- (1) A rail authority may, with the approval of the Minister, lease to ARTC, or grant a licence to ARTC with respect to, the whole or any part of the following:
  - (a) land (and all or any related rail infrastructure facilities) used for, or relating to, freight lines or proposed freight lines,
  - (b) land providing access to any such land or rail infrastructure facilities,
  - (c) such additional land (and all or any related rail infrastructure facilities) as ARTC may request, and that is required in connection with rail operations.
- (2) Rail infrastructure facilities may be leased or licensed to ARTC by a rail authority under this section even though the facilities are situated on land that is not otherwise subject to such a lease or licence.
- (3) A rail authority may, with the approval of the Minister, enter into a lease, licence, agreement or other arrangement with ARTC for the carrying out of development by or on behalf of ARTC for the purposes of constructing proposed

freight lines and associated facilities or other rail infrastructure facilities.

- (4) A lease or licence entered into by a rail authority may make provision for or with respect to rights relating to intellectual property.
- (5) Subsections (3) and (4) do not limit the matters that may be included in a lease or licence under this section.
- (6) A rail authority may enter into an agreement or other arrangement with ARTC with respect to matters that are ancillary to or incidental to an ARTC lease or licence.
- (7) The total maximum term for which any land or rail infrastructure facilities may be leased or licensed under one or more leases or licences under this section is 60 years.

### **88C Other agreements or arrangements relating to freight lines**

- (1) A rail authority may, with the approval of the Minister, enter into an agreement or other arrangement with ARTC for or with respect to the management by ARTC of freight lines not subject to an ARTC lease or licence (and all or any associated rail infrastructure facilities).

### **88F Requirements for consent not applicable**

A rail authority may enter into an ARTC arrangement, and any such arrangement has effect, despite any requirement for consent under any other lease, licence, agreement or other arrangement between a rail authority and any other person.

### **88G Severance of rail infrastructure facilities and from leased or licensed**

## **land**

- (1) Rail infrastructure facilities owned by RailCorp, RIC or the State Rail Authority that are subject to an ARTC lease or licence or situated on land subject to an ARTC lease or licence, or rail infrastructure facilities installed or established by ARTC for the purposes of an ARTC lease or licence, are taken to be severed from the land on which they are situated and may be dealt with as personal property separate from the land.
- (2) Station facilities owned by RailCorp, RIC or the State Rail Authority that are situated on land subject to an ARTC lease or licence are taken to be severed from the land on which they are situated and may be dealt with as personal property separate from the land.
- (3) The severance of a facility from land under this section:
  - (a) does not affect the right of the facility to be situated on that land, and
  - (b) does not affect any right to drain water or sewage from the facility across and through the land or to use any means of drainage of water or sewage from the facility across and through the land.
- (4) This section does not have effect in respect of rail infrastructure facilities or station facilities on land subject to an existing lease or licence by the rail authority as lessor when an ARTC lease or licence is entered into, while any such existing lease or licence, or any renewal of that lease or licence, remains in force.
- (5) To avoid doubt, a reference in subsection (4) to a lease or licence does not include a reference to a rail access agreement.

## **88H Functions of ARTC relating to rail infrastructure facilities**

- (1) ARTC may hold, manage, maintain and establish rail infrastructure facilities subject to an ARTC arrangement.
- (2) Any such arrangement may vest in ARTC rail infrastructure facilities installed or established by ARTC for the term of the arrangement or without limitation.
- (3) An ARTC lease or licence may provide that rail infrastructure facilities subject to the lease or licence and vested in or owned by a rail authority may be sold or disposed of by ARTC in accordance with the lease or licence.
- (4) This section is subject to the terms of any applicable ARTC arrangement and section 88M.

### **Note—**

that affects, or is likely to affect, the linear continuity of railway lines affected by, or subject to, an ARTC arrangement.

### **88I Transfer of assets, rights or liabilities of rail authority**

- (1) The Minister may, by order in writing, direct that assets, rights or liabilities of a rail authority, or any subsidiary of a rail authority, that are specified or referred to in the order, be transferred to ARTC.
- (2) The Minister may, by further order under this section, further direct the transfer to a rail authority, or a subsidiary of a rail authority, a State owned corporation, the Crown or any other person or body acting on behalf of the Crown of any assets, rights or liabilities previously transferred under this section.
- (3) An order under subsection (1) or (2) may be made only:
  - (a) in relation to assets, rights or liabilities concerning, or relating to, an ARTC arrangement or a proposed ARTC arrangement, and
  - (b) with the consent of ARTC or in accordance with an ARTC arrangement.
- (4) On termination of an ARTC arrangement, the Minister may, by order in writing, direct that rail infrastructure facilities (within the meaning of section 3) established by ARTC under the arrangement, and any related assets, rights or liabilities of ARTC, that are specified or referred to in the order, be transferred to a rail authority, a State owned corporation, the Crown or any other person or body acting on behalf of the Crown.
- (5) In the case of rail infrastructure facilities (including any related assets, rights or liabilities) used by ARTC partly for the purposes of an ARTC arrangement and partly for other business purposes, an order under subsection (4) must, if the rail infrastructure facilities were predominantly used for the purposes of the ARTC arrangement, be made subject to the conferral on ARTC of a continuing right to the use and benefit of those facilities for those other purposes.
- (6) An order under subsection (4) may transfer rail infrastructure facilities (including any related assets, rights or liabilities) that are predominantly used by ARTC for business purposes other than the purposes of an ARTC arrangement only to the extent necessary to confer on a rail authority an irrevocable right to the use and benefit of those facilities for the purposes of its rail operations.
- (7) An order under this section may be subject to specified terms and conditions.
- (8) Schedule 4 applies to the transfer of assets, rights and liabilities under this section.
- (9) Words and expressions used in this section have the same meanings as they have in Schedule 4.

## **Division 3 Rail services, access and infrastructure obligations**

### **88J Obligation to maintain linear continuity of rail services**

- (1) It is the duty of ARTC to maintain the linear continuity of railway lines affected by, or subject to, an ARTC arrangement between ARTC and a rail authority.
- (2) This section does not extend to closures of rail lines in emergencies, for normal, routine maintenance or repairs or for the construction of works authorised or otherwise provided for by an ARTC arrangement.

### **88K Rail access obligations and functions**

- (1) ARTC is to provide persons with access under any current NSW rail access undertaking to any part of the NSW rail network for which it is a rail infrastructure owner.

**Note—**

ARTC's rail access obligations are also set out in section 99C and Schedule 6AA.

- (2) A rail authority may authorise ARTC to act as the agent of the rail authority or to provide other services to the rail authority for the purpose of selling access to parts of the NSW rail network.
- (3) For the purposes of section 24A of the *Independent Pricing and Regulatory Tribunal Act 1992*, ARTC is, in respect of rail infrastructure facilities subject to an ARTC lease or licence, taken to be a government agency that provides services by means of rail infrastructure facilities.

**Note—**

The effect of this provision is that disputes relating to rail infrastructure access involving ARTC may be referred to arbitration.

### **88L Network control**

- (1) An ARTC arrangement may make provision for or with respect to the conferral on ARTC of responsibility for network control with respect to any part of the NSW rail network for which ARTC is a rail infrastructure owner.
- (2) ARTC is responsible for network control with respect to any such part of the NSW rail network while that responsibility is conferred on ARTC under the ARTC arrangement.
- (3) In exercising its responsibility for network control, ARTC must:
  - (a) give reasonable priority to passenger services, and
  - (b) subject to giving priority to those services, promote and facilitate access to

the part of the NSW rail network for which it is responsible in accordance with the current NSW rail access undertaking.

- (4) If responsibility for network control is not conferred on ARTC with respect to a part of the NSW rail network for which ARTC is a rail infrastructure owner, the rail authority in whom that part is vested or who owns it is, for the purposes of section 99D, taken to be the rail infrastructure owner for that part and that section applies accordingly.

**Note—**

Under section 99D, the rail infrastructure owner has responsibility for network control, so that subsection (4) has the effect of conferring that responsibility on a rail authority if there is no conferral of it on ARTC under this section.

- (5) In this section:

**network control** with respect to any part of the NSW rail network has the same meaning as it has in section 99D.

**88M Restrictions on dealings with land and rail infrastructure facilities and other rights**

- (1) ARTC must not sell or otherwise deal with land or rail infrastructure facilities subject to an ARTC lease or licence, or installed or established by ARTC in or on the NSW rail network for the purposes of an ARTC arrangement, in a way that affects, or is likely to affect, the linear continuity of railway lines affected by, or subject to, an ARTC arrangement.
- (2) ARTC must not assign (other than by granting a security interest), or grant a mortgage over, all or any of its rights under an ARTC arrangement.
- (3) ARTC may grant a security interest over all or any of its rights under an ARTC arrangement, but only if the granting of that interest complies with the following:
- (a) it does not affect, or is not likely to affect, the linear continuity of railway lines affected by, or subject to, an ARTC arrangement,
  - (b) it does not materially interfere with or restrict, or is not likely to materially interfere with or restrict, the carrying out of rail operations by ARTC in accordance with an ARTC arrangement,
  - (c) it does not permit or potentially permit the assignment or other disposition of ARTC's obligations or rights under an ARTC arrangement by the holder of the security interest,
  - (d) it does not permit or potentially permit the exercise of a power of sale or foreclosure in respect of any land or rail infrastructure facilities subject to, or

assets or rights under, an ARTC arrangement.

- (4) A transaction entered into by ARTC is, to the extent that it contravenes this section, void.
- (5) In this section, a reference to ARTC includes a reference to a successor of ARTC.
- (6) This section does not apply to or in respect of any thing permitted to be sold to ARTC under section 88E.
- (7) In this section:

**security interest** means any pledge, lien, charge or preferential interest or arrangement, but does not include a mortgage.

### **88N Obligations and rights under [Rail Safety Act 2002](#)**

- (1) This section applies to railway operations within the meaning of the [Rail Safety Act 2002](#) that are carried out by ARTC instead of a rail authority under a lease entered into under this Part.
- (2) To avoid doubt, ARTC is the operator responsible for any such operation for the purposes of that Act.
- (3) The rail authority is not required to be accredited under that Act:
  - (a) in respect of any such railway operation, or
  - (b) merely because it is the owner of rail infrastructure facilities, being facilities subject to an ARTC lease or licence.
- (4) Nothing in this section affects the obligation of the rail authority to be accredited under that Act for a rail operation it carries out.

### **88O Obligations and rights under [Protection of the Environment Operations Act 1997](#)**

- (1) This section applies to railway systems activities referred to in Schedule 1 to the [Protection of the Environment Operations Act 1997](#) that are carried out separately by ARTC and a rail authority in or on land that is subject to an ARTC lease or licence or is adjacent to any such land.
- (2) For the purposes of that Act, both the rail authority and ARTC are taken to be occupiers of the land concerned and are each required to hold a licence under that Act authorising the railway systems activity carried out by each of them on the land.

**88P Obligations and rights under [Heritage Act 1977](#)**

- (1) This section applies to land or rail infrastructure facilities subject to an ARTC lease or licence between ARTC and a rail authority.
- (2) For the purposes of the [Heritage Act 1977](#) and any instrument under that Act, ARTC is taken to be the owner of the land or rail infrastructure facilities instead of the rail authority and that Act applies accordingly.
- (3) For the purposes of sections 170 and 170A of the [Heritage Act 1977](#), ARTC has, in relation to land or rail infrastructure facilities, the functions of a government instrumentality.

**88Q Obligations and rights under [Threatened Species Conservation Act 1995](#)**

- (1) This section applies to land or rail infrastructure facilities subject to an ARTC lease or licence.
- (2) ARTC is to be treated as the public authority having responsibility for the land or rail infrastructure facilities for the purposes of the conferral of, and implementation of, responsibilities under or relating to a recovery plan or threat abatement plan under the [Threatened Species Conservation Act 1995](#).

**88R Obligations relating to activities under [Environmental Planning and Assessment Act 1979](#)**

- (1) This section applies if ARTC is prescribed under the [Environmental Planning and Assessment Act 1979](#) as a public authority for the purposes of Part 5 of that Act in relation to activities for the purposes of rail infrastructure facilities with respect to land subject to an ARTC lease or licence or land owned by ARTC.
- (2) In addition to any requirements applicable under that Part, regulations may be made under the [Environmental Planning and Assessment Act 1979](#) for or with respect to the following matters:
  - (a) additional circumstances in which an environmental impact statement may be required to be prepared under that Part in respect of an activity,
  - (b) requirements for public consultation in respect of activities for which an environmental impact statement is not required to be prepared under that Part,
  - (c) matters to be considered, and documentation relating to any such consideration, for the purposes of that Part,
  - (d) availability to the public of documents relating to any consideration of an activity for the purposes of that Part.

## Division 4 Prohibition on vertical integration

### 88S Restrictions on vertical integration of rail operations

- (1) ARTC, or any associate of ARTC, or any successor of ARTC or any associate of any successor of ARTC, must not provide rail freight services or any rail passenger services for reward on or with respect to the NSW rail network while any ARTC arrangement is in force.
- (2) If the Minister is of the opinion that a person has engaged or is proposing to engage in conduct that constitutes or would constitute a contravention of this section, the Minister may, by order in writing, direct the person not to engage in that conduct.
- (3) Nothing in this section prevents:
  - (a) ARTC or any successor of ARTC, or a rail authority, from carrying out a function conferred on it by or under this Act or an ARTC arrangement or from providing any services under an agreement with a rail authority, or
  - (b) a rail authority from carrying out a function conferred on it by or under this Act or an ARTC arrangement or from providing any services under an agreement with ARTC or another rail authority, or
  - (c) an associate of ARTC from providing rail freight services or any passenger services for reward, if the provision of those services is approved by the Minister.

### 88T Injunctions

- (1) If the Supreme Court, on the application of the Minister, is satisfied that a person has engaged or is proposing to engage in conduct that constitutes or would constitute a contravention of section 88S, the Court may grant an injunction in such terms as the Court determines to be appropriate.
- (2) Without prejudice to the generality of subsection (1), an injunction granted under this section may be, or include, an injunction restraining a person from carrying on a business (whether as part of, or incidental to, the carrying on of another business) for a specified period or except on specified terms and conditions.

- (3) If in the opinion of the Court it is desirable to do so, the Court may grant an interim injunction pending determination of the application.
- (4) The Court may rescind or vary an injunction granted under this section.
- (5) The power of the Court to grant an injunction restraining a person from engaging in conduct may be exercised:
  - (a) whether or not it appears to the Court that the person intends to engage again, or to continue to engage, in conduct of that kind, and
  - (b) whether or not the person has previously engaged in conduct of that kind, and
  - (c) whether or not there is imminent danger of substantial damage to any person if the first-mentioned person engages in conduct of that kind.
- (6) If the Minister makes an application to the Court for the grant of an injunction under this section, the Court is not to require the Minister or any other person, as a condition of granting an interim injunction, to give any undertaking as to damages.

- (5) A rail authority is not required to comply with the *Privacy and Personal Information Protection Act 1998* in respect of the disclosure of information about members of staff, placed or proposed to be placed, under this Division with ARTC, if the information is relevant to the exercise by ARTC of its functions in respect of members of staff temporarily placed with it or to workplace safety or the safety of the NSW rail network.
- (6) This section has effect despite any other Act or law.

- (6) A rail authority exercising a power of dismissal of a member of staff who is or has been temporarily placed with ARTC under this Division may take into account and act on the basis of any disciplinary or other action taken or finding made by ARTC.

**Definitions**

In this Part:

***rail access agreement*** means an agreement entered into by a rail authority pursuant to the NSW Rail Access Regime or RIC access undertaking that permits a person to operate rolling stock on the NSW rail network.

***rail authority*** has the same meaning as it has in Part 8A of the Act.

***the amending Act*** means the [Transport Administration Amendment \(New South Wales and Commonwealth Rail Agreement\) Act 2004](#).

**Existing rail access undertakings**

An access undertaking entered into by a rail authority under Schedule 6AA and in force immediately before the commencement of this clause is, to the extent to which it relates to land or rail infrastructure facilities subject to an ARTC lease or licence, taken to have been entered into by ARTC instead of the rail authority.

**Existing rail access agreements**

- (1) A rail access agreement entered into by a rail authority and in force immediately before the commencement of this clause continues in force, subject to this clause.
- (2) If a rail access agreement applies or is to apply to a part of the NSW rail network for which there are or are to be 2 or more rail infrastructure owners, the Minister may determine that the rail access agreement is terminated and determine that it is replaced by one or more separate rail access agreements entered into with each rail infrastructure owner.

- (3) The Minister may for the purposes of this clause:
  - (a) determine the parties to each separate agreement, and
  - (b) determine the terms of each separate agreement, and
  - (c) determine the date on which each separate agreement takes effect.
- (4) The Minister must give written notice to the parties to a separate agreement of the agreement and its terms not less than 14 days before the separate agreement takes effect.
- (5) A separate agreement under this clause must not substantially change rights or obligations under the previous agreement. This subclause does not prevent a change in parties to agreements.
- (6) The operation of this clause is not to be regarded:
  - (a) as a breach of contract or confidence or otherwise as a civil wrong, or
  - (b) as a breach of any contractual provision prohibiting, restricting or regulating the assignment or transfer of assets, rights or liabilities (within the meaning of Schedule 4), or
  - (c) as giving rise to any remedy by a party to an instrument, or as causing or permitting the termination of any instrument, because of a change in the beneficial or legal ownership of any asset, right or liability.

### **Disputes relating to terms of rail access agreements**

- (1) A party to a rail access agreement may, not more than 14 days after being notified of a new separate rail access agreement under this Part, give notice in writing to the Independent Pricing and Regulatory Tribunal that the terms of the agreement are not acceptable to it and refer the dispute to the Tribunal under Part 4A of the *Independent Pricing and Regulatory Tribunal Act 1992*.
- (2) Part 4A of the *Independent Pricing and Regulatory Tribunal Act 1992* (other than section 24C) applies to any such dispute in the same way that it applies to a dispute with respect to a public infrastructure access regime.
- (3) A dispute may not be referred or dealt with under this clause unless it is a dispute relating to terms of the new separate rail access agreement that are substantially different from those of the agreement it replaces or relating to whether terms of the previous agreement should be adjusted because of the separation.
- (4) To avoid doubt, the terms of an agreement are not substantially different merely because it is replaced by more than one agreement with different parties.

- (5) The arbitrator of the dispute is to determine the dispute by making a written determination.
- (6) The determination may vary the terms of a separate rail access agreement and any such rail access agreement has effect accordingly. The determination may not vary any terms of a separate rail access agreement that are not substantially different from terms contained in the agreement it replaces.
- (7) Nothing in this clause prevents the further amendment of the rail access agreement in accordance with its terms or any other law.

being development or an activity that is carried out on land subject to an ARTC lease or licence.
- (2) The development or activity is taken to comply with any requirements for consents or approvals or any other requirements of the *Environmental Planning and Assessment Act 1979* and any other law relating to the carrying out of the development or activity.
