- (7) For the purposes of this Act, it is a statutory condition of an exploration licence that the holder must comply with any activity approval granted to the holder and in force.
- (8) Clauses 6 (2)–(4), 7 (2), 9 and 11 of Schedule 1B apply to and in respect of the imposition of terms on, and variation of terms of, an activity approval in the same way

as they apply to and in respect of the imposition of conditions on, and the variation of conditions of, a petroleum title.

- (9) The Minister may cancel an activity approval—
- (a) if the holder of the activity approval lodges with the Secretary a request that the Minister cancel the activity approval, or
 - (b) if the Minister is satisfied that a person has contravened the activity approval (whether or not the person is prosecuted or convicted of any offence arising from the contravention).
- (10) Before cancelling an activity approval, otherwise than at the request of the holder of the activity approval, the Minister is to cause a written notice to be served on the holder of the activity approval that contains the following—
- (a) notice that the activity approval is proposed to be cancelled,
 - (b) details of the grounds for the proposed cancellation,
 - (c) notice that the holder of the activity approval has a specified period (of at least 28 days) in which to make representations with respect to the proposed cancellation.

- (12) The Minister is to cause written notice of the cancellation of an activity approval to be given to the holder of the activity approval.
- (13) The cancellation takes effect on the date on which the written notice of the cancellation is given to the holder of the activity approval, or on a later date specified in the notice.
- (14) Any person who is aggrieved by the decision of the Minister to cancel an activity approval held by the person may appeal to the Land and Environment Court against the decision. Section 22B applies to such an appeal as if it were an appeal against a decision to cancel a petroleum title.
- (15) The cancellation of an activity approval does not affect any liability incurred by the holder of the activity approval before the cancellation took effect.
- (16) Action may be taken under subsection (9) (b) whether or not any other action has been taken in respect of the activity approval under this Act.

32 Direction to holder of exploration licence to apply for lease

- (1) If petroleum is discovered in land comprised in an exploration licence the Minister may, by instrument in writing, direct the holder of the licence to apply, within such period as may be specified in the direction, for an assessment lease or a production lease in respect of so much of that land as is so specified.
- (2) If the holder of an exploration licence does not apply for an assessment lease or production lease in accordance with directions given under this section, the Minister may cancel the licence.

Note—

Section 22A (4) specifies the time at which cancellation of a petroleum title (which includes an exploration licence) takes effect.

Division 3 Assessment leases

32A Land over which assessment lease granted

An assessment lease may be granted over all or part of the land over which a lease was sought.

33 Rights of holders of assessment leases

The holder of an assessment lease has the exclusive right to prospect for petroleum and to assess any petroleum deposit on the land comprised in the lease.

Note—

An assessment lease is designed to allow retention of rights over an area in which a significant petroleum deposit has been identified, if mining the deposit is not commercially viable in the short term but there is a reasonable prospect that it will be in the longer term. The holder is allowed to continue prospecting operations and to recover petroleum in the course of assessing the viability of commercial mining.

34 Area of assessment lease

The area comprised in an assessment lease must be not more than 4 blocks.

35 Term of petroleum assessment lease

The initial term of an assessment lease is to be a term (not exceeding 6 years) fixed by the Minister.

36 Notice to be given of application for assessment lease

- (1) An applicant, or a person intending to apply, for an assessment lease must either before, or within 21 days after, lodging the application, cause to be published both in a newspaper circulating in the vicinity of the area over which the lease is sought and in a newspaper circulating generally in the State a notice—
 - (a) stating that an application for an assessment lease has been, or will be lodged (as

the case requires), and

(b) containing particulars sufficient to lead to the ready identification of the area of land over which the lease is sought, and consisting of a plan and a description of that area and a statement indicating the approximate direction and approximate distance of the town nearest to that area.

(2) Within 21 days after receipt from an applicant, or a person intending to apply, for an assessment lease of a written request—

the council for a local government area that includes the area over which the lease is sought may furnish the holder of the lease with the names and addresses of landholders whose lands lie wholly or partly within that area.

(3) An assessment lease is not to be granted unless the Minister is satisfied that notice has been published as required by subsection (1) and that—

(a) a copy of that notice, accompanied by the particulars mentioned in subsection (4), has been served on all landholders whose names and addresses have been furnished, in connection with the proposed lease, under subsection (2), or

(b) 21 days have elapsed since a request under subsection (2) was made and the council concerned has not complied with the request.

(4) The particulars referred to in subsection (3) (a) are the following—

(a) the duration of the term of the proposed lease, and

(b) contact details of the applicant or intended applicant, and

(c) any other particulars prescribed by the regulations.

36A Activity approval required for assessable prospecting operations

(1) An assessment lease is subject to a statutory condition that the holder must not carry out an assessable prospecting operation on land over which the lease is granted unless an activity approval has been obtained for the carrying out of the assessable prospecting operation in relation to that land and is in force.

(2) The holder of an assessment lease may apply in writing to the Minister for approval to carry out an assessable prospecting operation in relation to any part of the land over which the lease is granted (an **activity approval**).

(3) The Minister may require the holder of an assessment lease to provide such

information as is required by the Minister, within the time specified by the Minister, before considering the application or at any time during consideration of the application.

- (4) After considering the application for the activity approval, the Minister—
 - (a) may grant the activity approval, or

- (5) Without limiting the grounds for refusal, the application may be refused if the applicant fails to provide the information required by the Minister within the time required.
- (6) An activity approval may be granted subject to terms.
- (7) For the purposes of this Act, it is a statutory condition of an assessment lease that the holder must comply with any activity approval granted to the holder and in force.
- (8) Clauses 6 (2)–(4), 7 (2), 9 and 11 of Schedule 1B apply to and in respect of the imposition of terms on, and variation of terms of, an activity approval in the same way as they apply to and in respect of the imposition of conditions on, and the variation of conditions of, a petroleum title.
- (9) The Minister may cancel an activity approval—
 - (a) if the holder of the activity approval lodges with the Secretary a request that the Minister cancel the activity approval, or
 - (b) if the Minister is satisfied that a person has contravened the activity approval (whether or not the person is prosecuted or convicted of any offence arising from the contravention).
- (10) Before cancelling an activity approval, otherwise than at the request of the holder of the activity approval, the Minister is to cause a written notice to be served on the holder of the activity approval that contains the following—

- (11) The Minister must not cancel an activity approval, otherwise than at the request of the holder of the activity approval, unless—
 - (a) the Minister has taken any such representations received from the holder of the activity approval into consideration, or

(b) the period specified in the notice has elapsed and no such representations have been received.

- (12) The Minister is to cause written notice of the cancellation of an activity approval to be given to the holder of the activity approval.
- (13) The cancellation takes effect on the date on which the written notice of the cancellation is given to the holder of the activity approval, or on a later date specified in the notice.
- (14) Any person who is aggrieved by the decision of the Minister to cancel an activity approval held by the person may appeal to the Land and Environment Court against the decision. Section 22B applies to such an appeal as if it were an appeal against a decision to cancel a petroleum title.
- (15) The cancellation of an activity approval does not affect any liability incurred by the holder of the activity approval before the cancellation took effect.
- (16) Action may be taken under subsection (9) (b) whether or not any other action has been taken in respect of the activity approval under this Act.

37 Direction to holder of assessment lease to apply for production lease

- (1) The Minister may, by instrument in writing, direct the holder of an assessment lease to apply, within such period as may be specified in the direction, for a production lease in respect of so much of the land comprised in the assessment lease as is so specified.
- (2) If the holder of an assessment lease does not apply for a production lease in accordance with directions given under this section, the Minister may cancel the assessment lease.

Note—

Section 22 (4) specifies the time at which cancellation of a petroleum title (which includes an assessment lease) takes effect.

Division 4 Special prospecting authorities

38 Rights of holders of special prospecting authorities

The holder of a special prospecting authority has the exclusive right to conduct speculative geological, geophysical or geochemical surveys or scientific investigations on and in respect of the land comprised in the authority.

39 Area of special prospecting authority

The area comprised in a special prospecting authority is an area considered feasible by the Minister, having regard to the surveys and other operations sought to be carried out

by the holder.

40 Term of special prospecting authority

 - (b) do anything so authorised or required.
- (3) Despite subsections (1) and (2), a holder of a production lease may carry out activities on the land comprised in the lease only in accordance with an access arrangement applying to that land.

42 Grant of production lease

 - (b) as extended, applies as if the land over which the production lease was sought was the land over which the 2 or more production leases were sought.

45 Term of production lease

The initial term of a production lease is to be a term (not exceeding 21 years) fixed by the Minister.

Division 6 Low-impact prospecting titles—special provisions

45A Object of Division

The object of this Division is to provide for the grant of a class of low-impact exploration licence, or low-impact special prospecting authority, that may be approved under section 26A of the Commonwealth Native Title Act.

Note—

See clause 14 (3) of Part 5 of Schedule 5 to the *Native Title Amendment Act 1998* of the Commonwealth for

preservation of approvals previously granted by the Commonwealth.

45B Special low-impact class of prospecting title

- (1) There is to be—
 - (a) a special class of exploration licence called a low-impact exploration licence, and
 - (b) a special class of special prospecting authority called a low-impact special prospecting authority.

Exploration licences and special prospecting authorities are referred to in this Division as ***prospecting titles***.

- (2) A prospecting title may be granted as a low-impact prospecting title if this Division is complied with.
- (3) The relevant provisions of this Act relating to prospecting titles apply to low-impact prospecting titles, except as otherwise provided by this Division.

45C Authority conferred by low-impact prospecting title

- (1) The Minister may, by order published in the Gazette, determine the kind of prospecting operations that may be authorised by a low-impact prospecting title, being operations that the Minister is satisfied are unlikely to have a significant impact on the land over which the title may be granted. Different kinds of operations may be determined for exploration licences and for special prospecting authorities.
- (2) The conditions to which a low-impact prospecting title is subject are to limit the prospecting operations authorised by the title to all or some of the prospecting operations of the kind determined by the Minister under this section.
- (3) A change in the prospecting operations determined by the Minister under this section does not affect a low-impact prospecting title that is in force at the time the change is made.

45D Provisions relating to applications for low-impact prospecting titles

- (1) A low-impact prospecting title may not be granted unless notice of the application for the title has been served on all—
 - (a) registered native title bodies corporate, and
 - (b) registered native title claimants, and
 - (c) representative Aboriginal/Torres Strait Islander bodies,in relation to any of the land that will be affected by the proposed prospecting operations to be authorised by the prospecting title.

- (2) The notice must contain a map or other description of the land over which the prospecting title is sought and a description of the kind of prospecting operations that may be authorised by the prospecting title.
- (3) An applicant may request the Minister to grant a low-impact prospecting title either at the time the application for a prospecting title is made or at any later time before the grant of the prospecting title.
- (4) The regulations may make other provision for or with respect to the making and grant of applications for low-impact prospecting titles.

45E Change of class of prospecting title—additional prospecting operations

- (1) The holder of a low-impact prospecting title may apply to the Minister for a variation of the prospecting operations authorised by the title.
- (2) After considering the application, the Minister may vary the prospecting title or may refuse the application.
- (3) If the prospecting operations authorised by a prospecting title as so varied are not of a kind permitted by this Division, the title ceases to be a low-impact prospecting title.
- (4) The variation of a prospecting title takes effect on the date on which written notice of the variation is served on the holder of the title or such later date as may be specified in the notice.

Note—

The right to negotiate or other procedures may apply to the variation of the prospecting title under the Commonwealth Native Title Act if section 26A of that Act no longer applies because of the variation.

45F Access arrangement required for prospecting operations under low-impact prospecting titles

- (1) In this section, **relevant land** means land in relation to which there are registered native title bodies corporate or registered native title claimants.
- (2) A low-impact prospecting title is subject to the condition that the holder of the prospecting title is not authorised to carry out prospecting operations on any relevant land otherwise than in accordance with an access arrangement under Part 4A between the holder of the prospecting title and each registered native title body corporate or each registered native title claimant, being an access arrangement—
 - (a) that is agreed between them in accordance with that Part, or that is determined for them by an arbitrator in accordance with that Part, and
 - (b) that has involved consultation by the holder of the prospecting title that satisfies the requirements of section 26A of the Commonwealth Native Title Act.

- (3) This section does not apply in any case in which Part 4A is excluded because of section 69A (2) (which relates to prospecting title granted after compliance with the full native title right to negotiate procedure or an indigenous land use agreement).
- (4) This section does not limit the operation of Part 4A with respect to landholders who are not native title holders.

45G Renewal of low-impact prospecting titles

The requirements of this Division with respect to the grant of a low-impact prospecting title apply to the renewal of such a title, subject to any modifications prescribed by the regulations.

Part 4 Consent of other government authorities

Division 1 Titles other than production leases

46 (Repealed)

47 Application of epis

- (1) If a person is authorised under this Act to carry out operations authorised under a petroleum title other than a production lease—
 - (a) nothing in, or done under, an environmental planning instrument operates so as to prevent the holder of the title carrying out any such operations on the land comprised in the title, and
 - (b) to the extent to which anything in, or done under, any such instrument would so operate, it is of no effect in relation to the holder.
- (2) A reference in this section to an environmental planning instrument does not include a reference to a State environmental planning policy made on or after the commencement of this subsection.

Division 2 Objections by government agencies to granting of production leases

48 Application of this Division to Government bodies where development consent etc not required

- (1) This Division does not apply to the grant of a production lease if a development consent (or approval under Part 3A or Part 5.1 of the [Environmental Planning and Assessment Act 1979](#)) is required before the land is used for the purpose of obtaining petroleum.
- (2) The Minister may, by order published in the Gazette, designate a corporation established by an Act as a statutory authority for the purposes of this Division. A

corporation so designated is a **statutory authority** for the purposes of this Division.

49 Notice of application for production lease to be sent to Public Service agencies

If the Minister is of the opinion that a Public Service agency or statutory authority will be materially affected by the granting of a production lease, the Minister must cause to be served on that agency or authority a notice—

- (a) stating that an application for the lease has been lodged, and
- (b) containing a description or a plan of the area of land over which the lease is sought, and
- (c) stating that objections to the granting of the lease, or proposals for the inclusion in the lease of any condition, may be made to the Minister within the period specified in the notice.

50 Notice to be sent to Secretary of Department of Planning and Environment

(1) The Minister, before granting a production lease, must cause to be served on the Secretary of the Department of Planning and Environment a notice—

- (a) stating that an application for the lease has been lodged, and
- (b) containing a description or a plan of the area of land over which the lease is sought, and
- (c) containing a detailed description of the works to be undertaken by or on behalf of the applicant for the lease if granted, including works and activities relating to—
 - (i) the preparation of the land for petroleum mining, and
 - (ii) the reinstatement of the land either during the carrying on of petroleum mining operations or after they have ceased, and
- (d) containing a copy of any environmental impact statement that is required by the [Environmental Planning and Assessment Act 1979](#) to be prepared in relation to the application, and
- (e) stating that objections to the granting of the lease, or proposals for the inclusion in the lease of any condition, may be made to the Minister within the period specified in the notice.

(2) If, before granting a production lease, the Minister becomes aware that the detailed description contained in a notice served under subsection (1) or a notice served under this subsection requires alteration for any reason, the Minister, before granting the lease, must cause to be served on the Secretary of the Department of Planning and Environment a notice of the alteration.

51 Objection to grant of production lease

A Public Service agency or statutory authority or the Secretary of the Department of Planning and Environment, if served with a notice under this Division, may, within the period specified in the notice, by instrument in writing lodged with the Minister—

- (a) object to the granting of a production lease, or
- (b) propose that the conditions specified in the instrument be included in the lease, if granted.

52 Resolution of objections

- (1) The Minister may take, or cause to be taken, such steps as the Minister thinks appropriate in connection with any objection or proposal made under this Division and if agreement is not then reached concerning the acceptance, modification or withdrawal of the objection or proposal, the matter is to be referred to the Premier.
- (2) If any matter is referred to the Premier under this section the Premier may give whatever decision the Premier thinks appropriate.
- (3) (Repealed)

53 Grant of production lease after objection or proposal

- (1) A production lease must include—
 - (a) a condition proposed, in accordance with this Division, to be included in it (unless the proposal for the inclusion of the condition is withdrawn, or rejected by the decision of the Premier) or, if the condition is modified, the condition as so modified, and
 - (b) any condition directed to be included in the lease by the decision of the Premier.
- (2) The failure to include a condition in a lease as required by this section does not affect the validity of the lease, but the Minister may, by instrument in writing, amend the lease so as to include the condition omitted.
- (3) The Minister must cause to be served on the registered holder of a lease amended under subsection (2) a notice in writing setting out the details of the amendment, and the amendment has effect from the date on which the notice is served.
- (4) Despite clauses 9 and 10 of Schedule 1B, a condition included in a production lease in accordance with a direction of the Premier may only be varied with the concurrence of the Premier.

54 Power to refuse grant of title not affected

Nothing in this Division affects any discretion of the Minister to refuse an application for a

production lease for any reason that is sufficient under this Act for such a refusal.

Division 3 Objections by local councils to granting of production leases

54A Division applies only where development consent etc not required

This Division does not apply to the grant of a production lease if a development consent (or approval under Part 3A or Part 5.1 of the *Environmental Planning and Assessment Act 1979*) is required before the land is used for the purpose of obtaining petroleum.

55 Definitions

In this Division—

council has the same meaning as it has in the *Local Government Act 1993*.

local government area has the same meaning as area has in the *Local Government Act 1993*.

56 Notice of application to be sent to councils in certain cases

If the land to which an application for a production lease relates is not affected by an environmental planning instrument within the meaning of the *Environmental Planning and Assessment Act 1979* that comprehensively specifies the purposes for which development is prohibited and the purposes for which development may be carried out, either with or without the consent of any person or body, the Minister must cause to be served on the council within whose local government area the land is situated a notice—

- (a) stating that an application for the lease has been lodged, and
- (b) containing a description or a plan of the area of land over which the lease is sought, and
- (c) stating that objection to the granting of the lease, or proposals for the inclusion in the lease of any condition, may be made to the Minister within the period specified in the notice.

57 Objection by council

A council served with a notice under this Division may, within the period specified in the notice, by instrument in writing lodged with the Minister—

- (a) object to the granting of a production lease, or
- (b) propose that the conditions specified in the instrument be included in the lease, if granted.

58 Consideration of objection

In deciding whether or not to grant a production lease, the Minister is to take into account any objection or proposal made under this Division.

59 Granting of petroleum title after objection or proposal

Petroleum mining operations under a production lease granted in respect of land after compliance with the provisions of this Division may be commenced within 5 years from the date on which the lease takes effect without the necessity for a development consent under the *Environmental Planning and Assessment Act 1979* if, within that 5-year period, the land comes to be affected by an environmental planning instrument which prohibits those operations or prohibits those operations without consent.

60 Consent still required for certain works

This Division does not operate so as to exempt the holder of a production lease from obtaining any consent which the holder is required to obtain in connection with the erection of buildings, the opening of roads or the subdivision of land.

61 Power to refuse grant of title not affected

Nothing in this Division affects any discretion of the Minister to refuse an application for a production lease for any reason that is sufficient under this Act for such a refusal.

Division 4 Development consents under the *Environmental Planning and Assessment Act 1979*

62 Definitions

In this Division—

consent authority means an authority or body empowered to grant a development consent.

development consent has the same meaning as in the *Environmental Planning and Assessment Act 1979*.

63 (Repealed)

64 Consent of landowner not necessary in application required by this Division

Any requirement of or made under the *Environmental Planning and Assessment Act 1979* that an application for development consent to the use of land for the purpose of obtaining petroleum be accompanied by the consent of the owner of the land is of no effect.

65, 66 (Repealed)

67 Development consent under [Environmental Planning and Assessment Act 1979](#)

- (1) This section applies if development consent is required for the use of land for the purpose of obtaining petroleum.
- (2) The Minister must not grant a production lease over the land unless an appropriate development consent is in force in respect of the land.

68 (Repealed)

69 Power to refuse grant of title not affected

Nothing in this Division affects any discretion of the Minister to refuse an application for a production lease for any reason that is sufficient under this Act for such a refusal.

Part 4A Access arrangements for prospecting titles

69A Application of Part

- (1) This Part applies to the carrying out of prospecting operations under exploration licences, assessment leases and special prospecting authorities (referred to in this Part as ***prospecting titles***).
- (2) However, this Part does not apply so as to require an access arrangement in respect of a landholder who is a native title holder within the meaning of the Commonwealth Native Title Act if the prospecting title concerned was granted after compliance with Subdivision P of Division 3 of Part 2 of that Act and the grant of the title was not an act that attracted the expedited procedure under and within the meaning of that Act. In addition, this Division does not apply if the prospecting title concerned was granted or renewed after compliance with a registered indigenous land use agreement under that Act and the agreement provides that an access arrangement is not required under this Division in respect of such a landholder.
- (3) This Part applies, in the case of a prospecting title that is a low-impact exploration licence or a low-impact special prospecting authority, as though a reference in this Part to a landholder included a reference to—
 - (a) any registered native title body corporate, and
 - (b) any registered native title claimant,in relation to the land over which the licence is granted.

Note—

Section 45F makes special provision with respect to access arrangements for low-impact prospecting titles.

69B Arbitration Panel

- (1) There is to be an Arbitration Panel.

- (2) The Arbitration Panel constituted under section 139 of the *Mining Act 1992* is to perform the functions of the Arbitration Panel under this Act.

69C Prospecting to be carried out in accordance with access arrangement

- (1) The holder of a prospecting title must not carry out prospecting operations on any land except in accordance with an access arrangement or arrangements applying to the land—
- (a) agreed (in writing) between the holder of the prospecting title and each landholder of the land, or
 - (b) determined by an arbitrator in accordance with this Part.
- (2) Separate access arrangements may (but need not) be agreed or determined with different landholders of the same area of land, for different areas of the same landholding or with respect to the different matters to which access arrangements relate.
- (3) Separate access arrangements may be made to preserve the confidentiality of provisions of the arrangements, to deal with persons becoming landholders at different times or for any other reason.

69D Matters for which access arrangement to provide

- (1) An access arrangement may make provision for or with respect to the following matters—
- (a) the periods during which the holder of the prospecting title is to be permitted access to the land,
 - (b) the parts of the land in or on which the holder of the prospecting title may prospect and the means by which the holder may gain access to those parts of the land,
 - (c) the kinds of prospecting operations that may be carried out in or on the land,
 - (d) the conditions to be observed by the holder of the prospecting title when prospecting in or on the land,
 - (e) the things which the holder of the prospecting title needs to do in order to protect the environment while having access to the land and carrying out prospecting operations in or on the land,
 - (f) (Repealed)
 - (g) the manner of resolving any dispute arising in connection with the arrangement,
 - (h) the manner of varying the arrangement,

(i) the notification to the holder of the prospecting title of particulars of any person who becomes an additional landholder.

(1A) The Secretary may, with the concurrence of the NSW Farmers Association and Australian Petroleum Production and Exploration Association Limited, publish templates for use for standard access arrangements. The use of any such template is not mandatory.

(2) An access arrangement must specify the compensation that is payable to each landholder of the land concerned as a consequence of the holder of the prospecting title carrying out prospecting operations on the land.

(2A) (Repealed)

(3) In the event of an inconsistency between—

(a) a provision of an access arrangement, and

(b) a provision of this Act, of the regulations or of a condition of a prospecting title, the provision referred to in paragraph (b) prevails.

(4) If the holder of a prospecting title contravenes an access arrangement, a landholder of the land concerned may deny the holder access to the land until—

(a) the holder ceases the contravention, or

(b) the contravention is remedied to the reasonable satisfaction of, or in the manner directed by, an arbitrator appointed by the Secretary.

The Secretary is to make such an appointment within 48 hours after being requested to do so by the landholder or the holder of a prospecting title and the arbitrator is to deal with the matter within 5 business days of the appointment. If the arbitrator does not deal with the matter within that time, the landholder may deny the holder of the prospecting title access to the land until such time as the matter is determined by the arbitrator.

(5) Subsection (4) does not affect any proceedings that may be brought against the holder of the prospecting title in respect of the contravention of the access arrangement.

69DA Access code

(1) The regulations may prescribe a code (an **access code**) containing provisions relating to access to land by the holder of a prospecting title and the carrying out of activities on that land by the holder.

(2) The regulations may designate any or all of the provisions of an access code as mandatory provisions.

- (3) An access code may contain non-binding guidelines relating to negotiating and agreeing access arrangements.

69DB Application of mandatory provisions of access codes

- (1) An access arrangement is taken to include provisions in the same terms as the mandatory provisions of the access code.
- (2) A provision of an access arrangement has no effect to the extent that it contains obligations on the holder of the prospecting title that are less stringent than those in a mandatory provision.

Note—

See also section 69D (3) which deals with inconsistency between provisions of access arrangements and provisions of regulations.

69E Holder of prospecting title to seek access arrangement

- (1) The holder of a prospecting title may, by written notice served on each landholder of the land concerned, give notice of the holder's intention to obtain an access arrangement in respect of the land.
- (2) The notice of the holder's intention to obtain an access arrangement must, in addition to stating the holder's intention, contain—
- (a) a plan and description of the area of land over which the access is sought sufficient to enable the ready identification of that area, and
 - (b) a description of the prospecting methods intended to be used in that area.
- (2A) The holder of the prospecting title must pay the reasonable costs of the landholder of the land concerned in participating in negotiating the access arrangement.
- (2B) The maximum amount of reasonable costs payable by the holder of the prospecting title is the amount set out by the Minister by order published in the Gazette.
- (2C) In making the order, the Minister must have regard to the following—
- (a) time spent participating in negotiating the access arrangement,
 - (b) legal costs of negotiating the access arrangement,
 - (c) costs of engaging experts as part of the negotiation process.
- (2D) Nothing in this section prevents a holder of a prospecting title, at the holder's discretion, paying other amounts to a landholder.
- (2E) An order relating to costs may—
- (a) apply generally or be limited in its application by reference to specified exceptions

or factors, or

- (b) apply differently according to different factors of a specified kind, or
- (c) authorise any matter or thing to be from time to time determined, applied or regulated by any specified person or body,

or may do any combination of those things.

(2F) The regulations may make provision for or with respect to the payment of costs under this section, including, but not limited to, the following—

- (a) the timing or frequency of payments,
- (b) evidence of costs incurred to be provided to the holder of the prospecting title.

(2G) The holder of a prospecting title and the landholder of the land concerned must negotiate on an access arrangement in good faith.

(3) The holder of a prospecting title and a landholder of the land concerned may agree in writing (either before or after the prospecting title is granted) on an access arrangement.

(4) If some but not all of the landholders of any particular land have agreed to an access arrangement, a reference in sections 69F–69S to each landholder of the land or to a party to the hearing before an arbitrator does not include a reference to any of those landholders who has agreed to an access arrangement. However, the arbitrator may allow a landholder who has agreed to an access arrangement to become a party to the hearing of the matter in order to ensure consistency in the access arrangements over the same land, and may, for that purpose, replace the agreed access arrangement with the access arrangement determined by the arbitrator.

(5) In this section, a reference to the holder of a prospecting title includes a reference to the proposed holder of a prospecting title.

69EA Notice to mortgagees of access arrangements

(1) Within 14 days after an access arrangement is agreed between a landholder and the holder of a prospecting title, the holder is to serve notice of the making of the arrangement on each person (other than that landholder) who is identified in any register or record kept by the Registrar-General as a person having an interest as mortgagee in the land concerned.

(2) Notice is not required to be served on a mortgagee under this section—

- (a) if the mortgagee has been given a copy of the written notice referred to in section 69E to the landholder of the intention to obtain the access arrangement, or
- (b) if the landholder with whom the access arrangement was made is not the

mortgagor.

- (3) If notice is required to be served on a mortgagee under this section, the access arrangement does not come into force until the end of the period of 14 days after the notice is served, unless the holder of the prospecting title has reasonable cause to believe that the mortgagee is not a mortgagee in possession of the land concerned.
- (4) The requirement imposed by this section on the holder of a prospecting title is taken to be a condition of the prospecting title.
- (5) This section applies only to access arrangements made after the commencement of this section.

Note—

If the person is a mortgagee in possession of the land, an access arrangement with that person is also required under section 69C before prospecting operations may be carried out on the land.

69F Appointment of arbitrator by agreement

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in writing on each landholder of the title holder's intention to obtain an access arrangement, the title holder and each landholder have been unable to agree on such an arrangement, the title holder may, by further notice in writing served on each such landholder, request them to agree to the appointment of an arbitrator.
- (2) The holder of a prospecting title, and each landholder concerned, may agree to the appointment of any person as an arbitrator.

69G Appointment of arbitrator in default of agreement

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in accordance with section 69F, the title holder and each landholder concerned have been unable to agree on the appointment of an arbitrator, then any one of them may apply to the Secretary for the appointment of a member of the Arbitration Panel as an arbitrator.
- (2) At the same time as, or after, an application is made under this section, but before an arbitrator is appointed, the holder of the prospecting title concerned must pay the application fee prescribed by the regulations for the purposes of this section.

- (b) the mediation has been terminated under subsection (3) (a)–(c), and

(c) the parties have consented to the arbitrator conducting the subsequent arbitration,

the arbitrator must, as soon as reasonably practical after that consent has been given, disclose to all other parties to the arbitration so much of the information as the arbitrator considers material to the arbitration.

- (6) If the parties consent under subsection (4) (b), no objection may be taken to the conduct of the subsequent arbitration by the arbitrator solely on the ground that he or she has previously conducted a mediation in accordance with this section.
- (7) If the arbitrator refuses to conduct the subsequent arbitration under subsection (4) (a) or the parties do not consent under subsection (4) (b), the arbitrator's mandate is taken to have been terminated and a substitute arbitrator may be appointed—
- (a) by the parties, or
 - (b) by the Secretary, but only if the parties have been unable to agree on the appointment of an arbitrator by the end of 7 days after the termination of the mediation.

- (3) An access arrangement does not run with the land, and accordingly a person does not (except as provided by this section) become a party to the access arrangement merely because the person becomes a landholder of any of the land after the access arrangement was agreed or determined.
- (4) If, after an access arrangement has been agreed or determined, a person becomes a landholder of any of the land to which the arrangement applies in addition to another landholder who continues to be a party to the arrangement, the provisions of the arrangement (other than those relating to the payment of compensation) apply to the new landholder as if the new landholder were a party to the arrangement, but only if the holder of the prospecting title concerned has given the new landholder a copy of the access arrangement.

- (5) If the new landholder objects to the arrangement within 28 days after being given a copy of the arrangement, the access arrangement ceases to apply to the new landholder when whichever of the following first happens—

 - (b) an arbitrator is appointed and determines an access arrangement in relation to the new landholder in accordance with this Part,
 - (c) at the end of the period of 60 days after the new landholder objects, an access arrangement has not been so agreed or determined.

However, if an arbitrator is appointed or an application for review of the determination of the arbitrator is made, the arbitrator or Land and Environment Court (as the case requires) may continue the existing access arrangement (with or without variation) until the determination of the arbitration or review.

- (6) Nothing in this section prevents an access arrangement being agreed or determined in respect of a proposed new landholder.

- either party to those Court proceedings may apply to the Court to have the Court determine an access arrangement under this Part in relation to the land.

 - (b) investigations by the Secretary of complaints.

- (4) The Minister may not grant consent under this section in respect of lands within a state recreation area under the *National Parks and Wildlife Act 1974*—
 - (a) without the concurrence in writing of the Water Administration Ministerial Corporation, where the lands concerned are within an irrigation area as defined in the *Crown Lands Act 1989* (as in force immediately before its repeal), or
 - (a1) without the concurrence in writing of the Lands Administration Ministerial Corporation constituted by the *Crown Land Management Act 2016*, or
 - (b) without the concurrence in writing of the Minister for the time being administering the *National Parks and Wildlife Act 1974*, in any other case.

Part 10A Security deposit conditions

106A Definitions

- (1) In this Part—

assessed deposit has the meaning given by section 106E.

group security deposit means a single security deposit that, under a security deposit condition or conditions, is required to be given and maintained in respect of more than one petroleum title.

minimum deposit has the meaning given by section 106H.

security deposit condition means a condition of a petroleum title imposed under section 106B.

- (2) In this Part, a reference to obligations under this Act does not include a reference to any obligation to pay royalty under this Act, compensation under Part 11 or a fee payable under Part 7A.

106B Security required to be given

- (1) On granting a petroleum title, the Minister may impose a condition requiring the holder of the title to give and maintain a security deposit (in such form, and on or before such date, as the Minister may determine) for the fulfilment of the holder's obligations under this Act in respect of the title (including obligations that may arise in the future) and to maintain that security deposit until those obligations are fulfilled.
- (2) A condition requiring a security deposit to be given and maintained by the holder of a petroleum title may be expressed so as to require the security given and maintained in relation to some other petroleum title to be extended to the firstmentioned petroleum title.

- (3) The Minister may at any time impose a condition of a kind referred to in subsection (1) on an existing petroleum title that is not subject to any such condition by causing a written notice to be served on the holder of the petroleum title.
- (4) The Minister may, by causing a written notice to be served on the holder, amend any 2 or more petroleum titles held by the same holder that contain a condition of a kind referred to in subsection (1) so as to require a single security deposit to be given and maintained.
- (5) The Minister may, by causing a written notice to be served on the holder, vary a condition imposed under this section, so as to vary the amount and form of security that is required to be given and maintained.
- (6) A condition imposed or varied under this section takes effect on the date the written notice of the condition or variation is served on the holder concerned, or on such later date as may be specified in the notice.
- (7) A condition may be imposed under this section in relation to any impact that is the result of work carried out under the relevant petroleum title, whether or not that impact is in relation to land over which the petroleum title is to be or was granted.

106C Security may be required before application for title is granted

- (1) If the Minister proposes to grant a petroleum title subject to a security deposit condition, the Minister may, by notice given to the applicant—
 - (a) advise the applicant of the proposed security deposit condition, and
 - (b) require the applicant to provide the security deposit required to be given and maintained under that condition before the title is granted.
- (2) If the Minister requires a security deposit to be provided before a petroleum title is granted, the title must not be granted unless the security deposit is provided.

106D Amount of security deposit

The amount of the security deposit that may be required by a security deposit condition is—

- (a) the assessed deposit for the petroleum title concerned as at the date the condition is imposed or varied, or
- (b) if there is no assessed deposit for the petroleum title—the minimum deposit for the petroleum title as at the date the condition is imposed or varied.

106E Secretary may assess amount of security deposit

- (1) The Secretary may assess the amount of the security deposit that may be required by a security deposit condition for a particular petroleum title or, in the case of a group

security deposit, for a particular group of petroleum titles.

- (2) The amount of the security deposit as assessed by the Secretary is the **assessed deposit** for the petroleum title or petroleum titles concerned.
- (3) The Secretary must make an assessment if the regulations require an assessment to be made.
- (4) The Secretary may make an assessment at any other time—
 - (a) at the request of the Minister, or
 - (b) on the Secretary's own initiative.
- (5) An assessment, and a decision to make or request an assessment, may be made without prior notice to, or consultation with, the holder of an affected petroleum title.
- (6) The Secretary is to make an assessment under this section having regard to the estimated cost of fulfilling any obligations under this Act in respect of the petroleum title or petroleum titles concerned, including obligations that may arise in the future.
- (7) An assessed deposit must not be less than the minimum deposit for the petroleum title or, in the case of a group security deposit, the sum of the minimum deposits for all affected petroleum titles.
- (8) After an assessment is made, the Secretary must give written notice of the assessment—
 - (a) to the holder of an affected petroleum title, and
 - (b) to the Minister.
- (9) The notice given to the holder of an affected petroleum title must—
 - (a) set out the reasons for the Secretary's assessment, and
 - (b) advise the holder of the holder's entitlement to apply for a review of the assessment under this Part.
- (10) The Secretary is to exercise his or her functions under this section having regard to any guidelines approved by the Minister.
- (11) An assessment by the Secretary under this section does not affect—
 - (a) the validity of any security deposit condition imposed or varied before the assessment was made, or
 - (b) liability for an administrative levy that arose before the assessment was made.
- (12) The Secretary may revise his or her assessment under this section. For that purpose,

the Secretary may amend, revoke or replace a previous assessment.

- (13) This section applies in respect of the revision of an assessment in the same way as it applies in respect of an assessment.
- (14) An assessment may be made in relation to a security deposit condition proposed to be imposed on the grant of a petroleum title and, for that purpose, a reference in this section, and in sections 106F and 106G, to a holder of a petroleum title is taken to include a reference to a person who, on grant, will be a holder of a petroleum title.

106F Application for review of assessed deposit

- (1) The holder of a petroleum title may apply for a review by the Minister of the Secretary's assessment of the amount of the security deposit that may be required for the petroleum title.
- (2) The application must—
- (a) be made in writing, and
 - (b) be made in a form approved by the Minister (if any form is approved), and
 - (c) contain particulars of the grounds for review of the assessment, and
 - (d) contain or be accompanied by such other information or documents as the Minister requires to review the assessment (which requirement may be specified on the Department's website), and
 - (e) be accompanied by any fee required by the regulations, and
 - (f) be lodged with the Secretary within 28 days after notice is given to the holder of the petroleum title of the assessment or within such other period as the regulations may prescribe.
- (3) The holder of a petroleum title is not entitled to apply for a review under this section if the assessment concerned has previously been reviewed under this section.
- (4) This section applies in respect of a revision of an assessment in the same way as it applies in respect of an assessment.

106G Review of assessed deposit by Minister

- (1) If an application for review of the Secretary's assessment of the amount of a security deposit that may be required for a petroleum title is duly made, the Minister is to review the Secretary's assessment.
- (2) In conducting a review, the Minister—
- (a) is to have regard to any submissions made by the holder of the petroleum title in

relation to the assessment the subject of the review, and

- (b) otherwise, has the same functions as the Secretary in relation to an assessment.
- (3) The review, if conducted by a delegate of the Minister, is not to be conducted by the Secretary or a person who, as the delegate of the Secretary, made the assessment the subject of the review.
- (4) Following the review, the Minister may—
 - (a) affirm the Secretary’s assessment, or
 - (b) amend the Secretary’s assessment, or
 - (c) set aside the Secretary’s assessment and substitute a new assessment.
- (5) An assessment, or an amendment to an assessment, that is made by the Minister has the same effect as an assessment, or an amendment, made by the Secretary. However, the assessment or amendment is not reviewable under this section.
- (6) Any action taken by the Minister under this section does not affect—
 - (a) the validity of any security deposit condition imposed or varied before the action was taken, or
 - (b) liability for an administrative levy that arose before that action was taken.
- (7) However, if the Minister makes a new assessment, or amends an assessment, the Minister may—
 - (a) vary a security deposit condition in accordance with the assessment or amendment, and
 - (b) direct the Secretary to reassess any administrative levy payable for an affected petroleum title, and for which liability arose before the Minister’s assessment or amendment, in a manner that the Minister considers fair and reasonable.

Note—

The amount of the security deposit required in respect of a petroleum title directly affects the administrative levy payable in respect of the petroleum title under Part 7A. In general terms, the levy is one percent of the amount of the security deposit.

106H Minimum deposit

- (1) The **minimum deposit** for a petroleum title is the amount prescribed by the regulations as the minimum deposit in relation to the type of petroleum title concerned.
- (2) A change to the minimum deposit for a petroleum title does not affect the validity of a

security deposit condition imposed or varied before the change takes effect.

106I Forfeiture of security

- (1) All or such part of any security deposit in relation to a petroleum title as the Minister may determine is to be forfeited to the Crown if the holder of the title fails to fulfil the obligations under this Act in relation to the title or, in the case of a group security deposit, any of the titles in respect of which the security is given.
- (2) Forfeiture is effected by the service of a written notice on the holder of the relevant petroleum title.
- (3) Money realised from the forfeiture of any such security deposit is to be applied for the purpose of fulfilling the obligations under this Act in relation to the petroleum title concerned.

Part 11 Compensation

107A Definition

In this Part—

compensable loss means loss caused, or likely to be caused, by—

- (a) damage to the surface of land, to crops, trees, grasses or other vegetation (including fruit and vegetables) or to buildings, structures or works, being damage which has been caused by or which may arise from prospecting or mining operations, or
- (b) deprivation of the possession or of the use of the surface of land or any part of the surface, or
- (c) severance of land from other land of the landholder, or
- (d) surface rights of way and easements, or
- (e) destruction or loss of, or injury to, disturbance of or interference with, stock, or
- (f) damage consequential on any matter referred to in paragraphs (a)-(e).

107 Compensation

- (1) On the granting of a petroleum title, each person having any estate or interest in any land becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the person as a result of the exercise of the rights conferred by the title or by an access arrangement in respect of the title.

Note—

A **petroleum title** is an exploration licence, assessment lease, production lease or special prospecting authority in force under this Act.

- (1A) A native title holder within the meaning of the Commonwealth Native Title Act is to be treated as having an estate or interest in land for the purposes of subsection (1).
- (2) The holder of a petroleum title is liable to compensate any other holder of a petroleum title whose operations under the title are detrimentally affected, or likely to be so affected, by the grant under this Act of an easement or right of way through, on or over the land comprised in the title held by that other holder or by the use of any such easement or right of way.
- (3) Compensation is not payable under this Act by the holder of a petroleum title, or a person to whom an easement or right of way has been granted under this Act, where the operations of the holder or person do not affect, and are not likely to affect, any portion of the surface of any land.
- (4) Any compensation agreed on or determined under Subdivision M or P of Division 3 of Part 2 of the Commonwealth Native Title Act for essentially the same act as an act in respect of which compensation is payable under this Part must be taken into account in the assessment of compensation for the act under this Part.

108 Parties to agree as to compensation

- (1) The holder of a petroleum title may treat and agree with any person entitled to compensation under this Act as to the amount of the compensation.
- (2) If within a time prescribed by the regulations the parties are unable to agree on the amount of compensation to be paid, then, on the application of any party, the Land and Environment Court may assess the amount of compensation to be paid by the holder of the title concerned. The Court's decision is binding on the parties.
- (3) Subsection (2) does not apply to compensation that is to be determined under an access arrangement that is required to be agreed or determined in accordance with Part 4A or 4B of this Act.

109 Measure of compensation

- (1) (Repealed)
- (2) Where—
 - (a) the holder of a petroleum title is liable to compensate another holder of a petroleum title, and
 - (b) the compensation is assessed under this Act by any court, person or body, the assessment is to be of the loss caused or likely to be caused by the operations of the other holder being detrimentally affected, or being likely to be so affected.
- (3) In determining the amount of compensation, a court, person or body must take into

consideration the amount of compensation which any person entitled to it, or the predecessor in title of any such person, has already received for or in respect of the damage or loss for which compensation is being determined and must deduct the amount already so received from the amount to which the person would otherwise be entitled for such damage or loss.

- (4) In making an assessment of compensation regard is to be had to the matters (if any) prescribed by the regulations.

110 Manner of assessment

- (1) If compensation is assessed under this Act by the Land and Environment Court, the assessment is to be made in the manner prescribed by the regulations and after notice to the persons who appear to the Court to be interested in the assessment.
- (2) In making any such assessment, the Land and Environment Court—
- (a) may deal with the matter at any time and place fixed by the Court, and
 - (b) may make the assessment in the absence of any persons interested who appear to the Court to have been duly notified, and
 - (c) may adjourn the hearing to any time and place, subject to such terms as to costs or otherwise as the Court thinks fit.
- (3) The amount so assessed is to be paid, by the person adjudged liable to pay it, into the Land and Environment Court within the time specified by the Court and is from time to time, as may be thought necessary by the Court, to be paid out of court on the application of any person entitled to it.
- (4) If the amount so assessed is not paid into court within the time specified by the Land and Environment Court, the petroleum title of the holder, or the easement or right of way granted to the person, liable to make the payment may be cancelled or revoked, as the case may be.
- (5) If, after 6 months and before 12 months from the determination of a petroleum title, or the revocation of an easement or right of way, under this section, the whole or any part of an amount so paid into court—
- (a) has not been paid out under this section, and
 - (b) has not been ordered to be paid out,
- any person who has paid the amount into court may apply to the Land and Environment Court for the payment out to him or her of that amount or part.
- (6) The Land and Environment Court may order the amount or part to be paid accordingly.

- (7) After the expiration of the 12-month period the Land and Environment Court may cause the amount or part to be paid into the Treasury and carried to the Consolidated Fund.

111 Additional assessment

If, after an assessment has been made in accordance with this Part, it is proved to the satisfaction of the Land and Environment Court—

- (a) that the whole of the amount paid into court pursuant to this Part has been duly paid out, and
- (b) that since the date of the payment out, or the last payment out, as the case may be, further compensable loss has been caused to the land to which the assessment relates or to other land,

the Court must, subject to the terms of any relevant valid agreement between the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the petroleum title, or by the person to whom the easement or right of way has been granted, as the case may be, within the time and to the persons specified in the order.

112 Appeals from assessments

An appeal may be brought against an assessment made by the Land and Environment Court under this Act in the same manner as an appeal against an assessment of the Court made under the *Mining Act 1992*, and the provisions of that Act, with any necessary modifications, apply accordingly.

112A Native title compensation payable by holders of petroleum titles

- (1) This section applies to the grant, renewal or variation of petroleum titles under this Act after the commencement of this section.
- (2) If compensation is payable under section 24MD of the Commonwealth Native Title Act in respect of an act to which this section applies that is attributable to the State, the holder of the title concerned at the time of the grant, renewal or variation is declared, in accordance with section 24MD (4) (b) (i) of that Act, to be liable to pay the compensation.

112B Jurisdiction of Land and Environment Court

- (1) The Land and Environment Court has jurisdiction to hear and determine proceedings relating to any of the following matters—
- (a) any demand concerning the ascertainment and adjustment of boundaries of land held under a petroleum title, or occupied by virtue of an easement or right of way

granted under this Act, where such boundaries are in dispute or doubtful—in which case the Court is to ascertain and determine such boundaries by such means as may be found convenient, and may make and give all such orders and directions as may be necessary for the purpose of carrying out or giving effect to its determination,

- (b) the right to the occupation of areas of land comprised in a petroleum title and the right to or ownership of petroleum and other materials obtained from them,
- (c) the right to the use of areas of land comprised in an easement or right of way granted under this Act,

- (i) any demand concerning contributions to calls or to the expense of working or using any such land or works or any share or interest in any such contributions,
- (j) any demand concerning or arising out of any mortgage or assignment by way of security of or charge on any such land, works, machinery, petroleum or any share or interest in any such mortgage or assignment,

 - (ii) any assignment of such mortgages, charges and encumbrances, or

- (iii) any contract respecting the working or use of any such land, works or machinery or any partnership or joint venture for or in relation to the search for or mining of petroleum or the total or partial dissolution of any such partnership or joint venture,

 - (m) any question or dispute as to—
 - (i) the validity of a petroleum title, or
 - (ii) the decision of the Minister in relation to an application for the granting, renewal or transfer of a petroleum title, or
 - (iii) the decision of the Minister to cancel a petroleum title,
 - (n) the recovery of any money which any person is liable to pay under this Act or the regulations and for which no other mode of recovery is provided under this Act or the regulations,
 - (o) all questions and disputes which may arise—
 - (i) between holders of petroleum titles, or
 - (ii) between holders of petroleum titles and landholders,
 - (p) all questions or disputes which may arise as to operations on or the working or management of the land comprised in a petroleum title,
 - (q) any other matter in respect of which jurisdiction is conferred on the Court by this Act.
- (2) Nothing in this section limits or restricts the jurisdiction conferred on any other court by any other Act or law.

112C Land and Environment Court may order deposit of petroleum, money or chattels or prohibit extraction of petroleum

- (1) On application by any party to proceedings in the Land and Environment Court, the Court may order any other party to the proceedings—
- (a) to deposit, pending its decision, any petroleum, money or chattels—
 - (i) the right to which will, in the opinion of the Court, be put in issue in the course of those proceedings, and
 - (ii) which may then be in, or at any time before the termination of the

proceedings may come into, the possession or control of that other party, or

(b) not to extract any petroleum the right to which will, in the opinion of the Court, be put in issue in the course of those proceedings.

(2) An order under subsection (1) (a) must specify the thing to be so deposited and must direct the deposit to be made, at or before a time specified in the order, with a person or at a place so specified.

112D Land and Environment Court may grant injunction

(1) If an application is made to the Land and Environment Court by a person claiming to hold a legal or equitable interest in any land subject to a petroleum title, or in any property, the Court may, on such terms as to costs or otherwise as it may consider just, grant an injunction restraining any specified person—

(a) from encroaching on, occupying, using or working the land or property, or

(b) from seeking or extracting any petroleum from the land, or

(c) from selling or disposing of or otherwise interfering with the property, or

(d) from doing any act that may affect the interest concerned in the whole, or any part, of the land or property.

(2) An injunction remains in force for the period specified in the injunction, unless it is sooner discharged.

112E Granting of injunctions in cases of urgency

(1) If an applicant for an injunction satisfies the Land and Environment Court that there are urgent reasons for granting the injunction, the Court may, in any case in which the Court might otherwise grant an injunction, grant an injunction to have effect for a period of not more than 2 months (including the day on which the injunction is made) without notice of the application having been served on any other party.

(2) The Land and Environment Court may not grant a continuance of an injunction granted under this section, and may not grant a further injunction under this section, but application for a further injunction may be made under section 112D, either during or after the period of the injunction granted under this section.

112F Orders protecting adjacent petroleum titles

(1) The holder of a petroleum title over land which is adjacent to—

(a) land that is the subject of an injunction, or

(b) land on which is located property that is the subject of an injunction,

may apply to the Land and Environment Court for an order permitting the land or property under injunction to be worked so as to prevent or minimise damage to or depreciation of the land over which the petroleum title is held.

(2) The Land and Environment Court—

(a) may order, on such terms as the Court thinks fit, such working of that land or property as in the Court's opinion will be sufficient to prevent that damage or depreciation, and

(b) may make such further order as to the cost of that working as the Court considers just.

(3) An order may not be made under this section unless the applicant shows to the satisfaction of the Land and Environment Court that the petroleum title concerned will sustain damage or be materially depreciated in value by reason of the non-working of the land or property under injunction.

112G Court may order payment of money or delivery of petroleum

(1) If any money or petroleum is claimed in the Land and Environment Court, the Court may order the payment of such money or the delivery of such petroleum as it may find to be due or deliverable by one party to another, where possible.

(2) If such a claim arises out of a petroleum mining partnership, adventure or interest, the Land and Environment Court may take accounts in respect of that partnership, adventure or interest, to the extent to which it may be necessary to ascertain what money or petroleum (if any) is so due by one party to the other, and may make such further order as it considers just.

(3) If the Land and Environment Court orders payment of money in respect of any debt, damages, costs or otherwise, the Court may make a further order—

(a) that any petroleum in the possession, and being the property, of the party directed to make the payment must (to the extent in value of the payment as estimated by the Court) be delivered up to the party entitled to the payment, and

(b) that the petroleum to that extent be seized and delivered accordingly.

(4) If such a further order is made, the order for payment of money may only be enforced in respect of any balance remaining due after deducting the value of the petroleum so delivered to the party entitled to payment.

6 Determination of applications

- (1) After a competitive selection application has been considered in accordance with this Schedule, the application is to be dealt with and determined in accordance with the provisions of this Act as they relate to an application for an exploration licence, assessment lease or special prospecting authority (as appropriate). Accordingly, a power of the Minister under this Act to refuse an application for an exploration licence, assessment lease or special prospecting authority applies to a competitive selection application.

Note—

A competitive selection process does not guarantee that a petroleum prospecting title will be issued (because all competing applications may be refused).

- (2) If a competitive selection application fails to meet the requirements of the invitation in relation to which it is made, the application can be refused at any time during the competitive selection process without waiting for the process to be finalised.
