Schedule 1 Amendment of *Road Transport (Safety and Traffic*

Management) Act 1999

(Section 3)

[1] Part 2, Division 1A

Insert after Division 1 of Part 2:

Division 1A Offences involving certain drugs (other than alcohol) in oral fluid, blood or urine

11B Presence of certain drugs (other than alcohol) in oral fluid, blood or urine

- (1) **Presence of prescribed illicit drug in person's oral fluid, blood or urine** A person must not, while there is present in his or her oral fluid, blood or urine any prescribed illicit drug:
- (a) drive a motor vehicle, or
 - (b) occupy the driving seat of a motor vehicle and attempt to put the motor vehicle in motion, or
 - (c) if the person is the holder of a driver licence (other than a provisional licence or a learner licence issued under the *Road Transport (Driver Licensing) Act 1998*)—occupy the seat in a motor vehicle next to a holder of a learner licence who is driving the vehicle.

Maximum penalty: 10 penalty units (in the case of a first offence) or 20 penalty units (in the case of a second or subsequent offence).

- (2) If a person is charged with an offence under subsection (1):
- (a) the court attendance notice may allege that more than one prescribed illicit drug was present in the oral fluid, blood or urine of the person and the proceedings are not liable to be dismissed on the ground of uncertainty or duplicity if each of those drugs is described in the court attendance notice, and
 - (b) the offence is proved if the court is satisfied beyond reasonable doubt that there was present in the oral fluid, blood or urine of the defendant:
 - (i) a drug described in the court attendance notice, or
 - (ii) a combination of drugs any one or more of which was or were described in the court attendance notice.

- (3) **Presence of morphine or cocaine in person's blood or urine** A person must not,

while there is present in his or her blood or urine any morphine or cocaine:

- (a) drive a motor vehicle, or
- (b) occupy the driving seat of a motor vehicle and attempt to put the motor vehicle in motion, or
- (c) if the person is the holder of a driver licence (other than a provisional licence or a learner licence issued under the *Road Transport (Driver Licensing) Act 1998*)—occupy the seat in a motor vehicle next to a holder of a learner licence who is driving the vehicle.

Maximum penalty: 10 penalty units (in the case of a first offence) or 20 penalty units (in the case of a second or subsequent offence).

- (4) If a person is charged with an offence under subsection (3):
- (a) the court attendance notice may allege that both morphine and cocaine were present in the blood or urine of the person and the proceedings are not liable to be dismissed on the ground of uncertainty or duplicity if each of those drugs is described in the court attendance notice, and
 - (b) the offence is proved if the court is satisfied beyond reasonable doubt that there was present in the blood or urine of the defendant:
 - (i) a drug described in the court attendance notice, or
 - (ii) a combination of drugs any one or more of which was or were described in the court attendance notice.
- (5) **Defence for offence relating to presence of morphine in person's blood or urine** It is a defence to a prosecution for an offence under subsection (3) if the defendant proves that, at the time the defendant did the act referred to in subsection (3) (a), (b) or (c), the presence in the defendant's blood or urine of morphine was caused by the consumption of a substance for medicinal purposes.
- (6) In this section, a substance is consumed for medicinal purposes only if it is:
- (a) a drug prescribed by a medical practitioner taken in accordance with a medical practitioner's prescription, or
 - (b) a codeine-based medicinal drug purchased from a pharmacy that has been taken in accordance with the manufacturer's instructions.

Note—

Division 1 of Part 5.4 of the *Road Transport (General) Act 2005* provides for the disqualification of persons from holding driver licences for certain offences (including offences under this section).

The offences of driving with a prescribed concentration of alcohol in the blood, and of driving under the

influence of alcohol or any other drug, are dealt with in sections 9 and 12, respectively.

[3] Part 2, Division 3A

Insert after Division 3 of Part 2:

Division 3A Random oral fluid testing for prescribed illicit drugs

18A Definitions

In this Division:

approved oral fluid analysing instrument means any instrument designed to ascertain, by analysis of a person’s oral fluid, the presence of any prescribed illicit drug in that person’s oral fluid, being an instrument that:

- (a) meets the standards prescribed by the regulations for such instruments, and
- (b) is approved by the Governor by order published in the Gazette.

approved oral fluid testing device means a device designed to indicate the presence of any prescribed illicit drug in a person’s oral fluid, being a device that:

- (a) meets the standards prescribed by the regulations for such devices, and
- (b) is approved by the Governor by order published in the Gazette.

oral fluid analysis means a test carried out by an approved oral fluid analysing instrument for the purpose of ascertaining, by analysis of a person’s oral fluid, the presence of prescribed illicit drugs in that person’s oral fluid.

oral fluid test means a test carried out by an approved oral fluid testing device for the purpose of ascertaining whether any prescribed illicit drugs are present in that person’s oral fluid.

18B Power to conduct random oral fluid testing

- (1) A police officer may require a person to undergo one or more oral fluid tests for prescribed illicit drugs in accordance with the officer’s directions if the officer has reasonable cause to believe that the person:
 - (a) is or was driving a motor vehicle on a road or road related area, or
 - (b) is or was occupying the driving seat of a motor vehicle on a road or road

related area and attempting to put the motor vehicle in motion, or

(c) being the holder of a driver licence, is or was occupying the seat in a motor vehicle next to a holder of a learner licence while the holder of the learner licence is or was driving the vehicle on a road or road related area.

(2) A person must not, when required by a police officer to undergo an oral fluid test under subsection (1), refuse or fail to undergo the oral fluid test in accordance with the directions of the officer.

Maximum penalty: 10 penalty units.

(3) It is a defence to a prosecution for an offence under subsection (2) if the defendant satisfies the court that the defendant was unable, on medical grounds, to undergo an oral fluid test at the time the defendant was required to do so.

(4) Without limiting any other power or authority, a police officer may, for the purposes of this section, request or signal the driver of a motor vehicle to stop the vehicle.

(5) A person must comply with any request or signal made or given to the person by a police officer under subsection (4).

Maximum penalty: 10 penalty units.

18C Arrest following failed oral fluid test or refusal or inability to undergo test

(1) A police officer may exercise the powers referred to in subsection (2) in respect of a person if:

(a) it appears to the officer from one or more oral fluid tests carried out under section 18B (1) by the officer that the device by means of which the test was carried out indicates that there may be one or more prescribed illicit drugs present in the person's oral fluid, or

(b) the person refused to undergo an oral fluid test required by an officer under section 18B (1) or fails to undergo that test in accordance with the directions of the officer.

(2) A police officer may:

(a) arrest a person referred to in subsection (1) without warrant, and

(b) take the person (or cause the person to be taken) with such force as may be necessary to a police station or such other place as the officer considers desirable and there detain the person (or cause the person to be detained)

for the purpose of the person providing oral fluid samples in accordance with this Division, and

- (c) if section 18E permits the taking of a blood sample from the person—take the person (or cause the person to be taken) with such force as may be necessary to a hospital or a place prescribed by the regulations and there detain the person (or cause the person to be detained) for the purpose of the person providing such a blood sample in accordance with that section.

18D Providing an oral fluid sample for oral fluid analysis following arrest

- (1) A police officer may require a person who has been arrested under section 18C to provide an oral fluid sample in accordance with the directions of the officer.
- (2) A person who is required by a police officer under subsection (1) to provide an oral fluid sample must not refuse or fail to provide that sample in accordance with the directions of the officer.

Maximum penalty: 30 penalty units (in the case of a first offence) or 50 penalty units or imprisonment for 18 months or both (in the case of a second or subsequent offence).

- (3) It is a defence to a prosecution for an offence under this section if the defendant satisfies the court that the defendant was unable, on medical grounds, to provide an oral fluid sample at the time the defendant was required to do so.
- (4) A police officer who is provided with an oral fluid sample under subsection (1) must:
 - (a) place the sample into a container, and
 - (b) fasten and seal the container, and
 - (c) mark or label the container for future identification, and
 - (d) give to the person from whom the sample is taken a certificate relating to the sample that contains sufficient information to enable the sample to be identified as a sample of that person's oral fluid, and
 - (e) as soon as reasonably practicable after the sample is provided, arrange for the sample to be submitted to a laboratory prescribed by the regulations for oral fluid analysis.
- (5) The person who provided the sample may, within 6 months after the taking of the sample or such longer period as is prescribed by the regulations, apply to the laboratory prescribed under this section for a portion of the sample to be sent, for oral fluid analysis at that person's own expense, to a medical practitioner or laboratory nominated by the person.

- (6) An analyst at the laboratory to which a sample of oral fluid is submitted for oral fluid analysis under this section may carry out an analysis of the sample, or of a portion of the sample, to determine the presence of prescribed illicit drugs in the oral fluid.
- (7) An oral fluid analysis referred to in subsection (6) may be carried out, and any act, matter or thing in connection with the analysis (including the receipt of the sample of oral fluid to be analysed and the breaking of any seal securing the sample) may be done, by a person acting under the supervision of an analyst, and in that event is taken to have been carried out or done by the analyst.

18E Taking blood sample following arrest

- (1) Except as provided by section 18F, a police officer may require a person who has attempted to provide an oral fluid sample as directed under section 18D (1), but has been unable to comply (for example, because no oral fluid was physically able to be produced), to provide a sample of the person's blood (whether or not the person consents to the provision of the sample) in accordance with the directions of a medical practitioner, registered nurse or prescribed sample taker.
- (2) The police officer must inform any such medical practitioner, registered nurse or prescribed sample taker that the sample is required to be taken for the purposes of this section.
- (3) The medical practitioner, registered nurse or prescribed sample taker by whom or under whose directions a sample of blood is taken in accordance with this section must:
 - (a) place the sample into a container, and
 - (b) fasten and seal the container, and
 - (c) mark or label the container for future identification, and
 - (d) give to the person from whom the sample is taken a certificate relating to the sample that contains sufficient information to enable the sample to be identified as a sample of that person's blood.
- (4) The medical practitioner, registered nurse or prescribed sample taker must, as soon as reasonably practicable after the sample of blood is taken, arrange for the sample to be submitted to a laboratory prescribed by the regulations for analysis by an analyst to determine whether the blood contains any prescribed illicit drugs.
- (5) The person from whom the sample of blood was taken may, within 12 months after the taking of the sample, apply to the laboratory prescribed under this

section for a portion of the sample to be sent, for analysis at that person's own expense, to a medical practitioner or laboratory nominated by the person.

- (6) An analyst at a laboratory prescribed by the regulations to whom any blood sample is submitted for analysis under this section may carry out an analysis of the blood to determine whether it contains any prescribed illicit drugs.
- (7) Any duty of a medical practitioner, registered nurse or prescribed sample taker under this section and any relevant provisions of the regulations may be performed by a person acting under the supervision of the medical practitioner, registered nurse or prescribed sample taker. A duty performed by any such person is taken to have been performed by the medical practitioner, registered nurse or prescribed sample taker.
- (8) An analysis under this section may be carried out, and anything in connection with the analysis (including the receipt of the blood sample to be analysed and the breaking of any seal) may be done, by a person acting under the supervision of an analyst and, in that event, is taken to have been carried out or done by the analyst.
- (9) A person must not, on being required under this section by a police officer to provide a sample of blood, refuse or fail to submit to the taking of the sample of blood in accordance with the directions of a medical practitioner, registered nurse or prescribed sample taker.

Maximum penalty (subsection (9)): 30 penalty units (in the case of a first offence) or 50 penalty units or imprisonment for 18 months or both (in the case of a second or subsequent offence).

18F When oral fluid test or sampling not permitted

A police officer cannot require a person to undergo an oral fluid test or provide any sample under this Division:

- (a) if that person has been admitted to hospital for medical treatment, unless the medical practitioner in immediate charge of the person's treatment has been notified of the intention to make the requisition and the medical practitioner does not object on the grounds that compliance with it would be prejudicial to the proper care or treatment of the person, or
- (b) if it appears to the officer that it would, because of any injuries sustained by the person, be dangerous to that person's medical condition to undergo an oral fluid test or provide a sample, or
- (c) in relation to an oral fluid test or oral fluid sample—at any time after the expiration of 2 hours from the occurrence of the event that entitled the officer under section 18B (1) to require the person to undergo an oral fluid test or

provide a sample, or

- (d) in relation to a blood sample—at any time after the expiration of 4 hours from the occurrence of the event that entitled the officer under section 18B (1) to require the person to undergo an oral fluid test, or
- (e) at the person's home.

18G Offences related to testing and sampling for drugs

(1) A person must not:

- (a) wilfully do anything to introduce, or alter the amount of, any prescribed illicit drug in the person's oral fluid between the time of the event referred to in section 18B (1) (a), (b) or (c) in respect of which the person has been required by a police officer to undergo an oral fluid test and the time when the person undergoes that test, or
- (b) wilfully do anything to introduce, or alter the amount of, any prescribed illicit drug in the person's oral fluid or blood between the time of the event referred to in section 18B (1) (a), (b) or (c) in respect of which the person has been required by a police officer to undergo an oral fluid test and the time when the person provides a sample of the person's oral fluid or blood.

Maximum penalty: 30 penalty units (in the case of a first offence) or 50 penalty units (in the case of a second or subsequent offence).

- (2) It is a defence to a prosecution of a person for an offence under subsection (1) of wilfully doing anything to introduce, or alter the amount of, a prescribed illicit drug in the person's oral fluid if the person satisfies the court that the thing was done more than 2 hours after the time of the event referred to in section 18B (1) (a), (b) or (c).
- (3) It is a defence to a prosecution of a person for an offence under subsection (1) of wilfully doing anything to introduce, or alter the amount of, a prescribed illicit drug in the person's blood if the person satisfies the court that the thing was done more than 4 hours after the time of the event referred to in section 18B (1) (a), (b) or (c).
- (4) If a medical practitioner, registered nurse or prescribed sample taker is informed by a police officer in accordance with this Division that a blood sample is required to be taken for the purposes of this Division, the medical practitioner, registered nurse or prescribed sample taker must not:
 - (a) fail to take the sample, or
 - (b) fail to comply with any requirement made by section 18E (3) or (4) in

relation to the sample.

Maximum penalty: 20 penalty units.

- (5) It is a defence to a prosecution for an offence under subsection (4) if the medical practitioner, registered nurse or prescribed sample taker satisfies the court that:
- (a) the practitioner, nurse or prescribed sample taker believed on reasonable grounds that the taking of the sample from the person would be prejudicial to the proper care and treatment of the person, or
 - (b) the practitioner, nurse or prescribed sample taker believed on reasonable grounds that the person was less than 15 years of age, or
 - (c) the practitioner, nurse or prescribed sample taker was, because of the behaviour of the person, unable to take the sample, or
 - (d) there was other reasonable cause for the practitioner, nurse or prescribed sample taker not to take the sample.
- (6) A person must not hinder or obstruct a police officer in attempting to administer an oral fluid test on, or take a sample of oral fluid from, any other person in accordance with this Division.

Maximum penalty: 20 penalty units.

- (7) A person must not hinder or obstruct a medical practitioner, registered nurse or prescribed sample taker in attempting to take a sample of the blood of any other person in accordance with this Division.

Maximum penalty: 20 penalty units.

18H Prohibited analysis

- (1) In this section:

Division 3A sample means a sample of oral fluid or blood taken from, or furnished or provided by, a person under this Division.

DNA database means any database that contains DNA data and includes any DNA database system within the meaning of the *Crimes (Forensic Procedures) Act 2000*.

permitted purpose, in relation to an analysis of a Division 3A sample, means the purpose of determining whether any prescribed illicit drugs are present in the sample.

prohibited analysis, in relation to a Division 3A sample, means analysis of the sample for a purpose other than the permitted purpose.

Note—

For example, deriving a DNA profile from the sample is a purpose for which analysis is prohibited.

- (2) A person must not intentionally or recklessly:
- (a) supply a Division 3A sample, or cause or permit a Division 3A sample to be supplied, to a person for prohibited analysis, or
 - (b) carry out, or cause or permit to be carried out, a prohibited analysis of a Division 3A sample, or
 - (c) include, or cause the inclusion of, information derived from a prohibited analysis on a DNA database kept under a law of this State or the Commonwealth or of another State or a Territory.

Maximum penalty: 30 penalty units.

Omit section 23 (6). Insert instead:

- (6) A police officer may not make arrangements under subsection (5) for analysis of a blood sample to determine the concentration in the blood of a drug other than alcohol unless:
- (a) the following circumstances apply:
 - (i) the accident that caused the person to attend at or be admitted to hospital was a fatal accident, and
 - (ii) the person from whom the sample was taken was a person referred to in section 20 (5) (a), (b) or (f), or
 - (b) the following circumstances apply:
 - (i) the police officer has reasonable grounds to believe that, at the time of the accident concerned, the person from whom the sample was taken was under the influence of a drug other than alcohol, and
 - (ii) no police officer attended the scene of the accident that led to the taking of the sample or, although a police officer or police officers attended the scene of the accident, there was no reasonable opportunity to require the person from whom the sample was taken to submit, in accordance with Division 5,

to an assessment of his or her sobriety.

[6] Part 2, Division 4A

Insert after Division 4 of Part 2:

**Division 4A Blood and urine analysis of persons who are not
accident patients following fatal accidents**

**24A Power to arrest persons involved in fatal accidents for blood and urine
tests**

- (1) This section applies to a person who:
 - (a) is at least 15 years old, and
 - (b) at the time of an accident, was:
 - (i) driving a motor vehicle involved in the accident, or
 - (ii) occupying the driving seat of a motor vehicle involved in the accident and attempting to put the motor vehicle in motion, or
 - (iii) the holder of a driver licence and occupying the seat in the motor vehicle next to a holder of a learner licence who was driving a motor vehicle involved in the accident, and
 - (c) is not an accident patient within the meaning of section 20.
- (2) A police officer may exercise the powers referred to in subsection (3) in relation to a person to whom this section applies if the police officer believes that:
 - (a) the accident is a fatal accident, or
 - (b) it is more likely than not that a person will die within 30 days as a consequence of the accident.
- (3) A police officer may:
 - (a) arrest the person without warrant, and
 - (b) take the person (or cause the person to be taken) with such force as may be necessary to a hospital or other prescribed place, and
 - (c) detain the person, or cause the person to be detained, at the hospital or other prescribed place to enable the person to provide blood and urine samples in accordance with this Division.
- (4) In this Division, **accident** means an accident on a road or road related area

involving a motor vehicle or other vehicle or a horse.

24B Procedure for taking samples following arrest

- (1) Except as provided by section 24C, a police officer may require a person who has been arrested under section 24A to provide samples of the person's blood and urine (whether or not the person consents to the samples being taken) in accordance with the directions of a medical practitioner, registered nurse or prescribed sample taker.
- (2) The police officer must inform any such medical practitioner, registered nurse or prescribed sample taker that the samples are required to be taken for the purposes of this Division.
- (3) The medical practitioner, registered nurse or prescribed sample taker by whom or under whose directions a sample of blood is taken in accordance with this Division must:
 - (a) place the sample into a container, and
 - (b) fasten and seal the container, and
 - (c) mark or label the container for future identification, and
 - (d) give to the person from whom the sample is taken a certificate relating to the sample that contains sufficient information to enable the sample to be identified as a sample of that person's blood.
- (4) The medical practitioner, registered nurse or prescribed sample taker must, as soon as reasonably practicable after the sample of blood is taken, arrange for the sample to be submitted to a laboratory prescribed by the regulations for analysis by an analyst to determine whether the blood contains a drug.
- (5) The person from whom the sample of blood was taken may, within 12 months after the taking of the sample, apply to the laboratory prescribed under this section for a portion of the sample to be sent, for analysis at that person's own expense, to a medical practitioner or laboratory nominated by the person.
- (6) The medical practitioner, registered nurse or prescribed sample taker under whose directions a sample of urine is provided in accordance with this Division must:
 - (a) divide the sample into 2 approximately equal portions, and
 - (b) place each portion into a container, and
 - (c) fasten and seal each container, and

- (d) mark or label each container for future identification.
- (7) Of the 2 sealed containers:
- (a) one must be handed by the medical practitioner, registered nurse or prescribed sample taker to the person from whom it was taken or to some other person on behalf of that person, and
 - (b) the other must be handed by the practitioner, nurse or prescribed sample taker to the police officer present when the sample was taken and forwarded to a laboratory prescribed by the regulations for analysis by an analyst to determine whether the urine contains a drug.
- (8) An analyst at a laboratory prescribed by the regulations to whom any blood or urine is submitted for analysis under this section may carry out an analysis of the blood or urine to determine whether it contains a drug, but only if a police officer has notified the analyst in writing that a person involved in the accident that led to the sample of blood or urine being submitted for analysis:
- (a) has died within 30 days of the accident, or
 - (b) has died during the period beginning 30 days after the accident and ending 12 months after the accident and a medical practitioner has given advice that the person died as a result of the accident.
- (9) Any duty of a medical practitioner, registered nurse or prescribed sample taker under this Division and any relevant provisions of the regulations may be performed by a person acting under the supervision of the practitioner, nurse or prescribed sample taker. A duty performed by any such person is taken to have been performed by the medical practitioner, registered nurse or prescribed sample taker.
- (10) An analysis under this section may be carried out, and anything in connection with the analysis (including the receipt of the blood or urine to be analysed and the breaking of any seal) may be done, by a person acting under the supervision of an analyst and, in that event, is taken to have been carried out or done by the analyst.
- (11) A blood or urine sample that has been provided under this section must be destroyed by or at the direction of the analyst who has custody of the sample without being analysed if, at the expiry of 13 months after the accident concerned, no police officer has made a notification relating to a death under subsection (8).

24C When taking of samples not permitted

A police officer cannot require a person to provide a sample under this Division:

- (a) if a medical practitioner, registered nurse or prescribed sample taker has objected on the grounds that compliance would be dangerous to the person's health, or
- (b) if it appears to that officer that it would, because of any injuries to the person, be dangerous to the person's medical condition to provide the sample, or
- (c) at any time after the expiration of 4 hours from the occurrence of the accident concerned.

24D Offences related to testing for drugs

(1) A person must not:

- (a) on being required under this Division by a police officer to provide samples of blood and urine:
 - (i) refuse or fail to submit to the taking of the sample of blood, or
 - (ii) refuse or fail to provide the sample of urine,in accordance with the directions of a medical practitioner, registered nurse or prescribed sample taker, or
- (b) between the time of the fatal accident concerned and the time when the person provides a sample that the person is required to provide under this Division, wilfully do anything to introduce, or alter the amount of, a drug in the person's blood or urine (except at the direction or under the supervision of an appropriate health professional).

Maximum penalty: 30 penalty units or imprisonment for 18 months or both (in the case of a first offence) or 50 penalty units or imprisonment for 2 years or both (in the case of a second or subsequent offence).

- (2) It is a defence to a prosecution for an offence under subsection (1) (a) if the defendant satisfies the court that the defendant was unable, on medical grounds, to provide a sample when the defendant was required to do so.
- (3) It is a defence to a prosecution of a person for an offence under subsection (1) (b) of wilfully doing anything to introduce, or alter the amount of, a drug in the person's blood or urine if the person satisfies the court that the thing was done more than 4 hours after the time of the fatal accident concerned.
- (4) If a medical practitioner, registered nurse or prescribed sample taker is informed by a police officer in accordance with this Division that a sample is required to be taken for the purposes of this Division, the medical practitioner, registered nurse or prescribed sample taker must not:

- (a) fail to take the sample, or
- (b) fail to comply with any requirement made by section 24B (3), (4), (6) or (7) in relation to the sample.

Maximum penalty: 20 penalty units.

- (5) It is a defence to a prosecution for an offence under subsection (4) if the medical practitioner, registered nurse or prescribed sample taker satisfies the court that:
 - (a) the practitioner, nurse or prescribed sample taker believed on reasonable grounds that the taking of the sample from the person would be prejudicial to the proper care and treatment of the person, or
 - (b) the practitioner, nurse or prescribed sample taker believed on reasonable grounds that the person was less than 15 years of age, or
 - (c) the practitioner, nurse or prescribed sample taker was, because of the behaviour of the person, unable to take the sample, or
 - (d) there was other reasonable cause for the practitioner, nurse or prescribed sample taker not to take the sample.
- (6) A person must not hinder or obstruct a medical practitioner, registered nurse or prescribed sample taker in attempting to take a sample of the blood or urine of any other person in accordance with this Division.

Maximum penalty: 20 penalty units.
