## Division 12A Technology assisted voting

### 120AA Definitions

In this Division:

***approved procedures*** means the procedures approved under section 120AC.

***eligible elector***—see section 120AB.

***technology assisted voting*** means a method of voting where an eligible elector votes by means of a networked electronic device, such as by a telephone or by a computer linked to the internet.

### **120AB Meaning of “eligible elector”**

- (1) For the purposes of this Division, an **eligible elector** means an elector who meets any of the following eligibility requirements for technology assisted voting (and any additional requirements imposed on those eligibility requirements under subsection (2)):
  - (a) the elector’s vision is so impaired, or the elector is otherwise so physically incapacitated or so illiterate, that he or she is unable to vote without assistance,
  - (b) the elector has a disability (within the meaning of the [Anti-Discrimination Act 1977](#)) and because of that disability he or she has difficulty voting at a polling place or is unable to vote without assistance,
  - (c) the elector’s real place of living is not within 20 kilometres, by the nearest practicable route, of a polling place,
  - (d) the elector will not throughout the hours of polling on polling day be within New South Wales.
- (2) The Electoral Commissioner may, by order published on the NSW legislation website, impose additional requirements on any of the eligibility requirements for technology assisted voting.
- (3) The regulations can limit the classes of electors who may be eligible for technology assisted voting.

### **120AC Electoral Commissioner to approve procedures for technology assisted voting**

- (1) The Electoral Commissioner may approve procedures to facilitate voting by eligible electors at an election by means of technology assisted voting.
- (2) The approved procedures must provide:
  - (a) for an eligible elector to register before voting by means of technology assisted voting, and
  - (b) for the making of a record of each eligible elector who has voted by means of technology assisted voting, and
  - (c) for the authentication of the eligible elector’s vote, and
  - (d) for the secrecy of the eligible elector’s vote, and
  - (e) that any vote cast in accordance with the approved procedures be securely transmitted to the Electoral Commissioner and securely stored by the

Electoral Commissioner until printed, and

- (f) for the production of a printed ballot paper at the close of the poll, for the purposes of the scrutiny, for each vote transmitted to the Electoral Commissioner showing the vote cast by the eligible elector, and
  - (g) for the bundling of those ballot papers according to the electoral district of the eligible elector (separating Assembly and Council ballot papers into different bundles), the sealing of the bundled ballot papers in packages and the distribution of:
    - (i) the sealed packages of Assembly ballot papers to the relevant returning officers for each of those districts, and
    - (ii) the sealed packages of Council ballot papers to the Electoral Commissioner.
- (3) A printed ballot paper produced in accordance with the approved procedures does not need to be in or to the effect of the form prescribed in Schedule 4 or 4A (as the case requires), or be of the same size or format as the ballot papers printed in accordance with section 83 or 83B, so long as the vote cast by the eligible elector can be accurately determined.
- (4) The Electoral Commissioner may approve procedures under this section only if the Electoral Commissioner is satisfied that a class of electors, who in other circumstances would be unable to vote or would have difficulty voting, would benefit from the approval of the procedures.
- (5) The only limit on the power of the Electoral Commissioner to approve procedures under this section is that the pre-condition for approval set out in subsection (4) is met.
- (6) The approval of procedures under this section cannot be challenged, reviewed or called into question in proceedings before any court or tribunal except on the grounds that the approval exceeds the jurisdictional limit specified by subsection (5) for the approval of such procedures.

#### **120AD Independent auditing of technology assisted voting**

- (1) The Electoral Commissioner is to engage an independent person (the ***independent auditor***) to conduct audits of the information technology used under the approved procedures.
- (2) Audits under this section are to be conducted and the results of those audits are to be provided to the Electoral Commissioner:
  - (a) at least 7 days before voting commences in each Assembly general election

at which technology assisted voting is to be available, and

(b) within 60 days after the return of the writs for each Assembly general election at which technology assisted voting was available.

- (3) Without limiting the content of the audit, the independent auditor is to determine whether test votes cast in accordance with the approved procedures were accurately reflected in the corresponding test ballot papers produced under those procedures.
- (4) The independent auditor may make recommendations to the Electoral Commissioner to reduce or eliminate any risks that could affect the security, accuracy or secrecy of voting in accordance with the approved procedures.

### **120AE Scrutineers**

A candidate may appoint a scrutineer to observe:

- (a) any production of the printed ballot papers and bundling and sealing of those ballot papers in accordance with the approved procedures, and

### **120AF Technology assisted votes to be counted with postal votes**

Any vote cast by an eligible elector and transmitted to the Electoral Commissioner in accordance with the approved procedures is to be counted with the postal votes for that election.

### **120AG Secrecy relating to technology assisted voting**

- (1) Any person who becomes aware of how an eligible elector, voting in accordance with the approved procedures, voted is not to disclose that information to any other person except in accordance with the approved procedures.

Maximum penalty: 5 penalty units, or imprisonment for a term not exceeding 6 months, or both.

- (2) A person must not disclose to any other person any source code or other computer software that relates to technology assisted voting under the approved procedures, except in accordance with the approved procedures or in accordance with any arrangement entered into by the person with the Electoral Commissioner.

Maximum penalty: 5 penalty units, or imprisonment for a term not exceeding 6 months, or both.

- (a) in writing, and
- (b) published on the Commission's internet website.

### **120AK Regulations relating to technology assisted voting**

- (1) The regulations may make provision for or with respect to voting by eligible electors by means of technology assisted voting.
- (2) Without limiting subsection (1), the regulations may make provision for or with respect to the following:
  - (a) the technology assisted voting method or methods that may be authorised under approved procedures,
  - (b) the period during which voting by eligible electors using technology assisted voting is permitted (including a period before polling day),
  - (c) the appointment by the Electoral Commissioner of officers to facilitate voting by means of technology assisted voting,
  - (d) the independent auditing of the secrecy and authenticity of voting by means of technology assisted voting at any election.

- (3) The regulations may provide that technology assisted voting is not to be used at a specified election.
- (4) For the avoidance of doubt, neither this section nor any regulations made under this section prevent approved procedures dealing with matters referred to in this section.
- (5) However, if a provision of a regulation made under this section is inconsistent with an approved procedure, the provision of the regulation prevails to the extent of the inconsistency.

**120AL Electoral Commissioner may determine that technology assisted voting is not to be used**
