Willoughby Local Environmental Plan 2012

New South Wales

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Willoughby Local Environmental Plan 2012*.

1.1AA Commencement

This Plan commences on 31 January 2013 and is required to be published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Willoughby in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) for planning framework—
 - (i) to establish a broad planning framework for Willoughby, and
 - (ii) to enable the achievement of the goals and outcomes of the community strategic plan titled *Our Future Willoughby 2032*, published by the Council in June 2022, through planning controls,
 - (b) for sustainability—
 - (i) to conserve and enhance, for current and future generations, the ecological integrity, environmental heritage and environmental significance of Willoughby, and
 - (ii) to promote an appropriate balance between development and management of the environment, that will be ecologically sustainable, resilient, socially equitable and economically viable, and

- (iii) to better manage the risks associated with climate change through mitigation and adaptation, and
 - (iv) to reduce resource consumption through the planning and control of land use and development, and
 - (v) to reduce potential energy and water consumption and waste materials during the construction, occupation, utilisation and lifecycle of buildings, and
 - (vi) to manage and, where possible, minimise urban heat impacts on people and the environment, indoors and outdoors, through innovative, effective and sustainable urban design and use of green infrastructure,
- (c) for environmental protection—
- (i) to identify, protect and enhance environmentally sensitive areas such as native vegetation and fauna, foreshore areas, open space and areas of high scenic landscape value, and
 - (ii) to allow development at a scale that is sensitive to environmental constraints, and
 - (iii) to control and manage any adverse environmental impacts of development, and
 - (iv) to prevent loss of life and property and to minimise impacts on people, property and the environment from bush fires and natural disasters by—
 - (A) discouraging incompatible land uses in vulnerable areas, and
 - (B) incorporating, as part of compatible land uses, protective measures including appropriate construction techniques and materials, and
 - (C) avoiding unacceptable environmental degradation, and
 - (D) incorporating adequate measures to enable the safe evacuation of people from areas impacted by bush fires and natural disasters and ensure access to the areas by emergency services, and
 - (v) to reduce carbon emissions from buildings, transport, commerce and other activities,
- (d) for urban design—
- (i) to ensure development embraces the principles of quality urban design and encourages innovative, high quality architectural design to deliver durable, resilient and environmentally sustainable long-term outcomes, and
 - (ia) to establish, maintain and enhance green corridors and open spaces in

accordance with the Sydney green grid principles set out in the *Sydney Green Grid* published by the Department in March 2017, and

- (ii) to promote development that is designed and constructed—
 - (A) to enhance or integrate into the natural landform and the existing character of distinctive locations, neighbourhoods and streetscapes, and
 - (B) to contribute to the desired future character of the locality concerned, and
 - (iii) to ensure development design contributes positively to, and facilitates improvements to, the public domain, and
 - (iv) to preserve, enhance or reinforce specific areas of high visual quality, ridgelines and landmark locations, including significant gateways, views and vistas, and
 - (v) to ensure that development design takes into consideration crime prevention principles,
- (e) for amenity, wellbeing, health and safety—
- (i) to maintain and enhance the existing amenity, wellbeing, health and safety of the local community, and
 - (ii) to reduce adverse impacts from development on adjoining or nearby residential properties, and
 - (iii) to provide for social, cultural, recreational and community activities to meet the needs of residents, workers and visitors in Willoughby,
- (f) for housing—
- (i) to provide opportunities for a range of housing choice in Willoughby to cater for changing population needs in accessible locations, and
 - (ii) to facilitate the provision of adaptable and affordable housing, and
 - (iii) to support housing that maximises thermal comfort and minimises the impact of urban heat,
- (g) for economic sustainability—
- (i) to provide opportunities for a range of employment opportunities in Willoughby, and
 - (ii) to strengthen the viability and role of the city centres of Willoughby as places for commercial and cultural activities and services, and
 - (iii) to retain and manage industrial land,

- (h) (Repealed)
- (i) for heritage—to conserve items of environmental and cultural heritage and to retain the character of heritage conservation areas,
- (j) for access—
 - (i) to provide for local and regional transport needs and promote and increase the use of active transport through walking, cycling and the use of public transport, and
 - (ii) to provide appropriate levels of car parking in connection with the location of development and managing the demand for ancillary car parking, where there is good access to public transport nodes and services, and
 - (iii) to provide integrated development design of pedestrian and vehicular access, parking, loading and delivery facilities.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or

aspect of the single map.

- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the NSW Planning Portal. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

Note—

The following local environmental plans are repealed under this provision—

[Willoughby Local Environmental Plan 1995](#)

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provisions relating to development applications

- (1) If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.
- (2) An amendment made to this plan by [Willoughby Local Environmental Plan 2012 \(Amendment No 34\)](#) does not apply to a development application made, but not finally determined, before the commencement of that plan.

Note—

However, under Division 3.5 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

- (3) A development application made, but not finally determined, before the commencement of *State Environmental Planning Policy Amendment (Flood Planning) 2023* must be determined as if that policy had not commenced.

1.8B Repeal of SEPP applying to land

Sydney Regional Environmental Plan No 5—(Chatswood Town Centre) is repealed.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—
 - (2A) (Repealed)

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any relevant instrument within the meaning of section 13.4 of the *Crown Land Management Act 2016*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
 - (g) to any planning agreement within the meaning of Subdivision 2 of Division 7.1 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 3.16 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Residential Zones

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

Employment Zones

E1 Local Centre

E2 Commercial Centre

E3 Productivity Support

E4 General Industrial

Mixed Use Zones

MU1 Mixed Use

Special Purpose Zones

SP1 Special Activities

SP2 Infrastructure

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Conservation Zones

C1 National Parks and Nature Reserves

C2 Environmental Conservation

C4 Environmental Living

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

(1) The Land Use Table at the end of this Part specifies for each zone—

- (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
- (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes—

- 1** Schedule 1 sets out for particular land.
- 2** Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3** Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4** Clause 2.6 requires consent for subdivision of land.
- 5** Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority—
- (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out—
- (a) with development consent, or

(b) if the Schedule so provides—without development consent,

in accordance with the conditions (if any) specified in that Schedule in relation to that development.

(2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

(1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.

2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.

(2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

(1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.

(2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.

(3) Development consent must not be granted unless the consent authority is satisfied that—

- (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3)(d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

2.9 Canal estate development prohibited

- (1) Canal estate development is prohibited on land to which this Plan applies.
- (2) In this Plan, **canal estate development** means development that involves—
 - (a) a constructed canal, or other waterway or waterbody, that—
 - (i) is inundated by surface water or groundwater movement, or
 - (ii) drains to a waterway or waterbody by surface water or groundwater movement, and
 - (b) the erection of a dwelling, and
 - (c) one or both of the following—
 - (i) the use of fill material to raise the level of all or part of the land on which the dwelling will be erected to comply with requirements for residential development in the flood planning area,
 - (ii) excavation to create a waterway.
- (3) Canal estate development does not include development for the purposes of drainage or the supply or treatment of water if the development is—
 - (a) carried out by or with the authority of a person or body responsible for the drainage, supply or treatment, and

(b) limited to the minimum reasonable size and capacity.

(4) In this clause—

flood planning area has the same meaning as in clause 5.21.

Land Use Table

Note—

State environmental planning policies, including the following, may be relevant to development on land to which this Plan applies—

State Environmental Planning Policy (Housing) 2021

State Environmental Planning Policy (Transport and Infrastructure) 2021, Chapter 2—relating to infrastructure facilities, including air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

State Environmental Planning Policy (Resources and Energy) 2021, Chapter 2

State Environmental Planning Policy (Resilience and Hazards) 2021, Chapter 3

State Environmental Planning Policy (Industry and Employment) 2021, Chapter 3

State Environmental Planning Policy (Primary Production) 2021, Chapter 2

Note 2—

Under the *Standard Instrument (Local Environmental Plans) Order 2006*, Schedule 1, clause 6(1), this Plan is, until 26 April 2025, taken to apply as if the *Standard Instrument (Local Environmental Plans) Amendment (Land Use Zones) Order 2021*, Schedule 3[1]-[4] had not commenced on 26 April 2023. As a result, until 26 April 2025, the Land Use Table is taken to include business and industrial zones that were in the Land Use Table immediately before 26 April 2023.

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To accommodate development that is compatible with the scale and character of the surrounding residential development.
- To retain and enhance residential amenity, including views, solar access, aural and visual privacy, and landscape quality.
- To retain the heritage values of particular localities and places and to ensure heritage items and conservation areas are not damaged, demolished or otherwise adversely impacted by new development.

- To encourage self sufficiency with respect to energy and food supply.

2 Permitted without consent

Home occupations

3 Permitted with consent

4 Prohibited

Any development not specified in item 2 or 3

Zone R3 Medium Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To accommodate development that is compatible with the scale and character of the surrounding residential development.
- To allow for increased residential density in accessible locations, while minimising the potential for adverse impacts of such increased density on the efficiency and safety of the road network.
- To encourage innovative design in providing a comfortable and sustainable living environment that also has regard to solar access, privacy, noise, views, vehicular access, parking and landscaping.

2 Permitted without consent

Nil

3 Permitted with consent

Attached dwellings; Boarding houses; Centre-based child care facilities; Community facilities; Group homes; Home businesses; Home occupations; Multi dwelling housing; Neighbourhood shops; Oyster aquaculture; Places of public worship; Recreation areas; Residential flat buildings; Respite day care centres; Roads; Seniors housing; Tank-based aquaculture

4 Prohibited

Any other development not specified in item 2 or 3

Zone R4 High Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a high density residential environment.
- To provide a variety of housing types within a high density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To allow for increased residential density in accessible locations, while minimising the potential for adverse impacts of such increased density on the efficiency and safety of the road network.
- To encourage innovative design in providing a comfortable and sustainable living environment that also has regard to solar access, privacy, noise, views, vehicular access, parking and landscaping.

2 Permitted without consent

Zone E1 Local Centre

1 Objectives of zone

- To provide a range of retail, business and community uses that serve the needs of people who live in, work in or visit the area.
- To encourage investment in local commercial development that generates employment opportunities and economic growth.
- To enable residential development that contributes to a vibrant and active local centre and is consistent with the Council's strategic planning for residential development in the area.
- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.
- To provide for services and employment within walking distance of residences.
- To generally conserve and enhance the unique sense of place of local centres by ensuring new development—
 - (a) displays architectural and urban design quality, and
 - (b) integrates with the desired character and cultural heritage of local centres.

2 Permitted without consent

Nil

3 Permitted with consent

Amusement centres; Boarding houses; Building identification signs; Business identification signs; Centre-based child care facilities; Commercial premises; Community facilities; Entertainment facilities; Function centres; Home industries; Hotel or motel accommodation; Information and education facilities; Local distribution premises; Medical centres; Oyster aquaculture; Places of public worship; Public administration buildings; Recreation facilities (indoor); Respite day care centres; Service stations; Shop top housing; Tank-based aquaculture; Veterinary hospitals; Any other development not specified in item

Zone E2 Commercial Centre

1 Objectives of zone

- To strengthen the role of the commercial centre as the centre of business, retail, community and cultural activity.
- To encourage investment in commercial development that generates employment opportunities and economic growth.
- To encourage development that has a high level of accessibility and amenity, particularly for pedestrians.
- To enable residential development only if it is consistent with the Council's strategic planning for residential development in the area.
- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.
- To encourage employment opportunities to strengthen the Eastern Economic Corridor.

- To maximise public transport patronage and encourage walking and cycling, including by protecting and encouraging safe and accessible pedestrian routes.
- To support the role of St Leonards as a health and education centre.
- To strengthen the role of Chatswood as a strategic centre for the North District.
- To improve the public domain and pedestrian links in Chatswood.
- To enhance the visual appearance of the area by ensuring new development achieves high architectural, urban design and landscape standards.

Zone E3 Productivity Support

1 Objectives of zone

- To provide a range of facilities and services, light industries, warehouses and offices.
- To provide for land uses that are compatible with, but do not compete with, land uses in surrounding local and commercial centres.
- To maintain the economic viability of local and commercial centres by limiting certain retail and commercial activity.
- To provide for land uses that meet the needs of the community, businesses and industries but that are not suited to locations in other employment zones.
- To provide opportunities for new and emerging light industries.
- To enable other land uses that provide facilities and services to meet the day to day needs of workers, to sell goods of a large size, weight or quantity or to sell goods manufactured on-site.
- To accommodate businesses and other uses of land if the access requirements of, and the traffic generated by, the uses do not interfere with the safety and efficiency of the road network.

Zone E4 General Industrial

1 Objectives of zone

- To provide a range of industrial, warehouse, logistics and related land uses.
- To ensure the efficient and viable use of land for industrial uses.
- To minimise any adverse effect of industry on other land uses.
- To encourage employment opportunities.
- To enable limited non-industrial land uses that provide facilities and services to meet the needs of businesses and workers.

- To identify and preserve industrial land to meet the current and future general industrial needs of Willoughby and the wider region.
- To accommodate industrial development that provides employment and a range of goods and services without adversely affecting the amenity, health or safety of residents in adjacent areas.
- To protect the viability of employment zones in Willoughby by permitting offices that are ancillary to, and used in conjunction with, industrial, manufacturing, warehousing or other permitted uses on the same land.
- To accommodate uses that, because of demonstrated special building or site requirements or operational characteristics, cannot be, or are inappropriate to be, located in other zones.

Zone MU1 Mixed Use

1 Objectives of zone

- To encourage a diversity of business, retail, office and light industrial land uses that generate employment opportunities.
- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.
- To allow for city living on the edges of the city centre of Chatswood, which encourages public transport use, shopping and the use of businesses and recreational services that contribute to the vitality of the city, without undermining its commercial role.

Zone SP1 Special Activities

1 Objectives of zone

- To provide for special land uses that are not provided for in other zones.
- To provide for sites with special natural characteristics that are not provided for in other zones.
- To facilitate development that is in keeping with the special characteristics of the site or its existing or intended special use, and that minimises any adverse impacts on surrounding land.

Zone RE1 Public Recreation

1 Objectives of zone

- To enable land to be used for public open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.
- To protect and enhance areas of ecological, scientific, cultural or aesthetic value.
- To maintain and provide visual open space links to a diversity of public and private spaces and facilities as an integral part of the open space system.
- To provide adequate open space areas to meet the existing and future needs of the residents of Willoughby.

Zone C4 Environmental Living

1 Objectives of zone

- To provide for low-impact residential development in areas with special ecological, scientific or aesthetic values.
- To ensure that residential development does not have an adverse effect on those values.
- To ensure that development preserves and enhances the natural features and bushland within the immediate locality (including natural vegetation, geological features, drainage patterns, the water table and the relationship of development to the natural topography) and does not increase bush fire hazard potential.
- To maintain the scale, character and streetscape of individual localities.
- To retain and enhance residential amenity, including views, solar access, aural and visual privacy, foreshore setting, landscape quality and heritage value.

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is

exempt development.

- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if—
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must—
 - (a) be installed in accordance with the manufacturer's specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 2 and the *Local Land Services Act 2013*, Part 5A.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—
 - (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,

is complying development.

Note—

See also clause 5.8(3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must—
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of

high Aboriginal cultural significance or high biodiversity significance,

- (h) land reserved under the [National Parks and Wildlife Act 1974](#) or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the [Crown Land Management Act 2016](#) for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land that is a declared area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#) or declared critical habitat under Part 7A of the [Fisheries Management Act 1994](#).

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows—
 - (a) to retain the pattern of subdivision in low density residential and environmental living zones,
 - (b) to ensure lots have sufficient area for the effective siting of development in order to achieve a good relationship with adjoining dwellings and to provide adequate space for landscaped open space, drainage, parking, residential amenity and other services,
 - (c) to require larger lots along the foreshore or where the topography or other natural features of a site limit its subdivision potential,
 - (d) to ensure that subdivision does not cause fragmentation of sites that limits potential future uses or redevelopment in accordance with the zone objectives.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (3A) If a lot is a battle-axe lot or other lot with an access handle, the area of the access handle is not to be included in calculating the lot size.
- (4) This clause does not apply in relation to the subdivision of any land—
 - (a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or

(b) by any kind of subdivision under the *Community Land Development Act 2021*.

4.1AA Minimum subdivision lot size for community title schemes

[Not adopted]

4.1A Minimum subdivision lot size for strata plan schemes in Zone E2

- (1) The objective of this clause is to ensure land in Zone E2 Commercial Centre is not fragmented by subdivision that would adversely impact the tenancy mix and long-term potential of commercial properties for redevelopment.
- (2) The size of a lot resulting from subdivision of land in Zone E2 Commercial Centre by the registration of a strata plan or strata plan of subdivision under the *Strata Schemes Development Act 2015* must not be less than—
 - (a) the minimum size shown for the land on the *Lot Size Map*, or
 - (b) if no minimum size is shown for the land on the *Lot Size Map*—1,800m².

Note—

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008, Part 6 provides that strata subdivision of a building in certain circumstances is complying development.

- (3) Subclause (2) does not apply to a lot comprising common property within the meaning of the *Strata Schemes Development Act 2015*.

4.1B (Repealed)

4.1C Minimum subdivision lot size for dual occupancies

- (1A) Despite any other provision of this Plan, development consent must not be granted to the subdivision of a lot on which there is a dual occupancy except in accordance with this clause.
- (1B) Development consent may be granted to the subdivision of a lot on which there is a dual occupancy if the size of any lot resulting from the subdivision is not to be less than the minimum size shown on the *Lot Size Map* in relation to that lot.
- (1) Development consent may also be granted to the subdivision of a lot on which there is a dual occupancy if—
 - (a) the lot is not a lot in the area identified as “Area 1” on the *Dual Occupancy Restriction Map*, and
 - (b) the area of each lot resulting from the subdivision is at least 350 square metres, and
 - (c) each of the resulting lots will have one of the dwellings on it, and

- (d) the floor space ratio of each dwelling does not exceed—
 - (i) 0.4:1, or
 - (ii) any floor space ratio specified under clause 4.4A for a building on the lot, whichever is the lesser.

(e) (Repealed)

(2) (Repealed)

4.2 Rural subdivision

[Not applicable]

4.3 Height of buildings

- (1) The objectives of this clause are as follows—
 - (a) to ensure that new development is in harmony with the bulk and scale of surrounding buildings and the streetscape,
 - (b) to minimise the impacts of new development on adjoining or nearby properties from disruption of views, loss of privacy, overshadowing or visual intrusion,
 - (c) to ensure a high visual quality of the development when viewed from adjoining properties, the street, waterways, public reserves or foreshores,
 - (d) to minimise disruption to existing views or to achieve reasonable view sharing from adjacent developments or from public open spaces with the height and bulk of the development,
 - (e) to set upper limits for the height of buildings that are consistent with the redevelopment potential of the relevant land given other development restrictions, such as floor space and landscaping,
 - (f) to use maximum height limits to assist in responding to the current and desired future character of the locality,
 - (g) to reinforce the primary character and land use of the city centre of Chatswood with the area west of the North Shore Rail Line, being the commercial office core of Chatswood, and the area east of the North Shore Rail Line, being the retail shopping core of Chatswood,
 - (h) to achieve transitions in building scale from higher intensity business and retail centres to surrounding residential areas.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).

4.3A Exceptions to height of buildings

- (1) The maximum height of a building on land in Zone C4 Environmental Living that is identified as “Area 1” on the [Height of Buildings Map](#) is—
 - (a) for the part of the building on land immediately adjoining the street frontage—3.5m above ground level (existing), and
 - (b) otherwise—10m above ground level (existing).
- (2) The maximum height of a building on land identified as “Area 2” on the [Height of Buildings Map](#) is 17m if the first 2 storeys of the building are used only for the purposes of commercial premises.
- (3) The maximum height of a building used for the purposes of a dual occupancy (detached) is 5.7m if—
 - (a) there is an existing dwelling house on the lot that will form part of the dual occupancy (detached), or
 - (b) the building will not have a street frontage, or
 - (c) for a corner lot—the building will have only one street frontage.
- (4) The maximum height of a secondary dwelling is 5.7m if the secondary dwelling is separate from the principal dwelling.
- (5) The maximum height of a building on land in the foreshore area is 3.5m above ground level (existing).
- (6) The following structures located on the rooftop of a building on land identified as “Area 4” on the [Height of Buildings Map](#) may exceed the maximum height shown for the land on the map—
 - (a) balustrades with a height of less than 1.2m above the finished floor level of the rooftop,
 - (b) a structure, with a height of no more than 3.75m above the finished floor level of the rooftop, used to enclose a lift for access to communal areas on the rooftop,
 - (c) a structure, with a height of no more than 2.55m above the finished floor level of the rooftop, used to enclose—
 - (i) stair access to the rooftop, or
 - (ii) shared facilities for the use of residents of the building, such as bathrooms,
 - (d) service installations, including air conditioning systems, lights, solar panels and skylights, with a height of less than 2m above the finished floor level of the

rooftop.

- (7) The maximum height of a building used for the purposes of multi dwelling housing on land at 92–96 Victoria Avenue, North Willoughby, identified as “Area 5” on the [Height of Buildings Map](#), is 10m.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows—
- (a) to limit the intensity of development to which the controls apply so that it will be carried out in accordance with the environmental capacity of the land and the zone objectives for the land,
 - (b) to limit traffic generation as a result of that development,
 - (c) to minimise the impacts of new development on adjoining or nearby properties from disruption of views, loss of privacy, overshadowing or visual intrusion,
 - (d) to manage the bulk and scale of that development to suit the land use purpose and objectives of the zone,
 - (e) to permit higher density development at transport nodal points,
 - (f) to allow growth for a mix of retail, business and commercial purposes consistent with Chatswood’s sub-regional retail and business service, employment, entertainment and cultural roles while conserving the compactness of the city centre of Chatswood,
 - (g) to reinforce the primary character and land use of the city centre of Chatswood with the area west of the North Shore Rail Line, being the commercial office core of Chatswood, and the area east of the North Shore Rail Line, being the retail shopping core of Chatswood,
 - (h) to provide functional and accessible open spaces with good sunlight access during key usage times and provide for passive and active enjoyment by workers, residents and visitors to the city centre of Chatswood,
 - (i) to achieve transitions in building scale and density from the higher intensity business and retail centres to surrounding residential areas,
 - (j) to encourage the consolidation of certain land for redevelopment,
 - (k) to encourage the provision of community facilities and affordable housing and the conservation of heritage items by permitting additional gross floor area for these land uses.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor

space ratio shown for the land on the [Floor Space Ratio Map](#).

(2A) Despite subclause (2)—

- (a) the maximum floor space ratio for a building on land in Zone R2 Low Density Residential or Zone C4 Environmental Living is to be determined as if the area of the access laneway of a battle-axe lot were not part of the area of the lot, and
- (b) part of the floor area of a building is taken not to be part of the gross floor area of the building for determining the maximum floor space ratio of the building if—
 - (i) is to be used for community facilities, or
 - (ii) is a heritage item.
 - (iii) (Repealed)

(2B) Subclause (2A)(b) does not apply unless the consent authority is satisfied that—

- (a) the building will not cause adverse impacts on adjoining land in terms of overshadowing, privacy, bulk and scale, and
- (b) the conservation of any heritage item and its setting will be achieved.

(2C) Subclause (2A)(b)(i) does not apply in respect of a building used for affordable housing purposes if the erection of the building is consistent with [State Environmental Planning Policy \(Housing\) 2021](#), Chapter 2, Part 2, Division 1.

4.4A Exceptions to floor space ratio

- (1) A reference in this clause to a numbered area is a reference to land in the area with that number on the [Floor Space Ratio Map](#).
- (2) The maximum floor space ratio for a building on land specified in the table to this subclause is the ratio determined in accordance with the table.

Zone	Area	Site area	Maximum floor space ratio
Zone R2	Area 1	≥500m ² and <600m ²	0.45:1
Zone R2	Area 1	≥600m ² and <700m ²	0.43:1
Zone R2	Area 1	≥700m ² and <800m ²	0.41:1
Zone R2	Area 1	≥800m ²	0.40:1
Zone R2	Area 1, Area 3	<200m ²	0.65:1

Zone R2	Area 1, Area 3	$\geq 200\text{m}^2$ and $< 300\text{m}^2$	0.55:1
Zone R2	Area 1, Area 3	$\geq 300\text{m}^2$ and $< 400\text{m}^2$	0.50:1
Zone R2	Area 1, Area 3	$\geq 400\text{m}^2$ and $< 500\text{m}^2$	0.47:1
Zone R2	Area 3	$\geq 500\text{m}^2$	0.45:1
Zone E2	Area 10	$> 3,900\text{m}^2$	2.5:1

Zone E4	Area 14	$> 1,000\text{m}^2$	1.5:1
Zone E4	Area 17	$> 1,000\text{m}^2$	2:1

(3) Subclause (2) only applies to a building in Area 6, Area 13, Area 14 or Area 15 if the site coverage of the building does not exceed the following—

(a) for Area 6—45% of the site area,

(b) for Area 13, Area 14 and Area 15—60% of the site area.

(4) The maximum floor space ratio for a building on land in Zone C4 Environmental Living in Area 2 with a site area specified in the table to this subclause is the floor space ratio specified opposite.

Site area	Maximum floor space ratio
$< 400\text{m}^2$	0.5:1
$\geq 400\text{m}^2$ and $< 500\text{m}^2$	0.44:1
$\geq 500\text{m}^2$ and $< 600\text{m}^2$	0.40:1
$\geq 600\text{m}^2$ and $< 700\text{m}^2$	0.37:1
$\geq 700\text{m}^2$ and $< 800\text{m}^2$	0.35:1
$\geq 800\text{m}^2$ and $< 900\text{m}^2$	0.32:1

$\geq 900\text{m}^2$ and $< 1,000\text{m}^2$	0.3:1
$\geq 1,000\text{m}^2$ and $< 1,100\text{m}^2$	0.28:1
$\geq 1,100\text{m}^2$ and $< 1,200\text{m}^2$	0.27:1
$\geq 1,200\text{m}^2$ and $< 1,300\text{m}^2$	0.26:1
$\geq 1,300\text{m}^2$	0.25:1

- (5) The maximum floor space ratio for a building on land in Zone C4 Environmental Living in Area 8 with a site area specified in the table to this subclause is the floor space ratio specified opposite.

Site area	Maximum floor space ratio
$< 400\text{m}^2$	0.45:1
$\geq 400\text{m}^2$ and $< 500\text{m}^2$	0.4:1
$\geq 500\text{m}^2$ and $< 600\text{m}^2$	0.36:1
$\geq 600\text{m}^2$ and $< 700\text{m}^2$	0.34:1
$\geq 700\text{m}^2$ and $< 800\text{m}^2$	0.32:1
$\geq 800\text{m}^2$ and $< 900\text{m}^2$	0.3:1
$\geq 900\text{m}^2$ and $< 1,000\text{m}^2$	0.28:1
$\geq 1,000\text{m}^2$ and $< 1,100\text{m}^2$	0.26:1
$\geq 1,100\text{m}^2$ and $< 1,300\text{m}^2$	0.25:1
$\geq 1,300\text{m}^2$	0.24:1

- (6) The maximum floor space ratio for a building on land in Zone E4 General Industrial in Area 11 or Area 12 is as follows—
- (a) for a building used for the purposes of a hospital in Area 11, with a site area of more than $1,000\text{m}^2$ —3:1,
 - (b) for a building used for the purposes of a hospital in Area 12—2.5:1,
 - (c) 1.5:1 if—
 - (i) the site area is more than $1,000\text{m}^2$, and
 - (ii) the site coverage of the building does not exceed 45% of the site area.
- (7) The maximum floor space ratio for a building on land in Zone E2 Commercial Centre in Area 16 is 3:1 if—

- (a) the building is used for the purposes of—
 - (i) commercial premises or health services facilities, and
 - (ii) shop top housing, and
 - (b) the floor space ratio of the part of the building used for commercial premises or health services facilities is at least 1:1, and
 - (c) the floor space ratio of the part of the building used for shop top housing does not exceed 2:1.
- (8) The maximum floor space ratio for a building on land in Zone E1 Local Centre in Area 18 is 3:1 if—
- (a) the site area is more than 1,500m², and
 - (b) the floor space ratio of the part of the building used for non-residential purposes is at least 1.5:1, and
 - (c) the consent authority is satisfied development on the land will provide for adequate publicly accessible open space.
- (9) The maximum floor space ratio for a building on land in Zone E1 Local Centre in Area 21 is 1.8:1 if the floor space ratio of the part of the building located at or above the street level of Edinburgh Road does not exceed 1.6:1.
- (10) The maximum floor space ratio for shops on Lot 1, DP 1013682, 79-113 Sailors Bay Road, Northbridge is 1:1.
- (11) The maximum floor space ratio for a dual occupancy on land in Zone R2 Low Density Residential is 0.4:1.
- (12) The maximum floor space ratio of a building used for the purposes of multi dwelling housing on land at 92-96 Victoria Avenue, North Willoughby, identified as “Area 22” on the [Floor Space Ratio Map](#), is 1:1.

4.5 Calculation of floor space ratio and site area

- (1) **Objectives** The objectives of this clause are as follows—
- (a) to define ***floor space ratio***,
 - (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included

as part of a site area to maximise floor space area in another building, and

(iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”** The **floor space ratio** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the **site area** is taken to be—

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area** The following land must be excluded from the site area—

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.
- (10) **Covenants affect consolidated sites** If—
- (a) a covenant of the kind referred to in subclause (9) applies to any land (***affected land***), and
 - (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,
- the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.
- (11) **Definition** In this clause, ***public place*** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

- (1) The objectives of this clause are as follows—
- (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,
 - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Development consent must not be granted to development that contravenes a development standard unless the consent authority is satisfied the applicant has demonstrated that—
- (a) compliance with the development standard is unreasonable or unnecessary in the circumstances, and
 - (b) there are sufficient environmental planning grounds to justify the contravention of the development standard.

Note—

The *Environmental Planning and Assessment Regulation 2021* requires a development application for development that proposes to contravene a development standard to be accompanied by a document setting out the grounds on which the applicant seeks to demonstrate the matters in paragraphs (a) and (b).

- (4) The consent authority must keep a record of its assessment carried out under subclause (3).
- (5) (Repealed)
- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone C4 Environmental Living if—
 - (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note—

When this Plan was made it did not include land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential or Zone E3 Environmental Management.

- (7) (Repealed)
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
 - (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (caa) clause 5.5,
 - (ca) clause 4.3 (to the extent that it applies to land at 1-5 Broadcast Way, Artarmon, being Lots 1-6, DP 270714).
 - (cb) clause 6.24(3).

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Transport for NSW
Zone C1 National Parks and Nature Reserves and marked "National Park"	Minister administering the National Parks and Wildlife Act 1974
Zone E2 Environmental Conservation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone R2 Low Density Residential and marked "Local road widening"	Council
Zone R3 Medium Density Residential and marked "Local road widening"	Council
Zone E1 Local Centre and marked "Local road widening"	Council
Zone MU1 Mixed Use and marked "Local road widening"	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the Table to this clause and that has not been acquired by the relevant authority of the State specified for the land in clause 5.1.
- (3) Development consent must not be granted to any development on land to which this clause applies other than development for a purpose specified opposite that land in Column 2 of that Table.

Column 1	Column 2
Land	Development
Zone RE1 Public Recreation and marked "Local open space"	Recreation areas
Zone RE1 Public Recreation and marked "Regional open space"	Environmental protection works
Zone SP2 Infrastructure and marked "Classified road"	Roads
Zone C2 Environmental Conservation and marked "Regional open space"	Environmental protection works
Zone R2 Low Density Residential and marked "Local road widening"	Roads
Zone R3 Medium Density Residential and marked "Local road widening"	Roads
Zone E1 Local Centre and marked "Local road widening"	Roads
Zone MU1 Mixed Use and marked "Local road widening"	Roads

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the [Local Government Act 1993](#).

Note—

Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4—
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Land Management Act 2016*).

Note—

In accordance with section 30(2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

[Not adopted]

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 1% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 100 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms in buildings.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 10 square metres.
- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 9 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
 - (a) 60 square metres,
 - (b) 10% of the total floor area of the principal dwelling.
- (10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in Zone E3 Productivity Support,

Zone E4 General Industrial, Zone E5 Heavy Industrial, Zone W4 Working Waterfront or a rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—

- (a) 1% of the gross floor area of the industry, or
 - (b) 100 square metres,
- whichever is the lesser.

5.5 Controls relating to secondary dwellings on land in a rural zone

[Not adopted]

5.6 Architectural roof features

[Not adopted]

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent—
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of—
 - (a) internal alterations to a building, or

(b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.

(4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.

(5) In this clause—

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9 Dwelling house or secondary dwelling affected by natural disaster

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows—

- (a) to conserve the environmental heritage of Willoughby,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following—

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its

interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,

- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not required if—

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or

- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
 - (d) the development is exempt development.
- (4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).
- (5) **Heritage assessment** The consent authority may, before granting consent to any development—
- (a) on land on which a heritage item is located, or
 - (b) on land that is within a heritage conservation area, or
 - (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.
- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and

(b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.

(9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—

(a) notify the Heritage Council about the application, and

(b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—

(a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and

(b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and

(c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and

(d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and

(e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the [Rural Fires Act 1997](#) may be carried out on any land without development consent.

Note—

The [Rural Fires Act 1997](#) also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

(1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is

permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Transport and Infrastructure) 2021*, Chapter 2.

- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.13 Eco-tourist facilities

- (1) The objectives of this clause are as follows—
- (a) to maintain the environmental and cultural values of land on which development for the purposes of eco-tourist facilities is carried out,
 - (b) to provide for sensitively designed and managed eco-tourist facilities that have minimal impact on the environment both on and off-site.
- (2) This clause applies if development for the purposes of an eco-tourist facility is permitted with development consent under this Plan.
- (3) The consent authority must not grant consent under this Plan to carry out development for the purposes of an eco-tourist facility unless the consent authority is satisfied that—
- (a) there is a demonstrated connection between the development and the ecological, environmental and cultural values of the site or area, and
 - (b) the development will be located, constructed, managed and maintained so as to minimise any impact on, and to conserve, the natural environment, and
 - (c) the development will enhance an appreciation of the environmental and cultural values of the site or area, and
 - (d) the development will promote positive environmental outcomes and any impact on watercourses, soil quality, heritage and native flora and fauna will be minimal, and
 - (e) the site will be maintained (or regenerated where necessary) to ensure the continued protection of natural resources and enhancement of the natural environment, and
 - (f) waste generation during construction and operation will be avoided and that any waste will be appropriately removed, and
 - (g) the development will be located to avoid visibility above ridgelines and against escarpments and from watercourses and that any visual intrusion will be minimised through the choice of design, colours, materials and landscaping with local native flora, and

- (h) any infrastructure services to the site will be provided without significant modification to the environment, and
- (i) any power and water to the site will, where possible, be provided through the use of passive heating and cooling, renewable energy sources and water efficient design, and
- (j) the development will not adversely affect the agricultural productivity of adjoining land, and
- (k) the following matters are addressed or provided for in a management strategy for minimising any impact on the natural environment—
 - (i) measures to remove any threat of serious or irreversible environmental damage,
 - (ii) the maintenance (or regeneration where necessary) of habitats,
 - (iii) efficient and minimal energy and water use and waste output,
 - (iv) mechanisms for monitoring and reviewing the effect of the development on the natural environment,
 - (v) maintaining improvements on an on-going basis in accordance with relevant ISO 14000 standards relating to management and quality control.

5.19 Pond-based, tank-based and oyster aquaculture

(1) **Objectives** The objectives of this clause are as follows—

- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
 - (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.
- (2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—
- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
 - (b) in the case of—
 - (i) pond-based aquaculture in Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial or Zone MU1 Mixed Use—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and
 - (iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.
- (3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.
- (4) **Extensive pond-based aquaculture permitted without consent in certain zones** Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—

(a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and

(b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.

(5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application** In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider—

(a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and

(b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.

(6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas** Development for the purpose of oyster aquaculture may be carried out without development consent—

(a) on land that is wholly within a priority oyster aquaculture area, or

(b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.

(7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

(1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—

- (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or
 - (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—
- licensed premises*** has the same meaning as in the [Liquor Act 2007](#).

5.21 Flood planning

- (1) The objectives of this clause are as follows—
- (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,
 - (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,
 - (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
- (a) is compatible with the flood function and behaviour on the land, and

- (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and
 - (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
- (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.
- (4) A word or expression used in this clause has the same meaning as it has in the *Considering Flooding in Land Use Planning Guideline* unless it is otherwise defined in this clause.
- (5) In this clause—

Considering Flooding in Land Use Planning Guideline means the *Considering Flooding in Land Use Planning Guideline* published on the Department's website on 14 July 2021.

flood planning area has the same meaning as it has in the Flood Risk Management Manual.

Flood Risk Management Manual means the *Flood Risk Management Manual*, ISBN 978-1-923076-17-4, published by the NSW Government in June 2023.

5.22 Special flood considerations

- (1) The objectives of this clause are as follows—
- (a) to enable the safe occupation and evacuation of people subject to flooding,

- (b) to ensure development on land is compatible with the land's flood behaviour in the event of a flood,
- (c) to avoid adverse or cumulative impacts on flood behaviour,
- (d) to protect the operational capacity of emergency response facilities and critical infrastructure during flood events,
- (e) to avoid adverse effects of hazardous development on the environment during flood events.

(2) This clause applies to—

- (a) for sensitive and hazardous development—land between the flood planning area and the probable maximum flood, and
- (b) for development that is not sensitive and hazardous development—land the consent authority considers to be land that, in the event of a flood, may—
 - (i) cause a particular risk to life, and
 - (ii) require the evacuation of people or other safety considerations.

(3) Development consent must not be granted to development on land to which this clause applies unless the consent authority has considered whether the development—

- (a) will affect the safe occupation and efficient evacuation of people in the event of a flood, and
- (b) incorporates appropriate measures to manage risk to life in the event of a flood, and
- (c) will adversely affect the environment in the event of a flood.

(4) A word or expression used in this clause has the same meaning as it has in the Considering Flooding in Land Use Planning Guideline unless it is otherwise defined in this clause.

(5) In this clause—

Considering Flooding in Land Use Planning Guideline—see clause 5.21(5).

flood planning area—see clause 5.21(5).

Flood Risk Management Manual—see clause 5.21(5).

probable maximum flood has the same meaning as in the Flood Risk Management Manual.

sensitive and hazardous development means development for the following purposes—

- (a) boarding houses,
- (b) early education and care facilities,
- (c) eco-tourist facilities,
- (d) educational establishments,
- (e) emergency services facilities,
- (f) group homes,
- (g) hazardous industries,
- (h) hazardous storage establishments,
- (i) hospitals,
- (j) hostels,
- (k) information and education facilities,
- (l) respite day care centres,
- (m) seniors housing,
- (n) sewerage systems,
- (o) tourist and visitor accommodation,
- (p) water supply systems.

5.23 Public bushland

- (1) The objective of this clause is to protect and ensure the ecological viability of bushland, including rehabilitated areas in urban areas, by—
 - (a) preserving biodiversity, habitat corridors and links between public bushland and other nearby bushland, and
 - (b) preserving bushland as a natural stabiliser of the soil surface, and
 - (c) preserving existing hydrological landforms, processes and functions, including natural drainage lines, watercourses, wetlands and foreshores, and
 - (d) preserving the recreational, educational, scientific, aesthetic, environmental, ecological and cultural values and potential of bushland, and

- (e) mitigating disturbance caused by development.
- (2) Development that will disturb, or is reasonably likely to disturb, public bushland is permitted with development consent.
- (3) Development consent must not be granted to development that will disturb, or is reasonably likely to disturb, public bushland unless the consent authority is satisfied of the following—
 - (a) the disturbance of the bushland is essential for a purpose in the public interest,
 - (b) there is no reasonable alternative to the disturbance,
 - (c) the development minimises the amount of bushland to be disturbed,
 - (d) the development includes measures to remediate the disturbed bushland.
- (4) Despite subclause (2), development that will disturb, or is reasonably likely to disturb, public bushland is permitted without development consent if the development is for the following purposes—
 - (a) the construction, operation or maintenance of pipelines to carry water, sewerage or gas or pipelines licensed under the *Pipelines Act 1967*,
 - (b) the construction, operation or maintenance of electricity or telecommunication lines,
 - (c) bush fire hazard reduction,
 - (d) the construction or maintenance of classified roads,
 - (e) facilitating the recreational use of the public bushland.
- (5) Development specified in subclause (4)(e) is permitted without development consent only if it is carried out in accordance with a plan of management for the public bushland, adopted by the Council in the same way a plan of management is required to be adopted for community land under the *Local Government Act 1993*, Chapter 6, Part 2, Division 2, that includes measures for the following—
 - (a) the recreational use of the land,
 - (b) bush fire hazard reduction,
 - (c) the prevention of degradation, including the alteration of drainage patterns, rubbish dumping, vehicle intrusion and infestation with weeds or non-native plants,
 - (d) the remediation of degraded public bushland.
- (6) This clause does not require development consent for clearing of native vegetation if

the clearing is of a kind that is authorised under the *Local Land Services Act 2013*, section 600.

- (7) In deciding whether to grant development consent to development on land adjoining public bushland, the consent authority must consider the following—
- (a) the need to retain public bushland adjoining the site of the development,
 - (b) the likely effect of the development on public bushland, including the following—
 - (i) the erosion of soil,
 - (ii) the siltation of streams and waterways,
 - (iii) the spread of weeds and non-native plants within public bushland,
 - (c) other matters the consent authority considers relevant to the protection and preservation of public bushland.
- (8) This clause does not apply to the following land that is public bushland—
- (a) land in Zone RU1, RU2, RU3, RU4 or RU5,
 - (b) land reserved, dedicated or acquired under the *National Parks and Wildlife Act 1974*,
 - (c) land within a State forest, flora reserve or timber reserve within the meaning of the *Forestry Act 2012*,
 - (d) land to which *State Environmental Planning Policy (Precincts—Western Parkland City) 2021*, Chapter 7 applies.
- (9) In this clause—
- disturb** public bushland means—
- (a) remove vegetation from public bushland, or
 - (b) cause a change in the natural ecology of public bushland that results in the destruction or degradation of the public bushland.
- non-native plant** means a plant that is not native vegetation.
- public bushland** means land—
- (a) on which there is vegetation that is—
 - (i) a remainder of the natural vegetation of the land, or
 - (ii) representative of the structure and floristics of the natural vegetation of the land, and

- (b) that is owned, managed or reserved for open space or environmental conservation by the Council or a public authority.

5.24 Farm stay accommodation

Part 6 Additional local provisions

6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the [Acid Sulfate Soils Map](#) as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the Acid Sulfate Soils Manual and has been provided to the consent authority.

- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if—
 - (a) a preliminary assessment of the proposed works prepared in accordance with the Acid Sulfate Soils Manual indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power)—
 - (a) emergency work, being the repair or replacement of the works of the public authority required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
 - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry out any works if—
 - (a) the works involve the disturbance of less than 1 tonne of soil, and
 - (b) the works are not likely to lower the watertable.

6.2 Earthworks

- (1) The objective of this clause is to ensure earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.
- (2) Development consent is required for earthworks unless—
 - (a) the earthworks are exempt development under this plan or another applicable environmental planning instrument, or
 - (b) the earthworks are ancillary to other development for which development consent has been granted.
- (3) In deciding whether to grant development consent for earthworks, the consent authority must consider the following matters—

- (a) the likely disruption of, or any detrimental effect on, drainage patterns and soil stability in the locality,
- (b) the effect of the proposed development on the likely future use or redevelopment of the land,
- (c) the quality of the fill or the soil to be excavated, or both,
- (d) the effect of the development on the existing and likely amenity of adjoining properties,
- (e) the source of fill material and the destination of excavated material,
- (f) the likelihood of disturbing relics,
- (g) the proximity to and potential for adverse impacts on a watercourse, drinking water catchment or environmentally sensitive area,
- (h) appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note—

The [National Parks and Wildlife Act 1974](#), particularly section 86, deals with harming Aboriginal objects.

6.3 Urban heat

- (1) The objective of this clause is to ensure new development incorporates effective design and ongoing operation to—
 - (a) reduce and remove urban heating from the environment, and
 - (b) protect community health and wellbeing.
- (2) In deciding whether to grant development consent to development for the purposes of commercial premises, industries or residential accommodation, the consent authority must consider whether—
 - (a) the facade and roof of the proposed building and paved surfaces are designed to reduce adverse effects of solar heat on the surrounding land, including private open space and the public domain, and
 - (b) the awnings and eaves of the building are designed to provide shelter from the sun and improve public comfort at street level, and
 - (c) the heating, ventilation and air conditioning systems of the building are designed to minimise the release of heat in the direction of private open space and the public domain, and
 - (d) the development maximises the use of green infrastructure that is strategically

designed and managed to support a good quality of life in an urban environment, and

- (e) the development accommodates sufficient tree canopy, open space and deep soil zones to achieve urban cooling benefits, and
- (f) the building is designed to achieve high passive thermal performance.

(3) In this clause—

deep soil zone—

- (a) means the soft landscaped part of a site area used for growing trees, plants and grasses that—
 - (i) is unimpeded by buildings or structures above and below ground, and
 - (ii) provides opportunities for groundwater infiltration and canopy trees, and
- (b) does not include basement car parks, services, swimming pools, tennis courts and impervious surfaces including car parks, driveways and roof areas.

solar heat means radiant heat contained in the full spectrum of sunlight.

6.4 Limited development on foreshore area

- (1) The objective of this clause is to ensure that development in the foreshore area will not—
 - (a) impact on natural foreshore processes, or
 - (b) affect the significance and amenity of the area.
- (2) Development consent must not be granted for development on land in the foreshore area except for the following—
 - (a) single storey structures such as boat sheds, slipways and jetties that have a direct functional relationship with the waterway,
 - (b) inclinators, stairs and other structures designed to provide pedestrian access to the waterway,
 - (c) development for the purposes of barbecues, cycleways, fences, garden sheds, pergolas, picnic facilities, public amenities, retaining walls, swimming pools or walking trails.
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied of the following—
 - (a) the development will contribute to achieving the objectives for the zone in which

- the land is located,
- (b) the appearance of a proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area,
 - (c) the development will not cause environmental harm, for example—
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, fauna and flora habitats, or
 - (iii) an adverse effect on drainage patterns,
 - (d) the development will not cause congestion of, or generate conflicts between, people using open space areas or the waterway,
 - (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised,
 - (f) the historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained,
 - (g) for development involving the alteration or rebuilding of an existing building wholly or partly in the foreshore area—the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore,
 - (h) sea level rise or change of flooding patterns as a result of climate change have been considered.

6.5 Signage

- (1) The objective of this clause is to ensure that signage does not interfere with the visual amenity and safety of surrounding areas.
- (2) Development consent must not be granted to the erection or display of signage unless the consent authority is satisfied—
 - (a) the signage is associated with or ancillary to another permitted use of the land, and
 - (b) the signage specifies one or more of the following—
 - (i) the purpose for which the land or premises is used,
 - (ii) the identification of a person residing or carrying on an occupation or business on the land or premises, including a description of the occupation or business,
 - (iii) the goods or services provided on the land or premises, and

- (c) the erection, siting, dimensions or display of the signage will not have a significant adverse impact on the visual amenity or the safety of the area.

6.6 Airspace operations

- (1) The objective of this clause is to protect—
 - (a) airspace around airports, and
 - (b) hospital helicopter airspace.
- (2) Development consent must not be granted to development that is a controlled activity within the meaning of the *Airports Act 1996* of the Commonwealth, Part 12, Division 4, unless the applicant has obtained approval for the controlled activity under regulations made for the purposes of that division.

Note—

Controlled activities include the construction or alteration of buildings or other structures that causes an intrusion into airspace around airports.

- (3) Development consent must not be granted to development under, or that intrudes into, hospital helicopter airspace unless the consent authority is satisfied the development does not present a hazard to helicopters using hospital helicopter airspace.
- (4) In this clause—

hospital helicopter airspace means the airspace above the following land in St Leonards—

- (a) Lots 11–13, DP 1003022, Lot 2, DP 1015776 and Lot 1, DP 746018, 2–10 Chandos Street,
- (b) Lots 7–10 and 15, Section 28, DP 4241, Lot 2, DP 900827 and SP 60114, 110–120 Christie Street,
- (c) Lot 11, DP 1013030, 207 Pacific Highway.

6.7 Active street frontages

- (1) The objective of this clause is to promote uses that attract pedestrian traffic along certain ground floor street frontages in Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support and Zone MU1 Mixed Use.
- (2) This clause applies to land identified as “Active Street Frontages” on the [Active Street Frontages Map](#).
- (3) Development consent must not be granted to the erection of a building, or a change of use of a building, unless the consent authority is satisfied that the building will have an active street frontage.

- (4) Despite subclause (3), an active street frontage is not required for part of a building that is used for the following—
 - (a) entrances and lobbies, including as part of mixed use development,
 - (b) access for fire services,
 - (c) vehicular access.
- (5) In this clause, a building has an **active street frontage** if—
 - (a) for land in Zone E2 Commercial Centre—all ground floor premises facing the street are used for retail premises or business premises, or
 - (b) otherwise—all ground floor premises facing the street are used for commercial premises.

6.8 Affordable housing

- (1) In this clause, the **Willoughby Affordable Housing Principles** are as follows—
 - (a) affordable housing must be provided and managed to make accommodation for a diverse residential population representative of all income groups available in Willoughby,
 - (b) affordable housing must be rented to tenants at rents that do not exceed a benchmark of 30% of actual household income,
 - (c) dwellings provided for affordable housing must be managed to maintain their continued use for affordable housing,
 - (d) the Council must use the following received by or on behalf of the Council to improve or replace, or provide additional, affordable housing in Willoughby—
 - (i) rent from affordable housing, excluding landlord's expenses, such as management and maintenance costs and rates and taxes payable in connection with the dwellings,
 - (ii) money from the disposal of affordable housing,
 - (e) affordable housing must consist of dwellings constructed to a standard that, in the opinion of the consent authority, is consistent with the same type of dwellings forming part of the proposed development, particularly in relation to internal fittings and finishes, solar access and privacy.
- (2) This clause applies to the erection of residential accommodation on land identified as "Area 1", "Area 2" or "Area 3" on the [Affordable Housing Map](#), other than development for the purposes of boarding houses, community housing, group homes, hostels and public housing.

- (3) Development consent must not be granted to development to which this clause applies unless the consent authority has considered the following—
- (a) the Willoughby Affordable Housing Principles,
 - (b) the impact of the development on the existing mix and likely future mix of residential accommodation in Willoughby.

Note—

The matters set out in [State Environmental Planning Policy \(Housing\) 2021](#), section 15 may also apply to the development.

- (4) The consent authority may, when granting development consent to development to which this clause applies, impose a condition requiring an affordable housing contribution equivalent to the contribution specified in subclause (5).
- (5) The contribution for development on land is the amount of gross floor area equivalent to the mapped percentage of the gross floor area of the residential component of the development.
- (6) A condition imposed under this clause must permit a person to satisfy the contribution by one or both of the following—
- (a) a dedication, in favour of the Council, of land comprising 1 or more dwellings, each having a gross floor area of at least 50m²,
 - (b) a monetary contribution paid to the Council.
- (7) A monetary contribution must be calculated by reference to the market value of dwellings of a similar size to the dwellings in the proposed development.
- (8) In this clause—

community housing has the same meaning as in the [Community Housing Providers National Law \(NSW\)](#).

mapped percentage, in relation to development on land, means the percentage shown on the [Affordable Housing Map](#) for the land.

public housing has the same meaning as in the [Housing Act 2001](#).

6.9 Serviced apartments

- (1) The objectives of this clause are—
- (a) to ensure that a change of use from a dwelling in a residential flat building or shop top housing to a serviced apartment does not impact on the amenity, safety or security of residents in the building, and

(b) to prevent substandard residential building design by converted serviced apartment development.

(2) Development consent must not be granted for the change of use from a dwelling in a residential flat building or shop top housing to a serviced apartment unless the consent authority is satisfied that the amenity, safety and security of the residents of the dwellings in the building is maintained.

(3) Development consent must not be granted for the change of use from serviced apartments to a residential flat building, with or without strata subdivision, unless the consent authority has considered the Apartment Design Guide, within the meaning of *State Environmental Planning Policy (Housing) 2021*, in relation to the residential flat building.

6.10 Minimum lot sizes for certain residential accommodation

(1) The objectives of this clause are—

(a) to achieve planned residential density in certain zones by—

(i) enabling development sites to be of sufficient size to provide adequate area for drainage, landscaping, and separation between buildings for privacy and solar and vehicular access, and

(ii) reducing the instances of isolated lots being left with reduced development potential, and

(b) to increase the efficiency and safety of the road network by minimising the number of driveway crossings.

(2) Development consent must not be granted to development on a lot in a zone for a purpose specified in the table to this subclause unless the lot is at least the size shown opposite for the zone.

Land use	Zone	Lot size
Attached dwellings	Zone R3	1,100m ²
Dual occupancies (attached)	Zone R2	700m ²
Dual occupancies (attached)	Zone C4	700m ²
Dual occupancies (detached)	Zone R2	900m ²
Dual occupancies (detached)	Zone C4	900m ²
Multi dwelling housing	Zone R3	1,100m ²

Residential flat buildings	Zones R3 and R4	1,100m ²
Secondary dwellings	Zone C4	450m ²

- (3) Despite subclause (2), development consent must not be granted to development for the purposes of dual occupancies on land identified as “Area 1” on the [Dual Occupancy Restriction Map](#) unless the size of the lot is at least 5,000m².
- (4) Despite subclause (2), development consent must not be granted to development for the purposes of residential flat buildings or shop top housing on land identified as “Area 6” on the [Special Provisions Area Map](#) unless the size of the lot is at least 6,000m².
- (5) Despite subclause (2), development consent must not be granted to development for the purposes of attached dwellings, multi dwelling housing or residential flat buildings on land specified in the table to this subclause unless the site area of the development is at least the area specified opposite.

Land	Site area
Land bounded by William Street, Archer Street, Boundary Road and the North Shore Rail Line, Roseville, being Lot 1, DP 322710, Lot A, DP 410021, Lots 1 and 2, DP 9007, Lots 1 and 2, DP 1035179, Lot 91, DP 1035179, Lots 11-13, DP 1143427, Lots 1 and 2, DP 883023, Lots 11 and 12, DP 1134441, Lot 1, DP 119494, Lots 4 and 5, DP 9007, Lot 27, DP 787070, Lot 1, DP 739689, Lot 26, DP 787070, Lots 3 and 4, DP 739689 and Lots 10-12, DP 9007	4,000m ²

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#),
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the

land concerned—

- (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
- (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the *Fisheries Management (Aquaculture) Regulation 2017*.

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain

access to water—

- (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
- (b) vacant Crown land,
- (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.

Dictionary

(Clause 1.4)

Note—

The Act and the *Interpretation Act 1987* contain definitions and other provisions that affect the interpretation and application of this Plan.

Aboriginal object means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or

concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

Aboriginal place of heritage significance means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is—

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

Note—

The term may include (but is not limited to) places that are declared under section 84 of the [National Parks and Wildlife Act 1974](#) to be Aboriginal places for the purposes of that Act.

acid sulfate soils means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

Acid Sulfate Soils Manual means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

Acid Sulfate Soils Map means the [Willoughby Local Environmental Plan 2012 Acid Sulfate Soils Map](#).
