- (c) hunting guide licence,
- (d) commercial hunter's licence,
- (e) professional hunter's licence.

7 (Repealed)

8 Standard hunting licence

A standard hunting licence authorises the licensee to engage in the hunting of game animals otherwise than as a hunting guide, commercial hunter or professional hunter.

9 Visitor's hunting licence—accompanied hunting

- (1) A visitor's hunting licence confers the same authority on the licensee as a standard hunting licence but only so as to authorise the licensee to hunt game animals in the company of the holder of a standard hunting licence or hunting guide licence that is of the same class (general or restricted) as the visitor's hunting licence.
- (2) A person is not eligible to be granted a visitor's hunting licence unless the Regulatory Authority is satisfied that the person's principal place of residence is outside Australia.

10 Hunting guide licence

A hunting guide licence authorises the licensee to engage in the hunting of game animals as a hunting guide and also confers the authority of a standard hunting licence.

11 Commercial hunter's licence

A commercial hunter's licence authorises the licensee to engage in the hunting of game animals as a commercial hunter and also confers the authority of a standard hunting licence.

11A Professional hunter's licence

A professional hunter's licence authorises the licensee to engage in the hunting of game animals as a professional hunter and also confers the authority of a standard hunting licence.

12 Approval of courses of training for licences

- (1) The Regulatory Authority may approve courses of training for the purposes of the grant of game hunting licences and may accredit persons, clubs or associations to conduct those courses. Different courses of training may be approved for different classes and types of licence.
- (2) If there is a course of training approved for a particular class and type of licence, a person is not eligible to be granted a licence of that class and type unless the Regulatory Authority is satisfied that the person has successfully completed the course of training.
- (3) A course of training approved for a restricted game hunting licence constitutes adequate training under section 19 (Special qualifications for restricted game hunting licence) of the Act for the purposes of the grant of the licence.
- (4) A course of training approved for the purposes of this clause may include provision for training in relation to the following—
 - (a) relevant provisions of the Act, this Regulation and any code of practice under section 24 of the Act,

(a) be made in a form approved by the Regulatory Authority that is published on the Regulatory Authority’s website, and

(b) be accompanied by the fee payable in respect of the application.

(2) An applicant for a game hunting licence must provide to the Regulatory Authority such evidence as the Regulatory Authority may request (at the time the application is made or subsequently) for the purposes of a determination of the eligibility of the applicant to be granted a licence.

15 Maximum duration of licences

For the purposes of section 25 of the Act, the relevant maximum period for a game hunting licence is 5 years.

15A (Repealed)

16 Licence fees

(1) The fee payable in respect of an application for a licence of a type specified in Column 1 of the following table is, according to the duration of the licence, the corresponding fee specified in Column 2, 3, 4, 5 or 6.

Column 1	Column 2	Column 3	Column 4	Column 5	Column 6
Type of licence	1 year or less	More than 1 year (not exceeding 2 years)	More than 2 years (not exceeding 3 years)	More than 3 years (not exceeding 4 years)	More than 4 years (not exceeding 5 years)

(1A) The fee payable in respect of an application for a visitor’s hunting licence is \$125.

(2) The fee payable in respect of an application for a licence is reduced by one-third (to the nearest whole dollar amount) if the person applying for the licence—

(a) is under 18 years of age, or

(b) is an eligible pensioner (within the meaning of paragraph (a) or (b) of the definition of **eligible pensioner** in section 3 (1) of the [Motor Vehicles Taxation Act 1988](#)).

- (3) The fee payable in respect of an application for a restricted licence to be issued as an upgrade of a general licence held by a person (being a restricted licence of the same type as the general licence and issued to be in force for the remainder of the period of the general licence) is \$10.
- (4) The fee payable for the grant of a licence to replace a licence that has been lost, destroyed or defaced is \$30. The replacement licence is to be issued for the period that is the remainder of the period of the licence it replaces.
- (5) The Minister may, by order published on the NSW legislation website, increase the amount of any fee payable under this clause annually in accordance with the annual percentage increase (if any) in the Consumer Price Index (All Groups Index) for Sydney issued by the Australian Statistician.
- (6) The Regulatory Authority may, in a class of cases or in a particular case, waive or refund all or part of any fee payable under this clause.

17 Grounds for refusal of restricted licence

The Regulatory Authority must refuse to grant a restricted game hunting licence to a person if in the 10 years prior to the application for the licence—

Note—

This adds to the other grounds on which a licence must be refused under section 21 (3) of the Act.

18 Conditions of game hunting licences

- (1) The provisions of Schedule 1 are prescribed as conditions of every game hunting licence.

Note—

Compliance with the mandatory provisions of a code of practice for holders of game hunting licences approved under section 24 of the Act is also a condition of a game hunting licence. Those mandatory provisions are set out in Schedule 2.

- (2) The Regulatory Authority may, by order published in the Gazette, suspend the operation of any provision of clauses 5–13 of Schedule 1 (either generally or subject to conditions) for a specified period and in relation to specified land, being land that the Regulatory Authority is satisfied is the subject of a management plan dealing with game hunting on the land or with the management, control or eradication of game animals on the land.

- (3) During the period of any such suspension, the suspended provision is, subject to any conditions of the suspension, not a condition of any game hunting licence for the purposes of the hunting of game animals under the authority of the licence on the land to which the suspension applies.
- (4) The conditions of a suspension may limit the operation of the suspension to a particular species of game animal.

19 Exemptions from licensing

- (a) (Repealed)

Sections 24, 28 and 29 (3) (a) of the Act do not apply to or in respect of a native game bird management licence.

Note—

Section 32B of the Act provides that Division 4 of Part 3 of the Act (which includes the provisions referred to above) applies to or in respect of native game bird management licences in the same way as it applies to or in respect of game hunting licences. However, the application of Division 4 of Part 3 of the Act to native game bird management licences is subject to the regulations.

- (3) In the case of an offence under section 23 (Offence to contravene conditions of licence) of the Act, a reference in Schedule 3 to that section that is qualified by a reference to a provision of Schedule 1 (Conditions of game hunting licences) or Schedule 2 (Mandatory provisions of code of practice) operates to restrict its operation to the offence under that section of contravening the condition of a game hunting licence with which the specified provision of Schedule 1 or 2 is concerned.

22 Savings

Any act, matter or thing that, immediately before the repeal of the *Game and Feral Animal Control Regulation 2004*, had effect under that Regulation continues to have effect under this Regulation.

Animal Control Further Amendment Act 2012

22B COVID-19 pandemic—extension of duration of licences

A restricted game hunting licence in force immediately before the commencement of this clause remains in force for an additional month, starting on the day after the day on which the licence is due to expire, if the holder of the licence held a restricted game hunting licence in force at any time between the start of 6 April 2020 and the end of 6 May 2020.

23 (Repealed)

Schedule 1 Conditions of game hunting licences

(Clause 18)

Note—

It is an offence under section 23 of the Act to contravene any condition of a game hunting licence. Contravening a condition of a game hunting licence is also grounds for cancelling or suspending the licence under section 29 of the Act.

Clause 18 of this Regulation authorises the Regulatory Authority to suspend the operation of clauses 5–13 of this Schedule in certain circumstances.

Part 1 Hunting generally

1 Licence to be carried and produced on request

The holder of a game hunting licence must carry the licence when engaged in hunting for game animals and must produce the licence for inspection on request by an inspector, a police officer or the owner or occupier of land on which the licensee is hunting.

2 Hunting on declared public land requires permission to enter

- (1) A person must not hunt on declared public hunting land unless the person has, before entering the land, obtained written permission to hunt on the land from the manager of the land concerned.

Note—

A game hunting licence does not authorise the holder of the licence to enter any land that the holder is not otherwise authorised to enter. The declaration of public land as land available for hunting under section 20 of the Act does not entitle a person to enter the land just because the person has a game hunting licence. The holder of the licence must obtain written permission to hunt as required by this clause.

- (2) When hunting on declared public hunting land a person must—
- (a) comply with any requirement imposed as a condition of the permission to hunt on the land, and

- (1) A person (**the minor**) who is under the age of 18 years must not hunt game except under the close personal supervision of a person who is at least 18 years of age and the holder of a standard hunting licence or hunting guide licence that is of the same class (general or restricted) as the minor's hunting licence.
- (2) A person who is under the age of 18 years must not use a firearm to hunt game except as the holder of a minor's firearms permit under the [Firearms Act 1996](#) and in accordance with the authority conferred by the permit.

Note—

12 is the minimum age for the grant of a minor's firearms permit.

 - (d) Wapiti deer (*Cervus elaphus canadensis*)—open season from 30 minutes before sunrise on 1 March in a year to 30 minutes after sunset on 31 October in that year.

Note—

If a species of game animal does not have an open season listed, it can be hunted all year.

- (2) The Regulatory Authority may, by notification published in the Gazette, vary (either by shortening or lengthening) an open season for the purposes of subclause (1) for any particular species of animal for a particular year if the Regulatory Authority is satisfied that it is necessary or desirable to do so because of concerns relating to animal welfare, environmental factors (such as bushfires) or such other matters as the Regulatory Authority considers relevant.
- (3) This clause does not apply to a commercial hunter or professional hunter.

6 Using spotlights or electronic devices for hunting deer prohibited

- (1) A person must not use any of the following to hunt deer—
 - (a) a spotlight or other source of artificial light (including an infrared device),

9 Use of baits, lures and decoys for hunting certain game

(1) A person must not hunt a game animal to which this Part applies, or cause, permit or assist in the hunting of that animal, using any bait, lure, decoy or live animal to attract the game animal.

(2) Subclause (1) does not apply to a decoy made or constructed to resemble or represent a game bird or any call resembling the call of a game bird or deer.

(3) For the purposes of this clause, a planted crop does not constitute a bait or lure.

(4) This clause does not apply to a professional hunter.

10 Hunting certain game at night prohibited

(1) A person must not hunt a game animal to which this Part applies during the period commencing 30 minutes after sunset on any day and ending 30 minutes before sunrise on the next day.

- (1) If the holder of a game hunting licence (the **hunter**) has obtained the permission of the holder of a native game bird management licence (the **licence holder**) to kill native game birds on the licence holder's land, the hunter must—
 - (a) comply with any requirement imposed by the licence holder as a condition of the permission to kill native game birds on that land, including the number or species of native game birds that may be killed by the hunter, and

Note—

Quotas are set under section 32D of the Act for the number or species of native game birds that may be killed under the authority conferred by a native game bird management licence held by the owner or occupier of land and these quotas are enforced by way of licence conditions imposed on that licence holder by the Regulatory Authority.

- (b) comply with any other reasonable direction given to the hunter by the licence holder in relation to the killing of native game birds on that land.
 - (c) (Repealed)
- (2) This clause does not limit any of the other conditions to which a game hunting licence is subject.

(Note to clause 18 (1))

Note—

This Schedule contains the mandatory provisions of the code of practice for holders of game hunting licences under section 24 of the Act. The mandatory provisions only apply to the holders of game hunting licences.

1 Awareness of relevant legislation

It is the responsibility of the holder of a game hunting licence to be aware of and comply with all relevant provisions of legislation relating to hunting, animal welfare and the use of firearms.

2 Safe handling of firearms

Where firearms are used, the rules for safe handling set out in the *NSW Firearms Safety Awareness Handbook* published by or under the authority of the Commissioner of Police must be complied with at all times.

3 Permission required to enter land

A game hunting licence does not automatically authorise the holder of the licence to hunt on any land. The holder of a game hunting licence must not hunt on any land without the express authority of the occupier of the land.

4 Target identification and safety

A game animal must not be fired at unless it can be clearly seen and identified, and the shot when taken poses no discernible risk of injury to any person or significant damage to any property.

5 Obligation to avoid suffering

An animal being hunted must not be inflicted with unnecessary pain. To achieve the aim of delivering a humane death to the hunted animal—

- (a) it must be targeted so that a humane kill is likely, and
- (b) it must be shot within the reasonably accepted killing range of the firearm and

ammunition or bow and arrow being used, and

- (c) the firearm and ammunition, bow and arrow, or other thing used must be such as can reasonably be expected to humanely kill an animal of the target species.

6 Lactating females with dependent young

If a lactating female is killed, every reasonable effort must be made to locate and humanely kill any dependent young.

7 Wounded animals

If an animal is wounded, the hunter must take all reasonable steps to locate it, so that it can be killed quickly and humanely.

8 Use of dogs

Dogs and other animals may be used to assist hunters but only if—
