Woollahra Local Environmental Plan 2014 (2015 EPI 20)

New South Wales

Part 1 Preliminary

1.1 Name of Plan

This Plan is *Woollahra Local Environmental Plan 2014*.

1.1AA Commencement

This Plan commences 4 months after it is published on the NSW legislation website.

1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Woollahra in accordance with the relevant standard environmental planning instrument under section 3.20 of the Act.
- (2) The particular aims of this Plan are as follows—
 - (aa) to protect and promote the use and development of land for arts and cultural activity, including music and other performance arts,
 - (a) to ensure that growth occurs in a planned and co-ordinated way,
 - (b) to promote the management, development, conservation and economic use of property,
 - (c) to provide for an appropriate balance and distribution of land for commercial, retail, residential and tourist development and for recreation, open space, entertainment and community facilities,
 - (d) to provide greater population densities in and around centres that are well serviced by public transport,
 - (e) to facilitate opportunities, in suitable locations, for diversity in dwelling density and type,
 - (f) to conserve and enhance built and natural environmental heritage,

- (g) to protect and enhance amenity and the natural environment,
- (h) to minimise and manage stormwater and flooding impacts,
- (i) to protect and promote public access to and along the foreshores,
- (j) to promote a high standard of design in the private and public domain,
- (k) to minimise and manage traffic and parking impacts,
- (l) to ensure development achieves the desired future character of the area,
- (m) to minimise excavation and manage impacts, including the potential impact of construction dewatering,
- (n) to encourage the retention and planting of trees and other vegetation as part of development and minimise the urban heat island effect,
- (o) to mitigate the effects of climate change.

1.3 Land to which Plan applies

This Plan applies to the land identified on the [Land Application Map](#).

1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name—
 - (a) approved by the local plan-making authority when the map is adopted, and
 - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the local plan-making authority when the instruments are made.
- (1AA) (Repealed)
- (2) Any 2 or more named maps may be combined into a single map. In that case, a

reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.

- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

Note—

The maps adopted by this Plan are to be made available on the NSW Planning Portal. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the website of the Department of Planning and Environment.

1.8 Repeal of planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

Note—

The following local environmental plans are repealed under this provision—

[Woollahra Local Environmental Plan 1995](#)

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

1.8A Savings provisions relating to development applications

- (1) If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.
- (2) The amendments made to this plan by [Woollahra Local Environmental Plan 2014 \(Amendment No 33\)](#), other than new clause 6.10, do not apply to a development application made, but not finally determined, before the commencement of the amendments.

1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 3.28 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies—

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply—
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any relevant instrument within the meaning of section 13.4 of the *Crown Land Management Act 2016*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
 - (g) to any planning agreement within the meaning of Subdivision 2 of Division 7.1 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 3.16 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Plan are as follows—

Residential Zones

R2 Low Density Residential

R3 Medium Density Residential

Employment Zones

E1 Local Centre

Mixed Use Zones

MU1 Mixed Use

Special Purpose Zones

SP2 Infrastructure

SP3 Tourist

Recreation Zones

RE1 Public Recreation

RE2 Private Recreation

Conservation Zones

C1 National Parks and Nature Reserves

C2 Environmental Conservation

2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the [Land Zoning Map](#).

2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone—
 - (a) the objectives for development, and
 - (b) development that may be carried out without development consent, and
 - (c) development that may be carried out only with development consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part—
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
 - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

Notes—

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with development consent.
- (2) In deciding whether to grant development consent, the consent authority—
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out—
 - (a) with development consent, or
 - (b) if the Schedule so provides—without development consent, in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with development consent.

Notes—

- 1 If a subdivision is specified as **exempt development** in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, the Act enables it to be carried out without development consent.
 - 2 Part 6 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* provides that the strata subdivision of a building in certain circumstances is **complying development**.
- (2) Development consent must not be granted for the subdivision of land on which a secondary dwelling is situated if the subdivision would result in the principal dwelling

and the secondary dwelling being situated on separate lots, unless the resulting lots are not less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

Note—

The definition of **secondary dwelling** in the Dictionary requires the dwelling to be on the same lot of land as the principal dwelling.

2.7 Demolition requires development consent

The demolition of a building or work may be carried out only with development consent.

Note—

If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or [State Environmental Planning Policy \(Exempt and Complying Development Codes\) 2008](#), as exempt development, the Act enables it to be carried out without development consent.

2.8 Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that—
 - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
 - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
 - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
 - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3)(d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

2.9 Canal estate development prohibited

- (1) Canal estate development is prohibited on land to which this Plan applies.
- (2) In this Plan, **canal estate development** means development that involves—
 - (a) a constructed canal, or other waterway or waterbody, that—
 - (i) is inundated by surface water or groundwater movement, or
 - (ii) drains to a waterway or waterbody by surface water or groundwater movement, and
 - (b) the erection of a dwelling, and
 - (c) one or both of the following—
 - (i) the use of fill material to raise the level of all or part of the land on which the dwelling will be erected to comply with requirements for residential development in the flood planning area,
 - (ii) excavation to create a waterway.
- (3) Canal estate development does not include development for the purposes of drainage or the supply or treatment of water if the development is—
 - (a) carried out by or with the authority of a person or body responsible for the drainage, supply or treatment, and
 - (b) limited to the minimum reasonable size and capacity.
- (4) In this clause—

flood planning area has the same meaning as in clause 5.21.

Land Use Table

Note—

State environmental planning policies, including the following, may be relevant to development on land to which this Plan applies—

[State Environmental Planning Policy \(Housing\) 2021](#)

[State Environmental Planning Policy \(Transport and Infrastructure\) 2021](#), Chapter 2—relating to infrastructure facilities, including air transport, correction, education, electricity generating works and solar energy systems, health services, ports, railways, roads, waste management and water supply systems

[State Environmental Planning Policy \(Resilience and Hazards\) 2021](#), Chapter 3

[State Environmental Planning Policy \(Industry and Employment\) 2021](#), Chapter 3

[State Environmental Planning Policy \(Primary Production\) 2021](#), Chapter 2

Zone R2 Low Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To provide for development that is compatible with the character and amenity of the surrounding neighbourhood.
- To ensure that development is of a height and scale that achieves the desired future character of the neighbourhood.
- To ensure development conserves and enhances tree canopy cover.

2 Permitted without consent

Home occupations; Roads

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Business premises; Centre-based child care facilities; Community facilities; Dual occupancies; Dwelling houses; Environmental protection works; Group homes; Home occupations (sex services); Information and education facilities; Office premises; Oyster aquaculture; Pond-based aquaculture; Public administration buildings; Recreation areas; Respite day care centres; Secondary dwellings; Semi-detached dwellings; Shops; Tank-based aquaculture

4 Prohibited

Any development not specified in item 2 or 3

Zone R3 Medium Density Residential

1 Objectives of zone

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day

to day needs of residents.

- To ensure that development is of a height and scale that achieves the desired future character of the neighbourhood.
- To ensure development conserves and enhances tree canopy cover.

2 Permitted without consent

Roads

3 Permitted with consent

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Business premises; Centre-based child care facilities; Community facilities; Dual occupancies; Dwelling houses; Environmental protection works; Group homes; Home occupations (sex services); Hostels; Information and education facilities; Multi dwelling housing; Neighbourhood shops; Office premises; Oyster aquaculture; Places of public worship; Public administration buildings; Recreation areas; Residential flat buildings; Respite day care centres; Secondary dwellings; Semi-detached dwellings; Seniors housing; Shops; Tank-based aquaculture

4 Prohibited

Any other development not specified in item 2 or 3

Zone E1 Local Centre

1 Objectives of zone

- To provide a range of retail, business and community uses that serve the needs of people who live in, work in or visit the area.
- To encourage investment in local commercial development that generates employment opportunities and economic growth.
- To enable residential development that contributes to a vibrant and active local centre and is consistent with the Council's strategic planning for residential development in the area.
- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.
- To provide for development of a scale and type that is compatible with the amenity of the surrounding residential area.

- To ensure development is of a height and scale that achieves the desired future character of the local centre.
- To encourage development that is compatible with the local centre's position in the centres hierarchy.
- To ensure development provides diverse and active ground floor uses to contribute to vibrant and functional streets and public spaces.
- To maximise public transport patronage and encourage walking and cycling.
- To encourage the retention and planting of trees and other vegetation as part of development to minimise the urban heat island effect and to improve microclimates.

2 Permitted without consent

Roads

3 Permitted with consent

Amusement centres; Bed and breakfast accommodation; Boarding houses; Building identification signs; Business identification signs; Car parks; Centre-based child care facilities; Commercial premises; Community facilities; Entertainment facilities; Environmental facilities; Environmental protection works; Function centres; Home businesses; Home occupations; Home occupations (sex services); Hotel or motel accommodation; Information and education facilities; Light industries; Local distribution premises; Medical centres; Oyster aquaculture; Passenger transport facilities; Places of public worship; Public administration buildings; Recreation areas; Recreation facilities (indoor); Respite day care centres; Service stations; Serviced apartments; Sex services premises; Shop top housing; Tank-based aquaculture; Veterinary hospitals

4 Prohibited

Any development not specified in item 2 or 3

Zone MU1 Mixed Use

1 Objectives of zone

- To encourage a diversity of business, retail, office and light industrial land uses that generate employment opportunities.

- To ensure that new development provides diverse and active street frontages to attract pedestrian traffic and to contribute to vibrant, diverse and functional streets and public spaces.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
- To encourage business, retail, community and other non-residential land uses on the ground floor of buildings.
- To provide for development of a scale and type that is compatible with the amenity of the surrounding residential area.
- To ensure development is of a height and scale that achieves the desired future character of the centre.
- To maximise public transport patronage and encourage walking and cycling.
- To encourage the retention and planting of trees and other vegetation as part of development to minimise the urban heat island effect and to improve microclimates.

4 Prohibited

Any development not specified in item 2 or 3

Zone SP2 Infrastructure

1 Objectives of zone

- To provide for infrastructure and related uses.
- To prevent development that is not compatible with or that may detract from the provision of infrastructure.
- To encourage the retention and planting of trees and other vegetation as part of development to minimise the urban heat island effect and to improve microclimates.

2 Permitted without consent

Roads

3 Permitted with consent

Aquaculture; Community facilities; Environmental protection works; Recreation areas; The purpose shown on the [Land Zoning Map](#), including any development that is ordinarily incidental or ancillary to development for that purpose

4 Prohibited

Any development not specified in item 2 or 3

Zone SP3 Tourist

1 Objectives of zone

- To provide for a variety of tourist-oriented development and related uses.
- To provide for development of a scale and type that is compatible with the amenity of the surrounding residential area.
- To maintain public access along the foreshore.
- To ensure that development achieves the desired future character of the neighbourhood.
- To encourage the retention and planting of trees and other vegetation as part of development to minimise the urban heat island effect and to improve microclimates.

2 Permitted without consent

Roads

3 Permitted with consent

Aquaculture; Building identification signs; Business identification signs; Car parks; Dwelling houses; Environmental facilities; Environmental protection works; Food and drink premises; Function centres; Information and education facilities; Kiosks; Tourist and visitor accommodation

4 Prohibited

Any development not specified in item 2 or 3

Zone RE1 Public Recreation

1 Objectives of zone

- To enable land to be used for public open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.

2 Permitted without consent

Environmental facilities; Environmental protection works

3 Permitted with consent

4 Prohibited

Any development not specified in item 2 or 3

Zone RE2 Private Recreation

1 Objectives of zone

- To enable land to be used for private open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.
- To protect and enhance the natural environment for recreational purposes.

- To encourage the retention and planting of trees and other vegetation as part of development to minimise the urban heat island effect and to improve microclimates.

2 Permitted without consent

Nil

3 Permitted with consent

Aquaculture; Centre-based child care facilities; Community facilities; Environmental facilities; Environmental protection works; Information and education facilities; Kiosks; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Registered clubs; Respite day care centres; Roads

4 Prohibited

Any development not specified in item 2 or 3

Zone C1 National Parks and Nature Reserves

1 Objectives of zone

- To enable the management and appropriate use of land that is reserved under the [National Parks and Wildlife Act 1974](#) or that is acquired under Part 11 of that Act.
- To enable uses authorised under the [National Parks and Wildlife Act 1974](#).
- To identify land that is to be reserved under the [National Parks and Wildlife Act 1974](#) and to protect the environmental significance of that land.

2 Permitted without consent

Uses authorised under the [National Parks and Wildlife Act 1974](#)

3 Permitted with consent

Nil

4 Prohibited

Any development not specified in item 2 or 3

Zone C2 Environmental Conservation

1 Objectives of zone

- To protect, manage and restore areas of high ecological, scientific, cultural or aesthetic values.
- To prevent development that could destroy, damage or otherwise have an adverse effect on those values.

2 Permitted without consent

Environmental protection works

3 Permitted with consent

Environmental facilities; Oyster aquaculture

4 Prohibited

Business premises; Hotel or motel accommodation; Industries; Local distribution premises; Multi dwelling housing; Pond-based aquaculture; Recreation facilities (major); Residential flat buildings; Restricted premises; Retail premises; Seniors housing; Service stations; Tank-based aquaculture; Warehouse or distribution centres; Any other development not specified in item 2 or 3

Part 3 Exempt and complying development

3.1 Exempt development

- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
- (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
- (3) To be exempt development, the development—
 - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
 - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
 - (c) must not be designated development, and
 - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is

subject to an interim heritage order under the *Heritage Act 1977*.

- (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2-9 is exempt development only if—
 - (a) the building has a current fire safety certificate or fire safety statement, or
 - (b) no fire safety measures are currently implemented, required or proposed for the building.
- (5) To be exempt development, the development must—
 - (a) be installed in accordance with the manufacturer's specifications, if applicable, and
 - (b) not involve the removal, pruning or other clearing of vegetation that requires a permit, development consent or other approval unless it is undertaken in accordance with a permit, development consent or other approval.

Note—

See *State Environmental Planning Policy (Biodiversity and Conservation) 2021*, Chapter 2 and the *Local Land Services Act 2013*, Part 5A.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

3.2 Complying development

- (1) The objective of this clause is to identify development as complying development.
- (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with—
 - (a) the development standards specified in relation to that development, and
 - (b) the requirements of this Part,is complying development.

Note—

See also clause 5.8(3) which provides that the conversion of fire alarms is complying development in certain circumstances.

- (3) To be complying development, the development must—
 - (a) be permissible, with development consent, in the zone in which it is carried out, and
 - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
 - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on

unsewered land.

- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out or referred to in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause—

environmentally sensitive area for exempt or complying development means any of the following—

- (a) the coastal waters of the State,
- (b) a coastal lake,
- (c) land within the coastal wetlands and littoral rainforests area (within the meaning of the *Coastal Management Act 2016*),
- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved under the *National Parks and Wildlife Act 1974* or land acquired under Part 11 of that Act,
- (i) land reserved or dedicated under the *Crown Land Management Act 2016* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land that is a declared area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016* or declared critical habitat under Part 7A of the *Fisheries Management Act 1994*.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows—
 - (a) to establish a minimum subdivision lot size that is consistent with the desired future character of the neighbourhood,
 - (b) to ensure that lot sizes support development envisaged under this Plan,
 - (c) to ensure that lots have a minimum size to retain or enhance amenity by providing useable areas for building and landscaping,
 - (d) to identify locations suitable for increased development density,
 - (e) to ensure that development complies with the desired future character of the area.
- (2) This clause applies to a subdivision of any land shown on the [Lot Size Map](#) that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.
- (3A) If a lot is a battle-axe lot or other lot with an access handle, the area of the access handle is not to be included in calculating the lot size.
- (4) This clause does not apply in relation to the subdivision of any land—
 - (a) by the registration of a strata plan or strata plan of subdivision under the [Strata Schemes Development Act 2015](#), or
 - (b) by any kind of subdivision under the [Community Land Development Act 2021](#).

4.1AA Minimum subdivision lot size for community title schemes

- (1) The objectives of this clause are as follows—
 - (a) to ensure that community title schemes comply with Council's minimum lot sizes,
 - (b) to establish a minimum subdivision lot size for community title subdivision that is consistent with the desired future character of the neighbourhood.
- (2) This clause applies to a subdivision (being a subdivision that requires development consent) under the [Community Land Development Act 2021](#) of land in any of the following zones—

(a) Zone R2 Low Density Residential,

(b) Zone R3 Medium Density Residential,

but does not apply to a subdivision by the registration of a strata plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the [Community Land Development Act 2021](#)) is not to be less than the minimum size shown on the [Lot Size Map](#) in relation to that land.

(4) This clause applies despite clause 4.1.

4.1A Minimum lot sizes for dual occupancies, manor houses, multi dwelling housing and residential flat buildings

(1) The objective of this clause is to achieve planned residential density in certain zones consistent with the desired future character of the neighbourhood.

(2) Development consent may be granted to development on a lot in a zone shown in Column 2 of the table to this clause for a purpose shown in Column 1 of the table opposite that zone, if the area of the lot is equal to or greater than the area specified for that purpose and shown in Column 3 of the table.

Column 1	Column 2	Column 3
Dual occupancy (attached)	Zone R2 Low Density Residential	460 square metres
Dual occupancy (detached)	Zone R2 Low Density Residential	930 square metres
Dual occupancy (attached)	Zone R3 Medium Density Residential	460 square metres
Dual occupancy (detached)	Zone R3 Medium Density Residential	460 square metres
Manor house	Zone R3 Medium Density Residential	700 square metres
Multi dwelling housing	Zone R3 Medium Density Residential	700 square metres
Multi dwelling housing (terraces)	Zone R3 Medium Density Residential	700 square metres
Residential flat building	Zone R3 Medium Density Residential	700 square metres

4.1B Exceptions to minimum subdivision lot sizes for certain residential development

- (1) The objective of this clause is to encourage housing diversity without adversely impacting on residential amenity.
- (2) This clause applies to development on land in Zone R3 Medium Density Residential.
- (3) Development consent may be granted to a single development application for development to which this clause applies that is—
 - (a) the subdivision of land into 3 or more lots, and
 - (b) the erection of a dwelling house, an attached dwelling or a semi-detached dwelling on each lot resulting from the subdivision, if the size of each lot is equal to or greater than—
 - (i) for the erection of a dwelling house—230 square metres, or
 - (ii) for the erection of an attached dwelling—230 square metres, or
 - (iii) for the erection of a semi-detached dwelling—230 square metres.

4.2 Rural subdivision

[Not applicable]

4.3 Height of buildings

- (1) The objectives of this clause are as follows—
 - (a) to establish building heights that are consistent with the desired future character of the neighbourhood,
 - (b) to establish a transition in scale between zones to protect local amenity,
 - (c) to minimise the loss of solar access to existing buildings and open space,
 - (d) to minimise the impacts of new development on adjoining or nearby properties from disruption of views, loss of privacy, overshadowing or visual intrusion,
 - (e) to protect the amenity of the public domain by providing public views of the harbour and surrounding areas.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the [Height of Buildings Map](#).
- (2A) Despite subclause (2) and clause 4.3A, the maximum height of a dwelling house, dual occupancy or semi-detached dwelling on land in Zone R3 Medium Density Residential is 9.5 metres.
- (2B) Despite subclause (2) and clause 4.3A, the maximum height of a building on a

battle-axe lot on land in Zone R3 Medium Density Residential is 9.5 metres.

4.3A Exceptions to building heights (Areas A-H)

- (1) The objectives of this clause are as follows—
 - (a) to ensure new development is consistent with the desired future character of the neighbourhood,
 - (b) to ensure new development is consistent with the surrounding buildings and the streetscape,
 - (c) to protect views and vistas that are in the public domain.
- (2) This clause applies to land identified as “Area A”, “Area B”, “Area C”, “Area D”, “Area E”, “Area F”, “Area G” and “Area H” on the [Height of Buildings Map](#).
- (3) Despite clause 4.3, the height of a building on land to which this clause applies, in an Area indicated in Column 1 of the table to this clause, at the highest part of the land (exclusive of any access handles), must not exceed the height shown opposite that Area in column 2.

Column 1	Column 2
Area A	3.0 metres
Area B	4.0 metres
Area C	6.5 metres
Area D	7.5 metres
Area E	8.0 metres
Area F	10.5 metres
Area G	11 metres
Area H	14 metres

4.3B Exceptions to building heights (Area I—White City Tennis Club)

- (1) The objectives of this clause are as follows—
 - (a) to retain views from Glenmore Road over certain land surrounding White City Tennis Club,
 - (b) to permit a greater maximum building height on part of that land, subject to certain criteria,
 - (c) to protect the visual privacy and amenity of nearby residences,

- (d) to conserve and recognise the heritage significance of the existing centre courts.
- (2) Despite clause 4.3, the maximum height of a building on the land identified as “Area I” on the [Height of Buildings Map](#) is 11.5 metres if—
 - (a) the building is located on the western side of the centre courts, and
 - (b) the consent authority is satisfied that the development does not affect view lines from Glenmore Road, and
 - (c) the building maintains the heritage significance of White City Tennis Club.

4.3C Exceptions to building heights (Area K—252–254 New South Head Road, Double Bay)

- (1) The objectives of this clause are as follows—
 - (a) to ensure new development is consistent with the desired future character of the neighbourhood, surrounding buildings and the streetscape,
 - (b) to protect the visual privacy and amenity of nearby residences,
 - (c) to protect views and vistas that are in the public domain.
- (2) This clause applies to land identified as “Area K” on the [Height of Buildings Map](#).
- (3) Despite clause 4.3, the height of a building on land to which this clause applies must not be more than RL 45.90m if the building is within 11m of—
 - (a) the southern boundary of the land, adjoining the driveway of SP 4585, 248–250 New South Head Road, or
 - (b) the south-eastern boundary of the land, adjoining New South Head Road.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows—
 - (a) for development in Zone R3 Medium Density Residential—
 - (i) to ensure the bulk and scale of new development is compatible with the desired future character of the area, and
 - (ii) to minimise adverse environmental effects on the use or enjoyment of adjoining properties and the public domain, and
 - (iii) to ensure that development allows adequate provision on the land for deep soil planting, tree canopy cover and areas of private open space,
 - (b) for buildings in Zone E1 Local Centre and Zone MU1 Mixed Use—to ensure that buildings are compatible with the desired future character of the area in terms of bulk and scale.

(2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the [Floor Space Ratio Map](#).

(2A) (Repealed)

4.4A Exceptions to floor space ratio (Areas 1 and 1A—Double Bay)

(1) The objective of this clause is to encourage the development of prominent corner buildings in Double Bay.

(2) This clause applies to land identified as “Area 1” and “Area 1A” on the [Floor Space Ratio Map](#).

(3) Despite clause 4.4, development consent may be granted to development on land to which this clause applies that results in a floor space ratio that does not exceed—

(a) in respect of Area 1—3:1, or

(b) in respect of Area 1A—4.5:1,

if the consent authority is satisfied that the development will be compatible with the desired future character of the zone in terms of building bulk and scale.

4.4B Exceptions to floor space ratio (Areas 2 and 3—selected Zone E1 and Zone MU1 centres)

(1) The objective of this clause is to encourage the development of prominent corner buildings on certain land.

(2) This clause applies to land identified as “Area 2” on the [Floor Space Ratio Map](#).

(3) Despite clause 4.4, development consent may be granted to development on land to which this clause applies that results in a floor space ratio that does not exceed 2:1 if—

(a) the consent authority is satisfied that the development will be compatible with the desired future character of the centre in terms of building bulk and scale, and

(b) adjoining land in “Area 3” (as identified on the [Floor Space Ratio Map](#)) has, or will have, direct vehicular access or vehicular access via a right of way to a road.

Note—

If there is no land adjoining in “Area 3”, subclause (b) does not apply.

4.4C Exceptions to height and floor space ratio (Area 4—Rose Bay)

(1) The objective of this clause is to encourage public domain improvements to link the Rose Bay centre to the foreshore of Rose Bay.

- (2) This clause applies to land identified as “Area J” on the [Height of Buildings Map](#) and “Area 4” on the [Floor Space Ratio Map](#).
- (3) Despite clauses 4.3 and 4.4, development consent may be granted to development on land to which this clause applies that results in a floor space ratio that does not exceed 2.25:1 and a height that does not exceed 17.2 metres if—
 - (a) the consent authority is satisfied that the public domain improvements will be compatible with the desired future character of the Rose Bay centre in terms of location, size, access and amenity, and
 - (b) provision is made for public domain improvements within that land.

4.4D Exceptions to floor space ratio (Areas 5—188 Oxford Street, Paddington)

- (1) The objective of this clause is to retain the existing bulk and scale on 188 Oxford Street, Paddington.
- (2) This clause applies to land identified as “Area 5” on the [Floor Space Ratio Map](#).
- (3) Despite clause 4.4, development consent may be granted to development on land to which this clause applies that results in a floor space ratio that does not exceed 1.04:1 if—
 - (a) the consent authority is satisfied that the development will be compatible with any conservation plan for the land, and
 - (b) the floor space ratio that does not exceed 1.04:1 is an aggregate for all the land to which this clause applies.

4.4E Exceptions to floor space ratio—dwelling houses, dual occupancies and semi-detached dwellings in Zones R2 and R3

- (1) The objectives of this clause are as follows—
 - (a) to ensure the bulk and scale of development is compatible with the desired future character of the area,
 - (b) to minimise adverse environmental effects on the use or enjoyment of adjoining properties and the public domain,
 - (c) to ensure development makes adequate provision for deep soil planting, tree canopy cover and private open space.
- (2) This clause applies to land in the following zones—
 - (a) Zone R2 Low Density Residential,
 - (b) Zone R3 Medium Density Residential.

- (3) The maximum floor space ratio for a dual occupancy, dwelling house or semi-detached dwelling is—
- (a) for land identified as “Area 6” on the [Floor Space Ratio Map](#)—0.75:1, or
 - (b) for other land—the floor space ratio specified for the lot size in the table to this subclause.

Lot size	Maximum floor space ratio
<150m ²	1.05:1
≥150m ² <200m ²	0.95:1
≥200m ² <250m ²	0.85:1
≥250m ² <300m ²	0.75:1
≥300m ² <350m ²	0.65:1
≥350m ² <400m ²	0.55:1
≥400m ²	0.5:1

- (4) This clause does not apply to a dual occupancy, dwelling house or semi-detached dwelling in the Paddington, Watsons Bay or Woollahra heritage conservation areas identified on the [Heritage Map](#).

4.5 Calculation of floor space ratio and site area

- (1) **Objectives** The objectives of this clause are as follows—
- (a) to define ***floor space ratio***,
 - (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to—
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.
- (2) **Definition of “floor space ratio”** The ***floor space ratio*** of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.
- (3) **Site area** In determining the site area of proposed development for the purpose of applying a floor space ratio, the ***site area*** is taken to be—

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

- (4) **Exclusions from site area** The following land must be excluded from the site area—
 - (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
 - (b) community land or a public place (except as provided by subclause (7)).
- (5) **Strata subdivisions** The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.
- (6) **Only significant development to be included** The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.
- (7) **Certain public land to be separately considered** For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.
- (8) **Existing buildings** The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.
- (9) **Covenants to prevent “double dipping”** When development consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.
- (10) **Covenants affect consolidated sites** If—

(a) a covenant of the kind referred to in subclause (9) applies to any land (**affected land**), and

(b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition** In this clause, **public place** has the same meaning as it has in the [Local Government Act 1993](#).

4.6 Exceptions to development standards

(1) The objectives of this clause are as follows—

(a) to provide an appropriate degree of flexibility in applying certain development standards to particular development,

(b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.

(2) Development consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.

(3) Development consent must not be granted to development that contravenes a development standard unless the consent authority is satisfied the applicant has demonstrated that—

(a) compliance with the development standard is unreasonable or unnecessary in the circumstances, and

(b) there are sufficient environmental planning grounds to justify the contravention of the development standard.

Note—

The [Environmental Planning and Assessment Regulation 2021](#) requires a development application for development that proposes to contravene a development standard to be accompanied by a document setting out the grounds on which the applicant seeks to demonstrate the matters in paragraphs (a) and (b).

(4) The consent authority must keep a record of its assessment carried out under subclause (3).

(5) (Repealed)

- (6) Development consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone C2 Environmental Conservation, Zone C3 Environmental Management or Zone C4 Environmental Living if—
- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.

Note—

When this Plan was made it did not include all of these zones.

- (7) (Repealed)
- (8) This clause does not allow development consent to be granted for development that would contravene any of the following—
- (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which [State Environmental Planning Policy \(Building Sustainability Index: BASIX\) 2004](#) applies or for the land on which such a building is situated,
 - (c) clause 5.4,
 - (caa) clause 5.5.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 3.15 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) (**the owner-initiated acquisition provisions**).

Note—

If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the [Land Acquisition \(Just Terms Compensation\) Act 1991](#) requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the

authority of the State specified below in relation to the land shown on the [Land Reservation Acquisition Map](#) (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 2.5 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Transport for NSW
Zone C1 National Parks and Nature Reserves and marked "National Park"	Minister administering the National Parks and Wildlife Act 1974
Zone R2 Low Density Residential and marked "Classified road"	Transport for NSW
Zone E1 Local Centre and marked "Local road widening"	Council
Zone MU1 Mixed Use and marked "Classified road"	Transport for NSW

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to limit development on certain land intended to be acquired for a public purpose.
- (2) This clause applies to land shown on the [Land Reservation Acquisition Map](#) and specified in Column 1 of the table to this clause and that has not been acquired by the relevant authority of the State specified for the land in clause 5.1.
- (3) Development consent must not be granted to any development on land to which this clause applies other than development for a purpose specified opposite that land in Column 2 of that table.

Column 1

Land

Column 2

Development

Zone R2 Low Density Residential and marked "Classified road"	Roads
Zone E1 Local Centre and marked "Local road widening"	Roads
Zone MU1 Mixed Use and marked "Classified road"	Roads
Zone RE1 Public Recreation and marked "Local open space"	Recreation areas
Zone RE1 Public Recreation and marked "Regional open space"	Recreation areas

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the [Local Government Act 1993](#).

Note—

Under the [Local Government Act 1993](#), "public land" is generally land vested in or under the control of a council (other than roads and certain Crown land). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the [Local Government Act 1993](#). Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the [Local Government Act 1993](#).
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the [Local Government Act 1993](#).
- (4) The public land described in Part 1 of Schedule 4—
 - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except—
 - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and

- (b) any reservations that except land out of the Crown grant relating to the land, and
- (c) reservations of minerals (within the meaning of the *Crown Land Management Act 2016*).

Note—

In accordance with section 30(2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

[Not adopted]

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation** If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 4 bedrooms.

Note—

Any such development that provides for a certain number of guests or rooms may involve a change in the class of building under the *Building Code of Australia*.

- (2) **Home businesses** If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 75 square metres of floor area.
- (3) **Home industries** If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 75 square metres of floor area.
- (4) **Industrial retail outlets** If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed—
 - (a) 67% of the gross floor area of the industry or rural industry located on the same land as the retail outlet, or
 - (b) 400 square metres,whichever is the lesser.
- (5) **Farm stay accommodation** If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms in buildings.
- (6) **Kiosks** If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 25 square metres.

- (7) **Neighbourhood shops** If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.
- (7AA) **Neighbourhood supermarkets** If development for the purposes of a neighbourhood supermarket is permitted under this Plan, the gross floor area must not exceed 1,000 square metres.
- (8) **Roadside stalls** If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 9 square metres.
- (9) **Secondary dwellings on land other than land in a rural zone** If development for the purposes of a secondary dwelling is permitted under this Plan on land other than land in a rural zone, the total floor area of the dwelling, excluding any area used for parking, must not exceed whichever of the following is the greater—
- (a) 60 square metres,
 - (b) 5% of the total floor area of the principal dwelling.
- (10) **Artisan food and drink industry exclusion** If development for the purposes of an artisan food and drink industry is permitted under this Plan in Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial, Zone W4 Working Waterfront or a rural zone, the floor area used for retail sales (not including any cafe or restaurant area) must not exceed—
- (a) 67% of the gross floor area of the industry, or
 - (b) 400 square metres,
- whichever is the lesser.

5.5 Controls relating to secondary dwellings on land in a rural zone

[Not adopted]

5.6 Architectural roof features

[Not adopted]

5.7 Development below mean high water mark

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by Fire and Rescue NSW or by a private service provider.
- (2) The following development may be carried out, but only with development consent—
 - (a) converting a fire alarm system from connection with the alarm monitoring system of Fire and Rescue NSW to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of—
 - (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause—

private service provider means a person or body that has entered into an agreement that is in force with Fire and Rescue NSW to monitor fire alarm systems.

5.9AA (Repealed)

5.10 Heritage conservation

Note—

Heritage items (if any) are listed and described in Schedule 5. Heritage conservation areas (if any) are shown on the [Heritage Map](#) as well as being described in Schedule 5.

(1) **Objectives** The objectives of this clause are as follows—

- (a) to conserve the environmental heritage of Woollahra,
- (b) to conserve the heritage significance of heritage items and heritage conservation areas, including associated fabric, settings and views,
- (c) to conserve archaeological sites,
- (d) to conserve Aboriginal objects and Aboriginal places of heritage significance.

(2) **Requirement for consent** Development consent is required for any of the following—

- (a) demolishing or moving any of the following or altering the exterior of any of the following (including, in the case of a building, making changes to its detail, fabric, finish or appearance)—
 - (i) a heritage item,
 - (ii) an Aboriginal object,
 - (iii) a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item that is a building by making structural changes to its interior or by making changes to anything inside the item that is specified in Schedule 5 in relation to the item,
- (c) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (d) disturbing or excavating an Aboriginal place of heritage significance,
- (e) erecting a building on land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance,
- (f) subdividing land—
 - (i) on which a heritage item is located or that is within a heritage conservation area, or
 - (ii) on which an Aboriginal object is located or that is within an Aboriginal place of heritage significance.

(3) **When consent not required** However, development consent under this clause is not

required if—

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development—
 - (i) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or archaeological site or a building, work, relic, tree or place within the heritage conservation area, and
 - (ii) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development—
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to an Aboriginal place of heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.

(4) **Effect of proposed development on heritage significance** The consent authority must, before granting consent under this clause in respect of a heritage item or heritage conservation area, consider the effect of the proposed development on the heritage significance of the item or area concerned. This subclause applies regardless of whether a heritage management document is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

(5) **Heritage assessment** The consent authority may, before granting consent to any development—

- (a) on land on which a heritage item is located, or
- (b) on land that is within a heritage conservation area, or
- (c) on land that is within the vicinity of land referred to in paragraph (a) or (b),

require a heritage management document to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

- (6) **Heritage conservation management plans** The consent authority may require, after considering the heritage significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.
- (7) **Archaeological sites** The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the [Heritage Act 1977](#) applies)—
- (a) notify the Heritage Council of its intention to grant consent, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (8) **Aboriginal places of heritage significance** The consent authority must, before granting consent under this clause to the carrying out of development in an Aboriginal place of heritage significance—
- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place by means of an adequate investigation and assessment (which may involve consideration of a heritage impact statement), and
 - (b) notify the local Aboriginal communities, in writing or in such other manner as may be appropriate, about the application and take into consideration any response received within 28 days after the notice is sent.
- (9) **Demolition of nominated State heritage items** The consent authority must, before granting consent under this clause for the demolition of a nominated State heritage item—
- (a) notify the Heritage Council about the application, and
 - (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.
- (10) **Conservation incentives** The consent authority may grant consent to development for any purpose of a building that is a heritage item or of the land on which such a building is erected, or for any purpose on an Aboriginal place of heritage significance, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that—
- (a) the conservation of the heritage item or Aboriginal place of heritage significance is facilitated by the granting of consent, and
 - (b) the proposed development is in accordance with a heritage management document that has been approved by the consent authority, and

- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage management document is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, or the heritage significance of the Aboriginal place of heritage significance, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without development consent.

Note—

The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Transport and Infrastructure) 2021*, Chapter 2.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

5.19 Pond-based, tank-based and oyster aquaculture

(1) **Objectives** The objectives of this clause are as follows—

- (a) to encourage sustainable oyster, pond-based and tank-based aquaculture in the State, namely, aquaculture development that uses, conserves and enhances the community's resources so that the total quality of life now and in the future can be preserved and enhanced,
- (b) to set out the minimum site location and operational requirements for permissible pond-based and tank-based aquaculture development.

(2) **Pond-based or tank-based aquaculture—matters of which consent authority must be satisfied before granting consent** The consent authority must not grant development consent to carry out development for the purpose of pond-based aquaculture or tank-based aquaculture unless the consent authority is satisfied of the following—

- (a) that the development complies with the site location and operational requirements set out in Part 1 of Schedule 6 for the development,
- (b) in the case of—
 - (i) pond-based aquaculture in Zone RU5 Village, Zone RU6 Transition, Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone E1 Local Centre, Zone E2 Commercial Centre, Zone E3 Productivity Support, Zone E4 General Industrial, Zone E5 Heavy Industrial or Zone MU1 Mixed Use—that the development is for the purpose of small scale aquarium fish production, and
 - (ii) pond-based aquaculture in Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of extensive aquaculture, and
 - (iii) tank-based aquaculture in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone R4 High Density Residential, Zone R5 Large Lot Residential, Zone C3 Environmental Management or Zone C4 Environmental Living—that the development is for the purpose of small scale aquarium fish production, and
 - (iv) pond-based aquaculture or tank-based aquaculture in Zone W1 Natural

Waterways, Zone W2 Recreational Waterways or Zone W3 Working Waterways—that the development will use waterways to source water.

- (3) The requirements set out in Part 1 of Schedule 6 are minimum requirements and do not limit the matters a consent authority is required to take into consideration under the Act or the conditions that it may impose on any development consent.
- (4) **Extensive pond-based aquaculture permitted without consent in certain zones**
Development for the purpose of pond-based aquaculture, that is also extensive aquaculture, may be carried out without development consent if—
- (a) the development is carried out in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Primary Production Small Lots or Zone RU6 Transition, and
- (b) the development complies with the site location requirements and operational requirements set out in Part 2 of Schedule 6.
- (5) **Oyster aquaculture—additional matters that consent authority must consider in determining a development application** In determining a development application for development for the purpose of oyster aquaculture, the consent authority must consider—
- (a) any provisions of any aquaculture industry development plan that are relevant to the subject of the development application, and
- (b) the *NSW Oyster Industry Sustainable Aquaculture Strategy*.
- (6) **Oyster aquaculture permitted without consent in priority oyster aquaculture areas**
Development for the purpose of oyster aquaculture may be carried out without development consent—
- (a) on land that is wholly within a priority oyster aquaculture area, or
- (b) on land that is partly within and partly outside a priority oyster aquaculture area, but only if the land outside the area is no more than 0.1 hectare in area.
- (7) **Definitions** In this clause—

aquaculture industry development plan means an aquaculture industry development plan published under Part 6 of the *Fisheries Management Act 1994*.

extensive aquaculture has the same meaning as in the *Fisheries Management (Aquaculture) Regulation 2017*.

NSW Oyster Industry Sustainable Aquaculture Strategy means the third edition of the publication of that title, as published in 2016 by the Department of Primary Industries (within the Department of Industry).

priority oyster aquaculture area means an area identified as a priority oyster aquaculture area on a map referred to in Chapter 5.3 of the *NSW Oyster Industry Sustainable Aquaculture Strategy*, being a map a copy of which is held in the head office of the Department of Primary Industries (within the Department of Industry) and published on that Department's website.

5.20 Standards that cannot be used to refuse consent—playing and performing music

- (1) The consent authority must not refuse consent to development in relation to licensed premises on the following grounds—
 - (a) the playing or performance of music, including the following—
 - (i) the genre of music played or performed, or
 - (ii) whether the music played or performed is live or amplified, or
 - (iii) whether the music played or performed is original music, or
 - (iv) the number of musicians or live entertainment acts playing or performing, or
 - (v) the type of instruments played,
 - (b) whether dancing occurs,
 - (c) the presence or use of a dance floor or another area ordinarily used for dancing,
 - (d) the direction in which a stage for players or performers faces,
 - (e) the decorations to be used, including, for example, mirror balls, or lighting used by players or performers.
- (2) The consent authority must not refuse consent to development in relation to licensed premises on the grounds of noise caused by the playing or performance of music, if the consent authority is satisfied the noise may be managed and minimised to an acceptable level.
- (3) In this clause—

licensed premises has the same meaning as in the [Liquor Act 2007](#).

5.21 Flood planning

- (1) The objectives of this clause are as follows—
 - (a) to minimise the flood risk to life and property associated with the use of land,
 - (b) to allow development on land that is compatible with the flood function and behaviour on the land, taking into account projected changes as a result of climate change,

- (c) to avoid adverse or cumulative impacts on flood behaviour and the environment,
 - (d) to enable the safe occupation and efficient evacuation of people in the event of a flood.
- (2) Development consent must not be granted to development on land the consent authority considers to be within the flood planning area unless the consent authority is satisfied the development—
- (a) is compatible with the flood function and behaviour on the land, and
 - (b) will not adversely affect flood behaviour in a way that results in detrimental increases in the potential flood affectation of other development or properties, and
 - (c) will not adversely affect the safe occupation and efficient evacuation of people or exceed the capacity of existing evacuation routes for the surrounding area in the event of a flood, and
 - (d) incorporates appropriate measures to manage risk to life in the event of a flood, and
 - (e) will not adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses.
- (3) In deciding whether to grant development consent on land to which this clause applies, the consent authority must consider the following matters—
- (a) the impact of the development on projected changes to flood behaviour as a result of climate change,
 - (b) the intended design and scale of buildings resulting from the development,
 - (c) whether the development incorporates measures to minimise the risk to life and ensure the safe evacuation of people in the event of a flood,
 - (d) the potential to modify, relocate or remove buildings resulting from development if the surrounding area is impacted by flooding or coastal erosion.
- (4) A word or expression used in this clause has the same meaning as it has in the *Considering Flooding in Land Use Planning Guideline* unless it is otherwise defined in this clause.
- (5) In this clause—
- Considering Flooding in Land Use Planning Guideline*** means the *Considering Flooding in Land Use Planning Guideline* published on the Department’s website on 14 July 2021.

flood planning area has the same meaning as it has in the Flood Risk Management Manual.

Flood Risk Management Manual means the *Flood Risk Management Manual*, ISBN 978-1-923076-17-4, published by the NSW Government in June 2023.

5.22 Special flood considerations

[Not adopted]

5.23 Public bushland

- (1) The objective of this clause is to protect and ensure the ecological viability of bushland, including rehabilitated areas in urban areas, by—
 - (a) preserving biodiversity, habitat corridors and links between public bushland and other nearby bushland, and
 - (b) preserving bushland as a natural stabiliser of the soil surface, and
 - (c) preserving existing hydrological landforms, processes and functions, including natural drainage lines, watercourses, wetlands and foreshores, and
 - (d) preserving the recreational, educational, scientific, aesthetic, environmental, ecological and cultural values and potential of bushland, and
 - (e) mitigating disturbance caused by development.
- (2) Development that will disturb, or is reasonably likely to disturb, public bushland is permitted with development consent.
- (3) Development consent must not be granted to development that will disturb, or is reasonably likely to disturb, public bushland unless the consent authority is satisfied of the following—
 - (a) the disturbance of the bushland is essential for a purpose in the public interest,
 - (b) there is no reasonable alternative to the disturbance,
 - (c) the development minimises the amount of bushland to be disturbed,
 - (d) the development includes measures to remediate the disturbed bushland.
- (4) Despite subclause (2), development that will disturb, or is reasonably likely to disturb, public bushland is permitted without development consent if the development is for the following purposes—
 - (a) the construction, operation or maintenance of pipelines to carry water, sewerage or gas or pipelines licensed under the *Pipelines Act 1967*,

- (b) the construction, operation or maintenance of electricity or telecommunication lines,
 - (c) bush fire hazard reduction,
 - (d) the construction or maintenance of classified roads,
 - (e) facilitating the recreational use of the public bushland.
- (5) Development specified in subclause (4)(e) is permitted without development consent only if it is carried out in accordance with a plan of management for the public bushland, adopted by the Council in the same way a plan of management is required to be adopted for community land under the *Local Government Act 1993*, Chapter 6, Part 2, Division 2, that includes measures for the following—
- (a) the recreational use of the land,
 - (b) bush fire hazard reduction,
 - (c) the prevention of degradation, including the alteration of drainage patterns, rubbish dumping, vehicle intrusion and infestation with weeds or non-native plants,
 - (d) the remediation of degraded public bushland.
- (6) This clause does not require development consent for clearing of native vegetation if the clearing is of a kind that is authorised under the *Local Land Services Act 2013*, section 600.
- (7) In deciding whether to grant development consent to development on land adjoining public bushland, the consent authority must consider the following—
- (a) the need to retain public bushland adjoining the site of the development,
 - (b) the likely effect of the development on public bushland, including the following—
 - (i) the erosion of soil,
 - (ii) the siltation of streams and waterways,
 - (iii) the spread of weeds and non-native plants within public bushland,
 - (c) other matters the consent authority considers relevant to the protection and preservation of public bushland.
- (8) This clause does not apply to the following land that is public bushland—
- (a) land in Zone RU1, RU2, RU3, RU4 or RU5,
 - (b) land reserved, dedicated or acquired under the *National Parks and Wildlife Act*

1974,

(c) land within a State forest, flora reserve or timber reserve within the meaning of the *Forestry Act 2012*,

(d) land to which *State Environmental Planning Policy (Precincts—Western Parkland City) 2021*, Chapter 7 applies.

(9) In this clause—

disturb public bushland means—

(a) remove vegetation from public bushland, or

(b) cause a change in the natural ecology of public bushland that results in the destruction or degradation of the public bushland.

non-native plant means a plant that is not native vegetation.

public bushland means land—

(a) on which there is vegetation that is—

(i) a remainder of the natural vegetation of the land, or

(ii) representative of the structure and floristics of the natural vegetation of the land, and

(b) that is owned, managed or reserved for open space or environmental conservation by the Council or a public authority.

Part 6 Additional local provisions

6.1 Acid sulfate soils

(1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.

(2) Development consent is required for the carrying out of works described in the table to this subclause on land shown on the *Acid Sulfate Soils Map* as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the Acid Sulfate Soils Manual and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if—
- (a) a preliminary assessment of the proposed works prepared in accordance with the Acid Sulfate Soils Manual indicates that an acid sulfate soils management plan is not required for the works, and
 - (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power)—
- (a) emergency work, being the repair or replacement of the works of the public authority, required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
 - (b) routine maintenance work, being the periodic inspection, cleaning, repair or

replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),

(c) minor work, being work that costs less than \$20,000 (other than drainage work).

(6) Despite subclause (2), development consent is not required under this clause to carry out any works if—

(a) the works involve the disturbance of less than 1 tonne of soil, and

(b) the works are not likely to lower the watertable.

6.2 Earthworks

(1) The objective of this clause is to ensure that earthworks and associated construction dewatering for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.

(2) Development consent is required for earthworks and associated construction dewatering unless—

(a) the earthworks are exempt development under this Plan or another applicable environmental planning instrument, or

(b) the earthworks and associated construction dewatering are ancillary to development that is permitted without consent under this Plan or to development for which development consent has been given.

(3) In deciding whether to grant development consent for earthworks and associated construction dewatering (or for development involving ancillary earthworks), the consent authority must consider the following matters—

(a) the likely disruption of, or any detrimental effect on, drainage patterns and soil stability in the locality of the development,

(b) the effect of the development on the likely future use or redevelopment of the land,

(c) the quality of the fill or the soil to be excavated, or both,

(d) the effect of the development on the existing and likely amenity and structural integrity of surrounding properties,

(e) the source of any fill material and the destination of any excavated material,

(f) the likelihood of disturbing relics,

(g) the proximity to, and potential for adverse impacts on, any waterway, drinking

water catchment or environmentally sensitive area,

- (h) any appropriate measures proposed to avoid, minimise or mitigate the impacts of the development.

Note—

The *National Parks and Wildlife Act 1974*, particularly section 86, deals with harming Aboriginal objects.

6.3 (Repealed)

6.4 Limited development on foreshore area

- (1) The objective of this clause is to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area.
- (2) Development consent must not be granted for development on land in foreshore area 12 unless the development is for the purposes of—
 - (a) the extension, alteration or rebuilding of an existing building that is wholly or partly in foreshore area 12, or
 - (b) a boat shed, sea retaining wall, wharf, slipway, jetty, waterway access stairs, swimming pool or fence.
- (3) Development consent must not be granted for the purposes of a residential flat building or multi dwelling housing on land in foreshore area 30 unless the development is for the purposes of the extension, addition, alteration or rebuilding of an existing building that is wholly or partly in foreshore area 30.
- (4) Development consent must not be granted under subclause (2) or (3) unless the consent authority is satisfied that—
 - (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
 - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and
 - (c) the development will not cause environmental harm such as—
 - (i) pollution or siltation of the waterway, or
 - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, flora or fauna habitats, or
 - (iii) an adverse effect on drainage patterns, and
 - (d) the development will not cause congestion of, or generate conflicts between,

people using open space areas or the waterway, and

- (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
 - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained,
 - (g) in the case of development for the alteration or rebuilding of an existing building wholly or partly in the foreshore area—the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore.
- (5) In deciding whether to grant development consent for development under this clause, the consent authority must consider whether and to what extent the development would encourage the following—
- (a) continuous public access to and along the foreshore through or adjacent to the proposed development,
 - (b) public access to link with existing or proposed open space,
 - (c) public access to be secured by appropriate covenants, agreements or other instruments registered on the title to land,
 - (d) public access to be located above the mean high water mark,
 - (e) the reinforcing of the foreshore character and respect for existing environmental conditions.

(6) In this clause—

foreshore area 12 means the land that is between a line that is landward of, and surveyed by a registered surveyor as being 12 metres from, the mean high water mark of the nearest natural waterbody shown on the [Foreshore Building Line Map](#) and that mean high water mark.

foreshore area 30 means the land that is between a line that is landward of, and surveyed by a registered surveyor as being 30 metres from, the mean high water mark of the nearest natural waterbody shown on the [Foreshore Building Line Map](#) and that mean high water mark.

6.5 Particular dual occupancy subdivisions must not be approved

- (1) Development consent must not be granted for a subdivision that would create separate titles for each of the 2 dwellings resulting from a dual occupancy development.
- (2) This clause does not apply in relation to a subdivision under—

- (a) the *Community Land Development Act 1989*, or
- (b) the *Strata Schemes (Freehold Development) Act 1973*.

6.6 Use of existing non-residential buildings in residential zones

- (1) The objective of this clause is to enable buildings and land in a residential zone to be developed for non-residential purposes only in certain circumstances.
- (2) This clause applies to development on land in a residential zone.
- (3) Despite any other provision of this Plan, development consent must not be granted to development to which this clause applies for the purposes of business premises, a community facility, an information and education facility, office premises, a public administration building or a shop unless—
 - (a) the whole or part of the development has a history of a lawfully commenced non-residential use, whether or not that use has been discontinued, abandoned or interrupted, and
 - (b) the whole or part of the development was originally lawfully carried out with a non-residential design or was lawfully altered or adopted to a non-residential design, and
 - (c) the consent authority is satisfied that the development—
 - (i) will not adversely affect the enjoyment by an occupier of the land adjoining or in the neighbourhood of the land on which the development is situated, and
 - (ii) if located in a heritage conservation area—will not adversely affect the heritage significance of the building in which, or the land on which, the development is situated, or the heritage conservation area.
- (4) **Exception—Office premises on land at 190-200 Boundary Street, Paddington** Despite subclause (3), development for the purpose of office premises is permitted with development consent on the following land if the consent authority is satisfied that the development is ancillary to and associated with St Vincent’s Private Hospital—
 - (a) 190 Boundary Street, Paddington, being Lot 3, DP 223679,
 - (b) 192 Boundary Street, Paddington, being Lot 2, DP 223679,
 - (c) 194 Boundary Street, Paddington, being Lot 1, DP 223679,
 - (d) 196–200 Boundary Street, Paddington, being Lot 3, DP 84504.

6.7 Location of sex services premises

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity

impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.

- (2) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following—
 - (a) whether the premises will be located on land that adjoins, is directly opposite or is separated only by a local road from land—
 - (i) in Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone RE1 Public Recreation, or
 - (ii) used for the purposes of a centre-based child care facility, a community facility, a school or a place of public worship,
 - (b) the impact of the proposed development and its hours of operation on any place likely to be regularly frequented by children—
 - (i) that adjoins the development, or
 - (ii) that can be viewed from the development, or
 - (iii) from which a person can view the development.

6.8 Development of land at 252-254 New South Head Road, Double Bay

- (1) This clause applies to SP 11702, 252-254 New South Head Road, Double Bay.
- (2) Development consent must not be granted for development on land to which this clause applies unless a development control plan has been prepared for the land that provides for the following—
 - (a) built form and building facade articulation controls to—
 - (i) ensure the scale of development is compatible with adjoining development, and
 - (ii) enhance the streetscape of New South Head Road,
 - (b) setbacks,
 - (c) height of buildings in storeys,
 - (d) vehicular access to and from New South Head Road,
 - (e) a mix of apartment types, including the number of bedrooms in each apartment,
 - (f) deep soil zones to support tree canopies and the planting of vegetation screens,
 - (g) management of environmental impacts, including overshadowing and visual and acoustic privacy,

- (h) view sharing.

6.9 Tree canopy cover in Zones R2 and R3

- (1) The objective of this clause is to conserve and enhance tree canopy cover.
- (2) This clause applies to land in the following zones—
 - (a) Zone R2 Low Density Residential,
 - (b) Zone R3 Medium Density Residential.
- (3) Development consent must not be granted to development on the land unless the consent authority has considered whether the development—
 - (a) incorporates planning and design measures to enable the retention and planting of trees to minimise the urban heat island effect, and
 - (b) will avoid, minimise or mitigate adverse impacts on the existing tree canopy.
- (4) This clause does not apply to the Paddington, Watsons Bay or Woollahra heritage conservation areas identified on the [Heritage Map](#).

6.10 Development in local centres

- (1) The objectives of this clause are as follows—
 - (a) to ensure the scale and function of development in local centres are appropriate for the location,
 - (b) to ensure development in local centres is compatible with the desired future character and amenity of surrounding residential areas.
- (2) This clause applies to land identified as “Area K” on the [Land Zoning Map](#).
- (3) Development consent must not be granted to development on the land unless the consent authority has considered—
 - (a) the impact of the development on—
 - (i) the amenity of surrounding residential areas, and
 - (ii) the desired future character of the local centre, and
 - (b) whether the development is consistent with the hierarchy of centres.

 - (c) to provide for non-residential floor space and diverse housing.
- (2) This clause applies to land identified as “Area 1” on the [Key Sites Map](#).
- (3) A building resulting from development on land to which this clause applies may have a floor space ratio of up to 5:1 and a building height of up to 46m if the consent authority is satisfied of the following—
- (a) all lots comprising the land are consolidated into a single lot (the **consolidated lot**),
 - (b) development on the consolidated lot will be the result of a single development application,
 - (c) there will be no vehicular access between New South Head Road and the consolidated lot,
 - (d) the non-residential floor space ratio of the building will be at least 1:1 and no more than 2:1.
- (4) Subclause (3) applies only if a development control plan that provides for the following matters has been prepared for the land—
- (a) building envelopes and built form controls, including storeys and setbacks and provision for a podium and tower,
 - (b) a mix of apartment types, including the number of bedrooms in each apartment,
 - (c) conservation of heritage items on the consolidated lot,
 - (d) appropriate car parking and vehicle access arrangements.
- (5) Despite subclause (4), a development control plan is not required if the consent authority is satisfied that—
- (a) the preparation of a plan is unreasonable or unnecessary in the circumstances, or
 - (b) the development—
 - (i) involves only alterations or additions to an existing building, and
 - (ii) does not significantly increase the height or gross floor area of the building, and
 - (iii) does not have significant adverse impacts on an adjoining building or the public domain, and

- (iv) does not significantly alter an aspect of the building when viewed from a public place.
- (6) Development consent must not be granted to development on land to which this clause applies unless—
- (a) a design review panel has reviewed the development, and
 - (b) the consent authority considers the advice of the design review panel, and
 - (c) the consent authority is satisfied the development exhibits design excellence.
- (7) In deciding whether the development exhibits design excellence, the consent authority must consider the following—
- (a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
 - (b) whether the form and external appearance of the development will improve the quality and amenity of the public domain,
 - (c) the relationship of the development with other existing or proposed development on the same site or on neighbouring sites in terms of separation, setbacks, amenity and urban form,
 - (d) whether the building resulting from the development will incorporate sustainable design principles, including in relation to the following—
 - (i) sunlight,
 - (ii) natural ventilation,
 - (iii) wind,
 - (iv) reflectivity,
 - (v) visual and acoustic privacy,
 - (vi) safety and security,
 - (vii) resource, energy and water efficiency,
 - (e) whether the proposed development will detrimentally impact the following—
 - (i) view corridors and landmarks,
 - (ii) pedestrian, cycle, vehicular and service access,
 - (iii) circulation requirements, including the permeability of the pedestrian network,

- (f) the impact of the development on the public domain,
- (g) whether there are appropriate interfaces at ground level between the buildings and the public domain,
- (h) whether the development will include a mix of retail, commercial and residential uses.

(8) In this clause—

design review panel means a panel of 2 or more persons established by the consent authority.

non-residential floor space means the total gross floor area of all buildings on the consolidated lot used for purposes other than residential accommodation.

Schedule 6 Pond-based and tank-based aquaculture

(Clause 5.19)

Part 1 Pond-based and tank-based aquaculture

Division 1 Site location requirements

1 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the *Biodiversity Conservation Act 2016*,
 - (b) vacant Crown land,
 - (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.
- (2) Must not be carried out on the following land, except for the purposes of minimal infrastructure to support the extraction of water from, and discharge of water to, the land concerned—
 - (a) land declared as an aquatic reserve under the *Marine Estate Management Act 2014*,
 - (b) land declared as a marine park under the *Marine Estate Management Act 2014*.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

Division 2 Operational requirements

2 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

3 Pond-based aquaculture that is also intensive aquaculture—pond design

For pond-based aquaculture that is also intensive aquaculture—ponds must be capable of being drained or pumped and then completely dried.

4 Pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—freshwater discharges

For pond-based aquaculture and tank-based aquaculture that is also intensive aquaculture—no discharge of freshwater used to intensively cultivate or keep fish to natural waterbodies or wetlands is permitted, except freshwater discharge from open flow through systems.

5 Outlets from culture ponds etc

All outlets from culture ponds, tanks and other culture facilities must be screened to avoid the escape of fish.

6 Definition

In this Division—

intensive aquaculture has the same meaning as it has in the [Fisheries Management \(Aquaculture\) Regulation 2017](#).

Part 2 Extensive pond-based aquaculture

Division 1 Site location requirements

7 Conservation exclusion zones

- (1) Must not be carried out on the following land, except to the extent necessary to gain access to water—
 - (a) land declared an area of outstanding biodiversity value under the [Biodiversity Conservation Act 2016](#),
 - (b) vacant Crown land,

- (c) land within a wetland of international significance declared under the Ramsar Convention on Wetlands.

Note—

Nothing in this clause affects any requirement under an Act relating to land specified in this clause to obtain a licence or other authority under that Act for development of the land.

8 Flood liability

Must be designed or constructed on land so that it will not be inundated by the discharge of a 1:100 ARI (average recurrent interval) flood event.

Division 2 Operational requirements

9 Species selection

Species of fish or marine vegetation cultivated or kept must be consistent with the relevant aquaculture industry development plan (within the meaning of clause 5.19).

10 Pond design

- (1) Must not require the construction of new ponds, water storages, dams or buildings.
- (2) Must not be located on permanent watercourses, creeks, billabongs or isolated outreaches of creeks or rivers.
- (3) Must be capable of preventing the escape of stock into natural waterbodies or wetlands.

11 Culture water

Must use freshwater.

Dictionary

(Clause 1.4)

Note—

The Act and the [Interpretation Act 1987](#) contain definitions and other provisions that affect the interpretation and application of this Plan.

Aboriginal object means any deposit, object or other material evidence (not being a handcraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

Aboriginal place of heritage significance means an area of land, the general location of which is identified in an Aboriginal heritage study adopted by the Council after public exhibition and that may be shown on the [Heritage Map](#), that is—

- (a) the site of one or more Aboriginal objects or a place that has the physical remains of pre-European occupation by, or is of contemporary significance to, the Aboriginal people. It may (but need not) include items and remnants of the occupation of the land by Aboriginal people, such as burial places, engraving sites, rock art, midden deposits, scarred and sacred trees and sharpening grooves, or
- (b) a natural Aboriginal sacred site or other sacred feature. It includes natural features such as creeks or mountains of long-standing cultural significance, as well as initiation, ceremonial or story places or areas of more contemporary cultural significance.

Note—

The term may include (but is not limited to) places that are declared under section 84 of the [National Parks and Wildlife Act 1974](#) to be Aboriginal places for the purposes of that Act.

acid sulfate soils means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

Acid Sulfate Soils Manual means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

Acid Sulfate Soils Map means the [Woollahra Local Environmental Plan 2014 Acid Sulfate Soils Map](#).

advertisement has the same meaning as in the Act.

Note—

The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

advertising structure has the same meaning as in the Act.

Note—

The term is defined as a structure used or to be used principally for the display of an advertisement.

Advertising structures are a type of **signage**—see the definition of that term in this Dictionary.
