- (1) This Act authorises the following (collectively referred to in this Act as the **authorised transaction**)—
 - (a) the transfer, by the Treasurer, of titling and registry assets of a public sector agency to the private sector or any public sector agency (referred to in this Act as an **authorised asset transfer**),
 - (b) arrangements, established by the portfolio Minister with the approval of the Treasurer, to authorise and otherwise facilitate the provision of titling and registry services by a private sector entity (or a related entity of a private sector entity) to which titling and registry assets are transferred under this Act (referred to in this Act as the **authorised concession**),

- (2) The authorised concession is limited to a term of 35 years and cannot be renewed or extended beyond that term.

Note—

Section 18 (Further authorised concession on termination of authorised concession) provides for the establishment of a new authorised concession with a term of up to 35 years if the original authorised concession is terminated before its term expires.

Part 4 Arrangements for transfer of assets and the authorised concession

12 Vesting orders

- (1) Assets, rights and liabilities comprising titling and registry assets may be vested in a specified person by order in writing (a **vesting order**) made—
 - (a) by the Treasurer for the purposes of an authorised asset transfer, or
 - (b) by the portfolio Minister for the purposes of re-vesting on termination.

Note—

Schedule 2 provides for vesting orders.

- (2) A vesting order made by the portfolio Minister for the purposes of re-vesting on termination to transfer titling and registry assets to a private sector entity (but not to a public sector agency) requires the approval of the Treasurer.
- (3) A vesting order may vary the terms and conditions of any instrument or contract that relates to assets, rights or liabilities to the extent that is necessary or convenient for the purposes of the authorised transaction.

13 Authorised concession arrangements

- (1) The authorised concession arrangements are to include provision for the following (without limiting the matters for which the authorised concession arrangements can make provision)—
 - (a) the appointment of a private sector entity as **authorised operator**,
 - (b) the grant to the authorised operator of a concession that authorises the authorised operator to maintain the Register and provide specified titling and registry services on the terms and conditions specified in the authorised concession arrangements,
 - (c) the competition and data protection measures required by this section,

- (d) the standards in accordance with which the authorised operator is required to provide titling and registry services,
 - (e) the delegation to the authorised operator of such titling and registry functions as may be necessary or convenient for the purposes of the authorised concession,
 - (f) the functions of the portfolio Minister and the Registrar-General for the purposes of the authorised concession.
- (2) The competition and data protection measures required by this section are measures that the portfolio Minister is satisfied will—
- (a) ensure that electronic forms of the Register are stored on dedicated physical infrastructure located within Australia, and
 - (b) require the implementation and maintenance by the authorised operator of appropriate data security and fraud detection practices, and
 - (c) protect current competition and opportunities for future competition in the supply of services downstream from titling and registry services by ensuring fair, transparent and predictable dealing by the authorised operator with customers and service providers, and
 - (d) ensure that any right, title or interest of the State in information comprised in the Register continues to be held by the State and is not acquired by the authorised operator (without preventing arrangements for the use of information by the authorised operator for the purposes of the authorised concession).
- (3) The authorised concession arrangements can include transaction arrangements entered into by the Registrar-General at the direction of the portfolio Minister.
- (4) The authorised concession arrangements require the approval of the Treasurer before the authorised concession is established but any variation to those arrangements (including additional arrangements) after commencement of the authorised concession does not require the approval of the Treasurer.

14 Delegation of titling and registry functions

- (1) Titling and registry functions of the Registrar-General can be delegated to the authorised operator by the portfolio Minister for the purposes of the authorised concession.
- (2) Section 49 (Delegation of functions) of the [Interpretation Act 1987](#) applies to a delegation under this section subject to the following—
 - (a) the delegation can provide that it cannot be wholly or partly revoked either generally or except in specified circumstances,

- (b) the delegation can provide that a delegated function can be exercised only by the delegate and not by the Registrar-General, either generally or in specified circumstances.
- (3) Without limiting the conditions to which a delegation may be subject, a delegation under this section may be subject to a condition that requires a delegated function to be exercised in accordance with directions given by the Registrar-General from time to time.
- (4) A delegation under this section has effect as a delegation by the Registrar-General.
- (5) The authorised operator may exercise a delegated function in the name of the Registrar-General or in its own name.
- (6) This section is not limited by section 4A (Registrar-General—delegation and seal of office) of the [Real Property Act 1900](#).

15 Liability of authorised operator for compensation

- (1) The authorised operator has no liability for loss or damage referred to in section 120 (Proceedings for compensation) of the [Real Property Act 1900](#) that arises from any act or omission of the authorised operator (or any person acting under the direction or control of the authorised operator) in the course of the exercise or purported exercise of titling and registry functions.
- (2) A liability referred to in subsection (1) that the authorised operator would have were it not for the operation of that subsection attaches instead to the Registrar-General.
- (3) This section does not apply to a liability to the State that arises under the authorised concession arrangements.

16 Penalty provision in authorised concession arrangements

- (1) The authorised concession arrangements may include provision (a **penalty provision**) that requires the authorised operator to pay a penalty for a failure by the authorised operator to comply with an obligation under the authorised concession arrangements.
- (2) A penalty for which a penalty provision provides may be a specified amount, an amount calculated or determined in a specified manner, or an amount determined by the Registrar-General and not exceeding a specified maximum amount or a maximum amount calculated or determined in a specified manner.
- (3) A penalty provision is lawful and enforceable despite imposing a penalty.
- (4) A penalty that the authorised operator is liable to pay under a penalty provision is recoverable as a debt due to the State and is to be paid into a fund called the Rectification Retention Account that is to be established in the Special Deposits

Account and administered by the portfolio Minister.

- (5) There is payable from the Rectification Retention Account—
- (a) such amounts as the portfolio Minister may direct for the purpose of rectifying any operational, systems or process issues that arise in connection with the provision of titling and registry services, and
 - (b) such amounts as the portfolio Minister may direct for any purpose in connection with the provision of titling and registry services that is prescribed by the regulations, and
 - (c) such amounts as the Treasurer may direct for payment into the Consolidated Fund.
- (6) The portfolio Minister may invest money in the Rectification Retention Account—
- (a) if the portfolio Minister is a GSF agency for the purposes of Part 6 of the [Government Sector Finance Act 2018](#)—in any way that the portfolio Minister is permitted to invest money under that Part, or
 - (b) if the portfolio Minister is not a GSF agency for the purposes of Part 6 of the [Government Sector Finance Act 2018](#)—in any way approved by the Treasurer.

17 Grant of relevant authorisations

- (1) The portfolio Minister may by order in writing given to the relevant administering agency direct the grant of a specified relevant authorisation to a person who becomes or who it is proposed will become the authorised operator.
- (2) Such a direction (a **grant direction**) operates to grant the specified relevant authorisation on such terms and conditions and subject to such endorsements as may be specified in the direction, and so operates—
- (a) without the need for any action by the relevant administering agency, and
 - (b) without the need for the making or determination of any application for the relevant authorisation, and
 - (c) despite any requirement of or restriction imposed by a relevant law in relation to the grant of a relevant authorisation.
- (3) A grant direction may only direct the grant of a relevant authorisation that—
- (a) operates to transfer or replace a relevant authorisation that is currently in force, and
 - (b) is subject to terms, conditions or endorsements that are the same (or to substantially the same effect) as those to which that relevant authorisation is subject.

- (4) A grant direction may direct the grant of more than one relevant authorisation to transfer or replace an existing relevant authorisation.
- (5) The portfolio Minister is to consult with the relevant administering agency before giving a grant direction for a relevant authorisation.
- (6) The portfolio Minister may direct the relevant administering agency to give effect to a grant direction by formally granting, and issuing the appropriate documentation for, the relevant authorisation concerned. The relevant administering agency must comply with the portfolio Minister's direction within the period specified in the direction.
- (7) Anything done by a public sector agency in compliance with a condition or endorsement of a relevant authorisation in relation to titling and registry assets is taken to have been done by the authorised operator for the purposes of any corresponding condition or endorsement of a relevant authorisation granted to the authorised operator pursuant to this section.

- (8) In this section—

grant includes issue and transfer.

relevant administering agency, in relation to a relevant authorisation, means the public sector agency or public official having the function of granting the relevant authorisation.

relevant authorisation means a licence, permit, consent, entitlement, accreditation, exemption or other authorisation held by a public sector agency.

18 Further authorised concession on termination of authorised concession

- (1) If the original authorised concession established under this Act is terminated before its term expires, this Act authorises the establishment of another authorised concession (a **re-tender concession**) and for that purpose this Act applies as if the re-tender concession were the original authorised concession.
- (2) Because this Act applies as if the re-tender concession were the original authorised concession, an authorised asset transfer and re-vesting on termination can occur in connection with the re-tender concession and not just the original authorised concession.
- (3) A re-tender concession cannot be granted so as to result in the authorised operator under the re-tender concession (or any related entity) being the same entity as the authorised operator under the original authorised concession.
- (4) As with the original authorised concession, a re-tender concession can be for a term of up to 35 years and is not limited to the remaining term of the original authorised concession.

- (5) If a re-tender concession is established, this section then applies to the re-tender concession as if it were the original authorised concession established under this Act (so as to authorise a further re-tender concession if the re-tender concession that is now treated as the original authorised concession is itself terminated). Accordingly, a re-tender concession with a term of up to 35 years can be established whenever the current authorised concession is terminated.
- (6) This Act does not authorise more than one authorised concession except as provided by this section.

Part 5 Arrangements for transfer of staff

19 Relevant employees

In this Act, **relevant employee** means a person employed in a public sector agency and engaged in the exercise of titling and registry functions, and includes a person who was so employed and engaged immediately before the person's employment was transferred under this Part to the employment of another public sector agency.

20 Transfers of staff within public sector

- (1) The Treasurer may, for the purposes of the authorised transaction, by order in writing transfer the employment of a relevant employee to the employment of another public sector agency.
- (2) A transfer of employment under this section does not require the consent of the person transferred.
- (3) An employee whose employment is transferred under this section is (until other provision is duly made under any Act or law) to be employed in accordance with any relevant statutory provisions, awards, agreements and determinations that would have applied to the employee had the employee remained a relevant employee.
- (4) The Treasurer may negotiate and enter into agreements or industrial instruments concerning workplace relations for or on behalf of a public sector agency in connection with the operation of this section.

21 Transfers of staff to private sector employment

- (1) The Treasurer may, for the purposes of the authorised transaction, by order in writing transfer the employment of a relevant employee (a **transferred employee**) to the employment of a private sector entity (the **new employer**).
- (2) A transfer of employment under this section does not require the consent of the relevant employee transferred.
- (3) The terms and conditions of employment of a transferred employee with the new employer are—

- (a) except in the case of a contract employee—the terms and conditions that applied to the employee under a State industrial instrument as a relevant employee immediately before the transfer of employment, or
 - (b) in the case of a contract employee—the terms and conditions determined by the Treasurer and specified in the order that transfers the employee’s employment.
- (4) Those terms and conditions cannot be varied during any employment guarantee period for the transferred employee except by agreement entered into by or on behalf of the transferred employee or in accordance with the [Fair Work Act 2009](#) of the Commonwealth.
- (5) The employment of a transferred employee with the new employer cannot be terminated by the new employer during any employment guarantee period for the transferred employee, except—
 - (a) for serious misconduct, or
 - (b) pursuant to the proper application of reasonable disciplinary procedures, or
 - (c) by agreement with the employee.
- (6) There is an **employment guarantee period** for transferred employees who are permanent or temporary employees, as follows—
 - (a) for permanent employees the employment guarantee period is 4 years after the transfer date,
 - (b) for temporary employees the employment guarantee period is the remainder of the employee’s current term of employment (as specified in the arrangements under which the employee was engaged as a temporary employee) immediately before the transfer date or the period of 4 years after the transfer date, whichever period ends first.

Note—

There is no employment guarantee period for contract employees or casual employees. The employment of a transferred employee who is a contract employee remains governed by the contract of employment.

- (7) In this section—

casual employee means an employee whose employment is in a category of employment that is described in or classified under a State industrial instrument as casual employment or who is otherwise engaged as a casual employee.

contract employee means an employee whose terms and conditions of employment are provided by an individual contract and not by a State industrial instrument.

permanent employee means an employee whose employment is of indefinite

duration and who is not a casual employee, temporary employee or contract employee.

temporary employee means an employee (other than a casual employee or contract employee) whose employment is in a category of employment that is described in or classified under a State industrial instrument as temporary employment or whose employment is, under the terms of his or her employment, for a limited period.

transfer date means the date on which the employment of a transferred employee is transferred under this section to the new employer.

22 Continuity of entitlements of transferred employees

- (1) On the transfer of an employee's employment from one employer (the **current employer**) to another employer (the **new employer**) by order under this Part or by a subsequent intra-business transfer, the following provisions have effect—
 - (a) the employee is entitled to continue as a contributor, member or employee for the purposes of any superannuation scheme in respect of which he or she was a contributor, member or employee (as an employee of the current employer) immediately before the transfer of employment and remains so entitled subject to any variation to that entitlement made either by agreement or otherwise in accordance with law,
 - (b) the new employer is taken to be an employer for the purposes of any superannuation scheme in respect of which the employee continues as a contributor, member or employee pursuant to an entitlement under this section,
 - (c) the continuity of the employee's employment is taken not to have been broken by the transfer of employment, and service of the employee with the current employer (including service deemed to be service with the current employer) that is continuous service up to the time of transfer is deemed for all purposes to be service with the new employer,
 - (d) the employee retains any rights to sick leave, annual leave or extended or long service leave accrued or accruing immediately before the transfer (except accrued leave for which the employee has, on ceasing to be an employee of the current employer, been paid the monetary value in pursuance of any other entitlement of the employee).
- (2) A **subsequent intra-business transfer** is a transfer of employment of a former relevant employee from one employer to another that results in the transferred employee remaining employed in or in connection with the business of providing titling and registry services. A **former relevant employee** is an employee who was a relevant employee before the employee's initial transfer by order under this Part to

employment by a private sector entity.

- (3) The Treasurer may in connection with the operation of this Part give a certificate in writing as to the extent of the accrued rights to annual leave, extended or long service leave or sick leave that are retained by the employee under this Part, and such a certificate is evidence of the matters certified.
- (4) Nothing in the [Long Service Leave Act 1955](#) prevents payment in connection with the transfer under this Act of the employment of an employee to the employment of a private sector entity of the monetary value of long service leave in lieu of an entitlement to that leave accrued as a relevant employee before the transfer of the employee's employment.
- (5) An employee is not entitled in respect of the same period of service to claim a benefit under this Act and another law or instrument.

23 Operation of other laws and entitlements

The following provisions apply in relation to the transfer of a person's employment under this Part—

- (a) the transfer has effect despite any other law, contract or instrument under a law,
- (b) the transfer does not constitute a retrenchment, redundancy or termination of employment at the initiative of the Crown or any other public sector agency,
- (c) the person transferred is not entitled to any payment or other benefit by reason only of having ceased to be an employee of a public sector agency as a result of the transfer,
- (d) a public sector agency is not required to make any payment to the transferred person in relation to the transferred person's accrued rights in respect of annual leave, sick leave or extended or long service leave.

24 Operation of Commonwealth law

A provision of this Act (including a provision to the extent that it imposes or continues a term or condition of employment) has no effect to the extent of any inconsistency with any provision of the [Fair Work Act 2009](#) of the Commonwealth or of any instrument under that Act.
