 - (b) whether any allotment to be created by the subdivision is intended to be used primarily for the purpose of agriculture, and

- (c) whether a dwelling is intended to be erected on any allotment to be created by the subdivision and the approximate location of any such dwelling.

12 General considerations for development within rural zones

- (1) The Council must not consent to an application to carry out development on land within Zone No 1 (a), 1 (c) or 1 (d) unless it has taken into consideration, if relevant, the effect of the carrying out of that development on:
