Note—

The [Interpretation Act 1987](#) contains definitions and other provisions that affect the interpretation and application of this Act.

- (1A) Each of the 3-month periods that starts at the beginning of October, January, April and July in each year is a **relevant period** for the purposes of this Act. The regulations can change what is a **relevant period** for the purposes of this Act.

- (2) Notes included in this Act do not form part of this Act.

4 Primary wholesalers

- (1) In this Act—

primary wholesaler means a fuel wholesaler who operates or supplies petrol or diesel fuel from any of the following facilities (whether or not in New South Wales) in connection with fuel wholesaling—

- (a) an oil refinery,
- (b) a shipping facility,
- (c) a facility to which petrol or diesel fuel is shipped by pipeline from an oil refinery or a shipping facility,
- (d) a facility to which petrol or diesel fuel is supplied by pipeline from a facility referred to in paragraph (c).
- (2) The regulations may include any other fuel wholesaler or class of fuel wholesalers in the definition of **primary wholesaler**.
- (3) A regulation under subsection (2) may apply to a fuel wholesaler generally or may be limited so as to apply only to the primary wholesaling of petrol or to the primary wholesaling of diesel fuel.
- (4) The regulations may exclude a person or class of persons from the definition of **primary wholesaler**.

4A Volume fuel retailer

- (1) In this Act—

- (2) The regulations may include any other person or class of persons in the definition of **volume fuel retailer**.
- (3) The regulations may exclude a person or class of persons from the definition of **volume fuel retailer**.

5 Act applies only to sales to person in NSW or for delivery in NSW

- (1) This Act applies to the sale of petrol or diesel fuel by wholesale or retail to a person in New South Wales or for delivery in New South Wales (whether or not the sale is made in New South Wales).
- (2) This Act does not apply to a sale of petrol or diesel fuel by one wholesaler to another or by one retailer to another.
- (2A) (Repealed)
- (3) A sale of petrol or diesel fuel is considered to be a sale for delivery in New South Wales if the terms (whether express or implied) of the sale or any contract for the sale—
- (a) require either party to the sale to deliver, or arrange delivery of, the petrol or diesel fuel into or within New South Wales, or
 - (b) contemplate delivery of the petrol or diesel fuel into or within New South Wales.
- (4) The regulations may exclude any sale or class of sales from the application of all or specified provisions of this Act.

Part 2 Minimum biofuel requirements

6 Minimum ethanol requirement for volume fuel retailers

- (1) A volume fuel retailer must ensure that the volume of ethanol sold by the retailer (in petrol-ethanol blend) during a relevant period is not less than the minimum ethanol percentage of the total volume of all petrol (including petrol-ethanol blend) sold by the retailer during the relevant period.
- (2) The **minimum ethanol percentage** is—

- (a) 2% for any relevant period before a relevant period to which paragraph (b) or (c) applies, or
 - (b) 4% for a relevant period that starts on or after 1 January 2010 other than a relevant period to which paragraph (c) applies, or
 - (c) 6% for a relevant period that starts on or after 1 January 2011.
- (3) Only ethanol that complies with a biofuel sustainability standard may be counted towards the volume of ethanol sold for the purposes of this section.

7 Minimum biodiesel requirement for volume fuel retailers

- (1) A volume fuel retailer must ensure that the volume of biodiesel sold by the retailer (in biodiesel blend) during a relevant period is not less than the minimum biodiesel percentage of the total volume of all diesel fuel (including biodiesel blend) sold by the retailer during the relevant period.
- (2) The minimum biodiesel percentage is—
- (a) 2% for any relevant period before a relevant period to which paragraph (b) applies, or
 - (b) 5% for a relevant period that starts on or after 1 January 2012.
- (3) Only biodiesel that complies with a biofuel sustainability standard may be counted towards the volume of biodiesel sold for the purposes of this section.

8 Availability of petrol-ethanol blend for retail sale

A volume fuel retailer must ensure that, at each of the retailer's volume fuel service stations, petrol-ethanol blend is available for sale by retail for the fuelling of motor vehicles in a manner that complies with the regulations.

9 Method for determining volumes of petrol and biodiesel

- (1) For the purpose of determining the volume of petrol sold by a volume fuel retailer, the volume of petrol that is petrol-ethanol blend is to be determined as the combined volume of petrol and ethanol in the petrol-ethanol blend (that is, by including the volume of the ethanol).
- (2) For the purpose of determining the volume of diesel fuel sold by a volume fuel retailer, the volume of diesel fuel that is biodiesel blend is to be determined as the combined volume of diesel fuel and biodiesel in the biodiesel blend (that is, by including the volume of the biodiesel).
- (3) The regulations may provide for the way in which the volume of petrol, ethanol, diesel fuel and biodiesel is to be determined for the purposes of this Act.

9A Offence—failure to comply with minimum biofuel requirements

- (1) A volume fuel retailer who fails to comply with a minimum biofuel requirement is guilty of an offence.

Maximum penalty—

- (a) in the case of a first offence—500 penalty units, or
 - (b) in the case of a second or subsequent offence—5,000 penalty units.
- (2) It is a defence to a prosecution for failure to comply with a minimum biofuel requirement if the defendant proves that—
- (a) the defendant has taken the steps set out in the regulations to comply with the requirement, or
 - (b) the defendant has otherwise taken all reasonable steps to comply with the requirement, or
 - (c) in the case of a requirement imposed by section 6 or 8—at the time of the alleged offence, it was not economically viable for the defendant to comply with the requirement—
 - (i) because the wholesale price of ethanol for use in the production of petrol-ethanol blend exceeded the reasonable wholesale price determined by IPART under section 17A (1) (a), or
 - (ii) because of the price at which the defendant was reasonably able to produce or obtain petrol-ethanol blend for retail sale, or
 - (iii) on grounds set out in the regulations, or
 - (iv) on any other grounds, or
 - (d) in the case of a requirement imposed by section 7—at the time of the alleged offence, it was not economically viable for the defendant to comply with the requirement—
 - (i) because of the price at which the defendant was reasonably able to produce or obtain biodiesel blend for retail sale, or
 - (ii) on grounds set out in the regulations, or
 - (iii) on any other grounds.

9B Exemptions from minimum biofuel requirements

- (1) The Minister may, on application, exempt a volume fuel retailer from compliance with a specified minimum biofuel requirement if the retailer satisfies the Minister—

- (a) that, if the retailer were prosecuted for failure to comply with the requirement, the retailer would have a defence to the prosecution, or

Note—

See section 9A (2).

- (b) that the exemption is reasonable in order to allow the retailer a period within which to take the steps required to establish a defence to a prosecution for failure to comply with the requirement, or
- (c) that compliance by the retailer may result in a risk to public health or safety, or
- (d) that the exemption should be granted on other grounds specified in the regulations, or
- (e) that there are other extraordinary circumstances justifying the grant of the exemption.

(1A) (Repealed)

(2) The Minister is not to grant an exemption unless the proposed exemption has been referred to the Expert Panel and the Minister has considered any advice of the Panel on the proposed exemption.

(3) An exemption can be granted subject to conditions.

(3A) A person must not contravene a condition of an exemption.

Maximum penalty—

- (a) in the case of a first offence—500 penalty units, or
- (b) in the case of a second or subsequent offence—5,000 penalty units.

(4) An exemption can be granted as a partial exemption specifying a percentage that is less than the minimum ethanol percentage or minimum biodiesel percentage applicable under section 6 or 7.

Note—

A partial exemption has the effect that the relevant section then applies to require that the volume of ethanol (in petrol ethanol blend) or volume of biodiesel (in biodiesel blend) sold by the volume fuel retailer concerned is not less than the specified minimum ethanol percentage or specified minimum biodiesel percentage of the total volume of all petrol or diesel fuel sold by that retailer during the relevant period.

(5) An exemption may—

- (a) apply generally or be limited in its application by reference to specified exceptions or factors, and
- (b) apply differently according to different factors of a specified kind, and

- (c) be granted for a specified period or for an indefinite period, and
- (d) if granted for a specified period, be granted before, during or after that period.

(5A) An exemption that is granted in order to allow a person a period within which to take steps to comply with a minimum biofuel requirement—

- (a) may be subject to conditions specifying the steps to be taken, and
- (b) must not be granted for a period exceeding that specified in the regulations.

(6) An exemption that is granted for—

- (a) a specified period remains in force for that period, and
- (b) an indefinite period remains in force until it is revoked.

A condition of an exemption may, according to its terms, continue in force after the exemption has ceased to be in force.

- (7) The Minister may vary or revoke an exemption (including by imposing, varying or revoking a condition of the exemption) at any time by notice in writing to the volume fuel retailer concerned.
- (8) However, the Minister is not to vary or revoke an exemption unless the proposed variation or revocation has been referred to the Expert Panel and the Minister has considered any advice of the Panel on the proposed variation or revocation.
- (9) The regulations may make provision for or with respect to applications for exemptions.

Note—

An exemption from compliance with a minimum biofuel requirement does not affect the obligation to comply with section 10, 11 or 12.

9C Suspension of minimum biofuel requirements

- (1) The Minister may by order published in the Gazette suspend the operation of a minimum biofuel requirement if satisfied that compliance with that requirement—
 - (a) is uneconomic as a result of the price at which volume fuel retailers are reasonably able to obtain ethanol or biodiesel or industry-wide ethanol or biodiesel shortages, as appropriate, or
 - (b) may result in a risk to public health or safety, or
 - (c) may have an adverse effect on the retail price of petrol or diesel fuel for motorists, or
 - (d) may have an adverse effect on grain or food stock availability, or

- (e) may substantially inflate grain or food stock prices, or
- (f) may have a significant adverse environmental impact on water availability or quality, soil fertility and health or biodiversity, or
- (g) should be suspended for some other extraordinary reason.

Editorial note—

For orders under this subsection, see Gazettes No 105 of 17.7.2009, p 4110; No 133 of 10.12.2010, p 5811; No 66 of 30.6.2011, p 4667 and No 133 of 23.12.2011, p 7415. From April 2021, PCO is no longer updating notes in provisions of in force titles about related gazette notices. To search for related gazette notices, please use the Gazette Search functionality.

- (2) The Minister is not to suspend the operation of a minimum biofuel requirement without first referring the proposed suspension to the Expert Panel for advice and considering the advice of the Expert Panel on the proposed suspension.
- (3) A suspension can be granted as a partial suspension specifying a percentage that is less than the minimum ethanol percentage or minimum biodiesel percentage applicable under section 6 or 7 (with the result that the relevant section then applies to require that the volume of ethanol or biodiesel sold by a volume fuel retailer during a relevant period covered by the suspension is not less than that specified percentage of the total volume of all petrol or diesel fuel (as appropriate) sold by the volume fuel retailer during the relevant period).
- (4) A suspension granted for a specified period remains in force for that period.
- (5) A suspension that is not granted for a specified period (an ***indefinite suspension***) remains in force until it is revoked.
- (6) The Minister must keep an indefinite suspension under periodic review and must revoke the suspension when satisfied that grounds for the suspension no longer exist. The Minister revokes an indefinite suspension by notice in writing published in the Gazette.

Note—

The suspension of operation of section 6 or 7 does not affect the obligation to comply with section 10, 11 or 12.

Part 3 Registration, returns and records

10 Registration of primary wholesalers, volume fuel retailers and other operators of service stations

- (1) A person who carries on the business of a primary wholesaler or who operates or controls the operation of a service station must register as a primary wholesaler, a volume fuel retailer or an operator of a service station who is not a volume fuel retailer by taking the steps required by the Secretary by order published on the NSW

legislation website.

- (2) The Secretary must make publicly available, on a NSW Government website or by other appropriate electronic means, a register containing the names and contact details of persons who are registered as volume fuel retailers.
- (3) A person who is registered under this section must keep the registration details up-to-date by taking the steps required by the Secretary, within the period allowed by the Secretary, by order published on the NSW legislation website.

11 Returns by primary wholesalers, volume fuel retailers and other operators of service stations

- (1) A person required to be registered under section 10 must provide returns to the Secretary as required by the regulations.
- (2) A return is to specify the following information in respect of sales of petrol and diesel fuel by the person during the period for which the return is required—
 - (a) the total volume of petrol sold (including petrol-ethanol blend),
 - (b) the total volume of ethanol sold (in the form of petrol-ethanol blend),
 - (c) the total volume of diesel fuel sold (including biodiesel blend),
 - (d) the total volume of biodiesel sold (in the form of biodiesel blend),
 - (e) such other information as may be specified in the regulations.

12 Keeping of records

- (1) A person must keep such records in respect of sales of petrol and diesel fuel by the person as may be necessary to enable the person to furnish the returns required by section 11.
- (2) Those records are to include records of such transactions and other matters in connection with petrol and diesel fuel sales as the regulations may require.
- (3) The regulations may prescribe the form and manner in which records are to be kept and the period for which records are to be retained.

13 Offence—failure to register, furnish returns or keep records

- (1A) A person who fails to register or keep registration details up-to-date in compliance with section 10 is guilty of an offence.

Maximum penalty—100 penalty units.

- (1) A person who fails to furnish a return in compliance with section 11 or who in purported compliance with that section furnishes a return containing information that

the person knows (or ought reasonably to know) is false or misleading in a material particular is guilty of an offence.

Maximum penalty—

(a) in the case of a first offence—500 penalty units, or

(b) in the case of a second or subsequent offence—5,000 penalty units.

- (2) A person who fails to keep and retain records in compliance with section 12 or who in purported compliance with that section makes a record containing information that the person knows (or ought reasonably to know) is false or misleading in a material particular is guilty of an offence.

Maximum penalty—

(a) in the case of a first offence—500 penalty units, or

(b) in the case of a second or subsequent offence—5,000 penalty units.

- (3) It is a defence to a prosecution for a failure to keep and retain records in compliance with section 12 if the defendant proves that the defendant had a reasonable excuse for the failure.

14 (Renumbered as section 23)

15 (Renumbered as section 9B)

16 (Repealed)

17 (Renumbered as section 9C)

Part 3A IPART functions

17A IPART functions

- (1) IPART has the following functions—

(a) to determine, and periodically review, a reasonable wholesale price for ethanol for use in the production of petrol-ethanol blend,

(b) to monitor the retail market (including prices) for petrol-ethanol blend and make reports to the Minister on the effect of a determination under paragraph (a) on that market.

- (2) In determining a reasonable wholesale price for ethanol, IPART must—

(a) consider the price at which ethanol would need to be sold by wholesale for use in the production of petrol-ethanol blend for the wholesale market for ethanol and petrol-ethanol blend and the retail market for petrol-ethanol blend to be economically viable, and

- (b) take into account the minimum biofuel requirements and disregard any exemptions from those requirements that may be granted under this Act.
- (3) IPART may conduct investigations for the purpose of enabling it to perform its functions under this section.
- (4) Subject to this section, and except to the extent to which the regulations otherwise provide, the provisions of Divisions 6 and 7 of Part 3 of the *Independent Pricing and Regulatory Tribunal Act 1992* apply to an investigation or report under this section in the same way as they apply to an investigation or report under that Act.
- (5) Section 21 (1) of the *Independent Pricing and Regulatory Tribunal Act 1992* does not apply so as to require IPART to hold any hearing for the purposes of an investigation under this section.
- (6) IPART may issue guidelines as to the manner in which it exercises its functions under this section.
- (7) IPART must keep the guidelines available for inspection by members of the public, free of charge, during normal office hours.
- (8) It is sufficient compliance with subsection (7) if a copy of the guidelines is made available to the public on IPART's website.
- (9) Copies of the guidelines are to be made available to members of the public, at cost, during normal office hours.

Maximum penalty—50 penalty units.

22 Seizure of records

- (1) If an investigator seizes any records under this Part, they may be retained by the investigator until the completion of any proceedings (including proceedings on appeal) in which they may be evidence but only if the person from whom the records were seized is provided, within a reasonable time after the seizure, with a copy of the records certified by an investigator as a true copy.
- (2) A copy of records provided under this section is, as evidence, of equal validity to the

records of which it is certified to be a copy.
