148M Objects of Part

The objects of this Part are:

- (a) to enable the Minister to approve trials of the use of a vehicle on roads in circumstances that would not otherwise be permitted because the vehicle is a highly or fully automated vehicle and therefore may not have a human driving the vehicle some or all of the time, and
- (b) to ensure that adequate insurance is in place to cover any personal injury or property damage that may arise during the course of a trial, and
- (c) to provide for the modification of references in laws to the driver or person in charge of a vehicle that is highly or fully automated.

148N Approval of trials

- (1) A person may apply to the Minister for approval for the use on a road of a vehicle (the **trial vehicle**) in circumstances that would not otherwise be lawful but only if the use of the trial vehicle is for the purposes of a trial of automotive technology. The Minister may approve a trial vehicle by reference to a specific vehicle or by reference to a class of vehicles.
- (2) The Minister may, by order published in the Gazette, approve the use of the trial vehicle by the applicant (the **approved person**) in the manner and circumstances specified in the order.
- (3) The approval of the Minister (the **trial approval**) must identify the roads on which the trial vehicle may be used (the **trial area**). The trial area may be all roads in the State.
- (4) The trial approval must also specify the period of the trial (the **trial period**). The Minister may, by notice in writing to the approved person, extend the trial period at any time.
- (5) The trial approval is subject to any conditions imposed by this Part, the statutory rules or the Minister.
- (6) The Minister may, by notice in writing to the approved person, impose a condition on a trial approval at any time.
- (7) The Minister may take into account approvals of trials for automated vehicles granted by other States or Territories in determining whether to grant a trial approval.
- (8) An approved person must ensure that a trial vehicle is not used except in

accordance with a trial approval, including any conditions to which the approval may be subject.

Maximum penalty: 100 penalty units.

- (9) The Minister may, by notice in writing to the approved person, revoke or suspend a trial approval at any time and for any reason including if the Minister is of the opinion that:
- (a) the approved person has not complied with the approval, or
 - (b) it is not safe to continue the trial, or
 - (c) it is no longer in the public interest to continue the trial.

1480 Registration of trial vehicles

- (1) The Minister is to determine whether a trial vehicle, for the purposes of the trial:

- (4) Registration or a permit issued under this section in respect of a trial vehicle has effect only during the trial period and only in the trial area.
- (5) More than one direction may be given under this section in respect of the same trial vehicle.
- (6) A trial vehicle may be used on a road in the trial area during the trial period without being registered and without requiring an unregistered vehicle permit if the Minister determines that the trial vehicle may be used in such a way and while it is being used in that way, the trial vehicle is:
- (a) taken to be a registrable vehicle exempted from registration under this Act, and
 - (b) taken, for the purposes of the *Motor Accident Injuries Act 2017*, to be subject to an unregistered vehicle permit.

148P Insurance

- (1) It is a condition of a trial approval that:

- (2) Section 2.1 of the *Motor Accident Injuries Act 2017* does not apply to the use of a trial vehicle that is subject to approved arrangements and section 2.37 (3) of that Act does not prevent the Nominal Defendant from recovering an amount under approved arrangements.

The public liability insurance must be for at least \$20 million or such larger amount as the Minister may require in a particular case.
