[13] Schedule 2

Insert after Schedule 1:

Schedule 2 Adjustment for inflation of certain fees

(Clause 17 (4))

1 Definitions

In this Schedule:

adjustable fee amount means a fee amount prescribed under clause 17 (1) of this Regulation.

Consumer Price Index means the Consumer Price Index (All Groups Index) for Sydney published by the Australian Statistician.

Consumer Price Index number, in relation to a quarter, means the number for that quarter appearing in the Consumer Price Index.

financial year means a period of 12 months commencing on 1 July.

2 Adjustment of fees

- (1) Each adjustable fee amount is on 1 July each year to be adjusted for inflation as provided by this clause.
- (2) The adjustable fee amount that is to apply for the financial year commencing on that 1 July is to be determined by multiplying the adjustable fee amount that applied for the previous financial year by the annual increase in the Consumer Price Index during that previous financial year.

(3) The annual increase in the Consumer Price Index during a financial year is to be calculated as B/A where:

B is the Consumer Price Index number for the last quarter for which such a number was published before the end of the financial year.

A is the Consumer Price Index number for the last quarter for which such a number was published before the start of the financial year.

(4) If B/A is less than 1 (as a result of deflation), B/A is deemed to be 1.

(5) Before the start of each financial year after the first year of the operation of this clause, the Director-General is to publish notice of the amount of each adjustable fee amount for that financial year (as adjusted under this Schedule) on the following websites:

(a) the NSW legislation website,

(b) the website of the Division of Local Government.

3 Rounding of adjustments

If the determination of an adjustable fee amount for a financial year under this Schedule results in an amount that is not a whole number multiple of \$1, the amount calculated is to be rounded up to the nearest whole number multiple of \$1 and that amount as so rounded is the adjustable fee amount for that year.
