5 Definitions (cf former s 17B (1))

In this Part—

associated operation or work is defined by section 8.

bush fire means a bush or grass fire or a fire in or at any building or a fire of any kind at which a rural fire brigade or fire fighter operates or is in attendance for the purpose of its control or suppression.

fighting, in relation to a bush fire, includes any reasonable act or operation performed by a fire fighter at or about the scene of or in connection with a bush fire which is necessary for, directed towards, or incidental to, the control or suppression of the fire or the prevention of the spread of the fire, or in any other way necessarily associated with the fire.

- (b) any person referred to in paragraph (b) of that definition, resident in New South Wales, or
- (c) any person referred to in paragraph (c) of that definition, resident in New South Wales, if the bush fire referred to in that paragraph was within or partly within or, in the opinion of the Self Insurance Corporation, likely to spread to New South Wales,

as though the injury, destruction, loss or damage had been sustained in New South Wales.

7 Injuries to which Part applies (cf defn of “injury” in former s 17B (1))

- (1) This Part applies to personal injury received by a fire fighter—
 - (a) arising out of or in the course of fighting a bush fire, or

associated operation or work.

- (3) This Part also applies to an injury being a disease which is contracted, aggravated or exacerbated or which deteriorates in the course of doing anything referred to in subsection (1) or (2) if the doing of that thing was a contributing factor.

8 Associated operation or work (cf defn of “injury” in former s 17B (1))

(1) An associated operation or work is—

- (a) a bush fire preventive operation,
- (b) preparatory work,
- (c) work of a prescribed kind (which may, but need not, be related to bush fire fighting, bush fire preventive operations or preparatory work), or
- (d) work which, in the opinion of the Self Insurance Corporation having regard to all the circumstances and the advice of the Minister administering the [State Emergency Service Act 1989](#), should be deemed to be work of a kind to which this paragraph applies.

(2) A bush fire preventive operation is—

- (a) the burning, ploughing or clearing of firebreaks, or
- (b) any other operation including (but without being limited to) the inspection of fire breaks or other works and the survey of areas for the purpose of detecting fires or ascertaining the need for precautions against outbreak of fire,

and includes the giving or receiving of such training or instruction or the carrying out of or assisting to carry out such examination, preparation, maintenance, adjustment or repair.

9 Relevant journeys (cf para (b) and (i) of defn of “injury” in former s 17B (1))

- (1) A journey by a fire fighter is a relevant journey if—
 - (a) it is a journey between the place of abode or place of employment of the fire fighter, or place from which the fire fighter was called, and a bush fire, and
 - (b) it is made exclusively and genuinely for the purpose of engaging in fighting a bush fire.
- (2) A journey by an official fire fighter is a relevant journey if it is a journey under subsection (1) or if—
 - (a) it is a journey between the place of abode or place of employment of the official fire fighter, or place from which the official fire fighter was called, and the place where any associated operation or work was or is to be carried out, and
 - (b) it is made exclusively and genuinely for the purpose of engaging in the carrying out of the operation or work.

Division 2 Entitlement to compensation

10 Compensation payable for injury or death (cf former s 17C)

A fire fighter who has received an injury (and in the case of the death of the fire fighter, the fire fighter’s dependants) shall be entitled to receive compensation as follows—

- (a) where death results from the injury—the compensation payments prescribed by the Principal Act, sections 25(1)(a) and (b) and (1A), 26 and 28,
- (b) where total or partial incapacity for work results from the injury—the weekly payments of compensation prescribed by Division 2 of Part 3 of the Principal Act,
- (c) where medical or related treatment, hospital treatment, occupational rehabilitation service or ambulance service becomes necessary as a result of the injury—the benefits prescribed by Division 3 of Part 3 of the Principal Act,
- (d) where the worker receives an injury mentioned in Division 4 of Part 3 of the Principal Act—the compensation prescribed by that Division (including compensation for any pain and suffering resulting from that injury).

10A Presumptions relating to certain cancers—firefighters

- (1) In the application of this Act to an eligible volunteer firefighter, it is presumed (unless the contrary is established) that—
 - (a) the disease contracted by the worker was contracted in the course of fighting a bush fire, and

- (b) the fighting of the bush fire was a contributing factor to the disease.
- (2) This section applies to an official fire fighter (an **eligible volunteer firefighter**) who—
 - (a) in the capacity of an official fire fighter, has at any time performed firefighting activities, and
 - (b) has contracted a disease that is a cancer of a kind specified in Schedule 4 to the Principal Act.
- (3) This section does not apply to a disease contracted by an eligible volunteer firefighter if the total aggregate period during which the eligible volunteer firefighter has served as an official fire fighter as at the date of injury (**the service period**) is less than the qualifying service period specified for the disease in Schedule 4 to the Principal Act.
- (4) Any period during which an eligible volunteer firefighter has been engaged in firefighting employment is to be counted towards the service period.
- (5) However, any period during which the eligible volunteer firefighter concurrently performs service as an official fire fighter and engages in firefighting employment is to be counted once only.
- (6) For the purposes of the application of section 261 of the 1998 Act to a disease to which a presumption under this section applies, the period required by that section for the making of a claim for compensation in respect of the disease is taken to commence on the date of injury in relation to the disease (regardless of when the eligible volunteer firefighter or any other person first became aware of the disease).
- (7) In this section—
 - date of injury**, in relation to a disease, means the date of whichever of the following occurs first—
 - (a) the disease is first diagnosed by a medical practitioner,
 - (b) the official fire fighter dies as a result of the disease.
 - firefighting activities** and **firefighting employment** have the same meanings as in section 19A of the Principal Act.

11 Provisions relating to compensation for injury or death

- (1) This section applies to compensation payable under section 10.
- (2) If death results from the injury, the compensation prescribed by section 25 (1) (a) of the Principal Act is payable even if the fire fighter left no dependants or left only dependants in part dependent for support on the fire fighter.

- (2A) (Repealed)
- (3) If the fire fighter left no dependants, the compensation payable under subsection (2) is payable to the legal personal representative of the fire fighter.
- (4) The compensation payable under subsection (2) to each dependant of a fire fighter may be apportioned by the Self Insurance Corporation.
- (4A) The compensation payable under subsection (2) is not to be apportioned if a fire fighter leaves only one dependant (whether wholly or partly dependent on the fire fighter for support) and the whole of the compensation payable under subsection (2) is to be paid to that one dependant.
- (4B) In apportioning the compensation payable under subsection (2) between 2 or more dependants, the whole of the amount payable is to be apportioned among those dependants (so that the sum of the apportioned amounts equals the full amount of the compensation payable under subsection (2)).
- (5) In determining the weekly payments of compensation payable to a fire fighter, the fire fighter's current weekly wage rate (if less than the fire fighter's average weekly earnings) shall be increased by the amount of the difference.
- (6) In determining the weekly payments of compensation payable to a fire fighter—
- (a) the maximum weekly payment prescribed by section 35 of the Principal Act does not apply, and
 - (b) section 40 of the Principal Act (weekly payment during partial incapacity) shall be construed as if the words "but not exceeding \$1,000" were omitted from that section.
- (7) If a fire fighter was not working under a contract of service at the time the fire fighter received the injury, the fire fighter's "average weekly earnings" or "current weekly wage rate" for the purposes of this Part shall be such amount as the Self Insurance Corporation considers is fair and reasonable in the circumstances.
- (8) Compensation payable to a fire fighter or other person under this Part shall be reduced by such amount as the fire fighter or other person is entitled to or has received as compensation in respect of the same injury under Part 3 of this Act or under any provisions of the Principal Act, or under any Act or ordinance relating to workers' compensation of any State or Territory of the Commonwealth.

12 Compensation for damage etc to personal property, vehicles etc (cf former s 17D)

- (1) Compensation is payable under this Part in respect of—
- (a) personal property damage to a fire fighter while fighting a bush fire or in the course of a relevant journey by the fire fighter in relation to a bush fire, and

- (b) personal property damage to an official fire fighter while carrying out an associated operation or work or in the course of a relevant journey by the official fire fighter in relation to an associated operation or work.
- (2) Compensation is payable under this Part in respect of the destruction of, damage to or loss of—
- (a) any vehicle, equipment or thing used in connection with fire fighting at or near the scene of a bush fire and owned by or in the possession or custody of a fire fighter,
 - (b) any vehicle, equipment or thing used in connection with an associated operation or work at or near the place where the operation or work was being carried out and owned by or in the possession or custody of an official fire fighter carrying out the operation or work,
 - (c) any vehicle used for the conveyance of a fire fighter on a relevant journey in relation to a bush fire and owned by or in the possession or custody of the fire fighter, or
 - (d) any vehicle used for the conveyance of an official fire fighter on a relevant journey in relation to an associated operation or work and owned by or in the possession or custody of the official fire fighter.

13 Provisions relating to compensation for personal property, vehicles etc (cf former s 17D)

- (1) The amount of the compensation payable under section 12 shall be such amount as the Self Insurance Corporation may, having regard to all the circumstances of the case, consider reasonable to indemnify the owner for the destruction, damage or loss.
- (2) The amount payable under section 12 shall not exceed—
- (a) in respect of all destruction of and damage to and loss of the crutches, artificial members, eyes, teeth, artificial aids, or spectacles of a person, sustained on any one occasion—the amount applicable under section 76 of the Principal Act in respect of damage referred to in that section, or
 - (b) in respect of all destruction of and damage to and loss of clothing or personal effects on a person, sustained on any one occasion—the amount applicable under section 77 of the Principal Act in respect of damage referred to in that section.
- (3) Compensation is not payable under section 12 in respect of any loss—
- (a) occasioned by theft, unless the applicant has taken such action with a view to recovering the property stolen as the Self Insurance Corporation thinks reasonable, or
 - (b) resulting from reasonable wear and tear.

- (4) Compensation is not payable under section 12 if the owner is entitled to adequate reimbursement under any policy of insurance or from any other source.

14 Compensation for personal property, vehicles etc—special circumstances (cf former s 17D)

- (1) Where, but for this section, a person would not be entitled to compensation under section 12 by reason only of the fact that the article destroyed, damaged or lost was not on the fire fighter at the time of the destruction, damage or loss, the fire fighter shall be entitled to that compensation if, at that time, the article was—
- (a) at or near the scene of the bush fire being fought by, or the associated operation or work being carried out by, that person (whether or not the article was in or on a vehicle), or
 - (b) in or on a vehicle in the course of a relevant journey,
- and the Self Insurance Corporation is of the opinion that it was necessary or reasonable for the article to be where it was at the time of the destruction, damage or loss.
- (2) If the Self Insurance Corporation is satisfied that—
- (a) a vehicle or other thing has been destroyed or damaged,
 - (b) in respect of that destruction or damage, a certain amount would, but for the operation of section 13 (4), have been payable as compensation under section 12,
 - (c) that destruction or damage resulted from the act or omission of a fire fighter but was not wilfully or maliciously caused by the fire fighter,
 - (d) at the time of the destruction or damage the fire fighter was engaged in fighting a bush fire or in associated operations or work or was in the course of a relevant journey,
 - (e) the fire fighter is liable for, or was liable for and has paid, damages for that destruction or damage, and
 - (f) the fire fighter is not entitled to indemnity or adequate indemnity in respect of that liability under any policy of insurance or from any other source,
- compensation is payable under this Part in respect of that liability or, if the fire fighter has paid damages, to reimburse the fire fighter, such amount not exceeding that referred to in paragraph (b) as the Self Insurance Corporation may, having regard to all the circumstances of the case, consider reasonable.
- (3) Any compensation payable under subsection (2) is payable—
- (a) to the fire fighter concerned, or

(b) if the Self Insurance Corporation in its discretion so orders, to the person to whom the damages concerned are payable (the payment being to that extent a discharge of the liability to pay those damages).

(4) For the purposes of subsection (2), a fire fighter shall be deemed to have become liable for any damages if the fire fighter has received a demand for those damages and the Self Insurance Corporation considers it to be reasonable and prudent for the fire fighter to have paid, or that there be paid, an amount in full or part satisfaction of that demand.
