Schedule 3

St. Leonards to Eastwood Railway Act 1927 No 26

New South Wales

An Act to sanction the construction of a line of railway from St. Leonards to Eastwood; and for purposes connected therewith.

1 Name of Act

This Act may be cited as the *St. Leonards to Eastwood Railway Act 1927*.

2 Work sanctioned

The carrying out of the work described in the Schedule to this Act is hereby sanctioned.

3 The plan

The plan of the said work is the plan marked "*N.S.W. Railways, St. Leonards to Eastwood, Schedule Plan*", signed by the Railway Commissioners for New South Wales and countersigned by the Chief Engineer for Railway and Tramway Construction, and deposited in the public office of the said Railway Commissioners.

4 Cost

The cost of carrying out the said work (exclusive of land resumptions) is estimated at six hundred and ninety-three thousand nine hundred and eighteen pounds, and such estimated cost shall not, under any circumstances, be exceeded by more than ten per centum.

5 Work may be constructed on road

The said work may be constructed on or along or by the side of any road or highway.

Schedule

THE proposed electric railway commences at a point on the Milson's Point to Hornsby line at 3 miles 30 chains from Milson's Point, and about 40 chains north of St. Leonards Station; the route proceeds in a westerly direction to Parklands-avenue, thence it bears south-westerly to the head of Burns Bay, and takes a generally north-westerly direction and crosses Lane Cove River immediately north of its confluence on its western side with Buffalo Creek; ascends Kitty's Creek, at the head of which a westerly bearing takes it past the northern side of North Ryde Public School and School of Arts, across

the Great North road and to the terminus at 11 miles 56 chains from Milson's Point at a point about 20 chains north of the Eastwood Station on the existing Sydney to Hornsby line, being a total distance of 9 miles 6 chains, including the branch line to the Northern Suburbs Cemetery, and subject to such deviations and modifications as may be considered desirable by the Constructing Authority.
