shares

- (1) For the purpose of section 67 (1) of the Act, the minimum shareholding in relation to a class of shares specified in the Table to this clause is the number of shares of that class specified in the Table next to the class concerned.

Note—

A person who does not hold the minimum shareholding required for a class of shares will not be eligible to be given, or to nominate another person to be given, an endorsement that authorises the taking of fish in respect of shares of that class. See section 68 (3) (b) of the Act.

- (2) The shares relied on to meet the minimum shareholding requirement must all be a component of the same ocean hauling fishing business.

Table

Class of shares	Minimum shareholding
Ocean hauling—hauling net (general purpose) shares (Region 1)	80
Ocean hauling—hauling net (general purpose) shares (Region 2, 4 or 6)	50
Ocean hauling—hauling net (general purpose) shares (Region 3)	120

Ocean hauling—pilchard, anchovy and bait net (hauling) shares (Region 2)	10
Ocean hauling—pilchard, anchovy and bait net (hauling) shares (Region 4 or 6)	20

7A Minimum shareholding—general ocean hauling and purse seine net shares

- (1) For the purpose of section 67 (1) of the Act, the minimum shareholding in relation to the following classes of shares (**relevant shares**) is, subject to subclause (2)—

- (a) for ocean hauling—general ocean hauling shares (Region 1, 2, 3, 4, 5, 6 or 7)—40 shares,
 - (b) for ocean hauling—purse seine net shares—40 shares.
- (2) The minimum shareholding in relation to the relevant shares is 1 share, if the shareholder is an original entitlement holder.
- (3) Subclause (2) ceases to apply if the shareholder transfers, assigns, forfeits or surrenders any of the relevant shares or if any of the relevant shares are cancelled after 5 February 2007 (in which case subclause (1) applies to the shareholder).
- (4) For the purposes of this clause, an **original entitlement holder** is a person who—
- (a) held relevant shares immediately before 5 February 2007, and
 - (b) was, immediately before 5 February 2007, eligible for an endorsement in the fishery (or to nominate a person to be given an endorsement in the fishery) on the basis of that shareholding.
- (5) A person who was issued with relevant shares as a consequence of a decision of the Share Appeal Panel on an appeal in relation to the issue of shares in the fishery and who would have been entitled to an endorsement in the fishery, or to nominate a person to be given an endorsement, if those shares had been issued before 5 February 2007, is taken to be an original entitlement holder for the purposes of this clause.
- (6) The shares relied on to meet the minimum shareholding requirement must all be a component of the same ocean hauling fishing business.

8 Maximum shareholding

For the purpose of section 72 (1) of the Act, the maximum shareholding in relation to all classes of shares, other than quota shares, is 40% of the total number of shares in the fishery at the commencement of this Plan.

Part 5 Species that may be taken

9 At least 80% of each hauling shot must be comprised of target or conditional target species

- (1) An endorsement holder must not use a net specified in the Table to this clause to take fish unless at least 80% (by whole weight) of the catch taken from each haul is comprised of target species or conditional target species for that type of net.
- (2) In this clause—
- (a) the target species for a net specified in the Table to this clause is any fish of a species listed next to the type of net concerned under the heading “target

species”, and

(b) the conditional target species (if any) for a net specified in the Table to this clause is any fish of a species listed next to the type of net concerned under the heading “conditional target species”.

(3) For the purposes of section 24 of the Act, it is unlawful to use a net specified in the Table to this clause to take fish in the fishery in contravention of this clause.
