 - (c) where the purchase is effected by an exchange—to the making of the exchange.
- (3) For the purposes of this Act, a person is without notice of a registrable interest only if under section 164 of the *Conveyancing Act 1919* (read subject to section 8 of this Act) the person is not prejudicially affected by notice of the interest.
- (4) Notes included in this Act do not form part of this Act.

3A Wilful ignorance constitutes knowledge

In the application of section 164 of the *Conveyancing Act 1919* for the purposes of this Act, a registrable interest is considered to be within a person's own knowledge or to have come to a person's knowledge if:

- (a) the person has actual knowledge of the registrable interest, or
- (b) the person has been put upon inquiry as to the existence of the registrable interest and has deliberately abstained from inquiry or further inquiry when the person might reasonably have expected the inquiry or further inquiry to reveal the registrable interest.

Note—

Section 9 provides that in certain circumstances if goods are purchased without notice of an interest in the goods the interest is extinguished by the purchase. Sections 3 (3), 3A and 8 (3) and (4) provide for what constitutes a purchase without notice.

Section 3 (3) provides (through the application of section 164 of the *Conveyancing Act 1919*), that a person is only without notice of an interest if the interest is not within the person's **own knowledge** and would not have been discovered by searches of registers, inquiries and inspections that ought reasonably have been made by the person.

Section 3A expands (beyond actual knowledge) what constitutes a person's **own knowledge** to include matters about which the person has been put upon inquiry if the person has deliberately abstained from inquiry or further inquiry that might reasonably have been expected to reveal the matter.

Section 8 (4) limits the effect of section 3 (3) by providing that the Register of Interests in Goods kept under this Act is the only register that need be searched.

Section 8 (3) further provides that a search of the Register can be made by obtaining a search certificate and that the certificate can be relied on until the end of the day after it is obtained.

3B Repairers' liens

- (1) A repairer's lien on goods (whether or not registered) ranks in priority over any registrable interest in the goods whether or not the registrable interest is registered and whether the registrable interest arose before or after the repairer's lien arose.
- (2) A **repairer's lien** is a lien on goods in the possession of a person as security for payment for services or materials furnished in respect of those goods by that person in the ordinary course of business.

3C Relationship of this Act with [Security Interests in Goods Act 2005](#)

- (1) The [Security Interests in Goods Act 2005](#) provides for the following:
 - (a) the granting of mortgages over certain agricultural goods by means of the execution and registration under that Act of agricultural goods mortgages,
 - (b) the registration of certain other instruments (**security instruments**) by or under which security interests in goods are reserved, created or otherwise arise,
 - (c) that the registration of a security interest in goods under that Act will generally confer priority over unregistered interests and subsequently registered interests over the same goods,
 - (d) that nothing in that Act applies to or affects any security interest in goods that are prescribed goods under this Act.

Note—

The term **agricultural goods** is defined in section 3 (1) of the [Security Interests in Goods Act 2005](#) to mean crops, fish, stock or wool.

- (2) The regulations may make provision for or with respect to matters of a savings or transitional nature consequent on goods being prescribed for the purposes of paragraph (b) of the definition of **prescribed goods** in section 3 (1) in circumstances where:
 - (a) the goods are prescribed on or after the commencement of section 5 (Relationship of this Act with general law and other Acts) of the [Security Interests in Goods Act 2005](#), and
 - (b) security instruments in respect of goods of that kind could have been registered under the [Security Interests in Goods Act 2005](#) immediately before the goods were so prescribed.
- (3) Without limiting subsection (2), the regulations may provide for the following:
 - (a) that registered security interests within the meaning of the [Security Interests in Goods Act 2005](#) in respect of goods that have become prescribed goods are, or are

not, to be treated as having been registered under this Act,

(b) that all or specified provisions of the *Security Interests in Goods Act 2005* or this Act are, or are not, to apply to any such registered security interests.

(4) However, nothing in this Act applies to or affects any security interest in agricultural goods within the meaning of the *Security Interests in Goods Act 2005*.

4 Register to be maintained

(1) The Director-General shall maintain a Register of Interests in Goods for the purposes of this Act.

(2) The Register may be maintained in or upon any medium, or combination of mediums, capable of having information recorded in or upon it or them.

(3) The Director-General may, from time to time, vary the manner or form in which the whole or any part of the Register is maintained.

(4) Section 24 of the *Stamp Duties Act 1920* does not impose any duty or liability on the Director-General in relation to the making under this Act of a recording in the Register, and the Director-General is not concerned to inquire, before making a recording in the Register relating to a registrable interest in goods, whether the instrument giving rise to the registrable interest is liable to stamp duty, or is unstamped, or is insufficiently stamped.

5 Registration of interest in prescribed goods

(1) Application may be made for registration of a registrable interest in prescribed goods.

(1A) Such an application is not properly made unless:

(a) it is made in a manner approved by the Director-General and lodged with the Director-General, and

(b) it specifies the prime identifier of the goods concerned and such other information relating to the goods and the interest concerned as may be prescribed, and

(c) it is accompanied by the prescribed fee payable in respect of an application for registration or arrangements have been made with the Director-General for payment of the fee.

(2) If an application is properly made, the Director-General is to register the interest to which the application relates by recording in the Register the prime identifier of the goods and the prescribed information relating to the goods and interest.

(3) The Director-General may record in the Register a reference to other prescribed information, including information received from the Commissioner of Police in relation to prescribed goods reported to the Commissioner of Police as having been stolen or

otherwise unlawfully obtained and may cancel or amend any such recording.

- (4) A recording made under subsection (3) is not a recording of, and does not operate to create, a registrable interest in the goods to which the recording relates.

6 Variation of recording

- (1) Application may be made, in a manner approved by the Director-General, for a variation (otherwise than by cancellation of registration) of the information recorded in the Register in relation to a registrable interest in goods.
- (2) Where an application is made under subsection (1) and the prescribed fee is paid or arrangements have been made with the Director-General for its payment, the Director-General shall, in accordance with the application, vary the information recorded in the Register.
- (3) Where, because of the existence of prescribed circumstances (other than circumstances requiring or permitting a cancellation of registration) the Director-General is satisfied that the information recorded in the Register in relation to a registrable interest in goods is inaccurate, the Director-General may, whether or not an appropriate application has been made under subsection (1), vary the information in a manner that rectifies the inaccuracy.
- (4) The Director-General is not to make a variation under subsection (3) involving the prime identifier of goods or 2 or more particulars of goods:
- (a) without first giving written notice of the proposed variation to the person registered as holder of the interest concerned, requiring the person to advise the Director-General in writing within a specified period as to whether the variation should be made, and
 - (b) until the period specified in the notice for the giving of that advice has expired.
- (5) If a person fails to advise the Director-General as required by a notice under subsection (4), the Director-General may:
- (a) by further notice in writing to the person require the person to furnish that advice within a specified further period and warn that a failure to do so may lead to cancellation of registration of the person's interest, and
 - (b) cancel the registration of the interest concerned if the person fails to advise the Director-General as required by that further notice.
- (6) If the Director-General makes a variation under subsection (3):
- (a) the Director-General is to give notice of the variation to the person who is registered as holder of the interest concerned, and

(b) that person must, if the Director-General so requires, pay the prescribed fee to the Director-General.

(7) A notice is sufficiently given to a person under this section if it is given by post, and a proper address for that purpose is the address of the person recorded in the Register.

7 Cancellation of registration

(1) The Director-General may cancel the registration of an interest after the date (***the expiry date***) specified in the Register as the date on which the interest ceases to be a registrable interest and may cancel that registration before the expiry date if:

(a) a period of at least 7 years has elapsed since the current registration of the interest commenced, and

(b) (if the expiry date has been varied) a period of at least 7 years has elapsed since the date of the most recent variation of the expiry date.

(1A) The Director-General may cancel the registration of an interest under subsection (1) only if:

(a) the Director-General has given notice in writing to the person registered as the holder of the interest of the Director-General's intention to cancel the registration unless application is made for variation of the date specified in the Register as the date on which the interest ceases to be a registrable interest, and

(b) the person has not, within the period required by the notice, properly made application for the variation under section 6.

(2) Where:

(a) a registered interest ceases to be a registrable interest before its registration may be cancelled under subsection (1), and

(b) the prescribed documents are lodged with the Director-General, or the Director-General is, in a manner approved by the Director-General, otherwise notified that paragraph (a) applies,

the Director-General shall cancel the registration of the interest.

(3) Where:

(a) an interest, or a purported interest, in goods has been registered,

(b) it appears to the Director-General:

(i) that the interest has ceased to exist, or

(ii) that the interest never existed, and

(c) the Director-General is not authorised by subsection (1) or (2) to cancel the registration,

the Director-General may, by notice in writing given to the person registered as holder of the interest, require the person, within a period (being not less than 14 days) specified in the notice, to show cause why the registration should not be cancelled.

- (4) If a notice has been given under subsection (3), the Director-General must, not earlier than the expiration of the period specified in the notice, cancel the registration of the interest to which the notice relates unless:
- (a) cause has been shown why the registration should not be cancelled, or
 - (b) an order of the Tribunal staying or prohibiting the cancellation, or written notice of such an order, has been served on the Director-General.
- (4A) A person to whom a notice has been given under subsection (3) may apply to the Tribunal for a review of any decision of the Director-General to cancel the registration of an interest to which the notice relates.
- (5) A notice is sufficiently given to a person under subsection (1A) or (3) if it is given by post, and a proper address for that purpose is the address of the person recorded in the Register.
- (6) The Director-General need not retain any record relating to an interest for more than 7 years after registration of the interest is cancelled.

8 Search certificates and notice

- (1) The Director-General shall, upon application made in relation to specified goods of a class specified in an order in force under section 9 (1), issue a certificate specifying:
- (a) the time and date of certification,
 - (b) whether or not the goods are, at that time, affected by a registered interest, and
 - (c) if the goods are so affected—such particulars as may be prescribed.
- (1A) A certificate may take the form of a statement or such other form as the Director-General approves and may be issued on the date the application is dealt with or on a later date.
- (2) The Director-General may include in a certificate under subsection (1) information relating to matters that may be recorded under section 5 (3).
- (3) For the purposes of this Act and section 164 of the *Conveyancing Act 1919*, a person, or the Australian legal practitioner or the agent of a person, who obtains a certificate under subsection (1):

- (a) shall be deemed to have made, on the date of certification, a proper search of the Register for registrable interests in the goods to which the certificate relates, the result of the search being correctly reflected in the certificate, and
 - (b) is not affected by notice of any information (other than the information in the certificate) relating to a registrable interest in those goods by reason only of a failure to make a further search in the Register before the end of the day that next succeeds the day of certification.
- (4) For the purposes of this Act, and notwithstanding section 164 of the *Conveyancing Act 1919*, a person is not, by reason only of a failure by the person, or by any other person, to make a search as to:
- (a) interests registered under any Act other than this Act, or
 - (b) instruments registered, deposited, filed or recorded under any Act or registered under the *Corporations Act 2001* of the Commonwealth,
- affected by notice of a registrable interest in goods of a class specified in an order in force under section 9 (1).
- (5) The Director-General may, in relation to specified goods of a class specified in an order in force under section 9 (1), issue a certificate as to the state of the Register in relation to those goods at a particular time, or during a particular period, that preceded the time and date of issue of the certificate.
- (6) The Director-General may charge for a certificate under subsection (1) or (5) such fee as may be prescribed.
- (7) A certificate purporting to have been issued under subsection (1) or (5) is, without proof of the signature (if any) of the Director-General or, as the case may be, the delegate of the Director-General, admissible in evidence in any proceedings and, except in relation to matter that may be recorded under section 5 (3), is evidence of the matters specified in the certificate.
- (7A) If a certificate under this section specifies that goods are not affected by a registered interest, the certificate is evidence only in relation to the goods identified by the prime identifier specified in the certificate despite any other information used to identify goods that is also specified in the certificate.
- (8) The State is not liable, and the Director-General and other persons engaged in the administration of this Act are not liable, in respect of the reliability of any information given by the Director-General or any such person in relation to a matter that may be recorded under section 5 (3).
- (9) Neither the State nor a prescribed authority is liable in respect of any information that is provided in good faith to the Director-General by or on behalf of the prescribed

authority in relation to a matter that may be recorded under section 5 (3). A **prescribed authority** is any person or body prescribed by the regulations for the purposes of this subsection.

9 Purchase of goods that are subject to registrable interest

- (1) The Minister may, by order published in the Gazette, notify that, on and from a specified day, this section has effect in relation to prescribed goods of a specified class.

Editorial note—

See Gazette No 57 of 12.5.1995, p 2358 and No 67 of 7.6.1996, p 2920.

- (1A) This section applies to a purchase of goods only if the goods are situated in New South Wales at the time of the purchase.
- (2) Where goods of a class specified in an order in force under subsection (1) are the subject of a registrable interest (whether the registrable interest arose before, or arises on or after, the day specified in the order) and the goods are purchased as provided by subsection (3) or (4):
- (a) the property (if any) in the goods of the creditor who has the registrable interest is divested from the creditor and vested in the purchaser, and
 - (b) the purchaser acquires the goods freed and discharged from the registrable interest.
- (3) Goods are purchased as provided by this subsection if the goods are purchased:
- (a) by a person who is not a dealer in the goods from a dealer in the goods,
 - (b) except as provided by paragraph (c)—in good faith and for value, and
 - (c) with or without notice of the registrable interest.
- (4) Goods are purchased as provided by this subsection if the goods are purchased otherwise than as referred to in subsection (3) (a):
- (a) from the debtor under the registrable interest to which the goods are subject,
 - (b) in good faith and for value, and
 - (c) without notice, at the time of payment of the purchase price, of the registrable interest.
- (5) In any civil proceedings, the onus of proving that goods were purchased as provided by subsection (3) or (4) lies on the person seeking to establish that the goods were so purchased. The standard of proof is proof on the balance of probabilities, except as provided by subsection (6).

- (6) The standard of proof is proof beyond reasonable doubt in each of the following cases:
- (a) if the purchaser is a member of the same household as the seller,
 - (b) if the purchaser and the seller are bodies corporate that are related to each other within the meaning of section 50 of the *Corporations Act 2001* of the Commonwealth,
 - (c) if either the purchaser or the seller is a body corporate and the other a natural person who (within the meaning of the *Corporations Act 2001* of the Commonwealth) is a director or officer of the body corporate.
- (6A) Goods the subject of a registrable interest are not purchased as provided by subsection (3) or (4) if:
- (a) the purchaser lets, hires or supplies the goods to a person under a lease, hire-purchase agreement or other contract for the supply of the goods or purchased the goods with the intention of entering into such a lease, hire-purchase agreement or other contract, and
 - (b) the lessee, hirer or buyer of the goods under that lease, hire-purchase agreement or other contract has failed to act in good faith and had notice at the time of payment of the purchase price of the registrable interest to which the goods are subject.
- (7) In subsection (4), a reference to a purchase from the debtor under a registrable interest includes a reference to a purchase from a person other than the debtor who is in possession of the goods in circumstances where the debtor's right to possession of the goods has been lost or the debtor is estopped from asserting that right against the purchaser.

10 Rights of creditor and purchaser where registrable interest defeated

(1) Where:

- (a) a person who is not a dealer in goods of a class specified in an order in force under section 9 (1) purchases any such goods from such a dealer,
- (b) at any time before payment of the purchase price, the dealer had notice that the goods were subject to a registrable interest, and
- (c) immediately before payment of the purchase price, the registrable interest had not been discharged or cancelled,

the dealer is liable to the creditor who had the registrable interest for loss sustained by the creditor by reason of the operation of section 9 in relation to the registrable interest.

- (1A) A dealer is not liable to a creditor in the circumstances referred to in subsection (1) if the dealer purchased the goods concerned freed and discharged from the registrable interest of the creditor by the operation of section 9.
- (2) Where, by the operation of section 9, a purchaser of goods acquires the goods freed and discharged from a registrable interest but, at the time of the acquisition, part only of the purchase price is paid to the seller:
- (a) the creditor who had the registrable interest is, to the extent of the amount that was owed by the debtor to the creditor under the registrable interest, subrogated to the rights that, but for the subrogation, the seller would have in relation to payment by the purchaser of the balance of the purchase price of the goods, and
 - (b) the purchaser of the goods obtains a good discharge:
 - (i) as against the debtor—for any payment of part of the purchase price made under paragraph (a) to the creditor, and
 - (ii) as against the debtor and the creditor—for any payment of part of the purchase price made before the purchaser is notified in writing of the rights of the creditor under that paragraph.
- (3) Where:
- (a) by the operation of section 9, a purchase of goods results in the goods being freed and discharged from a registrable interest, and
 - (b) the contract of purchase is subsequently rescinded,
- the registrable interest revives and has effect as if the purchase had not occurred.

10A Priority of registrable interests

- (1) A registered interest ranks in priority over any unregistered interest, with respect to all debts or other pecuniary obligations (including contingent obligations) and all other obligations secured under the registered interest whenever arising.
- (2) Registered interests rank in priority in the order in which they are registered, with respect to all debts or other pecuniary obligations (including contingent obligations) and all other obligations respectively secured under them whenever arising.
- (3) If the creditor in whom a registrable interest is vested (whether or not it is a registered interest) takes possession of the goods, that registrable interest ranks in priority over any registered interest with respect to those goods that was registered after possession of the goods was taken. This subsection applies despite subsections (1) and (2).
- (4) This section is subject to section 3B (Repairers' liens).

(5) In this section:

registered interest means a registrable interest that is registered.

unregistered interest means a registrable interest that is not registered.

10B Effect on priorities of agreements and [Corporations Act 2001](#)

An order of priority of registrable interests established by this Act is subject to any express contrary provision of the [Corporations Act 2001](#) of the Commonwealth and to any agreement between the creditors under the registrable interests concerned.

11 Funding arrangements

- (1) There is to be established in the Special Deposits Account in the Treasury an account to be called the “Registration of Interests in Goods Account”.
- (2) Subject to this section, the account is to be considered to be a working account under section 13A of the [Public Finance and Audit Act 1983](#).
- (3) There is to be paid into the account:
 - (a) the fees and charges paid to the Director-General under this Act, and
 - (b) any amount advanced by the Treasurer under subsection (4), and
 - (c) any amount paid to the Director-General under an agreement referred to in section 15A.
- (4) The Treasurer may pay money into the account by way of advance.
- (5) There is payable out of the account:
 - (a) compensation payable by the Director-General under this Act, and
 - (b) any amounts required to be paid by the Director-General under an agreement referred to in section 15A, and
 - (b1) any amount authorised by the head of the Department of Fair Trading, with the consent of the Minister, to be paid out of the account in payment of any costs and expenses incurred in the administration of this Act within that Department, and
 - (c) any amount required to repay an advance made by the Treasurer under subsection (4), and
 - (d) any amount authorised by the Director-General, with the consent of the Minister, to be paid out of the account in payment of any costs and expenses incurred within the Department of Fair Trading (including, but not limited to, costs and expenses incurred in the administration of any Act).

12 Limited right to compensation following early failure to register

(1) Where:

- (a) within the period of 6 months that next succeeds the day specified in an order in force under section 9 (1), the creditor under a registrable interest in goods of the class to which the order relates sustains a loss by reason of the operation of that section or a prescribed provision of a corresponding law, and
- (b) there was not, immediately before that day, an order in force under section 9 (1) relating to goods of that class, and
- (c) the creditor did not, before sustaining the loss, apply for registration of the registrable interest,

the creditor may apply to the Director-General for an order awarding compensation for the loss.

(2) Where, upon an application under subsection (1), the Director-General is satisfied that the applicant failed to apply for registration of the relevant registrable interest by reason of:

- (a) circumstances beyond the control of the applicant, or
- (b) circumstances from which it might reasonably be inferred that the applicant was not aware of the necessity to register the registrable interest in order to avoid sustaining a loss by reason of the operation of section 9 or a prescribed provision of a corresponding law,

the Director-General may make an order awarding the applicant compensation for the loss.

13 Award of compensation for loss by creditor

(1) Where:
