Water (Part 2—General) Regulation 1997

New South Wales

Part 1 Preliminary

1 Name of Regulation

This Regulation is the *Water (Part 2—General) Regulation 1997*.

2 Commencement

This Regulation commences on 22 August 1997.

3 Definitions

(1) In this Regulation:

the Act means the *Water Act 1912*.

(2) In this Regulation, a reference to a Form is a reference to a Form set out in Schedule 3.

4 Notes

The explanatory note and table of contents do not form part of this Regulation.

5 Extension of definition of “River”

For the purposes of paragraph (c) of the definition of **River** in section 5 (1) of the Act, that part of the Gol Gol Channel shown hatched black on the map marked “DWR Plan No 44/623”, a copy of which is deposited in the Parramatta Office of the Department of Land and Water Conservation, is prescribed as being a river.

5A Streams of water not within definition of “River”

For the purposes of the definition of **River** in section 5 (1) of the Act, the following streams of water are prescribed as not being rivers:

Barratta Creek, as shown on Central Mapping Authority map entitled “Morago 7827-II & III” (First Edition 1:50 000 Topographic Series)

Box Creek Escape Channel, as shown on Central Mapping Authority map entitled

“Morago 7827-II & III” (First Edition 1:50 000 Topographic Series)

Part 2 Licences, permits and authorities

Division 1 Applications for licences, permits or authorities

6 Application forms

An application under a section of the Act specified in Column 1 of Schedule 1 must be in the form specified in Column 2 of that Schedule opposite that section.

7 Deposits to be lodged with applications

A deposit of \$30 must be lodged with the following applications:

- (a) applications for licences under sections 10, 13 and 13A of the Act,
- (b) applications for authorities for joint water supply schemes under section 20 of the Act,
- (c) applications for group licences under section 20K of the Act.

Division 2 Form of licence

8 Form of licence

- (1) A licence under section 12 or 13 of the Act must be in Form 8.
- (2) A licence under section 13A of the Act must be in Form 9.

Division 3 Fees and charges

9 Fees for licences, authorities, permits and renewals

- (1) The fees payable for licences, authorities for joint water supply schemes, group licences and permits (and for their renewal) are to be calculated in accordance with Schedule 2.
- (2) A fee covers the period for which a licence, authority, group licence or permit is issued or renewed.

10 Refunds of fees

- (1) The Ministerial Corporation may refund a part of the last fee paid for a revoked, cancelled or modified licence, authority for a joint water supply scheme or group licence.
- (2) A refund may only be paid to a person who is an applicant for a further licence or authority in respect of works on (or on land including) the same land as the land on which the works the subject of the revoked, cancelled or modified licence or authority were situated.

- (3) The maximum refund payable is an amount that bears such proportion to the amount paid for the licence or authority as the residue of the period for which it was granted bears to its total period.

11 Time for payment of fees

A fee must be paid:

- (a) within 5 weeks after the Ministerial Corporation notifies the applicant of the amount of the fee, or
- (b) if an appeal or objection is lodged—within one week after a decision on the appeal or objection is made, or
- (c) if the Ministerial Corporation extends the period within which the fee must be paid—within that extended period.

12 Fees for transfer of water allocations

- (1) For the purposes of section 20AJ of the Act, the fee for the transfer of a water allocation is:
 - (a) \$250 in respect of a transfer applied for under section 20AI (1) of the Act, or
 - (b) \$75 in respect of a temporary transfer applied for under section 20AI (2) of the Act.
- (2) A fee is to be lodged with the application for the transfer.
- (3) The Ministerial Corporation may refund the whole or part of the fee:
 - (a) if the application is withdrawn before determination or is rejected by the Corporation, or
 - (b) in such other circumstances as the Corporation considers appropriate.

13 Maximum charges under section 22C of the Act

For the purposes of section 22C (4) (b) of the Act, the maximum rate in respect of all works and methods of obtaining water is \$21 per megalitre of water where the water is taken and used for any one or more of the following purposes:

- (a) irrigation,
- (b) water supply for stock,
- (c) mining,
- (d) recreation,
- (e) carrying on any industrial operation,

(f) town water supply.

14 Times and manner of payment of charges (section 22C (4) (c) of the Act)

- (1) A charge referred to in section 22C of the Act may be paid by instalments if the Ministerial Corporation so determines.
- (2) The number of instalments and the amounts of the instalments are to be as determined by the Ministerial Corporation.
- (3) A charge or an instalment must be paid to the Ministerial Corporation within one month after a notice requiring payment has been served on the licensee or holder of the authority or permit.
- (4) The notice must be served:
 - (a) personally, or
 - (b) by leaving it at the property or premises on which the licensee or holder resides or carries on business (or by leaving it with a person seemingly above the age of 14 years and apparently resident or employed on the property or premises), or
 - (c) by posting it by prepaid letter addressed to the licensee or holder at his or her place of residence or business last known to the Ministerial Corporation.

15 Interest on overdue charges

For the purposes of section 22C (6A) (a) of the Act, the prescribed rate of interest is the rate prescribed under section 101 of the [Civil Procedure Act 2005](#) with respect to the payment of interest on a judgment debt.

Part 3 Transfer of certain water rights

Division 1 Preliminary

16 Definitions

In this Part:

entitlement means a licence, authority or group licence under Part 2 of the Act.

permanent transfer means a transfer (other than a temporary transfer) of rights to take and use water.

temporary transfer means a transfer of rights to take and use water:

- (a) for a period that does not exceed 5 years, or
- (b) for a period that (when aggregated with the period or periods for which any other transfer or transfers has or have been obtained by the transferee under this Part or

under Part 4 of the Regulations repealed by this Regulation) does not exceed 5 years.

transferee means the person or body to which any rights to take and use water under an entitlement are transferred by operation of a provision of this Part.

transferor means the person or body from which any rights to take and use water under an entitlement held by that person or body are transferred by operation of a provision of this Part.

water source means:

- (a) a river, lake or section of a river, or
- (b) a combination of 2 or more of them.

17 Application of Part

- (1) This Part applies to transfers, between holders of entitlements or between the holder of an entitlement and a person who is an applicant for an entitlement, of rights to take and use water from a water source that is not the subject of a volumetric water allocations scheme under Division 4B of Part 2 of the Act.
- (2) This Part applies only to a water source that the Ministerial Corporation has determined to be subject to this Part.
- (3) (Repealed)

18 Transfer of water rights

- (1) The holder of an entitlement (other than the Ministerial Corporation) may transfer the whole or part of the holder's rights to take and use water under the entitlement:
 - (a) subject to the approval of the Ministerial Corporation, to the holder of another entitlement or (in the case of a permanent transfer) to a person who is an applicant for an entitlement, or
 - (b) to the Ministerial Corporation, by notice in writing given to the Ministerial Corporation.
- (2) The Ministerial Corporation, as holder of an entitlement, may transfer, on the application of the transferee, the whole or part of the Ministerial Corporation's rights to take and use water under the entitlement to the holder of another entitlement or (in the case of a permanent transfer) to a person who is an applicant for an entitlement.

Division 2 Applications for transfers

18A Application of Division

This Division does not apply to a transfer from the holder of an entitlement to the

Ministerial Corporation of rights to take and use water.

19 Applications for transfer generally

- (1) An application for a transfer of rights to take and use water must be in a form approved by the Ministerial Corporation.
- (2) The Ministerial Corporation may, in relation to an application:
 - (a) require the transferor to provide specified information and consents, and
 - (b) require the transferee to provide specified information and evidence.
- (3) Subclause (2) (a) does not apply to a transfer from the Ministerial Corporation to another person or body of rights to take and use water.

20 Applications for permanent transfer

An application for a permanent transfer of rights to take and use water must be accompanied by an application by the transferee for a new entitlement (or, if the transferee is the holder of an authority or a group licence, for an amended entitlement) that comprises or includes the rights to be transferred.

21 Applications for temporary transfer

An application for a temporary transfer of rights to take and use water may only be approved by the Ministerial Corporation if the transferee is the holder of an existing entitlement.

22 Application fees

- (1) An application for a permanent transfer of rights to take and use water must be accompanied by a fee of \$275.
- (2) An application for a temporary transfer of rights to take and use water must be accompanied by a fee of \$90.
- (3) The Ministerial Corporation may refund the whole or part of a fee:
 - (a) if the application is withdrawn before determination or is rejected by the Corporation, or
 - (b) in such other circumstances as the Corporation considers appropriate.

23 Approval of applications

- (1) In determining whether or not to approve a transfer of rights to take and use water, the Ministerial Corporation may take into consideration such matters as it thinks fit, including (without limiting the matters that may be considered):

- (a) the social and economic effects that a transfer would have if approved, and
 - (b) whether there has been a history of water usage (and, if so, the extent of that usage) under the transferor's entitlement, and
 - (c) the impact on the flow and water quality of the water source that a transfer would have if approved.
- (2) The Ministerial Corporation may, as a condition of its approval, require the transferor to surrender permanently part of the transferor's rights to take and use water under the entitlement.

Division 3 General

24 Giving effect to transfers of rights

- (1) A permanent transfer of rights to take and use water between the holder of an entitlement and a person other than the Ministerial Corporation is to be effected by the issue of a new entitlement to the transferee.
- (2) A temporary transfer of rights to take and use water between the holder of an entitlement and a person other than the Ministerial Corporation is to be effected by altering the conditions to which the entitlements of the transferor and transferee are subject.
- (3) A permanent or temporary transfer of rights to take and use water between a holder of an entitlement and the Ministerial Corporation is to be effected, after the receipt of the relevant notice referred to in clause 18 (1) (b) or the approval of the relevant application referred to in clause 23, by:
 - (a) the issue of a new entitlement to the transferee, or
 - (b) altering the conditions to which the entitlements of the transferor and transferee are subject.
- (4) The Ministerial Corporation may refuse to give effect to a transfer of rights to take and use water to or from the Ministerial Corporation for any or no reason.

25 Superseded rights to take and use water

- (1) The rights of a transferor to take and use water under an entitlement are, on completion of the transfer of the rights, abated to the extent of the transfer and any surrender under a condition of the approval of the transfer.
- (2) Any such abatement:
 - (a) is to be in the form of:
 - (i) a reduction of the area in relation to which the entitlement authorises the

holder to take and use water, or

(ii) a modification of the conditions of the entitlement,

or in such other form as may be determined by the Ministerial Corporation, and

(b) has effect for the approved period of the transfer.

(3) The Ministerial Corporation may cancel the entitlement of a transferor if all the rights to take and use water under the entitlement are permanently transferred.

26 Transfer zones

(1) The Ministerial Corporation may from time to time determine areas as transfer zones for the purposes of this Part.

(2) The Corporation may refuse to approve a transfer of rights to take and use water in respect of locations that are within different transfer zones if it is satisfied that:

(a) the transfer would result in the transferee's transfer zone being subjected to an unacceptable commitment, and

(b) any conditions determined by the Corporation have not been complied with.

Part 4 Miscellaneous

27 Public authorities

The following are prescribed as public authorities for the purposes of sections 14A, 18M and 22A of the Act:

For the purposes of section 22C (3) (a) of the Act, the following are prescribed uses:

- (a) mining,
- (b) recreation,
- (c) town water supply,
- (d) domestic.

31 Annual returns as to land irrigated

- (1) The holder of a licence or a group licence and each of the holders of an authority for a joint water supply scheme must furnish to the Ministerial Corporation, during the month of July in each year, a return in a form provided by the Corporation.
- (2) The return must include the following particulars in respect of the preceding 12 months:
 - (a) the area of land irrigated,
 - (b) each class of crop irrigated,

- (c) the method of irrigation,
- (d) the number of hours during which pumping or diversion has been carried on in each month,
- (e) the size of the pump or diversion work and the type of motive power.

Maximum penalty: 10 penalty units.

32 Repeal

- (1) The *Water (Part 2) Regulations* are repealed.
- (2) Any act, matter or thing that, immediately before the repeal of the *Water (Part 2) Regulations*, had effect under those Regulations continues to have effect under this Regulation.

Schedule 2 Fees

(Clause 9)

1 Interpretation

For the purposes of this Schedule, works to which Part 2 of the Act extends are classified as follows:

Class 1. Works for the purpose of taking water for use, including:

- (a) pumping machinery and other water lifting appliances, and
- (b) channels (whether artificial channels or natural channels artificially improved).

Class 2. Works for the purpose of storing water for use, including dams, weirs and regulators.

Class 3. Works not included in Class 1 or 2.

2 Fees for licences and renewals

(1) The fee for a licence or a renewal of a licence in respect of a Class 1 work is, if the work is:

- (a) for town or village water supplies or recreational requirements—\$95, or
- (b) for stock watering, railway, industrial, power or mining purposes, where the work will deliver water at a rate (in litres per second) that is specified in Column 1 of Table 1—the amount specified in Column 2 of that Table opposite the rate so specified, or
- (c) for irrigation purposes, where the land to be irrigated has an area (in hectares) that is specified in Column 1 of Table 2—the amount specified in Column 2 of that Table opposite the area so specified, or
- (d) for domestic purposes—\$60, or

- (e) for farming purposes other than irrigation or stock water supply—\$37.
- (2) The fee for an additional licence under section 18 (2) of the Act or a renewal of such a licence that is to be issued subject to a condition that water may only be diverted by a work under the licence or renewal when the flow in a river exceeds a certain flow, is, where the additional land to be irrigated has an area (in hectares) that is specified in Column 1 of Table 3—the amount specified in Column 2 of that Table opposite the area so specified.
- (3) The fee for a licence or a renewal of a licence in respect of Class 2 work is, if the work is for:
 - (a) domestic, stock or recreational requirements—\$95, or
 - (b) irrigation, generation of power, industrial purposes or mining—\$117.
- (4) The fee for a licence or a renewal of a licence in respect of Class 3 work is \$117.
- (5) The fee for a licence for works that are, in the opinion of the Ministerial Corporation, combined works (or for a renewal of such a licence) is the higher or highest of the fees that would be payable under this clause if a licence were to be issued or renewed for each work.
- (6) Section 14A of the Act provides that licences for certain works carried out by prescribed public authorities may, in the discretion of the Ministerial Corporation, be issued and renewed at a nominal fee.

3 Fees for authorities and renewals

- (1) In this clause, **authority** means an authority under Division 4 of Part 2 of the Act.
- (2) Subject to subclause (3), the fee for an authority or a renewal of an authority in respect of a Class 1 work is, if the work is:
 - (a) for town or village water supplies or recreational requirements—\$95, or
 - (b) for stock watering, railway, industrial, power or mining purposes, where the work will deliver water at a rate (in litres per second) that is specified in Column 1 of Table 1—the amount specified in Column 2 of that Table opposite the rate so specified, or
 - (c) for irrigation purposes, where the land to be irrigated has an area (in hectares) that is specified in Column 1 of Table 2—the amount specified in Column 2 of that Table opposite the area so specified, or
 - (d) for domestic purposes—\$60, or
 - (e) for farming purposes other than irrigation or stock water supply—\$37.

- (3) The fee for an authority or a renewal of an authority that is to be issued for irrigation purposes subject to a condition that water may only be diverted by a work under the authority or renewal when the flow in a river exceeds a certain flow, is, where the land to be irrigated has an area (in hectares) that is specified in Column 1 of Table 3—the amount specified in Column 2 of that Table opposite the area so specified.
- (4) A fee for an authority or a renewal of an authority is only to be calculated in accordance with subclause (3) if the authority is designated by the Ministerial Corporation as a “high-flow” authority.
- (5) The fee for an authority or a renewal of an authority in respect of a Class 2 work is, if the work is for:
 - (a) domestic, stock or recreational requirements—\$95, or
 - (b) irrigation, generation of power, industrial purposes or mining—\$117.
- (6) The fee for an authority or a renewal of an authority in respect of a Class 3 work is \$117.
- (7) If an authority or a renewal of an authority is to be issued in respect of more than one work, the fee for the authority or renewal is the higher or highest of the fees that would be payable under this clause if an authority were to be issued for each separate work in respect of which the authority or renewal is to be issued.

4 Fees for group licences and renewals

- (1) The fee for a group licence or a renewal of a group licence in respect of a Class 1 work is, if the work is:
 - (a) for a domestic or stock watering purposes, where the work will deliver water at a rate (in litres per second) that is specified in Column 1 of Table 1—the amount specified in Column 2 of that Table opposite the rate so specified, or
 - (b) for irrigation purposes, where the land to be irrigated has an area (in hectares) that is specified in Column 1 of Table 2—the amount specified in Column 2 of that Table opposite the area so specified.
- (2) The fee for a group licence or a renewal of a group licence in respect of a Class 2 work is, if the work is for:
 - (a) domestic or stock requirements—\$95, or
 - (b) irrigation—\$117.
- (3) The fee for a group licence or a renewal of a group licence in respect of a Class 3 work is \$117.
- (4) If a group licence or a renewal of a group licence is to be issued in respect of more

than one work, the fee for the group licence or renewal is the higher or highest of the fees that would be payable under this clause if a group licence were to be issued for each separate work in respect of which the group licence or renewal is to be issued.

5 Fees for permits and renewals

(1) The fee for a permit or renewal is:

- (a) if the period does not exceed 3 months—\$6, or
- (b) if the period exceeds 3 months and does not exceed 6 months—\$14, or
- (c) if the period exceeds 6 months and does not exceed 9 months—\$21, or
- (d) if the period exceeds 9 months—\$29.

(2) Section 18M of the Act provides that licences for certain works carried out by prescribed public authorities may, in the discretion of the Ministerial Corporation, be issued and renewed at a nominal fee.
