Zone R3 Medium Density Residential.
- (3) Development consent must not be granted to development to which this clause applies unless the area of the lot is equal to or greater than 550 square metres.

4.1C Minimum lot sizes for places of public worship in Zones R3 and R4

- (1) The objectives of this clause are as follows—

- (a) to ensure that the size of lots for places of public worship on land in Zone R3 Medium Density Residential and Zone R4 High Density Residential is compatible with the character of the locality,
 - (b) to ensure that places of public worship do not have a significant adverse effect on the amenity of the surrounding residential area,
 - (c) to ensure that places of public worship are large enough to provide for the needs of the community.
- (2) This clause applies to development for the purposes of a place of public worship on land in the following zones—
- (a) Zone R3 Medium Density Residential,
 - (b) Zone R4 High Density Residential.
- (3) Development consent must not be granted to development to which this clause applies unless—
- (a) the area of the lot is equal to or greater than 2,000 square metres, and
 - (b) the consent authority is satisfied that—
 - (i) the development will be compatible with the character, scale and streetscape of the locality, and
 - (ii) the vehicular or pedestrian traffic generated by the development will not have a significant adverse effect on the amenity of the surrounding area.

4.2 Rural subdivision

[Not applicable]

4.3 Height of buildings

- (1) The objectives of this clause are as follows—
- (a) to establish a maximum height of buildings to enable appropriate development density,
 - (b) to ensure that the height of buildings is compatible with the character of the locality,
 - (c) to minimise the visual impact of development,
 - (d) to ensure sufficient solar access and privacy for neighbouring properties.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

- (2A) The maximum height of office premises and hotel or motel accommodation in the “Parramatta Road Precinct”, shown edged orange on the [Height of Buildings Map](#), is 27 metres.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows—
- (a) to establish a maximum floor space ratio to enable appropriate development density,
 - (b) to ensure that development intensity reflects its locality.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).
- (2A) The maximum floor space ratio for development for the purposes of multi dwelling housing on land other than land in the “Former Lidcombe Hospital Site”, shown edged black on the [Floor Space Ratio Map](#), is as follows—
- (a) for a site that is less than 1,300 square metres—0.75:1,
 - (b) for a site that is 1,300 square metres or greater but less than 1,800 square metres—0.8:1,
 - (c) for a site that is 1,800 square metres or greater—0.85:1.
- (2B) The maximum floor space ratio for the following development on land in Zone B6 Enterprise Corridor in the “Parramatta Road Precinct”, shown edged orange on the [Floor Space Ratio Map](#), is as follows—
- (a) 1.5:1 for specialised retail premises, entertainment facilities, function centres and registered clubs,
 - (b) 3:1 for office premises and hotel or motel accommodation.
- (2C) The maximum floor space ratio for retail premises on land in Zone B6 Enterprise Corridor in the “Commercial Precinct”, shown edged green on the [Floor Space Ratio Map](#), is 1.5:1.
- (2D) For development on land in Zone B4 Mixed Use in the “Lidcombe Mixed Use Precinct”, shown edged blue on the [Floor Space Ratio Map](#)—
- (a) the floor space ratio for the part of the buildings used for non-residential purposes must not be less than 0.4:1, and
 - (b) the maximum floor space ratio may exceed the floor space ratio shown on the map for the land by 0.3:1 if the floor space ratio for the part of the buildings used for non-residential purposes is not less than 0.6:1.

- (2E) The maximum floor space ratio for a building on a site area that is wholly on land shown as “Area A” on the [Floor Space Ratio Map](#) and on land for which the maximum floor space ratio is as specified in Column 1 of the Table to this subclause is—
- (a) if the site area is at least 1,200 square metres, but no more than 1,500 square metres—the ratio specified in Column 2, and
 - (b) if the site area is more than 1,500 square metres—the ratio specified in Column 3.

Table—Maximum FSR in Area A

Column 1	Column 2	Column 3
2.5:1	5.5:1	7.5:1
3:1	6:1	8:1
3.5:1	6.5:1	8.5:1

- (2F) If a building on a site area on land shown as “Area B” on the [Floor Space Ratio Map](#) is used for the purposes of residential accommodation or tourist and visitor accommodation, or both, the maximum floor space ratio for the part of the building used for the purposes is—

$$(FSR_{max} - 1.7):1$$

where—

FSR_{max} is the maximum floor space ratio in accordance with this clause.

- (2G) The minimum floor space ratio for a building on land shown as “Area C” on the [Floor Space Ratio Map](#) used for non-residential purposes is 0.5:1.

4.5 Calculation of floor space ratio and site area

- (1) **Objectives** The objectives of this clause are as follows—
- (a) to define **floor space ratio**,
 - (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.
- (2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio

of the gross floor area of all buildings within the site to the site area.

- (3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be—
- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
 - (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)-(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

- (4) **Exclusions from site area** The following land must be excluded from the site area—
- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
 - (b) community land or a public place (except as provided by subclause (7)).
- (5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.
- (6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.
- (7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.
- (8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.
- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot

(the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites** If—

(a) a covenant of the kind referred to in subclause (9) applies to any land (***affected land***), and

(b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition** In this clause, ***public place*** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

(1) The objectives of this clause are as follows—

(a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

(2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.

(3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating—

(a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and

(b) that there are sufficient environmental planning grounds to justify contravening the development standard.

(4) Development consent must not be granted for development that contravenes a development standard unless—

- (a) the consent authority is satisfied that—
 - (i) the applicant’s written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Planning Secretary has been obtained.
- (5) In deciding whether to grant concurrence, the Planning Secretary must consider—
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Planning Secretary before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone C4 Environmental Living if—
- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant’s written request referred to in subclause (3).
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
- (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
 - (c) clause 5.4,

(caa) clause 5.5.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the table to this clause that has not been acquired by the relevant authority of the State specified for the land in clause 5.1.
- (3) Development consent must not be granted to development on land to which this clause applies other than development for a purpose specified for the land in Column 2.

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the [Local Government Act 1993](#).

Note—

Under the [Local Government Act 1993](#), “public land” is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the [Local Government Act 1993](#). Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the [Local Government Act 1993](#).
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the [Local Government Act 1993](#).
- (4) The public land described in Part 1 of Schedule 4—
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and

- (b) any reservations that except land out of the Crown grant relating to the land, and
- (c) reservations of minerals (within the meaning of the *Crown Land Management Act 2016*).

Note—

In accordance with section 30(2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres.
- (3) This clause does not apply to—
 - (a) land in Zone RE1 Public Recreation, Zone C1 National Parks and Nature Reserves, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone W1 Natural Waterways, or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that—
 - (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) This clause does not prescribe a development standard that may be varied under this Plan.

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast

accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 10% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 400 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 50 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 8 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
 - (a) 60 square metres,

(b) 10% of the total floor area of the principal dwelling.

(10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial, Zone W4 Working Waterfront or an industrial or rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—

(a) 10% of the gross floor area of the industry, or

(b) 400 square metres,

whichever is the lesser.

5.5 Controls relating to secondary dwellings on land in a rural zone

[Not adopted]

5.6 Architectural roof features

(1) The objectives of this clause are as follows—

(a) to encourage innovative and high quality design for new buildings,

(b) to allow varying roof forms that contribute positively to the streetscape,

(c) to ensure that new development is consistent with the existing neighbourhood character,

(d) to ensure that a decorative roof element does not detract from the architectural design of the building.

(2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.

(3) Development consent must not be granted to any such development unless the consent authority is satisfied that—

(a) the architectural roof feature—

(i) comprises a decorative element on the uppermost portion of a building, and

(ii) is not an advertising structure, and

(iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and

(iv) will cause minimal overshadowing, and

(b) any building identification signage or equipment for servicing the building (such

as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

5.7 Development below mean high water mark

[Not applicable]

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent—
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of—
 - (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause—

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Dwelling house or secondary dwelling affected by natural disaster

- (1) The objective of this clause is to enable the repair or replacement of lawfully erected dwelling houses and secondary dwellings that have been damaged or destroyed by a

natural disaster.

- (2) This clause applies to land in the following zones—
 - (a) R2 Low Density Residential,
 - (b) R3 Medium Density Residential,
 - (c) RE1 Public Recreation,
 - (d) E2 Environmental Conservation.
- (3) Despite the other provisions of this Plan, development consent may be granted to development on land to which this clause applies to enable a dwelling house or secondary dwelling that has been damaged or destroyed by a natural disaster to be repaired or replaced if—
 - (a) the dwelling house or secondary dwelling was lawfully erected, and
 - (b) the development application seeking the development consent is made to the consent authority no later than 5 years after the day on which the natural disaster caused the damage or destruction.

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

- (1) **Objectives** The objectives of this clause are as follows—
 - (a) to conserve the environmental heritage of Cumberland,
 - (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
 - (c) to conserve archaeological sites,
 - (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.
- (2) **Requirement for consent** Development consent is required for any of the following—
 - (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,

- (iii) a building, work, relic or tree within a heritage conservation area,
 - (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
 - (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
 - (d) disturbing or excavating an Aboriginal place of heritage significance,
 - (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
 - (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.
- (3) **When consent not required** However, development consent under this clause is not required if—
- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
 - (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and

- (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
 - (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment** The consent authority may, before granting consent to any development—
 - (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
 - (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
 - (a) consider the effect of the proposed development on the heritage significance of

the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and

(b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.

(9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—

(a) notify the Heritage Council about the application, and

(b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—

(a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and

(b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and

(c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and

(d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and

(e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note—

The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Transport and Infrastructure) 2021*, Chapter 2.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.19 Pond-based, tank-based and oyster aquaculture

- (1) **Objectives** The objectives of this clause are as follows—
 - (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
 - (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.
- (2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development

consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—

- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
 - (b) in the case of—
 - (i) pond-based aquaculture in Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial or Zone MU1 Mixed Use—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and
 - (iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.
- (3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.
- (4) **Extensive pond-based aquaculture permitted without consent in certain zones**
Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—
- (a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and
 - (b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.
- (5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application** In determining a development application for

development for the purpose of oyster aquaculture, the consent authority must consider—

- (a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and
- (b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.

(6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas**

Development for the purpose of oyster aquaculture may be carried out without development consent—

- (a) on land that is wholly within a priority oyster aquaculture area, or
- (b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.

(7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

- (1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—
 - (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or

- (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—

licensed premises has the same meaning as in the [Liquor Act 2007](#).

5.21 Flood planning

- (1) The objectives of this clause are as follows—
- (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,
 - (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,
 - (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
- (a) is compatible with the flood function and behaviour on the land, and
 - (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and

- (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
 - (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.
- (4) A word or expression used in this clause has the same meaning as it has in the *Considering Flooding in Land Use Planning Guideline* unless it is otherwise defined in this clause.
- (5) In this clause—

Considering Flooding in Land Use Planning Guideline means the *Considering Flooding in Land Use Planning Guideline* published on the Department’s website on 14 July 2021.

flood planning area has the same meaning as it has in the *Floodplain Development Manual*.

Floodplain Development Manual means the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005.

Part 6 Additional local provisions

6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the table

to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been—
- (a) prepared for the works in accordance with the *Acid Sulfate Soils Manual*, and
 - (b) provided to the consent authority.
- (4) Development consent is not required under this clause for the carrying out of works if—
- (a) a preliminary assessment of the works prepared in accordance with the *Acid Sulfate Soils Manual* indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority, and
 - (c) the consent authority has confirmed the assessment by written notice to the person proposing to carry out the works.
- (5) Development consent is not required under this clause for the carrying out of the following works by a public authority, including ancillary work such as excavation, construction of access ways or the supply of power—
- (a) emergency work that involves the repair or replacement of the works of the public

authority required to be carried out urgently because the works—

(i) have been damaged, or

(ii) have ceased to function, or

(iii) pose a risk to the environment or to public health and safety,

(b) routine maintenance work that involves the periodic inspection, cleaning, repair or replacement of the works of the public authority, other than work that involves the disturbance of more than 1 tonne of soil,

(c) minor work that costs less than \$20,000, other than drainage work.

(6) Development consent is not required under this clause to carry out works that—

(a) involve the disturbance of less than 1 tonne of soil, and

(b) are not likely to lower the watertable.

6.2 Earthworks

(1) The objectives of this clause are as follows—

(a) to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land,

(b) to allow earthworks of a minor nature without requiring separate development consent.

(2) Development consent is required for earthworks unless—

(a) the earthworks are exempt development under this Plan or another applicable environmental planning instrument, or

(b) the earthworks are ancillary to other development for which development consent has been given.

(3) In deciding whether to grant development consent for earthworks, or for development involving ancillary earthworks, the consent authority must consider the following matters—

(a) the likely disruption of, or the detrimental effect on, drainage patterns and soil stability in the locality of the development,

(b) the effect of the development on the likely future use or redevelopment of the land,

(c) the quality of the fill and the soil to be excavated,

- (d) the effect of the development on the existing and likely amenity of adjoining properties,
- (e) the source of the fill material and the destination of the excavated material,
- (f) the likelihood of disturbing relics,
- (g) the proximity to, and potential for adverse impacts on, a waterway, drinking water catchment or environmentally sensitive area,
- (h) appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note—

The *National Parks and Wildlife Act 1974*, particularly section 86, deals with harming Aboriginal objects.

6.3 Limited development on foreshore area

- (1) The objective of this clause is to ensure that development in the foreshore area will not—
 - (a) impact on natural foreshore processes, or
 - (b) affect the significance and amenity of the area.
- (2) This clause applies to land shown as “Foreshore Area” on the [Foreshore Building Line Map](#).
- (3) Development consent must not be granted for development on land to which this clause applies except for the following purposes—
 - (a) the extension, alteration or rebuilding of an existing building wholly or partly in the foreshore area,
 - (b) the erection of a building in the foreshore area, if the levels, depth or other exceptional features of the site make it appropriate to do so,
 - (c) boat sheds, sea retaining walls, wharves, slipways, jetties, waterway access stairs, swimming pools, fences, cycleways, walking trails, picnic facilities or other recreation facilities (outdoors).
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
 - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and

- (c) the development will not cause environmental harm such as—
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, fauna and flora habitats, or
 - (iii) an adverse effect on drainage patterns, and
- (d) the development will not cause congestion or generate conflict between people using open space areas or the waterway, and
- (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
- (f) the historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained, and
- (g) for development for the extension, alteration or rebuilding of an existing building wholly or partly in the foreshore area, the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, and
- (h) sea level rise and change of flooding patterns as a result of climate change have been considered.

6.4 Essential services

- (1) Development consent must not be granted to development unless the consent authority is satisfied that the following services that are essential for the development are available or that adequate arrangements have been made to make them available when required—
 - (a) the supply of water,
 - (b) the supply of electricity,
 - (c) the disposal and management of sewage,
 - (d) stormwater drainage or on-site conservation,
 - (e) suitable vehicular access.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing an essential service referred to in this clause.

6.5 Biodiversity

- (1) The objective of this clause is to maintain terrestrial and aquatic biodiversity, including the following—

- (a) protecting native fauna and flora,
 - (b) protecting the ecological processes necessary for their continued existence,
 - (c) encouraging the recovery of native fauna and flora and their habitats.
- (2) This clause applies to land shown as “Remnant Native Vegetation” on the [Biodiversity Map](#).
- (3) In deciding whether to grant development consent for development on land to which this clause applies, the consent authority must consider—
- (a) whether the development is likely to have—
 - (i) an adverse impact on the condition, ecological value and significance of the fauna and flora on the land, and
 - (ii) an adverse impact on the importance of the vegetation on the land to the habitat and survival of native fauna, and
 - (iii) the potential to fragment, disturb or diminish the biodiversity structure, function and composition of the land, and
 - (iv) an adverse impact on the habitat elements providing connectivity on the land, and
 - (b) appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
- (a) the development is designed, sited and will be managed to avoid an adverse environmental impact, or
 - (b) if an adverse environmental impact cannot be avoided—the development is designed, sited and will be managed to minimise the impact, or
 - (c) if an adverse environmental impact cannot be minimised—the development will be managed to mitigate the impact.

6.6 Riparian land and watercourses

- (1) The objective of this clause is to protect and maintain the following—
- (a) water quality within watercourses,
 - (b) the stability of the bed and banks of watercourses,
 - (c) aquatic and riparian habitats,

- (d) ecological processes within watercourses and riparian areas.
- (2) This clause applies to the land shown as “Riparian Land” on the [Riparian Lands and Watercourses Map](#).
- (3) In deciding whether to grant development consent for development on land to which this clause applies, the consent authority must consider—
 - (a) whether the development is likely to have an adverse impact on the following—
 - (i) the water quality and flows within the watercourse,
 - (ii) aquatic and riparian species, habitats and ecosystems of the watercourse,
 - (iii) the stability of the bed and banks of the watercourse,
 - (iv) the free passage of fish and other aquatic organisms within or along the watercourse,
 - (v) the future rehabilitation of the watercourse and riparian areas,
 - (b) whether the development is likely to increase water extraction from the watercourse,
 - (c) appropriate measures to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development is designed, sited and will be managed to avoid a significant adverse environmental impact, or
 - (b) if a significant adverse environmental impact cannot be avoided—the development is designed, sited and will be managed to minimise the impact, or
 - (c) if a significant adverse environmental impact cannot be minimised—the development will be managed to mitigate the impact.

6.7 Stormwater management

- (1) The objectives of this clause are as follows—
 - (a) to minimise the impacts of urban stormwater on properties, native vegetation and receiving waters,
 - (b) to avoid adverse impacts on soils and land stability,
 - (c) to protect the environmental values of water identified for urban waterways in the Sydney Harbour and Parramatta River and Georges River catchments.

- (2) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development—
 - (a) is designed to maximise the use of water permeable surfaces on the land having regard to the soil characteristics affecting on-site infiltration of water, and
 - (b) includes, if practicable, on-site stormwater retention for use as an alternative supply to mains water, groundwater or river water, and
 - (c) avoids significant adverse impacts of stormwater runoff on adjoining properties, native bushland and receiving waters, or if the impact cannot be reasonably avoided, minimises and mitigates the impact.

6.8 Location of sex services premises

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.
- (2) Development consent must not be granted for the purpose of sex services premises unless, when measured from the boundary of the lot on which the premises will be used, the development will be located—
 - (a) more than 200 metres from land in a residential zone, and
 - (b) more than 200 metres from a place of public worship, hospital, school, centre-based child care facility, community facility or recreation area, and
 - (c) more than 50 metres from a public utility undertaking, such as a railway station entrance, bus stop, taxi rank, ferry terminal or the like.
- (3) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following—
 - (a) whether the operation of the sex services premises will be likely to cause a disturbance in the relevant neighbourhood because of its size, location, hours of operation, clients or employees or other people working in the premises,
 - (b) whether the operation of the sex services premises will be likely to interfere with the amenity of the neighbourhood,
 - (c) whether the operation of the sex services premises will be likely to cause a disturbance in the neighbourhood, taking into account the number of sex services premises already operating in the neighbourhood and involving similar hours of operation,
 - (d) the impact of the development and its hours of operation on a place likely to be regularly frequented by children for educational, recreational or cultural activities

that can be viewed from the development.

6.9 Salinity

- (1) The objective of this clause is to provide for—
 - (a) the appropriate management of land subject to salinity, and
 - (b) the minimisation and mitigation of adverse impacts from development that contributes to salinity.
- (2) This clause applies to land shown as “Known Salinity”, “High Salinity Potential” or “Moderate Salinity Potential” on the [Salinity Map](#).
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority has considered the following—
 - (a) whether the development is likely to have an adverse impact on salinity processes on the land,
 - (b) whether salinity is likely to have an impact on the development,
 - (c) appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development is designed, sited and will be managed to avoid a significant adverse environmental impact, or
 - (b) if a significant adverse environmental impact cannot be avoided—the development is designed, sited and will be managed to minimise the impact, or
 - (c) if a significant adverse environmental impact cannot be minimised—the development will be managed to mitigate the impact.

6.10 Buffer area between industrial and residential zones

- (1) The objectives of this clause are as follows—
 - (a) to maintain an adequate separation between general industrial land uses and residential land uses,
 - (b) to prevent any likely adverse impacts of outputs of industrial land uses on adjacent residential dwellings, including noise, vibrations, odours, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil,
 - (c) to ensure that neighbouring residents can enjoy a reasonable level of amenity without preventing the operation of general industrial land uses,

- (d) to provide visual separation of the primary buildings and structures on industrial land from neighbouring residential dwellings.
- (2) This clause applies to land shown as “Industrial-residential buffer area” on the [Site Specific Provisions Map](#).
- (3) Development must not be carried out on land to which this clause applies other than—
 - (a) if the land is in Zone R2 Low Density Residential—development permitted on land in that zone in the Land Use Table, excluding residential accommodation, or
 - (b) if the land is in Zone IN1 General Industrial—development permitted on land in that zone in the Land Use Table, but only if the consent authority is satisfied that the development is consistent with the objectives of this clause.

6.11 Restricted premises

- (1) Development consent must not be granted for development for the purposes of restricted premises if the premises will be located on land that adjoins land, or is separated only by a road from land, in Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential or Zone RE1 Public Recreation.
- (2) Development consent must not be granted for development for the purposes of restricted premises unless the consent authority is satisfied that—
 - (a) no part of the restricted premises, other than an access corridor, will be located within 1.5 metres, measured vertically, from an adjoining footpath, roadway, arcade or other public thoroughfare, and
 - (b) no part of the restricted premises or building in which the premises will be situated will be used as a dwelling unless separate access will be available to the dwelling, and
 - (c) the size, shape and content of the signage related to the premises will not interfere with the amenity of the locality, and
 - (d) no other objects, products or goods related to the restricted premises will be visible from outside the premises.
- (3) In deciding whether to grant development consent for the purposes of restricted premises, the consent authority must consider the impact of the development on a place that is regularly frequented by children for educational, recreational or cultural activities.

6.12 Urban heat

- (1) The objective of this clause is to ensure new development incorporates effective design and ongoing operation to—
 - (a) reduce and remove urban heating from the environment, and
 - (b) protect community health and wellbeing.
- (2) In deciding whether to grant development consent for the purposes of commercial premises, industries or residential accommodation, the consent authority must consider whether—
 - (a) the facade and roof of the proposed building and paved surfaces are designed to reduce adverse effects of solar heat on the surrounding land, including private open space and the public domain, and
 - (b) the awnings and eaves of the building are designed to provide shelter from the sun and improve public comfort at street level, and
 - (c) the heating, ventilation and air conditioning systems of the building are designed to minimise the release of heat in the direction of private open space and the public domain, and
 - (d) the development maximises the use of green infrastructure that is strategically designed and managed to support a good quality of life in an urban environment, and
 - (e) the development accommodates sufficient tree canopy, open space and deep soil zones to achieve urban cooling benefits, and
 - (f) the building is designed to achieve high passive thermal performance.
- (3) In this clause—

deep soil zone—

- (a) means the soft landscaped part of a site area used for growing trees, plants and grasses that—
 - (i) is unimpeded by buildings or structures above and below ground, and
 - (ii) provides opportunities for groundwater infiltration and canopy trees, and
- (b) does not include basement car parks, services, swimming pools, tennis courts and impervious surfaces including car parks, driveways and roof areas.

green infrastructure means the network of green spaces, natural systems and semi-natural systems that support sustainable communities and includes waterways, bushland, tree canopy and green ground cover, parks and open spaces.

solar heat means radiant heat contained in the full spectrum of sunlight.

6.13 Ground floor development in Zones B2 and B4

- (1) The objective of this clause is to ensure that active uses are provided at the street level in certain business zones to encourage the presence and movement of people.
- (2) This clause applies to land in the following zones—
 - (a) Zone B2 Local Centre,
 - (b) Zone B4 Mixed Use.
- (3) Development consent must not be granted to development for the purposes of commercial premises, mixed use development that includes commercial premises or a change of use of a building to commercial premises on land to which this clause applies unless the consent authority is satisfied that the ground floor of the building—
 - (a) will not be used for the purposes of residential accommodation, and
 - (b) will not be used for a car park or to provide ancillary car parking spaces, and
 - (c) will provide for uses and building design elements that encourage interaction between the inside of the building and the external public areas adjoining the building.
- (4) Subclause (3)(b) does not apply to a site that—
 - (a) is greater than 60 metres in depth from all street frontages, or
 - (b) has a gradient steeper than 15%, measured from boundary to boundary, or
 - (c) is owned by a public authority and is to be used as a public or commuter car park.
- (5) Subclause (3)(c) does not apply to a part of a building that—
 - (a) faces a service lane that does not require active street frontages, or
 - (b) is used for one or more of the following purposes—
 - (i) a lobby for a commercial, residential, serviced apartment or hotel part of the building,
 - (ii) access for fire services,
 - (iii) vehicular access.

6.14 Design excellence

- (1) The objective of this clause is to ensure that development to which this clause applies exhibits the highest standard of architectural and urban design as part of the built

environment.

- (2) This clause applies to development involving the construction of a new building, or external alterations to an existing building, that will result in—
 - (a) a building that is greater than 30 metres in height on land shown as “Area 1” on the [Design Excellence Map](#), or
 - (b) a building that is greater than 55 metres in height on land shown as “Area 2” on the [Design Excellence Map](#), or
 - (c) a building that is on land shown as “Area 3” on the [Design Excellence Map](#).
- (3) Development consent must not be granted to development to which this clause applies unless the consent authority considers that the development exhibits design excellence.
- (4) In considering whether the development exhibits design excellence, the consent authority must consider the following matters—
 - (a) whether the development has been endorsed by the Cumberland Design Excellence Panel as exhibiting design excellence,
 - (b) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
 - (c) whether the form and external appearance of the development will improve the quality and amenity of the public domain,
 - (d) whether the development detrimentally impacts on view corridors,
 - (e) how the development addresses the following matters—
 - (i) the suitability of the land for development,
 - (ii) existing and proposed uses and use mix,
 - (iii) heritage issues and streetscape constraints,
 - (iv) the location of any proposed tower, having regard to the need to achieve an acceptable relationship with other existing or proposed towers on the same site or on a neighbouring site in terms of separation, setbacks, amenity and urban form,
 - (v) bulk, massing and modulation of buildings,
 - (vi) street frontage heights,
 - (vii) environmental impacts such as sustainable design, overshadowing, wind and reflectivity,

- (viii) the achievement of the principles of ecologically sustainable development,
 - (ix) pedestrian, cycle, vehicular and service access and circulation requirements,
 - (x) the impact on, and proposed improvements to, the public domain.
- (5) The height of a building to which this clause applies may exceed the maximum height shown for the land on the [Height of Buildings Map](#) by an amount, to be determined by the consent authority, of up to 10% of the amount shown on that map.
- (6) The floor space ratio of a building to which this clause applies may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#) by an amount, to be determined by the consent authority, of up to 0.5:1.

6.15 Development for certain land in Wentworthville Town Centre

- (1) The objectives of this clause are to promote—
- (a) employment opportunities in Wentworthville Town Centre, and
 - (b) Wentworthville Town Centre as a health services precinct.
- (2) This clause applies to land shown edged green and identified as “Area C” on the [Floor Space Ratio Map](#).
- (3) The maximum floor space ratio for a building on land to which this clause applies may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#) by an amount, to be determined by the consent authority, of up to 0.5:1, but only if the consent authority is satisfied that—
- (a) the land to which this clause applies is identified as having a maximum building height of greater than 30 metres on the [Height of Buildings Map](#), and
 - (b) the additional floor space provided under this clause is not to be used for the purposes of residential accommodation, and
 - (c) the building is eligible for additional floor space under clause 6.14, and
 - (d) the entire first floor of the building is to be used for the purposes of commercial premises or health services facilities or both.
- (4) Each amount of additional floor space permitted by subclause (3) is in addition to each other amount of additional floor space permitted by clause 6.14.

6.16 Development in the Commercial Precinct

- (1) This clause applies to the land known as the Commercial Precinct, shown edged dark blue and identified as “Commercial Precinct” on the [Key Sites Map](#).
- (2) Retail premises are permitted with development consent on land to which this clause

applies in Zone B6 Enterprise Corridor.

6.17 Development of certain land at 1A and 1B Queen Street, Auburn

- (1) This clause applies to Lots 1 and 2, DP 1160950, 1A and 1B Queen Street, Auburn.
- (2) Development consent must not be granted to development on land to which this clause applies unless the consent authority has considered whether—
 - (a) the height of the building is compatible with the existing and likely future scale of development in the immediate vicinity, and
 - (b) the height of the building adequately transitions to adjoining residential accommodation, and
 - (c) the development provides an appropriate level of solar access to common open spaces, and
 - (d) the development results in a visually interesting and varied built form.

6.18 Development of land at 42-44 Dunmore Street, Wentworthville

- (1) This clause applies to Lot 11, DP 746514, 42-44 Dunmore Street, Wentworthville.
- (2) The floor space ratio of a building on land to which this clause applies may exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#) by an amount, to be determined by the consent authority—
 - (a) if at least 4,400 square metres of floor space above the ground floor of the building is used for the purposes of commercial premises or a health services facility—of up to 0.5:1, and
 - (b) if at least 4,000 square metres of floor space in the building is used for the purposes of a supermarket—of up to 1:1.
- (3) Each amount of additional floor space permitted by subclause (2) is in addition to each other amount of additional floor space permitted by subclause (2) or by clause 6.14.

6.19 Development of land at Woodville Road, Merrylands

- (1) This clause applies to the following land at Merrylands—
 - (a) Lot A, DP 379850, 244 Woodville Road,
 - (b) Lots B and C, DP 379850, 246 Woodville Road,
 - (c) Lot 2, DP 204284, 248 Woodville Road,
 - (d) Lot 1, DP 433824 and Lots 4-7, DP 128586, 256 Woodville Road,

(e) Lot 2581, DP 803841, 258 Woodville Road.

(2) In calculating the gross floor area of development on land to which this clause applies for the purpose of applying a floor space ratio, the consent authority may exclude the floor area of enclosed balconies with a frontage on to Woodville Road.

6.20 Development of land at 1 Crescent Street, Holroyd—general

- (1) This clause applies to Lot 700, DP 1241836, 1 Crescent Street, Holroyd (the **subject land**).
- (2) Development consent must not be granted to development on the subject land unless a development control plan that provides for all of the following applies to the land—
 - (a) design principles drawn from an analysis of the land and its context,
 - (b) the objectives for development on the land,
 - (c) built form controls, including the maximum number of storeys and minimum setbacks for buildings,
 - (d) measures to ensure development of the land does not negatively impact on the character of surrounding land,
 - (e) encouragement of sustainable transport, including the following—
 - (i) connectivity to, and increased use of, public transport,
 - (ii) safe and effective pedestrian access and cycling,
 - (iii) road access, the circulation network, car parking provision and integrated options to reduce car use,
 - (f) landscaping of open space,
 - (g) impact on, and improvements to, the public domain.
- (3) Development consent must not be granted to development on the subject land unless the consent authority has obtained the concurrence of the Planning Secretary.
- (4) In deciding whether to grant concurrence, the Planning Secretary must consider the following—
 - (a) the impact of the development on—
 - (i) existing designated State public infrastructure, and
 - (ii) the need for additional designated State public infrastructure,
 - (b) the cumulative impact of the development with other development that has, or is

likely to be, carried out in surrounding areas on—

- (i) existing designated State public infrastructure, and
- (ii) the need for additional designated State public infrastructure,

(c) the steps taken to address those impacts, including whether a planning agreement has been, or will be, entered into, contributing to designated State public infrastructure.

(5) Development consent must not be granted to development on the subject land if—

(a) the development results in the ground or first floor of a building being used for the purposes of residential accommodation, and

(b) the building—

- (i) is in Zone B4, and
- (ii) has frontage to Woodville Road.

(6) In this clause—

designated State public infrastructure means public facilities or services that are provided or financed by the State or, if provided or financed by the private sector, to the extent of the financial or in-kind contribution by the State, of the following kinds—

- (a) State and regional roads,
- (b) bus interchanges and bus lanes,
- (c) rail infrastructure and land,
- (d) regional parks and public space,
- (e) social infrastructure and facilities, including schools, hospitals, emergency services and justice facilities.

6.21 Development of land at 1 Crescent Street, Holroyd—gross floor area and car parking

- (1) This clause applies to Lot 700, DP 1241836, 1 Crescent Street, Holroyd (the **subject land**).
- (2) The maximum gross floor area for all commercial premises on the subject land, other than retail premises, is 5,000m².
- (3) The maximum gross floor area for all retail premises on the subject land is 2,500m².
- (4) The maximum number of car parking spaces permitted in connection with the following uses of the subject land is as follows—

- (a) for commercial premises other than retail premises—1 space per 70m² of gross floor area used for that purpose,
- (b) for retail premises—1 space per 50m² of gross floor area used for that purpose,
- (c) for residential accommodation—
 - (i) 0.6 spaces per studio dwelling, and
 - (ii) 0.9 spaces per dwelling with 1 bedroom, and
 - (iii) 1.2 spaces per dwelling with 2 bedrooms, and
 - (iv) 1.5 spaces per dwelling with 3 or more bedrooms, and
 - (v) 1 visitor car parking space per 5 dwellings.
- (5) If the total number of car parking spaces under subclause (4) is not a whole number, the total must be rounded down to the next whole number.
- (6) In this clause—

car parking space means a space for the parking of motor vehicles that is ancillary to another land use, but does not include a place primarily used for—

- (a) the washing of vehicles, or
- (b) the loading or unloading of goods, or
- (c) the storage of bicycles.

visitor car parking space means a car parking space for use by visitors to, and not residents of, a building.

Schedule 1 Additional permitted uses

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain

access to water—

(a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,

(b) vacant Crown land,

(c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

(2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned—

(a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,

(b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the *Fisheries Management (Aquaculture) Regulation 2017*.

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.

Dictionary
