That Act, and the regulations under that Act, include provisions concerning the preparation and lodgment of dealings for such land (including provisions requiring the payment of fees).

Part 2 Plans, administration sheets and unit entitlements

5, 6 (Repealed)

7 Schedules of unit entitlement

(1) A proposed schedule of unit entitlement in respect of a strata scheme must set out in a column each lot number in the scheme (or if the proposed schedule of unit entitlement relates to the subdivision of a development lot under section 14 of the Act—each lot number to be created by the subdivision) in numerical sequence with the unit entitlement for each lot set out opposite the lot number in a second column with the aggregate unit entitlement at the foot of that second column.

(2) If successively numbered lots have the same unit entitlement they may be grouped together in an abbreviated form.

(3) For the purposes of the definition of **market value basis** in Schedule 2 to the Act, the basis for determining the value of a lot or development lot is to estimate the amount for which the lot or development lot would be sold by a willing but not anxious seller to a willing but not anxious buyer.

(4) **Valuation day** means—

(a) for the purposes of clause 2 or 4 of Schedule 2 to the Act, a day that is not more than 2 months before the day on which an application is made under Part 4 of the Act for a strata certificate in relation to the relevant strata plan or strata plan of subdivision, or

(b) for the purposes of clause 5 of Schedule 2 to the Act, the day nominated as the valuation day in the original schedule of unit entitlement that accompanied the strata plan.

8 Numbering of lots

- (i) details of any by-laws, management agreements, covenants, easements or dedications that will be created or entered into.
- (2) Authorised proposals and warranted development should be listed and dealt with separately in the strata development contract.

 - (b) public liability claims up to a value of at least \$20,000,000, subject only to such deductibles, exclusions and other terms and conditions as are reasonable and appropriate for public liability insurance.
- (2) This clause does not affect any obligation of a developer to effect and maintain insurance required by or under any other law, such as the *Workers Compensation Act 1987* or the *Workplace Injury Management and Workers Compensation Act 1998*.

- (3) In this clause—

contract works claim means a claim for accidental damage to buildings and works for the time being forming part of the parcel (including buildings erected and works carried out under the strata development contract), arising out of or resulting from the carrying out of the permitted development.

4 Definitions

In this Part—

CPI number means the Consumer Price Index (All Groups Index) for Sydney published by the Australian Bureau of Statistics in the latest published series of that index.

financial year means a period of 12 months commencing on 1 July.

5 Calculation of fee unit for purposes of Regulation

(1) For the purposes of this Regulation, a **fee unit** is—

(a) in the financial year 2017/2018—\$100, and

(b) in each subsequent financial year—the amount calculated as follows—

$$\$100 \times \frac{A}{B}$$

where—

A is the CPI number for the March quarter in the financial year immediately preceding the financial year for which the amount is calculated.

B is the CPI number for the March quarter of 2017.

(2) The amount of a fee unit and the amount of a fee calculated by reference to a fee unit is to be rounded to the nearest cent (and an amount of 0.5 cent is to be rounded down).

(3) However, if the amount of a fee unit calculated for any financial year is less than the amount that applied for the previous financial year, then the amount for that previous financial year applies instead.

7 Notice of indexed fees

- (1) As soon as practicable after the CPI number for the March quarter is first published by the Australian Statistician, the Registrar-General is required to publish on the NSW legislation website a notice of the amount of the fee unit for the next financial year. That notice may be published by the addition of an editorial note relating to the amount of the fee unit in the in force version of this Regulation published on the NSW legislation website.
- (2) The Registrar-General is also required to give public notice on an appropriate government website of the actual amounts of the fees applying in each financial year resulting from the application of the amount of fee unit calculated or the operation of clause 6 (2) under this Part.
- (3) This Part operates to change an amount of a fee that is calculated by reference to a fee unit and that change is not dependent on the publication of a notice by the Registrar-General under this clause.
