Singleton Local Environmental Plan 2013

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Singleton Local Environmental Plan 2013*.

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Singleton in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) to provide a framework for regulating development within Singleton,
 - (b) to promote the use of rural resources for agriculture and primary production, including forestry and open cut mining, and major infrastructure providers,
 - (c) to encourage the sustainable management, development and conservation of natural resources,
 - (d) to protect and conserve the environmental and cultural heritage of Singleton,
 - (e) to ensure that a range of housing choice is provided for all residents of Singleton throughout all life stages,
 - (f) to promote and coordinate the orderly and economic use and development of land in Singleton,
 - (g) to provide adequate protection for, and minimise risk to, the community, as far as is practicable, from environmental hazards, including flooding and bush fire,

- (h) to protect and enhance watercourses, riparian habitats and water quality in Singleton.

1.3 Land to which Plan applies

- (1) This Plan applies to the land identified on the [Land Application Map](#).
- (1A) Despite subclause (1), this Plan does not apply to the land identified as “Deferred matter” on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
- (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the NSW Planning Portal. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and

Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

Note—

However, under Division 3.5 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any relevant instrument within the meaning of section 13.4 of the *Crown Land Management Act 2016*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and*

Wildlife Act 1974, or

- (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
- (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
- (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
- (g) to any planning agreement within the meaning of Subdivision 2 of Division 7.1 of the Act.

(3) This clause does not affect the rights or interests of any public authority under any registered instrument.

(4) Under section 3.16 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Rural Zones

- RU1 Primary Production
- RU2 Rural Landscape
- RU3 Forestry
- RU4 Primary Production Small Lots
- RU5 Village

Residential Zones

- R1 General Residential
- R2 Low Density Residential
- R5 Large Lot Residential

Employment Zones

- E1 Local Centre
- E2 Commercial Centre

E3 Productivity Support

E5 Heavy Industrial

Mixed Use Zones

MU1 Mixed Use

Special Purpose Zones

SP2 Infrastructure

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Conservation Zones

C1 National Parks and Nature Reserves

C2 Environmental Conservation

C3 Environmental Management

C4 Environmental Living

Waterway Zones

W2 Recreational Waterways

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone—
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
 - (a) a reference to a type of building or other thing is a reference to development for

the purposes of that type of building or other thing, and

(b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.

(4) This clause is subject to the other provisions of this Plan.

Notes—

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

(1) Development may be carried out on unzoned land only with development consent.

(2) In deciding whether to grant development consent, the consent authority—

- (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
- (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

(1) Development on particular land that is described or referred to in Schedule 1 may be carried out—

- (a) with development consent, or
- (b) if the Schedule so provides—without development consent,

in accordance with the conditions (if any) specified in that Schedule in relation to that development.

(2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

(1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.

2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that—
- (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be

restored to the condition in which it was before the commencement of the use.

- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

2.9 Canal estate development prohibited

- (1) Canal estate development is prohibited on land to which this Plan applies.
- (2) In this Plan, **canal estate development** means development that involves—
 - (a) a constructed canal, or other waterway or waterbody, that—
 - (i) is inundated by surface water or groundwater movement, or
 - (ii) drains to a waterway or waterbody by surface water or groundwater movement, and
 - (b) the erection of a dwelling, and
 - (c) one or both of the following—
 - (i) the use of fill material to raise the level of all or part of the land on which the dwelling will be erected to comply with requirements for residential development in the flood planning area,
 - (ii) excavation to create a waterway.
- (3) Canal estate development does not include development for the purposes of drainage or the supply or treatment of water if the development is—
 - (a) carried out by or with the authority of a person or body responsible for the drainage, supply or treatment, and
 - (b) limited to the minimum reasonable size and capacity.
- (4) In this clause—

flood planning area has the same meaning as in clause 5.21.

Land Use Table

Note—

State environmental planning policies, including the following, may be relevant to development on land to which this Plan applies—

State Environmental Planning Policy (Housing) 2021

State Environmental Planning Policy (Transport and Infrastructure) 2021, Chapter 2—relating to infrastructure facilities, including air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Resources and Energy) 2021, Chapter 2

State Environmental Planning Policy (Resilience and Hazards) 2021, Chapter 3

State Environmental Planning Policy (Industry and Employment) 2021, Chapter 3

State Environmental Planning Policy (Primary Production) 2021, Chapter 2

Zone RU1 Primary Production

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To encourage diversity in primary industry enterprises and systems appropriate for the area.
- To minimise the fragmentation and alienation of resource lands.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.

2 Permitted without consent

Extensive agriculture; Forestry; Home occupations; Intensive plant agriculture

3 Permitted with consent

Agriculture; Airstrips; Animal boarding or training establishments; Aquaculture; Bed and breakfast accommodation; Boat launching ramps; Boat sheds; Building identification signs; Business identification signs; Camping grounds; Caravan parks; Cellar door premises; Cemeteries; Community facilities; Crematoria; Dual occupancies; Dwelling houses; Environmental facilities; Environmental protection works; Extractive industries; Farm buildings; Farm stay accommodation; Flood mitigation works; Hazardous industries; Heavy industrial storage establishments; Helipads; Highway service centres; Home-based child care; Home businesses; Home industries; Information and education facilities; Intensive livestock agriculture; Jetties; Moorings; Offensive industries; Open cut mining; Places of public worship; Plant nurseries; Recreation areas; Recreation facilities (outdoor); Roads; Roadside stalls; Rural industries; Rural workers' dwellings; Service stations; Sewerage systems; Truck depots; Turf farming;

Veterinary hospitals; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone RU2 Rural Landscape

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To maintain the rural landscape character of the land.
- To provide for a range of compatible land uses, including extensive agriculture.

2 Permitted without consent

Extensive agriculture; Home occupations; Intensive plant agriculture

3 Permitted with consent

Agritourism; Airstrips; Animal boarding or training establishments; Aquaculture; Boat launching ramps; Boat sheds; Building identification signs; Business identification signs; Camping grounds; Cellar door premises; Cemeteries; Charter and tourism boating facilities; Community facilities; Dual occupancies; Dwelling houses; Eco-tourist facilities; Environmental facilities; Environmental protection works; Farm buildings; Flood mitigation works; Forestry; Helipads; Home-based child care; Home businesses; Home industries; Information and education facilities; Jetties; Marinas; Mooring pens; Moorings; Places of public worship; Plant nurseries; Recreation areas; Recreation facilities (outdoor); Restaurants or cafes; Roads; Roadside stalls; Rural industries; Service stations; Sewerage systems; Tourist and visitor accommodation; Turf farming; Veterinary hospitals; Viticulture; Water supply systems

4 Prohibited

Backpackers' accommodation; Hotel or motel accommodation; Intensive livestock agriculture; Livestock processing industries; Serviced apartments; Stock and sale yards; Any other development not specified in item 2 or 3

Zone RU3 Forestry

1 Objectives of zone

- To enable development for forestry purposes.
- To enable other development that is compatible with forestry land uses.

2 Permitted without consent

Roads; Uses authorised under the *Forestry Act 2012* or under Part 5B (Private native forestry) of the *Local Land Services Act 2013*

3 Permitted with consent

Aquaculture

4 Prohibited

Any development not specified in item 2 or 3

Zone RU4 Primary Production Small Lots

1 Objectives of zone

- To enable sustainable primary industry and other compatible land uses.
- To encourage and promote diversity and employment opportunities in relation to primary industry enterprises, particularly those that require smaller lots or that are more intensive in nature.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To recognise Hunter Valley Wine Country and the adjoining environs of Broke-Fordwich as a major viticultural and tourist destination by providing additional opportunities for compatible tourist uses.

2 Permitted without consent

Extensive agriculture; Home occupations; Intensive plant agriculture

3 Permitted with consent

Agritourism; Airstrips; Animal boarding or training establishments; Aquaculture; Building identification signs; Business identification signs; Cellar door premises; Community facilities; Dual occupancies; Dwelling houses; Environmental facilities; Environmental protection works; Farm buildings; Flood mitigation works; Forestry; Function centres; Helipads; Home-based child care; Home

businesses; Home industries; Information and education facilities; Plant nurseries; Recreation areas; Recreation facilities (outdoor); Restaurants or cafes; Roads; Roadside stalls; Rural industries; Sewerage systems; Tourist and visitor accommodation; Turf farming; Viticulture; Water supply systems

4 Prohibited

Backpackers' accommodation; Intensive livestock agriculture; Livestock processing industries; Sawmill or log processing industries; Serviced apartments; Stock and sale yards; Any other development not specified in item 2 or 3

Zone RU5 Village

1 Objectives of zone

- To provide for a range of land uses, services and facilities that are associated with a rural village.
- To recognise the limitations to development in the absence of reticulated systems.

2 Permitted without consent

Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Business premises; Centre-based child care facilities; Community facilities; Dual occupancies; Dwelling houses; Environmental protection works; Flood mitigation works; Food and drink premises; Home-based child care; Home businesses; Home industries; Hotel or motel accommodation; Information and education facilities; Local distribution premises; Neighbourhood shops; Oyster aquaculture; Places of public worship; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Respite day care centres; Roads; Schools; Service stations; Tank-based aquaculture; Veterinary hospitals; Water supply systems

4 Prohibited

Any other development not specified in item 2 or 3

Zone R1 General Residential

1 Objectives of zone

- To provide for the housing needs of the community.
- To provide for a variety of housing types and densities.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.

2 Permitted without consent

Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dwelling houses; Group homes; Hostels; Multi dwelling housing; Neighbourhood shops; Oyster aquaculture; Places of public worship; Pond-based aquaculture; Residential flat buildings; Respite day care centres; Roads; Semi-detached dwellings; Seniors housing; Shop top housing; Tank-based aquaculture; Any other development not specified in item 2 or 4

4 Prohibited

Agriculture; Air transport facilities; Airstrips; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Boat launching ramps; Boat sheds; Camping grounds; Car parks; Caravan parks; Cemeteries; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Entertainment facilities; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Function centres; Heavy industrial storage establishments; Helipads; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Information and education facilities; Jetties; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Passenger transport facilities; Public administration buildings; Recreation facilities (indoor); Recreation facilities (major); Registered clubs; Research stations; Restricted premises; Rural industries; Service stations; Sex services premises; Signage; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Warehouse or distribution centres; Waste or resource management facilities; Water recreation

structures; Wharf or boating facilities; Wholesale supplies

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.

2 Permitted without consent

Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dual occupancies; Dwelling houses; Environmental protection works; Group homes; Home-based child care; Home businesses; Home industries; Oyster aquaculture; Pond-based aquaculture; Recreation areas; Recreation facilities (outdoor); Respite day care centres; Roads; Tank-based aquaculture; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone R5 Large Lot Residential

1 Objectives of zone

- To provide residential housing in a rural setting while preserving, and minimising impacts on, environmentally sensitive locations and scenic quality.
- To ensure that large residential lots do not hinder the proper and orderly development of urban areas in the future.
- To ensure that development in the area does not unreasonably increase the demand for public services or public facilities.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.

2 Permitted without consent

Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Dual occupancies; Dwelling houses; Food and drink premises; Group homes; Home industries; Neighbourhood shops; Oyster aquaculture; Pond-based aquaculture; Roads; Tank-based aquaculture; Any other development not specified in item 2 or 4

4 Prohibited

Agriculture; Air transport facilities; Airstrips; Amusement centres; Animal boarding or training establishments; Boat building and repair facilities; Camping grounds; Car parks; Caravan parks; Cemeteries; Charter and tourism boating facilities; Commercial premises; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Entertainment facilities; Exhibition homes; Exhibition villages; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Function centres; Heavy industrial storage establishments; Helipads; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Local distribution premises; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Passenger transport facilities; Public administration buildings; Recreation facilities (indoor); Recreation facilities (major); Registered clubs; Residential accommodation; Restricted premises; Rural industries; Sex services premises; Signage; Storage premises; Transport depots; Truck depots; Tourist and visitor accommodation; Vehicle body repair workshops; Vehicle repair stations; Veterinary hospitals; Warehouse or distribution centres; Waste or resource management facilities; Water recreation structures; Wharf or boating facilities; Wholesale supplies

Zone E1 Local Centre

1 Objectives of zone

- To provide a range of retail, business and community uses that serve the needs of people who live in, work in or visit the area.
- To encourage investment in local commercial development that generates employment opportunities and economic growth.
- To enable residential development that contributes to a vibrant and active local centre and is consistent with the Council's strategic planning for

residential development in the area.

- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.

2 Permitted without consent

Home occupations

3 Permitted with consent

Agriculture; Air transport facilities; Airstrips; Animal boarding or training establishments; Boat building and repair facilities; Boat launching ramps; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional centres; Crematoria; Depots; Eco-tourist facilities; Environmental facilities; Exhibition homes; Exhibition villages; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Heavy industrial storage establishments; Helipads; Highway service centres; Home-based child care; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Jetties; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Recreation facilities (major); Registered clubs; Research stations; Residential accommodation; Resource recovery facilities; Restricted premises; Rural industries; Sex services premises; Storage premises; Tourist and visitor accommodation; Transport depots; Truck depots; Vehicle body repair workshops; Vehicle repair stations; Warehouse or distribution centres; Waste disposal facilities; Water recreation structures; Wharf or boating facilities; Wholesale supplies

Zone E2 Commercial Centre

1 Objectives of zone

- To strengthen the role of the commercial centre as the centre of business,

retail, community and cultural activity.

- To encourage investment in commercial development that generates employment opportunities and economic growth.
- To encourage development that has a high level of accessibility and amenity, particularly for pedestrians.
- To enable residential development only if it is consistent with the Council's strategic planning for residential development in the area.
- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.

Zone E3 Productivity Support

1 Objectives of zone

- To provide a range of facilities and services, light industries, warehouses and offices.
- To provide for land uses that are compatible with, but do not compete with, land uses in surrounding local and commercial centres.
- To maintain the economic viability of local and commercial centres by limiting certain retail and commercial activity.
- To provide for land uses that meet the needs of the community, businesses and industries but that are not suited to locations in other employment zones.
- To provide opportunities for new and emerging light industries.
- To enable other land uses that provide facilities and services to meet the day to day needs of workers, to sell goods of a large size, weight or quantity or to sell goods manufactured on-site.
- To encourage warehouse uses, and specialised retail premises, that require a large floor area in locations away from the New England Highway.

Zone E5 Heavy Industrial

1 Objectives of zone

- To provide areas for industries that need to be separated from other land uses.
- To ensure the efficient and viable use of land for industrial uses.
- To minimise any adverse effect of industry on other land uses.
- To encourage employment opportunities.

2 Permitted without consent

Zone MU1 Mixed Use

1 Objectives of zone

- To encourage a diversity of business, retail, office and light industrial land uses that generate employment opportunities.
- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To encourage business, retail, community and other non-residential land uses

on the ground floor of buildings.

Zone SP2 Infrastructure

1 Objectives of zone

- To provide for infrastructure and related uses.
- To prevent development that is not compatible with or that may detract from the provision of infrastructure.

2 Permitted without consent

Extensive agriculture

3 Permitted with consent

Aquaculture; Roads; The purpose shown on the [Land Zoning Map](#), including any development that is ordinarily incidental or ancillary to development for that purpose

4 Prohibited

Any development not specified in item 2 or 3

Zone RE1 Public Recreation

1 Objectives of zone

- To enable land to be used for public open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Environmental protection works

3 Permitted with consent

4 Prohibited

Any development not specified in item 2 or 3

Zone RE2 Private Recreation

1 Objectives of zone

- To enable land to be used for private open space or recreational purposes.

- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Nil

3 Permitted with consent

Aquaculture; Community facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Information and education facilities; Kiosks; Markets; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Roads; Signage; Water recreation structures; Water supply systems

4 Prohibited

Any development not specified in item 2 or 3

Zone C1 National Parks and Nature Reserves

1 Objectives of zone

- To enable the management and appropriate use of land that is reserved under the [National Parks and Wildlife Act 1974](#) or that is acquired under Part 11 of that Act.
- To enable uses authorised under the [National Parks and Wildlife Act 1974](#).
- To identify land that is to be reserved under the [National Parks and Wildlife Act 1974](#) and to protect the environmental significance of that land.

2 Permitted without consent

Roads; Uses authorised under the [National Parks and Wildlife Act 1974](#)

3 Permitted with consent

Zone C3 Environmental Management

1 Objectives of zone

- To protect, manage and restore areas with special ecological, scientific, cultural or aesthetic values.
- To provide for a limited range of development that does not have an adverse effect on those values.

2 Permitted without consent

Extensive agriculture; Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Dwelling houses; Eco-tourist facilities; Environmental facilities; Environmental protection works; Farm buildings; Farm stay accommodation; Home businesses; Home industries; Oyster aquaculture; Pond-based aquaculture; Research stations; Roads; Roadside stalls; Tank-based

aquaculture; Water reticulation systems; Water storage facilities

4 Prohibited

Dairies (pasture-based); Industries; Local distribution premises; Multi dwelling housing; Residential flat buildings; Retail premises; Seniors housing; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Zone C4 Environmental Living

1 Objectives of zone

- To provide for low-impact residential development in areas with special ecological, scientific or aesthetic values.
- To ensure that residential development does not have an adverse effect on those values.

2 Permitted without consent

Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Dual occupancies; Dwelling houses; Emergency services facilities; Environmental facilities; Environmental protection works; Home-based child care; Home businesses; Home industries; Oyster aquaculture; Pond-based aquaculture; Recreation areas; Roads; Roadside stalls; Tank-based aquaculture; Water reticulation systems; Water storage facilities

4 Prohibited

Industries; Local distribution premises; Service stations; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Zone W2 Recreational Waterways

1 Objectives of zone

- To protect the ecological, scenic and recreation values of recreational waterways.
- To allow for water-based recreation and related uses.
- To provide for sustainable fishing industries and recreational fishing.

2 Permitted without consent

Nil

3 Permitted with consent

Aquaculture; Boat launching ramps; Boat sheds; Camping grounds; Charter and tourism boating facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Jetties; Kiosks; Marinas; Mooring pens; Moorings; Recreation areas; Recreation facilities (outdoor); Roads; Water recreation structures; Water supply systems; Wharf or boating facilities

4 Prohibited

Industries; Local distribution premises; Multi dwelling housing; Residential flat buildings; Seniors housing; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
 - (e) (Repealed)
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if—

- (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must—
- (a) be installed in accordance with the manufacturer’s specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 2 and the *Local Land Services Act 2013*, Part 5A.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—
- (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,
- is complying development.

Note—

See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must—
- (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.

- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Land Management Act 2016* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows—
- (a) to protect the productive capacity of agricultural land by minimising potential land use conflicts,

- (b) to maintain viable farm sizes to promote agricultural production,
 - (c) to ensure that subdivision does not unreasonably impact on the natural and environmental values of the area and will not lead to the fragmentation of natural areas,
 - (d) to encourage social and economic diversity by providing a range of lot sizes in residential areas.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) This clause does not apply in relation to the subdivision of any land—
- (a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or
 - (b) by any kind of subdivision under the [Community Land Development Act 2021](#).

4.1AA Minimum subdivision lot size for community title schemes

- (1) The objectives of this clause are as follows—
- (a) to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the [Community Land Development Act 2021](#) of land in any of the following zones—
- (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU4 Primary Production Small Lots,
 - (d) Zone RU5 Village,
 - (e) Zone R5 Large Lot Residential,
 - (f) Zone C3 Environmental Management,
 - (g) Zone C4 Environmental Living,
- but does not apply to a subdivision by the registration of a strata plan.

- (3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the [Community Land Development Act 2021](#)) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) This clause applies despite clause 4.1.

4.1A Minimum subdivision lot size for strata plan schemes in certain rural, residential and conservation zones

- (1) The objective of this clause is to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.
- (2) This clause applies to land in the following zones that is used, or is proposed to be used, for residential accommodation or tourist and visitor accommodation—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU4 Primary Production Small Lots,
 - (d) Zone RU5 Village,
 - (e) Zone R5 Large Lot Residential,
 - (f) Zone C3 Environmental Management,
 - (g) Zone C4 Environmental Living.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies for a strata plan scheme (other than any lot comprising common property within the meaning of the [Strata Schemes \(Freehold Development\) Act 1973](#) or [Strata Schemes \(Leasehold Development\) Act 1986](#)) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

Part 6 of [State Environmental Planning Policy \(Exempt and Complying Development Codes\) 2008](#) provides that strata subdivision of a building in certain circumstances is specified complying development.

4.1B Exceptions to minimum lot sizes for certain rural subdivisions

- (1) The objective of this clause is to enable the subdivision of land in rural areas to create lots of an appropriate size to meet the needs of permissible uses other than for the purpose of dwelling houses, dual occupancies or tourist and visitor accommodation.
- (2) This clause applies to land in the following rural zones—
 - (a) Zone RU1 Primary Production,

- (b) Zone RU2 Rural Landscape,
 - (c) Zone RU4 Primary Production Small Lots.
- (3) Land to which this clause applies may, with development consent, be subdivided to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land, where the consent authority is satisfied that the use of the land after the subdivision will be the same use permitted under the existing development consent for the land (other than for the purpose of a dwelling house, a dual occupancy or tourist and visitor accommodation).
- (4) Development consent must not be granted for the subdivision of land to which this clause applies unless the consent authority is satisfied that—
- (a) the subdivision will not adversely affect the use of the surrounding land for agriculture, and
 - (b) the subdivision is necessary for the ongoing operation of the permissible use, and
 - (c) the subdivision will not cause a conflict between the use of the land subdivided and the use of the surrounding land in the locality, and
 - (d) the subdivision is appropriate having regard to the natural and physical constraints affecting the land.

4.1C Lot averaging subdivision in certain residential and conservation zones

- (1) The objective of this clause is to ensure that lot sizes and subdivision patterns for residential accommodation conserve and provide protection for the environmental values of the land by encouraging buildings to be appropriately sited.
- (2) This clause applies to the land identified as “Lot average” on the [Lot Size Map](#).
- (3) Despite clause 4.1, development consent may be granted for the subdivision of land to which this clause applies that requires development consent (whether or not the subdivision is under the [Community Land Development Act 1989](#)) to create lots of any size if—
- (a) the consent authority is satisfied that the land to be subdivided is proposed to be used for the purpose of residential accommodation, and
 - (b) the average area of the lots resulting from the subdivision will not be less than the minimum size shown on the [Lot Size Map](#) for the relevant land, and
 - (c) the consent authority is satisfied that the development retains, and is complementary to, the environmental attributes of the land and its surrounds, and
 - (d) in relation to land in Zone C3 Environmental Management—each lot resulting from the subdivision will have an area of at least 10 hectares.

4.2 Rural subdivision

- (1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.
- (2) This clause applies to the following rural zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (baa) Zone RU3 Forestry,
 - (c) Zone RU4 Primary Production Small Lots,
 - (d) Zone RU6 Transition.

Note—

When this Plan was made it did not include all of these zones.

- (3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.
- (5) A dwelling cannot be erected on such a lot.

Note—

A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

4.2A Erection of dual occupancies and dwelling houses on land in certain rural and conservation zones

- (1) The objectives of this clause are as follows—
 - (a) to minimise unplanned rural residential development,
 - (b) to enable the replacement of lawfully erected dual occupancies and dwelling houses in rural and conservation zones.
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU4 Primary Production Small Lots,

(d) Zone C3 Environmental Management.

- (3) Development consent must not be granted for the erection of a dual occupancy or dwelling house on land to which this clause applies unless the land—
- (a) is a lot that is at least the minimum lot size shown on the [Lot Size Map](#) in relation to that land, or
 - (b) is a lot created under this Plan (other than under clause 4.2 (3)), or
 - (c) is a lot created on or after 7 January 1966, but before this Plan commenced, and on which the erection of a dual occupancy or dwelling house was permissible immediately before that commencement, or
 - (d) is a lot resulting from a subdivision for which development consent (or equivalent) was granted on or after 7 January 1966, but before this Plan commenced, and on which the erection of a dual occupancy or dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or
 - (e) is an existing holding, or
 - (f) is a 1980 holding.

Note—

A dwelling cannot be erected on a lot created under clause 9 of [State Environmental Planning Policy \(Rural Lands\) 2008](#) or clause 4.2.

- (4) Development consent must not be granted under subclause (3) unless—
- (a) no dual occupancy or dwelling house has been erected on the land, and
 - (b) if a development application has been made for development for the purpose of a dual occupancy or dwelling house on the land—the application has been refused or it was withdrawn before it was determined, and
 - (c) if development consent has been granted in relation to such an application—the consent has been surrendered or it has lapsed.
- (5) Development consent may be granted for the erection of a dual occupancy or dwelling house on land to which this clause applies if there is a lawfully erected dual occupancy or dwelling house on the land and the dual occupancy or dwelling house to be erected is intended only to replace the existing dual occupancy or dwelling house.
- (6) Land ceases to be an existing holding or a 1980 holding for the purposes of subclause (3) (e) or (f), respectively, if an application for development consent referred to in that subclause is not made in relation to that land before 12 months after the commencement of this Plan.

(7) In this clause—

1980 holding means land that—

(a) is a lot that was created before 7 January 1966 and that has an area of at least 10 hectares, but not more than 40 hectares, and

(b) is a lot that was owned on 17 December 1980 by a person who on that date did not own any lot, portion or parcel of land adjoining or adjacent to the lot,

whether or not there has been a change in the ownership of the lot since 17 December 1980.

existing holding means land that—

(a) was a holding on 7 January 1966, and

(b) is a holding at the time the application for development consent referred to in subclause (3) is lodged,

whether or not there has been a change in the ownership of the holding since 7 January 1966, and includes any other land adjoining that land acquired by the owner since 7 January 1966.

holding means all adjoining land, even if separated by a road or railway, held by the same person or persons.

Note—

The owner in whose ownership all the land is at the time the application is lodged need not be the same person as the owner in whose ownership all the land was on the stated date.

4.3 Height of buildings

[Not adopted]

4.4 Floor space ratio

(1) The objectives of this clause are as follows—

(a) to regulate the density of development,

(b) to ensure that new development reflects the desired character of the locality in which it is located and minimises adverse impacts on the amenity of that locality.

(2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).

4.5 Calculation of floor space ratio and site area

(1) **Objectives** The objectives of this clause are as follows—

- (a) to define **floor space ratio**,
 - (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.
- (2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.
- (3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be—
- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
 - (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.
- In addition, subclauses (4)-(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.
- (4) **Exclusions from site area** The following land must be excluded from the site area—
- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
 - (b) community land or a public place (except as provided by subclause (7)).
- (5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.
- (6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.
- (7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that

community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

- (8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.
- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.
- (10) **Covenants affect consolidated sites** If—
- (a) a covenant of the kind referred to in subclause (9) applies to any land (**affected land**), and
 - (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,
- the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.
- (11) **Definition** In this clause, **public place** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

- (1) The objectives of this clause are as follows—
- (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,
 - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Development consent must not be granted for development that contravenes a

development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating—

- (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
- (b) that there are sufficient environmental planning grounds to justify contravening the development standard.

(4) Development consent must not be granted for development that contravenes a development standard unless—

- (a) the consent authority is satisfied that—
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
- (b) the concurrence of the Planning Secretary has been obtained.

(5) In deciding whether to grant concurrence, the Planning Secretary must consider—

- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
- (b) the public benefit of maintaining the development standard, and
- (c) any other matters required to be taken into consideration by the Planning Secretary before granting concurrence.

(6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone C4 Environmental Living if—

- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
- (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

(7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be

addressed in the applicant's written request referred to in subclause (3).

- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
- (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (caa) clause 5.5,
 - (ca) clause 6.2, 6.3 or 7.3.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act

Zone SP2 Infrastructure and marked
“Classified road”

Transport for NSW

Zone C1 National Parks and Nature
Reserves and marked “National Park”

Minister administering the *National Parks and
Wildlife Act 1974*

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

Note—

Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4—
- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
- (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Land Management Act*

2016).

Note—

In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres.
- (3) This clause does not apply to—
 - (a) land in Zone RE1 Public Recreation, Zone C1 National Parks and Nature Reserves, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone W1 Natural Waterways, or
 - (ab) land in Zone C4 Environmental Living, or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that—
 - (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) This clause does not prescribe a development standard that may be varied under this Plan.

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to

guests must consist of no more than 4 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 40% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 400 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 4 bedrooms in buildings.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 30 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 10 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
 - (a) 60 square metres,
 - (b) 25% of the total floor area of the principal dwelling.

(10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial, Zone W4 Working Waterfront or a rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—

(a) 40% of the gross floor area of the industry, or

(b) 400 square metres,

whichever is the lesser.

5.8 Conversion of fire alarms

(1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.

(2) The following development may be carried out, but only with development consent—

(a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,

(b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,

(c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.

(3) Development to which subclause (2) applies is complying development if it consists only of—

(a) internal alterations to a building, or

(b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a

space of not more than 450mm × 100mm × 100mm.

- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause—
private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Dwelling house or secondary dwelling affected by natural disaster

- (1) The objective of this clause is to enable the repair or replacement of lawfully erected dwelling houses and secondary dwellings that have been damaged or destroyed by a natural disaster.
- (2) This clause applies to land in the following zones—
 - (a) RU1 Primary Production,
 - (b) RU2 Rural Landscape,
 - (c) RU3 Forestry,
 - (d) RU4 Primary Production Small Lots,
 - (e) C1 National Parks and Nature Reserves,
 - (f) C2 Environmental Conservation,
 - (g) C3 Environmental Management.
- (3) Despite the other provisions of this Plan, development consent may be granted to development on land to which this clause applies to enable a dwelling house or secondary dwelling that has been damaged or destroyed by a natural disaster to be repaired or replaced if—
 - (a) the dwelling house or secondary dwelling was lawfully erected, and
 - (b) the development application seeking the development consent is made to the consent authority no later than 5 years after the day on which the natural disaster caused the damage or destruction.

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows—

- (a) to conserve the environmental heritage of Singleton,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following—

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

- (3) **When consent not required** However, development consent under this clause is not required if—
- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
 - (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
 - (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment** The consent authority may, before granting consent to any development—
- (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage

significance of the heritage item or heritage conservation area concerned.

- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
 - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—
- (a) notify the Heritage Council about the application, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—
- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and

- (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note—

The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Transport and Infrastructure) 2021*, Chapter 2.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 Eco-tourist facilities

- (1) The objectives of this clause are as follows—
 - (a) to maintain the environmental and cultural values of land on which development for the purposes of eco-tourist facilities is carried out,
 - (b) to provide for sensitively designed and managed eco-tourist facilities that have minimal impact on the environment both on and off-site.
- (2) This clause applies if development for the purposes of an eco-tourist facility is permitted with development consent under this Plan.
- (3) The consent authority must not grant consent under this Plan to carry out development for the purposes of an eco-tourist facility unless the consent authority is

satisfied that—

- (a) there is a demonstrated connection between the development and the ecological, environmental and cultural values of the site or area, and
- (b) the development will be located, constructed, managed and maintained so as to minimise any impact on, and to conserve, the natural environment, and
- (c) the development will enhance an appreciation of the environmental and cultural values of the site or area, and
- (d) the development will promote positive environmental outcomes and any impact on watercourses, soil quality, heritage and native flora and fauna will be minimal, and
- (e) the site will be maintained (or regenerated where necessary) to ensure the continued protection of natural resources and enhancement of the natural environment, and
- (f) waste generation during construction and operation will be avoided and that any waste will be appropriately removed, and
- (g) the development will be located to avoid visibility above ridgelines and against escarpments and from watercourses and that any visual intrusion will be minimised through the choice of design, colours, materials and landscaping with local native flora, and
- (h) any infrastructure services to the site will be provided without significant modification to the environment, and
- (i) any power and water to the site will, where possible, be provided through the use of passive heating and cooling, renewable energy sources and water efficient design, and
- (j) the development will not adversely affect the agricultural productivity of adjoining land, and
- (k) the following matters are addressed or provided for in a management strategy for minimising any impact on the natural environment—
 - (i) measures to remove any threat of serious or irreversible environmental damage,
 - (ii) the maintenance (or regeneration where necessary) of habitats,
 - (iii) efficient and minimal energy and water use and waste output,
 - (iv) mechanisms for monitoring and reviewing the effect of the development on

the natural environment,

- (v) maintaining improvements on an on-going basis in accordance with relevant ISO 14000 standards relating to management and quality control.

5.16 Subdivision of, or dwellings on, land in certain rural, residential or conservation zones

- (1) The objective of this clause is to minimise potential land use conflict between existing and proposed development on land in the rural, residential or conservation zones concerned (particularly between residential land uses and other rural land uses).
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU3 Forestry,
 - (d) Zone RU4 Primary Production Small Lots,
 - (e) Zone RU6 Transition,
 - (f) Zone R5 Large Lot Residential,
 - (g) Zone C2 Environmental Conservation,
 - (h) Zone C3 Environmental Management,
 - (i) Zone C4 Environmental Living.
- (3) A consent authority must take into account the matters specified in subclause (4) in determining whether to grant development consent to development on land to which this clause applies for either of the following purposes—
 - (a) subdivision of land proposed to be used for the purposes of a dwelling,
 - (b) erection of a dwelling.
- (4) The following matters are to be taken into account—
 - (a) the existing uses and approved uses of land in the vicinity of the development,

- (b) whether or not the development is likely to have a significant impact on land uses that, in the opinion of the consent authority, are likely to be preferred and the predominant land uses in the vicinity of the development,
- (c) whether or not the development is likely to be incompatible with a use referred to in paragraph (a) or (b),
- (d) any measures proposed by the applicant to avoid or minimise any incompatibility referred to in paragraph (c).

5.17 Artificial waterbodies in environmentally sensitive areas in areas of operation of irrigation corporations

[Not applicable]

5.18 Intensive livestock agriculture

- (1) The objectives of this clause are—
 - (a) to ensure appropriate environmental assessment of development for the purpose of intensive livestock agriculture that is permitted with consent under this Plan, and
 - (b) to provide for certain capacity thresholds below which development consent is not required for that development subject to certain restrictions as to location.
- (2) This clause applies if development for the purpose of intensive livestock agriculture is permitted with consent under this Plan.
- (3) In determining whether or not to grant development consent under this Plan to development for the purpose of intensive livestock agriculture, the consent authority must take the following into consideration—
 - (a) the adequacy of the information provided in the statement of environmental effects or (if the development is designated development) the environmental impact statement accompanying the development application,
 - (b) the potential for odours to adversely impact on the amenity of residences or other land uses within the vicinity of the site,
 - (c) the potential for the pollution of surface water and ground water,
 - (d) the potential for the degradation of soils,
 - (e) the measures proposed to mitigate any potential adverse impacts,
 - (f) the suitability of the site in the circumstances,
 - (g) whether the applicant has indicated an intention to comply with relevant industry

codes of practice for the health and welfare of animals,

(h) the consistency of the proposal with, and any reasons for departing from, the environmental planning and assessment aspects of any guidelines for the establishment and operation of relevant types of intensive livestock agriculture published, and made available to the consent authority, by the Department of Primary Industries (within the Department of Industry) and approved by the Planning Secretary.

(4) Despite any other provision of this Plan, development for the purpose of intensive livestock agriculture may be carried out without development consent if—

(a) the development is of a type specified in subclause (5), and

(b) the consent authority is satisfied that the development will not be located—

(i) in an environmentally sensitive area, or

(ii) within 100 metres of a natural watercourse, or

(iii) in a drinking water catchment, or

(iv) within 500 metres of any dwelling that is not associated with the development, or a residential zone, or

(v) for a poultry farm used for breeding poultry—within 5km of another poultry farm, or

(vi) for a poultry farm not used for breeding poultry—

(A) within 5km of a poultry farm used for breeding poultry, or

(B) within 1km of a poultry farm not used for breeding poultry, or

(vii) for a pig farm—within 3km of another pig farm.

(5) The following types of development are specified for the purposes of subclause (4)—

(a) a cattle feedlot having a capacity to accommodate fewer than 50 head of cattle,

(b) a goat feedlot having a capacity to accommodate fewer than 200 goats,

(c) a sheep feedlot having a capacity to accommodate fewer than 200 sheep,

(d) a pig farm having a capacity to accommodate fewer than 20 breeding sows, or fewer than 200 pigs (of which fewer than 20 may be breeding sows),

(e) a dairy (restricted) having a capacity to accommodate fewer than 50 dairy cows,

(f) a poultry farm having a capacity to accommodate fewer than 1,000 birds for meat

or egg production (or both).

- (6) For the avoidance of doubt, subclause (4) does not apply to development that is prohibited or that may be carried out without development consent under this or any other environmental planning instrument.
- (7) In this clause—

environmentally sensitive area has the same meaning as in clause 1.5 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

residential zone means Zone RU4 Primary Production Small Lots, Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E3 Productivity Support, Zone MU1 Mixed Use, Zone C3 Environmental Management or Zone C4 Environmental Living.

5.19 Pond-based, tank-based and oyster aquaculture

- (1) **Objectives** The objectives of this clause are as follows—
- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
 - (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.
- (2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—
- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
 - (b) in the case of—
 - (i) pond-based aquaculture in Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial or Zone MU1 Mixed Use—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone C3 Environmental Management or Zone C4

Environmental Living—that the development is for the purpose of extensive aquaculture, and

(iii) tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and

(iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.

(3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.

(4) **Extensive pond-based aquaculture permitted without consent in certain zones**

Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—

(a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and

(b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.

(5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application**

In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider—

(a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and

(b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.

(6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas**

Development for the purpose of oyster aquaculture may be carried out without development consent—

(a) on land that is wholly within a priority oyster aquaculture area, or

(b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.

(7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

- (1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—
 - (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or
 - (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—

licensed premises has the same meaning as in the *Liquor Act 2007*.

5.21 Flood planning

- (1) The objectives of this clause are as follows—
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,
 - (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,
 - (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
 - (a) is compatible with the flood function and behaviour on the land, and
 - (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and
 - (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
 - (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.

(4) A word or expression used in this clause has the same meaning as it has in the Considering Flooding in Land Use Planning Guideline unless it is otherwise defined in this clause.

(5) In this clause—

Considering Flooding in Land Use Planning Guideline means the *Considering Flooding in Land Use Planning Guideline* published on the Department's website on 14 July 2021.

flood planning area has the same meaning as it has in the Floodplain Development Manual.

Floodplain Development Manual means the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005.

5.24 Farm stay accommodation

(1) The objectives of this clause are as follows—

- (a) to diversify the uses of agricultural land without adversely impacting the principal use of the land for primary production,
- (b) to balance the impact of tourism and related commercial uses with the use of land for primary production, the environment, scenic values, infrastructure and adjoining land uses.

(2) Development consent must not be granted to development for the purposes of farm stay accommodation on a landholding unless the consent authority is satisfied all buildings or manufactured homes used to accommodate guests on the landholding will be—

- (a) on the same lot as an existing lawful dwelling house, or
- (b) on a lot of a size not less than the minimum lot size for a dwelling house to be permitted on the lot under an environmental planning instrument applying to the land.

(3) Subclause (2) does not apply if the development is a change of use of an existing dwelling to farm stay accommodation.

(4) Development consent must not be granted to development for the purposes of farm

stay accommodation on land unless the consent authority has considered—

- (a) whether the development will result in noise or pollution that will have a significant adverse impact on the following on or near the land—
 - (i) residential accommodation,
 - (ii) primary production operations,
 - (iii) other land uses, and
- (b) whether the development will have a significant adverse impact on the following on or near the land—
 - (i) the visual amenity or heritage or scenic values,
 - (ii) native or significant flora or fauna,
 - (iii) water quality,
 - (iv) traffic,
 - (v) the safety of persons, and
- (c) whether the development is on bush fire prone land or flood prone land, and
- (d) the suitability of the land for the development, and
- (e) the compatibility of the development with nearby land uses.

5.25 Farm gate premises

- (1) The objectives of this clause are as follows—
 - (a) to allow for tourism and related commercial uses on land used principally for primary production at a scale that does not adversely affect the principal use of the land for primary production,
 - (b) to balance the impact of tourism and related commercial uses with the use of land for primary production, the environment, scenic values, infrastructure and adjoining land uses.
- (2) Development consent must not be granted to development for the purposes of farm gate premises on land unless the consent authority has considered—
 - (a) whether the development will result in noise or pollution that will have a significant adverse impact on the following on or near the land—
 - (i) residential accommodation,
 - (ii) primary production operations,

- (iii) other land uses, and
- (b) whether the development will have a significant adverse impact on the following on or near the land—
 - (i) the visual amenity or heritage or scenic values,
 - (ii) native or significant flora or fauna,
 - (iii) water quality,
 - (iv) traffic,
 - (v) the safety of persons, and
- (c) whether the development is on bush fire prone land or flood prone land, and
- (d) the suitability of the land for the proposed development, and
- (e) the compatibility of the development with nearby land uses.

Part 6 Urban release areas

6.1 Arrangements for designated State public infrastructure

- (1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the subdivision of land in an urban release area to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes.
- (2) Development consent must not be granted for the subdivision of land in an urban release area if the subdivision would create a lot smaller than the minimum lot size permitted on the land immediately before the relevant date, unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that lot.
- (3) Subclause (2) does not apply to—
 - (a) any lot identified in the certificate as a residue lot, or
 - (b) any lot to be created by a subdivision of land that was the subject of a previous development consent granted in accordance with this clause, or
 - (c) any lot that is proposed in the development application to be reserved or dedicated for public open space, public roads, public utility undertakings, educational facilities or any other public purpose, or
 - (d) a subdivision for the purpose only of rectifying an encroachment on any existing

lot.

- (4) This clause does not apply to land in an urban release area if all or any part of the land is in a special contributions area (as defined by section 7.1 of the Act).
- (5) In this clause, **relevant date** means—
 - (a) in relation to land that became, or became part of, an urban release area under *Singleton Local Environmental Plan 1996 (Amendment No 45)*—19 December 2008, and
 - (b) in relation to land that became, or became part of, an urban release area under *Singleton Local Environmental Plan 1996 (Amendment No 64)*—24 December 2010, and
 - (c) in relation to all other land—the day the land became, or became part of, an urban release area.

6.2 Public utility infrastructure

- (1) Development consent must not be granted for development on land in an urban release area unless the Council is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when it is required.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure.

6.3 Development control plan

- (1) The objective of this clause is to ensure that development on land in an urban release area occurs in a logical and cost-effective manner, in accordance with a staging plan and only after a development control plan that includes specific controls has been prepared for the land.
- (2) Development consent must not be granted for development on land in an urban release area unless a development control plan that provides for the matters specified in subclause (3) has been prepared for the land.
- (3) The development control plan must provide for all of the following—
 - (a) a staging plan for the timely and efficient release of urban land, making provision for necessary infrastructure and sequencing,
 - (b) an overall transport movement hierarchy showing the major circulation routes and connections to achieve a simple and safe movement system for private vehicles, public transport, pedestrians and cyclists,
 - (c) an overall landscaping strategy for the protection and enhancement of riparian

areas and remnant vegetation, including visually prominent locations, and detailed landscaping requirements for both the public and private domain,

- (d) a network of active and passive recreation areas,
 - (e) stormwater and water quality management controls,
 - (f) amelioration of natural and environmental hazards, including bush fire, flooding and site contamination and, in relation to natural hazards, the safe occupation of, and the evacuation from, any land so affected,
 - (g) detailed urban design controls for significant development sites,
 - (h) measures to encourage higher density living around transport, open space and service nodes,
 - (i) measures to accommodate and control appropriate neighbourhood commercial and retail uses,
 - (j) suitably located public facilities and services, including provision for appropriate traffic management facilities and parking,
 - (k) in relation to land at Whittingham—appropriate development controls to ensure that development does not adversely affect access to the Great Northern Railway Line, including any future railway siding.
- (4) Subclause (2) does not apply to any of the following developments—
- (a) a subdivision for the purpose of a realignment of boundaries that does not create additional lots,
 - (b) a subdivision of land if any of the lots proposed to be created is to be reserved or dedicated for public open space, public roads or any other public or environment protection purpose,
 - (c) a subdivision of land in a zone in which the erection of structures is prohibited,
 - (d) proposed development on land that is of a minor nature only, if the consent authority is of the opinion that the carrying out of the proposed development would be consistent with the objectives of the zone in which the land is situated.

6.4 Relationship between Part and remainder of Plan

A provision of this Part prevails over any other provision of this Plan to the extent of any inconsistency.

Part 7 Additional local provisions

7.1 Earthworks

- (1) The objective of this clause is to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.
- (2) Development consent is required for earthworks unless—
 - (a) the earthworks are exempt development under this Plan or another applicable environmental planning instrument, or
 - (b) the earthworks are ancillary to development that is permitted without consent under this Plan or to development for which development consent has been given.
- (3) Before granting development consent for earthworks (or for development involving ancillary earthworks), the consent authority must consider the following matters—
 - (a) the likely disruption of, or any detrimental effect on, drainage patterns and soil stability in the locality of the development,
 - (b) the effect of the development on the likely future use or redevelopment of the land,
 - (c) the quality of the fill or the soil to be excavated, or both,
 - (d) the effect of the development on the existing and likely amenity of adjoining properties,
 - (e) the source of any fill material and the destination of any excavated material,
 - (f) the likelihood of disturbing relics,
 - (g) the proximity to, and potential for adverse impacts on, any waterway, drinking water catchment or environmentally sensitive area,
 - (h) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note—

The [National Parks and Wildlife Act 1974](#), particularly section 86, deals with harming Aboriginal objects.

7.2 (Repealed)

7.3 Floor height restrictions for residential accommodation and tourist or visitor

accommodation

- (1) Development consent must not be granted for the erection of a single storey building used for the purpose of residential accommodation or tourist or visitor accommodation on flood liable land unless the consent authority is satisfied that—
 - (a) the foundations and structure of that building will mitigate any potential damage to the building caused by floodwaters, and
 - (b) if the building is located on land identified on the [Floor Height Restriction Map](#)—the finished floor height of any habitable room in that building will not be less than the minimum height shown for the land on that map, and
 - (c) if the building is located on other flood liable land—the finished floor height of any habitable room in that building will not be less than the flood planning level.
- (2) Development consent must not be granted to the erection of a two-storey building used for the purpose of residential accommodation or tourist or visitor accommodation on flood liable land unless the consent authority is satisfied that—
 - (a) the floor area of all habitable rooms on the ground floor will not exceed 50% of the total floor area of all habitable rooms in the building, and
 - (b) all habitable rooms on the ground floor will be constructed using water-resistant materials, and
 - (c) a flood-free building site is not located on natural ground level on the land, and
 - (d) if the building is located on land identified on the [Floor Height Restriction Map](#)—the finished floor height of the first floor of the building will not be less than the height shown for the land on that map and will not exceed 4 metres above natural ground level, and
 - (e) if the building is located on other flood liable land—the finished floor height of the first floor of the building will not be less than the flood planning level and will not exceed 4 metres above natural ground level.
- (3) This clause does not apply to the following development—
 - (a) the extension of an existing dwelling house by no more than 50% of its internal floor area,
 - (b) an addition to an existing dwelling house with an area of no more than 50% of the internal floor area of that dwelling to be used for the purpose of a dual occupancy.

7.4 Development within a designated buffer area

- (1) The objective of this clause is to protect the operational environment of waste or resource management facilities and the Singleton Military Area.

- (2) This clause applies to land identified as “Singleton Military Area” and “Waste Management Facility” on the [Buffer Areas Map](#).
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority has considered the following matters—
 - (a) the impact that any noise and other emissions associated with existing land uses may have on the proposed development,
 - (b) any proposed measures incorporated into the development that limit the impact of such noise and other emissions associated with the existing land use,
 - (c) any opportunities to relocate the proposed development outside the land to which this clause applies,
 - (d) whether the proposed development is likely to adversely affect the operational environment of any existing development on the land to which this clause applies.

7.5 Drinking water catchments

- (1) The objective of this clause is to protect drinking water catchments by minimising the adverse impacts of development on the quality and quantity of water entering drinking water storages.
- (2) This clause applies to land identified as “Drinking water catchment” on the [Drinking Water Catchment Map](#).
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider the following—
 - (a) whether or not the development is likely to have any adverse impact on the quality and quantity of water entering the drinking water storage, having regard to the following—
 - (i) the distance between the development and any waterway that feeds into the drinking water storage,
 - (ii) the on-site use, storage and disposal of any chemicals on the land,
 - (iii) the treatment, storage and disposal of waste water and solid waste generated or used by the development,
 - (b) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development is designed, sited and will be managed to avoid any significant

adverse impact on water quality and flows, or

- (b) if that impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that impact, or
- (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

7.6 Riparian land and watercourses

- (1) The objective of this clause is to protect and maintain the following—
 - (a) water quality within watercourses,
 - (b) the stability of the bed and banks of watercourses,
 - (c) aquatic and riparian habitats,
 - (d) ecological processes within watercourses and riparian areas.
- (2) This clause applies to all of the following—
 - (a) land identified as “Riparian land” on the [Riparian Lands and Watercourses Map](#),
 - (b) land identified as “Watercourse” on that map,
 - (c) all land that is within 40 metres of the top of the bank of each watercourse on land identified as “Watercourse” on that map.
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider—
 - (a) whether or not the development is likely to have any adverse impact on the following—
 - (i) the water quality and flows within the watercourse,
 - (ii) aquatic and riparian species, habitats and ecosystems of the watercourse,
 - (iii) the stability of the bed and banks of the watercourse,
 - (iv) the free passage of fish and other aquatic organisms within or along the watercourse,
 - (v) any future rehabilitation of the watercourse and riparian areas, and
 - (b) whether or not the development is likely to increase water extraction from the watercourse, and
 - (c) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that—
 - (a) the development is designed, sited and will be managed to avoid any significant adverse environmental impact, or
 - (b) if that impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that impact, or
 - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

7.7 Tourist and visitor accommodation in rural and conservation zones

- (1) The objective of this clause is to permit tourist and visitor accommodation on land in rural and conservation zones if a dwelling house is also permitted on that land.
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone C3 Environmental Management.
- (3) Development consent must not be granted for the purpose of tourist and visitor accommodation on land to which this clause applies unless a dual occupancy or dwelling house is permitted on that land under clause 4.2A.

7.8 Events permitted without development consent

- (1) The objective of this clause is to provide for the temporary use of public reserves and public roads for exhibitions, meetings, concerts or events.
- (2) Despite any other provision of this Plan, development (including any associated temporary structures) for the purpose of a temporary event may be carried out on a public reserve or public road without development consent.

Note—

Other approvals may be required, and must be obtained, under other Acts, including the [Local Government Act 1993](#), the [Roads Act 1993](#) and the [Crown Land Management Act 2016](#).

- (3) [State Environmental Planning Policy \(Temporary Structures\) 2007](#) does not apply to development to which this clause applies.
- (4) In this clause—

public reserve has the same meaning as in the [Local Government Act 1993](#).

temporary event means an exhibition, meeting, concert or other event that is open

to the public for which land is used for a period of not more than 52 days (whether or not consecutive) in any period of 12 months.

7.9 Village of Camberwell

- (1) The objective of this clause is to restrict development for the purpose of residential accommodation on land at Camberwell that is in Zone R5 Large Lot Residential.
- (2) This clause applies to land at Camberwell that is in Zone R5 Large Lot Residential.
- (3) Despite any other provision of this Plan, development consent must not be granted to development for the purpose of residential accommodation on land to which this clause applies unless the development will be situated on a lot that is at least the minimum size shown for the land on the [Lot Size Map](#).

7.9A Interim land uses

- (1) This clause applies to land identified as “Huntlee New Town Site” on the [Urban Release Area Map](#).
- (2) Despite any other provision of this Plan, development on land in Zone R1 General Residential, Zone R2 Low Density Residential or Zone MU1 Mixed Use on the land to which this clause applies for a purpose specified in subclause (3) is permitted with development consent if—
 - (a) the development is for a specified interim period, and
 - (b) the development will not adversely affect the use of the land for permissible development in accordance with this Plan at the end of the specified interim period, and
 - (c) the development will not adversely affect the use of other land in the same locality for permissible development in accordance with this Plan.
- (3) Development specified for the purposes of this clause is any one or more of the following—
 - (a) extensive agriculture,
 - (b) extractive industries,
 - (c) forestry,
 - (d) intensive plant agriculture,
 - (e) mining,
 - (f) waste or resource management facilities.

7.10 Essential services

Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the development are available or that adequate arrangements have been made to make them available when required—

- (a) the supply of water,
- (b) the supply of electricity,
- (c) the disposal and management of sewage,
- (d) stormwater drainage or on-site conservation,
- (e) suitable vehicular access.

7.11 Location of sex services premises

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.
- (2) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following—
 - (a) whether the premises will be located on land that adjoins, is directly opposite or is separated only by a local road from land—
 - (i) in Zone R1 General Residential, Zone R2 Low Density Residential or Zone RE1 Public Recreation, or
 - (ii) used for the purposes of a centre-based child care facility, a community facility, a school or a place of public worship,
 - (b) the impact of the proposed development and its hours of operation on any place likely to be regularly frequented by children—
 - (i) that adjoins the proposed development, or
 - (ii) that can be viewed from the proposed development, or
 - (iii) from which a person can view the proposed development.

7.12 Development of land at 257 Hermitage Road, Pokolbin

- (1) This clause applies to land at 257 Hermitage Road, Pokolbin, being Lot 1, DP 1233583.
- (2) Development consent must not be granted for the subdivision of land to which this clause applies unless the consent authority is satisfied that—

- (a) each resulting lot will have an area of at least 10 hectares, and
 - (b) the subdivision is for one or more of the following purposes—
 - (i) cellar door premises,
 - (ii) function centres,
 - (iii) information and education facilities,
 - (iv) intensive plant agriculture,
 - (v) restaurants or cafes,
 - (vi) tourist and visitor accommodation (other than backpackers' accommodation, hotel or motel accommodation or serviced apartments), and
 - (c) the development is sympathetic to the scenic value and built character of the surrounding area.
- (3) Development consent must not be granted for the erection of a dwelling house on a lot resulting from a subdivision under this clause unless the consent authority is satisfied that—
- (a) the dwelling is ancillary to the purpose for which the lot was created by the subdivision, and
 - (b) the development is sympathetic to the scenic value and built character of the surrounding area.
- (4) Development consent must not be granted for development for any of the following purposes on a lot resulting from a subdivision under this clause unless the consent authority is satisfied that the development is sympathetic to the scenic value and built character of the surrounding area—
- (a) cellar door premises,
 - (b) function centres,
 - (c) information and education facilities,
 - (d) restaurants or cafes,
 - (e) tourist and visitor accommodation (other than backpackers' accommodation, hotel or motel accommodation or serviced apartments).
- (5) Clause 4.6 does not allow development consent to be granted for development that would contravene subclause (2).
- (6) This clause applies despite any other provision of this Plan.

Schedule 1 Additional permitted uses

(Clause 2.5)

1 Use of certain land at Wine Country Drive, Branxton (Huntlee New Town Site)

- (1) This clause applies to land at Wine Country Drive, Branxton (Huntlee New Town Site) identified as “Area A” on the [Additional Permitted Uses Map](#).
- (2) Development on land in Zone R1 General Residential for the purposes of recreation facilities (indoor) and signage is permitted with development consent.

2 Use of certain land at Wine Country Drive, Branxton (Huntlee New Town Site)

- (1) This clause applies to land at Wine Country Drive, Branxton (Huntlee New Town Site) identified as “Area B” on the [Additional Permitted Uses Map](#).
- (2) Development on land in Zone R2 Low Density Residential for the purposes of exhibition homes, exhibition villages, semi-detached dwellings, seniors housing and signage is permitted with development consent.

3 Use of certain land at Wine Country Drive, Branxton (Huntlee New Town Site)

- (1) This clause applies to land at Wine Country Drive, Branxton (Huntlee New Town Site) identified as “Area D” on the [Additional Permitted Uses Map](#).
- (2) Development on land in Zone R5 Large Lot Residential for the purposes of farm stay accommodation, horticulture and viticulture is permitted with development consent.

4 Use of certain land at Wine Country Drive, Branxton (Huntlee New Town Site)

- (1) This clause applies to land at Wine Country Drive, Branxton (Huntlee New Town Site) identified as “Area C” on the [Additional Permitted Uses Map](#).
- (2) Development on land in Zone MU1 Mixed Use for the purposes of dwelling houses, exhibition homes, exhibition villages and highway service centres is permitted with development consent.

5 Use of certain land at Singleton Showground, Bathurst and York Streets, Singleton

- (1) This clause applies to the following land at Singleton, known as “Singleton Showground”—
 - (a) Lots 1–3, DP 1140421, Lot 1, DP 1139953 and Lot 1, DP 933470, being 32 Bathurst Street,
 - (b) Lot 2, DP 151195, being 35 York Street,
 - (c) Lot 1, DP 1140404, being 37 York Street,

(d) Lot 1, DP 1140337, being 43 York Street.

(2) Development for the purpose of a camping ground is permitted with development consent.

6 Use of certain land at 128 George Street, Singleton

(1) This clause applies to Lot 1, DP 995516, being 128 George Street, Singleton.

(2) Development for the purpose of office premises is permitted with development consent.

7 Use of certain land at 142 George Street, Singleton

(1) This clause applies to Lot 1, DP 799829, being 142 George Street, Singleton.

(2) Development for the purpose of office premises is permitted with development consent.

8 Use of certain land at 144 George Street, Singleton

(1) This clause applies to Lot 10, DP 1114575, being 144 George Street, Singleton.

(2) Development for the purpose of office premises is permitted with development consent.

9 Use of certain land at Lake St Clair Park, Carrowbrook Road, St Clair

(1) This clause applies to Part Lot 5, DP 717572 and Part Lot 2, DP 717573, being land known as “Lake St Clair Park” at Carrowbrook Road, St Clair.

(2) Development for the purpose of a caravan park is permitted with development consent.

Schedule 2 Exempt development

(Clause 3.1)

Note 1—

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 specifies exempt development under that Policy. The Policy has State-wide application. This Schedule contains additional exempt development not specified in that Policy.

Note 2—

Exempt development may be carried out without the need for development consent under the Act. Such development is not exempt from any approval, licence, permit or authority that is required under any other Act and adjoining owners’ property rights and the common law still apply.

Forestry on land in Zone RU2

Must be approved under the *Native Vegetation Act 2003*.

Schedule 3 Complying development

(Clause 3.2)

Note—

[State Environmental Planning Policy \(Exempt and Complying Development Codes\) 2008](#) specifies complying development and the complying development conditions for that development under that Policy. The Policy has State-wide application. This Schedule contains additional complying development not specified in that Policy.

Part 1 Types of development

(When this Plan was made this Part was blank)

Part 2 Complying development certificate conditions

Note—

Complying development must comply with the requirements of the Act, the regulations under the Act and this Plan.

General conditions

Any development specified in Part 1 is subject to the same conditions set out in Schedule 6 to [State Environmental Planning Policy \(Exempt and Complying Development Codes\) 2008](#).

Schedule 4 Classification and reclassification of public land

(Clause 5.2)

Part 1 Land classified, or reclassified, as operational land—no interests changed

Column 1	Column 2

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned—
 - (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
 - (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive

aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the [Fisheries Management \(Aquaculture\) Regulation 2017](#).

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#),
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the

relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.

Dictionary

(Clause 1.4)

Note—

The Act and the [Interpretation Act 1987](#) contain definitions and other provisions that affect the interpretation and application of this Plan.

Aboriginal object means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

Aboriginal place of heritage significance means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is—

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

Note—

The term may include (but is not limited to) places that are declared under section 84 of the [National Parks and Wildlife Act 1974](#) to be Aboriginal places for the purposes of that Act.

acid sulfate soils means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

Acid Sulfate Soils Manual means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

Additional Permitted Uses Map means the [Singleton Local Environmental Plan 2013 Additional Permitted Uses Map](#).

advertisement has the same meaning as in the Act.

Note—

The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

advertising structure has the same meaning as in the Act.

Note—

The term is defined as a structure used or to be used principally for the display of an advertisement.

Advertising structures are a type of **signage**—see the definition of that term in this Dictionary.

affordable housing has the same meaning as in the Act.

Note—

The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

agricultural produce industry means a building or place used for the handling, treating, processing or packing, for commercial purposes, of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes wineries, flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include a livestock processing industry.

Note—

Agricultural produce industries are a type of **rural industry**—see the definition of that term in this Dictionary.

agriculture means any of the following—

- (aaa) agritourism,
- (a) aquaculture,
- (b) extensive agriculture,
- (c) intensive livestock agriculture,
- (d) intensive plant agriculture.

Note—

Part 6 of the [Plantations and Reafforestation Act 1999](#) provides that exempt farm forestry within the meaning of that Act is not subject to the [Environmental Planning and Assessment Act 1979](#).

agritourism means the following—

- (a) farm gate premises,
- (b) farm experience premises.

Note—

Agritourism is a type of **agriculture**—see the definition of that term in this Dictionary.

air transport facility means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

airport means a place that is used for the landing, taking off, parking, maintenance or repair of aeroplanes, and includes associated buildings, installations, facilities and movement areas and any heliport that is part of the airport.

Note—

Airports are a type of **air transport facility**—see the definition of that term in this Dictionary.
