Liverpool Local Environmental Plan 2008

New South Wales

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Liverpool Local Environmental Plan 2008*.

1.1AA Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

Editorial note—

This Plan was published in the Gazette before the insertion of this clause by amendments to the *Standard Instrument (Local Environmental Plans) Order 2006*.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Liverpool in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) to encourage a range of housing, employment, recreation and services to meet the needs of existing and future residents of Liverpool,
 - (b) to foster economic, environmental and social well-being so that Liverpool continues to develop as a sustainable and prosperous place to live, work, study and visit,
 - (c) to provide community and recreation facilities, maintain suitable amenity and offer a variety of quality lifestyle opportunities to a diverse population,
 - (d) to strengthen the regional position of the Liverpool city centre as the service and employment centre for Sydney's south west region,
 - (e) to concentrate intensive land uses and trip-generating activities in locations most

accessible to public transport and centres,

- (f) to promote the efficient and equitable provision of public services, infrastructure and amenities,
- (g) to conserve, protect and enhance the environmental and cultural heritage of Liverpool,
- (h) to protect, connect, maintain and enhance the natural environment in Liverpool, and promote ecologically sustainable development which takes into account the environmental constraints of the land,
- (i) to minimise risk to the community in areas subject to environmental hazards, particularly flooding and bush fires, by managing development in sensitive areas,
- (j) to promote a high standard of urban design that responds appropriately to the desired future character of areas,
- (k) to improve public access along waterways and vegetated corridors while ensuring the natural environmental values of riparian and bushland corridors and the habitat they provide are protected and enhanced,
- (l) to improve public transport accessibility, and facilitate the increased use of public transport, cycling and pedestrian activity,
- (m) to enhance the amenity and positive characteristics of established residential areas,
- (n) to ensure the agricultural production potential of rural land and prevent its fragmentation,
- (o) to encourage development opportunities for business and industry so as to deliver local and regional employment growth.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the NSW Planning Portal. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

Note—

The following local environmental plans are repealed under this provision—

- (a) [Liverpool Local Environmental Plan 1997](#),
- (b) [Liverpool City Centre Local Environmental Plan 2007](#).

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provisions relating to pending development approvals

- (1) If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this

Plan had been exhibited but had not commenced.

- (2) An amendment made to this Plan by *Liverpool Local Environmental Plan 2008 (Amendment No 82)* does not apply to a development application made but not finally determined before the commencement of the amendment.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any relevant instrument within the meaning of section 13.4 of the *Crown Land Management Act 2016*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 3.16 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Rural Zones

RU1 Primary Production

RU2 Rural Landscape

RU4 Primary Production Small Lots

Residential Zones

R1 General Residential

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

R5 Large Lot Residential

Employment Zones

E1 Local Centre

E2 Commercial Centre

E3 Productivity Support

E4 General Industrial

E5 Heavy Industrial

Mixed Use Zones

MU1 Mixed Use

Special Purpose Zones

SP1 Special Activities

SP2 Infrastructure

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Conservation Zones

C1 National Parks and Nature Reserves

C2 Environmental Conservation

C3 Environmental Management

Waterway Zones

W1 Natural Waterways

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone—
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes—

- 1** Schedule 1 sets out additional permitted uses for particular land.
- 2** Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3** Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4** Clause 2.6 requires consent for subdivision of land.
- 5** Part 5 contains other provisions which require consent for particular development [see clauses 5.7, 5.8 and 5.10].

5A Part 7 also contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority—
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out—
 - (a) with development consent, or
 - (b) if the Schedule so provides—without development consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

- 1** If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.
- 2** Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.6A, 2.6B (Repealed)

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that—
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3)(d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

2.9 Canal estate development prohibited

- (1) Canal estate development is prohibited on land to which this Plan applies.
- (2) In this Plan, **canal estate development** means development that involves—

- (a) a constructed canal, or other waterway or waterbody, that—
 - (i) is inundated by surface water or groundwater movement, or
 - (ii) drains to a waterway or waterbody by surface water or groundwater movement, and
- (b) the erection of a dwelling, and
- (c) one or both of the following—
 - (i) the use of fill material to raise the level of all or part of the land on which the dwelling will be erected to comply with requirements for residential development in the flood planning area,
 - (ii) excavation to create a waterway.
- (3) Canal estate development does not include development for the purposes of drainage or the supply or treatment of water if the development is—
 - (a) carried out by or with the authority of a person or body responsible for the drainage, supply or treatment, and
 - (b) limited to the minimum reasonable size and capacity.
- (4) In this clause—

flood planning area has the same meaning as in clause 5.21.

Land Use Table

Note—

State environmental planning policies, including the following, may be relevant to development on land to which this Plan applies—

[State Environmental Planning Policy \(Housing\) 2021](#)

[State Environmental Planning Policy \(Transport and Infrastructure\) 2021](#), Chapter 2—relating to infrastructure facilities, including air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

[State Environmental Planning Policy \(Resources and Energy\) 2021](#), Chapter 2

[State Environmental Planning Policy \(Resilience and Hazards\) 2021](#), Chapter 3

[State Environmental Planning Policy \(Industry and Employment\) 2021](#), Chapter 3

[State Environmental Planning Policy \(Primary Production\) 2021](#), Chapter 2

Zone RU1 Primary Production

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To encourage diversity in primary industry enterprises and systems appropriate for the area.
- To minimise the fragmentation and alienation of resource lands.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To ensure that development does not unreasonably increase the demand for public services or public facilities.
- To ensure that development does not hinder the development or operation of Western Sydney International (Nancy-Bird Walton) Airport.
- To preserve bushland, wildlife corridors and natural habitat.

2 Permitted without consent

Extensive agriculture; Home-based child care; Home occupations

3 Permitted with consent

Agriculture; Airstrips; Animal boarding or training establishments; Aquaculture; Bed and breakfast accommodation; Building identification signs; Business identification signs; Cemeteries; Community facilities; Crematoria; Dual occupancies; Dwelling houses; Environmental facilities; Environmental protection works; Extractive industries; Farm buildings; Farm stay accommodation; Flood mitigation works; Forestry; Hazardous storage establishments; Health consulting rooms; Helipads; Heliports; Home businesses; Home industries; Landscaping material supplies; Offensive storage establishments; Open cut mining; Plant nurseries; Recreation areas; Recreation facilities (outdoor); Roads; Roadside stalls; Rural industries; Rural supplies; Rural workers' dwellings; Secondary dwellings; Veterinary hospitals; Water recreation structures

4 Prohibited

Any development not specified in item 2 or 3

Zone RU2 Rural Landscape

1 Objectives of zone

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To maintain the rural landscape character of the land.
- To provide for a range of compatible land uses, including extensive agriculture.
- To ensure that development is compatible with the rural character of the land and maintains the feasibility of agricultural uses.
- To preserve bushland, wildlife corridors and natural habitat.

2 Permitted without consent

Extensive agriculture; Home-based child care; Home occupations

3 Permitted with consent

Agritourism; Aquaculture; Bed and breakfast accommodation; Building identification signs; Business identification signs; Community facilities; Dual occupancies (attached); Dwelling houses; Environmental facilities; Environmental protection works; Farm buildings; Farm stay accommodation; Flood mitigation works; Helipads; Home businesses; Home industries; Horticulture; Places of public worship; Recreation areas; Recreation facilities (outdoor); Roads; Roadside stalls

4 Prohibited

Any development not specified in item 2 or 3

Zone RU4 Primary Production Small Lots

1 Objectives of zone

- To enable sustainable primary industry and other compatible land uses.
- To encourage and promote diversity and employment opportunities in relation to primary industry enterprises, particularly those that require smaller lots or that are more intensive in nature.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.

2 Permitted without consent

Extensive agriculture; Home-based child care; Home occupations

3 Permitted with consent

Agriculture; Animal boarding or training establishments; Aquaculture; Bed and breakfast accommodation; Building identification signs; Business identification signs; Cemeteries; Community facilities; Crematoria; Dual occupancies; Dwelling houses; Entertainment facilities; Environmental facilities; Environmental protection works; Farm buildings; Farm stay accommodation; Flood mitigation works; Helipads; Home businesses; Home industries; Landscaping material supplies; Places of public worship; Plant nurseries; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Roads; Roadside stalls; Rural industries; Rural supplies; Rural workers' dwellings; Secondary dwellings; Veterinary hospitals; Water recreation structures

4 Prohibited

Any development not specified in item 2 or 3

Zone R1 General Residential

1 Objectives of zone

- To provide for the housing needs of the community.
- To provide for a variety of housing types and densities.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To ensure that housing densities are broadly concentrated in locations accessible to public transport, employment, services and facilities.
- To facilitate development of social and community infrastructure to meet the needs of future residents.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses;

Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dwelling houses; Educational establishments; Environmental facilities; Environmental protection works; Exhibition homes; Exhibition villages; Flood mitigation works; Group homes; Home businesses; Home industries; Hostels; Multi dwelling housing; Neighbourhood shops; Oyster aquaculture; Places of public worship; Pond-based aquaculture; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Residential flat buildings; Respite day care centres; Roads; Secondary dwellings; Semi-detached dwellings; Seniors housing; Serviced apartments; Shop top housing; Tank-based aquaculture

4 Prohibited

Any development not specified in item 2 or 3

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To provide a suitable low scale residential character commensurate with a low dwelling density.
- To ensure that a high level of residential amenity is achieved and maintained.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dwelling houses; Educational establishments; Environmental facilities; Environmental protection works; Exhibition homes; Exhibition villages; Flood mitigation works; Group homes; Health consulting rooms; Home businesses; Home industries; Oyster aquaculture; Places of public worship; Pond-based aquaculture; Recreation areas; Respite day care centres; Roads; Secondary dwellings; Semi-detached dwellings; Tank-based aquaculture

4 Prohibited

Any development not specified in item 2 or 3

Zone R3 Medium Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To provide for a concentration of housing with access to services and facilities.
- To provide for a suitable visual transition between high density residential areas and lower density areas.
- To ensure that a high level of residential amenity is achieved and maintained.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dwelling houses; Educational establishments; Environmental facilities; Environmental protection works; Exhibition homes; Exhibition villages; Flood mitigation works; Group homes; Home businesses; Home industries; Hostels; Hotel or motel accommodation; Multi dwelling housing; Neighbourhood shops; Oyster aquaculture; Places of public worship; Public administration buildings; Recreation areas; Residential care facilities; Respite day care centres; Roads; Secondary dwellings; Semi-detached dwellings; Seniors housing; Shop top housing; Tank-based aquaculture

4 Prohibited

Zone R4 High Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a high density residential environment.
- To provide a variety of housing types within a high density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To provide for a high concentration of housing with good access to transport, services and facilities.
- To minimise the fragmentation of land that would prevent the achievement of high density residential development.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Building identification signs; Business identification signs; Centre-based child care facilities; Community facilities; Dwelling houses; Educational establishments; Environmental facilities; Environmental protection works; Exhibition homes; Exhibition villages; Flood mitigation works; Home businesses; Home industries; Hostels; Hotel or motel accommodation; Kiosks; Multi dwelling housing; Neighbourhood shops; Oyster aquaculture; Places of public worship; Public administration buildings; Recreation areas; Residential care facilities; Residential flat buildings; Respite day care centres; Roads; Secondary dwellings; Serviced apartments; Shop top housing

Zone R5 Large Lot Residential

1 Objectives of zone

- To provide residential housing in a rural setting while preserving, and minimising impacts on, environmentally sensitive locations and scenic quality.

- To ensure that large residential lots do not hinder the proper and orderly development of urban areas in the future.
- To ensure that development in the area does not unreasonably increase the demand for public services or public facilities.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To ensure that a high level of residential amenity is achieved and maintained.
- To provide for complementary uses that are of low impact and do not unreasonably increase the demand for public services or public facilities.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Bed and breakfast accommodation; Building identification signs; Business identification signs; Dual occupancies; Dwelling houses; Educational establishments; Environmental facilities; Environmental protection works; Extensive agriculture; Farm buildings; Flood mitigation works; Helipads; Home businesses; Home industries; Oyster aquaculture; Places of public worship; Pond-based aquaculture; Public administration buildings; Recreation areas; Roads; Tank-based aquaculture; Veterinary hospitals

4 Prohibited

Any development not specified in item 2 or 3

Zone E1 Local Centre

1 Objectives of zone

- To provide a range of retail, business and community uses that serve the needs of people who live in, work in or visit the area.
- To encourage investment in local commercial development that generates employment opportunities and economic growth.
- To enable residential development that contributes to a vibrant and active local centre and is consistent with the Council's strategic planning for residential development in the area.

- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.
- To facilitate a high standard of urban design and a unique character that contributes to achieving a sense of place for the local community.
- To maximise public transport patronage and encourage walking and cycling.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Amusement centres; Boarding houses; Building identification signs; Business identification signs; Car parks; Centre-based child care facilities; Commercial premises; Community facilities; Entertainment facilities; Environmental facilities; Environmental protection works; Flood mitigation works; Function centres; Helipads; Home businesses; Home industries; Horticulture; Hostels; Hotel or motel accommodation; Information and education facilities; Local distribution premises; Medical centres; Oyster aquaculture; Places of public worship; Public administration buildings; Recreation areas; Recreation facilities (indoor); Registered clubs; Respite day care centres; Roads; Service stations; Shop top housing; Tank-based aquaculture; Tourist and visitor accommodation; Veterinary hospitals

4 Prohibited

Any development not specified in item 2 or 3

Zone E2 Commercial Centre

1 Objectives of zone

- To strengthen the role of the commercial centre as the centre of business, retail, community and cultural activity.
- To encourage investment in commercial development that generates employment opportunities and economic growth.
- To encourage development that has a high level of accessibility and amenity, particularly for pedestrians.
- To enable residential development only if it is consistent with the Council's strategic planning for residential development in the area.

- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.
- To strengthen the role of Liverpool city centre as the regional business, retail and cultural centre of south western Sydney.
- To ensure that, for key land in Liverpool city centre, opportunities for retail, business and office uses exist in the longer term.
- To facilitate a high standard of urban design and exceptional public amenity.
- To maximise public transport patronage and encourage walking and cycling.

Zone E3 Productivity Support

1 Objectives of zone

- To provide a range of facilities and services, light industries, warehouses and offices.
- To provide for land uses that are compatible with, but do not compete with,

land uses in surrounding local and commercial centres.

- To maintain the economic viability of local and commercial centres by limiting certain retail and commercial activity.
- To provide for land uses that meet the needs of the community, businesses and industries but that are not suited to locations in other employment zones.
- To provide opportunities for new and emerging light industries.
- To enable other land uses that provide facilities and services to meet the day to day needs of workers, to sell goods of a large size, weight or quantity or to sell goods manufactured on-site.
- To provide for a larger regionally significant business development centre in a location that is highly accessible to the region.
- To provide primarily for businesses along key corridors entering Liverpool city centre, regionally significant business development centres, major local centres or retail centres.

2 Permitted without consent

Home-based child care; Home occupations

3 Permitted with consent

Zone E4 General Industrial

1 Objectives of zone

- To provide a range of industrial, warehouse, logistics and related land uses.
- To ensure the efficient and viable use of land for industrial uses.
- To minimise any adverse effect of industry on other land uses.
- To encourage employment opportunities.
- To enable limited non-industrial land uses that provide facilities and services to meet the needs of businesses and workers.
- To allow other land uses that are compatible with industry and that can buffer heavy industrial zones while not detracting from centres of activity.

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
 - (e) (Repealed)
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if—
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (4A) (Repealed)
- (5) To be exempt development, the development must—
 - (a) be installed in accordance with the manufacturer's specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in

accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 2 and the *Local Land Services Act 2013*, Part 5A.

(6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

(1) The objective of this clause is to identify development as complying development.

(2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—

- (a) the development standards specified in relation to that development, and
- (b) the requirements of this Part,

is complying development.

Note—

See also clause 5.8(3) which provides that the conversion of fire alarms is complying development in certain circumstances.

(3) To be complying development, the development must—

- (a) be permissible, with development consent, in the zone in which it is carried out, and
- (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
- (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.

(3A) To be complying development, the development must also—

- (a) be consistent with an approved koala plan of management, within the meaning of *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 4 that applies to the land, and
- (b) not be carried out on land subject to any easement for a public sewer main, and
- (c) be undertaken in accordance with any relevant Sydney Water requirements that relate to building over sewers, and
- (d) not require a tree to be removed, and
- (e) not be carried out on land that has been used for any one or more of the following

purposes unless notice of completion of remediation work for the proposed use has been given to the Council in accordance with *State Environmental Planning Policy (Resilience and Hazards) 2021*, Chapter 4—

asbestos or asbestos products, extractive industries, intensive livestock agriculture, manufacturing of chemicals, mining, service stations, sheep or cattle dips, waste disposal land fill operations, waste management facilities, and

(f) not be carried out on land—

(i) that is within 40 metres of a waterway, or

(ii) that is at or below the flood planning level, or

(iii) that is bush fire prone land, or

(iv) that is subject to subsidence, slip or erosion, or

(v) that is in C2 Environmental Conservation or Zone C3 Environmental Management, or

(vi) that is environmentally significant land, or

(vii) that is a special area or outer catchment area within the meaning of the *Water NSW Act 2014*, or

(viii) that is within 200 metres of a poultry farm.

(4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.

(4A) (Repealed)

(5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

(1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.

(2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

(a) the coastal waters of the State,

(b) a coastal lake,

- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Land Management Act 2016* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows—
 - (a) to ensure that lot sizes are consistent with the desired residential density for different locations,
 - (b) to ensure that lot sizes are able to accommodate development that is suitable for its purpose and consistent with relevant development controls,
 - (c) to prevent fragmentation of land which would prevent the achievement of the extent of development and nature of uses envisioned for particular locations,
 - (d) to minimise traffic impacts resulting from any increase in the number of lots on classified roads,
 - (e) to minimise any likely impact of subdivision and development on the amenity of neighbouring properties,
 - (f) to ensure that subdivision reflects and reinforces the predominant subdivision pattern of the area,

(g) to ensure that lot sizes allow buildings to be sited to protect natural or cultural features including heritage items and retain special features such as trees and views.

(2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

(4) This clause does not apply in relation to the subdivision of any land—

(a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or

(b) by any kind of subdivision under the [Community Land Development Act 2021](#).

(4A) Despite subclause (3), the size of any lot resulting from the subdivision of land shown on the [Lot Size Map](#) to be within Area 1, Area 2 or Area 3 for the purposes of—

(a) a dual occupancy that was approved before the making of this Plan and that satisfies any conditions of that approval, or

(b) multi dwelling housing, or

(c) attached dwellings, or

(d) semi-detached dwellings,

must not be less than the area shown in Column 2 of the Table to this subclause opposite the relevant Area, or if the lot adjoins a rear or side lane that provides vehicular access to the lot, not less than the area shown in Column 3 of the Table opposite the relevant Area.

Column 1	Column 2	Column 3
Area 1	225m ²	180m ²
Area 2	250m ²	200m ²
Area 3	300m ²	240m ²

4.1AA Minimum subdivision lot size for community title schemes

(1) The objectives of this clause are as follows—

(a) to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements,

- (b) to ensure that lot sizes in community title schemes are consistent with the desired residential density for different locations,
 - (c) to ensure that lot sizes in community title schemes are able to accommodate development that is suitable for its purpose and consistent with relevant development controls,
 - (d) to prevent fragmentation of land that would prevent the achievement of the extent of development and nature of uses envisioned for particular locations,
 - (e) to prevent an increased traffic and safety impact as a result of increased lots on classified roads,
 - (f) to minimise any likely impact of subdivision and development on the amenity of neighbouring properties,
 - (g) to ensure that subdivision reflects and reinforces the predominant subdivision pattern of the area,
 - (h) to ensure that lot sizes in community title schemes allow buildings to be sited to protect natural or cultural features including heritage items and retain special features such as trees and views.
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the [Community Land Development Act 2021](#) of land in any of the following zones—
- (a) a rural zone,
 - (b) a residential zone,
 - (c) an employment zone,
 - (d) a mixed use zone,
 - (e) a special purpose zone,
 - (f) a recreation zone,
 - (g) a conservation zone,
 - (h) a waterway zone,
 - (i)–(y) (Repealed)
- but does not apply to a subdivision by the registration of a strata plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the

Community Land Development Act 2021) is not to be less than the minimum size shown on the *Lot Size Map* in relation to that land.

- (3A) Despite subclause (3), the size of any lot resulting from the subdivision of land shown on the *Lot Size Map* to be within Area 1, Area 2 or Area 3 for the purposes of—
- (a) a dual occupancy that was approved before the making of this Plan and that satisfies any conditions of that approval, or
 - (b) 2 or more dwellings where each dwelling is attached to another dwelling by a common wall, or
 - (c) 3 or more dwellings, or
 - (d) attached dwellings, or
 - (e) semi-detached dwellings,

must not be less than the area shown in Column 2 of the Table to this subclause opposite the relevant Area, or if the lot adjoins a rear or side lane that provides vehicular access to the lot, not less than the area shown in Column 3 of the Table opposite the relevant Area.

Column 1	Column 2	Column 3
Area 1	225 square metres	180 square metres
Area 2	250 square metres	200 square metres
Area 3	300 square metres	240 square metres

- (4) This clause applies despite clause 4.1.

4.1A Strata subdivisions in certain rural and conservation zones

- (1) The objective of this clause is to ensure that land to which this clause applies is not fragmented by subdivision that would create additional dwelling entitlements.
- (2) This clause applies to land in the following zones that is used, or proposed to be used, for residential accommodation or tourist and visitor accommodation—
 - (a) a rural zone,
 - (b) a conservation zone.
 - (c)–(f) (Repealed)
- (3) Development consent must not be granted for the subdivision of a lot to which this clause applies under a strata plan that would create lots below the minimum size shown on the *Lot Size Map* for that land.

4.2 Rural subdivision

- (1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.
- (2) This clause applies to the following rural zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (baa) Zone RU3 Forestry,
 - (c) Zone RU4 Primary Production Small Lots,
 - (d) Zone RU6 Transition.

Note—

When this Plan was made it did not include all of these zones.

- (3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.
- (5) A dwelling cannot be erected on such a lot.

Note—

A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

4.2A Boundary changes between lots in certain rural, residential and conservation zones

- (1) The objective of this clause is to permit the boundary between 2 lots to be altered in certain circumstances, to give landowners a greater opportunity to achieve the objectives of a zone.
- (2) This clause applies to land in any of the following zones—
 - (a) a rural zone,
 - (b) Zone R5 Large Lot Residential,
 - (c) a conservation zone.
 - (d)-(g) (Repealed)
- (3) Despite clause 4.1(3), development consent may be granted to the subdivision of 2

adjoining lots, being land to which this clause applies, if the subdivision will not result in either of the following—

- (a) an increase in the number of lots,
 - (b) an increase in the number of dwellings on, or dwellings that may be erected on, any of the lots.
- (4) Before determining a development application for the subdivision of land under this clause, the consent authority must consider the following—
- (a) the existing uses and approved uses of other land in the vicinity of the subdivision,
 - (b) whether or not the subdivision is likely to have a significant impact on land uses that are likely to be preferred and the predominant land uses in the vicinity of the development,
 - (c) whether or not the subdivision is likely to be incompatible with a use referred to in paragraph (a) or (b),
 - (d) whether or not the subdivision is likely to be incompatible with a use on land in any adjoining zone,
 - (e) any measures proposed by the applicant to avoid or minimise any incompatibility referred to in paragraph (c) or (d),
 - (f) whether or not the subdivision is appropriate having regard to the natural and physical constraints affecting the land,
 - (g) whether or not the subdivision is likely to have an adverse impact on the environmental values or agricultural viability of the land.
- (5) This clause does not apply—
- (a) in relation to the subdivision of individual lots in a strata plan or community title scheme, or
 - (b) if the subdivision would create a lot that could itself be subdivided in accordance with clause 4.1.

4.3 Height of buildings

- (1) The objectives of this clause are as follows—
- (a) to establish the maximum height limit in which buildings can be designed and floor space can be achieved,
 - (b) to permit building heights that encourage high quality urban form,

- (c) to ensure buildings and public areas continue to receive satisfactory exposure to the sky and sunlight,
 - (d) to nominate heights that will provide an appropriate transition in built form and land use intensity.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

Note—

Clauses 5.6, 7.2 and 7.5 provide for circumstances under which a building in the Liverpool city centre may exceed the maximum height shown for the land on the [Height of Buildings Map](#).

4.4 Floor space ratio

- (1) The objectives of this clause are as follows—
- (a) to establish standards for the maximum development density and intensity of land use, taking into account the availability of infrastructure and the generation of vehicle and pedestrian traffic,
 - (b) to control building density and bulk in relation to the site area in order to achieve the desired future character for different locations,
 - (c) to minimise adverse environmental effects on the use or enjoyment of adjoining properties and the public domain,
 - (d) to maintain an appropriate visual relationship between new development and the existing character of areas or locations that are not undergoing, and are not likely to undergo, a substantial transformation,
 - (e) to provide an appropriate correlation between the size of a site and the extent of any development on that site,
 - (f) to facilitate design excellence in the Liverpool city centre by ensuring the extent of floor space in building envelopes leaves generous space for the articulation and modulation of design.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).
- (2A) Despite subclause (2)—
- (a) a 3 storey building containing dwellings, or
 - (b) a building used for the purposes of an attached dwelling, multi dwelling housing, semi-detached dwellings, a secondary dwelling or 2 or more dwellings where each dwelling is attached to another dwelling by a common wall,

that is on land shown to be within Area 2 or Area 3 on the [Floor Space Ratio Map](#), may have a maximum floor space ratio of—

(c) up to 0.05:1 greater than that shown on the Map, or

(d) if the building is on a lot that adjoins a rear or side lane that provides vehicular access to the lot, up to 0.1:1 greater than that shown on the Map.

(2B) Despite subclause (2), the maximum floor space ratio of a building in the Liverpool city centre that is—

(a) on a site area greater than 1,000 square metres, and

(b) on land in a zone specified in the Table to this clause, and

(c) on land for which the maximum building height shown on the [Height of Buildings Map](#) is as specified in Column 1 of the Table under the heading for that zone,

is the amount specified opposite that height in—

(d) Column 2 of the Table, if the site area for the building is greater than 1,000 square metres but less than 2,500 square metres, or

(e) Column 3 of the Table, if the site area for the development is equal to, or greater than 2,500 square metres.

(2C) For the purposes of Column 2 of the Table to this clause, X is to be calculated in accordance with the following formula—

Column 1	Column 2	Column 3
Zone E2 Commercial Centre		
35m	$(4 + X):1$	5:1
100m	$(5 + 3X):1$	8:1
Zone E1 Local Centre, MU1 Mixed Use, SP1 Special Activities or SP2 Infrastructure		
18m	$(1.5 + 0.5X):1$	2:1
35m	$(2.5 + X):1$	3.5:1
45m	$(2.5 + 1.5X):1$	4:1
80m	$(2.5 + 3.5X):1$	6:1

Zone R4 High Density Residential

18m	(1 + X):1	2:1
24m	(1.5 + X):1	2.5:1
35m	(2 + X):1	3:1
45m	(2 + 1.5X):1	3.5:1

4.5 Calculation of floor space ratio and site area

(1) **Objectives** The objectives of this clause are as follows—

- (a) to define **floor space ratio**,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be—

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area** The following land must be excluded from the site area—

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

- (5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.
- (6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.
- (7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.
- (8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.
- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.
- (10) **Covenants affect consolidated sites** If—
- (a) a covenant of the kind referred to in subclause (9) applies to any land (***affected land***), and
 - (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,
- the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.
- (11) **Definition** In this clause, ***public place*** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

- (1) The objectives of this clause are as follows—

- (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,
 - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Development consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating—
- (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
 - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Development consent must not be granted for development that contravenes a development standard unless—
- (a) the consent authority is satisfied that—
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Planning Secretary has been obtained.
- (5) In deciding whether to grant concurrence, the Planning Secretary must consider—
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Planning Secretary before granting concurrence.
- (6) Development consent must not be granted under this clause for a subdivision of land

in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone C4 Environmental Living if—

- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
- (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note—

When this Plan was made it did not include all of these zones.

- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
 - (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (caa) clause 5.5,
 - (ca) clause 6.4, 6.5, 6.6, 7.5A, 7.22, 7.23, 7.24, 7.25, 7.26, 7.26A, 7.27, 7.28, 7.29 or 7.30.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to

acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone E1 Local Centre and marked "Community facilities"	Council
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Transport for NSW
Zone SP2 Infrastructure and marked "Educational establishment"	Department of Education and Training
Zone SP2 Infrastructure and marked "Local road"	Council
Zone SP2 Infrastructure and marked "Drainage"	Council
Zone SP2 Infrastructure and marked "Railway"	The corporation constituted under section 8 of the Act
Zone C1 National Parks and Nature Reserves and marked "National Park"	Minister administering the National Parks and Wildlife Act 1974
Zone C2 Environmental Conservation and marked "Local open space"	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

Note—

If land, other than land specified in the Table to subclause (2), is required to be acquired under the owner-initiated acquisition provisions, the Minister for Planning is required to take action to enable the designation of the acquiring authority under this Part. Pending the designation of the acquiring authority for that land, the acquiring authority is to be the authority determined by order of the Minister for Planning (see section 21 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#)).

5.1A Development on land intended to be acquired for a public purpose

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the Table to this clause and that has not been acquired by the authority of the State specified opposite that land in Column 2 of the Table.
- (3) Development consent must not be granted to any development on land to which this clause applies other than development for a purpose specified opposite that land in Column 3 of the Table to this clause.

Column 1 Land	Column 2 Authority	Column 3 Development
Zone RE1 Public Recreation and marked "Local open space"	Council	Earthworks; Recreation areas
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act	Earthworks; Recreation areas
Zone E1 Local Centre and marked "Community facilities"	Council	Earthworks; Community facilities

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the [Local Government Act 1993](#).

Note—

Under the [Local Government Act 1993](#), "public land" is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the [Local Government Act 1993](#). Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the [Local Government Act 1993](#).
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the [Local Government Act 1993](#).
- (4) The public land described in Part 1 of Schedule 4—

- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
- (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Land Management Act 2016*).

Note—

In accordance with section 30(2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 10 metres from any zone boundary shared with Zone E5 Heavy Industrial and 25 metres from any other zone boundary.
- (3) This clause does not apply to—
 - (a) land in Zone RE1 Public Recreation, Zone C1 National Parks and Nature Reserves, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone W1 Natural Waterways, or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.

- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, development consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that—
 - (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) This clause does not prescribe a development standard that may be varied under this Plan.

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 4 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 43% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 400 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 5 bedrooms in buildings.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 30 square metres.

- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 100 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 20 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
- (a) 60 square metres,
 - (b) 25% of the total floor area of the principal dwelling.
- (10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial, Zone W4 Working Waterfront or a rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—
- (a) 43% of the gross floor area of the industry, or
 - (b) 400 square metres,
- whichever is the lesser.

5.5 Controls relating to secondary dwellings on land in a rural zone

If development for the purposes of a secondary dwelling is permitted under this Plan on land in a rural zone—

- (a) the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
 - (i) 60 square metres,
 - (ii) 25% of the total floor area of the principal dwelling, and
- (b) [Not adopted]

5.6 Architectural roof features

- (1) The objectives of this clause are as follows—
 - (a) to permit variations to maximum building height standards for roof features of

visual interest, and

- (b) to ensure that roof features are decorative elements and that the majority of the roof is contained within the maximum building height standard.
- (2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with development consent.
- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that—
- (a) the architectural roof feature—
 - (i) comprises a decorative element on the uppermost portion of a building, and
 - (ii) is not an advertising structure, and
 - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
 - (iv) will cause minimal overshadowing, and
 - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent—
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of

another private service provider,

(c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.

(3) Development to which subclause (2) applies is complying development if it consists only of—

(a) internal alterations to a building, or

(b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.

(4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.

(5) In this clause—

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Dwelling house or secondary dwelling affected by natural disaster

(1) The objective of this clause is to enable the repair or replacement of lawfully erected dwelling houses and secondary dwellings that have been damaged or destroyed by a natural disaster.

(2) This clause applies to land in the following zones—

(a) a rural zone,

(b) a residential zone,

(c) Zone C2 Environmental Conservation,

(d) Zone C3 Environmental Management.

(e)-(j) (Repealed)

(3) Despite the other provisions of this Plan, development consent may be granted to development on land to which this clause applies to enable a dwelling house or secondary dwelling that has been damaged or destroyed by a natural disaster to be repaired or replaced if—

(a) the dwelling house or secondary dwelling was lawfully erected, and

- (b) the development application seeking the development consent is made to the consent authority no later than 5 years after the day on which the natural disaster caused the damage or destruction.

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows—

- (a) to conserve the environmental heritage of Liverpool,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following—

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or

- (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.
- (3) **When consent not required** However, development consent under this clause is not required if—
 - (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
 - (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
 - (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

- (5) **Heritage assessment** The consent authority may, before granting consent to any development—
- (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
 - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—
- (a) notify the Heritage Council about the application, and
 - (b) take into consideration any response received from the Heritage Council within 28

days after the notice is sent.

- (10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—
- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
 - (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and
 - (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
 - (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
 - (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the [Rural Fires Act 1997](#) may be carried out on any land without development consent.

Note—

The [Rural Fires Act 1997](#) also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under [State Environmental Planning Policy \(Transport and Infrastructure\) 2021](#), Chapter 2.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.16 Subdivision of, or dwellings on, land in certain rural, residential or conservation zones

- (1) The objective of this clause is to minimise potential land use conflict between existing and proposed development on land in the rural, residential or conservation zones concerned (particularly between residential land uses and other rural land uses).
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU2 Rural Landscape,
 - (c) Zone RU3 Forestry,
 - (d) Zone RU4 Primary Production Small Lots,
 - (e) Zone RU6 Transition,
 - (f) Zone R5 Large Lot Residential,
 - (g) Zone C2 Environmental Conservation,
 - (h) Zone C3 Environmental Management,
 - (i) Zone C4 Environmental Living.
- (3) A consent authority must take into account the matters specified in subclause (4) in determining whether to grant development consent to development on land to which this clause applies for either of the following purposes—
 - (a) subdivision of land proposed to be used for the purposes of a dwelling,
 - (b) erection of a dwelling.
- (4) The following matters are to be taken into account—
 - (a) the existing uses and approved uses of land in the vicinity of the development,
 - (b) whether or not the development is likely to have a significant impact on land uses that, in the opinion of the consent authority, are likely to be preferred and the predominant land uses in the vicinity of the development,

- (c) whether or not the development is likely to be incompatible with a use referred to in paragraph (a) or (b),
- (d) any measures proposed by the applicant to avoid or minimise any incompatibility referred to in paragraph (c).

5.17 Artificial waterbodies in environmentally sensitive areas in areas of operation of irrigation corporations

[Not applicable]

5.18 Intensive livestock agriculture

- (1) The objectives of this clause are—
 - (a) to ensure appropriate environmental assessment of development for the purpose of intensive livestock agriculture that is permitted with consent under this Plan, and
 - (b) to provide for certain capacity thresholds below which development consent is not required for that development subject to certain restrictions as to location.
- (2) This clause applies if development for the purpose of intensive livestock agriculture is permitted with consent under this Plan.
- (3) In determining whether or not to grant development consent under this Plan to development for the purpose of intensive livestock agriculture, the consent authority must take the following into consideration—
 - (a) the adequacy of the information provided in the statement of environmental effects or (if the development is designated development) the environmental impact statement accompanying the development application,
 - (b) the potential for odours to adversely impact on the amenity of residences or other land uses within the vicinity of the site,
 - (c) the potential for the pollution of surface water and ground water,
 - (d) the potential for the degradation of soils,
 - (e) the measures proposed to mitigate any potential adverse impacts,
 - (f) the suitability of the site in the circumstances,
 - (g) whether the applicant has indicated an intention to comply with relevant industry codes of practice for the health and welfare of animals,
 - (h) the consistency of the proposal with, and any reasons for departing from, the environmental planning and assessment aspects of any guidelines for the

establishment and operation of relevant types of intensive livestock agriculture published, and made available to the consent authority, by the Department of Primary Industries (within the Department of Industry) and approved by the Planning Secretary.

- (4) Despite any other provision of this Plan, development for the purpose of intensive livestock agriculture may be carried out without development consent if—
- (a) the development is of a type specified in subclause (5), and
 - (b) the consent authority is satisfied that the development will not be located—
 - (i) in an environmentally sensitive area, or
 - (ii) within 100 metres of a natural watercourse, or
 - (iii) in a drinking water catchment, or
 - (iv) within 500 metres of any dwelling that is not associated with the development, or a residential zone, or
 - (v) for a poultry farm used for breeding poultry—within 5km of another poultry farm, or
 - (vi) for a poultry farm not used for breeding poultry—
 - (A) within 5km of a poultry farm used for breeding poultry, or
 - (B) within 1km of a poultry farm not used for breeding poultry, or
 - (vii) for a pig farm—within 3km of another pig farm.
- (5) The following types of development are specified for the purposes of subclause (4)—
- (a) a cattle feedlot having a capacity to accommodate fewer than 50 head of cattle,
 - (b) a goat feedlot having a capacity to accommodate fewer than 200 goats,
 - (c) a sheep feedlot having a capacity to accommodate fewer than 200 sheep,
 - (d) a pig farm having a capacity to accommodate fewer than 20 breeding sows, or fewer than 200 pigs (of which fewer than 20 may be breeding sows),
 - (e) a dairy (restricted) having a capacity to accommodate fewer than 50 dairy cows,
 - (f) a poultry farm having a capacity to accommodate fewer than 1,000 birds for meat or egg production (or both).
- (6) For the avoidance of doubt, subclause (4) does not apply to development that is prohibited or that may be carried out without development consent under this or any

other environmental planning instrument.

(7) In this clause—

environmentally sensitive area has the same meaning as in clause 1.5 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

residential zone means Zone RU4 Primary Production Small Lots, Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E3 Productivity Support, Zone MU1 Mixed Use, Zone C3 Environmental Management or Zone C4 Environmental Living.

5.19 Pond-based, tank-based and oyster aquaculture

(1) **Objectives** The objectives of this clause are as follows—

- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
- (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.

(2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—

- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
- (b) in the case of—
 - (i) pond-based aquaculture in Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial or Zone MU1 Mixed Use—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density

Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and

(iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.

(3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.

(4) **Extensive pond-based aquaculture permitted without consent in certain zones** Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—

(a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and

(b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.

(5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application** In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider—

(a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and

(b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.

(6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas** Development for the purpose of oyster aquaculture may be carried out without development consent—

(a) on land that is wholly within a priority oyster aquaculture area, or

(b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.

(7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

- (1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—
 - (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or
 - (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—

licensed premises has the same meaning as in the *Liquor Act 2007*.

5.21 Flood planning

- (1) The objectives of this clause are as follows—
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,
 - (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,
 - (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
 - (a) is compatible with the flood function and behaviour on the land, and
 - (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and
 - (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
 - (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.

(4) A word or expression used in this clause has the same meaning as it has in the Considering Flooding in Land Use Planning Guideline unless it is otherwise defined in this clause.

(5) In this clause—

Considering Flooding in Land Use Planning Guideline means the *Considering Flooding in Land Use Planning Guideline* published on the Department's website on 14 July 2021.

flood planning area has the same meaning as it has in the Floodplain Development Manual.

Floodplain Development Manual means the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005.

5.22 Special flood considerations

[Not adopted]

5.23 Public bushland

- (1) The objective of this clause is to protect and ensure the ecological viability of bushland, including rehabilitated areas in urban areas, by—
 - (a) preserving biodiversity, habitat corridors and links between public bushland and other nearby bushland, and
 - (b) preserving bushland as a natural stabiliser of the soil surface, and
 - (c) preserving existing hydrological landforms, processes and functions, including natural drainage lines, watercourses, wetlands and foreshores, and
 - (d) preserving the recreational, educational, scientific, aesthetic, environmental, ecological and cultural values and potential of bushland, and
 - (e) mitigating disturbance caused by development.
- (2) Development that will disturb, or is reasonably likely to disturb, public bushland is permitted with development consent.
- (3) Development consent must not be granted to development that will disturb, or is reasonably likely to disturb, public bushland unless the consent authority is satisfied of the following—
 - (a) the disturbance of the bushland is essential for a purpose in the public interest,
 - (b) there is no reasonable alternative to the disturbance,
 - (c) the development minimises the amount of bushland to be disturbed,

- (d) the development includes measures to remediate the disturbed bushland.
- (4) Despite subclause (2), development that will disturb, or is reasonably likely to disturb, public bushland is permitted without development consent if the development is for the following purposes—
 - (a) the construction, operation or maintenance of pipelines to carry water, sewerage or gas or pipelines licensed under the *Pipelines Act 1967*,
 - (b) the construction, operation or maintenance of electricity or telecommunication lines,
 - (c) bush fire hazard reduction,
 - (d) the construction or maintenance of classified roads,
 - (e) facilitating the recreational use of the public bushland.
- (5) Development specified in subclause (4)(e) is permitted without development consent only if it is carried out in accordance with a plan of management for the public bushland, adopted by the Council in the same way a plan of management is required to be adopted for community land under the *Local Government Act 1993*, Chapter 6, Part 2, Division 2, that includes measures for the following—
 - (a) the recreational use of the land,
 - (b) bush fire hazard reduction,
 - (c) the prevention of degradation, including the alteration of drainage patterns, rubbish dumping, vehicle intrusion and infestation with weeds or non-native plants,
 - (d) the remediation of degraded public bushland.
- (6) This clause does not require development consent for clearing of native vegetation if the clearing is of a kind that is authorised under the *Local Land Services Act 2013*, section 600.
- (7) In deciding whether to grant development consent to development on land adjoining public bushland, the consent authority must consider the following—
 - (a) the need to retain public bushland adjoining the site of the development,
 - (b) the likely effect of the development on public bushland, including the following—
 - (i) the erosion of soil,
 - (ii) the siltation of streams and waterways,
 - (iii) the spread of weeds and non-native plants within public bushland,

(c) other matters the consent authority considers relevant to the protection and preservation of public bushland.

(8) This clause does not apply to the following land that is public bushland—

(a) land in Zone RU1, RU2, RU3, RU4 or RU5,

(b) land reserved, dedicated or acquired under the *National Parks and Wildlife Act 1974*,

(c) land within a State forest, flora reserve or timber reserve within the meaning of the *Forestry Act 2012*,

(d) land to which *State Environmental Planning Policy (Precincts—Western Parkland City) 2021*, Chapter 7 applies.

(9) In this clause—

disturb public bushland means—

(a) remove vegetation from public bushland, or

(b) cause a change in the natural ecology of public bushland that results in the destruction or degradation of the public bushland.

non-native plant means a plant that is not native vegetation.

public bushland means land—

(a) on which there is vegetation that is—

(i) a remainder of the natural vegetation of the land, or

(ii) representative of the structure and floristics of the natural vegetation of the land, and

(b) that is owned, managed or reserved for open space or environmental conservation by the Council or a public authority.

Part 6 Urban release areas

6.1 Aims of Part

This Part aims—

- (a) to allow for future urban development and the conservation of ecological and riparian corridors and areas of visual significance on land in urban release areas, and
- (b) to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the subdivision of such land to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes, and
- (c) to ensure that development on such land occurs in a logical and cost-effective manner, in accordance with a staging plan and only after a development control plan including specific controls has been prepared for the land.

6.2 Relationship between Part and remainder of Plan

A provision of this Part prevails over any other provision of this Plan to the extent of any inconsistency.

6.3 Application of Part

This Part applies to land in an urban release area, but does not apply to any such land if the whole or any part of it is in a special contributions area (as defined by section 7.1 of the Act).

6.4 Arrangements for designated State public infrastructure

- (1) Development consent must not be granted for the subdivision of land in an urban release area if the subdivision would create a lot smaller than the minimum lot size permitted on the land immediately before the land became, or became part of, an urban release area, unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that lot.
- (2) Subclause (1) does not apply to—
 - (a) any lot identified in the certificate as a residue lot, or
 - (b) any lot to be created by a subdivision of land that was the subject of a previous development consent granted in accordance with this clause, or
 - (c) any lot that is proposed in the development application to be reserved or dedicated for public open space, public roads, public utility undertakings, educational facilities, or any other public purpose, or

- (d) a subdivision for the purpose only of rectifying an encroachment on any existing allotment.

6.4A (Renumbered as clause 7.1A)

6.5 Public utility infrastructure

- (1) Development consent must not be granted for development on land in an urban release area unless the Council is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when required.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure.

6.6 Development control plan

- (1) Development consent must not be granted for development on land in an urban release area unless a development control plan that provides for the matters specified in subclause (2) has been prepared for the land.
- (2) The development control plan must provide for all of the following—
 - (a) a staging plan for the timely and efficient release of urban land making provision for necessary infrastructure and sequencing,
 - (b) an overall transport movement hierarchy showing the major circulation routes and connections to achieve a simple and safe movement system for private vehicles, public transport, pedestrians and cyclists,
 - (c) an overall landscaping strategy for the protection and enhancement of riparian areas and remnant vegetation, including visually prominent locations, and detailed landscaping requirements for both the public and private domain,
 - (d) a network of passive and active recreational areas,
 - (e) stormwater and water quality management controls,
 - (f) amelioration of natural and environmental hazards, including bushfire, flooding and site contamination,
 - (g) detailed urban design controls for significant development sites,
 - (h) measures to encourage higher density living around transport, open space and service nodes,
 - (i) measures to accommodate and control appropriate neighbourhood commercial and retail uses,

- (j) suitably located public facilities and services, including provision for appropriate traffic management facilities and parking.

Part 7 Additional local provisions

Division 1 Liverpool city centre provisions

7.1 Objectives for development in Liverpool city centre

Before granting consent for development on land in the Liverpool city centre, the consent authority must be satisfied that the proposed development is consistent with such of the following objectives for the redevelopment of the city centre as are relevant to that development—

- (a) to preserve the existing street layout and reinforce the street character through consistent building alignments,
- (b) to allow sunlight to reach buildings and areas of high pedestrian activity,
- (c) to reduce the potential for pedestrian and traffic conflicts on the Hume Highway,
- (d) to improve the quality of public spaces in the city centre,
- (e) to reinforce Liverpool railway station and interchange as a major passenger transport facility, including by the visual enhancement of the surrounding environment and the development of a public plaza at the station entry,
- (f) to enhance the natural river foreshore and places of heritage significance,
- (g) to provide direct, convenient and safe pedestrian links between the city centre (west of the rail line) and the Georges River foreshore.

7.1A Arrangements for designated State public infrastructure in intensive urban development areas

- (1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the development of land wholly or partly for residential purposes, to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes.
- (2) Despite all other provisions of this Plan, development consent must not be granted for development for the purposes of residential accommodation (whether as part of a mixed use development or otherwise) in an intensive urban development area that results in an increase in the number of dwellings in that area, unless the Secretary has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to the land on which the development is to be carried out.

(3) This clause does not apply to a development application to carry out development on land in an intensive urban development area if all or any part of the land to which the application applies is a special contributions area (as defined by section 7.1 of the Act).

(4) In this Part—

intensive urban development area means the area of land identified as “Area 7”, “Area 8”, “Area 9”, “Area 10”, “Area 12” or “Area 13” on the [Floor Space Ratio Map](#).

7.2 Sun access in Liverpool city centre

- (1) The objective of this clause is to protect specified public open space from excessive overshadowing.
- (2) This clause applies to certain land in the Liverpool city centre, as specified in the Table to this clause.
- (3) Despite clause 4.3, development on land to which this clause applies is prohibited if the development results in any part of a building on land specified in Column 1 of the Table to this clause projecting above the height specified opposite that land in Column 2 of the Table.
- (4) This clause does not apply to development resulting only in refurbishment of a building.

7.3 Car parking in Liverpool city centre

- (1) The objective of this clause is to ensure that adequate car parking is provided for new or extended buildings on land in the Liverpool city centre that is commensurate with the traffic likely to be generated by the development and is appropriate for the road network capacity and proposed mix of transport modes for the city centre.
- (2) Development consent must not be granted to development on land in the Liverpool city centre that is in Zone E2 Commercial Centre or MU1 Mixed Use that involves the erection of a new building or an alteration to an existing building that increases the gross floor area of the building unless—
 - (a) at least one car parking space is provided for every 200 square metres of any new gross floor area that is on the ground floor level of the building, and
 - (b) in respect of any other part of the building—
 - (i) at least one car parking space is provided for every 100 square metres of any new gross floor area that is to be used for the purposes of retail premises, and
 - (ii) at least one car parking space is provided for every 150 square metres of any new gross floor area that is to be used for any other purpose.
- (3) Despite subclause (2), development consent may be granted to a development with less or no on site car parking if the consent authority is satisfied that the provision of car parking on site is not feasible.
- (4) In this clause, the following are to be included as part of a building's gross floor area—
 - (a) any area of the building that is used for car parking and is at or above ground level (existing), except to the extent permitted by a development control plan made by the Council,
 - (b) any area of the building that is used for car parking below ground level (existing), except where the car parking is provided as required by this clause.
- (5) Council owned public car parking and parts of a building used for residential purposes must not be included as part of a building's gross floor area for the purposes of this clause.

7.4 Building separation in Liverpool city centre

- (1) The objective of this clause is to ensure minimum sufficient separation of buildings for reasons of visual appearance, privacy and solar access.

- (2) Development consent must not be granted to development for the purposes of a building on land in Liverpool city centre unless the separation distance from neighbouring buildings and between separate towers, or other separate raised parts, of the same building is at least—
 - (a) 9 metres for parts of buildings between 12 metres and 25 metres above ground level (finished) on land in Zone R4 High Density Residential, and
 - (b) 12 metres for parts of buildings between 25 metres and 35 metres above ground level (finished) on land in Zone R4 High Density Residential, and
 - (c) 18 metres for parts of buildings above 35 metres on land in Zone R4 High Density Residential and
 - (d) 12 metres for parts of buildings between 25 metres and 45 metres above ground level (finished) on land in Zone E2 Commercial Centre or MU1 Mixed Use, and
 - (e) 28 metres for parts of buildings 45 metres or more above ground level (finished) on land in Zone E2 Commercial Centre or MU1 Mixed Use.

7.5 Design excellence in Liverpool city centre

- (1) The objective of this clause is to deliver the highest standard of architectural and urban design.
- (2) Development consent must not be granted to development involving the construction of a new building or external alterations to an existing building in the Liverpool city centre unless the consent authority considers that the development exhibits design excellence.
- (3) In considering whether development exhibits design excellence, the consent authority must have regard to the following matters—
 - (a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
 - (b) whether the form and external appearance of the proposed development will improve the quality and amenity of the public domain,
 - (c) whether the proposed development detrimentally impacts on view corridors,
 - (d) whether the proposed development detrimentally overshadows Bigge Park, Liverpool Pioneers' Memorial Park, Apex Park, St Luke's Church Grounds and Macquarie Street Mall (between Elizabeth Street and Memorial Avenue),
 - (e) any relevant requirements of applicable development control plans,
 - (f) how the proposed development addresses the following matters—

- (i) the suitability of the site for development,
- (ii) existing and proposed uses and use mix,
- (iii) heritage issues and streetscape constraints,
- (iv) the location of any tower proposed, having regard to the need to achieve an acceptable relationship with other towers (existing or proposed) on the same site or on neighbouring sites in terms of separation, setbacks, amenity and urban form,
- (v) bulk, massing and modulation of buildings,
- (vi) street frontage heights,
- (vii) environmental impacts such as sustainable design, waste and recycling infrastructure, overshadowing, wind and reflectivity,
- (viii) the achievement of the principles of ecologically sustainable development,
- (ix) pedestrian, cycle, vehicular and service access, circulation and requirements,
- (x) the impact on, and any proposed improvements to, the public domain.

(4)-(8) (Repealed)

7.5A Additional provisions relating to certain land at Liverpool city centre

- (1) This clause applies to land development on land that—
 - (a) is identified as “Area 8”, “Area 9” or “Area 10” on the [Floor Space Ratio Map](#), and
 - (b) has a lot size exceeding 1500m², and
 - (c) has 2 or more street frontages.
- (2) Despite clauses 4.3 and 4.4, if at least 20% of the gross floor area of a development is used for the purpose of centre-based child care facilities, commercial premises, community facilities, educational establishments, entertainment facilities, functions centres, hotel or motel accommodation, information and education facilities, medical centres or public administration buildings—
 - (a) the height of the building may exceed the maximum height shown for the land on the [Height of Buildings Map](#), and
 - (b) the maximum floor space ratio of the building may exceed the maximum floor space ratio shown for the land on the [Floor Space Ratio Map](#) but must not exceed—
 - (i) in relation to a building on land identified as “Area 8” or “Area 10” on the

map—10:1, or

(ii) in relation to a building on land identified as “Area 9” on the map—7:1.

(3) Development consent must not be granted under this clause unless—

(a) a development control plan that provides for the matters specified in subclause (4) has been prepared for the land, and

(b) the site on which the building is located also includes recreation areas, recreation facilities (indoor), community facilities, information and education facilities, through site links or public car parks.

(4) The development control plan must include provision for how proposed development is to address the following matters—

(a) the impact on conservation areas,

(b) encouraging sustainable transport, including increased use of public transport, walking and cycling, road access and the circulation network and car parking provision, including integrated options to reduce car use,

(c) achieving appropriate interface at ground level between buildings and the public domain,

(d) the excellence and integration of landscape design,

(e) the matters specified in clause 7.5(3)(f)(i)-(viii) and (x).

Division 2 Other provisions

7.6 Environmentally significant land

(1) The objectives of this clause are as follows—

(a) to maintain bushland, wetlands and wildlife corridors of high conservation value,

(b) to identify areas of significance for revegetation to connect to or buffer bushland, wetlands and wildlife corridors,

(c) to protect rare and threatened native flora and native fauna,

(d) to ensure consideration of the significance of vegetation, the sensitivity of the land and the impact of development on the environment prior to the giving of any development consent.

(2) Before determining an application to carry out development on environmentally significant land, the consent authority must consider such of the following as are relevant—

- (a) the condition and significance of the vegetation on the land and whether it should be substantially retained in that location,
- (b) the importance of the vegetation in that particular location to native fauna,
- (c) the sensitivity of the land and the effect of clearing vegetation,
- (d) the relative stability of the bed and banks of any waterbody that may be affected by the development, whether on the site, upstream or downstream,
- (e) the effect of the development on water quality, stream flow and the functions of aquatic ecosystems (such as habitat and connectivity),
- (f) the effect of the development on public access to, and use of, any waterbody and its foreshores.

7.7 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the *Acid Sulfate Soils Manual* and has been provided to the consent authority.

- (4) Development consent is not required under this clause for the carrying out of works if—
- (a) a preliminary assessment of the proposed works prepared in accordance with the *Acid Sulfate Soils Manual* indicates that an acid sulfate soils management plan need not be carried out for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Also, development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power)—
- (a) emergency work, being the repair or replacement of the works of the public authority required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine management work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
 - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Development consent is not required under this clause to carry out any works unless—
- (a) the works involve the disturbance of 1 tonne or more of soil, or
 - (b) the works are likely to lower the watertable.
- (7) (Repealed)

7.8 (Repealed)

7.8A Floodplain risk management

- (1) The objectives of this clause are as follows—
- (a) in relation to development with particular evacuation or emergency response issues, to enable evacuation of land subject to flooding in events exceeding the flood planning level,
 - (b) to protect the operational capacity of emergency response facilities and critical infrastructure during extreme flood events.
- (2) This clause applies to land between the flood planning level and the level of a

probable maximum flood, but does not apply to land at or below the flood planning level.

- (3) Development consent must not be granted to development for any of the following purposes on land to which this clause applies unless the consent authority is satisfied that the development is consistent with any relevant floodplain risk management plan adopted by the Council in accordance with the Floodplain Development Manual, and will not, in flood events exceeding the flood planning level, affect the safe occupation of, and evacuation from, the land—
- (a) caravan parks,
 - (b) centre-based child care facilities,
 - (c) correctional centres,
 - (d) emergency services facilities,
 - (e) group homes,
 - (f) hospitals,
 - (g) residential care facilities,
 - (h) respite day care centres,
 - (i) tourist and visitor accommodation.

- (4) In this clause—

probable maximum flood has the same meaning as it has in the Floodplain Development Manual.

Note—

The probable maximum flood is the largest flood that could conceivably occur at a particular location, usually estimated from probable maximum precipitation.

7.9 Foreshore building line

- (1) The objective of this clause is to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area.
- (2) Subject to the other provisions of this Plan, development may be carried out, with development consent, for the purposes of a building on land in the foreshore area only if—
- (a) the levels, depth or other exceptional features of the site make it appropriate to do so, or

- (b) the development involves the extension, alteration or rebuilding of an existing building that is erected wholly or partly in the foreshore area and the consent authority is satisfied that the building as extended, altered or rebuilt will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, or
 - (c) the development is for the purposes of any of the following—
 - (i) boat sheds,
 - (ii) sea walls,
 - (iii) wharves, slipways, jetties,
 - (iv) waterway access stairs,
 - (v) swimming pools at or below ground level (existing),
 - (vi) fences,
 - (vii) picnic facilities, cycleways, walking trails or other outdoor recreation facilities.
- (3) Development consent must not be granted to development referred to in subclause (2) unless the consent authority is satisfied that the development—
- (a) will contribute to achieving the objectives for development in the zone in which it is to be carried out, and
 - (b) will be compatible in its appearance with the surrounding area, as viewed from both the waterway concerned and the adjacent foreshore areas, and
 - (c) will not cause environmental harm, such as—
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, flora or fauna habitats, or
 - (iii) an adverse effect on drainage patterns, and
 - (d) will not cause congestion of, or generate conflicts between, people using open space areas or the waterway, and
 - (e) will not compromise opportunities for the provision of continuous public access along the foreshore and to the waterway, and
 - (f) will maintain any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land.

7.10 Minimum lot size for dual occupancies in rural zones

- (1) The objective of this clause is to maintain opportunities for productive rural and urban fringe uses by providing certainty about the land area required for two dwellings to be on a single lot in rural zones.
- (2) Development consent for the purposes of a dual occupancy on land in Zone RU1 Primary Production or Zone RU4 Primary Production Small Lots, or a dual occupancy (attached) on land in Zone RU2 Rural Landscape, may be granted only if the lot—
 - (a) is a lot on which a dwelling house can lawfully be erected, and
 - (b) has an area of not less than—
 - (i) 10 hectares, if in Zone RU1 Primary Production, or
 - (ii) 2 hectares, if in Zone RU2 Rural Landscape or Zone RU4 Primary Production Small Lots.

7.10A Minimum lot size for dual occupancies (detached) in Zone R5

- (1) The objective of this clause is to establish a minimum lot size for dual occupancies (detached) on land in Zone R5 Large Lot Residential.
- (2) Development consent for the purposes of a dual occupancy (detached) on land in Zone R5 Large Lot Residential may be granted only if the lot—
 - (a) is a lot on which a dwelling house can lawfully be erected, and
 - (b) has an area of not less than 2 hectares.

7.11 Minimum dwelling density

- (1) The objectives of this Plan for the control of dwelling densities are as follows—
 - (a) to contribute toward the efficient use of land resources,
 - (b) to ensure the viability of public transport and other services planned for the area,
 - (c) to ensure adequate funds for the recreation and community facilities planned for the area.
- (2) Development consent must not be granted for the subdivision of land shown on the [Dwelling Density Map](#) unless the consent authority is satisfied that the dwelling density likely to be achieved by the subdivision is not less than the dwelling density shown for the land on that Map.
- (3) In this clause—

dwelling density means the ratio of the number of dwellings to the area of the land

to be occupied by the development, including internal streets and half the width of any roads adjoining the development that provide vehicular access to the development but excluding land used for public open space and non-residential purposes.

7.12 Maximum number of lots

The total number of lots created by the subdivision of land in an area of land identified as “Restricted Lot Yield” on the [Dwelling Density Map](#) must not exceed the number shown on that map for that area.

7.13 (Repealed)

7.14 Minimum building street frontage

- (1) The objectives of this clause for the control of building frontage to streets are as follows—
 - (a) to ensure that, visually, buildings have an appropriate overall horizontal proportion compared to their vertical proportions,
 - (b) to ensure that vehicular access is reasonably spaced and separated along roads and lanes,
 - (c) to provide appropriate dimensions for the design of car parking levels,
 - (d) to encourage larger development of commercial office, business, residential and mixed use buildings provided for under this Plan.
- (2) Development consent must not be granted to development for the purposes of any of the following buildings, unless the site on which the buildings is to be erected has at least one street frontage to a public street (excluding service lanes) of at least 24 metres—
 - (a) any building on land in Zone E2 Commercial Centre or MU1 Mixed Use, or
 - (b) any building of more than 2 storeys on land in Zone R4 High Density Residential or E1 Local Centre, or
 - (c) any residential flat building.
- (3) This clause does not apply in respect of development on land identified as “Area 7” or “Area 8” on the [Floor Space Ratio Map](#).

7.15 (Repealed)

7.16 Ground floor development in Zones E1 and MU4

- (1) The objective of this clause is to—

- (a) ensure active uses are provided at the street level to encourage the presence and movement of people, and
 - (b) promote the economic strength of mixed use development for ground floor development in zones to which this clause applies.
- (2) This clause applies to land in E1 Local Centre or MU1 Mixed Use.
- (3) This clause does not apply to land at Edmondson Park.
- (4) Development consent must not be granted for development for the purposes of a building on land to which this clause applies unless the consent authority is satisfied that the ground floor of the building—
- (a1) if the development is on land in Zone MU1 Mixed Use—will be used for the purposes of business premises or retail premises, and
 - (a) if the development is on land in Zone E1 Local Centre—will not be used for the purposes of residential accommodation, and
 - (b) will have at least one entrance and at least one other door or window on the front of the building facing a street other than a service lane.

7.17 Airspace operations

- (1) The objective of this clause is to protect airspace around airports.
- (1A) This clause does not apply to development on land to which *State Environmental Planning Policy (Precincts—Western Parkland City) 2021*, section 4.22 applies.
- (2) The consent authority must not grant development consent to development that is a controlled activity within the meaning of Division 4 of Part 12 of the *Airports Act 1996* of the Commonwealth unless the applicant has obtained approval for the controlled activity under regulations made for the purposes of that Division.

Note—

Controlled activities include the construction or alteration of buildings or other structures that causes an intrusion into prescribed airspace (being generally airspace around airports). Controlled activities cannot be carried out without an approval granted under regulations made for the purposes of Division 4 of Part 12 of the *Airports Act 1996* of the Commonwealth.

7.17A Hospital helicopter airspace

- (1) The objective of this clause is to protect hospital helicopter airspace.
- (2) Development consent must not be granted to development under, or that intrudes into, hospital helicopter airspace unless the consent authority—
- (a) refers the application for development consent to the chief executive of the relevant local health district, and

(b) considers any submission to the consent authority by the chief executive made within 21 days of the referral, and

(c) is satisfied the development does not present a hazard to helicopters using hospital helicopter airspace.

(3) In this clause—

hospital helicopter airspace means the airspace above the Helicopter OIS Contours shown for the land hatched red on the [Key Sites Map](#).

relevant local health district means the local health district constituted in respect of the area above which hospital helicopter airspace is located.

Note—

See sections 17 and 18 of, and Schedule 1 to, the [Health Services Act 1997](#).

7.18 Development in areas subject to potential airport noise

(1) The objectives of this clause are to ensure that development in the vicinity of Bankstown Airport and Western Sydney International (Nancy-Bird Walton) Airport—

(a) has regard to the use or potential future use of each site as an airport, and

(b) does not hinder or have any other adverse impact on the development or operation of the airports on those sites.

(1A) This clause does not apply to development on land to which [State Environmental Planning Policy \(Precincts—Western Parkland City\) 2021](#), Chapter 4 applies.

(2) Development consent is required for the erection of a building on land where the ANEF exceeds 20 if it is erected for residential purposes or for any other purpose involving regular human occupation.

(3) The following development is prohibited unless it meets the requirements of AS 2021-2015, *Acoustics—Aircraft noise intrusion—Building siting and construction* with respect to interior noise levels—

(a) residential accommodation on land where the ANEF exceeds 20,

(b) business premises, entertainment facilities, office premises, public administration buildings, retail premises and tourist and visitor accommodation on land where the ANEF exceeds 25.

(4) The following development is prohibited—

(a) educational establishments, hospitals and places of public worship on land where the ANEF exceeds 20,

(b) dwellings on land where the ANEF exceeds 25 (other than development consisting

of the alteration, extension or replacement of an existing dwelling house where the development is consistent with the objectives of this clause),

- (c) business premises, entertainment facilities, office premises, public administration buildings, retail premises and tourist and visitor accommodation on land where the ANEF exceeds 30.

(5) In this clause—

ANEF means Australian Noise Exposure Forecast as shown on the [Airport Noise Map](#).

7.19 Serviced apartments

- (1) The objective of this clause is to prevent substandard residential building design occurring by way of converted serviced apartment development.
- (2) Development consent must not be granted for the subdivision under a strata scheme of a building or part of a building that is being, or has been, used for serviced apartments unless the consent authority is satisfied that the following are achieved for the development as if it were development to which clause 4 of [State Environmental Planning Policy No 65—Design Quality of Residential Apartment Development](#) applies—
 - (a) the design quality principles set out in Schedule 1 to that Policy,
 - (b) the design principles of the Apartment Design Guide (within the meaning of that Policy).

7.20 Council infrastructure development

- (1) Development may be carried out by or on behalf of the Council without development consent on any land, other than land in a heritage conservation area, land containing a heritage item or land that is an environmentally sensitive area for exempt and complying development.
- (2) Development may be carried out by or on behalf of the Council without development consent on land in a heritage conservation area or land containing a heritage item if the development is in accordance with a heritage conservation management plan that has been approved by the Council.
- (3) Subclauses (1) and (2) do not apply to development for the following—
 - (a) the erection of a class 1–9 building under the *Building Code of Australia*,
 - (b) development having a capital value of more than \$1,000,000.

7.21 (Repealed)

7.22 Development in Zone E3

- (1) The objectives of this clause are—
 - (a) to maintain opportunities for business and retail types that are suited to high exposure locations while ensuring that centres remain the focus for business and retail activity, and
 - (b) (Repealed)
 - (c) to ensure active uses are provided at street level to encourage the presence and movement of people.
- (2) This clause applies to land identified as “Area A” on the [Land Zoning Map](#).
- (3) Except as provided by subclause (4), development consent must not be granted to development for the purposes of a dwelling unless the dwelling is at least 50 metres from any boundary of the land that adjoins a classified road.
- (4) Development consent must not be granted to development for the purposes of a dwelling on land shown edged heavy green on the [Key Sites Map](#) and that adjoins the Hume Highway or Elizabeth Drive unless the dwelling is at least 8 metres from any boundary of the land that adjoins either of those roads.
- (5) Development consent must not be granted to development that would result in total gross floor area of all retail premises (other than garden centres, hardware and building supplies, landscaping material supplies or vehicle sales or hire premises) in a single building being more than 8,000 square metres.
- (6) Development consent must not be granted for development for the purposes of a building on land to which this clause applies that is within 50 metres of a classified road unless the consent authority is satisfied that the ground floor of the building will have at least one entrance and at least one other door or window on the front of the building facing a street other than a service lane.

7.23 Specialised retail premises and retail premises in Zone E3

- (1) Development consent must not be granted to development for the purposes of specialised retail premises on land identified as “Area A” on the [Land Zoning Map](#) if the gross floor area of the specialised retail premises is more than 2,500 square metres.
- (2) Development consent must not be granted to development for the purposes of retail premises on land identified as “Area A” on the [Land Zoning Map](#) if the gross floor area of the retail premises is more than 1,600 square metres.

7.24 Dual occupancies in Zones RU1, RU2 and RU4

- (1) Development consent must not be granted to development for the purposes of a dual

occupancy on land in Zone RU4 Primary Production Small Lots unless the gross floor area of at least one of the dwellings is not more than 350 square metres.

- (2) Development consent must not be granted to development for the purposes of a dual occupancy (attached) on land in Zone RU2 Rural Landscape unless the gross floor area of at least one of the dwellings is not more than 200 square metres.
- (3) Development consent may be granted to development for the purposes of a dual occupancy—
 - (a) on land in Zone RU1 Primary Production within the area identified as **SWGC area** on the [Key Sites Map](#), but only if at least one of the dwellings has a gross floor area of not more than 350 square metres, and
 - (b) on land within the area identified as **SWGC released precinct** on the [Key Sites Map](#), but only if at least one of the dwellings has a gross floor area of not more than 150 square metres, and
 - (c) on land in Zone RU1 Primary Production within the area not identified as **SWGC area** or **SWGC released precinct** on the [Key Sites Map](#).

7.24A Erection of rural workers' dwellings in Zones RU1 and RU4

- (1) The objective of this clause is to ensure the provision of adequate accommodation for employees of existing agricultural or rural industries.
- (2) This clause applies to land in the following zones—
 - (a) Zone RU1 Primary Production,
 - (b) Zone RU4 Primary Production Small Lots.
- (3) Development consent must not be granted for the erection of a rural worker's dwelling on land to which this clause applies, unless the consent authority is satisfied that—
 - (a) the development will be on the same lot as an existing lawfully erected dwelling house, and
 - (b) the development will not impair the use of the land for agricultural or rural industries, and
 - (c) the agricultural or rural industry being carried out on the land has a demonstrated economic capacity to support the ongoing employment of rural workers, and
 - (d) the development is necessary considering the nature of the agricultural or rural industry land use lawfully occurring on the land or as a result of the remote or isolated location of the land, and

- (e) the development will not result in more than 1 rural worker's dwelling being erected on the land comprising the agricultural or rural industry, and
- (f) the gross floor area of the rural worker's dwelling does not exceed 100 square metres.

7.25 Food and drink premises and shops on certain land in Zone E1

- (1) This clause applies to land identified as "Area G" on the [Land Zoning Map](#).
- (2) Development consent must not be granted to development for the following purposes—
 - (a) food and drink premises if the gross floor area of the premises will be more than 300m²,
 - (b) a shop if the gross floor area of the shop will be more than 1,500m².

7.26 Restaurants, take away food and drink premises, centre-based child care facilities and hotel or motel accommodation in Zone E4

- (1) Development consent must not be granted to development for the purposes of a restaurant or take away food and drink premises on land in Zone E4 General Industrial if the gross floor area of the restaurant or take away food or drink premises is more than 200 square metres.
- (2) Development consent must not be granted to development for the purposes of a centre-based child care facility or hotel or motel accommodation on land in Zone E4 General Industrial unless—
 - (a) the proposed development is at least 150 metres from any land in Zone E5 Heavy Industrial, and
 - (b) if any heavy industry is in the vicinity of proposed development, the consent authority has considered whether the development will be sited, designed and constructed so as to minimise any impact from that heavy industry.

7.26A Residential development at former New Brighton Golf Course

- (1) This clause applies to the land identified as "Former New Brighton Golf Course" on the [Lot Size Map](#).
- (2) The total number of dwellings on land to which this clause applies must not exceed 310.
- (3) Development for the purposes of a studio loft is permitted with development consent on land to which this clause applies.
- (4) Development consent must not be granted to development for the purposes of a

residential flat building or multi dwelling housing (including any form of housing involving a studio loft) on land to which this clause applies unless—

- (a) each parcel on which the residential flat building or housing is erected or proposed to be erected—
 - (i) has an area of at least 600 square metres, and
 - (ii) is a corner parcel, and
 - (iii) adjoins a rear or side lane that provides vehicular access to the parcel, and
- (b) in the case of development for the purposes of a residential flat building—the number of dwellings contained or proposed to be contained in the building does not exceed 3, and
- (c) in any other case—the number of dwellings erected or proposed to be erected on the parcel does not exceed 3.

(5) This clause has effect despite anything to the contrary in any other provision of this Plan.

(6) In this clause—

parcel has the same meaning as in the [Strata Schemes Development Act 2015](#).

studio loft means a dwelling that is erected—

- (a) above a garage, and
- (b) on a lot that is comprised in a parcel (being a parcel on which 2 or more other dwellings are erected on other lots).

7.27 Development of certain land at Moorebank

- (1) The objective of this clause is to ensure development is supportive of the future provision of appropriate regional public transport measures to reduce the demand for travel by private car and commercial vehicle.
- (2) This clause applies to land shown edged heavy blue and marked “Moorebank South Industrial Precinct” on the [Key Sites Map](#).
- (3) Before granting consent to development on the land to which this clause applies, the consent authority must be satisfied that the proposed development is consistent with the following objectives in so far as they are relevant to that development—
 - (a) to provide a street pattern that enables direct public transport links between the M5 Motorway Moorebank Avenue interchange, the East Hills rail line at the Moorebank Avenue bridge and Anzac Road, Wattle Grove,

- (b) to provide a subdivision pattern that enables ready access through the precinct by pedestrians and cyclists,
- (c) to orientate entrances, windows and other active frontages toward the street or paths to contribute toward creating a safer pedestrian environment,
- (d) to provide facilities that encourage walking and cycling between the development and existing or potential public transport.

7.28, 7.29 (Repealed)

7.30 Maximum floor area that may be used for retail premises for certain land in Zone E1 at Hoxton Park

For development of a site on land identified as “Area P” on the [Floor Space Ratio Map](#), no more than 35% of the gross floor area of all buildings on the site may be used for the purposes of retail premises.

7.31 Earthworks

- (1) The objectives of this clause are as follows—
 - (a) to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land,
 - (b) to allow earthworks of a minor nature without requiring separate development consent.
- (2) Development consent is required for earthworks unless—
 - (a) the work is exempt development under this Plan or another applicable environmental planning instrument, or
 - (b) the work is ancillary to other development for which development consent has been given.
- (3) Before granting development consent for earthworks, the consent authority must consider the following matters—
 - (a) the likely disruption of, or any detrimental effect on, existing drainage patterns and soil stability in the locality,
 - (b) the effect of the proposed development on the likely future use or redevelopment of the land,
 - (c) the quality of the fill or the soil to be excavated, or both,
 - (d) the effect of the proposed development on the existing and likely amenity of adjoining properties,

- (e) the source of any fill material and the destination of any excavated material,
- (f) the likelihood of disturbing relics,
- (g) the proximity to and potential for adverse impacts on any watercourse, drinking water catchment or environmentally sensitive area.

Note—

The *National Parks and Wildlife Act 1974*, particularly section 86, deals with disturbing or excavating land and Aboriginal objects.

7.32 Maximum floor space that may be used for retail premises for certain land in Zone E1 at Hinchinbrook

For development of a site on land shown as being within Area 6 on the [Floor Space Ratio Map](#), the maximum gross floor area that may be used for the purposes of retail premises on that land is 1,000 square metres.

7.33 Dwelling houses in Zone R4—height and floor space ratio controls

- (1) This clause applies to land in Zone R4 High Density Residential.
- (2) Despite clauses 4.3(2) and 4.4(2), development consent must not be granted to development for the purpose of a dwelling house on land to which this clause applies unless—
 - (a) the dwelling house will not exceed a height of 8.5 metres, and
 - (b) the floor space ratio of the dwelling house will not exceed 0.6:1.

7.34 Dwelling houses at Church and Campbelltown Roads, Denham Court and Greendale Road, Wallacia—amalgamation of lots

- (1) This clause applies to the following land—
 - (a) land at Denham Court, being—
 - (i) Lots 10, 20 and 21, Section B, DP 1443, being land fronting Church and Campbelltown Roads,
 - (ii) Lots 11 and 19, Section B, DP 1443, being land fronting Church and Campbelltown Roads,
 - (iii) Lots 17 and 18, Section B, DP 1443, Campbelltown Road,
 - (iv) Lots 27 and 28, Section B, DP 1443, Campbelltown Road,
 - (v) Lots 29–31, Section B, DP 1443, Campbelltown Road,
 - (vi) Lots 32–34, Section B, DP 1443, Campbelltown Road,

(vii) Lots 35-37, Section B, DP 1443, Campbelltown Road,

(b) land at Greendale Road, Wallacia, being—

(i) Lots 101 and 102, DP 1174458,

(ii), (iii) (Repealed)

(iv) Lots 50 and 51, DP 18891.

(2) Despite any other provision of this Plan, development consent must not be granted to development for the purpose of a dwelling house on land to which this clause applies, being land comprising the lots referred to in subclause (1)(a)(i), (ii), (iii), (iv), (v), (vi) or (vii) or (b)(i) or (iv) unless the land comprising the lots referred to in that subparagraph has been amalgamated into a single lot.

7.35 Location of restricted premises

(1) The objective of this clause is to ensure that restricted premises are not visually prominent from public places or other locations regularly frequented by children.

(2) Development consent must not be granted to development for the purposes of restricted premises if the premises would be located on land that adjoins land, or is separated only by a road from land—

(a) in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone R4 High Density Residential, or

(b) that is used for the purposes of a centre-based child care facility, a community facility, an educational establishment, a place of public worship, a recreation area, a recreation facility (indoor), a recreation facility (major) or a recreation facility (outdoor), or

(c) that is used for the purposes of restricted premises or sex services premises, or

(d) in relation to which development consent has been granted for the purposes of a centre-based child care facility, a community facility, an educational establishment, a place of public worship, a recreation area, a recreation facility (indoor), a recreation facility (major), a recreation facility (outdoor), restricted premises or sex service premises.

(3) Before granting development consent for the purposes of restricted premises, the consent authority must take into account—

(a) the impact of the proposed development on places of high pedestrian activity, and

(b) the impact of the proposed development on land frequented by children for care, recreational or cultural purposes, and

(c) whether the appearance of the restricted premises is sufficiently discreet.

7.36 Arrangements for infrastructure arising out of development of intermodal terminal at Casula and Moorebank

- (1) The object of this clause is to require satisfactory arrangements to be made for the provision of relevant State public infrastructure, before the carrying out of development on the land in the IMT Area, to satisfy needs that arise from development on the land, but only if that land is developed intensively for an IMT.
- (2) This clause applies to the IMT Area.
- (3) This clause does not apply to land if the whole or any part of it is in a special contributions area (as defined by section 7.1 of the Act).
- (4) Development consent must not be granted to development for the purposes of an IMT on land in the IMT Area unless the Secretary has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of relevant State public infrastructure in relation to that land.
- (5) Subclause (4) does not apply in relation to development if the consent authority is satisfied that—
 - (a) the development will not result in a significant net increase in traffic to or from the IMT Area, or
 - (b) the development is of a minor nature or is a precursor to development for an IMT.
- (6) In this clause—

IMT means an intermodal terminal for the connection of rail and road freight services, and includes road and rail works and associated commercial infrastructure.

IMT Area means the area identified as “IMT Area” on the [Key Sites Map](#).

relevant State public infrastructure means public facilities or services that are provided or financed by the State (or if provided or financed by the private sector, to the extent of any financial or in-kind contribution by the State) of the following kinds—

- (a) State and regional roads,
- (b) bus interchanges and bus lanes,
- (c) rail infrastructure and land.

7.37 Floor space ratio of buildings on certain land at Bigge, Elizabeth and George Streets

- (1) This clause applies to the following land at Liverpool—
 - (a) 148 George Street, being Lot 1, DP1261270,

(b) 26–28 Elizabeth Street, being Lot 2, DP 1261270,

(c) 133 Bigge Street, being Lot 3, DP 1261270.

(2) Despite any other provision of this Plan, development consent must not be granted to the erection of a building on land at 148 George Street, being Lot 1, DP 1261270, unless the consent authority is satisfied that the gross floor area of that part of the building that is to be used for non-residential purposes is at least 2.5 times the site area.

(3) Despite any other provision of this Plan, development consent must not be granted to the erection of a building on land at 26–28 Elizabeth Street, being Lot 2, DP 1261270, or 133 Bigge Street, being Lot 3, DP 1261270, unless the consent authority is satisfied that the gross floor area of that part of the building that is to be used for non-residential purposes is at least 1.5 times the site area.

7.38 Development at 311 Hume Highway, Liverpool

(1) The objectives of this clause are as follows—

(a) to promote uses that attract pedestrian traffic along the ground floor street frontages on the Hume Highway,

(b) to provide employment opportunities,

(c) to prevent excessive noise and poor amenity for residents near the Hume Highway.

(2) This clause applies to 311 Hume Highway, Liverpool, being Lot 71, DP 1004792.

(3) Development consent must not be granted for development on land to which this clause applies unless the consent authority is satisfied that the ground floor of any building on that land that is within 30 metres of the Hume Highway will be used only for the purposes of commercial premises, medical centres or recreation facilities (indoor), excluding car parking.

(4) Despite subclause (3), the ground floor may be used for any of the following—

(a) entrances and lobbies (including as part of mixed use development),

(b) access for fire services,

(c) vehicular access.

(5) Clause 7.16 does not apply to the land to which this clause applies.

7.39 Rural workers' dwellings at Leppington Pastoral Company

(1) The objectives of this clause are—

- (a) to ensure the provision of adequate accommodation for persons employed for the purpose of agriculture or a rural industry on the land to which this clause applies, and
 - (b) to limit the maximum number of dwellings on the land to which this clause applies to protect the land's rural amenity.
- (2) This clause applies to Lot 11, DP 1092165 and Lots 100 and 101, DP 1171843, being land at The Northern Road, Greendale.
- (3) Despite clause 7.24A(3)(e), development for the purpose of up to 20 rural workers' dwellings is permitted with development consent on the land shown coloured light brown on the [Key Sites Map](#).
- (4) The consent authority must not grant development consent to development for the purpose of a rural worker's dwelling on the land to which this clause applies unless the consent authority is satisfied that the rural worker's dwelling is necessary to ensure the provision of adequate accommodation for persons employed for the purpose of agriculture or a rural industry on the land.
- (5) The consent authority must not grant development consent to development that results in either or both of the following on the land to which this clause applies—
- (a) more than 20 rural workers' dwellings,
 - (b) more than 5 dwellings other than rural workers' dwellings.

7.40 (Repealed)

Part 2 Complying development certificate conditions

Note—

Complying development must comply with the requirements of the Act, the regulations under the Act and this Plan.

General conditions

Any development specified in Part 1 is subject to the same conditions set out in Schedule 6 to *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

Survey certificate

In order to ensure compliance with approved plans, a survey certificate, to Australian Height Datum, must be prepared by a registered surveyor, as follows—

(a) on completion of floor slab framework before concrete is poured, detailing the location of the structure to the boundaries, and

(b) at completion of the lowest floor, confirming that levels are in accordance with the certificate. (Levels must relate to the datum on the certificate.)

Required payments

If payments are required in relation to any of the following, evidence of those payments must be provided to the Council on or before the lodging of the complying development certificate with the Council—

(a) road reserve deposits,

(b) opening of roads,

(c) inspections,

(d) registration.

Notification to Council on completion

The Council must be notified that all works have been completed within a reasonable time after the completion of the works.

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned—
 - (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
 - (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the [Fisheries Management \(Aquaculture\) Regulation 2017](#).

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#),
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.
