Part 2 General provisions supplementary to Act

4 Early retirement age

For the purposes of the definition of **early retirement age** in section 3 (1) of the Act, the prescribed early retirement age is 58 years.

5 Determination of loading in respect of shift allowance

- (1) In this clause:

base salary, in relation to a contributor, means the remuneration, salary or wages payable to the contributor under an award of an industrial tribunal or under an industrial or enterprise agreement, but excluding all additional allowances payable to the contributor.

relevant period, in relation to a contributor, means the period of 12 months ending with 31 December immediately preceding the date on which the salary of the contributor is to be calculated for the purposes of the Act.

relevant shift means a shift worked by an employee in respect of which a shift allowance is payable by an employer.

trade union means:

- (a) an industrial organisation of employees registered or recognised as such under the *Industrial Relations Act 1996*, or
 - (b) an association of employees registered as an organisation under the *Workplace Relations Act 1996* of the Commonwealth.
- (2) For the purposes of section 4 (1) (a) of the Act, the loading (if any) to be treated as part of a contributor's salary for the purposes of the Act must be determined by reference to subclause (3), (4) or (5) according to whichever subclause is appropriate to the contributor.
- (3) If:
- (a) there is in force an agreement between, or a practice accepted by, a trade union and the employer of a contributor which was in force immediately before 18 December 1987, and
 - (b) the effect of the agreement or practice is that amounts that the employer pays to the contributor as shift allowances for relevant shifts worked by the contributor during a relevant period are treated as a loading for superannuation purposes, and
 - (c) the total of those amounts is greater than that which would be determined under subclause (4) for that year in respect of the contributor,
- then, for the purposes of section 4 (1) (a) of the Act, that total is the contributor's loading for those shift allowances.
- (4) Except where subclause (3) or (5) applies, if a contributor is paid shift allowances for shifts that the contributor has worked during a relevant period, then, for the purposes of section 4 (1) (a) of the Act, the contributor's loading for those allowances is to be determined by reference to the number of relevant shifts the contributor is taken to have worked (as calculated in accordance with subclause (6)) during the relevant period. The loading is:
- (a) if during the relevant period the contributor is taken to have worked not more than 104 relevant shifts—no amount, or
 - (b) if during the relevant period the contributor is taken to have worked more than 104 but not more than 156 relevant shifts—an amount equal to 10 per cent of the contributor's base salary for that period, or
 - (c) if during the relevant period the contributor is taken to have worked more than 156 but not more than 208 relevant shifts—an amount equal to 15 per cent of the contributor's base salary for that period, or
 - (d) if during the relevant period the contributor is taken to have worked more than 208 relevant shifts—an amount equal to 20 per cent of the contributor's base

salary for that period.

- (5) If the amounts actually paid or payable to a contributor as shift allowances for shifts that the contributor has worked during a relevant period are less than the loading determined for the period in respect of the contributor in accordance with subclause (4), then, for the purposes of section 4 (1) (a) of the Act, the total of those amounts is the contributor's loading for those allowances.
- (6) For the purposes of subclause (4), the number of relevant shifts a contributor is taken to have worked during a relevant period is the number calculated as follows:

$$N = \frac{H}{H_0} \times S$$

where:

N is the number of relevant shifts the contributor is taken to have worked during the relevant period.

H is the number of hours per shift regularly required to be worked in relevant shifts during the relevant period.

H₀ is the smallest number of hours per shift regularly required to be worked (whether by the contributor or any comparable worker) in relevant shifts during any calendar year after 1987, including the relevant period.

S is the sum of:

- (a) the number of relevant shifts the contributor actually worked during the relevant period, and
- (b) the number of relevant shifts the contributor would have actually worked during the relevant period but for the contributor being on leave, being leave for which a shift allowance or an equivalent allowance or loading (including that part of annualised salary that replaces shift allowance in respect of the contributor) is paid.

6 Minimum amount for election to defer benefit

6A Payment by STC in relation to post payment surcharge assessment notice received by former contributor

- (1) If the total surcharge amount in respect of a former contributor who has paid an

additional surcharge amount to the Commissioner of Taxation exceeds the surcharge deduction cap, STC may reimburse the former contributor by paying to the former contributor an amount equal to the amount by which the total surcharge amount exceeds the surcharge deduction cap, less any amount previously reimbursed to or paid in respect of the former contributor by STC under this clause or the Act for the purposes of superannuation contributions surcharge.

- (2) STC may, at the request of a former contributor who has received a post payment surcharge assessment notice with respect to an additional surcharge amount that would, if paid, result in, or that has resulted in, the total surcharge amount exceeding the surcharge deduction cap, pay to the Commissioner of Taxation on behalf of the former contributor an amount equal to the amount by which the total surcharge amount exceeds the surcharge deduction cap, less any amount previously reimbursed to or paid in respect of the former contributor by STC under this clause or the Act for the purposes of superannuation contributions surcharge.
